achieve, and her complete faith in God enabled her to live seven months more when she could no longer swallow food she drank raw vegetable and fruit juices, by pushing a tube down her throat and obtaining nourishment directly into her stomach. She began to lose the use of her left arm and her neck, yet she continued to play the organ at every church service. Her only means of communicating was writing with her right hand. The writing was firm and reflected her inner strength and the will to live.  
 But this, too, was almost taken away, just one week prior to her death, when she lost her balance and fell on her right arm. Strength began to ebb faster from her body, and on the night of April 6, she was taken to the Sayre General Hospital, where she passed peacefully away in her sleep at 6:50 on the morning of April 7.

The inspiration that she gave throughout her life, and most especially during her illness, was reflected by the many people who attended her funeral service, and the indescribable beauty of it all.  
 Crystal was truly a Way Shower, a special emissary of God, and she will live on in the lives of all those she touched as she passed our way. An angel walked among us and she was the perfection that her name implied.  
 Survivors include her husband, O.K. Henson, teacher at Sweetwater; a Carolyn Jones, teacher at Carnegie; two sons, Dennis attending OSU in Veterinary Medicine at Stillwater, and Gregory attending Okmulgee Tech in Auto Mechanics.  
 She is also survived by her parents, Mr. and Mrs. Levi Fowler of Sweetwater; four sisters, B anche Barrymore, Oklahoma City, Lova Ringley, Bradford, Pennsylvania, Peggy Bryant, Kelton, Texas, and Patsy Gibson, Guymon; two brothers, E.L. Fowler, Jr. Sweetwater and Jimmy Fowler of Spearman, Texas.  
 Pall bearers were J.B. Barham, Gerald Tipton, Raymond Pickering, Lonnie Kelly, Edmond Logan, and Olin Nabors. Horary pall bearers were Bill Tipton, Rhone Nix, Sam LeGrand, Jr., J. H. Anderson, Roy Holland, and Leonard Bryan.  
 Burial was in the Mulberry Cemetery with the Fatherebert, Albert Funeral Home in charge of arrangements.

 A lovely affair in the home of Mrs. Leon Fillingim was a pre-nuptial shower for Mary Drew and Mike Gandy. The serving table was glittering with its white cloth, crystal and silver appointments and a centerpiece of white summer dahlias. Guests came and went, chatted and laughed, seeming to leave all cares outside. The charming hostesses were all about, greeting and serving, helping at the guest book and at gift display. These hostesses were Mesdames Fillingim, Pete Burton, Fred Wood, Preston Glazner, Boyce Farris, Nelson Porter, Mary Finsterwald, Vida Brown, Gordon Whitener and Carroll Adams. The honoree, Miss Drew, is now teaching at Lockney. Mrs. Donald Gandy and children of Panhandle attended the party.  
 Mrs. O. Nation has returned home after a two week stay with her son Alton, and family in Oklahoma, City. She reports that Alton seems to have made a bit of improvement.  
 Reba Wofford enjoyed having as guests on the week end her friends Mildred Isaac and Eve Garner of Amarillo. Both the women work at Northwest Texas Hospital, so I am sure they enjoyed a bit of quiet country serenity. Judy Whitener of Spearman visited with her mother, Odessa Whitener and brother James on the week end.

The reception was held in the church parlor. The cake was white with pastel flowers made by the bride. Sonja Kay Stanley of Amarillo, Sammie Jean Putts of Amarillo and also Janet Lynn Smoot assisted at the punch bowl and served cake.

The new address of the couple will be at White Deer, Texas.

**NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES**

NOTICE IS HEREBY GIVEN, that IRVING P. KRICK, INCORPORATED, OF TEXAS, of Suite 216, 611 S. Palm Canyon Drive, Palm Springs, California, 92262, who holds License No. 78-4 of the State of Texas, is now applying for a permit to engage in operations and to locate ground-based generators for operational purposes in certain counties of the State of Texas on behalf of farmers and ranchers located in the State of Oklahoma and for the purpose of augmenting precipitation within said area of Oklahoma. These operations shall be by means of ground generators as follows:

1. Area in which equipment will be operated is the following: Counties in Texas consisting of: Dallam, Lipscomb, Hartsford, Roberts, Hemphill, Ochiltree, Moore, and Wheeler.
2. The target area will be the farm and ranch lands within counties in the State of Oklahoma consisting of: Texas, Beaver, Harper, Woodward, Ellis, Custer, Washita, and Kiowa.
3. The areas adjacent to target area which may be subject to the effects of the operation are within the State of Oklahoma and in general within 15 to 20 miles of the target area. The maximum intentional effect is in the target, but some downward effect may occur in Oklahoma mostly to the immediate northeast of the target. There would be no significant effect in Texas from the operation of any of these proposed generators. It is important to note that this notice is simply to apply for permission to install generators in Texas, not to increase rainfall in Texas, and for the sole purpose of increasing rainfall in the target area located in the State of Oklahoma.
4. The materials and methods to be used in conducting the operation are silver iodide electric arc (Model 1780) ground-based generators that have an output of an optimum amount of 0.5 grams per hour per generator.
5. Person who will be in charge of operations is Mr. Newton C. Stone.
6. The operations will be performed in the State of Oklahoma for the following clients: Henry C. Elitch Ranch, Inc., Beaver County Weather, Inc., Harper County Weather, Inc., Woodward County Cloudseeders Assn., Custer County Weather Assn., Washita County Weather Modification Assn., and Kiowa County Weather Modification Assn.

The operation will extend during the period beginning around 6 June 1973 and continue through 5 June 1974. Individuals, organizations, or agencies who consider that their interest will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following:
