FINAL "CASH" DRAWING WINNERS

CWE CHAT WITH EDITOR
By Louis C. Stas

HAPPY NEW YEAR to each of you. May the new year bring each of you health and happiness.

The community was generous and the 'Toys for Tots' project went well. It is hoped no one was missed.

1990 is to be an election year and it looks like we are going to have some interesting races.

Mrs. Guthrie had her Christmas plans changed. She went into the hospital on Friday, but is now on the road to recovery.

Once again we returned home to find no new pickup sitting in our driveway. It was in the driveway next door at the time. Rusty Phipp was visiting his grandparents, the Heides. Had my hopes up for a short time.

And I didn't win the TV the Lion's club gave away either. It went to Gale Rowley. Margaret Kuntz was quite proud of the fact that she had sold the winning ticket.

Bronson Valencia had his name drawn for the giant stocking at Hyland's Saturday. The lady's watch went to Cuba Mann and the man's watch went to Mary Franklin.

It definitely was not my year to win anything, as they didn't even draw my name at the drawing Saturday—I was not there.

I understand the Panhandle Thriftway stores are going to have a promotion and give away a new car each week for the next 13 weeks. Surely one of those has my name on it.

Let it be known that after six long years, Mona Jennings had finally received her diploma. She received her Bachelor of Science from Texas Tech in Physical Education a couple of weeks ago. We are proud of you, Mona.

I notice we only reported 0.04 inches of moisture for December last year. The story this year isn't much different. We have had the ground covered a few times, but the moisture only adds up to 0.32 inches.

Cold temperatures are another story. It got cold last week. Just look at the weather for that information. Fortunately we did not have any ambulance runs that required us being out in the weather for any period of time.

Speaking of ambulance runs, I hope the trend is broken. My making Wednesday morning runs are out—in most cases, because that is a busy time for me. We have had runs for the past three Wednesday mornings and I have left Patricia and Marie in a 'tither' each time.

The Stas family plus Liz traveled to Oklahoma to spend the holidays, leaving Friday morning. Each year I question if we are going to get everything in the 'Champaign Lady' that we have to take. With a little pressure on the trunk lid, it closed; it is sort of like closing an overpacked suitcase. So you will get the full story, we usually have to unpack and pack at least twice.

The weather was cooperative with us, but not so with Cathi. She went to the airport in Houston early, because it was sleeting and she wanted to get there before the roads got bad. She spent most of Friday in the cold airport and arrived two hours late in Oklahoma City. We were worried for a while that she wasn't going to make it.

If the weather continues to cooperate, we are scheduled to have company this weekend. The son and family are going to be here to see the arrival of the '90's. As one of the cartoons said, "I haven't read '1984' yet."

The fourth and final of the annual Wheeler Chamber of Commerce "Cash" Drawings was held Saturday, Dec. 23. A large crowd gathered on the west side of the square for the event. Immediately following the Chamber drawing, the Wheeler Lions Club held a drawing to give away a Color TV.

Seven people shared the \$400 given away by the progressive Wheeler merchants and business men. The money was divided into 4-\$25 envelopes, 2-\$50 envelopes and 2-\$100 envelopes.

With each of the tickets drawn, except one, someone stepped forward to claim their winnings. P.D. Topper was not there to claim his winnings.

First to be given away were the \$25 envelopes. These were given to Melanie Reeves, Jim Johnson, Gwen Wilson, and Kellie McNeil.

Claiming their \$50 envelopes of "cash" were Elva Wood and Clay

Walser. The two \$100 "cash" envelopes went to Travis Stevens and Mary Franklin.

The Wheeler Lions Club then held the drawing to determine the winner of the color T.V.. Money raised

through the sale of the chances on the T.V. went to the Lions' Club project fund. The winning ticket drawn belonged to Gail Rowley.

Once again, "Thanks" to those who helped organize the drawing, those who helped each week to see that everything was ready, the merchants and individuals, who each year sponsor the drawing and most of all to YOU, the people who shop in Wheeler—it is your support and patronization which makes it all possible.

Lyndon Loyd announced the drawing on Saturday, Bobby McCain handed out the "cash" and John David Wright and Donald Finsterwald managed the hopper and drew the tickets. Thanks to everyone.

About Our Schools By Dave Summers, Supt. Mobeetie I.S.D. GOOD NUTRITION HELPS STUDENTS FIND SUCCESS IN SCHOOL

Many would not consider the school lunch program to be a significant factor in the quest of a school's mission. However, differences in the behavior of students before and after eating suggest that food does more than fill students' stomachs, it enables them to learn. Therefore, taking a close look at the school lunch program is the first step to understanding the importance of good nutrition in ensuring student success in school.

From watching the school food service in action, it is obvious that the student's are eating and enjoying the meals. This is partly because some schools have student groups appointed by the student body to help plan the menus, thus giving the students a say in some school decisions. And by including students in the planning of the menus, schools are teaching them about nutrition and eating well.

Hunger is a primary motive of human behavior. If students leave home in the morning without eating breakfast, they will have a difficult time learning during the morning hours. A school lunch can help them last through the rest of the day. If a student cannot afford the lunch, there are possibilities of his or her receiving reduced-cost or free lunches.

Studies have shown that there are many undernourished students in schools. Many students do not consume enough milk, are lacking sufficient protein, and do not eat necessary amounts of fruits and vegetables. Schools have realized this, and so in 1946, Congress created the School Lunch Program as "a measure of national security to safeguard the health and well-being of the nation's children." Most schools participate in this USDA-sponsored program which guarantees nutritional benefits for children.

The school lunchtime can also provide a healthy social aspect to the student's growth. In school the intense activities of teaching and learning are very demanding. Lunchtime provides a healthy break for all. This break is a planned and supervised activity. Relationships with peer can develop, and give opportunities for the students to mature. Learning to deal with peers in a different setting is an excellent life-building skill.

Educators often use this time to observe and to gather a great deal of information about students. By observing the eating patterns and habits of students, they can diagnose some difficulties a student may be having within another environment. Occasionally, within a classroom these problems will go unnoticed, but lunchtime may provide vital information needed for motivating a student to learn.

Schools are a complex component of the community. All of us should be aware of how valuable the school lunch program is in enhancing a student's education. We should participate whenever possible and encourage our own children to enjoy their healthy lunches.

PARENTS SHOULD CONSIDER ALTERNATIVES TO SPANKING

With the high incidence of child abuse in Texas (some 68,000 reported cases in 1989), people are extremely sensitive to the behavior of parents with their children in such places as the grocery store, church or other public places. Child abuse prevention agencies are examining preferred alternatives to spanking as a way to help parents in the demanding role of disciplining and guiding their children. Spanking is usually associated with parental anger or frustration and has been proved to teach the child that hitting is an acceptable form of response when he/she is angry or frustrated.

The family Information Services (1989) suggest ways to help parents respond positively to their children's needs or wants in the grocery store instead of spanking, hitting, or yelling. Some pro-active approaches to making grocery shopping a positive experience for both parents and child

are:

1. Discuss rules before entering the store. Let your child know that there will be no junk foods purchases, but that your child can select one acceptable item if he/she remembers the rules.
2. Bring a nutritious snack for your child to eat during the shopping trip (raisins, cut-up apples, nuts).
3. Bring a story or coloring book, tablet and pencil for entertainment, or a blanket or toy to help him/her feel secure while shopping.
4. Engage your child in conversation, teaching him/her to make decisions, watch, listen and think.
5. Arrange shopping trips when the child is rested and recently fed.
6. Sing songs with your child. Make up a "grocery store" song.
7. Make a game of shopping; Ask: "Who can see the potatoes first?" ... "Do you remember what animal bacon comes from?"
8. Tell the child ahead of time that if he/she behaves, you will stop at the park, play a game or have a nutritious snack when you get home. Be sure you reinforce this promise only if the child obeys. Make the consequences of misbehavior the removal of the privilege. ...not hitting or yelling.

Ain't It The Truth

By Ab Gunter

"Hope you can read this, cold out here on the porch that I am always bragging on. It is -10 degrees outside and the winds is blowing so it ain't summertime where I am sitting.

Merry Christmas and a Happy New Year to everyone and we mean it from our hearts. The ground is covered with snow and the little birds have feed in the feeders and it really looks like Christmas even though we ain't sent one Christmas Card as you can see. We hope that all will take this as a personal greeting as we are thinking of Opal Hutchinson, the Hamptons and yes you Dick and family and Bus and Myrt and Shorty and Sally and I ain't forgettin Nick Stedman and his fishin buddies.

Over the years I have wondered just what is Christmas and I have always felt it is the love of our neighbors and of one another and that means more than any other thing. I have seen this love from one to the other in hundreds of ways and so have you. I

guess the biggest notice of Love is when someones home burns or a death or maybe an illness where everyone comes to your side and will remain there till you are partially recovered but just notice the daily Christmas feeling from one neighbor to the other or even some stranger that you pass on the street or the road, to me that is exactly what The Good Lord wants us to do and I see it with all of you where ever you are. Yep that is what Christmas is all about.

The other nite Mama wanted our neighbors to come and break bread with us and they did, Mama had too darn much bread and all them other goodies and everyone enjoyed the visit but they all went home with the bellyache and we went to bed with the same. It was fun just visiting and we tried to get our young preacher to play the ole guitar (the one that Johnny and Jewel Reed gave Benita) but he was more interested in the cookies and other victuals.

Guess I better get this to the P.O. as the hour is late.
Love to all, Ab and Benita, see you next week.
