Free & Reduced Meals For Children

& Breakfast Program Each school or the central office has a copy of the policy, which may be reviewed by any interested

party. The household size and income criteria identified below will be used to determine eligibility for free and reduced-price benefits. Children from households whose income is at or below the levels shown are eligible for free or reduced-price meals. Foster children who are the legal responsibility of a welfare agency or court may also be eligible for benefits regardless of the income of the household with whom they reside. Eligibility for the foster child is

based on the child's income. Application forms are being distributed to all households with a letter informing households of the availability of free and reducedprice meals for their children. Applications also are available at the principal's office in each school. To apply for free and reduced-price meals, households must fill out the application and return it to the school. Applications may be submitted anytime during the school year. The information households provide on the application will be used for the purpose of determining eligibility and verification of data. Applications may be verified by the school officials at any time

during the school year. For school officials to determine eligibility for free and reducedprice benefits, households receiving Food Stamps/Temporary Assistance for Needy Families (TANF) only have to list their child's name and food stamp or TANF case number. An adult household member must sign the application.

Households that do not list a Food Stamp/TANF case number must list the names of all household members, the amount and source of the income received by each household member, and the

If the adult duced-price meals for children who signs the application does not served under the National Lunch have a Social Security number, the household member must indicate that a Social Security number is not available by writing the word "None," "No Number," or some indication that the person does not have a Social Security number. The application must be signed by

an adult household member. Under the provisions of the free and reduced-price meal policy, Gayle Lewallen at Wheeler and -at Ft. Elliott will review applications and determine eligibility. Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the reviewing official on an informal basis. Parents wishing to make a formal appeal for a hearing on the decision may make a request either orally or in writing to

Alton Ray Bryant Services Aug. 20 Alton Ray Bryant, 68, Allison, Texas, died August 17, 2007, in Oklahoma City, Oklahoma.

Funeral services were held at 10:30 a.m., Monday, August 20, 2007, in the First Baptist Church, Allison, Texas, with Rev. Bill Stiles, Pastor, officiating. Burial will be in the Zybach Cemetery in Allison, under the direction of Wright Funeral Home, Wheeler, Texas.

Mr. Bryant was born May 8, 1939, in Stanton, Texas, to Alvey and Virginia Yates Bryant. He married Judith Adams on September 26, 1958, in Midland, Texas.

The View of a Southern Woman

... Southern California that is.

This has been another very busy week with a lot going on. First of all, our son-in-law, Ron Durham, called from Spring Creek, Nevada (near Elko) and said he is the new school Chief of Police. Now Ron just retired 4 years ago after a long and successful law enforcement career in Fresno and Los Angeles, CA., and I thought he was hanging up his gun for good - except in deer hunting season. He did say he thought he might have retired too soon, although I did not know that was possible; my idea of life was to work, save money and retire as soon as possible! Anyway, they could not have picked a better qualified man for the job. We are proud of him.

On August 15, my sister-in-law, Louise Boydston, welcomed into the family two-not one, but twogreat-granddaughters on the same day. MaKenna Jade is the new daughter of Sabrina Dupont and Allison McKaylon will call Michelle Phillips her mom. Both babies entered this world miles apart in Texas and Arizona. Glenn Forrest Frosty and I happened to be in Amarillo when we got the call that MaKenna Jade was born, so we got to see her and Sabrina in the hospital before we left for

The rain has been wonderful for us but not so for others. Our children in Binger, OK. called to say their roads and bridges are washed out and lakes are flooded over. Robby's Uncle Roy lost the hay he had just baled and many of his cattle are gone. Robby and SaRita said it was a hurricane that lasted for almost 2 hours during the night. They are now isolated in their country home. Looks like it will be a while before things are normal there.

Glenn came home from the farm the other day and said there was a baby vulture in the old farm house bathtub. Now this old house has no roof on it and not much floor left, so it is open to the elements and wildlife. He was looking for something when he heard a noise in the old bathtub so he looked in and the baby vulture threw up which is their only defense. Glenn said it really reeked and he had to leave. In the next breath, he asked me if I wanted to go see it. I am not sure if it was the baby vulture or the smelly stuff he wanted me to see. I told him that I would not drive 5 miles to see either and who was going to clean out the tub? A few days later as we were leaving the farm, he backed up and got out of the truck and ask if I wanted to see the baby vulture in the bathtub...my answer was still "NO." The next night, he shot the armadillo that has been keeping Nelda Dukes awake at night. She has been pestered by that animal and has to replant her flower beds each morning after he rearranged them. It used to shake me up when I heard gun shots during the night. Now, I know it is Glenn ridding us of dangerous or unwanted pests.

I have been worried about the situation with Henry and young Silver, my two roosters. I told Glenn he needed to build another yard for Silver as he was now crowing and I could see trouble brewing between the two. Well, my roosters solved the problem without my help. Henry gave Goldie and Lady, the two less de-(Continued Page 6) She preceded him in death on April 23, 2007. He graduated from Sul Ross University and taught school In Garden City, Texas and Levelland, Texas, prior to beginning to work for the U.S. Forest Service, retiring in 1996. He had lived in Allison the past 6 Ω years, moving there from Tucumcari, New Mexico. He was a member of the First Baptist Church in Allison.

> Parkview Artery **Back To School**

Well it's that time again. The days of summer are slowly coming to a halt. And our thoughts are gearing up for School. When sending your child or children back, parents are always concerned about their safety. From riding the bus, to walking, to the kind of activities they are involved in.

One of the most important things we can do for our kids is to make sure that have all their immunizations. Immunization is a proven tool for controlling and even eradicating disease.

Vaccinating your children against preventable diseases is one of the most important things a parent or caregiver can do for a child. We want to remind everyone that this is one way you can contribute to making Texas a safer and healthier state in which to live, work and travel.

Vaccines - which protect against disease by inducing immunity - are widely and routinely administered around the world based on the common-sense principle that it is better to keep people from falling ill than to treat them once they are ill. Suffering, disability, and death are avoided. Immunization averted about two million deaths in 2005.

I know there are many parents concerned about the side effects of immunizations.

Despite concerns about vaccine safety, vaccination is safer than accepting the risks for the diseases these vaccines prevent. Unless a disease has been eradicated (e.g., smallpox), failure to vaccinate increases the risks to both the individual and

society. And if you think you cannot afford to get you child the immunizations they need, all you have to do in this to contact your local school and they are more than willing to help. Before vaccines were developed, thousands of babies and children suffered from life-threatening diseases each year; today, thanks to vaccines, millions of children are protected from these diseases. The important thing to remember is that the benefits of vaccination are much greater than the risks of not vaccinating.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to all for your kindness expressed with cards, letters and phone calls. Mom appreciated each and every contact from home. A special thanks to Parkview Home Health for your attention and care before we moved. To the ladies of the Wheeler United Methodist Church who prepared and served dinner for our family. To all who sent flowers and memorials in mom's name, a real special thanks.

McLean Home Health Agency Relocated

McLean Home Health Agency has moved to a new location! "In our 15th year in business, the move is like a breath of fresh air," says Dan Fish, Administrator/CEO of the company. "We've always wanted a 'storefront' office location downtown," Dan continues, "so when we got the opportunity to purchase our new building from Linda Haynes, we jumped right on

McLean Home Health Agency began business in October of 1992 at 411 Commerce Street in McLean, Texas. In 1993, the agency moved its offices to 603 N. Grove Street, where they have conducted business for the past 14 years. McLean Home Health is a Medicare/Medicaid-certified home health agency licensed by the Texas Department of Aging and Disability Services as a Home and Community Support Services Agency. The company provides skilled nurses (RNs and LVNs), Home Health Aides, Physical and Occupational Therapists and medical supplies to patients in their homes. The business has been family-owned and operated since its inception by the Swanson and Fish families of McLean and Alanreed, Texas.

"We strive to build and maintain excellent relationshipS with area physicians and physician assistants, their staffs and hospital discharge planners," says Dan Fish. "I attribute our success and length of time in business (in an industry where many have come and gone) to my hard-working staff. They display, each and every one of them, a caring attitude and a commitment to quality care. I depend on them more than they know."

McLean Home Health's patient care staff includes: Lynn Swanson, RN/Director of Nursing; Aimee Burrell, LVN; Cami Ellison, LVN; Tammy Johnston, HHA; Sharon Wright, HHA; and Lacy Poole, HHA. Office Personnel are: Dan Fish, Administrator/CEO; Sasha Fish, Office Manager; Larry Swanson, CFO; and Ryan Swanson, Assistant Greenskeeper. The agency contracts with Panhandle Rehabilitation Specialists (PRS), Pampa Ortho and Rehab (POR) and Debbie Doebele, RPT for physical and occupational therapy services for its patients.

"We're very excited about our move, and I'm more excited about our business than ever," concludes Dan, "We plan to expand our programs and services over the next couple of years, and we are all full of enthusiasm and posi-

tive energy!" McLean Home Health Agency would like to thank the public, our employees, patients and families, business partners for contributing to its success over the years. You can visit the agency and find out more about its programs and services by calling 1-800-873-4842 or stopping by 211 N. Main Street, McLean, Texas.

is doing well (most of the time) since his knee replacement surgery. Enjoying quilting and visiting at Totty School Thursday were Mabel Tabor, Sydney Lynch, Betty Haines, Melba Corcoran, Audrey Seitz and Betty Rogers. They finished Betty Haines' quilt and plan to put Betty Rogers'

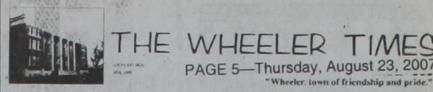

Christmas quilt in next time. Golden Agers met Thursday at Wheeler Baptist Church for good food and good fellowship. Good to have Susan Leffew and Carrie Turner from Home Health come and check our vitals: blood pressure, pulse, oxygen, blood sugar and cholesterol. Thank you! Some others there were Ray and Mae Brazeal, Wesley and Helen Steen, Betty Howard, Marie Baker, Beverly Bryant and grandkids, Sara and Cameron, Ella Mae Wood, Bobbie Sue Baker, Leo Shuler and Verna Fillingim. Betty also read some funnies to make us laugh. Some regulars were out of town. We usually meet on the third Thursday each month for a potluck meal, visiting and program. Visitors always welcome.

I am thankful for the wonderful showers of rain on Thursday, Friday afternoon and Saturday in Wheeler. I had a little over 1Ω inches in my gauge.

Alaskan Cruise Dudley and Velda Miller, Leona Coates and Cledith Burrell took a cruise.

They reported: The Pacific Northwest & Alaska Cruise Tour, Man Tours, Inc., representative met us at the Salt Lake City, UT., baggage claims and transferred us to the hotel. Friday, our tour begins with a very interesting tour of Salt Lake City that included Mormon Square, The Beehive house, Delta Center, Salt Palace Convention Center and the State Capitol. Just outside Salt Lake City, we saw the Great Salt Lake at the base of the beautiful lakeside and Terrace Mountains.

Saturday, we saw West

Yellowstone, Teton National Park and the beautiful Teton Mountains, Teton National Park adjoins Yellowstone where our highlight was seeing Old Faithful gushing hundreds of feet in the air. Sunday was another day in Yellowstone National Park where we saw the canyon area known as the Grand Canyon of Yellowstone, the geothermal features of mammoth hot springs and the beautiful terraces and springs. Our sightseeing included Norris Geyser basin noted for pretty springs and open areas of geysers, vents and fumaroles. We spent the night in Butte, MT., and

then, it on to Spokane, WA. Monday, we traveled through Montana's "Big Sky" country into northern Idaho for a fantastic stop in Coeur d'Alene where Lake Coeur d'Alene is the centerpiece for this resort city and is a very worthwhile stop and wonderful

Tuesday, we went from Spokane to Penticton, British Columbia, where we stopped at the Grand Coulee Dam. Okanogan and Skaha lakes border Penticton.

Wednesday, we went to Vancouver, B.C., to board Holland America Cruise Lines Ms Zaandam enroute to Canada Place Pier, passing through Gastown which is the most historical and interesting part of Vancouver. It's bon voyage as we sail from Vancouver Harbor and under Lion's Gate Bridge to an Alaskan experience.

Thursday, we cruise the inside passage...scenery beyond description shining waves through fjord and sound, past forest and waterfalls, islands and

Friday we visited Juneau, Alaska's capital, nestled at the foot of snow-capped Mt. Juneau and Mt. Roberts. We took a grand tour of Juneau including the Salmon Hatchery, Mendenhall Glacier and saw a mother bear with her two cubs.

We docked at Skagway where the gold rush began on Saturday and purchased tickets for a ride in a vintage Parlor car up the historic White Horse Pass on a narrow gauge railway.

Sunday, we cruised Glacier Bay National Park where we saw great chunks of glaciers falling into the bay...one of Alaska's most impressive natural beauties.

Monday, we visited Ketchikan, the "Salmon Capital of the world" and also home to the world's largest collection of Native American totem poles. We had tickets to the great Alaskan Lumberjack Show (seen on the Travel channel)...very good! We also toured the city by horsedrawn trolley.

We cruised the Inside Passage on our way back to Vancouver, B.C., on Tuesday. We made the most of Holland America's stellar service, spacious Stateroom with a large window, dining varieties and premium cuisine. Each night, we saw a show with singing and dancing at 8:1. Donny Ray Evans not only sang Nat King Cole popular songs, but he looked and sounded like him.

Wednesday, we disembarked the Zaandam; Your Man Tours motor coach was waiting for us and we were off to Seattle.

We passed through Washington's evergreen forests and saw the mighty Cascade Mountains and lumber mills that harvest the nearby forests. We stayed all night in Seattle.

Thursday, it was time to go home...or so we thought. We arrived at the airport at 10:30 a.m. that morning. Our flight was to leave at 12:30, but the plane couldn't leave Houston because of rain. We sat there until 5 p.m.; arrived in Houston at 12 p.m. and our plane had left at 9:15 p.m. We were booked on a flight for 8:30 a.m. Friday, so guess where we spent the night...at the airport.

LAW ENFORCEMENT ACADEMY OFFERS COURSE

The Panhandle Regional Law enforcement Academy (PRLEA) at Amarillo College (AC) is scheduled to begin the 96th Basic Peace Officer Academy on October 15, 2007, through March 21, 2008. This will be a daytime academy held Monday through Friday from 8:00 a.m. to 5:00 p.m.

Anyone interested in applying must take the Accuplacer or Texas Higher Education Assessment (THEA) test at the Amarillo College Assessment Center in the Student Service Center (371-5445) on the AC Washington St. Campus, 2001 S. Washington. After testing is completed, applicants should contact the Criminal Justice Programs Office at 354-6081 to make an appointment for an interview with the Academy Coordinator. The applicant is then sent an Application packet, which must be completed and returned at the time of the interview. Applications will be accepted through September 25, 2007.

This program is designed (under the mandates of the Texas Commission on Law Enforcement Officers Standards and Education—TCLEOSE) for people wishing to pursue careers as police officers, sheriff's deputies, constables, and other law enforcement professions in the state of Texas. Upon completion of the Basic Peace Officer Academy at Amarillo College, recruits must pass the TCLEOSE Basic Peace Officer Exam prior to being hired by a law enforcement agency.
