"Wheeler, town of friendship and pride."

Congratulations to the winners at the Wheeler County Junior Livestock Show. The showing of an animal represents a lot of work on the part of each of the youngsters. It also represents a lot of money.

Thanks to each individual and/or business helping with purchases of the animals. -cwe-

Once again it is time to report the honor rolls for the area schools. Congratulations are extended to each of the students listed.

Congratulations Ann Jones on your recently received recognition.

It is time once again to say 'I'm Sorry'. I typed the cutlines record for the year. Then the just going to have to watch those blanks.

The blanks were not our only mistake last week. We ran a picture of a house in The Smith 3rd SIX WEEKS Agency ad that was the wrong house. The Jones house is not for sale; it is the one next door.

No the paper doesn't look any different this week. The new computer system was not delivered, as we had hoped. The new delivery date is today, Thur-

I certainly hope it arrives, Sis is getting pretty contrary in her old age with all the spacing problems and double letters.

Received calls from two friends of long standing. Ab Gunter called the other day just to say 'Hello' and learn if we had received the picture of the Gunter Hotel he had sent us. It's good to hear from you Ab and keep up with the writing; it is enjoyed by our readers.

Inez Lancaster called to report a delay in the receiving of the 'Times'. We have had a few other similar reports and will get onto the problem. Inez sounds good and her and Lewis are enjoying retirement at Sayre. Notice I didn't say the calls were 'from old friends', Inez.

Certainly would be nice if the weathermen would make the right predictions. Our traveling for the weekend was altered because of the prediction of snow for Saturday night, Sunday and Monday. Next time, if we ignore the prediction, it will come a blizzar-

## Loans To Resume

The Farmers Home Administration (FmHA) expects to resume approval of emergency loans for farmers who have suffered losses from last year's weather disasters in the near future, acting FmHA State Director John E. Kirchhoff said today.

"We know many producers are reaching the point where they have to make decisions on next year's crops, and we are confident we will be able to provide assistance," he said.

"In the meantime, any farmer in a disaster-designated county who feels qualified for an emergency loan is invited tovisit the local FmHA county office and

file an application."

FmHA was forced to temporarily suspend final approval of emergency loans because of a provision in the 1990 farm bill which, in the end, will benefit farmers and ranchers.

Under FmHA's regular statutory authority, farmers must have crop insurance, if available, to be eligible for FmHA emergency loans, in most cases. The 1990 farm legislation, signed intolaw on November 28, waived that provision for loans based on losses on 1990 crops.

"Whenever there is a change in our statutory authority, our regulations have to be changed to match up," Kirchhoff said. "I am informed that the regulation change waiving the insurance requirement is now in final clearance in Washington."

He said applications are being accepted and can be processed up to the point of final approval. To assist in the timely processing of applications, any farmer, in a disaster-designated county who feels qualified for an emergency loan is encouraged to file a completed application with the County Supervisor as soon as possible.

"I have been assured that we will be notified immediately when the regulation change has been published in the Federal Register, and loans can then be given final approval without further delay," he said. "We can and we will help our Texas producers with their credit needs.

Tolene started down here vesterday Tuesday, she did not get to the highway till her car quit. It was after 3 before George got up there got the car going and got her and car both home - think she is coming in a 4-wheel, brakes, etc. sure hated to see just Tolene and little girl Annette coming.

Helen and Nelson says we are slicker this morning than any other morning.

I told Tolene not to come today, Nelson told her it was to get to 34 degrees today-I don't trust the weather reports.

Helen was coming down the Zybach hill south of here, she kept going, first time she was unable to turn, north.

Bobby James was to board a plane or ship today to go to Saudia Arabia. He has a wife and two little girls. Bobby's a mechanic, he works on planes; he is in the air force. One consolation, his wife, April, has her Dad, Mother, brother sisters there close.

Bobby wanted Garry to come out there before he left; Garry could not.

Correction: Dewayne and Wanda Lane are the proud parents of a new baby boy. Sorry I made that mistake; just was not thinking what I put down.

Tolene and Annette got here around 5 P.M. Thursday. They made it pretty good till they got to Clayton, N.M. They hit fog and snow. They spent last night with Ted and Paulene at Dumas. Got around 8 inches of snow, Billy said last night.

Thursday 17; Tolene and Annette went home yesterday, Wednesday. She was sick all time she was here with asthma. Sure hated to see her start home. She was so low on breath; just before she left. George called, said 2 inches snow on the ground and still snowing. But they started.

At 10 last night, I could not wait any longer, I started ringing on the phone. No answer, just that answering service. I called till 12:30 midnight. I talked to an operator in Denver and asked her how deep was the snow. She said around 6 inches. I went to sleep worrying; tried to get Debby and Deanna-I dialed through operator, said guess it was on information. I decided my phone numbers were too old. I called information; this operator both numbers were unlisted-not open for public. I told her I was the grandma; I was trying to find their mother-no luck. I let her sleep if she was home till 10 a.m. this morning Thurs. called-they were at home and I did not find out any details. They got home after 12:30 I know. So glad she got home; she can breath better up there.

Sorry I did not get any news in this week. I was coughing and nose running, first time in I can't remember.

Helen came out yesterday; she had it said she got it from us. Avis said they had a big and little bottle of oxygen. Wish we had known that Hoyle's small bottle was almost empty-a little helped her.

Thursday evening, sun is out, bright. No snow in sight. Well. found out Tolene went to

sleep this side of Raton, N.M. ever since she has been here. home this morning. She was so Friday night.

It's rather pretty up there. about the same.

#### in't It The Truth By Ab Gunter

A couple of nights ago the phone rang and I answered it. The party on the other end said "Guess who it is" was a lady's voice and I couldn't imagine who in the world it was. The party said "It's Daphne", well the only Daphne we knew lived in Quesland, Australia and the voice sounded next door. I said Daph, where in the heck are you, she said " at home". Well, I knew Australia was a long way south west of Mobeetie and didn't figer

we had telephone lines strung that far SW. Was a lot of fun talking to Daph and Geoff, her husband, and finding out they were basking in the sun and we wuz freezin our buns off in about 10 degree weather with

In our life time so many things have changed. I can remember when it was a problem

to call Shamrock if the sand wuz blowin very bad and many times the line was down er your batteries in the phone were weak and now I recon we could talk to the moon. We still have the wall phone that hung in the living room at the Gunter Hotel. Our number was 18 and the telephone girls had to connect you to the party you wished to speak with. If it was a rural call you usually had more than one person on the phone. Maybe not tallking but listenin to whatever gossip they could get. I can still remember the girls that ran the telephone office and how helpful they were when you couldn't hear well or in need of the Doc er maybe the Fire boys. I recon will always miss Neva and Lucille to help or tell you what

I'm sittin here in one of the old telephone girls chair (it's from Ruidoso, N.M. bout 75 years old) and I'm writing on one of these Jap electric typewriters and listenin to some soap opera on T.V. I'm not sure we're not as well off as we were sittin by the radio listening to the Amos and Andy Show er listening to the Lucky Strike Hit Parade with the ole coal stove keepin us warm.

Enjoyed the visit, better get ready for some homemade chili Mama is warmin up.

Love all of you, Ab and Mama
