## CWE CHAT WITH EDITOR

By Louis C. Stas

The Ex-Student & Teacher reunion is just about here; one more weekend before June 8. The officers are still at work making final preparations. Don't you need to schedule a party to honor your class or the class or classes of your offspring?

—cwe—  
Don't forget, you local residence are the unofficial hosts for this gathering. **Plan to be at the reunion!**

—cwe—  
Graduation is over, school is out and "summer vacation" is underway.

—cwe—  
The Chemical Free Party, "Project Graduation" was a success.

—cwe—  
It was called to my attention that I had not run the picture, welcoming Turbo's. I found the picture, so it should be in the paper this week.

—cwe—  
We traveled to Cleveland, Texas (next to Houston) over the weekend for the wedding of Monty Kinnard and Stacie Kailikapuonono. They tied the knot in style. We wish them health and happiness.

—cwe—  
We left on our journey Friday morning at 6:15. We stopped in Hamilton to visit the Elmores, Melvin and Lenora. They haven't changed a bit, if anything, they look younger.

—cwe—  
A Testimonial: We filled the Silhouette with gas in Hamilton and continued on our journey. Fifty some miles down the road over two railroad tracks, through three towns, over hills and around sharp curves on Texas' back roads, a trucker motioned that something was wrong at the rear of the vehicle. I stopped and found the gas tank cap sitting where I had placed it on the flat surface in front of the back bumper.

—cwe—  
We stopped in Huntsville to dine with Cathi for the evening meal. Friday was her last day at her job in Houston, she began a new at Sam Houston University Tuesday.

—cwe—  
We arrived in Cleveland some 14 hours after leaving Wheeler, traveling around 650 miles. After the 11:00 A.M. wedding, we loaded into the Silhouette and started the journey back.

—cwe—  
We arrived in Sherman around 6 p.m. and spent the night with Ronal Wayne, Juanita, Ronal Jr., and Jessica.

—cwe—  
At this point I should give a testimonial for front wheel drive. I backed off Ronal Wayne's drive and "rocked the boat". As soon as the left front tire touched the ground, we pulled right out.

—cwe—  
We arrived in Hinton Sunday evening and spent the night before returning to Wheeler Monday afternoon.

—cwe—  
Making the trip were Barbara, Jennifer, Liz and I. We left Mother Stas in the capable hands of Mona Guinn and Elsie Glazner; I think they played dominoes all weekend.

—cwe—  
I have been meaning to mention that the Park certainly does look nice. The mowing is being done by the Marshall boys, Darrell, Mack and Mark.

—cwe—  
Remember, schedule that party for the weekend of the reunion. But, most important, all you local Exes, BE THERE!

—cwe—  
It seems I failed to mention a birthday. A little late, but Happy Birthday, Forrest Lee.

As soon as it stops, we start.

When this electrical storm is over, you're going to need quality service more than ever. And GTE will be there. Making sure your telephones weathered the storm.

THE POWER IS ON

Listen to KPDR-FM, 90.5 Wheeler, Texas

Our rain crew has been working too, Wilbert, and we have around 4 inches of rain in the past week or so. Surely is appreciated. Everything is just gorgeous. The larkspur is head high. The white daisies, Indian Blanket, clover, vetch, bluebonnets, poppy thistles, and dandelions make a carpet.

I just let Joe mow in front of the house for fear he'll cut one off. Have a lot of roses, honeysuckle, and trumpet vine.  
The catalpa trees are in full bloom with the mimosa to come. Years ago Ollie Haynes of Leedey gave Joe some Catalpa seedlings. Now we have thirty

foot trees.

Ida Mae Rutherford and Dorothy Varner attended the graduation of Patricia Segura from the Amarillo Nurses college. Mr. and Mrs. Ray Smith went to Okeene to the graduation of their grandson Jason Wagner last week. We received notice that our cousin Bob Haag of Torrance, CA had his Doctor of Divinity degree at the Fuller Theological Seminary.

Some 83 voted in the election about the VoTech deal with 50 for and 33 against. Next election will be the school board runoff between Lynn Hagerman and Darrell Heinsohn.

Our company this week was Tince Thompson of Sayre Sunday. My brother Frank Haag and wife Ruth of North Little Rock came Monday. Cousins Harold and Mary Bollen were out for lunch. We visited the cemetery and Johnny Reeds at Wheeler. Tuesday we visited Aunt Sophia Spencer at the Erick Home, to K-Bobs for lunch, and met the Erick Kitchen Band at the Elk Home. Guess we are getting famous. When we walked in K-Bobs, they asked if the rest of the Band was with us.

The Band went to St. Matthews Wednesday for their Senior Citizen dinner. They sure do have wonderful cooks. Friends George and Lena Nigh were there and managed to dance a waltz even tho they celebrated their 60th anniversary some time ago.

Young Tiffany Farni on the spoons, and Tyler Schneberger, on the tambourine helped the band.

Friday the Band went to Wheeler for another bout of fun. Members out this week were Basil and Billy Doss, Richard Crawford, Roy Swagger, Betty Brothers, Jack Criswell, Joyce Matlock, Margaret Boney, Bess Perkins, Mabel Holland, Margaret Hiller, Rose Abila, Hazel Francis, Lillian Foshee, and we three. Must say Ole Five String caught up this week.

June schedule for the Erick Band is 1st Tuesday, Erick Home. 1st Friday, Bell Home at Elk, 2nd Tuesday, Grand Place, 3rd Tuesday, Elk Home, 4th Tuesday, Hensleys, 4th Friday, Wheeler Care Center. Time 2:30. Visitors welcome. Come out and join the fun.

Jack and Betty attended the Blue Grass festival at Sayre where they met Bobby Clark and Mike Snider of HeeHaw. They went to her niece's graduation at OKC and visited her brother E.W. He is ill and will have surgery at Mayos.

The SW Baptist Bible School was a success with some 50 enrolled. They wound up Friday with a hamburger fry, cookies and all the trim. that reminds me I got in on a special at Wal-marts and bought cookies for a nickel a package!

It was good to see Mr. Hyatt at the Care Center. We missed Lois who was home helping her boy get ready for graduation night.

Scientists are talking of a nuclear winter. Already ashes from the Kuwait burning oil wells are reaching as far away as Hawaii. Back in 1815 a big volcano blew in Indonesia blackening the sky with ash clear around the world. The next year was known as the Year without a Summer. It froze in Boston in July.

The Sweetwater Meridian Homecoming will be Saturday night, July 6, at the Multi Purpose room. Visitation will begin around 6. Alumni President is Peggy Bryant, Vice President is Mike Kahoa, Kathy Heinsohn is secretary. Make plans to attend. It is unfair to the far away folk for the home folk to stay home. If your class is having a reunion, bring them all to

the main homecoming. We want to see how everyone turned out.

How did you like the Delhi tower trading Chicago WGN for Fox 18? I've had some calls about it. No more good ball games! If you want to contact Arnold Cruze, owner the phone is 806-259-2879. Address is Box 397, Memphis, TX 79245.

All the cemeteries look so nice, well mowed and beautiful flowers. Flags over the graves of the veterans. J.E. McGuire, Bunk Tipton, and Wilbert Bryan will put the flags out at Buffalo and Brookside. Woodrow Phillips and Milo Brauchi at Lone Oak. Mary Burch at Wayland, E.L. Fowler at Mulberry, Lester Davis at Dempsey, Woodrow Miller at Mayfield, Lando and Glenn Stewart at Pioneer, Delbert Carnahan, Clifford Kenner, J.O. Johnston at Berlin. Replacements for wornout flags were available from Frank Dean at the REA office. Many thanks to all of these volunteers for their work.

The remodeling of the parsonage at the Sweetwater Baptist Church is completed. Their new pastor Ed Wrather and family of Elk City will be moving in soon.

Ronnie Whipkey of Keyes, and Roger Whipkey of Cleo Springs have been visiting their mother Katie. They will be going to school at Weatherford this summer.

Hortense Madden is home from the hospital. Becky and children are staying with her. Roy T. Shotwell is a patient at the Community Hospital.

I can't see how this free trade will help us. There is no way our farmers and factories can pay \$5 or more an hour and compete with Mexico when their laborers work for \$4 a day. Americans are just human. When they go in a store and the foreign made is \$7.98 and the American is \$39, which do you think they will buy?

J.E. McGuire has been selected as new president of the 100 Meridian Museum at Erick.

We visited in town with Katy Matthews, Elmer and Rhonda Allen. Asked Elmer to join the band but he forgot his guitar. I thought all musicians carried a spare in the car trunk. Ha!

**Here and There**  
By Laura Guthrie

It was only a sunny smile, But it scattered the night. And little it cost in the giving; Like morning light, And made the day worth living. A smile is a natural relaxer for the one who does it, and for the one who sees it. A friend maker, a source of health, comfort and happiness for everyone. Smile! We've all had a long week end. To some it's been very quiet to others it was filled with activity. Some just did an extra days work. I hope

every body enjoyed it. Melinda and Tim Whorton were the ones in our family to celebrate. They drove to the Dallas-Ft. Worth area and reveled in museums, zoos, Six Flags and other activities. However, since they had made no motel reservations, they failed to find all they would have liked for overnight living. Patricia and Ed Forrester spent last week in Dallas. They went down to visit with their son Curtis and wife Sherri, who are making preparations to move into a new home. The house needed a bit of repair and "good ole dad" was right there to do it. Patricia says

she didn't do much work.

The Stas family spent their time in Houston. Of course they visited with their daughter, Cathi. But their real purpose was to attend Monty Kinnard's wedding. Monty worked a good many years as the Editor's "Man-Friday". So he is just one of the family. While the Stas were away, Mother Stas was cared for by Mona Guinn and Eloise Glazner.

But do you know what, I think Phyllis and Henry Kinnard are the ones that are being overworked. Their two boys have married this month and I hear their daughter is planning a wedding soon. Besides, think of the shock. All of your kids breaking away within a few weeks. I do hope the parents do not fall into the syndrome of "the empty nest".

A letter from my sister who lives near Tulia, tells

me they suffered some loss in a tornado about 2 weeks ago. While she tried to make herself comfortable in an inner hall of her home, she heard the wind screech, the trees crash and terrible noise that turned out to be irrigation pipe, rolling itself across the field and wrapping itself around farm machinery. They also lost a windmill and the electric power for several hours. She is grateful however that they didn't loose a house and no one injured.

# BRISCOE NEWS

By Veta Parker

Most of my news was my Parker news with my phone out, I kept thinking it would come on.

Wednesday we are getting some moisture its sprinkling, I don't know how long it has, when Nelson left at 5 he said it had rained some.

Yes I will say (hi to Bob Taylor and his friends in Thialand) hope he got home ok.

We look wet outside this morning May 22.

At 8:30 a big thunder right on top of our house, Jared a little more down seems to be going north.

Just heard Liberal had got 8 inches of rain. Don't think we need that much. Guess they got last night in one. night. They had not got it Sunday. Zetha came from up there yesterday she never mentioned Saturday.

Eunice Edwards looking for Marie and Steve, she got her dinner all done ready to eat, she got 2 nice rains, 1st one over 1 inch last one almost 1 inch. Betti said we got 1/2 inch Friday morning I think it was we got a shower everytime a bad cloud gets close.

Doc has got showers that amounts were 1/10 plus 3/10 plus 7/10 plus 6/10 Betti said our gage said 4/10 since she looked last. That was Friday morning it was our most.

Still and hot outside no wind. 120,000 sq. yard in carpet on the street in Louisiana parade, Indianapolis parade. That parade was a good one.

Cranes migrate 400,000 miles, we got to protect the resting places or they will soon all be gone, there are very few whooping crane now. I use to like to watch the cranes come and go.

T.V. said 200,000 elephants were killed a day for their tusks.

Last Saturday Addie Swift ate supper with Calvin and Leola Stuart at Mobeetie. Addies brother Fred and wife Edith were also there they were way down south forgot name of town, Shannon it was Shannon, Texas, they all were going to Kentucky for a week.

Misty Meadows and Mae Welch went to eye doctor in Pampa. Mae and Mary Hudson went to doctor in Wheeler.

Zetha's grandson my great grandson Darrel Mathes, won 2nd in district track, running for state at Garden City. Graduated Sunday from high school. He is working at the airport at Liberal now, living with Dennis.

Bad cloud south of Clarendon coming northeast at us, 4 p.m. Zetha tore out home got home 35 minutes before it hit pea size hail at first then quarter size was falling, while I was talking to her.

Correction, our phones were out all day Saturday, 18.

My cousin Elton Browder in Amarillo called me this evening, just as I took my receiver up, two cars hit head on in front of his house. They started laying people out on the ground so guess some were hurt.

Sunday morning looks like a beautiful day, a little wind so far, sun looking little warm at 10 a.m.

We are in Tornado watch Friday. Never heard so many thunder storms and tornado watches in my life. It keeps us eye balling the sky. Won't be their fault if we get blown away.

No snow at Tolene and George's lately, Tolene said they proved the fire above them an electronic one. Guess short in a wire.

Little Billy Parker had surgery on his shoulder last Thursday, I called Garry to see how he was doing, he had gone to the lake, W.O.W. with a group Sunday he graduates this year.

Tolene said Mrs. Clark was back in rest home so guess she doing ok. Cut her open to fix a blockage of some kind.

I asked Tolene when was she coming again. She said she just had to think on the other trip. That knocked her thoughts out on coming again.

Wish I could think of something that would be of interest to Bob Taylor of Thialand and his friends.

51 tornadoes in Kansas one night, hail some where as big as baseballs is 2 things to think on. 16 inches rain at one spot, 50 inches in Hawaii where Jimmy Joe Ault lives. Things I don't care far, at Bangdash, 1000's killed bad bad. We should be thankful we are as well as we are.

At 6 p.m. Sunday it was 96 degrees, hot hot. We are in thunder storm and tornado watch. Sure a bad weather time. I never saw it so bad, been so drv

guess. Nelson put our flowers up here, they could get ruined before tomorrow, they did in the past.

Didn't any of the kids show up but Nelson. He went on to Dumas.

Mary visited Mae this Saturday morning, she was feeling pretty good.

Last night Fat and Wanda ate supper with Kenneth and Brenda Childress in Wheeler. They went to the graduation, Fat and Wanda baby sit.

Everyone is watching far their tornadoes, ones that have a cellar have it made. Wanda said they built 2 big cellars at school when they built the new school house. Now that was a good idea. Wanda and Fat have a big one.

Monday, Helen and Shorty had George and Linda for supper Saturday night. I believe she said Sat. nite. Bettie said Helen wont be out here today, holiday. I said Helen don't get off holidays.

Zetha came down Wednesday she went out side out west of the house there lay a big armadillo laying feet in air, dead as a hammer, and tarpin or turtle which ever you call it the dogs I think were about 3 night killing him. Barked all night, like they had something treed.

Tolene's neighbors up above burned to ground are going to build on same spot, just change the house structure a little. Feel so sorry for them. Think I would leave that mountain top.

Oden and Lois Hudson visited Ray and Pat over weekend ate dinner Saturday and Sunday with them. Lois went to Wheeler visited Margie and B.F. Friday.

Lois said Margie had been in hospital 10 days, she was better we are glad she is better. I had not heard she was sick. Glad Lois and Oden can be down here some.

I finally called Mable and got her, she sounded pretty good, Cliff had took Dorothy to doctor, she was down in her back. Mable's sister Jessie Moore was down visiting over weekend. Eddie Bates just left for Fort Sill. Neta

and Bill and others left last Thursday for Nita's sister funeral at Dallas. Our sympathy goes out to Neta and Bill and all her relatives and friends. I don't have any details on this, another death sad, sad, to give them up.

Mable sounded good, been so long, since I talked to her, wish I could visit her.

Lou Dean and Kenneth are just home from a 3 week visit in Ark. She or they kept Canadian motel from Billie Sue and Stucky went to visit his folks. Dan and Peg North were up for a visit Bob and Deb and Ruby visited on Holiday with step dad was sick.

## Care Center Comments

By Lois

Hope everyone had a safe Memorial Day weekend. Looks like summer is just around the corner.

We're gonna miss all our wonderful bingo and juice cart volunteers for the next 3 months. These ladies are so busy and travel so much. I think they need the summer off after being so good to us the rest of the year. We'll see each of you in the fall. O.K.

Mary Mitchell and Elva Wood were here last week to serve juice. We appreciate them so much. We would like to welcome Novella Vanpool to our group of volunteers. Mrs. Vanpool joined last Tuesday during our regular monthly meeting. We'll put her to work real soon!

We would also like to mention the fact that the Care Center Auxiliary is totally funded on donations made by groups and individuals. We suggest memorials be made to the Wheeler Care Center Auxiliary in the name of whoever. It would be greatly appreciated.

Thank you on behalf of the Auxiliary for the donations by Opal Davidson in the name of Lawrence Aderholt.

We are certainly busy with our art work for Meals on Wheels. We hope everyone enjoys doing them.

Janice Sparlin and Peggy Hunt were here as usual on Wednesday. The First Baptist Church should give these ladies a pat on the back for the hard work they do at the Care Center. They put everything they've got into it and we receive all the benefits.

Our monthly staff meeting was held on Wednesday afternoon. Thank you to Steve Emmert for speaking to our general staff on "Residents Rights", it was very informative and interesting. We appreciate your time.

Our Employee of the Month (June) and Resident of the Month were elected. They were Mr. B.A. Hyatt (E of M) and Martha Schlegel (R of M). Congratulations.

We had a good bingo session last week. Doodie Phillips and Opal Hefley were our regular volunteers Katie and Kim Flanagan and Bill Scales were our drop-in volunteers. Thank you to all who helped out.

I took a short vacation for the rest of the week. Thank you to Cathy Montgomery for helping out in my absence.

Lajune Alexander and Cathy Montgomery took care of popcorn on Thursday. Thank you both.

Thank you to the Hallelujah Squares who were here on Thursday night. They are always a treat.

We were again visited by musical talent on Friday afternoon when the Erick Kitchen Band arrived. We enjoyed them so much.

Novella Vanpool and Vida Brown were here to serve juice and visit a little on Friday afternoon. Thank you both so much.

Thank you to Jackie Lane, B.A. and Carlene Hyatt for providing afternoon services. We appreciate your time very much.

See Ya Next Week, Lois

Wheeler, town of friendship and pride.

Wind blowing pretty wild. Doctor put Billy's arm in sling swing what ever told him not move it. I think he needed to stay in bed not go with a bunch to lake. Probably his class. I know it was tempting.

Mac Purcells mother and dad Gene and Bobbie Purcell came up from Summerfield to Joshua's 8th graduating and Lori high school graduation.

Friday they went to Mac's niece Amy Purcell, Don and Dorene Purcell of Canadian daughter's graduation.

Kenneth and LouDean went to Louisville for a trailer. Hope I got some of this down right, she was talking faster than I was writing.

Frank and Betti Wood visited Doc and Iolene over the weekend.

**From the Minister's Desk:**  
Did you hear about Morris Siegel? Mr. Siegel was a homeless man who was recently found dead an alley in Los Angeles. When his body was discovered, it was lying beside an old shopping cart that supposedly contained all of his worldly goods.

But when Mr. Siegel's family claimed his body, they revealed that he had a bank account that totaled more than two hundred thousand dollars. According to the family, this money was a gift that had been given to Mr. Siegel by his deceased father. But Mr. Siegel refused to accept this gift, choosing to live a life of privation and poverty.

While we recognize the foolishness of the mistake that Mr. Siegel made, many of us are making a similar mistake. This mistake does not involve a monetary gift that someone has given us. Rather it involves a spiritual gift that God offers to us. This gift is plainly described by the Apostle Paul in the third chapter of Romans, saying: "The righteousness of God has been manifested, being witnessed by the Law and the Prophets, even the righteousness of God through faith in Jesus Christ for all those who believe; for there is no distinction; for all have sinned and fall short of the glory of God, being justified as a gift by His grace through the redemption which is in Christ Jesus; whom God displayed publicly as a propitiation in His blood through faith." (verses 21-25)

God offers to us the justification of our sins "—as a gift by His grace through the redemption which is in Christ Jesus—" And as a result of this gift, we can live the abundant life, enjoying such spiritual blessings as the promise of eternal life, the indwelling of the Holy Spirit, and the providential care of God. But before these blessings can be enjoyed, we must accept by an obedient faith the justification of our sins by the substitutionary death of Jesus Christ.

Mr. Siegel made a very foolish mistake. But some of us should not be too critical of him. While Mr. Siegel refused to accept a gift that could have affected his temporal life, some of us are refusing to accept a gift that can affect our spiritual lives.

Lisa Helton and David, Doug Matt and Mark went to a Cook cousins reunion at the Lazy H at Canadian Sunday. Alice Bell Helton's family kids enjoyed the swimming pool and food after church and all had a good time. Correction: Boyce Crownover will only be a junior next year. Quite an honor to get a college scholarship. Will start about June 10 at Amarillo College. Sorry to hear that Andy and Lisa (Jones) Singleton's trailer house at Canyon burned a little was saved. Also Randy was living there at the time and only got himself out with only clothes he had on and lost his

computer and stereo, too. Andy and Lisa were on a little vacation with Lisa's grandmother Underwood at the time. Tuesday our Briscoe High School boys baseball team played a close game with faculty and others think boys were ahead 12 to 10 when Carl Baker hit a home run to bring two others in. David Gilmer also hit a home run that brought three others in for the Broncos. Wave Meek from Carbondale, Illinois has been visiting relatives and friends here. Sunday dinner guests at the home of Roy and Lois Meadows were Wave Meek, Evelyn Meek, J.P. and Martha Meek, Sandra Meek, Eddie and Leta Meadows and Amy and Laura, Wayne Meek and a friend of Wave's named Carl. Nice to have Carl Simpson from Amarillo come by and visit one day.

He had been to the Simpson place. Carl and Earl are getting older and grandkids aren't interested in the farm. They would kinda like to sell it. Mrs. Lela Simpson had been in the hospital with pneumonia but was back at the Care Inn. She will be 98 August 22. We stopped in Paducah Friday morning on our way home from Gail and visited with Mona and Sharon Worley a little while. Attending graduation exercises and awards program for Christian Center Academy at Wheeler Wednesday night were Evelyn Meek and J.P. and Martha Meek. Our visiting preacher Sunday was Scott Porter from Shamrock. Nice to have him and wife Lena Joyce and daughter Amanda out to church and to our house for dinner Sunday. Other dinner guests were Terri and Jodie Crownover and Gaye Hale and Sarah, Elizabeth and David and Terri's dog Ralph. Nice to have Charlie and Edie Phillis and Mike and Christy Phillis all from White Deer come for a visit Saturday afternoon. Also got Mike to clean Miller's out of light fixtures. Then we all went in to Canadian and ate supper at Maxey's 2. Then we went to Canadian graduation and the Phillises visited E.G. and Willa Fillingim. Terri Crownover was a weekend visitor to E.G. and Willa. Also visiting were Tera Hefley and Reagan Meadows. Willis and I enjoyed going to Mobeetie Friday night for graduation. The speeches were good and especially enjoyed the singing of Janet Tatyrek. Girls all looked so pretty and program all good. Enjoyed visiting with people. Big crowd there. Eighth grade had a party afterwards and seniors, a reception. Dean and Georgia Tipps went to Fritch Friday and brought Zachary, Adam and Casey for the weekend. Dick and Ruth Irvine also shared the fun keeping them some. Rich and Connie and Justin from Amarillo also visited and sent on to Foss Lake. Becky and Terry Tipps vacationed at Cimmaron, N.M. to celebrate their wedding anniversary. David and Winnie Gilmer went to Sayre Saturday to the 60th wedding anniversary celebration for Ralph and Maurine Falls. Winnie stayed with Maurine's parents while attending Sayre Junior College. Friday Ruth Irvine was hostess to 65 first graders from Canadian school. They played games and had a picnic

lunch and a treasure hunt and enjoyed the "forest". Willa Fillingim brought some animals over for a little while. There were about 15 other adults there, too. Ray and Pat Hudson enjoyed having most of their family home over the weekend and included Rodney and Keri Hudson and Hayden Tyler from Levelland, Rodney and Cindy Sweet, and Jessie Ray and Christopher Logan from Borger, Sonya Paul from Amarillo and Cheryl home from college at Plainview. Other Saturday and Sunday dinner guests were Ma Mary and Oden and Lois Hudson. So good to have all the kids and grandkids out to church. Beautiful babies. Some from Briscoe going to the Scout camp for Project Graduation Friday night were Davey Gilmer, Mandy Ferguson, Dallas Fillingim, Danny Nelson, Melody and Timm Rodgers, Rhonda Ferguson, Pat Graham and David and Winnie Gilmer. They danced, had prizes, hamburgers, pizza and breakfast and games. Kevin Ratliff got the job with Mid-America at Hobbs, New Mexico. Hooray! He and Pam will be moving around June 7. We wish you luck! Remember Kevin and Pam in your prayers. Karla Murray spent Wednesday night with Heather Ratliff after

graduation. Heather spent Saturday night with Karla at Pampa. Sue Reames aunt Johnny Baker had surgery at Pampa Tuesday to remove a mass in her abdomen. Was not thought to be cancerous. Sue Ratliff and Sue Reames brought her to Sue Reames home in Canadian Sunday. Remember Johnny in your prayers. Walter and Trisha Hand and Monty went to Amarillo Sunday to Funfest and Wonderland Park. Heather Ratliff will be going to Band Camp at Southwestern University at Weatherford, OK, the last part of June. She will be going in to Canadian every day next week for practice. Keith Ratliff will go to summer school for a month at Canadian. We enjoyed meeting Bob and Charleen Carey and Greg, Dustin, Alicia and Dallas Fillingim and Sharleena Graves for supper at Cal's at Erick Monday night. Good to see Greg back from Saudi Arabia, looking so fit. Think he will be working at Hardees in Elk City this summer and go back to college in the fall. Bob is starting a new job Wednesday working for an electric company in Sayre. Pray for Charleen Carey. She has a bad kidney infection. Bob's grandson Patrick was having his tonsils out Tuesday at Sayre. David and Rita Pearson, Lindsey Fillingim, Tammy and Jimmy Maddox and Jennifer and Amber went to Pampa Saturday night and ate Pizza. Then went to see a movie Mannequin II.

# Property Tax Protest & Appeal Procedures

The law gives property owners the right to protest actions concerning their property tax appraisals. You may follow these procedures if you have a concern about:

- the value placed on your property;
- exemptions that may apply to you;
- cancellation of agricultural appraisal;
- whether your property is taxable;
- which local governments should be taxing your property; or
- you think the appraisal district has done something else that adversely affected you.

**Informal Review:** Contact Larry Schoenhals, Chief Appraiser, 806/826-5900

**Review by the Appraisal Review Board:** If you can't resolve your problem informally with the appraisal district staff, you may have your case heard by the appraisal review board.

The appraisal review board (ARB) is an independent board of citizens that reviews problems with appraisals and other concerns listed above. They have the power to order the appraisal district to make the necessary changes to solve problems. If you file a written request for an ARB hearing (called a *notice of protest*) before the deadline, the ARB will set your case for a hearing. You'll receive written notification of the time, date, and place of the hearing. The hearing will be informal. You and the appraisal district representative will be asked to present evidence about your case. The ARB will make its decision based on the evidence presented. You can get a copy of a protest form from the appraisal district office at 101 E. Texas (Court-house Square) Wheeler, Texas. Note: You shouldn't try to contact ARB members outside of the hearing. The law requires you to sign an affidavit saying that you haven't done so before the ARB hears your case.

**Review by the District Court:** After it decides your case, the ARB must send you a copy of its order by certified mail. If you're not satisfied with the decision you have the right to appeal to district court. If you choose to go to court, you must start the process by filing a petition within 45 days of the date you receive the

ARB's order. If the appraisal district has appraised your property at \$1,000,000 or more, you must file a notice of appeal with the chief appraiser within 15 days of the date you receive the ARB's order.

**More information:** You can get more information by contacting your appraisal district at Wheeler County Central Appraisal District, P.O. Box 1200, Wheeler, TX; PH 806/826-5900

You can also get a pamphlet describing how to prepare a protest from the appraisal district or from the State Property Tax Board, 4301 Westbank Drive, Building B, Suite 100, Austin, Texas 78746.

## Deadline for filing protests with the ARB

(the deadline is postponed to the next business day if it falls on a weekend or holiday)

**Usual deadline:** On or before May 31 (or 30 days after a notice of appraised value was mailed to you, whichever is later).

**Late protests (if you miss the usual deadline for good cause. Good cause is some reason beyond your control, like a medical emergency. The ARB decides whether you have good cause.)** Before the day the appraisal review board approves records for the year. Contact the appraisal district for more information.

**Special deadlines:** **Change of use (if the appraisal district has informed you that you are losing agricultural appraisal because you changed the use of your land)** Before the 30th day after the notice of the determination was mailed to you.

**ARB changes (if the ARB has informed you of a change that increases your tax liability and the change didn't result from a protest you filed)** Before the 10th day after the notice of the determination was mailed to you.

If you believe the appraisal district or ARB should have sent you a notice and did not, you may file a protest until the day before taxes become delinquent (usually February 1). The ARB decides whether it will hear your case based on evidence about whether a required notice was mailed to you.

## New Anesthesiologist At Coronado Hospital

James A. Kendall, MD, is the new anesthesiologist at Coronado Hospital in Pampa, according to an announcement made this week by Bruce W. Reinhart, administrator. Dr. Kendall comes to Pampa from Lewisville where he was in practice for 10 years.

Dr. Kendall arrives in Pampa the same time as some new anesthesia equipment, according to Reinhart. "The Ohmeda Modulor II is an anesthesia machine which is much safer than the older machines," he said. "This machine can deliver the gases, and provides continuous monitoring of ventilation and oxygen saturation. It can also use air as an anesthesia adjunct, which is necessary for some types of delicate ear surgery."

Dr. Kendall will administer or supervise all anesthesia, he said. He has a CRNA (Certified Registered Nurse Anesthetist) who also administers anesthesia under his direction.

Dr. Kendall said that the practice of anesthesia has improved dramatically in the last few years. "We use epidurals for most childbirth, and for some complicated vascular and general surgeries." He explained that the epidural is the insertion of a tiny catheter into the bony spinal canal, outside the spinal cord. This method takes less narcotic, and can be used as a line to administer drugs in small quantities, for post-surgery pain relief for several days. "We also have safer, more comfortable techniques for spinal anesthesia," he said, "with new drugs that are more acceptable and of much less risk to the patient."

The new types of anesthesia are a vast improvement over the types used just a few years ago," he said. "We now have pumps that can administer as little as .9 cc per hour, so that the

patient experiences very little nausea and wakes up clearer headed and more quickly."

Dr. Kendall said that he tries to meet with every patient before surgery to assess any particular problems and answer questions about the procedure.

He graduated from the University of Texas Medical Branch in Galveston in 1965, and served a rotating internship at Bexar County Hospital District and Affiliated Institutions in San Antonio, Texas.

When Dr. Kendall completed his education in 1966, he was a family practice physician in Weslaco. "I liked the study of anesthesia in medical school, but I wasn't sure that's what I wanted to do. However, when I got to Weslaco, their anesthesiologist quit, and I started doing about 70 to 90 anesthesia cases a month, and I realized this was what was most re-

warding to me."

In 1978, he went back to school and served a two-year residency in anesthesiology at the University of Texas Southwestern Medical College at Parkland Hospital in Dallas.

Dr. Kendall said that he was excited about the prospect of working in Pampa. "I grew up in Cheyenne, Oklahoma, so I feel at home in this part of the country. My wife, Becky, was raised on a farm in Indiana and she loves horses. She's happy to move to an area where she can enjoy her reining horses and cutting horses."

Dr. and Mrs. Kendall have three children: Robert, 17, who will be a junior at Pampa High School next fall; Alan, 27, who is a computer consultant in Duesseldorf, Germany; and Rebecca, a graduate of Southwestern in Georgetown, who is a teacher at the Roundrock School District.

## ENT Physician Begins Practice In Pampa

James W. Dunn, MD, an otolaryngologist from Denton, has recently opened his office in Pampa, according to Bruce W. Reinhardt, administrator of Coronado Hospital. The office of the ENT (ear, nose, and throat) specialist is in Coronado Medical Building, Reinhardt said.

Dr. Dunn had practiced in Denton for 21 years before relocating to Pampa. "My wife and I have always liked the Panhandle," Dr. Dunn said. "I was born in Amarillo and reared in Claude, and my parents still live in Amarillo, so this part of the country is really home."

Dr. Dunn, who is certified by the American Board of Otolaryngology, completed his undergraduate work at the University of Texas in Austin, and attended medical school at Southwestern Medical School in Dallas. He interned at St. Paul Hospital in Dallas, and then served a residency in anesthesiology at Parkland Hospital in Dallas. In 1966, he completed a residency in general surgery at Veterans Administration Hospital, and in 1969, completed his residency in otolaryngology at the same hospital in Dallas.

"My specialty is so diverse that different physicians concentrate on different areas. My forte is really sinus surgery," he said. "Sinus surgery is performed when the sinus becomes irreversibly diseased because of infection," he explained.

He also does reconstruction of the middle ear, nose remodelling, endoscopy for aspired objects, and other more common surgeries, such as mastoids and tonsillectomies.

Dr. Dunn and his wife Sophie have four children and two grandchildren. Their daughter Diana is an engineer

at Texas Instruments, son Sean is an airframe mechanic on jets at Love Field in Dallas, daughter Cassie is an insurance office clerk for EDS in Dallas, and son Miles is an airframe mechanic on jets at Love Field in Dallas, daughter Cassie is an insurance office clerk for
