HALL HOSTESS TO W. M. S.; MEMBERS ATTEND ZONE MEET

The Woman's Missionary society of Methodist church met Monday afternoon, with Mrs. Cora Hall in charge of the program, assisted by Mrs. W. I. Joss, J. M. Porter, J. Nicholson and Melvin Howe.

Members of the Missionary society to express their appreciation to I. C. Thurmond for a beautiful presented to the parsonage in memory of her mother, the late Mrs. L. who was a staunch Methodist.

There were eleven members of the society who motored Thursday to Amarillo, where they attended a very interesting zone meeting. We again extend an invitation to every member in the church to attend the zone meeting and if possible to become a member.—Reporter.

UNDERWOOD MOVES TO TOWN; BEGINS ASSESSOR'S DUTIES

Mr. and Mrs. R. D. Underwood, who have been living on a farm east of Wheeler, have moved to the residence of his father, J. W. Underwood, in the southeast part of town. Mr. Underwood is assistant assessor for the northern part of the county and is working with his new duties. Mr. and Mrs. Herman Whitener have moved to the Underwood farm.

Mr. and Mrs. J. W. Underwood are making an extended visit with a sister in Amarillo.

Thunder Hits City; Storms Visit County

On Sunday evening, after a threatening day of variable winds, a small twister suddenly made its appearance in the south part of town. Either because it was small or because brief contact was made with the earth, slight damage resulted. A barn at the A. R. Meek occupied by Loyse Bolton and on South Main, was wrecked. Two panes were smashed in severe winds and other minor damage.

A barn at the Lessor place and a barn at the Mrs. A. J. Beasley home were blown down.

In the eastern part of the county, Kelton, the farmhouse of N. L. was wrecked; other buildings were scattered points through the county sustained damage from the wind.

A small amount of rain accompanied the storm period, with considerable rain in some areas.

LEGION POST TO OBSERVE NATIONAL ANNIVERSARY

The local post of the American Legion will observe the 16th anniversary of the national organization on Saturday, March 16. Plans for the event will be perfected at a meeting of the post tonight, March 7.

Beginning on Thursday night of this week, the local post will conduct a 10-weeks 42 tournament, with sessions each Thursday night. Jim Risner is chairman of the committee.

AUTO BANDIT NOW IN WHEELER JAIL

Youth Who Took Beal's Car Friday Was Captured Near Groom Saturday Morning

Captured at a service station in Groom early Saturday morning, Clifford Goodson, Logan, N. Mex., was brought to Wheeler late that afternoon and lodged in jail, charged with hijacking a car at the point of a gun. Deputy Sheriff Walter Davis brought the man here after his capture by Groom authorities.

When reports reached this city shortly after noon last Friday that a bandit had sprung from a roadside corner five miles west and one mile south of Wheeler and hijacked the Worth Beal tailor shop car, driven by Jim Hyatt, officers immediately started search for the desperado. The robbery occurred as Hyatt slowed down to turn the corner. He was forced from the machine at the point of a gun, the hijacker driving rapidly away.

As was later learned the young man, after gaining possession of the car, drove to the home of a young woman acquaintance near Mobeetie. So carelessly and boldly did he behave that little suspicion was aroused. It is said he, accompanied by the young woman, attended church services in Mobeetie that night. After returning to her home, he declared that by daylight he would be in Logan.

Apparently changing his mind after starting, he pulled out on a side road and spent the remainder of the night. Next morning, somewhat low on gas, he stopped at a station in Groom, where he attempted to trade the spare tire for motor fuel and some money. The attendant had learned of the robbery and detained the man on some pretext until officers could be notified.

Robbery with firearms, it is reported, will be the charge against Goodson when he appears in district court for trial.

Young People's Day at Methodist Church

Sunday at the Methodist church is Young People's Day, and all persons interested in that work as well as the members of the young people's departments are urged and especially invited to attend the services.

The day opens with a breakfast for all high school students who attend the Sunday evening meetings, those interested in becoming members, and all young adults below the age of 24 are requested to be present. The hour will be entirely social, and is planned for the enjoyment of all. The breakfast will begin at 8:30 Sunday morning and will be over in time for the morning services.

The young people's division will also have charge of the morning service of church. A special program is being planned for this hour. All young people of Wheeler are invited to participate in this service which is dedicated to American Youth.

MRS. CARTER GIVES PARTY FOR DAUGHTER'S BIRTHDAY

Mrs. Chas. Carter entertained with a party in honor of the fourth birthday of her daughter, Yreva Sue, on Thursday, Feb. 28. Guests present were Eloyce and Yevonne Sandifer, Floy, Bobbie and Marion Clark, Dolores Watson, L'Noel and Basil Brazil, Billie Jean Pendleton, Eugene Cooper, Coene Carter, Duane Bradford, Bobbie Rodgers, Donald Mitchell and Dreka Rowe. After a number of games were played the hostess served hot chocolate and cake.

BIRTHS

Harold Lloyd is the name given the son born Wednesday night, Feb. 27, to Mr. and Mrs. Lloyd Lee of this city.

Born, to Mr. and Mrs. E. M. Smith, six miles east of Wheeler, a baby boy on Friday, March 1.

Mr. and Mrs. C. W. Whitmore are the proud parents of a baby boy, born Wednesday, March 6.

New Cotton Sign-up Starts Next Monday

Week of March 11-17 Designated as Time for Growers to Sign Contracts

Announcement has just been made by Jake Tarter, county agent, that the week of March 11 to 17 has been named as the regular sign-up period for cotton producers who wish to execute 1935 cotton control contracts.

The agent's office advises all persons who signed a 1934 contract to contact the local committeeman in his district and get the 1935 supplement signed. Also, all persons wishing to sign a contract for the first time this year should see the local committeeman in his district for that purpose.

It is pointed out that unless contracts are signed with the local, or district, committeeman between the dates of March 11 and 17, it will be necessary for signers to come to the agent's office in the court house at Wheeler.

Therefore, in an effort to be of service to cotton growers who wish to renew reduction contracts or execute same for the first time, The Times is glad to co-operate with Tarter's office in disseminating this information. It will save those living in more distant parts of the county considerable inconvenience to contact their local committeeman during the coming week. After that, as mentioned above, a trip to the county office will be necessary in order to sign up a contract.

GRANDMA TATUM SUCCEDES SATURDAY IN MOBEETIE

Mrs. Joseph Tatum passed away Saturday, March 2, at the home of her granddaughter, Mr. and Mrs. W. T. Arnold, in Mobeetie. She was the mother of Mrs. F. H. Ing of Wheeler, with whom she has made her home since 1910.

Mary Elizabeth Henderson was born near Atlanta, Ga., Sept. 9, 1839, and died March 2, 1935, at the age of 95 years, five months and 21 days. Her parents moved to Denton county, Texas, when she was a child, later moving to Grayson county, near Sherman, where she married James Steel. To this union a son, William, was born, the father dying while William was yet an infant. Mrs. Steel later married Lewis Reeves. Five months after the birth of a son to the couple, Reeves died.

In 1871, she was married to Joseph K. Tatum, by whom six children were born. The family was living near Elk City, Okla., when death called Mr. Tatum in 1898.

Mrs. Tatum was loved and respected by all who knew her. When only a young girl, she professed faith in Christ and remained true throughout the years of trial. She is survived by five children, two sons and three daughters. They are: Wm. Steel, Arab; Mrs. F. H. Ing, Wheeler; Mrs. J. M. Medlin, Overton; R. T. Tatum, Wall, S. Dak.; Mrs. C. O. Cox, Arnett, Okla.; and one brother, L. B. Henderson, Canadian; a sister, Mrs. S. G. Alexander, Knights Landing, Calif., and 27 grandchildren, 20 great-grandchildren, and two great-great-grandchildren.

Funeral services were conducted Monday, March 4, at the Methodist church in Mobeetie, with Rev. J. Edmund Kirby of Wheeler in charge, assisted by Rev. G. L. Kever, pastor. Interment was made at Ural, Okla., where Mr. Tatum was buried.

Club Work Sponsors Discuss Betterment

Ways and means of improving 4-H club work were discussed during the 4-H sponsors meeting in Wheeler on March 2 from 3:30 to 4:30. Reports of club activities in each community were called for. Each club has plans under way or completed to raise money for their club treasury. The association voted to have the Centennial programs turned in by March 23. These programs will be worked out by each club, and the first was given celebrating the birthday of Texas, March 2, and will close June 30, 1936.

Those present were Mrs. N. J. Tyson, Mobeetie; Mrs. Jack Vise, Allison; Mrs. Buddy Ellard, Plainview; Mrs. Geo. Braxton, Twitty; Mrs. T. C. Harless, Magic City; Mrs. W. R. Thornton, Lela; Mrs. Jim Hathaway, Mountain View; Miss Ruth Trout, Allison; and Mrs. Will Purcell, Lela.

Norwood McPherson, John Lewis and Harry Garrison attended a Continental Oil products meeting Wednesday in Shamrock, conducted by P. W. Riggins, division manager, with headquarters in Fort Worth.

Wheeler Trades Day Is Saturday, March 9

First Big Day of Goodwill and Trades Day Campaign by Merchants

Figuratively, if not literally speaking, Wheeler stores will have on their best bib and tucker Saturday, March 9, which marks the first big day of the 65-day goodwill and trades campaign sponsored by Wheeler business interests. A special invitation is extended by the stores to shoppers throughout the trade territory to come to Wheeler Saturday and take advantage of the special bargains prepared especially for the occasion.

Last Saturday, when an exceptionally large crowd spent the day here, local merchants reported very satisfactory business. That, however, was an "in-between" date so to speak. As mentioned in this paper last week, Saturday, March 9, Saturday, March 23, Saturday, April 6, Saturday, April 20 and Saturday, May 4 are the high-light dates for the next few weeks, when extra specials will be offered the buying public.

This should not be taken to mean however, that the alternate Saturdays will, not also be worth-while to Wheeler shoppers, since attractive prices, extra services and a hearty welcome is the watchword of Wheeler merchants.

Decide Conference Football Schedule

Supt. J. L. Gilmore and Coach Bob Clark of the Wheeler schools today attended a meeting in McLean of superintendents and coaches of district three, when the conference football schedule for Wheeler in 1935 was decided in part. The undecided part is where the proposed games will be played.

The schedule:
Sept. 20—Wellington.*
Sept. 27—Memphis.*
Oct. 4—Mobeetie.
Oct. 11—Open.
Oct. 18—Shamrock.*
Oct. 25—White Deer.**
Nov. 1—McLean.*
Nov. 8—Open.
Nov. 15—Lefors.*
Nov. 22—Clarendon.
Nov. 28—Thanksgiving, open.
*Lighted fields.
** Not in the conference.

As pointed out by Coach Clark while discussing the matter today, where the games will be played depends considerably upon a hoped-for athletic improvement here. That is a lighted field for night games. Such an improvement appears not only possible but probable, it is said. If a lighted field is arranged here, approximately half the above schedule will be played here; otherwise scarcely one-fourth of the games can be expected in Wheeler.

Returns, it is said, between day and night games are so much in favor of the latter that daylight games are no longer profitable.

Supt. C. A. Cryer was re-elected chairman of the conference group.

RELIEF WORK IS RESUMED THROUGHOUT THE COUNTY

Relief work in this county showed signs of new life this week. Tuesday morning approximately 200 men were put back to work on various projects. Highway work and the swimming pool project at Shamrock afforded employment for all eligible work relief men of the county.

Road projects in precincts 1 and 3 resumed work Tuesday. Improvement is largely on lateral roads, rendered almost impassable by recent sandstorms.

It is understood this work relief program is for immediate needs to prevent actual privation. Wheeler county is said to have 347 families on relief rolls at the present time.

MISSIONARY PROGRAM AT MOBEETIE FRIDAY NIGHT

Announcement was made Wednesday by Rev. G. L. Kever, pastor of the Mobeetie Methodist church, that a free program will be given in the high school gym at Mobeetie tomorrow, Friday night. A Pampa goodwill group will assist in the event, which will include a merchandise auction and old fashioned pie supper.

Proceeds of the affair will be used by the women's missionary society in furtherance of their work. The public is invited.

The Young Peoples Endeavor of the Church of God had a very interesting meeting Friday night, when visitors from Mobeetie and Shamrock were present.

BOY SCOUT MEETING

Attention, Boy Scouts. Please remember that every Monday night at 7 o'clock the Scouts and scouters meet in the basement of the Methodist church. All Scouts please be there, on time.

OIL FIELD ROAD WILL BE PAVED

Members of Highway Commission Say Work is to be Finished

Highway No. 41, known as the oil-field highway, a short cut between Pampa and Oklahoma City, will be paved to the Oklahoma line during the present year, according to an opinion held by Judge W. R. Ely, a member of the state highway commission.

Work in Oklahoma is said to be progressing in a satisfactory manner, the road having been graded and drained from the Texas line to Sayre. From Sayre to Cordell the road is oil-graveled and a splendid highway.

The gap between Pampa and Wheeler is to be closed as soon as possible and right-of-way has been secured from Wheeler to the state line.

Special attention is being devoted to the road between Pampa and Borger and between Stinnett and Dumas. Work is under way west from Dumas to the Hartley county line.

The foregoing article, clipped from a Pampa newspaper, will be of interest to Wheeler county folk, especially those living in the north half of the county. This statement, which appears authoritative, will revive lagging hopes of an improved highway to the east through Wheeler, whereby several miles would be saved between here and Elk City, Okla., as well as other points east.

Four County People Die In Auto Wreck

Four members of a Shamrock family met death Tuesday night when the car in which they were riding collided with a truck on the highway near Alanreed. Three other occupants of the car were injured in the crash.

The dead are: Ralph E. Daly, 43; Ralph Inman, 24; his wife, Margaret, 24, (daughter of Daly); and their daughter, Norma Jo, 2 years old. The three injured people are Mrs. Daly; Daly's mother, Mrs. J. B. Stringer; and Miss Jackie Cude.

The accident occurred about 11 o'clock at night when the Daly party was returning from a religious gathering in Groom. Responsibility for the mishap has not been fixed, it apparently being due to causes difficult to determine.

GOOD CITIZENSHIP MEETING AGAIN NEXT MONDAY NIGHT

Because of the typical Panhandle "shower" last Monday night, attendance at the good citizenship meeting at the court house was not sufficient to warrant a permanent organization. Several very interesting talks were made and those present appeared enthusiastic concerning the subject matter of the meeting. It was agreed by those present to meet again next Monday night for the purpose of perfecting a permanent organization.

Are you interested in improving the moral standards of our community?

Are you in favor of assisting officers in law enforcement?

Are you interested in providing the study courses in our schools?

Are you interested in providing wholesome amusement for our young people?

If so, come out to the meeting in the district court room next Monday night, March 11, and assist in this worthy enterprise. Meeting will be called to order at 8 o'clock.

Mr. and Mrs. Burl Cheser of Miami, who have been visiting her parents, Mr. and Mrs. A. C. Mitchell, were accompanied home Saturday by little Yreva Sue Carter. She will spend the week with her aunt, Mrs. Cheser.

J. K. Caldwell of Kelton returned home Saturday from Oklahoma City, where Dr. W. I. Joss and Zack Miller accompanied him Thursday. Mr. Caldwell remained until Saturday for medical treatment, when Mr. Miller returned for him.

Mrs. John Ficke and daughter, Miss Margaret, and Mrs. T. P. Morton motored Friday to Oklahoma City, where they visited the former's daughter, Bessie May, and Mrs. Morton's daughters, Mrs. Ben Denham and Mrs. Perry Ussery and families. Miss Ficke is attending college. They returned Sunday.

4-H Club Meet Drew Big Crowd Saturday

Texas Independence Day Observed— Many Other Features in All-Day Session

Assembling in Wheeler last Saturday morning a crowd of approximately 225 persons, of which 197 were boys and girls of Wheeler county 4-H clubs, enjoyed an interesting and profitable all-day session.

Principal among the day's events was the observance of Texas 99th birthday. This event occurred during the morning session, when the house was called to order in the American Legion hall at 10:30 by the president, Floyd Seago. The 4-H club motto and pledge were repeated. Songs were sung, including "You'll Be Rounded Up in Glory," "Beautiful Texas," "Texas, Pride of the South" and "The Eyes of Texas."

The remainder of the forenoon was spent in recreation, led by Lynn Gott and Floyd Seago. Because of the large crowd and pleasant weather, games were played north of the hall.

At the noon hour, lunch was spread north of the hall. Mrs. Chas. Candler of Briscoe presented a beautiful angel food cake, iced with white and bearing the words "Wheeler County 4-H Club" and the emblem embossed upon it.

Following the meal and a short recess, the president called the house to order in the district court room. Minutes of the last meeting were read by the secretary, Ollie Marie Erskine. Reports from the 12 girls' clubs and one boys' club were given, showing that work is proceeding nicely. R. H. Forrester talked to the group about the importance of Texas.

Ten interesting stunts, with Allison first on the program, were presented. The Magic City girls won first place with a play. Congratulations to the girls upon their performance. The Lela boys placed second with "A Woman's Wedding." The Allison girls took third place.

The judges were Mrs. J. E. Willard, Mrs. Melvin Howe and Mrs. Paul Ladd. They pronounced every stunt as good.

While the judges were reaching a decision, Mr. Percell made a very interesting talk on early days in Wheeler county. He also showed a violin which he had made and declared that much talent far beyond that was under the sound of his voice, if it were only developed. He insisted that boys and girls set a goal so high that they doubt it can be reached, then exert their utmost effort to accomplish the objective.

Lynn Gott exhibited a watch fob medal which was to have been presented to James (Pete) Morgan as state champion 4-H livestock breeder. Morgan could not be present, since he was showing seven calves at the Amarillo Fat Stock show. Wheeler county has a right to be proud of Morgan's record in winning this high honor over so many competitors throughout the state of Texas.

Just before closing the afternoon session, Miss Viola Jones announced a reporter's school will be held in Wheeler Saturday, March 16, for the benefit of 4-H club reporters of the county.

Journalism Scribes Visit Times Office

The Wheeler Times office was honored, Friday afternoon, by a visit from the journalism class of the Wheeler high school under the supervision of their sponsor, Miss Bernie Addison. The group of ten young women and men included Fay Ficke, Dorothy Burgess, Mazie Bean, Ruth Faye Garrison, Jack Guynes, Travis Jones, A. B. Turner, Theodore Conner, LaVeau Cole and Carlisle Robison.

A more attentive and interested group would be hard to find than these students as the mechanical phases of newspapering and printing in general were explained as fully as possible in the time available.

It will be a pleasure to have the journalism class visit this office again some time in the future.

It will surely be excusable to add, just here, that out of many years observation, this writer considers The Corral, Wheeler high school publication, a top-notch in its class. Great credit is due the sponsor and other instructors for the high degree of excellence, not forgetting that the individual members of the journalism class possess much native ability and talent.

Mrs. J. G. Cowden and Mrs. Cora Brigman left Monday for Wichita Falls to visit Mr. and Mrs. Jack Prichard and others. Mr. Prichard, who had been here on business, returned home Monday and drove Mrs. Cowden's car for her.

WHEELER'S DRAWING POWER

That Wheeler still possesses the old-time drawing power as a shopping center was amply demonstrated here last Saturday, when a huge crowd thronged the streets and the stores. Every business man with whom the writer discussed Saturday's buying volume reported satisfactory patronage. Several said: "Best business day since last fall."

All this in turn shows that when Wheeler business interests decide to offer worthwhile attractions and extend an invitation to people of the trade territory, a response is immediate.

"Business goes where it is invited, and stays where it is welcome," is an old, but true, saying.

Wheeler had a good crowd last Saturday. But with many special bargains and added inducements, a still larger group is expected this coming Saturday. Look over the advertisements in this issue of The Times, you folks who live in Wheeler's trade territory—and even beyond—and you will realize that it is to your advantage to make Wheeler your trading center.

Remember, Wheeler merchants are extending an invitation to business and are ready to make it welcome with every device known to good merchandising methods.

Trade in Wheeler!

TAXES VERSUS INCOME

Apologists for the growing burden of taxation often state that the rise in taxes, when measured by the rise in our income, is not so important as it seems.

Yet a recent editorial in the Syracuse Post-Standard shows that Federal, state and local expenditures are now five times as great as they were before the war. Tax collections, consequently, have risen in the same proportion.

By contrast with this, the prices received by farmers for their products are but 2 per cent above the 1910-1914 level—and the real wages received by industrial workers are but 21 per cent greater.

The cost of taxation has risen more steadily and more rapidly than other costs borne by business and individuals. Where, not so long ago, a national debt of one billion dollars was regarded as being dangerous, we now face a federal debt of over \$30,000,000,000. All units of government have gone on a spending spree, and have doled out billions of dollars, much of which has been used for projects that were neither necessary nor desirable. They have issued bond after bond—apparently not realizing that the bonds, which amount to mortgages on all property, must eventually be paid, plus interest, by direct or indirect taxation of the people.

Taxes menace savings: They menace jobs and investments. They strike directly at the welfare of every worker, every farmer, everyone who owns a home or has a dollar in the bank. Rising taxation is a towering barrier in the path of recovery.

A REAL BUSINESS GAIN

The increased business activity shown during the recent months is encouraging, although it is recognized, of course, that there still is room for improvement.

One of the striking phases of this activity is seen in the large expenditures for home improvement, both in repairs and additions to residential property, and in the installation of such added household equipment as washers and ironers and the like. This is due at least partly to the nation-wide promotion of home modernization programs.

To mention only one of the results of the movement for better home conditions, the demand for washing machines during 1934 reached a total of 1,240,000, an increase of 20 per cent over the previous year.

This indicates a gain in purchasing power on the part of a vast number of families, and the increased demand for such home conveniences may be regarded as an encouraging sign. The outlook for 1935 is even more promising.

PUNISHMENT OR REFORM

Much is being written regarding the conditions in penal institutions of the country and most of the "stuff" seems entirely beside the point.

Before going into the subject of penal institutions one should determine the purpose of these institutions, and when this is done methods of operation can better be discussed. Is the penitentiary an institution where criminals are supposed to be "made over" and emerge hilly white in character? If so living must be made attractive to those incarcerated. Entertainment, literature, beautiful surroundings must be provided; in short, a place where men would be glad to go and stay, for no reform can be worked in a grim, unwholesome, unpleasant penitentiary.

On the other hand, if sentence in a penitentiary is supposed to be punishment for crime committed, the more drab, dreary and dismal the place should be. No kindness should be meted out to those being punished, for kindness is not punishment. They should be made to feel the sting of incarceration, shut out from the pleasures of the world. In short a place men would shun like they would a plague.

I am of the opinion that there should be several degrees of punish-

ment; in other words three institutions, where different classes could be sent. Hardened criminals, killers, rapists, kidnapers and the like I would sentence to bare stone walls and meager food; the most trying conditions imaginable. The shorter sentences and sentences against property would have a better, more home-like place, while the young first offenders would have practically the comforts and privileges of home, subject to removal to one of the other places for violations of the rules. This would be a reformatory, and those who reformed would benefit, while those who did not would step into a worse place.

Once incarcerated in this place and released, the offender, if he goes wrong again, would be sentenced to the hardened criminal institution which would be a great incentive for the released inmate to go straight.

The tougher they were the tougher I would treat them. However, I would not attempt to make a reformatory out of a penitentiary. It just won't work and is time and effort wasted.—Pampa Advocate.

Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

One hundred and twenty-five pledge cards have been signed and returned to the office of Secretary Vance Apple in the chamber of commerce membership drive, so far, and efforts will be made within the next few days to complete the campaign. The total pledges are approximately \$2,000 and it is thought that by the time the membership drive is completed that this will be increased to at least \$2,500.—Ochiltree County Herald.

The weather thermometer which has hung at the front of the W. E. Stocker Dry Goods store for more than a quarter of a century, was stolen one night last week. Mayor Stocker stated that the thermometer had been hanging in front of the store for about 30 years. It will be greatly missed by those who have been accustomed to stopping at the weather gauge to see how cold or hot the weather is.—Miami Chief.

An Oklahoma dairyman confidently advertises: "Having installed city water, I can easily increase the number of my customers."—Wellington Leader.

A letter from Senator C. C. Small this week advised that the senate committee on highway and motor traffic, killed Senate bill 70, which was designed to increase the weight of truck loads. This bill was to increase the tonnage from 7,000 to 10,000.—Lefors News.

Ripley probably would not believe this one:

Louie Nowak, 10-year-old son of Mr. and Mrs. Joe Nowak, has been undergoing a severe attack of sneezes for the past four weeks. During the second week of the spell he sneezed six times per minute for hours at a time. This condition lasted several days. Then during the third week he would have seizures of violent sneezing every time he entered a warm room. Last week it fell off to a spell every half hour with four to six sneezes per spell. Through it all the lad did not have a cold or influenza or any other illness. Strangely, he can go to sleep normally and is not bothered until he awakes.—Hereford Brand.

One large mail order house has just shipped 306 carloads of catalogues to prospective customers in every part of the country. The catalogues weigh 9,000 tons and will reach every post office in the country. Local merchants say that they can tell when the shipment reaches McLean, by a loss of trade for several weeks. Mail order houses know the value of advertising, and they use the columns of the newspapers as well as direct mail.—McLean News.

An unusual accident occurred recently when three children of Henry Barbee of Reydon, driving his car and accompanied by four others, all basketball players of Reydon, went over a 21-foot embankment where a bridge was out near Cheyenne, Okla., and came to rest in four feet of water. All passengers were sitting right side up when the car stopped and none was seriously injured but received only minor scratches and bruises.—Canadian Record.

Wednesday night the school board of White Deer Independent school district elected Supt. George A. Heath of Friona as superintendent of the White Deer schools. Members of the board made several trips and consulted a large number of applicants for the position before making their selection.—White Deer Review.

The Sage of Three Rivers says that now the telegraph process of sending photos has been perfected, whenever he sees a sagging telegraph wire he is going to wonder if it is carrying a picture of Kate Smith.—Clarendon News.

That's all for this week.

YOU ARE HEREBY COMMAND-

ED, That you summon, by making Publication of this Citation in some newspaper published in the County of Wheeler for four consecutive weeks previous to the return day hereof, Orpha Yadon, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Wheeler at the Court House thereof, in Wheeler, Texas, on the 15th day of April, 1935, same being the third Monday of April, then and there to answer a Petition filed in said Court, on the 21st day of January, A. D. 1935, in a suit numbered on the Docket of said Court No. 2509, wherein Bruce Yadon is plaintiff and Orpha Yadon is defendant.

The nature of the plaintiffs demand being as follows, to-wit:

Plaintiff is and has been for a period of twelve months prior to the filing of his petition herein, an actual bonafide inhabitant of the State of Texas, and has resided in Wheeler County, Texas, for at least six months next preceding the filing of this suit.

That plaintiff and defendant were married in Kaufman County, Texas, on or about Oct. 6th, 1921. That she was then a single woman by the name of Orpha Stapleton. That they continued to live together as husband and wife until on or about April, 1928, at which time the defendant abandoned plaintiff and instituted suit for a divorce in Hutchinson County, District Court, but later withdrew said suit and returned and lived with plaintiff, until August 1931, at which time she again abandoned plaintiff with intention of never again living with plaintiff as her husband. Since which time defendant has remained away from plaintiff, and has repeatedly declared that she did not intend to return and live with plaintiff.

Plaintiff would show the court that he does not at this time know the residence of the defendant, and asks that he be granted a divorce from the defendant, and pleads the three statute of abandonment.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Wheeler this, the 5th day of March, A. D. 1935.

HOLT GREEN,

Clerk District Court Wheeler County, Texas.

ON TEXAS FARMS

Five hundred dollars in cash prizes are offered to Marion county farmers who secure the greatest yield of peas from five acre plots. This incentive is offered in an effort to place the county in the forefront of black eyed pea production. From 15 to 21 bushels per acre have been produced in the county.

Nine farmers of Gregg county have made \$1,200 worth of leather out of \$24 worth of hides at a cost of approximately \$109. It is estimated that this leather is of a quality which will sell for 50 cents per pound and it cost about 4 cents per pound to make.

The quilting club ladies have made a quilt for each of the families who lost their effects by fire this week. Members of the Methodist missionary society who attended the zone meeting in Pampa last Thursday were: Mesdames John Collins, Keever, Key, Ferguson, Selby, Heare, Lowe, Burch and Harrell.

SHERIFF'S NOTICE OF SALE (Real Property)

THE STATE OF TEXAS, County of Wheeler.

Whereas, on the 30th day of January, A. D. 1935, in a certain cause numbered 580 on the docket of the County Court of Carson County, Texas, wherein C. J. Oates is plaintiff and M. W. Rafferty is defendant, the said plaintiff recovered judgment against the said defendant in the sum of Six Hundred Thirty-Two and 23-100 (\$632.23) Dollars, with interest thereon from date until paid at the rate of six percent per annum, and the further sum of \$19.45 costs of suit, together with foreclosure of plaintiff's attachment lien upon the hereinafter described property of defendant.

And, whereas, on the 26th day of February, A. D. 1935, by virtue of said judgment and the mandates thereof, the Clerk of said Court of said Carson County did cause to be issued an Order of Sale, commanding me, as sheriff of Wheeler County, Texas, to seize, levy upon and sell in the manner and form as required by law the hereinafter described property, as the property of the above defendant, to satisfy the said judgment.

Wherefore, by virtue of said Order of Sale and the mandates thereof, I did on the 4th day of March, A. D. 1935, seize and levy upon, as the property of the above defendant, the following described property, to-wit:

All the right, title and interest of said defendant in and to certain oil and gas leases, located on the Southeast one-fourth (SE 1/4), the Northwest one-fourth (NW 1/4), and the East one-half (E 1/2) of the Southwest one-fourth (SW 1/4), all on Section of land Number Sixty-two (62), in Block Number Thirteen (13), H. & G. N. Ry. Co. Survey, Wheeler County, Texas.

And I will on the first Tuesday in the month of April, A. D. 1935, same being the 2nd day of said month, proceed to sell said property at the court house door of said Wheeler County, in the City of Wheeler, Texas, between the hours of 10 o'clock A. M. and 4 o'clock P. M., to the highest bidder for cash all the right, title, and interest of the above defendant in and to the above described property, to satisfy the aforesaid judgment.

Given under my hand, this 4th day of March, A. D. 1935.

RAYMOND WATERS, Sheriff of Wheeler County, Texas.

ORAL HEALTH

By Dr. F. Newton Reynolds

Misrepresentation

Dentistry, as well as most other professions or lines of endeavor, are quacks and grafters. There are those who misrepresent to the public. Admitting there are few comed with the number in activity, there are too many. As stated before in this column, it has been proven investigation that the number which digress from the channels of ultimate activity are as few, if not fewer, than any other profession. The fact is to be admired but this is no excuse for either the profession or the public to uphold a ruthless practitioner.

Some states have laws regulating the form of human and artistic scenery. It is a strict violation of the United States laws to mislead through the mails. Yet there are many who advertise to do things which are impossible to do and are never done. Those who indulge in the form of publicity live off the public by drawing it to them through "misrepresentation." It is established fact that many of the active ads appearing in the newspapers pertaining to dentistry are quack and ballyhoo, pure and simple.

Any person who thinks before he acts that no human being can perform miracles or do something which is beyond reason. "The idea of the who makes the misleading statements is to get the sucker there, then kick it to him."

There is absolutely no objection to the best advertising. In fact, it is the perfect form of contact between the producer and the consumer, but should be clean and within the bounds of reason. It should be lived to in the same manner as other forms of advertising which pass through the mails. While it is considered unethical for any professional to advertise his abilities, it is free country and entirely within constitutional right to do so if it seems fit. But it is not within his

constitutional right to butcher the profession by making statements which are out of reason and which never were made with the idea of living up to. Proof of this argument can be found by comparing a majority of the dental ads appearing in large dailies with the statements of actual cost of any reliable dentist. This comparison will convince any person capable of intelligent thought that the cost of production in the office of any reliable dentist is equal if not above the majority of the advertised fees. This does not include fees for service rendered above cost. After all, no professional man is selling material. Service is all they have to offer.

In the legislature of Texas today there is a bill under consideration to abolish this form of butchery. However, it is the firm conviction that the bill is unconstitutional. However, it can and should be regulated under the rules of false advertising in the mails of this nation. The writer, or any other person who believes in square dealing, does not object to free wheeling so long as it does not reflect upon the training and ability of honest, intelligent people.

It is not right for either the profession as a whole or the public to be grafted and misled by people who care nothing for humanity and its betterment. It is absolutely criminal for people who do not know the difference to be led to the altar of unscrupulous professional people who can not make a living by honest, legitimate procedure. You can not uphold any business or profession, either, for the welfare of the public or the practitioner by having only one objective, that of money.

The writer, the same as all men who believes he is rendering humanity a service in keeping with his training an opportunity, resents the comparison or association of unscrupulous men in his profession.

CLUB NOTES

Happenings of Interest by and for Home Demonstration Club Women of the County.

WHEELER H. D. CLUB GIVES SURPRISE FOR MISS JONES

"A home may be made attractive with little cost," said Viola Jones to the Wheeler Home Demonstration club at a meeting held in the club room March 6.

Just a different arrangement of the furniture and accessories already in use may entirely change the atmosphere of a bedroom. Linens used should be made to protect the furniture and not for ornaments. Gaudy, useless and artificial ornaments should be discarded and replaced with such things as vases of neutral color containing flowers, bowls of fruit, candles, books with colorful gingham covers or potted plants.

The Wheeler club gave a short surprise program as evidence of their appreciation for the "Great Gulf of Help" that Viola Jones has given them in times past. The program consisted of a song, Home, Sweet Home; a talk, Why I Am a Member of the Home Demonstration Club, by Mrs. C. Bryan Witt; and a Tribute to Miss Viola Jones, Mrs. J. M. Porter.

Mrs. Jim Trout presented Miss Jones with a lovely bouquet of flowers from the organization. The club was happy to have the Wheeler 4-H club girls present at the meeting.

Members present were: Mesdames F. D. Ferguson, Marl Jaco, Chas. R. Flynt, Lula Mae Farley, W. O. Puett, W. W. Jenkins, Minnie Farmer, Jim Risner, Jim Trout, J. M. Porter, O. O. Sandifer and C. Bryan Witt. Mrs. T. C. Newkirk is a new member.

Guests were: Misses Naomi Johnson, Helen Flynt, L'Ombre Brazil, Aline Coleman, Willie Dee Lawrence, Otha June Cummings, Hannah Faye Riley, Eloise Reid, Helena Jones and Caroline McBee and Viola Jones and Edith Ashley.

BEDROOM DEMONSTRATION AT BRISCOE H. D. CLUB MEET

"Have nothing in the bed room that isn't either useful or beautiful," said Miss Viola Jones, Wheeler county home demonstration agent, in addressing the Briscoe Home Demonstration club at Briscoe, March 5.

"Have all bedroom accessories of harmonizing colors, rather than a mixture of bright, gaudy colors," she added. "Never over crowd dresser, desk, etc. with decorations. Pillows are for use and should be made simply and of serviceable material. Never let scarfs 'hang over', but have them the size of the surface they are to protect."

The club voted to invite the Singer sewing machine man to meet with

them April 2, to demonstrate the use of attachments and teach them how to care for and adjust sewing machines.

Mrs. Queenie Vise and Mrs. W. H. Lee served refreshments to the following members: Mesdames Clarence Zybach, Cliff Sivage, J. L. Smith, Wm. Lohberger, N. M. Tipps, J. F. Hunter, Jno. McCarroll, Lloyd S. Childress, C. H. Candler, John Zybach, Viola Mathews, Josie Greenhouse, Adrian V. Rea, Sam Standlee, and Misses Viola Jones and Edith Ashley of Wheeler.

Next meeting will be on March 19, at 2 p. m. An AAA program will be given. Visitors welcome.

Busy Bee Club Meets

The Busy Bee Home Demonstration club met Thursday, Feb. 21, at the country home of Mrs. Cleo Gaines. After a brief business meeting, roll call was answered by naming fruits that I would like to raise on my farm. Grafting fruit trees was the subject of a very interesting round table discussion. The hostess served a delicious plate lunch to Mesdames C. M. Hampton, C. C. Robison, G. D. Roper, E. H. Herd, J. H. Richards, H. H. Herd, C. Bradstreet, J. E. Willard, J. B. Crowder, A. A. Henley and W. E. Collins. The club meets March 7, with Mrs. C. M. Hampton.

Davis Club Report

"Always stuff and size twine or hemp bottomed chairs and allow to stand for 36 hours before using", said Miss Viola Jones, Wheeler county home demonstration agent, to the Davis Home Demonstration club at the Mrs. Claude Nixon home Wednesday afternoon, Feb. 27. "A flaked glue dissolved in water makes a good sizing and excelsior for stuffing," she said.

The federal housing act was explained by Miss Edith Ashley, assistant to Miss Jones.

Those present were: Mesdames Claud Nixon, Floy Nixon, Estella Shinn, Mary Urey, Roxie Barker, Cleo Davis, Josie Sanderson, Alta Lea Merrick and Zura Bullock, members; Mesdames Guy Shinn, Mary Wright and Leslie Kenney, visitors, and the Misses Viola Jones and Edith Ashley.

Next club meeting will be with Mrs. Estelle Shinn, March 13, at 2 p. m. Visitors always welcome.—REPORTER.

Allison Club Notes

The Allison Homemakers club met Feb. 26, with Mrs. McKinley Ball and Ruth Trout as hostesses. Roll call: Fine fruits that I would like to raise on my farm. Mrs. Ball read a paper on Home Orchard. Mrs. Bert Keiper gave a demonstration, Grafting Fruit Trees. The club voted to sponsor the basketball banquet, which will be held the latter part of March.

Members served were Mesdames Lee, Lee George, W. S. McCoy, Warren, McMillin, L. Levitt, Keiper, Lee Kiker, Cecil McCoy, Leuna George, Owens, Wileman, Ball, Abernathy, Copeland, Fred Begert, Ruth Trout, F. D. Smith, Richardson, Byars, M. Levitt, Trout, Hickerson and L. H. Johnson.

The club was pleased to have Mrs. O. C. Lowry, a former club member who now lives at Lubbock; Mrs. Sandy Parsons, jr., and Mrs. Estella Copeland of Greenwood, Ind.

Out of pasteboard and thin wooden boxes, Mrs. Mary Wright of the Davis Home Demonstration club, has built her a closet five feet seven inches long and 23 inches wide.

Two shelves and a long extension rod have been added. The outside is covered with gray paint that they had left from painting their house.

Mrs. Wright was class I wardrobe demonstrator for the club last year, but has moved since her first closet was built, making it necessary for her to build a second one, as she intends to carry on class II demonstration work this year.

An old fashioned four-poster bed is being built from 2x4 and boxing plank for the bedroom of Audrey Kiker, bedroom demonstrator for the Allison Home Demonstration club, by her brother who is doing the work. A combination writing desk and bookcase and a dressing table are also on the way to completion.

Audrey has already hooked a rug for her room. Before completing the demonstration she plans to reverse the door on her closet, oil her floor, add new curtains and paper the walls in her room.

The women's home demonstration club met at the home of Mrs. J. W. Brothers, Mobeetie, Tuesday afternoon, Feb. 26, at 3 p. m. Subject of the meeting was Re-upholstering Furniture. As the roll was called each one answered by telling of an article of home-made furniture they had seen.

Miss Viola Jones, home demonstration agent, put a new bottom of Hong Kong grass in a chair as a demonstration. After songs, prayer and business, Miss Jones gave an able lecture on taking care of furniture, offering many useful ideas on fixing and keeping in repair, ending with the well-known saying, "A stitch in time saves nine." Miss Edith Ashley then made a short talk on the better housing program and gave each one a booklet on the subject.

Those present were Mesdames J. P. Williams, N. J. Tyson, S. J. Hooker, Cliff Elder, the hostess, and Misses Viola Jones and Edith Ashley. Club

will meet with Mrs. S. J. Hooker on March 12.—REPORTER.

Rev. W. C. Cooley of Roaring Springs, Texas, will preach at the local Baptist church Sunday morning and evening. He is coming in response to an invitation by the pulpit committee. All members of the church are expected to attend and visitors are always welcome.

Wheeler Home Ec. Club to Entertain District

Entertainment for Delegates from 15
Towns to Include Health Talks,
Stunts and Banquet

"At the District Home Economics club meeting that will be held here Saturday many entertaining numbers such as special music, talks, songs, stunts and a banquet will be given," states Mrs. Gordon Whitener, sponsor of the Wheeler Home Ec. club.

Club members from 15 of the towns of this district will be present for this school event besides all the visitors that are expected to attend. These towns are Clarendon, McLean, Wellington, Amarillo, Memphis, Lefors, Hedley, Estelline, Groom, Shamrock, Kelton, Claude, Dodsonville, Mobeetie and Wheeler.

After the invocation by Rev. J. Edmund Kirby, welcome addresses will be given by Ida Belle Davis, Wheeler club president; Supt. J. L. Gilmore, and Clyde Fillmore, county attorney.

Other talks will include "Characteristics of a Healthy High School Girl", Helen Gilmore; "How Good Teeth Lead to Good Health", Dr. F. N. Reynolds; "How Good Posture Leads to Good Health," Mrs. R. E. Brazil; "Practical Methods of Protecting Health," Dr. H. E. Nicholson, and "Synopsis of the Health Book," Miss Mildred Thomas, Shamrock.

Registration will begin at 9:30 at the school building. At 10:00 o'clock music will be furnished by Dawn Weatherly and Helen Gilmore. After the talks made by some of the men of the town and several of the girls, Mrs. Bill Perrin will sing for the group.

Beginning at 12:45, stunts will be presented by all the clubs. According to Mrs. Whitener, this will be one of the main features of the day.

At 5 o'clock a banquet, consisting of three courses, will be given in the basement of the Methodist church. Mrs. Whitener states that she wants as many mothers as can be present for this part of the day's entertainment. Miss Viola Jones will act as toastmistress. The program will include a prayer, group singing, reports from various clubs, violin music, a duet by Nerine Young and Nettie Vee Jamison, a reading by Mrs. J. L. Gilmore, and piano music by Mrs. G. O. McCrohan.

The banquet menu consists of fruit cocktail with whipped cream, chicken, dressing, giblet gravy, creamed potatoes, English peas, stuffed celery, cranberry sauce, lettuce salad, hot buns, butter, ice cream, strawberry sauce and coffee.

"We are expecting Wheeler to be well represented at this meeting," states Mrs. Whitener, the sponsor.

JOURNALISM PLAY TO BE PRESENTED MARCH 19

With the opening of spring there comes to the high school auditorium a one-act play, "Who's Crazy Now?" which will be presented by the journalism class on March 19. A variety of other features will be added to make the program about an hour in length.

Proceeds from the play will be used to defray expenses of the journalism students attending the Panhandle Press convention which is to be held in Pampa April 24 and to pay dues to two press associations.

Admission charges to the play will be 10 and 15 cents.

Carlisle Robison Wins Track Meet

Carlisle Robison won the track meet for track candidates only last Friday. Individuals competed for places; Robison had a grand total of 22 points at the end of the meet. Ford Newkirk ran a close second with 21.25 points.

Business men of the town gave prizes for both juniors and seniors. Points were given according to the place the boy won in an event. First counted five points; second, three; third, two, and fourth, one.

Derwood Lewis and O. D. Connor won third and fourth places, respectively.

In the junior event Guy Robison took first with 15.25 points. Louis Havenhill was second, Junior Jamison third and Virgil Greenhouse fourth.

Business houses that contributed prizes for the track events were: Beal, the Tailor, City Drug Store, Royal Drug Store, City Barber Shop, Brazil Variety Store, Ernest Lee Hardware and the shine boy at the City Barber Shop.

MONTH OF MARCH, 1836 AND THIS MARCH, 1935

What were the Texans doing 99 years ago? Did they have any thought about what the Texans of 1935 would be doing in the month of March?

Ninety-nine years ago this March 2 the Texans made their formal Declaration of Independence from Mexico. The same convention on March 16 adopted the constitution of the Republic of Texas. Other happenings of that month were the Fall of the Alamo, the massacre at Goliad and the election of the president of the republic, Sam Houston.

During March 1935 the legislature will probably be trying to decide whether to grant the appropriation for the Centennial celebration at Dallas. The new governor of Texas, James V. Allred, will have been in office two months. He is the thirty-fourth governor of Texas. On March 2, the governor's daughter will be married in the state capitol.

Another Century of Progress. Another step in the advancement of the State of Texas. What will have happened 99 years from the month of March? No one knows what will be happening but some can make

HOME EC. I GIRLS SERVE BREAKFAST TO GUESTS

A family style breakfast was served Thursday morning to Mrs. Levi Reid and Mrs. Troy Shipman, by members of the home ec. I class. Estelle Scott and Mildred Plattor were host and hostess.

The breakfast was served and prepared and all the dishes were washed in two periods. Those doing the work were Myrl Jeter, Lillie Myrl McClain, Delilah Montgomery and Nerine Young.

This is the only breakfast the class will serve to guests but as soon as they start studying luncheons they will serve visitors.

Staff Is Invited to Press Meeting

Inviting the journalism class of Wheeler high school to attend a meeting of the Panhandle Press association, Miss Fannie May and Miss Elsie Mae Johnson, faculty advisor and secretary-treasurer of the association, wrote the Corral staff a letter last week.

They asked the advice of the Wheeler journalism class as to how the program should be arranged, inquiring how the speakers should be chosen and who should be selected to speak.

Gilmore Nunn, general manager of the Pampa Daily News, is offering a loving cup to the best paper in the association. He has not made complete plans for the contest to date but expects to work it out within the near future. Probably some additional prizes will be offered.

Any school applying for membership in the association before the convention and submitting three successive issues of its paper will be eligible.

FAY FICKE EDITS BULLETIN

Fay Ficke, senior, was appointed editor of the Methodist Church Bulletin last week by the Rev. J. E. Kirby. Her duty is to help prepare the bulletins that are delivered to members of the church by the Booster Band.

Fay has been in Wheeler high school two years. She served as president of the sophomore class last year and is at present editor-in-chief of the Corral. In the Brayer, Mo., high school Fay was secretary of the freshman class.

STUDENTS PRACTICE FOR COUNTY LITERARY EVENTS

High school students are training to compete in literary events at the Interscholastic League meet to be held in Shamrock March 29 and 30. Sixteen students are practicing now.

The pupils and events are: spelling, Dorothy Burgess, Estelle Scott, Ruth Faye Garrison, Annie Ruth Denham, Helen Gilmore, Mamie Lee Starkey and Fay Ficke; debate, Travis Jones, LaVeau Cole, Mamie Lee Starkey, Billy Noah, Myrl Jeter, Aline Buchanan and Fay Ficke; senior girls' declamation, Ferrol Ficke, Jonnie Lewis, Rutha Mae Conner, Gladys Warren, Myrl Jeter, and

Improvement Shown In High School Honor Roll

This Six Weeks Six Students Made
A's; Twenty-six, A's and B's;
One, all B's

Showing slight improvement over the last six weeks of school, there are six students on the A honor roll as compared with six for the last six weeks, 26 on the A and B honor roll as compared with 18, and one all B's as compared with one for the last six weeks.

The grades are as follows:

All A's: Ruth Faust, Irene Hunt, freshmen; Parilee Clay, Myrl Jeter, Beatrice Miller, sophomores, and Helen Gilmore, senior.

A's and B's: Margie Bowers, Lois Ficke, Lavell Jaco, Jonnie Lewis, Delilah Montgomery, Mildred Plattor, Louise Veal, Louis Havenhill, Clowes Jones, Huffman Walker, Mansel Womack, freshmen; Bonnie Adams, Wilma Riley, Martha Alice Wiley, Raymond Badley, Chandos Robertson, sophomores; Mazie Bean, Rutha Mae Conner, Estelle Scott, Marvin Montgomery, juniors, and Ida Belle Davis, Mamie Lee Starkey, LaVeau Cole, Theodore Conner, Travis Jones and Fay Ficke, seniors.

Aubrey Warren made all B's for the last six weeks.

PHYSICAL TRAINING BEGUN

Physical education was begun again Tuesday morning. The roll is now called at 8:45 instead of 9:00 and the noon period was shortened 15 minutes. This gives 30 minutes for physical training period.

The girls physical education class has been divided into three groups. Those coming out for volleyball will be under the direction of Miss Winona Adams. Tennis will be directed by Miss Bernie Addison; Mrs. Gordon Whitener and Mrs. J. L. Gilmore will have charge of the girls wishing to enter playground ball.

TELEPHONE CONVERSATION GIVES "CUB" REAL THRILL

"Did you say you were the editor?"

"Yep, the real honest-to-goodness editor of the News-Globe. What I want is a story on that machine-gun robbery that happened down in your parts today."

"I am that little old tailor and can tell you the whole story. It was the most awful thing that ever happened. A man with five machine-guns stuck up one of our cars (a new V-8, too) and took it with about \$200 worth of perfectly good clothes, put the driver out, and left. That's the whole story, mister. Oh! yes, the driver said that if the gangster had not been so small he would have taken his guns away from him. The bandit did not want to hurt him."

This is the telephone conversation carried on between a News-Globe reporter and Theodore Conner about the holdup of one of the employes of Beal the tailor. Theodore says that it is great to talk to one of these men.

WILL YOU WELCOME THEM?

This Saturday there will be a district meeting here of the Home Economics clubs of this district. Fifteen towns will be represented by some of the members of the club with their sponsor. Will the Wheeler people greet these visitors with cordiality and be courteous to them?

In Shamrock many of the business men of the town put posters in their windows welcoming the visitors, whoever they might be. They "come out" for the school entertainments and enjoy the fun with the boys and girls. In other words, they are courteous.

We sincerely hope that the Wheeler people turn out for this big event. They might find various ways of letting the other clubs of the district know what a friendly group of people live in Wheeler. Treat the girls in such a manner that they will want to come again some time.

Parents, friends, merchants, everybody, show the school girls that you are for the school and are backing it and that you want it to be successful by being present at this meeting Saturday. Come out and be a home town booster.—F. F.

WHAT THE WELL DRESSED MAN WILL WEAR

The question arose this spring as in all past years. What will be the most popular colors for men? It seems by consulting style books that all colors will be popular. The wide variety and loudness of the colors has never been equalled. If you want to be stylish get the loudest, greatest number of colors imaginable and you will be in the spotlight.

Here is what a well dressed young man will be wearing: a black Hamburg hat, dark grey flannels with white chalk stripe suit, black blucher shoes, dark blue overcoat, fawn colored gloves, green and white shirt with a white collar, polka dot tie, and a very red flower. A fat man would have an attire consisting of a green hat, a blue and white shirt, a black crochet tie, tan overcoat, brown suede shoes and the ever present red carnation.

For sportswear the young man should have a green light weight pork pie hat, a loud plaid cotton shirt, a knit tie contrasting in color, and ordinary trousers. Another natty combination is a large plaid vest

fore would be outlandish and you will be sitting on top of the world. Look in any colored style book for proof of these statements.—T. C.

THEME OF CENTENNIAL SHOULD BE: "TEXAS—PRIDE OF THE SOUTH"

The people of Texas should be proud of their state. Texas is one of the richest states in the Union. With its forests, mines, manufactures, cotton fields, ports, wheat fields, corn fields, cattle and sheep, oil, and last but not least, the beautiful roads, this state should be one of the most important tracts of land in the world.

Approximately 6,000,000 people inhabit the great state of Texas. It is the largest state of the United States and larger than some nations. Texas produces more cotton than any other state in the union.

Texas has one of the best farming regions in the world. In the northern part of the state can be grown wheat; in central Texas are found the famous grazing lands. The largest cotton fields in the United States are found in the southern part of the state. Also in the southern part along the Rio Grande many kinds of fruits can be grown. This state has some of the richest gas and oil fields in the world.

One of the largest celebrations that the state has ever known will be held in Dallas and other important cities in 1936, Texas' 100th birthday. The main event will be held in Dallas, but other cities will also have attractions that are worthwhile.

A majority of the business men of this town say that the celebration in 1936 is a very good thing. They say that the state would get much publicity, and the other states would see what Texas really is. They believe that the legislature should set aside money to erect markers at all of the historical points, and to beautify the state.

Dr. H. E. Nicholson gave much information on the Texas Centennial celebration to be held in Dallas in 1936. A committee in Wheeler is trying to influence the legislature to do something for the centennial. They have already introduced a bill for \$50,000 to rebuild Fort Elliot near Mobeetie. The bill did not pass. They are now trying to get money to place a marker at that point. This is one of the greatest historical counties of the state.

A one million club has been organized in this section of the state for the purpose of influencing the legislature to appropriate money for the occasion. The name originated because they wish to get one million signatures to present to the house. Any amount that the state can give is what they are asking for. The club wants everyone in this state to think, talk and write "Texas Centennial Celebration for 1936."

The city of Dallas has already set aside \$3,000,000 and is trying to get \$2,000,000 more. The city is now trying to get a \$5,000,000 appropriation to beautify the state and to rebuild some of the old forts. They are attempting to get \$5,000,000 from the national government for the same purposes.

The legislature is not working on the project now but is "scrapping politics". They are expected to go to work again before long.

It is believed that the Texas Cen-

JOURNALISM STUDENTS SEE PRINTING PROCESS

For the purpose of getting a better idea of how newspapers are printed the journalism class visited the office of The Wheeler Times last Friday afternoon.

C. G. Miller, editor of The Times, explained to the class how the different machines worked and what part they did in printing the paper. He also gave definitions for several words and phrases used by newspaper men and reporters. The class was shown how the slugs are made, prepared and set up in the form for printing the paper, and how the machine is operated for printing.

Mr. Miller explained to the class how the errors in printing are corrected and how the type is set up for printing of advertising and bills. He also extended an invitation to the class to visit the plant again in the near future.

TENNIS CLUB MEMBERS FORMULATE NEW RULES

"Know all men by these presents" that the Tennis club has formulated the following rules:

1. The club is for members only.
2. Tennis shoes must be worn on the court.
3. In order not to monopolize the court no player can play more than two matches in succession, a match to be known as three out of five games.
4. If a member can find no other member with whom to play he may invite a visitor, who may play as long as no other club member desires to do so.
5. Visitors must abide by club rules.

Dues to the club are 50 cents per member or approximately three hours of labor on the court.

Those who are qualified members at the present time are: Theodore Conner, Earl Sivage, Parilee Clay, Rutha Mae Conner, Curtis Weeks, Martha Alice Wiley, H. E. Young, Amos Page, Helen Gilmore, Beatrice Miller, Dorothy Tolliver, Bonnie Adams and Miss Bernie Addison, coach.

GRAMMAR GRADE PUPILS START POPULARITY RACE

Starting a popularity contest this six weeks, grammar grade students selected a boy and a girl to represent each of the first seven grades Monday. Votes are one penny each.

At the end of this six weeks the two girls and two boys who have the most votes will compete against each other. The most popular girl and boy will be chosen from these four highest at the end of the last six weeks.

Money made from this contest will be used to buy awards at the end of school.

Those selected from each class to run in the race are: Joy Marie Carter and Chester Stewart Anglin, first grade; Patsy Beal and Jean Hall, second grade; Celeste Wiley and Billie Hix, third grade; Emily Lou Ahler and F. B. Craig, fourth grade; Gordon Tolliver and Alda Lee Coleman, fifth grade; Theodore Cooper and Willodean Mincher, sixth grade, and Geraldine Lewis and T. J. Cole, seventh grade.

TEACHERS GO TO BANQUET

(With Apologies to Odd)

Looking over the study hall—a boy turning red taking several small papers from his book and putting them back again trying to impress people that it was all just a bunch of papers, not notes. Tsk! Tsk! Wilton, your looks betrayed you . . . Louise Veal's bangs add a most softening touch to her personality . . . Aline Buchanan gets to school on time occasionally. The tiniest girl in high school . . . Louise Craig. One is reminded of some kind of automatic machine when the students wish to go to the library the third period of a morning. Almost every hand is raised spontaneously. Each tries to go to the library in order to have access to any book which he wishes to read. If he is last he may not get the desired book.

Almost everyone that passed Mamie Lee when the 3:15 bell rang the other day caught hold of her hair and gave it a "yank" . . . It is understood that Nerine and Parilee had heavy dates the last Saturday night in February . . . I imagine many pairs of trousers are worn out each year sitting on the curb in front and by the side of McIlhany's grocery store . . . We should have some excellent tennis players; the reason . . . because of their loyalty; they play during the typical West Texas "rains".

Marilyn Wiley, an ex-student, collects all kinds of dogs. Every time a member of her family sees an unusual species, he buys it and sends it to her. These dogs are made of many different kinds of metals and china. In all, her collection amounts to some thirty or forty dogs.

This Time Last Year

Elizabeth Joss entertained the senior class at her home with a party Wednesday evening.

The junior class presented their play, "The Simon-Pure Simpleton," Thursday night at 8 o'clock in the Wheeler high school auditorium.

Try-outs for the one act play which is to be presented at Mobeetie at the Interscholastic League meet will be held some time in the near future.

The juniors presented a part of their play as a chapel program last week.

Basket ball season ended for this year with the Wheeler girls and boys winning over Briscoe. The boys' score was 14-10; the girls' 28-13.

SENIORS PLAN TO MAKE CARLSBAD CAVERN TRIP

Planning to make a trip to Carlsbad Caverns in the near future, the half holiday, which was won by the seniors at the faculty play "Fuller's Folly," will be taken at that time in order to make their stay a little longer.

The merchants of the town helped make it possible for the class of 1934 to make the trip. The seniors of this year are hoping for the financial cooperation of the business men and

Track came in with a bang last week and prospects for a good team are looking pretty fair now. If several of the track men improve as much in the next two weeks as they have in the last week Wheeler will shatter a few records in the county meet. Not only the senior track candidates improved but the juniors have done likewise.

I have not heard a word about a gymnasium in about two weeks. Two or three weeks ago all you could hear was something about a gymnasium. I guess because basketball season is over the talk of a gym has blown over too. Another basketball season is coming next year but I hope they do not wait until next year to talk about a gymnasium. I think it is time something was done about this.

If the sand keeps blowing around here there won't be enough solid ground in Wheeler county to build a gymnasium on. But I guess we can't do anything about this dreaded disease or whatever it is. If we could stop some of this land that is moving about in the air and sell it, we would have more than enough money to build a gymnasium.

Coach Clark says that if he can get a good relay team that can run the mile in good time he will take them to Fort Worth to run in the relays at the Fat Stock show. That is, if he can get enough money to finance the trip. According to the coach several of the boys show signs of developing into good 440 dash men. Wouldn't it be something if Wheeler could enter the relays down there and win. Boy! Oh! Boy!

Wheeler should have a good junior girls indoor baseball team this year. Most of the girls in high school have played baseball all their lives and are good players too. I will try to find out more about the team and give you some first-hand information soon.

Mark, my word, folks. Watch the grammar grades track team go places in the county meet. They are plenty good for their size. They are working hard in preparation for the meet and I believe that there are big things in store for them.

You need not read any more of this trash, as our English teachers call it; this week.

25 NEW BOOKS BOUGHT FOR HIGH SCHOOL LIBRARY

Mrs. J. L. Gilmore bought twenty-five books for the high school library this week at a cost of \$18.60.

HOME ECONOMICS CLASSES RECEIVE 3 NEW BOOKS

Three new reference books have been ordered for the home economics class by Mrs. Gordon Whitener. The P.-T. A. donated \$5 with which to get these books.

They are: The Family and Its Relationships, The Buttered Cook Book, and Hand Book for Positive Health.

This brings the home economics library up to the standard set by the district supervisor.

COLTS

For the purpose of raising funds to buy awards to be given to honor students and best sports, the grammar grades are sponsoring a popularity contest. Each grade will appoint one boy and one girl to represent it in this movement. Four golden baseballs and 21 medals will be purchased to be distributed at the end of school.

Under the direction of Mrs. C. J. Meek, the fourth grade gave a short program during assembly period on Monday morning. Dr. H. E. Nicholson was to give a talk but was not present. A demonstration of first-aid, given by the Girl Scouts, a reading and a song by Mrs. Meek were the features presented. The assembly sang songs before going back to classes.

Last Friday night in the high school auditorium a 20 minute program by each of the grammar grade classes was offered the public. After the class entertainment a pie eating contest was held. Of the first, second, third and fourth grades Mary Janell Crowder, second grade, won first place. Of the fifth, sixth and seventh grades T. J. Cole received first place. T. J. represented the seventh grade.

SAGE BLOOMS

An Imaginary Letter

Sleepy Hollow, N. Y.

Dec. 17, 1850

Dear Mary Anne,

The queerest thing happened in our village. You have heard of the Widow Winkle whose husband went hunting and never returned? She is dead now and her two children are married. Her husband, or a man claiming to be, has returned and is telling a very queer tale. Of course I don't believe it but I will repeat it for you.

He says that 20 years ago he went hunting. He hunted all day but having no luck, he decided to spend the night where he was and continue the hunt next morning. It was almost dark when a queer little dwarf carrying a keg of wine came by. When asked where he was going he said that there was a party just over the hill and asked Rip Van if he wanted to go. The two started off together. When they came to the mountain, they were all drinking the wine. Rip Van drank some and it caused him to go to sleep. He slept for 20 years and when he awoke he did not notice anything different except that his gun was rusted and that Wolf, his dog, was gone. His beard was fully a yard long and he was dressed in the most ridiculous clothes I have ever seen. He came on down into the village. He had never heard of the Revolution or the Whig party.

Father says he doesn't know whether to believe it, for it sounds so absurd.

You may not think that this story is true, but that is how it was told me.

MRS. LEVI REID DONATES GIFTS TO HOME EC. ROOM

When she came to the breakfast served by the home economics I class last Thursday, Mrs. Levi Reid brought some needed equipment for the department.

She donated two mixing bowls, a cream and sugar set, six coaster dishes and two cup towels for use by the home economics I and II classes.

"These articles were greatly appreciated by the entire club," states Mrs. Gordon Whitener, instructor.

Corral is Classified in I. L. P. C.

In order to classify The Corral for its entrance into the Interscholastic League meet, a letter requesting information on the enrollment of the school and the editing of The Corral was received from the state department of education by Miss Bernie Addison, sponsor. A card with the desired information was immediately mailed.

RAMBLINGS ON THE RANGE

Lorene and Irene Mincher were absent from school the first of the week.

Beatrice Miller, Carlisle Robison, Helen Gilmore and Theodore Conner attended the preview in Shamrock Saturday night.

Ella Pearl Starkey spent the weekend visiting friends in Allison.

Nerin Young visited in Perryton Sunday.

Jonnie Lewis spent the week end in Laketon.

Dorothy Tolliver and Bonnie Adams spent Sunday afternoon in Kelton.

Viola Lamb was absent from school Monday.

Julia Lou Tinney shopped in Shamrock Saturday.

Florence Wright visited in Sandy Basin Sunday afternoon.

James Passons and Wallace Pendleton are attending the fat stock show in Amarillo this week.

J. B. Reynolds of Oklahoma City enrolled in school Monday as a sophomore.

Lavell Jaco was absent from school last week on account of illness.

CAUGHT in the LASSO'S NOOSE

Some of the high school boys have been playing marbles with the grammar grade boys and I hear that the smaller boys are winning.

Late Thursday, Miss Adams made the following statement in her civics class, "State teachers colleges teach teachers to teach." Alliteration did you say! Another statement made by her was, "Learn how to take notes because that is what college is." A bright senior spoke up and said, "You get demerits for taking notes here!"

Miss Addison asked the English III students to write a theme on "A Panhandle Sandstorm". The students wonder what gave her the idea that we had sandstorms in the Panhandle.

Ford and Buster have gotten so lazy that they bought them some slippers with buckles on them so they wouldn't have to lace them up.

LaVeau is using cherry hair oil now. One day last week, Earl made a mistake and used some of LaVeau's oil. Had you noticed his hair being sorta' red?

Rutha Mae asked one of her friends last week, "Would my tam look better on me if I took it off?"

Isn't it a shame but what D, E and F stood for dandy, excellent and fine? I hear most of the English IV students would be honor pupils.

Carlisle had to write the news story about the journalism class visiting The Wheeler Times news plant. 'Tis rumored that he had to interview Mr. Miller and also Miss Miller. Ella Pearl and Mamie Lee have been making up so much here lately.

Bits of Early-Day History About Texas

(This is one of a series of articles taken from the Bexar archives at the University of Texas. This collection, considered the greatest single historical treasure on the North American continent, has been catalogued and is now being translated by the university and supplied to the press for publication).

SERIES II, No. 6

That religion is firmly imbedded in the foundation of every nation, state or colony, and in the hearts and lives of its people, is an accepted truism. The colony of Anglo Americans who settled the territory of Texas under the leadership of Stephen F. Austin was no exception, it is clearly revealed in some of the letters members of the colony wrote to their relatives "back home" and which are now deposited in the family archives collection of the University of Texas library. The fact that Austin was required to promise this his settlers would accept and support the Roman Catholic faith, and that this creed was embodied in the oath that each colonist was required to take, was doubtless regarded with a great deal of dubity by families of other faiths. It remained, however, that this obligation was not enforced; so long as the colonists disported themselves properly their religious liberties were not curtailed in any way.

A letter in the Ingram collection of family correspondence in the university library, written by Ira Ingram to his uncle, Roswell Ingram, Fort Covington, Franklin county, New York, from Austin's Colony, May 28, 1830, is devoted almost in its entirety to a full and well-rounded essay on the religious situation in the colony. For this reason, it is quoted practically in full:

"As Col. Woodbury informs me that you are a zealous professor of the Christian religion, and as that class of citizens are generally very tenacious of privilege of 'religious liberty,' I will here dedicate a line or two, to the statement of facts on this subject," he wrote.

"The Roman Catholic is the religion, and the established religion of this government—and every settler in the colonies is obliged to take oath to support the constitution of the government which protects his life, liberty and property and guarantees to him the right of the pursuit of happiness—of course, the oath includes an obligation on the part of the settler in any part of the Mexican republic, to support the established religion. But the most important enquire is, what are the effects of this provision of the constitution, as developed in American Texas? The answer to this question is, that it exempts us entirely from the shameless strifes and animosities, too often the offspring of a well-meant zeal for the cause of true religion, and invariably the handmaid of intolerant fanaticism.

"We hear no ravings, we see no romplings, or indecorous and indecent exhibitions under the cloak of a religious assemblage, either by night or day; no sanctuaries are polluted by unholy intrusions and desires; for we have no sanctuaries but private ones, and here, all are perfectly free

"This kind of worship is practiced in every family that desires to practice it, and might be common to every one in the country; for there is not a priest in this colony, nor an officer of government civil or military, with one exception, that is not elected, and elective by the people of this municipality. This officer, is the collector of the customs, lately appointed, and now settling among us.

"On the subject of freedom of religion, and religious worship, there has never yet been any restraint to any settler, either by the government or by officers . . .

"Why, then, it will be natural for you to enquire, have we an established religion? The reply to this enquiry, and it is the best of all good reasons because the Mexican nation at the adoption of the constitution of the general government, knew no religion but the one they adopted. I say the nation knew no other nor did they—but there were a few master spirits here, as well as in other countries where liberty has struggled to find a home, a few truly intelligent and liberal minded patriots who knew, and who appreciated too, the satisfactory influence of toleration. These spirits and these patriots were obliged to concede something to the physical mass of the nation, to secure their political independence. This something was, their religion—here was the mighty compromise—a nation freed from the bondage of centuries, on the cheap condition of being permitted to retain a name. Where is the patriot citizen and philanthropist, who does not exclaim, on hearing this, Victory! !

"Unless this point has been conceded to the prejudices of the populace at the adoption of the constitution, the revolution must inevitably have relapsed. To protect the nation against so dreadful a crisis, the convention which adopted the constitution, although as private individuals, they were to a man, in favor of toleration, in its broadest sense, they nevertheless honestly thought the happiness of their country required of them the adoption of the Catholic religion, to the exclusion of every other—for this reason it was adopted; for this reason, the Roman Catholic Apostolic religion was guaranteed to the nation by the fundamental law of the land. And is not this an insurmountable argument? What higher argument could be offered, for what we, and very many others deem a deformity in our political system, than, that the repose and tranquility of seven millions of human beings, required it?

"Having taken no part myself in the events which paved the way for the glorious day when the cry of liberty and independence was echoed from every mountain, and along every valley of this extensive republic, I have no pretensions to any experimental knowledge respecting them. But my good or bad fortune, call it which you please, has made me the intimate and bosom companion of some who acted a conspicuous and patriotic part throughout the great, and I might add, the purifying storm of the revolution. Some of these still hold and occupy high and important trusts.

"From them, I have gleaned from

days and hours that tried the head, and tested the heart of every real, and every pretended friend of the cause of freedom . . .

"From them during the hours of relaxation from business, I have caught some knowledge of men, and of measures, in this new-born world, and have been taught to set an estimate, either just or unjust, upon the motives which influenced the career of many of the distinguished sons of Mexico.

"And on the subject which I now perceive, is likely to engross your attention to the end of this letter, I have long since been fully persuaded, that, had I been a member of the convention which fashioned and adopted the constitution of the Mexican government, I should have given it my vote, and my hearty support, in, and out of doors. Yes—with all my prejudice in favor of religious freedom about me, and with all its imperfections clinging to it, I should have voted for the present constitution, persuaded that it was the best, all interests reconciled, and all predilections surrendered, that the circumstances of the time would permit.

"As to the American settlements in Texas, they have never been required to conform to the rites and ceremonies of the Catholic religion, or to those of any other; nor have they been prevented worshipping in any way they please . . .

"In short, the American who dreams even, of a community of his countrymen in bondage, either political or religious, knows but little of their true character. I see, however, we have nothing to complain of, we have nothing to fear—on the contrary, we have, and daily enjoy more to excite our deepest gratitude towards the government of our adopted country, than any other people on earth.

"We have received large donations of the most rich and productive lands on earth, in one of the mildest and most enviable climates of the habit-

able world, elect all our own officers, civil and military; are exempt from all taxes for the support of government, are eligibly situated for prosecuting a commerce with all the nations of the earth, have live oak enough to rebuild all the shipping in the world, if it were sunk this moment, and already have the base of an American population planted here which never can be extirpated, to the last day."

Dixon News

(Bonnie Reeves)

Work has started on the comedy-drama "Deacon Dubbs," to be presented in the Dixon school auditorium Thursday, March 14. The cast includes: Deacon Dubbs, W. W. Brister; Amos Coleman, J. T. Ward; Rawdon Crawley, Lee Slagle; Major McNutt, J. F. Cook; Deuteronomy Jones, Derrel Slagle; Rose Raleigh, Mrs. Brister; Emily Dale, Eunice Strawbridge; Trixie, Ida Lou Ward; Miss Philippa Popover, Fern Cook; Yennie Yenson, Faye Thomas. The play is an old time comedy, sponsored by older members of the Boy Scouts, assisted by their sisters. Mr. Brister is the director.

Corn Valley was our guest last Friday with double-header ground-ball games. The boys lost by a score of 6-10, while the girls trounced the C. V. team 24-27. There was a large crowd at the games. We enjoyed having the visitors and invite them back. Jim Selby was umpire for the boys' game and Miss Madge Richerson, teacher of Corn Valley, umpired the girls' game.

Geography books are being made by the fourth and fifth grades. Study of the old countries is being done through pictures and news articles from the respective places. Much interest is being shown in this project. The first to complete their book was a fourth grader, Laverne Roberts. The school census is being taken in this community. The trustees are doing this work. They are Lee Roberts and Doyle Standlee.

Mr. and Mrs. Ernest Burgess and family of Mobeetie were visitors in the Bruce Boren home Sunday.

The club girls, their sponsor and several parents spent last Saturday in Wheeler, where they put on a program.

Mr. and Mrs. S. W. Williams spent Sunday with Mr. and Mrs. Pierce Walker.

Miss Robinett Ridgway spent last Friday night with Lucille Grant.

The F. H. Boren family visited in the Roberts home last Sunday. Jesse Slagle and Gilbert Thomas spent Saturday night with Guy Baird of the Mt. Zion community.

Faye Thomas and Bonnie Reeves spent Friday night with Mrs. Brister.

Mr. and Mrs. Newman were business visitors in Shamrock Saturday afternoon.

Several were absent from school Monday on account of sickness.

Mr. and Mrs. Brister attended church Sunday night at the Baptist church in Briscoe.

Work is progressing nicely in the county event practice. Few have been eliminated, while most are still in the race to see who gets to go to the county meet.

Primary students are studying March traits by making kites.

Work has begun on a negro minstrel in the upper grades. It will be given near the end of school.

Corn Valley News

(Miss Ruth Foster)

Mr. and Mrs. Hunter and daughters and Mrs. Fannie Taylor shopped in Pampa Wednesday of last week.

The Corn Valley boys defeated the Dixon boys in a game of playground

ball at Dixon Friday afternoon. The score was 10-6. In the girls' game the score was 22-21 in favor of Dixon. Dixon is expected here next Friday for another game.

A group of friends enjoyed a party at the home of Miss Lois Farmer Friday night.

Following an extended period of poor health, Grandma Tatum passed away Saturday, March 2, at the age of 94 years. The deceased was the mother of Mrs. F. H. Ing and had made her home with her daughter in this community for several years. She is survived by a host of relatives and friends.

A number of people from Corn Valley shopped in Wheeler Saturday.

Mrs. Clifford Walsh and little son and her mother, Mrs. Charlie Thompson, spent Saturday with Mrs. Bill Cross in Wheeler.

Mr. and Mrs. Dick Cain of Briscoe spent Sunday of last week with Mr. and Mrs. Carroll McClennan.

Mrs. M. E. Red has been visiting her daughter, Mrs. Bill Christian, in Durham, Okla.

Mrs. J. H. Creekmore, who has been ill at the Gaines hospital in Wheeler with influenza, is greatly improved.

Mr. and Mrs. Ebb Farmer had as Sunday guests Mr. and Mrs. Archie Crane, Mr. and Mrs. Jack Beck and children and Mr. and Mrs. Shelby Pettit and children.

Mr. and Mrs. Ed Uselton of Dodsonville were visitors in the Carroll McClennan home last Sunday.

Misses Ruth and Madge Richerson and Ruth Foster were Sunday dinner guests in the E. E. Farmer home.

A number of young people of this community enjoyed a trip to the caves near Shamrock Sunday afternoon.

Sunday school was well attended Sunday, with several new members added.

On Saturday, March 2, Miss Buena Lester and Johnnie Red were united in marriage. Both Mr. and Mrs. Red are well known in this community and are a popular young couple. Immediately after the ceremony they left for a trip to Canyon and other points west. Their many friends wish for them a long and happy married life.

Clarence Robinson and W. Veale returned Sunday from a five-day business trip to Fayetteville and Rogers, Ark., and other points of interest.

Mrs. J. M. Miller and her daughter-in-law, Mrs. Elmer Miller, and two children of Myrtle were in Wheeler Monday to consult a doctor concerning the health of the former, who has been ill since Nov. 15 with flu and pneumonia.

T. M. Britt of Wheeler County is Member of Executive Committee of Conference

Superintendent C. H. Dillheay of Hereford, working with President J. A. Hill of the West Texas State Teachers college, has finished arranging the program for the general sessions of the Northwest Texas Conference for Education which will meet in Canyon March 22-23.

The first day of the conference will be concurrent with the annual conference of the eighth district Parent-Teachers association and it is expected that 1,500 school people and laymen will be present to hear Dr. Earle U. Rugg of Colorado State Teachers college, whose subject will be "Needed Changes in Civic Education" and Dr. Harry A. Scott of Rice Institute, Houston, whose subject will be "The Place of Health and Physical Education in the New Curriculum."

Others who appear on the first day's program are Mrs. M. A. Taylor, state director of education for the P.-T. A., Dr. J. A. Hill of Canyon, Superintendent H. D. Fillers of Wichita Falls, Dr. Bradford Knapp of Texas Technological college, and Tom Garrard, member of the state board of education.

On the second day of the Conference Dr. Rugg will appear again together with Dr. Fred C. Ayer of the University of Texas, Dr. T. D. Brooks of Texas A. & M. and State Superintendent L. A. Woods of Austin.

T. M. Britt of Wheeler county is one of the lay members of the executive committee of the conference.

At 9:15 Saturday morning, B. T. Rucker, Wheeler county superintendent of schools, will talk on the subject: A Regional Library for The Panhandle.

WOMEN'S QUILT EXHIBIT SHOWS AGED HANDIWORK

The Baptist Women's Missionary union gave a silver tea and quilt fair Friday afternoon, Feb. 22, in the basement of the church, when nearly 50 quilts, quilt tops and bedspreads were exhibited. Examples of both modern and antique handiwork were shown.

A rosebud quilt, pieced by an 11-year-old girl, Ruthie Ann Winn, has quite a romance attached. The pieces were cut with the use of a compass by a school teacher several years her senior, Mr. Durham, whom she later married, and they were the grandparents of Mrs. T. P. Morton of Wheeler. The quilt is 90 years old and is still in excellent condition.

Mrs. H. Flanagan exhibited a beautiful blue and white hand woven bedspread made from home carded, dyed and spun wool. The date, 1851, is woven into the material.

Mrs. Jimmie Mitchener displayed the only quilt with a home spun lining. It was pieced in a tiny star design 75 years ago. Mrs. Flanagan also exhibited a 75-year-old quilt. Among the modern quilts was a flag pattern, made by Red Cross members at Shamrock during the World War, and sold to the late M. L. Gunter, Sr. Also a number of beautiful new quilts, copied from old designs, were displayed.

Mrs. J. N. Green, Mrs. E. W. Carter and Mrs. Lee Guthrie were the active hostesses.
