WHEELER, WHEELER COUNTY, TEXAS, THURSDAY, MAY 2, 1935

THE COUNTY SEAT NEWSPAPER

## Saturday Is Closing Date Be City Trades Day Campaign

heeler's 65-day Goodwill Program to Reach Climax Late Saturday Afternoon With the Big Event—Merchants Offer Many Specials for the Day.

That event toward which many Wheeler shoppers have been looking for the past nine weeks, is scheduled to reach a whirlwind climax here Saturday afternoon. At that time, before a crowd which is expected to surpass in size anything seen in Wheeler for many a day, the final act will be presented. Every shopper throughout the Wheeler trading area—and even beyond—is familiar with the schedule followed during the past 65 days in the Trades Day and Goodwill campaign sponsored by Wheeler merchants and business men. The peculiar advantages and inducements known to the general public. To enumerate them here would be largely a repetition of what has been reprinted concerning the entire program.

Those who have qualified to participate in the big event Saturday afternoon, will be on hand, of course. Others who have not done so as yet, may qualify at any time previous to the "big event." Any Wheeler merchant will be glad to explain the position in detail.

Interest on the part of the buying public has been splendid during the entire period, with a very satisfactory response to the invitation to shop in Wheeler and profit thereby. The 40 Wheeler firms sponsoring the Trades Day and Goodwill campaign wish to express their appreciation to the people of this region for the fine support and patronage it has been given the fortnightly events. This support and patronage contributed largely to the campaign's success.

In evidence of their continued desire to serve the people, many extra sales are offered for Saturday as inspection of the advertisements other pages of this newspaper show.

### Doug Sims Named Rural Supervisor

Word reached The Times late last week that D. G. (Doug) Sims of Motley, had been appointed rural supervisor for Hale and Floyd counties, with headquarters at Plainview, and left for that place Wednesday to assume his duties. Sims succeeded T. K. Brannon, who had been supervisor at Plainview for the seven months.

Brannon was transferred to Wheeler county and was making preparations to take over the work this territory when news of his appointment as district supervisor of the Panhandle counties was made known to him. His headquarters will be at Amarillo. He left for that Monday.

It is reported that A. Monroe, relict director in Wheeler for some time, will be transferred to Wellington as soon as he is able to work following a two weeks illness.

It was learned today that G. C. Kiley of Shamrock, has been named as supervisor for Wheeler county.

### NOTHER STORE FOR THIS CITY

ter's Department Store to Be Moved to Former Wofford Location Here

According to information disclosed by relatives of the men, George and Dennis Porter of Mobeetie expect to move their departmental general dry goods line, to Wheeler within the next few days.

Mobeetie store was established about two years ago and has been in operation since the closing of the C. N. Ford Estate dry goods establishment here recently, the location was taken by the Mobeetie store.

Mr. and Mrs. Porter have enjoyed a very satisfactory patronage in the west county town, but feel that with opening now afforded in the city seat it will be to their advantage to seize the opportunity.

George and Dennis Porter are sons of Mr. and Mrs. G. W. Porter of this, and brothers of Nelson Porter, the Citizens State bank.

A. Clepper of Briscoe, was in Wheeler Tuesday trading.

### An Editorial

#### CREDIT TO WHOM CREDIT IS DUE

Perhaps this is neither the time nor the place to start a mutual admiration society, and if it were, such would not be the intention of the writer.

But a bit of credit where credit is due can do no harm. Reference is made to the winning, last week end, by the Wheeler high school journalism class of first place in the Panhandle High School Press association on its entry of the school publication, The Corral. That competition was keen as evidenced by entries from high schools in such towns as Canyon, Borger, Amarillo, Pampa, Tula, Hereford and others.

Without in the least detracting from winnings made by other departments of the Wheeler school, it is only fair to accord the journalism students and their teacher, Miss Bernie Addison, highest acclaim upon their achievement.

Next in order, perhaps, tribute should be paid to the business interests of Wheeler who, by their patronage, make possible a "home-town" newspaper, The Wheeler Times. Publishers, like other folk, must eat; printing offices, like other business places, must have patronage in order to exist. Whether the amount of business placed with The Times is commensurate with its service and value to the community, is a question for each business man to answer for himself.

Certain it is—regardless of how fine and excellent the literary output of the journalism class might be, if there was no "home" paper in which to print their writings, the chances of winning would have been greatly reduced.

Then, The Times, with all due modesty, takes unto itself a share of the credit for the success attained by the journalism class. Again, almost regardless of the inherent merit of their material, had it not been presented in an attractive form—the half size page style employed since the first of the year—their chances of winning would have been less.

The Times has striven, though at considerable extra cost, to print the school paper in an attractive, clean, readable form. Having contributed this much to the outstanding accomplishment of the journalism class, 1935, of Wheeler high school, the management of The Times rests content in the consciousness of a task well done.

### FLYING SQUADRON SPEAKER COMING

R. S. Middleton of Indianapolis, known throughout the country as the veteran advance man of the Flying Squadron Foundation, is again in these parts. He appeared in Wheeler Wednesday, offering the services of Miss Norma C. Brown of Bloomingdale, Ill., vice president of the organization, for a public address on the "Oncoming War with the Liquor Traffic."

Local friends of the prohibition movement were quick to recognize the opportunity and arranged for a gathering to be held at the First Methodist church, Wheeler, on Tuesday, May 14, at 8 p.m.

Miss Brown is nationally known as a lecturer. It is said that her discussion is comprehensive and illuminating, free from shallow emotionalism and vituperation. She is speaking daily in behalf of the Texas Dry Law.

The local churches and citizens are co-operating in the meeting here May 14, and cordially invite the general public to the affair, which is in the nature of a community gathering.

### Birthday Party

Mr. and Mrs. Jim Risner entertained with a party Sunday afternoon, April 28, the occasion being the 8th birthday of their son, Henry Ford.

After a number of outdoor games were played, refreshments were served to W. E. Pennington, Robert Bean, Tris and Odous Hooker, Ray McClain, Marion Lee Guthrie, Eddie B. Witt, Adair and Scotty Risner and the honoree Henry Ford.

Funeral services were conducted Saturday afternoon by Rev. A. C. Wood at the Baptist church, with burial in the Wheeler cemetery. All of the children except one son, Sam Jones, were present.

The Wheeler Funeral Home had charge of interment rites.

### HIGH SCHOOL STUDENT SUFFERS INJURY TO NOSE

Ford Newkirk, Wheeler high school student and member of the football squad, suffered severe injury to his nose late Wednesday evening during a practice game. With an apparently ruptured blood vessel in the organ, Newkirk lost considerable blood before the hemorrhage could be checked. It is stated that he had complained of pains in his head before going out to play. This condition likely contributed to the severity of the attack, it is said.

He was reported as resting easy this evening at the Wheeler hospital, where he was taken for treatment.

### Peggy Page and Bud Pevey Wed Thursday

A wedding of community-wide interest was that of Miss Peggy Page and W. L. (Bud) Pevey, which occurred Thursday evening, April 25, at 8:15. Rev. H. V. Hendry, pastor of the Church of Christ, read the beautiful and impressive ring ceremony in the presence of only intimate friends of the contracting parties.

The bride was charmingly attired in a tearose silk crepe gown with white accessories. The groom wore a dark business suit.

Mrs. Pevey is the youngest daughter of Mrs. J. A. Page, and a granddaughter of Mr. and Mrs. C. H. Clay of Wheeler. She attended two years in the grades and graduated from Wheeler high school in 1930. The following year she attended Amarillo Junior college, and has had two years at W. T. S. T. C., Canyon.

During her high school days she was a member of the pep squad, also the home economics club, and played on the basketball team, three years of which she was captain. For the past year Mrs. Pevey has been associated with her mother at the C. H. Clay store.

Mr. Pevey is the son of Mr. and Mrs. J. T. Pevey of Woodson, Texas, where he lived for a number of years. After completing high school he accepted a position with the Elliott-Waldron Abstract company in Panhandle and Longview, coming in February, 1934, to Wheeler, where he has been employed at the Wheeler Abstract office, operated by Harry Wofford. His resignation became effective Saturday.

Mr. Pevey will join his uncle, George Eden, at Woodson and assist him with his business. Mr. Pevey made many friends during his stay in Wheeler who will regret to see him leave here.

Mr. and Mrs. Pevey left Saturday for their new home at Woodson, by way of Panhandle, where they spent the night with relatives. Best wishes of a host of friends, for a long and happy wedded life, go with the young couple.

### PEOPLES STORE STAGING ITS THIRD ANNUAL SALE

Following its usual custom of staging a clearance sale along about this time of year, the Peoples Store, Don Fisher, manager, this week has announced the third annual event to open Friday morning. A page advertisement in this issue of The Times gives details and prices.

### Aged Wheeler Man Is Victim of Pneumonia

W. D. (Grandpa) Jones, 77, died Friday after a brief illness of flu and pneumonia at his home in the east part of town, where the family has made its home since leaving the farm north of Wheeler, where they lived for several years.

William Dennis Jones was born Oct. 11, 1857, in Alabama and died Friday, April 26, 1935, in Wheeler, Texas, at the age of 77 years, six months and 15 days. He was a farmer and followed that occupation until a few years ago, while a young man he joined the Baptist church.

In 1880 he was married to Miss Mary Francis Barker. To them 12 children were born, eight sons and four daughters, all of whom are living except one son, who died in infancy.

Besides his wife he is survived by 11 children: Mrs. C. W. Darter and C. L. Jones, Childress; A. A. Jones, Wheeler; M. D. Jones, Edinburg; G. H. Jones, Tula; Homer Jones, Wheeler; Mrs. E. F. Coward, Gatesville; Sam Jones; Mrs. H. V. Reeves, Wheeler; Eddie Jones, Gatesville, and Mrs. Alfred Talbot, Wheeler, and 50 grandchildren and six great-grandchildren.

Funeral services were conducted Saturday afternoon by Rev. A. C. Wood at the Baptist church, with burial in the Wheeler cemetery. All of the children except one son, Sam Jones, were present.

The Wheeler Funeral Home had charge of interment rites.

### District Court Has Busy Criminal Week

#### Jury Awards Suspended Sentences in Two Cases—Several Pleas of Guilty Entered

Starting off the week's session of criminal hearings, Monday morning, when a jury was selected to try the case of Elbert Isaacs, Shamrock, good progress toward lightening the docket was made before court adjourned late Wednesday for the remainder of the week.

Isaacs, charged with poisoning flour which was used in the home of his wife's parents, was given a five-year suspended sentence. The verdict was brought in Tuesday.

The second jury trial was that of Herbert (Red) Harris, of Shamrock, who received a five-year suspended sentence for burglary of the Landrum service station in the south part of the county. Norman Stayton, second of three men charged with complicity in the same violation, entered a plea of guilty Wednesday afternoon and was given a similar penalty, five years, suspended by Judge W. R. Ewing.

Upon pleas of guilty, the court assessed penalties in the following cases:

O. B. Turner, two years for aiding prisoners charged with felony to escape from officers. Turner also received a two-year sentence on a theft charge.

Ray Fisher drew a five-year term for robbery.

J. W. Hooker was given five years on a plea of guilty to the charge of robbery in connection with the taking of a car following a jailbreak here several weeks ago. He received an additional two years for aiding prisoners to escape.

Johnnie Cloke, implicated in the same affair, was assessed five years on the robbery charge, two years for burglary, and a five-year sentence, suspended, in the April term of court on a forgery charge, declared effective.

Hazel Crowder and Odean Jones drew three-year suspended sentences on pleas of guilty to burglary.

Next week's court session will be devoted to civil cases, subject to criminal. A liquor case and a theft charge remains to be heard on the criminal docket.

The jury was dismissed Wednesday for the remainder of the week, with the judge going to his home in Pampa late that evening.

### Wheeler Ice Plant Completes Repairs

Completion of a general overhauling and repair work on the Wheeler Ice company plant is announced this week. Cold storage facilities have been provided in the plant and other improvements made (or in progress) that will make the plant fully modern and greatly improve its service. D. H. Crofford is local manager of the plant.

C. S. Hunt, district manager for the Hill-Anderson company, was here today checking up on the work and outlining the future program.

### SEASON'S TEMPERATURES PROVE VERY DECEPTIVE

Generally speaking, folks gauge temperatures largely by the season of year rather than actual figures. When comparisons are made for the past three months, some surprising facts are found.

According to figures obtained from the weather bureau at Amarillo, which very closely approximates Wheeler county conditions, the average mean temperature for February was 43.3. For March it was 53.1 and April, 56.8. All of which shows February to have been considerably above seasonal normal, while the other months were about right.

When clothing and fuel are considered it would naturally be assumed, without considering actual figures, that use of the former and consumption of the latter should be much less as the days advance. Due to the negligible difference however, less than nine degrees higher in March than February, such has not been the case. Gas consumers might find some explanation for their apparently high bills in the above.

Moisture, records at Amarillo show: February, .22 inches; March, 1.14; April, .5. Snow in February measured 1.2 inches and 4.9 in March. That region is ahead of Wheeler on moisture for the 90-day period, especially snow.

Mrs. R. E. Brazil and Mrs. Jim Trout motored Saturday to Shamrock. They were accompanied home by the former's mother, Mrs. J. R. Carver, who visited until Sunday afternoon at the Brazil home.

### Masonic Meet Monday Night

Harry J. Garrison, master, announces that a stated communication of the Wheeler Masonic lodge will be held at the lodge rooms Monday night, May 6. All Master Masons invited to attend.

### STATE AID SOUGHT FOR 12 RURAL SCHOOLS OF COUNTY

B. T. Rucker, county superintendent, and A. S. Wharton of the Magie City school faculty, left Wednesday for Austin where they will present applications for state aid to enable 12 rural schools of the county to extend their terms to eight months.

Rucker has just completed a night course in state school administration work, taught by Dr. A. M. Myers at Pampa. This enables the superintendent to finish his three years work and entitles him to a certificate which will be issued soon.

Miss Ruth Richardson of Corn Valley has also taken the administration course.

### Pioneer County Lady Dies Here Saturday

Mrs. J. R. Edwards, of near Briscoe, died Saturday at the Wheeler hospital from dust pneumonia. She had been ill only nine days, although she had been in ill health for several years.

Matilda Jane Crouse was born July 10, 1868, in Sparta, N. C., and died April 27, 1935, at Wheeler, Texas, at the age of 66 years, nine months and 17 days.

She moved to Wheeler county in 1905 from their home in Alleghany county, N. Carolina. She was a member of the Primitive Baptist church at Briscoe, where she remained active until death.

She was the mother of 10 children, six of whom survive. They are Mrs. Mattie Atherton, Briscoe, Guin Edwards, Forrest Hill, Md.; Letcher Edwards, Quanah; Roy Edwards, Gageby; Mrs. Pearl Williams, Briscoe, and Robert Edwards, living with the father, J. R. Edwards, at Bend, Ore. Other survivors are one sister and two brothers, Mrs. Effie Shoemaker, John and Tyre Crouse, all of Sparta, N. C.; 13 grandchildren and a host of friends.

Funeral services were conducted at the Wheeler Baptist church Sunday afternoon by Rev. Sims, pastor of the Primitive Baptist church of Mobeetie, with burial in the Wheeler cemetery, in charge of the Clay-Beasley Funeral Home.

The honorary pallbearers were Messrs. J. F. Witt, W. M. Hampton, Sallie Cunningham, W. N. Pace, Minnie Farmer, C. H. Clay, Lee McCasland, Scott Helton, G. W. Porter, J. M. Porter, Lack Clay, M. L. Gunter, J. D. Williams, Witt, Aderholt and Wood of Briscoe.

The active pallbearers were J. I. Maloy, W. N. Pace, A. B. Evans, John Zybach, Mr. Witt and Mr. Aderholt.

### GORDON WHITENER RECOVERING FROM PNEUMONIA

Information obtained late today declares that Gordon Whitener, who has been ill with pneumonia for several days, is improving nicely and apparently is on the road to early recovery.

### GRAINGER MCILHANY GETS SECOND LIEUTENANT POST

In a communication received this week from John Tarleton college, at Stephenville, announcement is made of appointments in the cadet corps under an order from the department of military science and tactics.

The list includes the name of Grainger McIlhany, Wheeler, who received an appointment as second lieutenant.

### Shamrock Man Buys the Wofford Stock

Executing the transaction late last Thursday, Ben Saied, a Shamrock merchant, purchased the C. N. Wofford estate stock of merchandise which had been assigned for the benefit of creditors earlier in the week. W. B. Wofford as assignee handled the matter.

Saied advertised a closing sale and disposed of most of the goods Friday, Saturday and Monday, moving the remainder to Shamrock Tuesday.

THURSDAY, MAY 2, 1935

**PIONEER SPIRIT LIVES ON**

It was a new generation of "pioneers" from "no man's land" that visited Perryton late Tuesday evening, depicting the early day life and dress of the picturesque settlers who were the first residents of the Oklahoma Panhandle, before the days when the strip was attached to Oklahoma territory in 1890.

Pioneers? Yes—every one of them. It is true that they traveled in fine motor cars, a train of them, thirty-three in number, carrying 179 Guymon residents. During the day they covered some four hundred miles of the Texas Panhandle—a trip that would have taken weeks in the olden days.

Ostensibly the trip was for the purpose of advertising the Guymon Pioneer's Day celebration on May 2. Headed by their fine cowboy band of 23-pieces, with Judge Wallace Hughes acting as master of ceremonies, with a fine quartet, singers, dancers and rope throwing acts, they gave splendid entertainment on the streets of each of the Panhandle towns they visited, extending the invitation to each community to return the visit on May 2.

But the visitors accomplished something more than merely announcing their celebration. They demonstrated to the citizens of this blighted, drought-swept area that all hope is not gone. By showing their undaunted courage and their display of optimism they bolstered up shrinking spirits and radiated new life and new hope. By recalling to mind the hardships of those earlier day pioneers they seemed to minimize our seemingly heavy burdens of depression, drought and dirt storms.

Yes, they are truly pioneers! Just as hardy as their forefathers! They can "take it" with a grin and come back for more!

They're not "crying" or talking about deserting their farms and homes because they have met with adverse conditions and obstacles! That's the kind of stuff "pioneers" are made of!

Guymon has issued a challenge to the Panhandle! And our answer is, "We're with you, Guymon!"—Ochiltree County Herald.

**LEGION TO FIGHT ACCIDENTS**

The highway safety problem took a long step toward solution lately with the announcement that the American Legion is to carry on an aggressive, organized program in the interest of automobile accident prevention. The program is detailed in a booklet jointly published by the Legion and the National Bureau of Surety Underwriters.

Under the suggested plan, the safety program will be handled by the Legion's Americanism commission. Working under it will be state traffic committees, composed of representatives from each district. These committees in each state will maintain contact with the state superintendent of public instruction, the state motor vehicle commissioner, the state highway patrol and the legislature.

Next there will be district safety committees, composed of a representative from each county in the district. These will hold meetings with county safety committees, to be composed of a representative of each local post in the county. The representative of each local post will work with local police, schools, city councils and engineering departments. All of the committees will co-operate with automobile clubs, insurance companies, newspapers, safety associations and similar organizations.

Workers in the cause of safety believe that the Legion can be of tremendous aid in reducing the inex-

6—British destroy U. S. forts at Oswego, N. Y., 1814.

usable accident toll—a toll which reached 35,000 people killed on streets and highways last year. The Legion is to be complimented on accepting this arduous duty—and the result will be happier and safer living for the people of the country.

**HOW LONG?**

There is at least one calling that hasn't been depressed during the past few years. Not only has it held its own, but it has managed to go forward and put more and more good round dollars in the till. That calling is tax gathering.

According to a recent editorial in the Los Angeles Examiner, office-holders of the country now receive about five billion dollars a year in tax-paid salaries—and the amount is steadily rising.

Public payrolls list over 3,250,000 people—and that list is constantly lengthening.

Last year over 90,000 new names were added to the Federal payroll alone—in addition to increased political employment in practically all of the 175,000 subordinate governments the country has to support.

Every citizen has to chip in to pay the bill the politicians create. The people pay it directly, through income, property and security taxes. They pay a larger amount indirectly, through taxes levied on everything they use—from a pack of cigarettes to the winter fuel. A recent estimate places the cost of government at over thirteen thousand million dollars a year—nearly one-third of the nation's income.

In the words of the Examiner, "All the unnecessary government bureaus and all the superfluous politicians are demanding and imposing more and more taxes on industry, more and more taxes on productive pursuits, more and more taxes on the public generally." The American people have shown they can "take it" when it comes to paying taxes—but serious observers are beginning to wonder how long the people will permit official waste and extravagance to absorb money that is needed for jobs, industrial expansion, home-building—in brief, for recovery.

**RELIEF FROM RELIEF**

If we are ever to get away from the great problem of national and state relief with a certain class of citizens, it may be that we will be compelled to follow the example of the British government.

In London, one Frederick Head, unemployed father of five children was sentenced to one month at hard labor for refusing to learn a trade in the government training classes. The new British regulations provide that a relief beneficiary must show that he has made an honest effort to get work.

But the interesting part of it is that Head had been drawing about \$8.50 a week in relief ever since 1923. For 12 years the public had paid this man in cash because it had been unable to give him a chance to work. After 12 years of that, Head refused to go to the trade school because he said it was "a waste of time."

Surely this part of the United States has no such persons, but it is to avoid this sort of thing that an effort is now being made to substitute work for handouts to those physically able to work.

**SUSPICIOUS OF "NEW"**

First it was a new deal! Then it was a new deal from a new deck—

Now, the world should be about ready to get back to the old deal with the soiled deck of the past when everyone earned their living and had the opportunity of doing so.

It seems to me we are so hedged about by rules, regulations and directions that we hardly know where we are going or what we are doing and that it would be a relief just to put on the brakes and coast a while to view the scenery in an effort to locate ourselves.

Every so often we launch out

on a new program which is doped out to get the job done, but after a while it is ditched and something else started.

In other words beautiful economic bubbles are blown to burst at the first approach to completion, with nothing to show but the pipe from which they were inflated.

In the elections last year most of the men who have been piloting the good old ship of state for many years were retired and inexperienced skippers put in charge. Their ignorance and the unusually difficult situation which faces them is causing a condition which threatens disaster to what is left of the economic structure.

The weak and near weak have quit planning and thrown themselves upon the government. Awkward, half-baked plans for relief and ruinous taxation are adding to the unemployed, for when a man loses his position because of unwise legislation he ceases to be a producer or distributor, and becomes an object of government aid.

The return to the old deal will come in the course of time if the people are half smart and then we will see jobs for men and women as they used to be and the relief rolls dwindle.

Speed the day.—Pampa Advocate.

**Our Exchanges**

Items of interest culled from newspapers on The Times' exchange list.

Editing a paper without ruffling anybody's feelings is like fishing without a hook on your line—you get lots of recreation but no results.—Canadian Record.

Every politician knows that it is impossible to please everybody; what they seek is the favor of the majority. What puzzles them, just who is a part of that majority.—Tulia Herald.

Drillers expected to spud in an oil well five and one-half miles northwest of Quail this week, and work on the well will be advanced rapidly according to announcements which stated that a contract has been let to Chism and Kendricks, McLean drillers. The well is to be located on block 28 in section 108, according to reports which stated that it was on the Mack Bourland ranch. The drilling contract was let by Smith Bros. Refining company which has extensive holdings in the fields around Shamrock. The drilling cost is expected to reach approximately \$20,000.—Wellington Leader.

Four veterinarians arrived in Donley county Monday morning to begin the testing of 10 per cent of all range females, all available bulls, and all dairy cows. County Agent H. M. Breedlove reports that four additional veterinarians will arrive Monday and the work will be completed within three weeks.—Clarendon News.

# BRISCOE TOOTERS

Briscoe School News, compiled by the Scribblers Club, with the following staff: Fay Wilson, editor; Lois Aderholt, Winifred Barnes, Joy Bill Riley, Dottie Belle Cowan, James Riley, Geraldine Wadsworth, Harold Slivage and Valoise Evans, reporters. Mrs. Allen I. Smith, sponsor.

## Appreciation to Faculty

Why not give our faculty credit for all the things it has done for our school, pupils and community? If anyone deserves praise, it certainly should fall to the faculty once in a while at least. It has worked and co-operated with the student body in trying to make our school worthwhile, and through the help and encouragement of the faculty our school is fast becoming an affiliated high school.

Does it ever get any praise for all the work and worries on our school problems? No! Imagine you're taking the place of one of our teachers. Do you think you could stand up under the work and responsibilities which they are under? I'm afraid not.

If we can't do anything to make our school better and lighten the load of our faculty, we could at least show our appreciation for what they have done for us. We take this opportunity to express our sincerest thanks to our faculty as a whole.—L. A.

## Local Civics Class

### Starts Shelter Belt

With the help and instruction of Miss Scott, the civics class has set out 12 Chinese elm trees. Each pupil has his tree and is expected to keep it watered. You should see those poor girls carrying water at noon when they would like to be playing ball. They say that they really get a pleasure thinking about the years to come when they will sit in the shade of those big elm trees.

They say, too, that they will furnish an excellent "shelter belt" for the school grounds. We don't expect them to this Spring because they are only about two feet high. Perhaps, next Spring or at least in the Spring of 1932, their effectiveness will be noticeable.

## Mrs. Smith Entertains Scribblers

Mrs. Smith honored the students who are and have been Scribblers this year with a lively party Friday night. Many new and enjoyable games were played. Afterwards refreshments of cake and lemonade were served to Valoise Evans, Dottie Bell Cowan, Joy Bill Riley, Fay Wilson, Geraldine Wadsworth, Clyde Wadsworth, Bernard Wilson, Gene Evans, James Riley, Harold Slivage, Grady Dodd and Mrs. Smith, the sponsor.

The club had as its guest Mr. Smith, husband of our sponsor. Now would you believe it? Mr. Smith said he walked 30 miles that afternoon to get to attend our party? I think he felt as though it was worth all the laughs he got.

After refreshments, Gene Evans acted as speaker for the Scribblers and presented Mrs. Smith with a picture and a mirror. This was just a token of appreciation to Mrs. Smith for what she has done for our school and this column. We realize this isn't much, but we hope she received it with as much pleasure as we gave it to her.

## JUNIORS TO HONOR

### SENIORS WITH BANQUET

With proceeds from the junior play, which is now on its way, the juniors will honor the seniors with a banquet. The definite date has not yet been set, but will probably be sometime during the last week of school. Everyone has been looking forward to this event, as the time draws nearer, the excitement grows. More definite plans will be announced later.

## History Classes Hear Writer

Mrs. Lula Mae Farley of Wheeler, who visited Briscoe schools last week, told many interesting facts about the Texas of long ago in a talk before the history classes. She is

collecting material for a novel, which has been started. The book will give information about buffaloes, buffalo hunting and skinning and taking care of them.

Mrs. Farley obtains her data from old residents of the Panhandle. She is getting some material from Dick Bussel of Canadian. Information concerning Buffalo Wallow, near Gageby, is being sought.

## Diagnostic Tests

Last Wednesday the diagnostic tests, which are required by the state, were given to the high school students. The average stood up to par with the median of high schools, and was raised considerably from that of last year.

Those having the highest average were: Joe Puryear, Mardell Tipps, Geraldine Wadsworth, Dottie Bell Cowan, Lavera Evans, Valoise Evans, Fay Wilson, Joy Bill Riley and Lois Aderholt.

## The Publisher Regrets

Omission this week of one item from Briscoe news is regretted by the Publisher. This article, written in Spanish by Valoise Evans, was not quite clear in some particulars and due to limited knowledge of the language, it was deemed best to leave it out. (Note: please type-write this class of contributions).

## In Appreciation

Dear Scribblers:

I wish to take this opportunity of thanking you, individually and collectively, for the two lovely gifts with which I was presented last Friday night. We all enjoy pleasant surprises, and both the mirror and the picture were, indeed, unexpected.

Thank you again, Scribblers, for your thoughtfulness and for all co-operation rendered during the year.

Your well-wisher,  
MRS. ALLEN I. SMITH.

## Church Notes

Prayer meeting was held at the Methodist church Wednesday night. Rev. Burkham led this meeting and afterwards the services were turned over to Rev. Rea.

Prayer meeting at the Baptist church has been changed from Wednesday evening to Thursday evening. Sunday school and B. Y. P. U. were held at the Baptist church.

Rev. Rea closed the Methodist meeting Sunday night with a final sermon.

Rev. Abernathy of Booster, preached at Gageby Sunday.

The W. M. S. met at the Baptist church Thursday afternoon, April 25. Bro. Burkham took charge of the Bible study, reading from Eph. 6:18, Luke 14:18 and Hebrews 4:14. Mrs. E. N. Hammer read a letter concerning a linen shower to be sent to the Memorial hospital. Each member contributed 15¢ to send Mrs. Dygart to convention.

It was decided to have a missionary program on each first Thursday, beginning May 2.

The role scholarship was brought before the society. Purpose of the scholarship is to raise money to send a student to Wayland college, denominational school. Each society is to contribute a mattress and raise money to help Wayne Evans of Clarendon through school. Each group will try to furnish as many as four mattresses to make.

Eleven members and two visitors, Mrs. Greenhouse and Mrs. Ernest Evans, were present. Although Rev. Burkham is moving to Mobeetie, he will meet each week with the Bible study group.—MRS. FLOYD MORRIS, Reporter.

## PERSONALS

Leave your dry cleaning and pressing at Byars' Grocery, Briscoe—we will do the rest. City Tailor Shop, Phone 20, Wheeler. P. S.—Yes, "we have mothproof bags."

Mr. and Mrs. Roy Waters have recently moved to a house in the north part of town.

Mrs. B. F. Meadows and daughter, Norejet Alice and Mr. and Mrs. Terry Walker and baby are visiting relatives at Sapulpa and Okmulgee, Okla.

Mr. and Mrs. Van Devoort and daughter, Mary Ellen of Plainview, were weekend visitors in the home of Mr. and Mrs. R. G. Russ.

Mrs. Sam Standee has been called to the bedside of her little grandson, Stanley Fulper at Alanreed, who is suffering from blood poison and pneumonia.

Mrs. B. F. Meadows and Mrs. Terry Walker visited with Mrs. Clyde Forrester Friday afternoon.

Dorothy Lohberger spent Monday night with Winnie Barnes.

Mr. and Mrs. Vernon Slivage spent Sunday with Mr. and Mrs. E. Venison, who resides near Wheeler.

Lewis Cain, Howard and Ocie Pace were in Mobeetie Wednesday.

Mr. and Mrs. Lester Hudson, son

and daughter and Vada Vaughn spent the greater part of last week at Wellington and Childress. They returned Saturday afternoon.

Rev. Aikman of Vinson, Okla., spent the week end in the home of his grandparents, Mr. and Mrs. Oberhausen.

Lorene Treadwell spent Sunday night with Winnie and Mabel Barnes.

Misses Fay Hammer and Lorene Treadwell, J. L. and Rev. Aikman attended the negro minstrel at Allis Saturday night.

Mr. and Mrs. Terry Walker and baby son, Eugene Rea, spent Saturday and Sunday night in the B. F. Meadows home.

B. F. Allen, Brady Meadows, Henry Lee and Minor Lee Carson have returned from a week's visit in Parker and Wise counties.

Mr. and Mrs. Perry Riley and son, James, visited in the S. P. Hodnett home Sunday.

Mr. and Mrs. Murl Barnes and son were in Pampa Saturday.

Mr. and Mrs. Milton Wilson were visiting in the Cliff Slivage home Sunday.

Mr. and Mrs. H. S. Houge and family and Mrs. D. A. Barnard were business callers in Borger Tuesday.

Mrs. Annie Slivage had as Sunday guests the following: Mr. and Mrs. John Johnson and baby, Misses Ruth and Madge Richardson and Mr. and Mrs. Perriman Martin, all of Corn Valley and Mrs. Orvin Gilman.

Mrs. E. Haroldson attended church services at Gageby Sunday.

Mr. and Mrs. Jack Vise had as Sunday guests the following young people: Fay Hammer, Valoise Evans, Fay Wilson, Rea and J. L. Aikman, Gerty Hudson, Geraldine, Clyde and Howell Wadsworth, Arvada Persons, Jack Oberhausen, Vada Vaughn, Ocie Pace and Mr. and Mrs. Adrain Rea.

Mr. and Mrs. Lynn Williams were Sunday night visitors in the L. S. Aderholt home.

Toots South of Mendota, spent Friday night with Lewis Cain, his cousin.

Clifford Slivage was given a birthday party at her home Sunday. Those who enjoyed a delicious dinner were Don, Dale and Modene Wilson, Charles Barnes and Ida Mae Martin.

## Movie Chatter

By a Rogue

### Come on Danger

Tom Keene, one of the greatest outdoor western stars on the screen, will be at the Rogue on Friday and Saturday and Sunday matinee in "Come on Danger." This picture is chuck full of action and cowboy thrills; just the type to make you forget your troubles and enjoy the wide open country as only a good western can do. Then, too, old Roscoe Ates, the stuttering printer of Cimarron, will be there to add plenty of fun to the program. And for a comedy there will be another one of those beautiful natural color rhapsodies which, alone, will be worth the price of admission. And of course, Buck Jones will be here in chapter 10 of the Red Rider. The picture will be on the screen at 1:30 so that all may be out of the theatre for the BIG EVENT at 5 o'clock.

It was decided to have a missionary program on each first Thursday, beginning May 2.

The role scholarship was brought before the society. Purpose of the scholarship is to raise money to send a student to Wayland college, denominational school. Each society is to contribute a mattress and raise money to help Wayne Evans of Clarendon through school. Each group will try to furnish as many as four mattresses to make.

Eleven members and two visitors, Mrs. Greenhouse and Mrs. Ernest Evans, were present. Although Rev. Burkham is moving to Mobeetie, he will meet each week with the Bible study group.—MRS. FLOYD MORRIS, Reporter.

## Fred Farmer's Garage

## Morals and Citizens

"We are a people of high moral standards," is often said by those who have occasion to boast of a given town or city. We who live in the town or city pass judgment upon the morality of the company we keep. When we visit our friends upon the walls pictures which stamp indelibly in our minds the type of friend this is. Likewise the books in the library speak very candidly of the character of the home.

Our town is likewise judged by the type of people it attracts. If the buildings are clean and attractive with beautiful churches, schools, etc., dotted there, with small but attractive parks and playgrounds, it is made to believe readily that the citizenship is of the highest order and possess a high degree of civic pride.

The contrast is one or more saloons, poorly equipped properties, run-down churches and public buildings, together with indifferent citizenship and the impression is: "I don't live there and bring my children up."

Good citizenship means a moral community, and a community means good citizens. All of which means that men, soon to be young men and women, will be in position for themselves the greatest asset in all the world, Character.

## CITIZENS LEAGUE

## Ice Plant Now Open for Business

WINS SILVER TROPHY IN PANHANDLE HIGH SCHOOL PRESS ASSOCIATION CONTEST

### Corral Wins First In Panhandle Meet

Second Place Also Awarded for News  
Story—Orveta Puett Chosen  
Vice President

Coming as the climax of the Panhandle High School Press association convention, The Corral was awarded the large 21-inch trophy given by the Pampa Daily News at the reception Saturday afternoon. It was presented to Fay Ficke, editor of The Corral, by Miss Vena Mae Moon, retiring president of the association. This cup is to become the permanent possession of the school which wins it three consecutive times.

Second place in the best news story was also taken by Fay Ficke for her article on Nerine Young's winning the dress contest.

Orveta Puett, sophomore, was selected vice president of the organization for 1935-'36. Orveta, who has been reporter for the Shamrock Texan for this school term, plans to take journalism next year.

The Borger Bulldog Growls took second and the Canyon Eagle's Tale third in the newspaper contest. For the best news story Robert McKinzie of Panhandle, was awarded the cup for first place. Borger won third. In the competition for the best editorial the Happy Roundup was given the Canyon News award for first place. The Little Harvester won second and Borger third.

Several of the Wheeler delegates were appointed on various committees during the day. Mazie Bean, Corral reporter, helped to select an insignia for the organization and Helen Gilmore, editor of the paper last year, was chosen to aid in revising the constitution. Miss Bernie Addison, sponsor, had charge of a group discussion on society and club news. Since Orveta did not attend the convention, Ruth Faye Garrison, literary editor, stood in the receiving line at the reception.

At noon the students of Pampa high school gave a courtesy luncheon in the high school cafeteria, the main feature being a talk by Gilmore N. Nunn, general manager of the Pampa Daily News, on his work as a special correspondent in Washington. An orchestra played popular numbers throughout the luncheon.

Olen E. Hinkle, managing editor of the Pampa Daily News, had on display in the high school library a large collection of foreign newspapers from many countries of Europe. He also gave a brief discussion of newspaper photography and engraving at the luncheon in the city hall.

The day's program also included business sessions, forums on financing a separate school paper and

### Science Class Goes On Inspection Trip

Last Friday morning at 7 o'clock, the general science class left Wheeler for an extended excursion to Amarillo, Canyon and the Palo Duro Canyons. The purpose of this trip was to acquaint the class with various phases of their work.

In Amarillo the places visited and examined were the Great West Mills, Pinkney Packing Company, Borden's Ice Cream plant, Kress' 5 and 10 cent store, Woolworth store, a sport shop, a bakery, the fire department and the police department. After these places were seen the girls went to the home of Coach Bob Clark's parents, where they spent the night. The boys slept on the ground on the outskirts of the city.

The group left Amarillo early Saturday morning and motored to Canyon, where the buildings of W. T. S. T. C. were inspected. After a short stay in Canyon the class went to see the Palo Duro Canyons on the trip back to Wheeler.

Those making the trip were: R. J. Puckett, J. D. Herd, Troy Shipman, Ray Mason, Amos Page, Charles Red, Clowes Jones, Howard Nations, Waylon Pollard, Arloe Mincher, Jonnie Lewis, Imogene Jamison, Lavell Jaco, Viola Lamb, Louis Havenhill, Lois Ficke, Huffman Walker, Irene Hunt, Alton Weeks, Claude Wright, Florine Wright, Coach Bob Clark, sponsor, Mrs. Cliff Weatherly, chaperone, and W. F. Wright, driver of the truck used by the group while on the trip.

### JUNIOR-SENIOR BANQUET IS SET FOR NEXT FRIDAY

With the money made at their class play, "The Meddlesome Maid," the juniors will sponsor the junior-senior banquet on Friday night, May 10.

This annual affair will be varied this year by having it in the basement of the Methodist church in the form of a Japanese garden party. Mrs. J. L. Gilmore will be the chief speaker for the occasion.

The basement will be decorated in orchid and white, junior colors, and pink and blue, senior colors.

### COMMENCEMENT PLANS COMPLETED BY SENIORS

Plans for the commencement exercises for the senior class have been completed. The exercises will be held in the high school auditorium May 17, with Dr. H. E. Nicholson as the main speaker of the evening. Time set for the program is 8:15.

The program was made out by a committee consisting of Ida Belle Davis, Mamie Lee Starkey and Florine Guynes. Other interesting features of the exercises will be a song by a mixed quartet, the class

### Helen Gilmore to Be Class Valedictorian

Helen Gilmore is valedictorian and Theodore Conner second in rank, is salutatorian of the senior class. This information was obtained by the faculty Monday afternoon after averaging their grades for the past four years. As honor students these two will make addresses at the commencement exercises May 17.

Helen's average was 94.44. The race for salutatorian was close between Theodore, Fay Ficke and La Veau Cole, since Theodore's average was 92.87, while Fay Ficke ranked next with an average of 92.71. La Veau had an average of 92.22.

Helen is a member of the Home Economics club and editor of "The Wampus Cat" column in the Corral. She was president of the sophomore class of 1932-33 and editor of the Corral last year. She was in the junior play last year and took the major part in the senior play, "Here Comes Charlie," this year.

Theodore is president of the senior class, assistant editor of The Corral, and a member of the Spanish club. He was vice-president of the junior class last year and was in the junior play, "Simon Pure Simpleton." He took the leading role in the senior play, "Here Comes Charlie."

### SENIORS TO ENTERTAIN WITH FORMAL RECEPTION

A formal reception will be given in the Legion hall Tuesday night, beginning promptly at 8:15, by the senior class. It will be held for the entertainment of the juniors, the juniors' and seniors' parents, the faculty together with their husbands and wives, the ministers of the town and their wives, the school board, and those persons in town who contributed something towards the seniors' trip to Carlsbad and Mexico.

Some members of the class will have charge of the program which will begin with a welcome address. A playlet will be given with Jack Guynes representing the senior class, Ida Belle Davis, representing the junior class, Wilton Callan, representing the faculty, and Ruth Belle Farris representing commencement day.

After a violin solo by Helen Gilmore, Theodore Conner, class president will present the senior class key to the junior class, with Charles Hix, junior president, receiving the key. Mamie Lee Starkey and Nettie Lee Jamison will sing a duet, accompanied at the piano by Helen Gilmore. One of the teachers will give the class charge. The climax of the program will be the senior class song.

### Dawn Wins 2 Places At Home Ec. Meet

Wheeler Girl Is Awarded Fourth on  
Tailored Dress—Second on  
Selection Contest

Dawn Weatherly won fourth place in the Class B schools of Texas on her tailored dress and second place on planning and selection of a tailored dress at Corpus Christi last Saturday. Approximately 900 home economics girls, boys and instructors were in attendance. Those who represented Wheeler schools were Mrs. Gordon Whitener, Nerine Young and Dawn Weatherly. Mr. and Mrs. Melvin Howe also attended the meet.

The group left early Tuesday morning of last week and returned to Wheeler Sunday afternoon. The first stop was at Fort Worth where they visited the Masonic Temple and the Masonic Home. From Fort Worth they went to Waco and visited Baylor University and Paul Quinn college, where negroes go to school. Tuesday night was spent in Temple, Texas, at which place three sanatoriums were seen.

Some of the places where stops were made on Wednesday were Baylor Belton college, Southwestern University of Georgetown, the capitol, blind school, asylum and the home economics department of Texas University at Austin, the State Teachers college at Marcos, and the Alamo and Brackenridge park in San Antonio. They arrived in Corpus Christi late Wednesday night.

Sight-seeing, swimming and the contest of the original one-act play were the main features of Thursday's program. That night delegates were entertained with a banquet at the Neches hotel. Friday morning Nerine modeled a school dress and selected a costume for a high school girl, and Dawn modeled her tailored dress and selected a tailored garment and a child's play suit.

In the afternoon the girls went out on the yacht "Jopconia." After a parade Saturday morning, the group went to the Ritz theatre where awards were given to all who had placed in the contest held Friday.

At 1 o'clock Saturday afternoon, the Wheeler people started for home. They spent Saturday night in Brady, Texas. Sunday they stopped at Abilene, where they visited Hardin-Simmons university, the A. C. C. university, and the McMurry college. Here they saw Joe and Wendell Meek and Helen and Anna Mae Green. They arrived in Wheeler at 6:45 Sunday afternoon.

Party To Be Given Juniors, Seniors  
The junior and senior classes will be entertained with a party at the Legion hall Monday night of next

**Sport Slants**

By a Mustang

Softball still holds the high spot in the school sports. The six teams that were organized two weeks ago finished a six-game schedule last Friday and organized again Monday. All six teams were completely reorganized with both new managers and players. They will also play a six-game schedule.

The league organized by the business men of the town has not begun yet. Every time they start the sand starts with them and they have to stop for a while. This league will furnish plenty of excitement and entertainment if it ever gets under way.

The Mustangs received a set-back last week when they played a team of ex-Mustangs. The score was 8 to 0 in the Ex's favor. The Mustangs acted as if they were scared and probably were. (You see the reason was that Yours Truly played for the Ex's). Coach Clark is planning another encounter for the two teams and most likely it will be a different story.

I have not made a report about the girls' sports in some time and will probably have a whole delegation of the fair sex pulling my hair if I don't this week.

Most of the girls are playing softball while the rest play a combination of baseball, volleyball, froggy-in-the-middle, and marbles. I don't mean that they play all of these games, but they engage in one that covers the whole bunch. I will undertake to give you my description of the game.

Any number can play the game and it takes two sides to play. It is played with a volleyball and they have to hit it like they do a volleyball. One side or team is out in the field and the other is at bat just like baseball. The pitcher pitches the ball to one of the opposing players and there is where the fun begins. The batter hits or slaps the ball and runs. When she runs the whole darn bunch runs first one direction and then another.

You name it; I am at loss of words to try to explain the rest of the game.

School is nearly out and I don't see a gymnasium yet. I wonder if the basketball teams are going to have to play out in the open air another year, or are we going to get a gym? That is the question of the hour, "My Frans."

**CORRAL IS ASKED TO GET NEW PRESS CLUB MEMBER**

In order that the Texas High School Press association might be a better organization, the vice president of the convention of 1935, Miss Gladys Mason, is encouraging high school papers that belong to the association to urge others to join.

A letter was received from Miss Mason one day last week, asking each member of the Corral to cooperate in this drive by inviting some school that publishes a page in

**MUSTANGS LOSE IN FIRST SPRING FOOTBALL GAME**

In the first football game of the spring training season, played Wednesday afternoon of last week, the Mustangs lost to the town team by a score of 8-0.

The first score came early in the third quarter when H. Turner tackled Pendleton behind the Mustangs' goal line for a safety. The second counter was made in the fourth period when Hooker flipped a forward pass to Walser, who ran 20 yards to a touchdown. The teams were very evenly matched and the game ended with the score standing at 8-0.

The starting lineups were: Mustangs—Whitener, le; Newkirk, lt; Passons, lg; Deering, c; Sherwood, rg; B. Tillman, rt; Maxwell, re; Connor, qb; Ford, fb; Tate, hb; Pendleton, hb.

For the town team—Walser, le; Carter, lt; Burgess, lg; Green, c; Hix, rg; Davis, rt; A. B. Turner, re; Hooker, qb; Savage, fb; Lewis, hb; Robison, hb. The town team made one substitution: H. Turner for A. B. Turner.

**SEVENTH GRADE HONOR STUDENTS ARE ANNOUNCED**

Naomi Johnson and Johnnie Faye Templeton are valedictorian and the salutatorian, respectively, of the seventh grade this year. Naomi's average was 96.26 and Johnnie Faye's was 95.64.

Naomi was born June 22, 1922, near Kelton, and will be 12 years of age at the time of the graduation exercises. Her hobbies are swimming and playing volleyball. For two years she has won the county in essay writing. She won second at the district this year. Naomi also won first in the county arithmetic this year. Singing is also one of her pastimes.

Johnnie Faye plays the piano, sings and studies public speaking, in addition to her school studies. Her hobby is bicycle riding and making scrap books. Johnnie Faye placed in the county in junior declamation for two years. This year she won spelling and entered essay writing. She was born March 11, 1922, in the city of Shamrock.

**APPROXIMATELY \$20 MADE ON JUNIOR CLASS PLAY**

In spite of the strong wind and sandstorm which lasted all day Tuesday, the juniors made approximately \$20 from the play "Meddlesome Maid," which was presented in the high school auditorium that night. After money was spent for the play books, advertising and papering the stage, \$11 remains to be used for the junior-senior banquet.

Those who took part in the play were Edna Powell, Dorothy Burgess; Sam Bryant, Charles Hix; Margaret Winthrop, Estelle Scott; Charles Winthrop, Junior Jamison; Dolly Darling, Irene Mincher; Robert White, Jack Tate; Mrs. Fraser, Rutha Mae Conner; Carlisle Howard, Neil Hale; Mrs. Freda Griffen, Evelyn Balch, and Richard O'Neal, Carl Hale.

**Junior Class Papers Stage for Play**

In order to make the stage more attractive for the junior play and the graduation exercises, the junior

**ROLL CALL OF SENIOR CLASS**

One of the main string men in football last season was Carlisle Robison. His outstanding activity is sports of all kinds. For two years he has lettered in football and one year in basketball. He was on the junior track team three years, one year of which he was the captain. He was a member of the senior track team this year.

Carlisle's favorite study is journalism. This probably accounts for his ambition, which is to be a very good sports writer for the Associated Press. He will attend school at Canyon next year. This year Carlisle is the vice president of the senior class. For two years he has been a member of the Lettermen's club, of which he was president last year. Carlisle took part in the junior play last year and the senior play and journalism play this year. He has been a Boy Scout and a member of the 4-H club.

Of all the things in the world, Carlisle hates these West Texas sandstorms more than anything else. His hobby is going with Dorothy Toliver and he prefers blondes. He likes to have a good time. When the reporter said "Thank you," and started to leave, he said, "Oh, ask me something else; I'm enjoying this!" This shows how humorous Carlisle can be when he wants to. The Corral staff thinks it could hardly do without him and his column "Sport Slants, by a Mustang."

One of those red-haired senior boys, Travis Jones, is the next person on the list for the senior interviews. "I know nothing about myself, except that I am as mean as they make 'em," he told the reporter quite earnestly when he was asked to tell something about himself.

Travis was born near Santo, Texas, May 5, 1918. Here he lived two years, after which time the family moved to Wheeler. All his school days have been spent in the Wheeler schools. Travis said that his hobby for the last 10 years has been to collect knowledge, but he doesn't seem to think that he has had much success. Travis said that he would rather eat than to do anything else.

"Jones Boy Wimpy" will probably attend college at Texas Tech, Lubbock, where he will specialize in engineering.

**This Time Last Year**

Last Wednesday morning at 3 o'clock, Ruth Dill, Orveta Puett and their sponsor left for Austin where they will enter the state clothing convention.

In spite of the rain Tuesday night, May 1, there were several present at the 42 party sponsored by the P.T.A. at the Legion hall.

Ruth Dill was pronounced class valedictorian with an average of 96 for four years' work.

Last Friday night in the Methodist church, basement, Miss Adams' Sunday school class entertained the young people with a cowboy party.

**TO GIVE UNIQUE PROGRAM**

Dramatizing the history of Texas, the seventh grade will have a unique commencement program. The students will be dressed to represent Frenchmen, Spaniards, Englishmen, negroes and famous men in Texas history and will sing several Texas songs.

A large picture of the Alamo will be at the back of the stage. The program will be presented May 16, at 7:30 p. m.

**COACH CLARK PASSES TEST**

Coach Bob Clark, while in Canyon, passed his examiners test in life-saving April 19 and 20. Since he has passed this test he may examine any person who wishes to become a lifeguard at any beach, lake, river or swimming pool in the United States.

The American Red Cross sponsors these examinations and for this reason Coach Clark may exercise his duty in any part of the world.

**GIRLS GIVE IMPRESSIONS OF CORPUS CHRISTI TRIP**

"I did not like Corpus but there were many cities that we visited that I especially liked," stated Nerine Young in an interview after the home economics trip.

She said that they inspected many of Texas' colleges during the tour. Nerine especially liked the colleges at Georgetown and Waco. She also stated that Texas University in Austin was one of the most beautiful schools they visited.

"Before we left on this trip I did not care to go to college but now I would not stay away for anything," she said.

The group visited San Antonio, where the people were celebrating the Easter holidays. Nerine says that is one of the most beautiful cities they saw on the entire journey. "I did not see a single person that I knew on the trip," she said.

Nerine asserted that it was one of the most interesting trips she ever made because she met so many nice people and everyone was so kind and treated them very nicely. They went down to the beach and went swimming but they could not swim since the waves were so large.

"The sand did not blow where we were," stated Dawn Weatherly when asked how she liked the country she saw on the trip to Corpus.

She said Nerine and Mrs. Whitehead stayed "drunk" all the time they were in that city. (They were seasick.) They sobered up when they got back to San Antonio. The first night that the delegates spent in Corpus they thought there must be several fires but found that it was only the boats going under the bridge.

Dawn asserted, "Of all the colleges that we saw, I like Baylor University in Waco best of all. Texas University is also a very beautiful place." Dawn said San Antonio was the most beautiful city she saw. She contends that she would like to live there. Dawn accounted for the fact that Nerine did not like Corpus because of the fact Nerine was "drunk." Dawn thinks Corpus is very beautiful and she likes it very much.

**MOBEETIE TO ALSO GIVE THE MEDDLESOME MAID**

Since the senior class in Mobeetie is presenting "The Meddlesome Maid" on May 10, Miss Elsie Simpson wrote inquiring whether the two staffs could not see the play presented by the other free of charge.

This play was given by the junior class of Wheeler high school Tuesday night and Miss Simpson wished to bring her cast to see it.

However, as the junior-senior banquet has been set for May 10, Miss Simpson was informed that the Wheeler group could not accept her proposition.

**CORRECTION IN DONATIONS**

Last week in The Corral there was a story giving the names of merchants who donated money or merchandise to the senior class for the Carlsbad trip. It stated that H. E. Cole gave \$1.00, but later reports stated that he donated \$3.00. Also the name of H. E. Tolliver, who gave the class \$3.00, was omitted.

The senior class wishes to thank Lee Guthrie, manager of the Rogue theatre, for his courtesy in showing the picture "Cimarron" so the class would have additional funds for the New Mexico trip.

**TEACHER ATTENDS B. & P. W.**

Miss Kathryne Bowers, first grade instructor, attended the Business and Professional Women's club convention in Shamrock last Saturday and Sunday.

The delegates from Wheeler helped to prepare the banquet that was given Sunday at noon. Special speakers from all over the state had charge of the convention.

**SENIORS PLAN GRADUATION**

For the purpose of completing arrangements for the final exercises of their class, the seniors met in the room of their sponsor, Miss Winona Adams, Monday evening after school.

After reports from the various committees were made, the main speakers and the place where the activities are to be held were selected.

**Mrs. Whitener Is Absent This Week**

Due to the illness of her husband, Mrs. Gordon Whitener has been absent from school this week. She will probably return next week. Since there was no one to take Mrs. Whitener's place her classes remained in the study hall.

**RAMBLINGS ON THE RANGE**

Orveta Puett was in Shamrock Sunday afternoon.

Wilton Callan spent the week end in Meridian, Okla.

Ella Pearl Starkey attended the preview in Shamrock Saturday night.

Dorothy Lee Burke, Zinna Mae Holley and Cosette Crofford visited in Twitty Sunday.

Chandos Robertson was in Shamrock Saturday.

Martha Jane Shipman visited in Kelton Saturday afternoon.

Delilah Montgomery was in Shamrock Saturday.

Helen Sanders spent Saturday in Canadian.

J. R. Burke spent Saturday in Shamrock.

Florene Wright visited in Corn Valley Sunday.

Mabel Sherwood was in Shamrock all of the girls offered good competi-

**Uncle Ted Looks 'em Over**

Well, well, whatda yuh think of hit! The Corral, our gummed-up paper, took first place at that press meet that was held last Saturday at Pampa. Our little ole paper, shore is a good 'un. Why it is so dad-ratted good I'll bet the judges jest sot thar and stared an 'mired hit. The other papers wus like the tenderfoot in the stampede, they didn't have a chanct.

When that 21 inch cup, trofy, or whatever the doodad is called gets hear it is shore going to get itself admired, especially by the journalism class which writes The Corral. The funny part of the hull thing (our getting the trofy) is that our school and journalism class (10 kids) is the smallest one in the Panhandle which puts out a school paper (maybe). The main reason for its being so fine is the sweat that is poured out by them 10 kids and the other thing is that I happened to be one of 'em.

**CAUGHT IN THE LASSO'S NOOSE**

Just imagine R. J. Puckett trying to kick a rock off a cliff with his knee in Palo Duro Canyon, Saturday.

Nerine seems to have caught several boy friends while she was in Corpus Christi.

All of the boys really flocked around Helen at Pampa, Saturday.

Carlisle almost passed out when it was announced that Wheeler won the cup at the Panhandle Press meet.

The sand blew Sunday while it was raining.

Several pupils from a certain school "acted up" at the Panhandle Press meet luncheon Saturday. Glad we heard the journalism teacher "brag on" the behavior of our own group there.

Mazie got rushed at Pampa. It was a Pampan, too!

The grade students have the habit of loafing in the hall.

Theodore was seen carrying a package of Camels in his shirt pocket Monday. Tsk, tsk, Doc.

Ruth Fay bought a basketfull of handkerchiefs at Pampa last Saturday.

A. B. can spell any word in the dictionary. Maybe.

The journalism students surely are not very good about collecting souvenirs, because they visited the Pampa Daily News and the paper came out as usual on Sunday morning. If some people we have heard about had visited it there would not have been enough machinery left to print a paper the next day.

A little girl was very embarrassed when she overturned a table in the city hall and spilled a vase of water on the floor at the reception in Pampa, Saturday.

Ruth Fay was on the receiving line at the reception and one boy held her hand for 10 minutes, but he was looking at another girl.

Somebody said that Curtis was cutting up Sunday.

We hear that one of those Canyon girls complimented Carlisle on his good looks.

Two scouts from the Metro-Goldwyn Mayer studios were in Wichita Falls last week to attend the beauty show. They seemed to think that

**BRILLIANT SENIORS MASTER BIG WORDS**

What is this about the seniors learning those big words? They say that they are increasing their vocabulary. Almost every one of the seniors can be seen with a piece of paper which has large words and their meanings written on it. When one member of the class finds another large word all of them make a wild rush for a dictionary to find out the meaning of the new word.

Perhaps the graduates want to make people who do not know them think they are very brilliant, but the students here know them too well to believe anything of the sort.

**COLTS**

There are a number of absent students from the third and fourth grades this week. They are J. B. Rogers, Glen Robertson, Rex Cole, Edwina Flannigan and L. B. Pendleton.

A new pupil has enrolled in the first grade. He is R. B. Mann from Twitty.

The seventh grade class will have a banquet at the Lewis cafe Friday night at 8:00 p. m. Coach Bob Clark will be master of ceremonies with Dr. H. E. Nicholson and Supt. J. L. Gilmore as main speakers. The class history and class census will be read.

**SNICKERS**

Ruth Faye, (in civics class)—"Do they have strict immigration laws in Old Mexico?"

Miss Adams—"No, I guess not; the seniors got in all right."

Theodore—"What is that lake north of Amarillo?"

Travis—"Water of course."

Miss Addison (in journalism)—"A. B. write a number six on Mrs. Whitener."

A. B.—"What if she won't let me?"

Miss Adams (in civics class)—"Carlisle, do you know what's wrong with you?"

Carlisle—"I can't think."

Miss Adams—"That's just it, you can't think."

Tramp—"Could you give a poor fellow a bite?"

Housewife—"I don't bite myself, but I'll call the dog."

Mr. Witt—"Has anyone lost a comb? I have one, but I don't believe I could use it."

**SMALL BOY FLEES FROM SLAPS AND HAIR YANKS**

Some people say that the best man wins, but in this case he did not. He was burning up the wind getting away from the fight before it had hardly begun.

Yes, it was a small boy who had undertaken to scare a group of little girls who had started home from school. He said something to one of the girls which the rest did not like. Then he "ups" and slaps one of the girls. They in return, gave him about a dozen yanks by the ear, three or four swats on the jaw and a hair pulling good enough to last

must have thought, was drawing near an end, for he broke loose the grip the girl had on his ear and soon disappeared around the nearest corner which was twice too far away and was not seen again.

Guess this was just another time that good overcame bad.

**FROM OTHER BRANDING IRONS**

Wichita Falls high school will present their annual gym circus May 17 in the school gymnasium. Dancing girls and acrobatic clowns will fill everyone with laughter.—The Wichitaian.

Acquisition of an almost perfect rhinoceros skull by the McMurry museum marks an important addition to the fossil collection. It was found near Clarendon.—The Prairie.

The sophomore class is leader in all activities at McMurry. Every member of the class belongs to some organization or club.—The McMurry War Whoop.

**Book Review**

Booker T. Washington, a negro and ex-slave, has written a book, "Up From Slavery," which is now on the biography shelf in the high school library.

It is the true life of a negro before, during and after the Civil War. He was born in a crude log cabin without a floor in it. His mother was the cook for all of the plantation slaves and owners. The food had to be prepared in the little room where the family slept and ate.

Washington did not know who his father was, but his mother made up for the care of his father. She often awakened him at night praying that the slaves would be freed.

She lived to see her prayer realized and her children freed. Booker T., her oldest son, was determined to receive an education and succeeded. After he had obtained his education he spent the remainder of his time teaching other negroes.

This book will make your heart beat faster for the poor helpless negro and will change your attitude toward them.

**Items of Personal and Local Interest**

Mr. and Mrs. Weaver Barnett of Briscoe, were in Wheeler Wednesday on business.

Mrs. Jess Simmons of Pleasant Hill, underwent a major operation Thursday at the Gaines hospital.

Andrew Rowe was taken to the Gaines hospital today. He is ill with pneumonia.

Mr. and Mrs. Otis Ford announce the arrival of a son on Wednesday, May 1.

Miss Fannie Bee Walser of Kelton, is the new clerk at the C. H. Clay grocery store.

Miss Parilee Clay has been absent from school since Tuesday noon. She is ill with the measles.

Mrs. J. I. Maloy and Mrs. T. S. Puckett were in Shamrock Tuesday afternoon.

Mr. and Mrs. Jack Vise and son, Dewey of Briscoe, were in Wheeler Tuesday on business and visited friends while here.

W. C. Haven and Mrs. J. L. Collins of Shamrock, were married Wednesday night, May 1, by Justice of the Peace D. A. Hunt.

Rev. Alamo Starkey, who has been ill at Portales, N. Mex., for a few days, was able to be up the early part of this week.

Mrs. Vera Jamison has been ill the past week at the home of her parents, Mr. and Mrs. W. M. Hampton.

Mrs. Lula Mae Farley and daughter, Barbara, spent the week end at Canyon with Mrs. R. Irons and family.

The son of Mr. and Mrs. R. I. Belote of Kelton, underwent an operation Wednesday at the Gaines hospital.

We invite you to inspect our new "Continuous Flow" dry cleaning system. Yours for better dry cleaning, City Tailor Shop, Phone 20, Wheeler. 20t1c

E. V. Maloy will leave Sunday for Nevado, Mo., where he expects to make an extended visit with his daughter and husband, Mr. and Mrs. R. E. Holcomb.

Mr. and Mrs. Ray Sherwood of Amarillo returned home Tuesday after spending the week end with their parents, Dr. and Mrs. F. N. Reynolds.

Mr. and Mrs. Bill Rupe and children, Patsy and Marion of Canadian, came last week for a visit with her brother, Nick Stedman and wife. They returned home Tuesday.

Rev. and Mrs. J. P. McBeth and three children of Dumas, were in Wheeler from Saturday until Monday. While here they were guests at the Jim Risner, E. W. Carter and Mrs. M. L. Gunter homes.

Rev. J. Edmund Kirby went to Pampa Sunday, where he preached at the morning hour. Their pastor, Rev. Gaston Foote, who was in a car wreck several weeks ago, is improving nicely.

Mrs. A. B. Crump was called to Canadian Monday on account of the serious illness of her sister, Mrs. M. M. Meeks.

**Remedy Removes Cause of Stomach Gas**

Most stomach GAS is due to bowel poisons. For quick relief use Adler-Aide. One dose cleans out body wastes, tones up your system, brings sound sleep. City Drug Store.

Mrs. Mattie Collinsworth was called to Amarillo to be present Saturday when her son, Cecil, underwent an operation. When she came home Wednesday morning he was resting easy.

Mr. and Mrs. Alfred Watson and Mrs. C. N. Wofford and son, Earl, went to Dallas Tuesday to visit Deardorff and Clint Wofford and families and attend to some business. They will return the last of the week.

Mrs. Cordie Gill and daughters, Lavern and Louise, and sister and aunt, Miss Lillie B. Meadows, went to Briscoe Sunday where they were dinner guests of their sister, Mrs. W. L. Lee. Miss Meadows remained for a longer visit.

Dr. and Mrs. F. N. Reynolds and their daughter and husband, Mr. and Mrs. Ray Sherwood of Amarillo, motored Sunday to Canadian, where they were guests at a birthday dinner given in honor of Mrs. Sherwood at the home of her grandmother, Mrs. Celia Barton.

Miss Veatrice Moore, who has been teaching school at Bethel, came Wednesday to visit her uncle and aunt, Mr. and Mrs. J. I. Maloy, before returning to her home near Dallas. She has been visiting Mrs. W. D. Harris at Center and other friends the past 10 days. Mrs. Harris brought her to Wheeler.

Mrs. Ollie Hubbard and daughter, Mrs. Evonne returned Sunday from Dallas, where they spent several days and consulted a specialist in regards to Miss Hubbard's health. She has been confined to her bed for several months with heart trouble. Her condition is improved sufficiently to permit her being up a portion of the time.

Andrew Rowe, who lives north of Wheeler, has been ill with the flu since Saturday.

Mr. and Mrs. Bill Morgan and children were in Shamrock Saturday night attending the show.

County Superintendent B. T. Rucker, spent the week end in Canyon with Mrs. Rucker.

Miss Loula Clarke of Lefors, was a Sunday guest of her sister, Mrs. Jim Trout and Mr. Trout.

Mr. and Mrs. Fred Farmer motored Monday to Pampa where they attended to business.

Fred Rowe, who was in the Gaines hospital last week suffering from a severe attack of flu, is improving nicely and able to be up this week.

Mr. and Mrs. R. L. McClain and children, W. T. and Lillie Myrl, who live north of Wheeler, were in town Monday shopping.

Mrs. Brook Crab and children of Dumas, returned home Monday after a three day visit with her sister, Mrs. Gordon Stiles and husband.

Mrs. Ida Porter of Shamrock, and Miss Ada McQuay of Gageby, were in Wheeler Monday on business and were dinner guests of Mr. and Mrs. G. W. Porter.

Mr. and Mrs. Russell Barker and her sister, Mrs. Beulah Goodman of Meridian, Okla., were Friday guests of the ladies' mother, Mrs. J. A. Calahan.

Mr. and Mrs. J. C. Trout and family had as Sunday dinner guests Mr. and Mrs. Newt Trout and daughter, Miss Ruth of Allison, and Mr. and Mrs. Charlie May, sr.

Rev. Alvin Walls returned Thursday from Wellington, where he attended a two-day meeting of the North Plains sectional convention of the Assembly of God churches, held in the Methodist church in order to accommodate the crowd.

Miss Barbara and Texas Miller, who are attending Southwestern college at Weatherford, Okla., were weekend guests of their parents, Mr. and Mrs. W. O. Miller and family.

Mr. and Mrs. W. H. Scott, who have been living in the east part of town at the Vera Jamison place, moved Wednesday to the Womack property in the west part of town, recently vacated by Marvin Womack and family.

D. A. Johnston of Electra, father of Mrs. Floyd Pennington, and his brother and sister, A. B. Johnston of Vernon, and Mrs. D. H. Batten and great-niece of Milsap, came Monday and Mrs. Pennington accompanied them to Guymon, Okla., where they visited a sister and aunt, Mrs. Jack Wallace and family. They returned to Wheeler Wednesday and spent the night at the Floyd Pennington home. The party returned to their several homes today.

**At the Churches****CHURCH OF CHRIST**

H. V. HENDRY, Minister

Regular services throughout the week.

Sermon subjects for May 5:

Morning subject—"Christian Separateness." Does God expect His people to be different? If He does, in what respect? Does the world have a right to expect more of the Christian than it does the non-Christian? What effect does ungodly living of church members have upon outsiders? What does God say about Christian example? These and other phases of the subject are to be discussed.

Evening subject—"Walking with God." The morning subject is implied in this evening topic and will be discussed, but in a slightly different manner.

Friend, are you walking with God? Are you interested in that exalted privilege? If you are, or if you are interested in others doing so, we invite you to study either or both of the above themes with us.

\* \* \*

**FIRST METHODIST CHURCH**

Rev. J. EDMUND KIRBY, Pastor

Rev. Marvin Boyd continues to bring strong messages in the revival meeting now in progress at this church. Services are held each evening at 8 o'clock. We urge that you come for the remainder of these services.
