Cotton Pool Checks Expected Very Soon

Early Payment Arrival Indicated by Receipt of Certificates in Tuesday's Mail

Expectation of receipt by Wheeler county farmers of approximately \$45,000 of cotton pool money within a week or 10 days was announced today by Jake Tarter, county agent. Certificates for 3,444 checks were received at his office Tuesday.

Checks this time are not looked for as soon after arrival of certificates as in former years, when only two or three days intervened, Tarter said. Nevertheless, notice cards have been addressed and are in readiness for mailing immediately upon receipt of the checks.

As indicated by the ratio of \$45,000 to 3,444, many small checks will be in this payment, which is a combination of left-overs from former pools. Some of the money comes from the different pools of 1934 and 1935, which were all combined in the 1935 national pool.

With no tax exemption certificates issued this year, of course there will be no 1936 pool.

17½% Sold at 4c per Pound

Explaining how the individual holder may arrive at what amount is due him, Tarter said that a producer should refer to the trust agreement mailed him from the agent's office, and take 17½% of the total shown as surrendered and then multiply that sum by 4c, the rate per pound, to ascertain how much to expect.

Remaining Certificates

Unsold certificates in this pool will not be re-issued to farmers at this time, declared Tarter, but will be filed at Washington, and a record kept for future reference should occasion make inspection necessary or desirable.

The foregoing statement is a resume of the report made by Tarter before the Wheeler County Agricultural association at its meeting here Tuesday evening.

Expectancy of something definite on this subject attracted a large crowd at the meeting in spite of disagreeable weather.

CCC Enrollment for District Ends Soon

October 13 Named as Closing Date—Certain Regulations Waived in Drought Areas

Mayor R. J. Holt is in receipt of advices from Amarillo headquarters of District 16, which includes Wheeler county, that the present enrollment period for CCC camp positions closes next Tuesday, Oct. 13. It started on Tuesday of this week.

The assistance of Holt, by virtue of his position, is asked in filling the present quota of workers. The communication recites, in part:

"This district, with the exception of Donley and Deaf Smith counties, being in the drought designated area, is exempted from certain rules and regulations governing requirements of enrollees to the CCC camp. The rules requiring a man to serve at least four months of a previous enlistment and limiting him to a total of 18 months' service are waived in drought counties, regardless of the number of months or previous service, whether less than four or over 18 months. If a man has an honorable discharge and is otherwise eligible he may re-enlist. These two rules have been waived in all of the counties in WPA District 16 with the exception of Donley and Deaf Smith counties.

"We are sure that you will feel it is a pleasure as well as a duty to encourage the young men between the ages of 17 and 28, inclusive, from the destitute families certified for WPA employment or certified to the county welfare workers for surplus commodities to make themselves available for this source of income and training.

"The applicants are to report to the county caseworker or the Texas Relief commission caseworker in the county in which they themselves reside."

MISS LOIS HODGES IS NEW ASSISTANT TO B. T. RUCKER

Miss Lois Hodges is the new assistant in the office of County Superintendent B. T. Rucker. She fills the vacancy created by the recent resignation of Miss Bessie Beene, who accepted a place as teacher in the Bethel school when a fifth member was added to the faculty. She will be employed in the lower grades.

R. N. West, a new-comer to Wheeler county, is superintendent of the Bethel school.

Farm Council Meeting Saturday to Plan Program for Coming Year

A meeting of the Wheeler County Farm council is announced for 2 p. m. at the county agent's office in the court house here. Principal purpose of the meeting is to plan the extension service program for 1937.

Subjects to be considered include: Conservation, organization, boys' 4-H club work, livestock, dairying, poultry, agronomy, legumes, wheat, fruits, truck and farm gardens, pastures, and rodent control.

"No time has been allotted at this meeting for salesmen," observed Tarter smoothly, but with an ominous glitter in his eye.

Premium Raised for "First Bale"

Total of \$64.50 in Cash and Other Valuable Considerations to Be Split Among Three

That very busy man, with a subscription paper under his arm, seen on the streets today was G. O. McCrohan and he had a very definite mission as he flitted hither and yon. Be it known to whom it may concern that he was soliciting premium money for producers of the "first bale" of 1936 cotton. And he did a right nifty job, receiving pledges for \$64.50 in cash, three dinners and \$1.00 in merchandise.

This sum of money and other valuable considerations will be divided 50 per cent, 30 per cent and 20 per cent among three local cotton growers who rank first second and third. They are Mrs. R. L. McClain, Henry Greenhouse and Evert Good.

The staple had been delivered some time ago, but the presence of a "first bale" ahead of local producers and brought in from another community, deferred action until local business interests reached a decision that premiums should be paid only to persons living within the usual trade territory of Wheeler.

Owing to climatic conditions and difference in elevation, it is a yearly occurrence for cotton only a few miles south of here to be ready for harvest from a week to 10 days ahead of local cotton. It was considered manifestly unfair to distribute bonus money to such outsiders—but no one will blame them for their industry and effort to win it.

LIONS CLUB FILLS HOLES IN STAFF OF OFFICIALS

During the business meeting Tuesday noon, following luncheon in the Methodist church basement, vacancies in the officers staff of the Wheeler Lions club were filled by appointment.

The new officials are: J. Edmund Kirby, second vice president; Harry Wofford, third vice president, and Bill Perrin and J. L. Gilmore, directors. These four replace members who have moved away permanently or otherwise.

The board of directors met in called session Tuesday evening with G. D. Thatcher, special representative of Lions International, who was visiting clubs in this area.

Hunt Has Dealership for New Line Radios

Well-Known Business Man to Sell Sentinel and American Bosch Radios

When D. A. Hunt recently severed his connection as salesman with the Wheeler Motor company in order to devote more time to other pursuits, he planned a modest expansion program. When the front portion of the Clay building, near the southeast corner of the square, was vacated by a beauty parlor, giving Hunt access to the entire room, considerable alterations were made. The mortuary quarters at the rear were improved and made strictly modern. The former beauty shop space was fitted up as a display sales room and repair department for radios.

Last week, Hunt made arrangements to handle Sentinel and American Bosch radios, also batteries and accessories. He announces in an advertisement elsewhere in this issue his readiness to demonstrate and install various models of either make of radio.

Operation of the repair department will be delegated largely to L. C. Laflin, an experienced radio man. For a year or more, Laflin has maintained a workshop in the rear of the Royal Drug store and has built up quite a following among radio owners.

Dr. J. L. Witt of Groom spent Sunday with his parents, Mr. and Mrs. J. F. Witt, and family.

Tipton Orphans Home Truck Coming Oct. 13

Annual Collection of Necessities for 250 Children Enjoying Fine Opportunities

Tipton is the place where quite a number of children have been sent from Wheeler county and quite a few more from the Panhandle.

What a disaster it would have been to this part of our country had all these 250 children been left to cold merciless hands!

Noble are the men and women who love parentless and homeless children enough to take the responsibility and the burdens to care for them in a place like Tipton. And if you are not convinced that a place like Tipton is the place for orphan children, visit that home. See these children as they live together superintended by hearts that care. You can then see for yourself and learn what wonderful opportunities they have and are enjoying.

The truck from the home will be in Wheeler Tuesday, Oct. 13. Do you have anything that would be useful to these children? Canned food, dry food, good clothing, bed clothing—bring and deposit it at Nation's barber shop. Put your name on your package and also the value of its contents. This will aid the truck man in making proper records.

Parent-Teacher Unit Organized at Union

Officers Chosen and Meeting Schedule Arranged at Initial Session, Sept. 30

People of Union community met Wednesday evening, Sept. 30, for the purpose of organizing a Parent-Teacher association. A large crowd was present and all were much interested in the coming year's work.

J. D. Rucker, principal at Union, introduced the principal speaker of the evening, County Superintendent B. T. Rucker, who made a very interesting and instructive talk on the purpose and aims of a P.-T. A. Music for the occasion was furnished by Ruff Brothers and Mr. Mahan.

Officers chosen are: Buck Cruce, president; Mrs. John Haning, vice president, and Mrs. Blackwood, secretary-treasurer. Various committees are to be appointed at a later date.

Thursday night before Halloween was named as the next meeting date. A welcome is extended to all patrons and friends of the school to attend the meetings and take part in the work.

Mobeetie Lady Given Special Recognition

Appointed Tester Reader by Farm Magazine for Outstanding Homemaking Ability

Mrs. John McCarroll, of Mobeetie honored as a Master Farm Homemaker a few years ago by The Farmer's Wife Magazine and the state agricultural college, has just received another recognition.

She has been appointed a "reader tester" by this same magazine "because of her outstanding ability and success in modern homemaking."

As a tester Mrs. McCarroll is one of a carefully selected group of 500 farm women of the nation who will test manufactured products and determine whether they are suited to farm home conditions.

These 500 women give a cross section of American farm homes. Some live on large farms, some on small; some are farm owners, others are renters; they use stoves burning various kinds of fuel. Size of families varies from two members to a dozen.

Food products, for example, will not only get a preparation test, but will inevitably get an "appetite test" from the families who eat them. The homemakers will be able to see, too, whether the recipes are the right size for farm families.

If a product is found good for farm home use the manufacturers will be allowed to label it with a special Reader-Test Seal of Approval, which will be a buying guide for farm women everywhere.

Drilling Continues in Nearby Test Hole

After minor overhauling of rig and replacement of some equipment at the Porter oil test over the week end, drilling was resumed Monday. Reported depth yesterday was approximately 5,600 feet.

After rigging for an 8,000-foot hole some two weeks ago, operations ceased at the contract horizon of 5,500 feet until cores were taken. Orders to proceed followed examination of the cuttings.

Large Attendance at Program by P.-T. A.

Style Show Featured Tuesday Night—Organization to Sponsor Halloween Event

A record crowd attended the regular meeting of the Parent-Teacher association on Tuesday night at the high school gymnasium, when an interesting program and style show were presented to an audience of 125 members and guests.

Messrs. Zirkle, Mayne and Wynne sang "Sleep, My Lady Sleep," which met with a hearty response. The remainder of the program was presented as published in last week's issue of this paper, with two exceptions. Supt. J. L. Gilmore discussed Intelligence, the number assigned Mrs. R. J. Holt, and the Intelligence Test was presented by Miss Imogene Holbert instead of Mrs. C. J. Meek.

During a short business meeting, the P.-T. A. voted to sponsor a Halloween carnival at the gymnasium on Oct. 31.

Rally Day Sunday at the Methodist Church

Attendance of 200 Set as Goal—Installation of Officers and Teachers

Next Sunday, Oct. 11, has been designated as Rally Day at the local Methodist church. A goal of 200 in attendance has been set by the Church Board of Christian Education, and plans are being executed to reach that goal. The pastor urges every Methodist to be present. Visitors are always welcome and are also urged to be present and help make the day well worth while.

Officers and teachers of the church school will be installed at the preaching hour.

The pastor will preach at both the morning and evening hour.

"If you come and 199 others come, our goal of 200 will be realized," declared Rev. J. Edmund Kirby, pastor, who continues, "We are looking for you. Come."

BAPTIST W. M. S. HAS JOINT PROGRAM AND BUSINESS MEET

The Baptist W. M. S. met at the church Monday afternoon at 2:30 for a joint program and business meeting. Mrs. Raymond Waters was in charge of a very interesting program on "Home Missions," assisted by Mrs. Jim Risner, Mrs. George Porter and Mrs. Lee Guthrie.

During the business meeting Mrs. Waters was elected president of the W. M. S. for the ensuing year to fill the office held by Mrs. Lee Guthrie for the past two years. At a previous meeting Mrs. Ernest Dyer was elected secretary and treasurer; Mrs. Bob Rodgers first vice president and Mrs. Lee Guthrie, second vice president.

Circle No. 1 will meet with Mrs. Lee Guthrie at 2:30, Monday afternoon, while circle No. 2 will meet with Mrs. Bob Rogers at the same hour.

MRS. E. GOULE IS HOSTESS TO CONTRACT BRIDGE CLUB

Mrs. E. Goule entertained members of the Contract Bridge club and guests at the R. H. Forrester home Thursday afternoon. Mrs. Clarice Fisher won the prize for high score and Mrs. Ed Watson won the travelers.

A delicious plate lunch was served to Mesdames Buck Britt, Cora Hall, Nelson Porter, R. J. Holt, Clarice Fisher, Inez Garrison, Roy Puckett, Ed Watson and Miss Reba Wofford, members; Mrs. Dudley McMillin, Mrs. Roe Green and Mrs. Jimmy Mitchell.

Walter Anglin Joins Wheeler Motor Force

This week, Walter Anglin, well-known Wheeler man and automobile salesman of wide experience, joined the Wheeler Motor Co., Chevrolet sales and service. For the past two years he has been selling another popular-priced car.

Back with Chevrolet is a return to his first love for Anglin. He sold that make of car for seven years, beginning in 1927 and continuing to 1934. Residence of several years here, during which time he has made a host of friends and acquaintances, fits Anglin admirably for his chosen work.

Croffords Return to Wheeler

Mr. and Mrs. D. H. Crofford of Shamrock are moving back to Wheeler to live. They have rented rooms in C. H. Clay's house on South Main street and will move soon.

Mr. and Mrs. Latham of Lefors have rented the remainder of the house and they will move Tuesday to Wheeler, where Mr. Latham will be engaged in business.

Rural Teachers Hold First Meeting of Year Here Last Saturday

Rural teachers of Wheeler county held their first meeting of the year at the court house in Wheeler, last Saturday. The session was opened with the singing of "America" and the "Eyes of Texas." W. W. Brister was leader, with Miss Richardson at the piano.

County Superintendent B. T. Rucker took charge of the meeting and introduction of teachers followed. Most of the schools were well represented. Rucker appointed W. W. Brister, Gracey; Ernest Deering, Corn Valley, and Elmo Scott, Briscoe, as a nominating committee.

This committee nominated O. C. Evans, Briscoe, president; Ernest Deering, Corn Valley, vice president, and Mrs. I. C. Evans, Twitty, secretary. These officers were voted upon and approved. President Evans appointed Mrs. Ellard, Plainview; Miss Christine Legg, Gracey, and A. S. Wharton, Magic City, to serve on a program committee.

Date for organization of the Inter-scholastic League was discussed and Saturday of this week was named as the date for preliminary discussion of next spring's county-wide school event.

Next meeting of the rural teachers organization is set for Saturday, Nov. 21.

Holloway to Preach for Baptists Sunday

Taft Holloway, pastor of the Wheeler Baptist church, who is attending Baylor university at Waco, will return to Wheeler Saturday and conduct Sunday services at the Baptist church.

All members of the church are urged to attend these services and those not attending elsewhere are invited to worship with this congregation.

MR. AND MRS. MEEK RETURN FROM FIVE-DAY MOTOR TRIP

Mr. and Mrs. A. R. Meek returned Tuesday from a five days motor trip to Bovina, where they were guests of their daughter, Mr. and Mrs. George Trimble and children, Harold and Lois. They spent Monday night in Plainview with three brothers, W. B. Otie and Bob Martin, cousins of Mrs. Meek whom she had not seen for 20 years.

Mr. and Mrs. Meek visited their son, Aaron Meek, at Pampa and many friends while they were gone.

LOCAL CERTIFICATE MASONS MAKE HIGH CONTEST GRADES

Traveling to Shamrock, Sunday, a team of Wheeler certificate Masons proved their ability in a friendly contest of degree work. A group of Shamrock Masons comprised the other entry.

Those going from this region were: H. E. Young, R. H. Forrester, Melvin Howe, A. B. Purnell, Lee Guthrie and J. I. Maloy of Wheeler, and R. P. Watts, Mr. Lane and Warren B. Trout, Mobeetie. Six of that number composed the local entry.

Mr. and Mrs. Roy Esslinger and daughter, Dorothy, of Pampa came Saturday night to visit their daughter and sister, Margie, and Mrs. Esslinger's parents, Mr. and Mrs. J. H. Richards. Dorothy remained for a few days while Mr. and Mrs. Esslinger returned home Sunday.

Mrs. E. W. Bryant, mother of J. A. Bryant, has gone to Pampa to visit her daughter, Mrs. E. T. Ward, and family. From there she will go to Mulshoe to visit another daughter, Mrs. W. H. Awtry, and family. Mrs. Bryant expects to leave Wheeler early in December to make an extended stay in Tennessee.

Reference Material Appears in Times

It is the hope of every ambitious newspaper man to publish things of more than transitory nature and value; to know that one has done so is partial compensation for long hours of painstaking effort to achieve something worth while.

This week, The Times received from Mrs. L. McCombs at McLean, a request for a copy of the Nov. 28, 1935, issue of the paper. She explained that an article in that issue entitled "—and Sudden Death" was wanted for use in a ladies club program. The article, reproduced by The Times, was a pointed discussion of automobile hazards and accidents throughout the nation.

Mrs. McCombs' request was gladly complied with.

Old-Age Pensions to Many County People

146 Applicants Out of 474 Total Receive Payments—24 Denied—Others Pending

The Times is indebted to Representative Eugene Worley for the following comprehensive and informative report on the old-age pension program as relating to Wheeler county citizens. Worley's figures, arriving this week, show that 146 persons are receiving payments which range from the maximum of \$30 to less than \$10. This number represents 30.8 per cent of the 474 applications which have been filed. Twenty-four of the total number of applications have been denied, and 304 are pending.

In an analysis of denials is found the following reasons: Under age, 2; excess income, 6; excess marketable securities, 1; spouse able to support, 1, and no need reflected, 14.

Analysis of Payments

Under this heading are shown "blacks" and "others," as well as "whites." However, no payments are indicated except to white persons. The number and amounts are:

Only one person is receiving \$30 per month; two receive from \$25 to \$30; payments of \$20 to \$25 go to 37; in the \$15-\$20 bracket is found the greatest number, 70; those receiving \$10 to \$15 total 30, and six persons receive less than \$10 per month assistance.

Average Per Month

Total Monthly Payments	\$2,560.00
Total Number Recipients	146
Avg. per Person per Mo.	\$17.14

An age summary of the 146 beneficiaries is as follows: 65 to 70 years, 52 people; 70 to 75 years, 44; 75 to 80 years, 32; 80 to 85 years, 11, and seven are over 85 years old.

Accompanying the figures was a letter from Worley saying: "Because I know hundreds of your readers are vitally interested in the set-up and fashion in which the Texas Old-Age Assistance commission has been functioning since its creation by the legislature, I am enclosing information which has been obtained from the commission as a result of the investigation which the House of Representatives is now conducting.

"It is the purpose of the investigation which we are holding this week to bring out any defects which might exist under the bill and to correct all of the evils which will be brought to light."

Allison Man's Hound Places in Wolf Hunt

Lilly, 3-Year-Old Matron, Ties for Fourth in Annual Association Meet at Quannah

Mr. and Mrs. S. B. Davis and Mr. and Mrs. J. L. Mann and son, Ira, all of the Allison community, returned last Thursday from the Oklahoma-Texas Wolf Hunters association meeting at Quannah. Regular dates of the meet were Sept. 27 to 30, but because of rainy weather the hunt started a day late and continued a day over.

Lilly, a 3-year-old matron belonging to Davis, tied with four other dogs for 4th place in field events. Mr. Mann took some dogs, also, but did not enter any of them. About 20 wolves were caught.

Mrs. Mann won first place in the ladies' horn-blowing contest, receiving a beautiful horn as a prize. Mr. Davis was re-elected a director of the association at this, the 16th annual encampment since its organization at Texola, Okla., on June 3, 1921. The first encampment was held Aug. 5 on the Hutto ranch, just over the line in Oklahoma from the southeast corner of Wheeler county.

Dr. V. C. Tisdal of Elk City, Okla., was re-elected president, and Dr. W. H. Allen, Sweetwater, Texas, vice president. Location for next year's encampment will be chosen at a directors' meeting some time in the spring.

CONTINUED WET WEATHER HINDERS GROWING CROPS

In only a week or slightly more, crop prospects in this sector have changed materially—and not for the better. Perhaps not too much rain, but certainly too much cold weather, is making the outcome decidedly doubtful.

Beginning Monday, after a clear week end of pleasant weather, cold, drizzling rains have fallen here practically every day and night, with near-freezing temperatures threatening. Feedstuff is said to be at a standstill because of the cold, while cotton which has opened is actually damaging.

Hopes are freely expressed for fair and reasonably warm weather—and that very soon.

HANDS OFF GASOLINE TAX FUNDS FOR PENSIONS

Much as The Times regrets disagreement with friends, and especially a man whom it has helped elect to office, it cannot remain quiescent in the face of Gov. James V. Allred's proposal to "borrow" from the state highway fund—gasoline tax monies—to meet old-age pension requirements. This should not be done. Nor does The Times believe the legislature, now in session, will approve the proposition.

Untold evils could easily follow in the train of such action. It would afford the opening wedge for repeated raids upon a fund designed for a specific purpose, that of highway building and maintenance, and to which the motoring public of Texas is now contributing all the traffic should bear.

Last Saturday's issue of The Texas Weekly discusses the question pointed out in these words:

"The most obvious objection to the proposal is its manifest unfairness to the motorists of Texas, who last year paid State gasoline taxes to the amount of \$33,599,000 and registration and miscellaneous fees amounting to \$15,788,000. The average Texas motorist paid in 1935 a total tax of \$46.16, including federal gasoline tax, for the privilege of running his car. And all Texas motorists have a right to oppose the further use of the taxes they pay for any other purpose than highway construction and maintenance.

"Governor Allred is quoted in the press as saying that 'eating is more important than riding,' but that does not meet the issue. Aside from the fact that the number of approved pensioners is already larger than the number of old people who were on the relief rolls before the pension measure was enacted, it is simply not a question of 'riding' as opposed to 'eating,' for it is by now axiomatic that the automobile is not a luxury but a necessity.

"Few automobiles are used for riding up and down the highways—built, remember, with tax money paid by those who ride—merely for the sake of riding. And if we bring the matter down to a question of 'eating,' we must give consideration to the highway workers who would be thrown out of employment by the diversion of \$3,000,000 of road funds.

"Nor is that all which would be lost, for federal highway aid could also be withdrawn, disrupting the program of the highway department and losing to Texas some of the federal gasoline tax it has paid.

"Surely the Texas motorist is heavily enough burdened without expecting him to take on the additional task of paying old-age pensions. It is our idea that every cent of the taxes paid by motorists ought to go for highway construction and maintenance, for it can not be said that Texas is more than well started on its road building program. There already is sufficient diversion of funds rightfully belonging to the state highway department without permitting further diversion on the somewhat

TEXAS SHOULD ADVERTISE

Lieutenant Governor Walter F. Woodul, urging the people of Texas to continue on a big scale the advertising which was featured the year 1936, points out great advantages which have been gained this year and could be gained through a well-directed five-year advertising program for the state.

Advertising promotes better business and better business helps the taxpayer, says the Houstonian, who has served the state very capably as its lieutenant governor. "Should Texas pursue a five-year advertising program, men and money will come to Texas and create a market for real estate at increased prices, and when real estate trading again becomes a fact and not a recollection, one of the first and most natural results will be to clean up in a large measure the delinquent tax situation," which Woodul asserts is the reason for the general fund of the state now being in the red, some twenty-five million in taxes being now outstanding.

Say what you will, but the power of the printed word is so strong that it can do all the things the lieutenant governor thinks it can—and more.

What is the limit above which a business should not go in advertising itself?

Department stores of the nation average three to four per cent of their annual income for advertising as a part of their sales service to the public; major companies which advertise nationally spend an average of five per cent.

A big soap manufacturing company has an annual advertising budget of two per cent. A cork company spends six per cent. A yeast company finds it highly profitable to spend 6.8 per cent. A vacuum sweeper manufacturing company spends a total of five per cent. A grape juice company allows four per cent. A hygienic products company stimulates its sales with a 49.8 per cent advertising expenditure.

Advertising is the lubricant which greases the wheels of business. It reduces costs to the consumer, raises the standards of perfection, informs, eliminates the shady dealer.

Texas' per capita production of raw materials is to 50 to 70 per cent above that of the whole United States while its per capita production of manufactured products is some 60 or 70 per cent below that of the entire nation. Advertising alone will hasten the colonization of fertile acres and provide new industries to turn raw

materials into finished products. More industries mean more payrolls with which to purchase more products; for instance, from the farm.

Advertising should triple the value of Texas industrially in five years, and the greatly increased population would better distribute taxation—consequently lowering cost to individuals for the maintenance of state, county and city government. It is safe to predict that a million dollars a year spent for advertising Texas the next five years would return to Texas a hundred dollars for each dollar spent, and prove of real benefit to every individual citizen.

Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

Thieves broke through two locks and took some \$165 worth of new equipment from the football team last Saturday or Sunday. Twenty new sweat shirts, 20 pairs of new socks, 5 pairs of silk pants and 5 gold jerseys were included in the loot. Officers are working on the case.—McLean News.

Forty years ago, school teachers had to whip the larger boys in order to hold the teaching job. In fact the teacher and the larger boys fought all through the term—if he stayed. The teachers got smart, finally, and got up football. Now the big boys fight each other and the teacher does nothing but escort the pep squad around to keep the boys expending their strength on some other fellow besides the teacher.—Donley County Leader.

The Carson county agricultural booth which was displayed at the Tri-State fair in Amarillo last week won 16 ribbons and cash prizes amounting to \$67. —Panhandle Herald.

Frank N. Blevins, who is in charge of the National Re-employment service office which was opened in Memphis last week to serve labor demands of Hall and Briscoe counties, states that jobs are available at this time for every able-bodied man in this section who wants to work. There are some 300 cotton pickers wanted by Hall county farmers right away, Blevins said.—Memphis Democrat.

O. L. Bartholomew has accepted a position as director of the Canadian school band. He came to Canadian, Monday, to take the position left vacant by Sumner Williams, resigned, who has accepted a position at Alice, Texas. Bartholomew comes here from Greeley, Colo., where he has been directing a band at the Colorado State College of Education.—Canadian Record.

Discussing the district football championship, Fred L. Williams says in his Clarendon News:

"I'm going to stick by my guns. I STILL pick Wheeler. And I believe that the greatest obstacle in their path to the championship is the forthcoming game with our own Bronchos."

Since that statement was published, the Mustangs won a technical decision over the Clarendon Bronchos.

Mentor of the Amarillo News-Globe, Col. Tack, is now offering to pay someone to write his own column. These capitalists, how they grind the lower classes: We have to do our own stint, not having five bucks to hire someone to do our job for us.—Pampa Press.

Wellington fans learned a lesson at Wheeler. At the Clarendon game they watched about crowding the line and were fairly careful of what they said. Officials are human and the truth is beginning to soak in. The sideline rooters cost Wellington about half of their penalties at Wheeler.—Wellington Leader.

Mr. and Mrs. Skin Counts and little daughter moved from Miami to the oil fields near McLean, where Counts has secured employment. He recently closed out the International Harvester Co. agency here. The Counts family have a host of friends in this community who will regret to learn of their removal from the city.—Miami Chief.

Sometimes we think the Soviet plan of handling grafters and those who use their office to steal from the government is the best plan. The Russian government takes them out back of the garage and lines them up before a firing squad. It is reliably reported that it puts an end to their grafting.—Lefors News.

Sounds like a good idea, but might be tough on census figures for a generation or so.

Exactly 000 citizens of Floydada attended public hearing on the city's tax budget for the fiscal year April 1, 1936 to April 1, 1937, held by the city council at the city hall Monday night of this week, although the event was publicized thoroughly by the city fathers and taxpayers urged to be present and lend their council.—Floyd County Hesperian.

A city-wide WPA project for the placing of caliche on 56 blocks of city streets and employing more than 30 men for a period of five months was scheduled to get under way today. W. R. Jeffries, district engineer, was here yesterday to get the project started.—Hereford Brand.

It was explained to us recently just why dynamite is never used on PWA jobs—too much danger of awakening the workers.—Exchange.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Wheeler County—Greeting:

You are hereby commanded to summon E. E. Duke by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Wheeler County, to be held at the Court House thereof, in Wheeler, on the 2nd Monday in November A. D. 1936, the same being the 9th day of November A. D. 1936, then and there to answer a petition filed in said Court on the 29th day of May A. D. 1936, in a suit, numbered on the docket of said Court No. 2738, wherein

A. L. Tinney is Plaintiff, and E. E. Duke, S. D. Conwell, L. M. Conwell, D. E. Holt and J. H. Hatcher are Defendants, and a brief statement of plaintiff's cause of action, being as follows:

That on or about the 1st day of January, 1935, plaintiff was lawfully seized of the land and premises described as follows: Being the west fifty acres off of the west side of the North 363.7 acres of Section No. Thirty-four, Block A-8, Cert. 14, 3033, of the H&GN RR Co. surveys in Wheeler County, Texas, holding and claiming the same in fee simple; that on said day defendants unlawfully entered upon said premises, and ejected plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage in the sum of \$2,500.00.

Plaintiff prays judgment of the court that he have judgment for title and possession of said above described land and premises, and that writ of restitution issue, and for his rents damages and costs of suit, and for such other and further relief, special and general, in law and in equity, that he may be entitled to under the facts.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Wheeler, Texas, on this 6th day of October, A. D. 1936.

(SEAL) HOLT GREEN, Clerk, District Court, Wheeler County, Texas.

(First published in The Wheeler Times Sept. 24, 1936) 4t

NOTICE OF SHERIFF'S SALE

STATE OF TEXAS)
County of Wheeler)

By virtue of an order of sale issued out of the Thirty-First District Court on a judgment rendered in said court on the 26th day of May, A. D. 1936, in favor of Oil Field Operating Company, a Corporation, and M. Reynolds and against J. G. Edwards, in the case of J. G. Edwards vs. Oil Field Operating Company, et al, No. 2658, in such court, I did on the 18th day of September, 1936 at 1 o'clock, P. M. levy upon the following described tracts, property and lease hold estate, situate in the County of Wheeler, State of Texas, as the property of J. G. Edwards, to-wit:

A certain lease hold estate in a tract of land in the SE corner of the NE 1/4 of Section 47, Block 13, H&GN Ry. Co. Surveys, Wheeler County, Texas, described as follows: Beginning at a point on the East line of said section 47, where the same intersects the North line of the CRI&G Ry. Co. fence; thence North along said East line of said Section 47, 500 feet; thence West and parallel with the North line of said Section 47, 200 feet; thence South 500 feet; thence East 200 feet to the point of beginning; together with all refinery buildings, tanks, stills, boilers, towers, pipelines, equipment, machinery, supplies, tools, and connections, and any and all of the other personal property used or placed thereon or obtained in connection therewith, including two 4-inch pipelines extending diagonally across the NE 1/4 of said Section 47 above described a distance of approximately 3020 feet in each line of pipe, together with such valves, connections or rights in connection with said pipelines.

And on the 3rd day of November, A. D. 1936, being the first Tuesday in said month between the hours of 10 A. M. and 4 P. M. on said date, at the court house door of said County at Wheeler, Texas, I will offer for sale and sell at Public Auction all for cash the right, title and interest of the said J. G. Edwards in and to said property above described.

Dated at Wheeler, Texas, this 18th day of September, A. D. 1936
RAYMOND WATERS,
Sheriff of Wheeler County, Texas.

DIRT ROAD DRIVERS!

THIS NEW "TRACTOR-GRIP" TIRE WILL PULL YOUR CAR THROUGH THE TOUGHEST SPOTS without chains!

DON'T GET STUCK IN THE MUD

Roads thick with mud—with soft shoulders—pitted with ruts and deep holes? Don't worry, you'll get through if your car is equipped with Goodrich Super Traction Silvertowns.

FOR PASSENGER CARS AND LIGHT TRUCKS

Super Traction at NO PRICE PREMIUM

● No wonder we claim that the new Goodrich Super Traction Silvertowns for passenger cars and light trucks "make every road an open road"—get you through where ordinary tires fail.

This extra-rugged tire has a specially designed "caterpillar action" tread. Double-deep, road-biting cleats and huskier, over-sized shoulders give your car a tractor grip under the toughest conditions. Does not slip or swerve but pulls you right through the mud holes. Lugs are self-cleaning—and out on open, paved highways these Goodrich Super Traction Silvertowns will give you a comfortable bumpless ride. And how they'll wear! No price premium. See this special tire today.

THE OLD CAR WILL LOOK LIKE NEW!

—Spruce it up with Goodrich Top Dressing

● It beautifies and preserves. Gives a lasting, glossy, waterproof, jet-black finish. Protects car top from cracks, leaks, splits—makes it look like new. Quick-drying. Easily applied.

NEWS FROM THE GRADES

First Grade

Miss Christine Legg, primary teacher, attended a teacher's meeting Saturday in Wheeler and was appointed a member of the program committee of the Wheeler County Teachers association.

Those absent this week are Finis Hansard and June Drum.

Wanda Barfield visited her grandmother in Oklahoma this past week.

Miss Legg has been named "Moll Buzzer" in Lighthouse Nan, a play to be given by the teachers and their friends.

Second and Third Grades

Kenneth Kinard was absent Friday because of sickness. James Saye has returned from the Oklahoma fair and is back in school. Betty Louise Gilliam was absent Friday to attend her uncle's funeral.

The second grade received their new language books last week and are all doing excellent work in them. Both the second and third grades are doing excellent work in spelling. The second made 100 and all but four in the third did likewise.

Imogene Peabody spent the week end in Clarendon.

Fourth Grade

Two students, Verna Sargent and Patsy Linton, have been absent because of sickness. Pauline and Dorothy McKeever have withdrawn from school.

Fifth Grade

The fifth grade had a spelling contest Friday evening and Velma Muldren proved to be the best in the class, with Ernest West, second.

Sixth Grade

The sixth grade had an arithmetic contest Monday and Virgil Ray Smith was first, with Juanita Campbell, second.

The sixth grade had a dandy chapel program in which they impersonated

Kelton News

Rena Johnson, Correspondent

Mrs. Albert Holcomb and Miss Katherine Rutherford were business visitors in Amarillo Tuesday.

Mr. and Mrs. Walter Johnson and son, Wayne Lee, spent Sunday with Mr. and Mrs. Tony Richardson and children of Texola.

Mr. and Mrs. G. Baird and daughter of Mobeetie spent Sunday here visiting with relatives.

The Methodist W. M. S. met Monday at the church with six members

the very dignified seventh graders in their everyday actions on the playground and in class.

Mrs. Keller to Idaho

Mrs. Ida Keller, long-time resident of Wheeler county, left recently for Idaho, where she will make her home. She will be missed from this community and the staff joins friends in wishing her the best of luck. G. W. Keller and wife accompanied her.

Church Gives Surprise

The Baptist church surprised Mr. and Mrs. Finley, Thursday night with a weiner roast at their home. Many people attended and all reported a fine time.

Rev. Gilliam at Chapel

Chapel exercises had as the principal speaker Monday morning, Rev. Gilliam, pastor of the Kellerville Methodist church, who spoke from the 1st Psalm. Mrs. Higdon was also present at the services.

Hornet-Mustang Game Changed to Saturday Night, October 10

Wheeler-Mobeetie In Battle Filled With Bites, Stings to Be Torrid Opponents

The scheduled date of the Mobeetie Hornets-Wheeler Mustangs affray has been changed from Friday, Oct. 9, to Saturday night, Oct. 10. This change was made to enable Wheeler fans to attend the Shamrock-Clarendon game on Friday night. The game will be called at 8:00, and the admission will be 25c-50c for the Wheeler game.

Hunting revenge and determined to make a better showing than in the previous game last Friday night at Clarendon, the Wheeler Mustangs will meet the Mobeetie Hornets on their own gridiron.

Coach Bob Clark is sending his chargers through the stiffest workouts yet, to prepare them for their next game and also for their loafing in the Clarendon game. These workouts feature hard blocking and tackling to prepare them for the coming game.

It was hinted the Hornets were ready for their second victory, having defeated the highly praised Pampa Gorillas, 13 to 0. Therefore, they will be just that much harder to defeat. Also, they had rather defeat the Wheeler boys than anyone else.

The Mobeetie Hornets, under the leadership of Coach Clinton Meek, have been making splendid progress. Although his team is somewhat inexperienced, it is quite a scrappy crew and is expected to make it a hard fought game from the first whistle until the final gun.

If the Mustangs have the least thought of over-confidence they will get beat by a score unthought of.

The past game has seemed to change the attitude of the squad and it seems they are ready to make it tough on the Hornets. The probable starting lineup follows:

- Ends—Maxwell, Emler.
- Tackles—Page, Tillman.
- Guards—Green, Whitener.
- Centers—Weeks.
- Backfield—Norman, Groves, Cole and Derryberry.

DOMESTIC SCIENCE

GIRLS PRESENT PLAY

(Continued from First Page)

and Caroline McBee were the girls that took part in this act.

In the last act, the poem "Somebody's Mother" was acted out, with Hannah Faye Riley as the old woman. Mrs. Whitener read the poem and Caroline McBee played the part of the noble boy. The other school children in the poem were members of the home economics I class.

Razorbacks from Hills Figure Out New Football Game

What else are those boys from the rocky hills of Arkansas going to think up next? They now have a game which they call "Miniature Football." It is a combination of miniature golf and table tennis, plus a dash of football.

It is the belief of coaches that this new game will click with the fans.

The new kind of football started in small towns where there was not enough players available to have a full team with any reserves.

This will give the boys a chance to learn the fundamentals of the game. The field will be 80 yards by 40 yards instead of regulation size. The scoring system will be the same except that each team will be required to make 15 yards instead of 10 for first down.

Only six players are required in this game of football. Three of them play in the line and the other three play in the backfield. The men in the backfield must be three yards behind the line of scrimmage when the ball is snapped. There will be less danger in this game than in the game where 11 men are used.

Predictions Prove Prophets Plentiful Among Wheelerites

Predictions on the outcome of the world series were varied. Some of the guesses are listed below:

Supt. J. L. Gilmore, weather prophet and baseball predictor of Wheeler high school, picked the New York Giants to win the world series this year and stayed with them until the finish.

Miss Imogene Holbert did not pick a team to win the series at the beginning of the series, but she picked the Giants to win in the finals.

H. E. Cole did not pick a winner until the series had already begun, but then he became a loyal supporter of the Giants.

Mrs. Gilmore was a loyal supporter of the St. Louis Cardinals at the beginning of the season, but she was in favor of the Giants at the close of the season.

Troy Lee Carver is a great admirer of all sports. He took their names at the starting of the season and saved this piece of paper to see how well he guessed their order. Below is listed the order in which he picked them and the order in which they came out:

National League		
His Pick		Results
1st	Chicago Cubs	2nd
2nd	St. Louis Cardinals	3rd
3rd	Pittsburgh Pirates	4th
4th	New York Giants	1st
5th	Cincinnati Redlegs	5th
6th	Brooklyn Dodgers	7th
7th	Philadelphia Phillies	8th
8th	Boston Bees	6th
American League		
1st	Boston Red Sox	6th

SPORT SLANTS

By a Mustang

Monday afternoon the Ponies played the Colts in a short scrimmage. It was a real game throughout, although the larger Ponies held the upper hand and finally won by two touchdowns. The Ponies and Colts blocked like veterans.

It seems that some real prospects for a football team are playing touch football in physical ed. If some of the big boys would come out for the football team they might make real ball players and a real team, also.

Down in good old Arkansas they have started the idea of a six-man football team. The six men playing would be a center, two guards, and three backfield men. This is a good idea for all smaller schools. Anyway, it may not be long before all the little schools are trying it.

I was snooping (as usual) and heard some of the basketball girls wishing that the coaches would let them go to the gym and shoot goals. The basketball girls are anxious to win the conference. Here's hoping you do.

The three teams I named last week that I expect to top the conference, are still there. Shamrock defeating Lakeview, 9 to 6; Memphis with a win over Lefors by 13 to 6 is still among the top; and last but not least are the Mustangs, who defeated the Broncos by first downs in a scoreless game.

The other teams that won are the Wellington Skyrockets by 21 to 6 over Estelline, but the McLean Tigers lost to Panhandle to the tune of 13 to 0.

So just hold your seats, all you District 3 fans, and see how far wrong I am.

2nd	Detroit Tigers	2nd
3rd	New York Yankees	1st
4th	Cleveland Indians	5th
5th	Washington Senators	4th
6th	Philadelphia Athletics	8th
7th	Chicago White Sox	3rd
8th	St. Louis Browns	7th

Huffman Walker picked the Chicago Cubs to win the series but changed to the Giants.

R. J. Puckett picked the St. Louis Cardinals to win, but when the finals started he was a firm rooter for the Giants.

From this, it seems the Giants were favorites among the Wheeler fans.

Clarendon Loses Mustang Game, 9-8

Score, However, Won By First Downs and Not By Actual Touchdowns

With the thought of over-confidence staring them in the face, the Wheeler Mustangs battled the Clarendon Broncos to a scoreless tie.

Before the game was played, however, both coaches agreed that in case of a tie, the winner should be judged by penetrations and first downs.

Therefore the victory went to the Mustangs with penetrations even, with one up and the first downs 9 to 8 in favor of Wheeler.

It was one of the raggedest exhibitions of football ever played by the Mustangs. There was no blocking whatsoever and very poor tackling.

These few things almost cost the lads from Wheeler high school a victory, which, if they had lost would have cost them very much—probably the district.

The lads from Clarendon played outstanding football throughout the game—blocking and tackling unusually hard for a class B school.

Several times the usual Mustang drive would start, but someone wouldn't get their man or a backfield man wouldn't run his best and the drive would be stopped.

Only one time did the Mustangs look like a good football team and that was in the second quarter, when they stopped a Clarendon drive on the one-yard line.

The Clarendon Broncos gained ground almost at will, especially by passing and with end runs. The Mustangs did not pass at all.

The lineup for the Mustangs was:
Ends—Emler, Maxwell.
Tackles—Tillman, Page.
Guards—Green, Whitener.
Center—Weeks.
Backfield—Norman, Ford, Cole and Groves.

GYMNASIUM FLOOR ACQUIRES NEW FINISH NOW

Sanding the gymnasium floor has just been finished by Roy Badley, who has been in charge of the work. They have also woodfilled the floor. That is, filled up all the cracks with plastic wood.

After this, the gymnasium floor will be finished with regular gymnasium floor finishing. This is on the same order as varnish. Lines will be painted on the floor to set off the boundary for basketball, volleyball and tennis. After this is done, the gymnasium will be in perfect order for the coming basketball season.

VOLUME XI—NUMBER 6

THURSDAY, OCTOBER 8, 1936

WHEELER, TEXAS

Active Student—'34 Grad Wed In Sayre

Former Miss Dorothy Tolliver United In Okla., Marriage With Carlisle Robison

Mr. and Mrs. Carlisle H. Robison were united in marriage Saturday night, Oct. 3, at Sayre, Okla. Mrs. Robison was the former Miss Dorothy Tolliver. The ceremony was read by a minister of that city.

Ruth Faye Garrison, cousin of the bride, acted as bridesmaid. Wallace Pendleton attended the groom.

Mrs. Robison, daughter of Mr. and Mrs. H. E. Tolliver, was born in Reid, Okla., Sept. 6, 1919. She moved to Wheeler when six years old and attended school here. She is an active member of all her classes, also belonging to the Home Economics club and Girl Scouts.

She was captain and co-captain of the junior basketball team and played senior basketball last year.

Mrs. Robison is a member of the Pep Squad, being leader in her freshman year. She played playground ball two years.

Mr. Robison was born in Wheeler, Oct. 19, 1917. He was a graduate of the '34 class of Wheeler.

He was halfback on the football team for two years; played guard on the basketball team one year. He was captain of the junior track team, competing for four years in track.

Mr. Robison was president of the Letterman's club. He received the prize for being the best all-round boy in his class during his senior year.

INDIVIDUAL AWARDS OFFERED BY COACH

If the boys don't make their grades in the six weeks tests they will lose out on the big award offered by Coach Bob Clark. Each boy that plays on one of the intra-mural teams will be given so many points for his department and his grade in each subject.

The individual who makes an "A" will receive 15 points toward winning the award. If he makes a "B" he will receive 10 points and if he makes a "C" he will receive five points. Anything below "C" in any subject, will take off five points. Anything below "C" in deportment, 10 will be deducted.

The winning teams will receive five points. The losing teams will receive three points. If one happens to be playing on the winning team, the individual will be given two points. The one who happens to be on the losing team will receive one point.

If the individual is not out there he loses one point unless he is excused.

Domestic Science Girls Present Play

Assembly Program Shows Right and Wrong Way to Dress, Introduce

With the aid of their instructor, Mrs. Gordon Whitener, the home economics I girls entertained the high school with a short program last Wednesday, Oct. 30.

The play consisted of several small acts on "good and bad manners." All of the plays were original, as they were written by the home economics girls with little help from Mrs. Whitener.

Act I was on table manners. The characters were: Norma Webb, hostess; Marceile Farmer, Leoide Revious and Bernice Bailey as guests. Virginia Burgess and Eloise Reid served the table.

Good and bad forms of introduction were demonstrated in the second act. Ways of introducing younger friends to the father and mother and the method of introducing important people to less important ones was shown in this act. The characters were: Faye Webb, Marilyn Johnson, Marion Smith, Aline Coleman, Ruby Ayres and Elizabeth Balch.

In Act III, manners between boys and girls were shown. First in a theatre—then in the kinds of gifts a boy should give a girl. The characters were: Elizabeth Null, Meta Bruton, Stella Cooper, Rosalie Bradstreet, Frances Noah and Maryian Hestilow.

The dresses that are suitable for school and clothes that should not be worn to school were demonstrated in Act IV. The girls taking part were: Presley Guynes, Louise Genthe, Bernice Williams, Evelyn Raye Benge, Viola Lamb, Arlie Cole and Merle O'Gorman.

Manners with older people, good and bad, were shown in the fifth act. Claudia Stinson, Hanna Faye Riley

(Continued on Page Four)

PEP SQUAD PREVIEW PEPS UP ASSEMBLY

In chapel last Friday, the Pep Squad girls gave a preview of the stunt that they were going to give at the Wheeler-Clarendon game.

The stunt was a mock wedding of Mr. Wheeler to Miss Victory and Mr. Defeat to Miss Clarendon.

After the stunt was over, the high school, led by the Pep Squad, sang the high school song. They also gave several yells for the Mustangs, who were going on the football field that night to try to win another conference game.

"T'AIN'T NO SECH ANIMALS" ON EARTH

All of us are familiar with common red ants, especially when one stings you while you are fully enjoying yourself.

A few days ago there was an orange-yellow ant creeping across the road. It was the size and shape of a red ant. The only difference one could tell, was that the color was bright orange.

Perhaps this ant was a queen or a high-up among the common class of ants. Could it be that another race is invading us?

The drought might have been the reason for the color because of the lack of green food. Maybe this ant had not been out in the sun.

Illness may have attacked the poor little creature and left him in a state of poor health, causing the peculiar orange state.

What could have been the cause of this ant's strange color?

Mrs. Crump Presents Pictures to School

Last week Mrs. A. B. Crump gave to the home economics cottage two pictures, a rug and a mirror. One picture is that of the six stages of a girl's life—the other is a picture of a basket of flowers.

In the six stages of a girl's life, the first is a picture where she first meets her boy friend, the next is a picture of her making her wedding dress, the next is at her wedding, the next is the honeymoon, next is their first breakfast and last is the arrival of their first baby.

Also, a black and white study of Franklin Roosevelt, framed in a black frame, was placed in the manual training room of the new building.

WHEELER'S PREMIERE ANNUAL LENT SCHOOL

Last week Mrs. A. B. Crump presented the high school with one of the first annuals ever published in Wheeler high school. This annual was placed in the trophy case in the office.

The annual was published by the senior class of 1917. The name of it is "Sayonara."

At that time, R. H. Forrester was superintendent of the Wheeler school. Altha M. Breeding (Mrs. D. A. Hunt) was the only girl in the senior class in the year 1917. There were only four members in the senior class.

Dick Craig was president of the junior class. He played on the football, basketball and baseball teams.

In the freshman class, appears the name Jim Risner. He played on the football and basketball teams.

New Teacher Takes Place In Wheeler

English Classes Resume Work Under Capable Leadership of Miss Holbert

Miss Imogene Holbert arrived last week to take the place of Miss Bernice Addison, who recently resigned to teach at Pampa, Texas. Miss Holbert will be in the English department.

Miss Holbert's home is in Amarillo, Texas. She has attended the Amarillo Junior college and has a degree from West Texas State Teachers college at Canyon, Texas.

Miss Holbert is teaching two sections of English III and IV. She took one literature of English II, which Robert Mayne had been teaching before he took the journalism class. No class periods were changed.

Miss Holbert is trying to learn the names and faces of her pupils this week. In time she will know them well enough, (if not too well).

English III A is beginning "Choral Mass" reading in poetry, which is an old Greek art. It is probable that English IV literature section will start mass reading soon after six weeks test. Later, Miss Holbert is planning to teach prose in the same manner.

TARGET CHART HOLDS TYPING CLASS GOAL

A target chart has been put in the typing room. It is in the form of a target. The center of the target is 20 words a minute. The goal of each student for the first semester is to be able to reach this goal.

Three of the typing students reached the goal the first speed test. Those students were: Bonnie Adams, Lorraine Wallace and Everett Cole. At the second speed test Orveta Puett reached the goal.

In addition to reaching the goal, each student is keeping a graph of errors and speed.

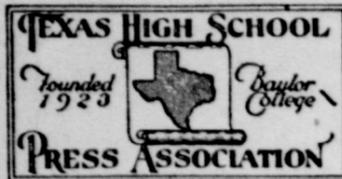

"A great amount of interest has been shown by every student participating in these classes," states Miss Ruth Ewing, the instructor.

PUBLIC SPEAKING CLASS PRACTICES SPEECH ARTS

There are 15 students enrolled in the public speaking class. Robert Mayne is instructor of this class. For the last six weeks the students have been studying fundamentals of speech and correct pronunciation of words.

Within the next six weeks, the students will present a play. It will probably be produced under some local auspices. Each student in the class will participate in this play, either as actors or as producers. The date will be announced later.

THE CORRAL

Aim: To record accurate accounts of school happenings interestingly.

STAFF

Reporters for this issue:

Beatrice Miller, Irene Hunt, Bonnie Adams, Lois Walker, Helen June George, Cleo Sewell, Julia Lou Tinney, Maxie Lee Wilson Huffman Walker, Amos Page, R. J. Puckett, Aubrey Warren.

Instructor ----- Robert Mayne

"HELLO!"

Business and personal matters are the two main divisions under which all of the reasons fall for a telephone in the Wheeler school plant.

A means of communication would prove a time-saver for the local instructors. If there was a telephone at the school it would not be necessary to run to a nearby house or dash to town to settle business which arises.

In case of an accident, a doctor could be summoned immediately.

On personal matters, a student might use the instrument for a necessary call home. Visiting teams, during sport activities, might be compelled to use a telephone and it would be much more convenient to use one at the school building.

Teachers or parents might discuss a student's record without the necessity of making a personal call. A check on unexpired absences could be made by the administration.

For both the faculty and student body, a telephone would prove a boon.

EXAMINATIONS AND BEHAVIOUR

Six weeks have passed and it is time for examinations. You can always tell it by the behaviour of the students. When books are taken home, more studying is done in the study hall, and pupils pay more attention to the teacher, then you know that it is nearing test time.

It is said that the first time is always hardest, and after this week we can look forward to getting lessons and passing tests much easier.

Cheer up! Cheer up! Put on the old thinking cap, work up lots of mentality and pass those tests with colors flying.

TRAINING

It was the big night. A tough conference game between two strong opposing teams.

A neat pass and Johnny caught it. The whole game depended now on his strength and speed. But Johnny had indulged in a late party and rich foods the night before.

His strength gave way and he was caught and tackled by the foe.

When only one member of the squad strays from the path of training, the whole team suffers. One piece of candy and a party will spoil

UP TO TEN AND THEN SOME

ONE minute to play seems like one hour when the other team has the odds.

TWO more months until basketball season begins. Oh boy!

THREE girls trembling at their first speed test in typing were Bonnie, Beatrice and Parilee.

FOUR girls were deeply distressed Monday because their best girl friend had taken the vows of a wife over the week end.

FIVE buildings scattered over the campus help in exercising a great many pairs of legs for the high school students.

SIX years ago there were only two buildings on our campus.

SEVEN days from today the Mustangs will meet the Memphis Cyclones for a conference game.

EIGHT people seemed to be having a little car trouble when going to a country party Saturday night.

NINE bells, and classes begin for a whole day of endless work (it seems).

TEN demerits a day will leave you 200 in the red at the end of six weeks. In other words, you would have to be an angel six more weeks to be on top again.

MAGIC CITY'S OPINION OF WHEELER SCHOOLS

As a whole, the pupils of Magic City enjoy going to Wheeler and consider it a great opportunity to show their ability to learn. They have been offered several courses that they could not get at their home school, which they find very useful to them.

Everyone from Wheeler gave them such a welcome, that it was almost impossible to resent being here. The football boys are proud and happy to say they play on the Mustang team.

COLTS

The second grade has been studying a unit on writing names with capital letters. They have just finished a review of the first grade numbers and are now ready to start on second grade work. They have a new book which is entitled "The Modern Practice Book in Arithmetic." They are also studying a new reader entitled, "Real Life Reader."

Because of her mother's illness, Mrs. John M. Ficke was not able to teach last week. Mrs. J. E. Kirby taught the first grade while she was gone.

Franklin Dannel enrolled in the first grade Monday.

The third grade is studying the growth of plants. Each student brings his own plants. They have plants rooting in rocks and in water.

The fourth grade is studying a unit on Africa. One book they are studying is "Lions," written by Martin Johnston. When they have finished this study they plan to have an exhibit of their work. However, it will probably be a month before they finish this course.

Millard Sanders has enrolled in the fifth grade, section A.

Raymond Sanders has enrolled in the fourth grade.

a lot of energy and strength while the team needs every ounce of it.

A team whose coach can go to bed at night knowing that his team is resting and storing energy for the next game is well worth having. A school that can boast such a team can be justly proud of that team.

RAMBLINGS ON THE RANGE

Marion Smith and Marilyn Johnson spent Sunday with Evelyn Ray Benge.

Helena Jones was a Saturday night guest of Velma Hestilow.

Helen June George and Juanita Voyles were Sunday visitors of Lois Walker.

Bonnie Adams and Ferrol Ficke were in Shamrock Sunday.

Jimmie Mae Clark, Fern Davis, Imogene Jamison, Arthur Davis, Freeland Davis and James Williams spent Sunday evening with Ernestine Sparlin.

Merle O'Gorman was in Shamrock Sunday.

Imogene Jamison spent the week end with Fern Davis.

Jimmie O'Gorman visited Wheeler school Monday.

Wave Wallace, Ferrol Ficke and Bonnie Adams were in Mobeetie Saturday night.

Elsie Newkirk and Mary Genthe were in Shamrock Sunday night.

Dorothy Watson visited Presley Guynes Sunday night.

SNIFFS AND SNUFFS FEATURE SCHOOLDAY

Achoo!

Sniff-sniff—

These are the sounds heard in the study hall the last few days, or since the weather has been cooled off by a strong norther.

Sniffings and snuffings can be heard all over the building and the study hall is an uproar, when for some reason all the students seem to have to cough and sneeze at the same time.

Very few, if any, of the students have taken enough cold to prevent them from coming to school. And strange to say, it did not keep any of them from attending the Wheeler-Clarendon game last Friday night, either.

FROM OTHER BRANDING IRONS

Yell-books, containing all the new pep yells and songs, went on sale this morning as students began registering for the fall term. Published annually under supervision and for the benefit of the cheer leaders, the 1936 booklets have been pronounced "complete in every detail" by sophomore leader Chunk (Charlie) Pond who handled the copy.—Hardin Simmons University, Abilene, Texas.

Why couldn't Wheeler school publish yell books to help the members of the Pep Squad to learn the yells?

The Perryton Rangers defeated the Dumas Demons 26 to 0.—Ochiltree County Herald, Perryton, Texas.

On historic Butler Field in Amarillo, the West Texas High School Calves received their second defeat of the season last Friday morning, 27-6, at the hands of the heavier and more experienced Groom eleven.—The Prairie, Canyon, Texas.

After only one week's practice, during which an optimistic crew of 30 ambitious lassies have demonstrated unprecedented zeal and capacity for hard work, the Tulia Hornettes look like potential winners.—The Tulia Herald.

The average salary of the school teacher in the United States is \$1,217. The average length of term is 171.2 days per year.

SNUBBING POST

Parilee seemed to enjoy playing the parlor version of football Sunday night. Perhaps it was the player on her team. . . This columnist didn't get the hamburger she kept waiting for Friday night.

Harrison has been wearing a blue plaid shirt for some time, but it still looks sporty.

Wondering when the organization of the Spanish club will take place?

The first matrimonial tie-up of the school year has taken place with Dorothy Tolliver, senior, becoming Mrs. Carlisle Robison. . . Reports were that the minister almost performed the ceremony for the attendants, Ruth Faye and Wallace, because they walked in first.

The Texas history class is going to make an excursion to Buffalo Wallow some time soon, for historic data. . . There has been much comment on the "Jeep-horn" of the band. . . It's the double name for a clarinet. . . W. J. was terribly angry Monday, because he couldn't find his notebook.

It was heart breaking to see the utterly blank looks on the faces of the English IV grammar students as they suffered a true and false test. . . Some friendly kidding was going on in the bus Friday night with songs about matrimony aimed at a couple formerly mentioned. . . It seems like all the classes are waiting for the other to give the first entertainment of the year. Seniors, why not be the first?

"Goody Goody" was popular, but it seems that "Did I Remember" sets a new record for national popularity. . . Government is getting positively slangy with such expressions as "pork barrel," "rider" and "whip" standing for some practices exercised by politicians.

Motion picture selection is "The Texas Ranger."

BAND UNIFORMS PARADE BEFORE CLARENDONITES

At the Clarendon game last Friday night, the band wore dark skirts or trousers and Wheeler letter sweaters.

As yet, sufficient funds for suits has not been raised. However, it is hoped military uniforms can be purchased soon.

The largest county in the United States is San Bernardino, Calif., with 20,175 square miles. The smallest one is Bristol, Rhode Island, with 24 square miles.

SPARKS FROM THE CAMP FIRE

May our eyes be no keener when we look upon the faults of others than when we survey our own.

A friend is the first person to come in when the world has gone out.

Rome was wrecked on the rocks of greed.

You cannot dream yourself into a character. You must hammer and forge yourself into one.

Blessed are they who have the gift of making friends, for it is one of God's best gifts.

Every moment trembles with possibilities; every hour is big with destiny.

Learn the luxury of doing good.

Look in a man's eyes for honesty; around his mouth for weakness; at his chin for strength; at his hands for temperament; at his nails for cleanliness.

Every girl likes to be well groomed at her wedding.

**Caught in
The Lasso's Noose**

Have you noticed Viola Lamb's curly hair. Topsy would suit her for a nick-name.

We vote for Silva Louise Ficke as sweetest girl in high school.

A very stunning new style of head wear is a rainbow designed tam worn sometimes by "Tootie" Reid.

What a beautiful moon there was several nights last week. It was a perfect setting for romancing boys and girls and some of the senior girls took advantage of it. Ask them.

Speaking of doughnuts, have you seen Betty Gene Coil when she eats them? She eats in spirals. Do you suppose it's because she has been around?

My! but wouldn't it be wonderful if the English students had an automatic punctuator. When they were writing a theme all they would have to do would be press a button and the theme would be punctuated correctly. Then the students wouldn't make F's on their themes because the punctuation was not correct.

Everett told Maxie Lee in Spanish class that he was coming out to see her Tuesday night. Better watch out, Everett, Maxie Lee is a boy catcher.

Sunday evening it looked as if all the Wheeler boys had been transported to Magic City.

Whose wrist watch is "Bog" Emler wearing? Maybe Virginia Burgess knows.

It was hinted that the boys of Wheeler high school are going to have "Fish" day some time soon. All you freshmen had better look out. The "booger" man is likely to get you if you don't watch out!

Hey! Everyone look out. The Texas history students are going to make a trip to the grounds where the battle of "Buffalo Wallow" was fought. Oh, don't cry; they will be back in a couple of periods. The scene of this battle is just southwest of Canadian.

Why is it that Cleo and Aubrey always have a story to type at the same time in the typewriter room?

Mustangs bring home a big score, For Wheeler needs plenty more. Of course you know what I mean, Even if you pull a big scene.

Those Hornets think they can sting, But their poor necks we will wring. Wheeler is plenty witty, But those "horses" have no pity.

So Mustangs paw—
Break their jaw—
Wheeler Mustangs—
Rah! Rah! Rah!

We have a deep problem to solve. Could anyone tell us why Florene and Chlorene go to the post office every morning? The only answer we can find for this is one of them must be expecting a letter.

Lillie Merle is sporting a red leather jacket this week. Very becoming to her, I'd say.

In the Spanish class Aubrey was translating the lesson when he came to a sentence which, when translated, meant: "I dress in my bedroom,"

**MEN MODEL LADIES
FASHIONS AT P.-T. A.**

The Parent-Teacher association met Tuesday night, Oct. 6, in the auditorium of the high school building.

Mrs. J. L. Gilmore, chairman of the program committee, had charge of the interesting features.

Mrs. R. J. Holt gave a discussion on "The Intelligence of the Child." Messrs. Robert Mayne, Mal Wynne and W. C. Zirkle presented a vocal interpretation, "Stars of the Summer Night," with Mrs. McCrohan accompanying.

Business men of the town presented a very unusual style show. Each one of the "models" was a show within himself, entangled in the dainty garments of the lady folk.

The scheduled date for the next meeting is Tuesday night, Nov. 3.

Aubrey thinking that, "me visto," meant "I visit" instead of "I dress," read the sentence, "I visit in my bedroom."

Tsh, Tsh, Farrell W!
No such sass
In English class.

Ferrol is quite in demand. Sunday afternoon Dawn and Bonnie raced to see which could get to her home first. What's the rush for, girls?

Ding dong, ding dong— chimed the wedding bells Saturday night.

In Spain when one takes an examination he says that he is suffering one instead of taking one. There are some of the Spanish students who think we really suffer them instead of taking them.

Elsie Newkirk seems to like Amarillo pretty well. Wonder what the reason can possibly be? Say, Elsie, you are holding something out on us, aren't you? Come across now, and tell us.

Say, did you hear the big explosion over at the home economics cottage the other day? Well, the truth is that a box of matches caught on fire and exploded. It didn't scare you girls, did it?

In journalism, when Lois was writing up the story about what Magic City thought of Wheeler she was heard to say:

"Now, what do we think of Wheeler?"

Amos replied: "I could tell you what I think of Magic."

But he didn't and if any of you are interested enough to find out please ask him and I am sure he will tell you.

Amos, throwing paper at waste basket and accidentally hitting Bonnie:

Amos: "Sorry, I was hitting at the waste basket."

Bonnie: "Really, do I look that empty?"

During plane geometry test:
Guy: "Miss Kirby, may I speak?"
Miss Kirby: "No!"
Guy (hopefully): "It's about plane geometry."

"Dippy" Norman has gained the reputation of being a rather smart pupil. However, this should change his reputation. In plane geometry he asked Miss Kirby if the bottom of a triangle was one of its sides.

The Mobeetie ice cream parlor has some cool attraction for Wave, Bonnie and Ferrol—???

**HAM SANDWICHES ARE
IN FAVOR IN SCHOOL**

The high school students, according to the lunches brought to school, have a varied appetite. The most popular sandwich is ham. Some prefer boiled ham, while others think baked ham makes the best sandwiches. There are a few who stand up for pressed ham and potted ham.

Apples are brought to school more than any other kind of fruit. Grapes rank next to apples in popularity, bananas come next, then oranges last.

Cookies seem to be a very popular desert to bring to school. There are a few who say that cake is a very delicious delicacy to eat at school.

**AGRICULTURE BOYS
GO ON FIELD TRIP**

The agriculture boys of Wheeler high school attended a dairy meet at the farm home of J. E. Willard on Oct. 3.

The principal speaker at this program was E. R. Eudaly who is Dairy Specialist at College Station, on "Digging and Filling a Trench Silo."

While the boys were out there, they helped set up a silage cutter, which was cutting feed to put in a trench silo. They also learned how a trench silo was built and filled with feeder or grain. The construction and use of the silo was also illustrated.

W. C. Zirkle, instructor in agriculture, and 52 boys attended the meet.

**Library Books Now
Undergoing Repairs**

As the books in the library needed repairing, four of the women teachers, Mrs. J. L. Gilmore, Miss Lois Kirby, Mrs. Gordon Whitener and Miss Winona Adams, have been working every afternoon after school repairing them.

According to Mrs. Gilmore, there will be 60 new books added to the library, 16 of which will go on the senior book shelf.

Some of the books have not been received, but are expected soon. "The library will be ready to open one day this week," states Mrs. Gilmore.

**MOCK WEDDING SEEN
AT CLARENDON GAME**

The Wheeler and Clarendon pep squads gave stunts at Clarendon last Friday night. The Wheeler pep squad gave a mock wedding ceremony in which "Miss Victory" was married to "Mr. Wheeler," and "Mr. Defeat" to "Miss Clarendon."

"Miss Victory" wore a white and yellow gown and a white veil. Her bridesmaids were all dressed in white. "Miss Clarendon" wore a rather unique wedding garb with window curtains as a train. Her bridesmaids were dressed in queer combinations of various colors and carried sagebrush for bouquets.

To the rhythm of the band, the wedding procession left the field.

**SPANISH STUDENTS GET
JITTERS DURING GAME**

Students taking Spanish have not organized a club as yet. Those in Spanish I are having trouble conjugating verbs.

Mrs. Gilmore finds it difficult to keep the boys interested in Spanish II, right after noon, as they had rather listen to the world series baseball game.

The ratio varies from 8 to 1 in ability of the various states to support education.

**Comments Regarding
the Clarendon Game**

On the bus going over "Bodie" Cole, ex-senior, looked at a small lake with amazement and stated that we were "gittin' way down South; there's the Gulf of Mexico."

Several Pep Squad members missing Lavell Jaco, inactive pep leader.

The bandmaster making a bet with several high school girls that they could not be quiet 10 minutes. The catch in it was that they didn't have a watch and couldn't talk to anyone to find out when 10 minutes was up.

Bonnie Adams crying over her sunflowers. They were gathered before leaving Wheeler and were in a rather poor state of health when arriving in Clarendon. So the poor bridesmaids had no flowers. Weep, weep!

A couple of used-to-be students sitting by two juniors. The ex-students were Junior Jamison and Jack Tate. The juniors were Imogene Jamison and Fern Davis (for your information she's from Magic). Perhaps Junior was with Imogene, I wouldn't know!

After the game a certain Clarendon Junior college student, namely A. V. Hendricks, buying ham sandwiches for Bonnie Adams, Martha Alice Wiley and Irene Hunt.

The preacher, Ferrol Ficke, being terribly embarrassed when she asked, "Will you take this man to be your lawful wedded wife?"

"Diz" Miller receiving a good deal of applause from the Clarendon side when playing the role of the young and innocent "Miss Clarendon."

The football boys sleeping on the way home Friday night. Herbert Whitener stated that he dreamed he was riding a wild Broncho. Perhaps the rough roads had something to do with it.

**QUARTETTE TRYOUTS TO
TAKE PLACE IN FUTURE**

The Girls' Glee club plan to have a quartette tryout the last of this week or the first of next week. Only members of the girls' club will be allowed to try out.

Patterns of Wolfpen

It wasn't that she was surprised or actually taken unawares. It was just the hearing of it. A warm flush overspread her face. She dropped her eyes to the moss on the stone and then lifted them beyond it through the bare sycamore limbs to the cloud fluff above the Pinnacle golden in the sun.

"Will you?" he said.

"Yes, Reuben, if you want me to," she said.

"When?"

"April."

He kissed her, holding her tight in his arms, and it was natural and inevitable like a curled wave forming far out under the sky and moving always shoreward till it breaks at last on the rim of warm sand.

"I love you more than anything," he said.

"And I love you, Reuben."

Every burden oppressive to men, commanding pity for their unhappy lot, writing the marks of suffering below their eyes, and warping the lines about their mouth, was removed from them as they walked slowly down the hollow while the sun was hurrying out of the valley in its endless flight before the stars. And through their eyes made bright by the high passion of their hope, the world was a new and beautiful place wherein no sorrow and no failure could ever intrude.

(THE END)

Sunday School Lesson Exposition

Prepared by C. C. MERRITT
Sunday, Oct. 11, 1936

BECOMING A CHRISTIAN

Lesson Text: Acts 16:22-34; Philippians 3:7-14. Helps: Acts 16:16-40. Devotional Reading: I Thess. 1:2-10.

Approach

How practical ought our lesson arrangements and contents be. So this lesson indicates that the arrangements are practical. We have studied about the spread of the Gospel of God among both the Jews and the Gentiles, and "How to Live the Christian Life;" so now, it is in order for us to study the question of how to become a Christian.

Too many seem to have an idea that becoming a Christian takes the joy out of life. But is there a more joyous person than the one who can pray and sing even when he is misjudged and is suffering for it? Take another look at Paul and Silas and see if you can say: "Here are two men who became Christians and see how it has taken the joy out of them." No, you would not say that. Probably what you would say is, "How joyful they were who could live like that!"

If you, a Christian, thought that you entered upon a joyless life, study this subject a-new and learn now (for it is not too late) that the Christian life is a "joy unspeakable and full of glory." For it is even that and more, it is peace and contentment.

Historical Setting

The incident in Acts was about A. D. 52. Philippi was in Macedonia, then a Roman colony.

Paul's letter to the Philippians was written about ten years later while Paul was a prisoner in Rome.

THE HEART OF THE LESSON

Introduction

Paul's answer to the jailer's question, "What must I do to be saved?" was preliminary. He asked him to believe on the Lord Jesus Christ, but that man needed an intellectual faith, faith based upon facts, as well as a volitional and emotional faith; so "they spake unto him the word of the Lord." Paul himself had said, "Whosoever shall call upon the name of the Lord shall be saved. How then shall they call on Him whom they have not believed? And how shall they believe in Him whom they have not heard? And how shall they hear without a preacher?" (Rom. 10:13, 14). The volitional element of faith

is expressed in our purposing to rely personally on Jesus. The emotional element is our desire for His way and our feeling of loyalty to Him.

"Faith is not just trying to believe something regardless of the evidence; but daring to do something regardless of the consequences." The jailer was not asking Paul what to do to escape Roman punishment for permitting the prisoners to escape, for they were all there. Perhaps all these were included in the jailer's "house" who also had believed on the Lord and were baptized. If he could have had what Paul and Silas had, he could dare any authority for what he had done. He knew that God was involved in the things that had taken place, both in the "inner dungeon" before the earthquake and in the earthquake. What he had heard from these prisoners before the earthquake and what he had seen afterwards brought him face to face with his sin and his need of a Saviour. When "they spake the word of the Lord unto him, with all that were in his house," they were making it possible for them to believe on the Lord Jesus Christ.

The Golden Text

Believe on the Lord Jesus Christ, and thou shalt be saved.—Acts 16:31.

Emphasis needs to be put on the fact that faith in Christ is not a mental acceptance of a historical fact that there was such a man and that he came from God as the Scripture teaches. Faith in Christ goes further than that. It means that upon Him as our substitute we put our full trust and make our commitment to Him. The believer is not like the drowning man grabbing straws, but like Peter, sinking, said, "Lord, save me."

Popular Verdicts

(Vs. 22, 23). It is easy for judges and officers to pronounce and execute judgment when the populace demand it. This is the reason political leaders tell us that officers can do nothing by way of apprehending and bringing to justice offenders unless the people stand behind them and demand it. If the people are demanding it, it is easy then for them to "pass the buck" if mistakes are made. So the people are behind the arrest of these preachers and, regardless of justice, they are apprehended, beaten and thrust into prison. Time has not changed men.

His Neighbors Know Him

(V. 25). "And the prisoners were listening to them" and they soon learned that they were singing Christians. Little things and the unintentional are so often the things that count for much to a Christian's neighbors. He learns him, not so much by his profession, as by his life in little incidents.

When God Applauds

(V. 26). The earthquake is not to be explained on natural grounds insofar as the time of its occurrence at least is concerned. God answered their prayers, shall we say, in an unexpected way. But He had the salvation of lost men at heart and something must be done to get these Romans to listen to the Glad Tidings from heaven Paul and Silas had to give.

Returning Good for Evil

(Vs. 27-29). No one knows better than Christians how to return good for evil. And there is no greater good to be returned to the evil doer than introducing him to the Saviour and to the great love wherewith He lived him.

Conditions Simple and Easy (?)

(Vs. 30, 31). "How simple and easy!" And yet from another standpoint it is not so simple as all of that. There is no mightier nor a more revolutionary change that ever takes place in a man's life than the matter of simply believing on Christ. It involves repentance—a change, a "right-about-face." It is measured by a confession of Him who has become their all and in all—"Who was made unto us wisdom from God, and righteousness and sanctification and redemption."

Soundly Converted

(Vs. 32-34). Both the jailer and the prisoners were of the same type of men who had beaten Paul and Silas; but now these men are playing the part of the Good Samaritan to Paul and Silas. They took their fears in their hearts and are acting now from a divine impulse.

Sense of Values Changed

(Phil. 3:7-11). Self-righteousness, self-justification, self-holdings—what the unconverted count gain, the soundly converted can count loss for Christ. His heart is turned from the temporal to the eternal. He is not now glorifying this life (as such) but is looking to the "out-resurrection from among the dead" for when he departs, he departs to be with the Lord. To him, one day, there will be the dawning of a New Day, when the "Sun of Righteousness shall arise with healing in His wings." He "waits for His Son from heaven."

The Attainable

(Vs. 12-14). The Christian's objective is a thing "worth while." It is worth forgetting all things else. It is worth turning every thing else down for. It is the one thing of his life and ambition. It is that for which Christ laid hold upon him. It is the changing of this mortal to immortality; the perfection of all that is noble and great and divine in man; that which he has not and will not reach until he comes to the resurrection from the dead.

But, remember, he strives that in

Dixon News

(Times Correspondent)

Mrs. Woodford Williams and Mrs. Rip Roper were business callers in Miami Friday.

W. B. Thomas has purchased a new radio.

Mr. and Mrs. G. Baird and daughter spent Saturday night with relatives at Kelton.

Mr. and Mrs. Millard Brown and family visited awhile Wednesday night with Mr. and Mrs. W. B. Thomas and family.

Mr. and Mrs. Bruce Boren and family spent Sunday with Mr. and Mrs. Ernest Burgess.

Mrs. W. R. Slagle and son, Derrel, and W. R. Slagle's sister visited in the Woodford Williams home Friday.

Mr. and Mrs. Fred Godwin and daughter, Marlene, from Lefors and Mrs. J. R. Thomas and family spent Sunday with Mr. and Mrs. W. B. Thomas.

Kenneth Walker, who is staying with his sister, Mrs. Woodford Williams, spent the week end at his home near Mountain View.

Guy Baird spent Sunday night with Coy and Gilbert Thomas.

Fay Thomas and Loraine Brown were Sunday guests of Ruth and Ruby Boren.

Davis Items

(Mrs. Zura Bullock)

(Intended for last week)

Although it made travel very difficult in the community, everyone enjoyed the nice rains. Farmers are busy sowing winter pastures.

Mrs. John Kenney and Mrs. Luther Bullock were Thursday visitors of Mrs. Melvin Elmore.

Prof. Jones and several of his school boys enjoyed an outing at Turkey Hollow, Friday night.

Mr. and Mrs. Harrel Mixon, Mr. and Mrs. Elmer Powell and Mr. and Mrs. Luther Bullock were Friday evening visitors in the Melvin Elmore home.

(First published in The Wheeler Times Oct. 1, 1936) 4t

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Wheeler County—Greeting:

You are hereby commanded to summon Della Mae Cobb by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Wheeler County, to be held at the Court House thereof, in Wheeler, on the 2nd Monday in November A. D. 1936, the same being the 9th day of November A. D. 1936, then and there to answer a petition filed in said Court on the 28th day of September A. D. 1936, in a suit, numbered on the docket of said Court No. 2773, wherein

D. N. Cobb is Plaintiff, and Della Mae Cobb is Defendant, and a brief statement of plaintiff's cause of action, being as follows:

That plaintiff and defendant were married on the 9th day of December, 1916, and lived together as man and wife until on or about the 3rd day of April, 1935. During such period defendant was guilty of excessive cruel treatment and outrages, consisting of, cursing and nagging plaintiff and infidelity. That there were born to said marriage three children; to-wit; L. B., George Wheeler and John Thomas, all boys. That L. B. is now self-sustaining, and the defendant took the other boys with her and plaintiff has not heard from them since. Plaintiff would show that he is ready and willing, if necessary, to aid in the support of his two said children. A divorce and relief both at law and in equity, special and general, to which he may be entitled, being prayed for.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Wheeler, Texas, on this 29th day of September A. D. 1936.

(SEAL) HOLT GREEN, Clerk,
District Court, Wheeler County, Texas.

this life these heavenly and perfected traits might be manifest.

LESSON QUIZ

1. What does God do for fortune tellers (Acts 16:16-19)? 2. Who were the "singing prisoners" and what were the circumstances? 3. Who was the hero in our lesson? 4. Who were the changed men in our lesson? 5. What was it that changed them? 6. What was Paul's new sense of values? 7. Is the Christian life progressive?

"White Captain of my soul, lead on; I follow thee, come dark or dawn. Only vouchsafe these things I crave: Where terror stalks, help me be brave!

Where righteous ones scarce endure The siren call, help me be pure! Where vows grow dim, and men dare do

What once they scorned, help me be true!"

CUT YOURSELF A PIECE OF CAKE

It's Poly's Birthday Party

Just one year ago, car owners were given their first opportunity to try the new Phillips 66 Poly Gas... the extra-powered motor fuel resulting from the patented POLYmerization process.

During these twelve months your increased purchases have pushed Phillips gasoline sales to an all-time peak in the company's history.

It has been an exciting, dramatic year. A year filled with the problem—not of how to find purchasers, but of how to meet the constantly growing demand for this new kind of gasoline.

More and more motorists were finding out that there is a difference in gasolines, a difference which they could actually feel in their engines. They were discover-

ing the extra value given by a gas 100% custom-tailored... a gas enriched with added energy units by the scientific Poly process... a gas offered by the world's largest producer of natural high-test gasoline.

Gains in sales followed on top of previous gains. The figures skyrocketed in a way never before seen in the industry. All this is tremendously important to you, because obviously "It takes a great gasoline to grow like that!"

Deeply grateful to the millions of experienced drivers whose purchases of Phillips 66 Poly Gas made possible this record-breaking year of achievement, we invite you to try a tankful of this amazing new gasoline.

ALL OIL... EVERY BIT OF IT
True premium quality at a genuine money-saving price.

Phill-up with Phillips for Greater Mileage

Statement of the ownership, management, circulation, etc., required by the Act of Congress of August 24, 1912, of the Wheeler Times published weekly at Wheeler, Texas, for October 1, 1936.

State of Texas, County of Wheeler.

Before me a Notary Public in and for the state and county aforesaid, personally appeared C. G. Miller, who, having been duly sworn according to law, deposes and says that he is the editor and owner of The Wheeler Times and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the name and address of the publisher and editor, is: C. G. Miller, Wheeler, Texas.

2. That the owner is: C. G. Miller, Wheeler, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: Intertype Corporation, Brooklyn, N. Y., D. E. Holt, Wheeler, Texas.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under

which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest

direct or indirect in the said stock, bonds, or other securities than as so stated by him.

C. G. MILLER, Owner.
Sworn to and subscribed before me this 5th day of October, 1936.
(SEAL) BUFORD CONWELL
My commission expires June 1, 1937.

CODE OF ETHICS FOR MEMBERS OF NATIONAL FARM LOAN ASSOCIATIONS

Having been elected to membership in this Association, and having subscribed for and become the owner of certain shares of stock in said Association, each member should realize that:

1. A national farm loan association is a co-operative credit organization, chartered under the Federal Farm Loan Act, and is a part of a co-operative farm credit system through which farmers obtain loans on long terms and at a low rate of interest; that national farm loan associations were intended to be the foundation and credit strength of the system and can become such only by members living up to their obligations to both the association and the Land Bank; that the business affairs of the association, including the election of applicants to membership therein, are under the direction of Directors chosen by the members of the association. The success of a national farm loan association is dependent upon each member of the association faithfully performing the obligations of membership.

2. Land bank loans are made by the Federal Land Bank of Houston only to members of national farm loan associations; that each national farm loan association endorses the loan of each of its members and becomes liable for the payment thereof, and in admitting an applicant to membership the Board of Directors does so relying upon the good character, ability and intention of the applicant to meet all of his obligations to the association, and to pay promptly the obligations arising under his mortgage to the Bank. A member cannot discharge his obligation to his association by merely surrendering the mortgaged property.

3. Through membership in the association, members have pledged with the association the shares of capital stock owned by them, and each has assumed the stock liability, thereby enjoying participation in and bringing to agriculture a system of co-operative credit with easier terms and lower rates of interest than agriculture can obtain from any other source; that if a member fails in any respect to discharge his obligations, he places a burden on his brother members. No member lives unto himself alone.

Therefore, by reason of the privilege of sharing and enjoying these benefits, it is the duty of each member of the association to do his honest best to keep and perform his obligations to this association as follows:

- (1) To pay to the association before maturity the semi-annual installments.
- (2) To pay at maturity all taxes on the mortgaged farm.
- (3) To keep in repair the improvements thereon.
- (4) To protect the security of his loan from erosion.
- (5) To perform faithfully all of the terms and conditions of his deed of trust to the Federal Land Bank of Houston.
- (6) To this end, each member should, if necessary, carefully budget both his income and expenses, thereby making advance preparation for meeting promptly these obligations.
- (7) Each member should also endeavor to perform such duties to his association as attending annual meetings, electing qualified directors, and aiding executive officers in the discharge of their duties, and encourage other members to do likewise.

JEFFERSONIAN DEMOCRATS

Offer Proof of Anti-New Deal Charges

We recently made charges in this paper that Mr. Roosevelt and his administration were not Democrats, and had no claim to Democratic loyalty. We charged that continuation of his administration would undermine the economy of the nation, and threaten its institutions. We charged that he had opened the sluice-gates of the federal treasury, and, through Boss Farley, had Tammanized the nation. We charged that he had surrounded himself with radicals, and had more nearly discharged their radical platforms than his own. We are offering the proof of our charges through our paper, the Jeffersonian Democrat.

We reassert that we are regular Democrats. We would prefer to vote the regular ticket. But we refuse to put party loyalty above our loyalty to America. In scratching Roosevelt we violate no party pledge, for the primary ballot contained a pledge to vote for the nominees of that primary. Mr. Roosevelt's name was not on that ballot. Furthermore, the Texas law instructs the voter how to cast a mixed ballot, and the Supreme Court has upheld that right.

We ask all true Democrats to weigh the proof before voting for a continuation of government by irresponsible radicals. Unlike the New Deal we have no ready-made organization to spread our propaganda and raise money for our campaign. We will appreciate your support and whatever donations you can make us. Write us for copies of The Jeffersonian Democrat, and help us distribute it throughout your county.

J. EVETTS HALEY, Chairman Jeffersonian Democrats of Texas, Austin, Texas.

"Always Something New"

IGA Tenth Anniversary Starts Saturday Morning, October 10

J. M. Brannon's Mobeetie Store, Member of Organization, Will Participate in Nation-Wide Celebration with Candle-Lighting Ceremony

Ten candles on a birthday cake in the window of J. M. Brannon's IGA store at Mobeetie, Texas, will be lighted at 10 o'clock on the morning of October 10 as part of the nation-wide ceremony celebrating the tenth anniversary of the organization's founding. The candle lighting will mark the opening of the three week anniversary celebration.

From Canada to Mexico and from coast to coast thousands of fellow members will participate in the event until more than 65,000 candles are burning to commemorate IGA's decade of history—a period in which the independent merchant has waged one of the most brilliant fights in our commercial history, and won.

In Chicago, at IGA headquarters, J. Frank Grimes, founder-president of the alliance, will light the tapers on one of the largest cakes ever made—a masterpiece of the bakers art in the shape of the United States and weighing a quarter of a ton—before wholesaler members gathered from all parts of the country for the occasion. The cake will symbolize the extent and unity of the IGA.

Organized to provide the independent grocer with the purchasing power, the executive, merchandising and distributing ability of his highly organized competitors the organization has grown from the small group of men with whom Grimes started into the greatest group of its kind, affecting the food buying habits of hundreds of thousands of persons throughout the nation. Through it, the independent merchant—backbone of our entire commercial structure—has not only saved himself from oblivion, but has established himself more firmly than ever before as one of the community's greatest assets.

The anniversary period will be divided into three weeks, the first dedicated to Agriculture, the second to Industry, and the last to Transportation. Each will be featured with special selling events.

"In celebrating this occasion," said J. M. Brannon, proprietor of the Mobeetie IGA store, "we feel we are marking an important milestone in the maintenance of individual enterprise in America. We want to thank the great public that has helped us to accomplish it and invite them to join us in the celebration."

Local News Items

D. G. Sims of Mobeetie was in Wheeler Wednesday on business.

Mr. and Mrs. Nelson Porter and daughter, Frances, motored Tuesday to Pampa on business.

Mrs. Dennis Reynolds of Shamrock spent Wednesday with Mrs. J. B. Reynolds and family.

Kenneth Chandler of Allison entered the Gaines hospital Tuesday for medical treatment.

Mr. and Mrs. O. D. Perryman of Kelton were in Wheeler Tuesday shopping.

O. Lewis of Shamrock was in Wheeler Monday attending to business and visiting friends.

Miss Agnes Reynolds spent Monday and Tuesday in Shamrock attending to business.

Mrs. Hattie Gaines moved Friday from the Horace Wicker property to the Honeycutt place in the west part of town.

H. M. Wiley went to Canyon Saturday and visited with his mother, Mrs. M. M. Wiley, and other relatives and friends, returning Tuesday.

Rev. J. Edmund Kirby came home Monday from Quitaque, where he conducted a revival at the Methodist church the past week.

Miss Jackie St. Clair of Shamrock came Friday and visited Miss Carolyn McBee until Saturday afternoon, when she returned home.

Mrs. Emmett Keeney and sister, Mrs. John Paris, of Laketon and their sister, Mrs. Jim Hyatt, of Shamrock visited friends in Wheeler Sunday.

Mr. and Mrs. Luther Sides of Corn Valley announce the arrival of a baby girl at the Wheeler hospital Tuesday morning, Oct. 6.

Mrs. Connor Smith and daughter, Reba Earl, of Wichita Falls came Saturday to visit their aunt, Mrs. E. R. Jones, and Mr. Jones and children.

Mrs. Donald Robinson and children of Sunray and her mother-in-law, Mrs. L. M. Robinson, of Lela were Tuesday guests of the former's parents, Mr. and Mrs. Tate.

George Ficke of Amarillo came Saturday and visited Mrs. John Ficke and children until Sunday afternoon. He motored to Canadian to visit his grandparents, Mr. and Mrs. Henry Ficke.

Mrs. Marshall Adams and son of Amarillo came Friday and visited her parents, Mr. and Mrs. Lee McCasland, and a son, Lindsay, and other relatives until Sunday when she accompanied her husband home.

R. H. Clemons and son, Robert, and Mr. Bowen of Allison returned last week from Mountainair, N. Mex., where they had been working in the bean harvest. A 14-inch snow on Sept. 26 halted work for awhile.

Miss Geraldine Lewis of Shamrock came Sunday morning and visited several of her girl friends. Misses Nerine Young and Jaunell Perryman went home with her and were all dinner guests of Mrs. G. T. Lewis, the former's grandmother.

Ray McPherson and brothers, Carl and Ward McPherson, of Shamrock left Monday afternoon for Rogers, Ark., to see their brother, Norwood McPherson, who was suffering from heart trouble. They returned Wednesday night.

Mrs. Carl Owens and Mrs. W. A. Leonard of Allison were Tuesday business callers in Wheeler.

John Alvin of Sweetwater, Okla., a patient at the Gaines hospital will return home in a few days.

G. Baird and A. I. Baird of Dixon were in Wheeler Tuesday on business.

J. M. Brannon of Mobeetie was in Wheeler Wednesday on business. Mr. Brannon operates the I. G. A. store at Mobeetie.

Mr. and Mrs. Joe Clarke of Lefors and Judge A. C. Wood were Saturday night and Sunday guests of Mr. and Mrs. Jim Trout.

Elvold Callans was a patient at the Wheeler hospital Wednesday and Thursday returning home this afternoon.

Ed Walker, Alford Murphy of Wheeler and Clinton Elliott of Briscoe went to Memphis Wednesday to join the CCC.

Mrs. Chas. Sandifer and daughter, Mrs. Horace Wicker, and children motored to Shamrock Sunday afternoon and visited with relatives.

Medford Griffin returned last week from Reed, Okla., where he has been visiting relatives. He is staying at the A. R. Meek farm home.

Misses Rutha Mae Conner and Dorothy Mae Burgess and Theodore Conner attended a show in Shamrock Monday night.

Miss Ruby Lee Williams and Mrs. Weaver Barnett of Briscoe were in Wheeler Monday night attending the show at the Rogue theatre.

Mrs. Lydia Foster of Chickasha, Okla., came Sunday to visit her brother, A. E. Crump. Mr. and Mrs. Crump motored to Shattuck, Okla., to meet her.

Joyce Sorensen, who has been a patient at the Wheeler hospital for several weeks, is gaining nicely this week and will return home in a short time.

Mrs. M. M. Wiley of Canyon, who has been making her home in Houston the past year, came Monday to make an extended visit with her son, H. M. Wiley, and family.

Mrs. Cordie Gill and daughters, La Vern and Louise, spent Saturday night and Sunday in Mobeetie with Mrs. Gill's parents, Mr. and Mrs. P. L. Meadows, and family.

Supt. M. D. Blankinship and J. M. Knowles, principal of the Mobeetie high school, were in Wheeler Monday evening in the interest of their schools.

J. W. Underwood returned Monday from Florence, Ariz., where he has been visiting relatives and picking some cotton. Mr. Underwood says the cotton is fine there and they are paying pickers \$1 per hundred.

Mrs. D. O. Beene and granddaughter, Patricia Ann Beene, returned Thursday from Farris, Okla., where they spent a month with Mrs. Beene's father and sister, J. V. Wheeler and Mrs. Cal Howard, and husband.

Mrs. Anna Jacob of Braymer, Mo., came Sunday to visit her sister, Mrs. John Ficke, and children. Mrs. Jacob visited her brother and wife, Mr. and Mrs. Willie McBee, and children at Hinton, Okla., last week. Mrs. McBee and daughter, Miss Violet, brought her to Wheeler Sunday, returning home that night.

Mr. and Mrs. Nelson Porter are driving a new V-8 Ford.

Mrs. Melvin Howe and brother, Richard Carter, made a business trip to Pampa Monday afternoon.

Mrs. Lucille Foss and daughter, Carolyn, of Borger were week end guests of Miss Clara Finsterwald.

Mrs. J. A. Page of Lefors was in Wheeler today, driving a new Chevrolet car.

Percy Farmer is improving some this week, but is still confined to his home.

Mr. and Mrs. D. A. Hunt and Mrs. H. E. Nicholson motored to Oklahoma City last Thursday where Mr. Hunt attended to business.

Theodore Conner and J. W. Lummus motored Saturday to Edmond, Okla., and visited Miss Texas Miller. They returned home Sunday night.

Mr. and Mrs. Chester Lewis have rented the property of E. W. Bryant in the east part of town and moved the last of the week from the C. H. Clay house on South Main street.

Mrs. John M. Ficke returned Sunday from Brownwood, where she was called home to be with her mother, Mrs. M. T. Bowden, who was seriously ill. Her condition was much improved when Mrs. Ficke left.

Mr. and Mrs. Lem Guthrie left Tuesday to visit their son, Lamar Guthrie, and Mrs. Guthrie at Tipton, Okla. They were going to spend the week end at Matador with their daughters and families.

Mrs. H. B. Guynes and daughter, Mrs. Bill Finch, and children of Shamrock returned home last Friday from San Diego, Calif., where they have spent several months. Mrs. Guynes is the mother of E. D. Guynes of Wheeler.

Mrs. H. H. Corbin of Amarillo came last Wednesday and spent the night with her mother, Mrs. Bertha Denham. She was accompanied home by Mrs. Denham and daughter, Annie Ruth, who remained until Sunday, when Mr. and Mrs. Corbin brought them home.

Mr. and Mrs. E. R. Jones and children, Travis, Roy, Stanley and Miss Helena, accompanied by their house guests, Mrs. Connor Smith and daughter, Reba Earl, motored Sunday to Pampa where they were dinner guests of the former's daughter, Mr. and Mrs. Curtis Chesher. All returned to their respective homes that night.

Mrs. J. I. Maloy left Monday evening for Sulphur Springs in response to a message that her niece, Miss Veatrice Moore, was in a serious condition following an operation the previous day. Miss Moore has many friends here and at Bethel where she taught in the school for the past two years. Mr. Maloy and R. J. Faust took Mrs. Maloy to Childress, where she continued her journey by train and bus.
