County Valuation Raised This Year

One and a Half Million Increase Over 1935—Tax Rate Kept at Same Figure

Announcement was made this week by the office of J. H. Templeton, county tax assessor-collector, that the commissioners' court has determined the 1936 county valuation and fixed the tax rate. The valuation is \$13,652,067, and the rate is: state 62 cents, county \$1.00, a total of \$1.62 per \$100.00 valuation.

Comparison with last year's figures reveals the substantial increase of \$1,725,625 since the valuation in 1935 was \$11,926,442. The tax rate remains the same as last year.

According to Templeton the foregoing valuation and levy is expected to yield in state taxes the sum of \$77,215.27, while county taxes will amount to \$136,520.67.

Combining these sums and adding all school and poll taxes, Wheeler county taxes for 1936 are estimated at the handsome figure of \$296,625.66. Principal source of valuation increase is found in oil and gas development, it is said.

For purposes of comparison to show allocation of levies the following figures are presented:

Levy	1935-36	1936-37
Jury	.15	.11
Road-Bridge, reg.	.10	.15
Road-Bridge, spec.	.15	.15
General	.25	.25
Special Bridge	.05	.05
Court House-Jail	.15	.05
Road-Bridge Sinking	.20	.24
	\$1.00	\$1.00

New Chevrolet Cars Soon On the Market

Local Dealer Confirms Report 1937 Models to Climax 25 Years of Manufacture

Homer Pitcock of the Wheeler Motor Co., Chevrolet dealers, today confirmed reports that Chevrolet would shortly climax its 25 years of manufacture by introducing a complete new line of cars embodying new beauty, style, safety, durability, and above all, performance capabilities.

Pitcock cited official notice from Chevrolet headquarters in Detroit, confirming the report that the new car would be a valve-in-head six, the type on which Chevrolet has concentrated with such conspicuous success. "More than 12,000,000 Chevrolets have been produced in the company's quarter-century of operation," he pointed out. "Of the number nearly 7,000,000 are still in active service. 1,125,000 of the 1936 models have been sold this year to date. According to word from Detroit, the forthcoming models, while new from bumper to bumper, will adhere closely to engineering principles which have helped Chevrolet to lead the entire industry in sales seven years out of the last 10."

The "balanced" performance of the power plant in the 1936 models is credited with a large share of the spectacular success which that product has enjoyed, Pitcock asserted. "Our 1936 owners," he said, "report not only ample power for every possible requirement, but also durability, and oil and gasoline economy even after many thousands of miles. We have it on good authority from Detroit that the 1937 engine will rate higher in all of these important respects."

Wheeler Young Man Wedded Last Sunday

Miss Esther Wood, daughter of Rev. and Mrs. J. E. Wood, of Fort Worth and Harold Hill, son of Mr. and Mrs. B. W. Hill, of Wheeler were united in marriage Sunday, Oct. 11, at Sayre, Okla., by Rev. L. D. Alder, pastor of the Baptist church at that place.

Mrs. Hill attended the Shamrock high school and has a number of friends in Wheeler county.

Mr. and Mrs. Hill will make their home on a farm in the Pleasant Hill community.

RED CROSS FIELD MAN VISITS LOCAL CHAPTER

On Tuesday of this week, E. Glenn Griffin, Red Cross field representative with headquarters in St. Louis, visited the Wheeler chapter of the American National Red Cross. He discussed various phases of Red Cross work with special emphasis on the annual roll call, which occurs during November.

Griffin gained assent of local people for places on the chapter officers staff and prepared an article for publication to appear in next week's issue of The Times.

BALLOTS NOW AVAILABLE FOR ABSENTEE VOTERS

Announcement was made yesterday from the office of F. B. Craig, county clerk, that absentee ballots for the approaching November general election are now available for those who wish to vote in that manner. Absentee votes may be cast from now until Oct. 30, the closing date being three days before election day.

TAFT HOLLOWAY ELECTED PRESIDENT WAYLAND CLUB

From Baylor university at Waco, where he is a senior, comes information that Taft Holloway of Wheeler was named president of the Wayland club last Wednesday night. The club is composed of students who were formerly students of Wayland college, Plainview.

Methodist Church Is Given Noted Picture

Missionary Society Presents Memento of Achievement in World Outlook Distribution

There hangs in the local Methodist church, to the left of the pulpit, a picture of John Huss before the Council at Constance, announces Rev. J. Edmund Kirby, pastor. This picture was given the Missionary society by the general board of the Methodist church for its superior work in distribution of the periodical, the World Outlook. The picture was secured largely through the work of Mrs. I. B. Lee, World Outlook superintendent.

Last Sunday the picture was presented to the church during a program given by Mrs. W. W. Adams' Sunday school class, and was hung in the main auditorium.

Only two more Sundays now and this conference year will be over, observes Rev. Kirby, who encourages church attendance in these words: "Let us make these two remaining Sundays count, and every Methodist be at the services of the church. The pastor will preach at the morning and evening hours Sunday. Evening worship at 7:30 p. m.

"Visitors and friends are always welcome."

G. W. PORTER GIVEN BIRTHDAY SURPRISE TUESDAY EVENING

G. W. Porter was pleasantly surprised on his 76th birthday when his children and a few friends gathered at the Porter home Tuesday evening in recognition of the occasion. Those present were Mr. and Mrs. Nelson Porter and daughter, Frances, Mr. and Mrs. George Porter and daughters, Georgia and Jo Ann, Dennis Porter and two friends, Mrs. Minnie Farmer, Calvin Allen and the hostess, Mrs. G. W. Porter. Refreshments of ice cream and cake were served.

GRAINGER McILHANY WINS TEXAS UNIVERSITY HONOR

University of Texas news service announces that Beta Alpha Psi, honorary and accounting fraternity at the university, initiated 10 members at a recent meeting of the group. Requirement for membership is a B average in accounting.

Among the list of new members was Grainger McIlhany of Wheeler and David Dial of Miami.

Arrangements have been made for a number of the members to attend a meeting of the American Institute of Accounting in Dallas, Oct. 17-22.

MRS. PORTER HONORS LITTLE DAUGHTER'S FIFTH BIRTHDAY

Mrs. George Porter gave a party on Tuesday afternoon from 3:30 to 5 in honor of the 5th birthday of her little daughter, Georgia Gaye. A pink and green color scheme featured the dainty refreshments of individual cakes, jello and hot chocolate.

Mrs. John Porter, Mrs. Lynn Gott and Miss Mazie Bean assisted the hostess with the games and refreshments.

Little guests were Peggy and Patsy Porter, Billie Ruth Gaines, Johnette Hood, Francis Porter, Margaret Ann Holt, Peggy Jo Rodgers, Marie Herd, Bon Eva Hooker, Dolores Ahler, Ruth Fulfer, Patricia Ann Beene, Georgia Beth Ford, Jo Ann Porter and Harold James Hardcastle, Bobbie Rodgers, Jimmie Gott, James Kirby, and the honoree.

Royal Drug Offering Nyal 2 for 1 Values

Beginning on Wednesday and continuing for the remainder of this week, the Royal Drug store is offering a selection of attractive values in its annual Nyal 2-for-1 sale. By referring to page seven of this paper, readers will learn of some attractive values.

Club Council Plans Year's Work Program

Decides at Meeting Here Saturday to Feature Demonstrations in Progress at Fair

That demonstrations in progress will be a feature of the 1937 Home Demonstration club fair was the decision reached at a meeting of the club council held in the court house here Saturday. The proposition of letting each club in the county be responsible for one demonstration was discussed by the ladies.

Demonstrations suggested were: Bread Making, Cake Making, Cheese Making, Kraut Making, Fabricating Mattresses, Purse Making, Basketry, Reseating Chairs, Upholstering Furniture, Slip Covers, Rug Making, Tinting and Dyeing, Sewing Problems and Canning.

A committee composed of Mrs. Clarence Zybach and Miss Christina Pagan was named to work with the men's committee on the farm and home contest in 1937.

Mrs. Clarence Zybach, chairman of the year book committee, reported that demonstrations for next year will be Yards and Farm Food supply, emphasizing butter cakes. Each club is to send in two programs and have all work ready for the year book by the second Saturday in November.

Mrs. J. H. Watts discussed proper labeling of fair products to save time and labor in getting them ready for the Amarillo Tri-State fair. She offered a resolution that prize money won on any product incorrectly labeled should go to the council treasury. Mrs. Jim Trout gave a report and discussed judging at the Tri-State.

Those present at Saturday's meeting were Mesdames Jim Trout, J. H. Watts, J. C. Tinsley, C. G. Cantrell, J. R. Jackson, J. T. Reynolds, Clarence Zybach, Henry Morgan and Miss Morgan.

MOTHER OF WHEELER MAN DIES SUNDAY, SHAMROCK

Mrs. Mandy Ann Crawford, mother of Jimmie Crawford of Wheeler, 76, passed away Sunday at the home of her daughter, Mrs. W. E. Tarbet, in Shamrock where she has lived for a number of years.

Funeral services were held Monday afternoon at the Church of Christ in Shamrock, conducted by H. P. Cooper, pastor of the church, assisted by Rev. S. A. Ribble.

Clay-Youngblood funeral home had charge of interment in the Shamrock cemetery.

Among those attending the services were Jimmie Crawford, Mr. and Mrs. C. R. Flynt, Wheeler, and Mr. and Mrs. Amasa Flynt and children of Fort Worth.

GRAY-WHEEL MEDICAL GROUP MET HERE TUESDAY EVENING

The Gray-Wheeler Medical association met in the basement of the Methodist church here Tuesday evening, at which time Dr. H. E. Nicholson and Dr. Glenn R. Walker were hosts at a banquet to 12 fellow practitioners.

Dr. Morris of Canadian gave an interesting talk on "Abdominal Fistula" and Dr. Nicholson presented medical and surgical subjects with the aid of a talking picture and silent film.

It was decided to hold the next meeting in Pampa.

BRISCOE CASH GROCERY ADVERTISING SPECIALS

Realizing the convenience, economy and adequate coverage of The Times in that community, the Farmers Cash Store, Briscoe, offers a group of grocery specials through an advertisement in this issue. The store expects arrival on Friday of a truckload of cabbage from Colorado.

Orphans Home Truck Gets Generous Help

As previously announced in the columns of The Times, the Tipton Orphans Home truck arrived at noon last Tuesday and took away the supply of goods and money made possible by the generous gifts of Wheeler citizens.

We wish to thank every one of you who assisted in the work of caring for those 250 children in the home. About a dozen Wheeler county children are being cared for in the Tipton institution. We are convinced that you appreciate this by your response to the call for assistance.—C. C. MERRITT, Pastor Church of Christ.

Mr. and Mrs. J. D. Merriman and daughter, Miss Florence, and Miss Lois Hodges motored Sunday to Pampa, where they were all day guests of the former's daughter, Mrs. J. M. Turner, and family.

Haynes Child Dies Tuesday in Amarillo

Small Son of Mr. and Mrs. J. E. Haynes of Borger—Funeral Here Wednesday

John Earl, son of Mr. and Mrs. J. E. Haynes of Borger passed away Tuesday in Amarillo, following a two weeks illness. He was the grandson of J. M. Burgess, Wheeler.

John Earl Haynes was born at Wheeler, June 6, 1934, and died at Amarillo, Oct. 20, 1936, at the age of two years, four months and 14 days.

Besides his parents he is survived by two brothers and four sisters: Billy and Phillip and Jimmie Kate, Dorothy Neil, Audrey Fern and Phyllis; also the grandfathers, J. M. Burgess, and W. T. Haynes, Fort Smith, Ark., and a number of other relatives.

Funeral services were conducted Wednesday afternoon at the local Church of Christ by Mr. Price, pastor of the Magic City Church of Christ, assisted by C. C. Merritt. Interment was made in the Wheeler cemetery under direction of the Hunt Funeral Home.

Out-of-town relatives attending the last rites were Mr. and Mrs. B. T. Hopkins of Amarillo and Mr. and Mrs. Tom Haynes of Pampa.

Miss Newkirk Weds Saturday at Canyon

Mr. and Mrs. L. W. Newkirk announce the marriage of their daughter, Miss Elsie, to Mr. Buster Grimes of Amarillo. The wedding took place at Canyon, Saturday, Oct. 17, with Rev. J. W. Keys reading the beautiful ceremony.

Mrs. Grimes is well and favorably known in Wheeler, where she has spent most of her life, also attending school here.

Mr. Grimes is the son of Mrs. Corine Grimes of Amarillo, where the happy couple will make their home.

DIGGING CONTINUES IN NEARBY OIL TEST WELL

According to information reaching this office, a depth of 5,940 feet had been reached in Porter No. 1 oil test hole on Wednesday evening of this week. Formation is said to be rather hard. Running the 7-inch casing appears a possibility in the near future.

WHEELER MUNICIPAL BAND WAS THREE MONTHS OLD SATURDAY

Organization Is a Lusty Civic Youngster—Narration of Its Activities

The Wheeler Municipal band, directed by J. W. Lummus, was three months old last Saturday, Oct. 17. During that brief period, under the guidance of Lummus, the organization has attained a membership of 41.

Starting at 8 p. m. on July 17, band practice was held for the first time at the gymnasium-auditorium, with "America" and "Abide With Me" as favorite tunes; also the "C" scales and a few "blue" notes. After several meetings of once a week, it was decided that greater progress would result if two meetings per week were held. Monday and Thursday nights were accordingly designated for the general membership, while school students practice five times per week.

First public appearance of the band was on August 18, at a boxing contest in the Mustang stadium. Its first formal appearance was on August 25, when a concert was given in the gymnasium-auditorium. Upon this occasion, Glen Truax, Shamrock band director, played a violin solo and directed one number by the band. This concert served to introduce the band to people of Wheeler and community, and resulted in numerous engagements.

First among these was at a reception for the famed Wheeler Mustangs upon their return from two weeks in athletic training camp. The band assembled on the west side of the court house and played several numbers. As the bus containing the football boys rolled into town, "Hail, Hail" and "Cheer Boys, Cheer" was the band's salute of welcome. They then proceeded to the Baptist church, where the boys were served lunch. The band was remembered by the business men sponsoring the boys' reception with a treat at the drug stores.

Other appearances in connection with community events were: Sept. 3, when the public schools opened; Sept. 4, P.-T. A. play, "Old Maids Convention;" Sept. 12, the County Club fair; Sept. 22 and 24, J. & J. June tent show; Oct. 6, P.-T. A. play at Magic City; Oct. 20, when the Magic City P.-T. A. presented a play here. On Nov. 11, the band will lead an Ameri-

SEEN IN THE WHEELER TIMES WINDOW

Following a period of scant interest, The Wheeler Times window display will again attract lookers-in. Yesterday, Mrs. J. R. Cooper left at the office a branch from an Early June apple tree which has a cluster of eight small but perfectly formed second-crop apples on it.

Today, Ira Passons brought in a pair of grain samples. One is genuine pearl kafir and the other dwarf standard maize. The heads are well developed and fully matured, with a heavy grain content.

Last Saturday, W. L. Gaines, living a short distance southeast of town, presented a treat which failed to make the window. It was a mess of fine roasting ears; nice large ears, well filled out, from a planting made after late summer rains started.

SNOW FLURRIES HIT PANHANDLE

Norther Swooped Down Early Tuesday Evening, Bringing Greatly Lowered Temperature

Beginning early this forenoon, snow flurries have continued throughout the greater part of the day. Although quite noticeable in the air at different times, the flakes disappeared upon contact with the comparatively warm earth.

This week's weather disturbance began early Tuesday evening, following summer-like weather the preceding three days or more. Hitting at about 7 o'clock the brisk gale brought a temperature drop of 30 degrees within a few hours.

Readings of 30 and 31 degrees have been reported for the past two mornings. Today brought only slightly warmer weather during mid-day.

MRS. DYER HOSTESS BAPTIST W. M. S. MEETING ON MONDAY

Circle No. 1 of the W. M. S. of the Baptist church met Monday afternoon with Mrs. Ernest Dyer, instead of Mrs. C. R. Flynt, as previously planned. Mrs. Lee Guthrie led a very interesting lesson from the study book, God's Plan.

Members present were Mesdames M. L. Gunter, B. F. Morgan, J. H. Watts, Raymond Waters, C. N. Wolford, Minnie Farmer, Lee Guthrie and the hostess.

Cotton Pool Checks Arrive On Saturday

Total of 34,050 Checks Call for \$44,144—Wide Variance—Others Received

Reminiscent of bygone days when rental and other AAA payments arrived, has been the steady march of claimants to the court house since Saturday, to obtain cotton pool checks which came in that day. Delivery is being made by members of the county agent's staff in the county attorney's room on the first floor of the court house.

A total of 34,050 pool checks were received. Their aggregate value is \$44,144.00. Since the vouchers come from various pools, covering two or three years, practically every producer receives more than one, the average being about three. One man was allotted six of the "pay slips." Generally speaking, the amount of each check is comparatively small.

HIGH AND LOW High and low among the checks was revealed yesterday. The largest amount noted was \$193.00 and the smallest 4 cents.

Other Checks Besides the pool checks, others were received as follows: one parity, \$61.25; four 1935 second rentals, \$146.88; six 1935 corn-hog, \$136.35.

County Agent Jake Tarter stated that 178 pool checks were held up, either because of producer's indebtedness to the Commodity Credit corporation on 10c loan cotton which failed to make the class, or have not yet returned their C. A. P. 3's, which are a receipt for subsidy payment. Pool checks cannot be delivered until these points are cleared up, declares Tarter. Neither will they be delivered to anyone except those to whom they are made out, unless power of attorney is exhibited.

This ends the pool payments, it is announced, unless some future demand should arise.

Shamrock Will Stage College Football Tilt

Walter Adams, Wheeler Boy, Starter for Altus Junior College Pirate Squad

Walter Adams, for several years a star performer on Wheeler high school elevens, will be in the starting lineup for the Altus Junior College Pirates when the Pirates and the West Texas State Teacher's College Freshmen meet on Denver Field, Shamrock, Thursday night, Oct. 29. Many other players of renown in this section of the country will also see action in the contest.

This will afford many football fans in this section of the Panhandle a chance to see two real college football teams in action. The date of the game has been changed from Friday night, Oct. 30 to Thursday night, the 29th, so as not to interfere with the high school contest which will be getting plenty warm by that time.

Boys from all over the Panhandle are included on both teams, some of whom made quite a place for themselves in the minds of rabid football fans during their high school careers. Among these are: Esther Hanna of Borger, Glen Bufkin and John Denton of Amarillo, Wheeler's own Walter Adams, George McCarty of McLean, and S. B. Skidmore and Ross Mills of Shamrock.

Football admirers from all towns within driving distance of Shamrock will have a chance to see these two fine teams in action. This will be the first appearance of any kind of a college football game in this part of the Panhandle.

General admission prices will be 25c for students and 50c for adults. Reserved seats will be available at 25c.

Chevrolet Salesmen to District Meeting

Along with other Chevrolet distributors and salesmen of this area, Homer Pitcock, manager of the Wheeler Motor Co., and Frank Buchanan, salesman, are leaving Saturday morning for Oklahoma City to attend a district meeting. The local plant will be in good luck during their absence.

Anglin, salesman, Lloyd A. Anop foreman and Buster C. Anop service man, will carry on as usual.

Homer Ewton, proprietor of the Ewton Motor Co., Shamrock, and W. L. Hill, salesman, will accompany the Wheeler men on the trip.

(EDITOR'S NOTE: The foregoing article was prepared and submitted for publication by a member of the band. The Times concurs in the sentiment expressed, especially that concerning suitable community support of so valuable an institution as it believes a good band to be.)

VOTE!

The greatest possession of a free people is the ballot—the right to vote. It is a defender of liberties and a weapon against injustice.

Yet that invaluable heritage is not prized by millions of otherwise good citizens. Proof of this statement can be found in undeniable statistics. In most elections, less than half the persons who are entitled to do so, actually vote. It is exceptional when an election brings to the voting booths more than 50 per cent of enfranchised citizens.

One result is that public officials are elected by minorities—the vote of the majority is silent. Another, and worse result is a flagging of interest by the people in a thing which vitally affects all—the government.

This year, there are great issues at stake. No matter the position taken, it is a duty as well as a privilege to cast a ballot in the coming election. Only by so doing, can popular government be maintained.

In Germany the right to vote has been virtually abrogated—at the last election citizens had a choice of endorsing Hitler or of leaving the ballot blank, there being no opponent. (Of course there may be a few so radically partisan they would approve such a procedure in the November election). The same farcical elections as that of Germany prevail in Italy, Russia, Greece or a dozen other principalities.

And here in America, where the means of maintaining freedom still exists, half the electorate doesn't trouble to exercise it.

So—vote on Nov. 3. Vote for Roosevelt, Landon, Lemke, Thomas—whoever you believe is the best man for president. Do the same for other offices. It is an inalienable right (provided a poll tax receipt has been bought) to vote for whomsoever one pleases—for a while yet. And only by voting on the men and issues of the time, can that right be preserved.

The writer takes issue with the Texas statute which compels every voter to buy a poll tax receipt in order to vote; it is unfair and contrary to the so-called "inalienable" right of American citizens. Its intent and purpose was no doubt good; apparently to disfranchise negroes and certain illiterate and shiftless whites.

The Times would be as far as any one from throwing down the bars and allowing "whosoever will" to help direct a commonwealth when their sole interest is to get their main source of existence through channels of charity. But it does seem that a better barrier might be found—one less possible of abuse—than the present poll tax plan.

a poll tax, regardless of the source of the money to pay for it. The writer has not been questioned as to where he got the money to pay for his poll tax. It would appear possible for politicians to finance poll tax purchases when the stake was sufficiently great. Either in some "poor white" districts or the "black belt" of East Texas.

Why not change to a literary test, for instance? Require a prospective voter to show at least the ability to read and write. "Good horse sense" would be asking too much—a large per cent of college graduate voters would fail to meet that requirement—when it comes to voting.

ALSO LITTLE BUSINESSES

America is primarily a nation of "little businesses"—in spite of all the talk we hear concerning "big business." This is especially true of the retail field.

According to Dr. G. W. Dyer, professor of economics, Vanderbilt university, in 1929, there were 1,230,300 independent stores in existence and 144,598 chain stores. The independents employed more than 3,000,000 persons, while the chains employed over 900,000.

Exact figures are not available for later years, but it is the general consensus of opinion, based on various surveys, that the situation has not changed greatly. Chain systems have grown and expanded—and so have independent stores. A great spur to independent store growth and betterment has been the creation of large-scale buying organizations, patterned after the chain systems, which enable their members to reduce in-between costs and so sell goods cheaper.

In no country in the world are there so many opportunities open to the little fellow as in the United States. Even during depression, a host of small businesses, retail and manufacturing, were started and though the going was hard, many of them managed to pull through and are now on the way to prosperity. They are succeeding because they give good service—the small business can often "get the jump" on big business by providing personal services that a large organization can not—and because they meet a public need.

There are no signs that the day of the small store and the small factory is over. There are signs that these small enterprises can look forward to profitable futures. That is as it should be. Here in the United States, as in nowhere else in the world, the little business and the big business exist side by side, and are a testimonial to the soundness of the American way of life.

MOST GENEROUSLY FINANCED

The most generously financed campaign in the history of the country is being conducted by the Republican party at this time. Sources of campaign funds in practically unlimited amounts are at the disposal of the men who are directing the campaign. In contrast, the Democratic campaign is being supported by voluntary subscriptions of individuals. And in Texas where we take our politics for granted, these subscriptions are running mighty light, so the report goes.—Floyd County Hesperian.

One wonders if the stalwart faithful are growing lukewarm, or have taken seriously that insidious Republican propaganda concerning a certain \$4,880,000,000 appropriation placed at the president's disposal—without let or hindrance—and consider it ample to meet all necessary financial needs. Who can tell?

THEM DAYS GONE FOREVER

"Come on, boys, and join our song and vote for the party, right or wrong," used to be the refrain just before election time, but times are different now, with bolters taking the platform and urging that party lines be forgotten for "the good of the country."—McLean News.

SIDELIGHTS

By
HON. MARVIN JONES
Member of Congress from Texas

One often hears the expression, "I'll admit that conditions are better. I'll admit that my business has improved. I'll admit that all business is better, but—"

"How are we going to pay for it?" That is a fair question. Let us analyze the facts.

Deducting the cash on hand, the national debt has increased about 10½ billion dollars in the last 3½ years.

Yet our annual interest bill is more than 100 million dollars less than it was in 1923, when the public debt was considerably less.

How can this be? It simply means that the interest rate has been greatly reduced not only on the new debt, but that the old debt has been called and refinanced at a much lower rate.

It is interesting to note that if amortized over a period of years, the necessary annual payment to pay off the entire present national debt—principal and interest—would be less than the annual payment to pay off the 1923 debt under the rates then prevailing.

But this is not all. It is morally certain that we will get back about 5 billion of the 10½ billion increase. This will be done through collections on various loans and advancements that have been made.

In addition, the national income has increased from 39 billions to above 60 billion dollars. The value of all securities and of all properties has vastly increased.

These are all record figures. If the soldier's bonus is left out—and that was simply trading one form of obligation for another and did not increase the national debt, and therefore hangs on a different hook—the appropriations made by congress for the fiscal year beginning July 1, 1936, were actually 1½ billion less than the appropriations for the fiscal year before that.

And yet, with improved business conditions, the situation will be better cared for than with the larger appropriations of last year.

If similar reductions can be made for the next two years, the national budget will be balanced.

There should be and I believe will be such reductions. Unnecessary emergency activities can and should be eliminated.

If this is done, I believe it will be far better than the wholesale bankruptcy, liquidation and repudiation that would have been the inevitable result if the do-nothing policy had been continued.

Our Exchanges

Items of interest culled from newspapers on The Times' exchange list.

This department's prediction that the Bronchos would lick the Shamrock eleven was only half right. The score was 6-6. But that was pretty close for a guy that never picked a winner in his life! And am I laughing at The News' renowned sports authority, Mr. Cooke! Please, everybody don't ask him what happened to that rough, tough, Memphis wrecking crew of his! There's an old saying, though, that he who laughs last laughs longest—or something. Anyway,

I think Dick is going to get that last laugh. I'm fearing greatly for my prize Wheeler eleven when they run up against that McLean squad. Those Tigers are plenty tough.—Clarendon News.

When I went out to the Samnorwood fair, Albert Cooper rushed up to me and said: "I am certainly glad to see you at OUR fair." Right then I was too provoked to say anything to Albert. After thinking it over I would like to tell him that the Humble Oil Company has an exhibit at the Centennial which shows maps of Texas at various periods. Naturally Shamrock is not shown on the map showing this state 250 million years ago, but the thing that did me good is that Shamrock is not shown on the map showing Texas in 1936. Of course Wellington and Wheeler are prominently displayed.—Desk in Wells in Wellington Leader.

With the presidential election nearer with each day, the promises and threats, praises and condemnations of the two major political parties are growing louder. There has to be a climax somewhere, but the average citizen, (who has been quoted and misquoted so many times in the past) cannot find the proper point. However, no one man can be as black as the Republicans choose to paint Roosevelt, nor can he be as white as the Democrats like to picture him. In the case of Landon, the same thing applies.—Plainview Weekly.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Wheeler County—Greeting:

You are hereby commanded to summon Della Mae Cobb by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Wheeler County, to be held at the Court House thereof, in Wheeler, on the 2nd Monday in November A. D. 1936, the same being the 9th day of November A. D. 1936, then and there to answer a petition filed in said Court on the 28th day of September A. D. 1936, in a suit, numbered on the docket of said Court No. 2773, wherein

D. N. Cobb is Plaintiff, and Della Mae Cobb is Defendant, and a brief statement of plaintiff's cause of action, being as follows:

That plaintiff and defendant were married on the 9th day of December, 1916, and lived together as man and wife until on or about the 3rd day of April, 1935. During such period defendant was guilty of excessive cruel treatment and outrages, consisting of, cursing and nagging plaintiff and infidelity. That there were born to said marriage three children; to-wit; L. B., George Wheeler and John Thomas, all boys. That L. B. is now self-sustaining, and the defendant took the other boys with her and plaintiff has not heard from them since. Plaintiff would show that he is ready and willing, if necessary, to aid in the support of his two said children. A divorce and relief both at law and in equity, special and general, to which he may be entitled, being prayed for.

Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Wheeler, Texas, on this 29th day of September A. D. 1936.

(SEAL) HOLT GREEN, Clerk, District Court, Wheeler County, Texas.

Statistics prove that one school child in every five has defective eyesight. Often the child doesn't know he's handicapped. Then how can you, the parent, know? An examination of your child's eyes tells . . . quickly, surely. No use to say in after years, "I wish I'd known in time." You can know . . . today.

CALLING CAR 17 BAD BLOW-OUT ACCIDENT NEAR BRIDGE HURRY!

PLAY SAFE!

Only Goodrich Silvertowns Give You Golden Ply Blow-out Protection

Why not face the facts? Only one tire in the world has the Life-Saver Golden Ply. This layer of special rubber and full-floating cords is scientifically treated to resist the terrific blowout-causing heat generated inside the tire by today's high speeds. Knowing that Goodrich Safety Silvertowns thus protect you against the great unseen cause of these high-speed blow-outs—and knowing also that Silvertowns cost no more than other standard tires—can you honestly neglect to give yourself and your family this protection? Don't gamble on tires a day longer. It pays to play safe.

For comfort in Winter driving, let us install a GOODRICH 1937 MODEL DE. LUXE HEATER

This is a hot water heater of tested design and is equal to any heater on the market, regardless of price.

Dr. and Mrs. H. E. Nicholson left early Friday morning for College Station to visit their son, Harold, and to attend the football game Saturday between A. & M. and T. C. U. The score was 18 to 7 in favor of A. & M. They returned home Sunday night.

Buster Walser was painfully burned about the face and hands Wednesday morning when a gasoline stove exploded at the Teddy Clay farm home, near Kelton, where Walser is working. He was brought to the Wheeler hospital for treatment and was some better today.

Mrs. Birl Hight, wife of Mr. Hight, manager of the local Woodridge lumber yard, who underwent a minor operation at Glenwood Springs, Colo., two weeks ago is recovering nicely on their claim near Eagle, Colo., where she has spent several months with her son, Edwin.

Mr. and Mrs. C. G. Miller felt honored Monday afternoon when Mrs. J. R. Cooper presented them with a portion of her birthday cake she received that morning from a daughter, Mrs. H. Y. Baird, at Santa Ana, Calif. The cake was certainly delicious and reached Wheeler, Oct. 19, Mrs. Cooper's birthday.

CARD OF THANKS

We want to express sincere thanks to our friends for the many kind favors shown after the death of our darling son and grandson.

Mr. and Mrs. J. E. Haynes and children, J. M. Burgess and family.

Movie Chatter

By a Rogue

Zane Grey's Wanderer of the Wasteland
There are good westerns and bad westerns, but when Zane Grey writes a western story it is the best. Patrons of the Rogue may be assured of real entertainment when they visit the theatre Friday and Saturday at the showing of one of Grey's best stories, Wanderer of the Wasteland. The lead is played by Larry (Buster, Tarzan) Crabbe. For short subjects there will be two, Betty Boop and a Pictorial.

The Gorgeous Hussy
The Gorgeous Hussy is the life story of the once notorious Peggy O'Neil, the girl who could steal any heart, anywhere, anytime. It is the story of the girl who rocked the very foundation of the United States during the administration of Andrew Jackson. It is the story of a girl who held the destiny of a great people in the palm of her hand. The leads are played by Joan Crawford, Robert Taylor, Franchot Tone, Melvin Douglas and Lionel Barrymore. It is no ordinary picture, but it is one of the few pictures of the year that everyone should see. The date is Monday and Tuesday, Oct. 26-27. Never was more history, romance, intrigue, human interest and appeal brought to the screen in one single picture. See it and know.

Little America
Rear Admiral Richard E. Byrd is the only explorer who has made two successful trips to the South Pole and returned with motion pictures of his experiences. Patrons of the Rogue will be pleased to know that Little America, authentic pictures of his second polar expedition, will be shown Thursday night, Oct. 29, one night only. Also, two one-reel short subjects will be on the program.

Coming
Nov. 2-3—Trail of the Lonesome Pine, all in Technicolor and the best picture of the year. Special price to high school kids, Tuesday, Nov. 3—15 cents.

County, to be holden at the Court House thereof, in Wheeler, on the 2nd Monday in November A. D. 1936, the same being the 9th day of November A. D. 1936, then and there to answer a petition filed in said Court on the 29th day of May A. D. 1936, in a suit, numbered on the docket of said Court No. 2738, wherein
A. L. Tinney is Plaintiff, and E. E. Duke, S. D. Conwell, L. M. Conwell, D. E. Holt and J. H. Hatcher are Defendants, and a brief statement of plaintiff's cause of action, being as follows:
That on or about the 1st day of January, 1935, plaintiff was lawfully seized of the land and premises described as follows: Being the west fifty acres off of the west side of the North 363.7 acres of Section No. Thirty-four, Block A-8, Cert. 14/3033, of the H&G RR Co. surveys in Wheeler County, Texas, holding and claiming the same in fee simple; that on said day defendants unlawfully entered upon said premises, and ejected plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage in the sum of \$2,500.00.
Plaintiff prays judgment of the court that he have judgment for title and possession of said above described land and premises, and

that writ of restitution issue, and for his rents damages and costs of suit, and for such other and further relief, special and general, in law and in equity, that he may be entitled to under the facts.
Herein fail not but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.
Given under my hand and seal of said Court, at office in Wheeler, Texas, on this 6th day of October, A. D. 1936.

KELLERVILLE, TEXAS

Editorially Speaking
Pub. Since health has been the subject of conversation for the past week, and many children have been found in a state of health where the food is not properly assimilated, I am going to give a good daily menu.

Breakfast—Tomato juice, whole wheat biscuits, hot milk, toast, butter, milk (to drink).
Dinner—Vegetable soup, baked potatoes, buttered beets, whole wheat bread, butter, soft custard, prune whip, milk.

Supper—Eggs in potato nests, lettuce sandwiches, coconut crispy cake, milk.

Hot Prune Whip
1 cup prune pulp.
½ cup sugar.
5 egg whites.

U. ½ tablespoon lemon juice.
Rub stewed pitted prunes through a strainer, add sugar and cook 5 minutes, stirring constantly. Cool.

Beat egg whites until stiff; add prune mixture gradually, then lemon juice. Put into a buttered casserole and bake 20 minutes (or until firm) in a moderate oven (325 F). Serve either hot or cold with soft custard.—CLEO citizens. THE SHELburne.

be found in most election. The Poet's Corner sons who are JUNIOR CROSSLAND ly vote. It is, Mrs. Gregg, election brings Robinson, Miss Legg, more than 3 teachers chised citizen

One result are elected of the major and worse re terest by the vitally affects This year, and me taken, it is privilege to c ing election.

HONOR ROLL
A Honor Roll In Germany grade—David Muldrew, J. B. been virtually—Setty Lou Jones, Nadine election city

Grade—Imogene Peabody, doring Hitt, uth McIntyre, Gloria Carter, lot blank, the Evetts, (Of course p rd Grade—Viola Cummings, radically p e Mashburn, Audean McAnal- ection). Joyce Marshall.

B Honor Roll
Russia, Grt Grade—James Lee Baum- cipalities. er, Leon Harris, Wylie Harris, Hayhurs, Jimmie Henderson,

This 'n' That
Mr. and Mrs. Davis entertained

Raymond Jeffery, Pete McAnally, June Drum, Glenna Boyd, Tommie Jo Cecil, Helen Cox, Joyce Harris, Betty Ruth Hunt, Betty Lou Kinard, Barbara Marshall, Margie West.

Second Grade—Louise Hornsby, Betty Louise Gilliam, Cecil Hidgen, Zu Layne Boyes, Clarence Teeters, Patsy Phillips, Billie Marie Muldrew, Bobbie Marie Collins.

Third Grade—Laymon Shuping, Izella Rogers, Jimmie Cope, Alvan Hornsby.

Fourth Grade—Louise Compton, Emma Lee Muldrew, Raymond Smith, Ruby Cummings, Russell Blackerby, Zeldia Marie West, Mildred Marshall, Don Steadman, Echo Ware, Verena Sargent.

Fifth Grade—Velma Muldrew. Sixth Grade—Virginia Blackerby Ernestine Shelburne, Juanita Campbell.

Seventh Grade—Cleo Faye Shelburne, Harwell Hall, Carl Hendren, Beovia Bullard, Charles Wright.

with a bridge party Wednesday evening. Those present were: Mr. and Mrs. V. H. Hall, Mr. and Mrs. Rickard, Mr. and Mrs. Ed Railsback, Mrs. Roy Carter and Miss Christine Legg. The hostess, Mrs. Davis, served coffee and sandwiches.

The second and third grades are proud of their fish. Since they have been studying "Health Habits," a health inspector was elected from each grade. Patsy Ruth McIntyre was elected for the second grade and Audean McAnally was elected for the third.

Who knows how hard 200 pounds can hit the floor falling from the distance of a first grade chair? Ask W. W. Bristler. He took a tumble a few days ago.

Did you know that the fourth grade students are real spelling champions? Ask the sixth grade, if there is any doubt in your mind. They'll tell you that the fourth graders are "tops" when it comes to spelling hard words and proper nouns.

Ina Lee Bidwell and Lemuel Ford were voted the best map drawers in the fourth grade. Lucille McAnally, Russell Blackerby and Raymond Smith won places on the bulletin board this week with their illustrated poems.

Lonnie Shoop is back in school among his old friends. The fourth grade is happy to have Loyd Batson from Hopkins as a new member of the class.

The fourth graders are trying to keep their room the cleanest in the school—and how they are working! The fifth grade language class has organized a Citizenship club. The following officers were elected: President, Ernest West; vice president, Glennes Savage; secretary, Alvie Lee Saye; treasurer, Velma Muldrew; chairman of entertainment committee, Frances Hardin. Meetings will be held every two weeks.

The sixth grade welcomes Sherman Shoop back home. They are also very happy to have Robert Batson from Hopkins.

We are glad exams are over and also happy to know that mother and dad said that if your card is not better "next" time, I'll punish you. Because we have all promised ourselves to do better "next" time.

Misses Velma Muldrew and Frances Hardin visited in Pampa Monday. Thelma Whitely visited in Lefors Saturday.

The sixth grade regrets very much to hear that Clayton Mullins has been carried to Pampa hospital. We wish for him a speedy recovery.

Edna Mae Mullins of Kellerville is absent from school on account of illness. Mr. and Mrs. C. T. Ware visited Mr. Ware's mother and father, Sunday.

Mr. and Mrs. Elmer Dennis and daughter attended the golden wedding anniversary of his father and mother at Elk City, Okla., Saturday and Sunday.

Mr. and Mrs. Jack Cullins visited Mr. and Mrs. C. C. Cumbie all day Sunday.

The seventh grade history class has been studying the French and Indian war. Much interest is taken in the battles.

MRS. FORRESTER AND MOTHER ENTERTAINS B. & P. W. CLUB
Mrs. R. H. Forrester, assisted by her mother, Mrs. Jimmie Mitchener, entertained the B. & P. W. club Monday evening of last week at the Forrester home. A number of games were played, Miss Bessie Mae Ficke and Mrs. John Hood receiving the prize awards.

FARM RADIOS

WITH 1937

Grunow FEATURES

The illustration is that of an all-electric eleven tube Grunow at the price of a "Six." It is used to show the style and quality of cabinet work to be found in all models of Grunow Radios.

With Features Like These FARM LISTENERS, too, can HEAR Everything on the Air!

- 3-POSITION TONE CONTROL—Listener can make high or low notes predominate at will.
- FULL-FLOATING CONDENSER—Like the engine in a modern automobile the condenser gang "floats" on rubber mountings.
- 3 INTERMEDIATE-FREQUENCY TRANSFORMERS—By providing three intermediate frequency transformers, Grunow gives a set greater selectivity and sensitivity and insures stability of delicately-tuned I-F circuits.
- TRUE ALL-WAVE—NOT SKIP-BAND—Grunow all-wave farm sets are true all-wave sets. Not a single band is skipped, from 550 kc. to 18,000 kc. You get everything—police, amateur, aviation and foreign.
- PERMANENT-FLUX DYNAMIC SPEAKERS—Grunow uses the finest type dynamic speaker in these farm radio sets. The high flux density magnet employed makes possible perfect reproduction of the most delicate shadings in either voice or music—with low battery consumption.

WHEELER, TEXAS

PARENT-TEACHER WEEK PROCLAIMED

Entire Texas to Pay Honor to the Founder of Parents and Teachers Idea

Governor Allred has declared the week of Oct. 19-25, Texas Parent-Teacher week in honor of the Texas Congress of Parents and Teachers, which Monday will celebrate its 27th birthday. The governor urges that attention be centered on child welfare work during the week.

The governor's proclamation follows:

"To all to whom these presents shall come:

"On Oct. 19 the Parent-Teacher associations will celebrate their 27th anniversary in Texas.

"The State of Texas is fortunate to have such an organization whose purpose it is to promote child welfare through co-operative efforts of parents and teachers.

"Because of the necessity of proper co-ordination between the home and school in the life of our future citizenship, the continued advancement of the Parent-Teacher associations is of great importance to the state as a whole.

"In recognition of the splendid work of this organization throughout its existence in Texas; now, therefore,

"I, James V. Allred, governor of the State of Texas, do hereby set aside and proclaim the week of Oct. 19 to 26 of this year as Parent-Teacher week in Texas, and I call upon our citizens to aid and encourage the Parent-Teacher associations in the splendid work they are doing for the welfare of our school children, who will soon be called upon to assume the responsibilities of citizenship.

"In testimony whereof, I have hereunto signed my name officially and caused the seal of state to be impressed hereon at Austin, this the eleventh day of September, A. D. 1936. JAMES V. ALLRED, "Governor of Texas."

MAGIC CITIANS GIVE PLAY FOR LOCAL P.-T. A.

A play entitled "Jimmy Be Careful," was presented by the Parent-Teachers association of Magic City on Tuesday night. It was given in the auditorium-gymnasium at 8 o'clock.

The play was a three act comedy drama of two and one-half hours. There was a cast of 10 characters; five women and five men.

A small admission of 10 cents for grade school students, 15 cents for those in high school and 25 cents for adults was charged.

The play was sponsored by the Wheeler P.-T. A. It was well received by an enthusiastic audience.

Teachers Envision Modern Facilities

Outline of Arrangements In New Building—If and When It Is Available

With the probable appropriation of over \$20,000 being granted as government aid for the erection of a new high school building, the various teachers are dreaming of what an ideal class room should contain.

General suggestions for the halls are drinking fountains automatically worked by a beam of light. Perhaps composition floor coverings would eliminate part of the noise made by walking. Built-in receptacles for trash at strategic points would be helpful.

For the Spanish room, Mrs. J. L. Gilmore wants comfortable seats for the students and some type of display case for souvenirs. Also she wants plenty of blackboard space, Spanish maps and perhaps a wall library of references.

Miss Lois Kirby desires individual student tables with gas and water piped to each one. There should be an equipment room well stocked with apparatus and blueprints and the room should have a fume vent.

For some reason, Miss Winona Adams prefers the seats in her civics room attached to the floor. She would like a desk and chair and preferably a south room, where flowers might grow. Appropriate pictures, maps and charts might adorn the wall and a cabinet for filing would be useful.

In her English room, Miss Imogene Holbert would like a pleasant atmosphere with flowers and good art pictures that are suitable. A stage would be nice but it is not essential. A good supply of room books and magazines, including the Atlantic Monthly and Scribner's is suggested. For the luxurious side, venetian blinds and a projection machine would be an added advantage.

Principal C. B. Witt believes that he needs reference books for history in his room. Mr. Witt prefers the desk type of seat and suggests a desk for the teacher. Maps and historical pictures pertaining to the course would prove a boon.

In Miss Ruth Ewing's vision of an ideal typing room she sees 20 typewriters with adjustable tables and chairs, a good steel file and a wire copy basket for current use. A time clock, wall space for charts and a bulletin board would have an important place. Miss Ewing prefers that the room not be used by anyone except only those who have had a course in typing. She is willing to share a portable Victrola, with one rational typing record, with the music department.

Robert Mayne wishes his journal-

(Continued on Page Three)

Hallowe'en Plans Almost Complete

Wheeler Parent-Teacher Association to Sponsor Spooky Affair In Gymnasium

Saturday night, Oct. 31, the Parent-Teachers association is sponsoring a Hallowe'en carnival. The booths and dungeons will be in the high school building under the direction of Mrs. H. M. Wiley. Finishing the evening will be a floor show in the auditorium-gymnasium under the direction of Robert Mayne. After the floor show, cakes will be awarded the ugliest man and prettiest woman present.

During the evening, food will be sold to those who desire it. A highlight of the evening will be a jig by Mrs. Ed Watson. There will be fortune telling in one of the booths.

Those in charge of decorations are W. C. Zirkle, Mal Wynne, Mrs. Bill Perrin and Mrs. E. W. Carter. Miss Imogene Holbert is in charge of the publicity.

Proceeds of the carnival will go to the Parent-Teachers association.

BOWL OF ROSES SENT TO SUPT. GILMORE

What is that sweet-smelling odor from the office?

This question was in the minds of the students who passed the office door last Tuesday.

If someone had only stepped inside, they would have quickly seen where the odor came from. For there upon Supt. Gilmore's desk was a large bowl of roses. They were of yellow, white and red shades. Their odor drifted throughout the office giving it the fragrance of a flower garden.

These roses, a dozen and a half in all, were sent to Supt. J. L. Gilmore by his mother, who lives in Turkey, Texas.

Agricultural Meet to Be Held Tomorrow

A district meeting of vocational agriculture teachers will be held in White Deer, Saturday, Oct. 24. A meeting of all the F. F. A. clubs in the district will also be held.

The agriculture instructor, W. C. Zirkle, and three boys from the agriculture class of this school will go to that meet. Every school in the district will bring three boys to this meeting and officers for the district F. F. A. will be chosen.

A field trip was made the past week on mapping out farms. These farms were mapped out and every gully and road were given on the map. The agriculture boys are going to re-arrange these farms so that they will be more modern and convenient.

W. H. S. Honor Roll Given by Office

Several Students Make Honor Roll On First Exams—Senior Class Lead

The honor roll for the first six weeks of school was announced by Principal C. B. Witt. Only two seniors made the A honor roll. These were Parilee Clay and Lois Walker.

Freshmen who made the A honor roll were Presley Guynes, Norma Webb, Stella Cooper and Gayle Wilson. No freshmen boys made the honor roll.

Freshmen who made the A and B honor roll were Elizabeth Balch, Joyce Faust, Maryian Hestilow, Frances Noah and Claudia Stenson.

Johnnie Faye Templeton was the only sophomore who made all A's. Sophomores who made the A and B honor roll were Earl Gilmore and Betty Gene Coil. Helen Flynt made all B's.

Cleo Sewell was the only junior who made all A's. Juniors who made A's and B's were Lois Ficke, Irene Hunt, Mary Belle Johnston and Mildred Plattor. Huffman Walker made all B's.

Parilee Clay and Lois Walker represented the senior class in the A column, while those who made the A and B honor roll were Everett Cole, Ray Norman, Bonnie Adams, Alice Hardin, Inez Hunter, Beatrice Miller and Martha Alice Wiley.

HOME EC I CLASS START NEEDLE ART

"Is this all right?" "What do you do next?" and "Are you supposed to do this?" are some of the things the home economics I girls have been asking Mrs. Gordon Whitener, instructor.

They have just begun work on undergarments, one of their projects.

The home economics II girls have been preparing individual salads and vegetables. They are planning to start working on full meals next week.

They are going to have dinners soon and each girl is to invite a guest.

SPANISH CLUB PLANS ORGANIZATION SOON

The Spanish classes have not organized yet, but they are going to meet one day this week or next to organize, according to Mrs. J. L. Gilmore.

"They will have to meet some day at one of the periods, because most of the Spanish students ride buses," said Mrs. Gilmore, "and they could not be present."

The Spanish I class will be initiated one day this week or next.

Aim: To record accurate accounts of school happenings interestingly.

SCHOOL PRIDE

Do you want to be proud of your school? Every student should have a big place in his heart for the school which he attends. Every citizen should have a big place in his heart for the school which he has attended. Quite naturally there will be a bigger place, if the school is one he can be proud of.

How can each student help to make this school a real school?

Many a small school has been put on the map by its athletic achievements. A small school has become well known because of a declaimer sent to a state tournament. Every student can't be a literary genius or a "football hero," but you have to be behind those who are, before they can really accomplish anything worthwhile.

When you are attending a football game or track meet, do you act as though you really want your team to win? Or do you, on the other hand, show your good sportsmanship about the matters discussed?

Every person in the school can't be a leader. It takes as industrious a person to be a follower as it does to be a leader. A leader can not have a live organization without members, nor can members have a worthwhile club without a leader. The word which combines these two great forces is spelled, CO-OPERATION. Co-operation between the coach and his squad, between teacher and pupil, between teacher and superintendent, between superintendent and school board, between school board and town, etc.

This all leads back to one thing: be a part of your school! Be behind your school! By doing this, out of Wheeler high school you will make a real school which you will be proud to tell your grandchildren about!

OUR UN-NAMED FIELD

How about a name for the football field?

This is the second year that we have had the field and it is about time we should put a brand on this stadium. It is the thought of the journalism class that everyone in high school should have a part in naming the field.

Let everyone who wishes, write a name that would be suitable on a slip of paper and turn it in at the office. The name most suitable could then

Self Rating Test

Friendliness:

1. Do you make friends easily?
2. Are you careful to say kind things about people?
3. Do you help the new pupil to feel at home in your school?
4. Do you keep the same friends several years?

Respect Rights:

1. Do you refrain from "bossing" people?
2. Do you refrain from persuading others to your point of view?
3. Do you refrain from using personal things belonging to others without asking their permission?
4. Do you borrow personal things?
5. Do you take care of borrowed articles?

Personal Appearance:

1. Does untidiness irritate you?
2. Is your clothing clean, neat and in good repair?
3. Is your make-up so skillfully done as to appear natural?
4. Do you maintain an erect, graceful carriage?
5. Do you wear sensible shoes to school and keep your high-heel shoes for special occasions?

be picked out by the faculty, and voted on by the student body. By this method everyone in school who wished, would have a chance to name the football field.

Come on, students, and find a name for the football field. If we would all start a howl it would not be long before we would have a name for the football stadium.

Are we going to win a district championship on a football field that is not named?

WHY STUDY?

It is essential that each and every student must study throughout their high school and college career, new and different subjects, in order to learn everything that is possible to obtain an equal standing to meet the different problems they may be confronted with.

Studying for only a short while each day in our spare moments will materially help us in reaching our goal.

Reading the newspapers, if nothing more, will familiarize us with current events of the day, both near and far.

Let each of us take advantage of the worth-while opportunities NOW—not tomorrow.

7 AND 11

A prominent member of the football squad when asked who won the Memphis game replied, "All of the eleven boys."

There is a childhood tale running like this. Once upon a time there were three brothers. When taken separately none of them could break a bundle of sticks, but all three together could accomplish the task.

Too often a fan fails to notice the blocking done by the line so that the backfield may break through for a touchdown. Of course the backfield is necessary to play the game but here the line is going to be saluted as the unsung hero.

Generally, Emler, Tillman, White-ner, Weeks, Green, Page and Maxwell start the game but there are others to take their places in the front ranks of battle.

Just what would the seven linemen do without the four backfield men, or vice versa. So it's agreed that the whole eleven working together comprise a winning team.

UP TO TEN AND THEN SOME

ONE boy and one girl were seen walking rather slowly late Saturday night after the party. Boy—Curtis Weeks; girl—Lavell Jaco.

TWO good feet have most of us, but Troy Derryberry only has one in good shape—thanks to the Memphis football squad.

THREE days ago the chemistry class had a test. Boy, was it a whooper (this word cannot be found in the dictionary).

FOUR more conference games yet to play. Here's hoping the Mustangs will still be undefeated.

FIVE more examinations yet to go. One over. Just five more miserable days.

SIX players is all it takes to play miniature football. However, with the material we have we would be willing to play a game using 22 players.

SEVEN subjects is more than any industrious student takes.

EIGHT is two times four and four is two times eight, but two subtracted from four isn't four subtracted from two. Funny, isn't it? NINE periods during the day devoted to study (maybe) with the exception of a lunch period and a physical education period.

TEN hours a day "Dippy" sleeps. The other two he rests.

FROM OTHER BRANDING IRONS

To flirt is wrong,
I don't.

Wild youths chase women, wine and song,
I don't.

I kiss no girls not even one,
I don't even know how it is done.

You wouldn't think I have any fun,
I don't.

—The Campus Chat, Denton.

Steve: "Dearest, your stockings are wrinkled."

Christine: "You brute! I don't have on any."—The Sagerton Eagle, Sagerton, Texas.

Sign on college boy's door:
"If I am studying when you come in, please wake me up."—The Shamrock, Shamrock, Texas.

The Chinese sometimes use grated potato for soap. Those times being, no doubt, when they have used their soap in making egg foyung or a similar dish.—The Prairie, Canyon, Texas.

Literary gem:

Why is it professors can wear purple ties,

Haphazard haircuts, and coats the wrong size,

Trousers too short and the color scheme vile,

Yet flunk me in English because of my style?

—The Toreador, Lubbock, Texas.

Three schools have asked The Corral to exchange papers with them.

The Lion of Santa Rosa, N. Mex., sent their paper to the staff of The Corral and asked that The Corral be sent to them.

A card was received by the exchange editor from the Hi Times, Dalhart, Texas, asking to exchange The Corral with them.

Miss Frances Piatt, the exchange editor of The Buck's Tale, White Deer, Texas, wrote a letter asking to be on The Corral exchange list. "We were not fortunate enough to be on the list last year but we enjoyed the few numbers of The Corral we received," states Miss Piatt.

SNUBBING

Needless to say that if you missed the Memphis-Mustang game you missed one of the very best this season. The thrill of suspense when W. J. broke through for a 70-yard run to a touchdown in the first minute of play. The rest of the game unfolded like a beautiful fairy story with superb blocking and Wheeler playing the hero to the tune of 33-13.

Two new feminine additions to the school in the way of students are a girl from Shamrock who attended school here last year, Lila Mae Crofford, and Genese Latham of Lefors.

Ranking with the "The Trail of the Lonesome Pine" in beautiful technicolor, "Ramona," by far surpasses it. It is the immortal love story supported by Don Ameche and Loretta Young.

The morning pep squad meetings have started again. At Memphis last Friday morning over 1,000 of the county school children turned out, accompanied by the fire and police departments, and paraded around town. . . It's satisfying to know that the Cyclones turned out to be "Whirlwinds" after all. . . General comment on the party given Saturday night for the football players indicated that a good time was had.

Louise Veale is gay in a red twin sweater set. It was rather hard for three groups of Mobeetie boys to find dates Sunday night. . . What next? Jack Pitcock was seen eating an ice cream cone through a straw. You figure out how it was done. H. E. has some pictures of two little girls, hint, the background is Magic City.

Dog-gone if I don't get tired of seeing dogs every where. If they don't visit school in person, some girl has them draped on their dress. Lula has a couple of green ones, Orveta prefers red Scotties. . . Miss Holbert, after explaining that flowers didn't give her hay fever, received only one small bloom Tuesday morning.

To pass on a bit of gossip, one love affair has been revived and several others are starting. It isn't fair to mention names because one never knows whether they'll last until the paper is out or not.

Young men of Greece are on a strike against dates with chaperons. In fact they refuse to go with a girl unless she's unaccompanied.

Song: "But Definitely."

SPEECH STUDENTS TO STUDY STAGE-CRAFT

The effect of "lights" and "make-up" is being studied by the public speaking students this week.

The arranging of furniture on the stage and what furniture is appropriate for a stage, is also being studied.

Effective entrances and exits are being planned and studied from the viewpoint of the audience and the actors.

A play has been chosen to work upon and production is to start immediately.

SPARKS FROM THE CAMP FIRE

Let us be of good cheer, however, remembering that the misfortunes hardest to bear are those which never come.

One thorn of experience is worth a whole wilderness of warning.

It's but little good you'll do by watering last year's crops.

Solitude is as needful to the imagination as society is wholesome for the character.

The Lasso's No

It seems as though there are some Mobeetie boys who like to come to see Ferrol. We hear that there were some at her home Sunday night and Monday morning.

Have you noticed Bonnie's sore throat? It may be that she hollered for No. 33, Friday night. (Some say it was Troy Derryberry).

Dawn received a 10-page letter from England, Monday, which was very interesting.

What was the matter with Wave and Ferrol, Monday? Could Wave have been angry?

If you want to make Lois Ficke laugh, just call her "George." Ask her about this rumor, some time.

Robert Mayne, journalism instructor, told the journalism class not to express their opinion in a news story. Mayne says if you see a man come wobbling down the street with a whiskey bottle in one hand, slinging whiskey all over himself, yelling "yip-pee" and with one foot in the gutter, don't say he is drunk.

Miss Holbert: "What were the boys under 17 playing during the World War?"

Wallace: "Mud Pies."

We wonder who Guy and H. E. were with Sunday. It couldn't have been anyone from Magic City, could it?

T. J. Cole was seen talking to Johnnie Faye Templeton rather seriously one day last week. Perhaps they were talking about English or something!

Roses are red,
Violets are blue,
Sugar is sweet,
And so are you
—If you beat Lakeview, Mustangs!

W. J. kept Beatrice out rather late Saturday night. Mrs. Miller was terribly angry. "Beatrice if you don't start coming home earlier I'm going to throw you to the dogs," she scolded. A loud howl was heard outside. Don't git excited—it was only W. J.'s famous dog howl.

Aline seems to like to change boy friends. Sunday she changed four times.

Welcome back to our school, Lilla Mae, and welcome to you, Genese Latham.

The topic of some Mobeetie girls' conversation is several Wheeler boys. Wonder if J. N. Tucker could tell us something about this.

Wonder what was wrong with Imogene after the party Saturday night. No boy friend.

You've missed a treat if you haven't heard W. J. howl like a dog.

Miss Kirby (in biology): "That word is 'archegonia'."

Babe Robison: "Where did you say Archie is going, Miss Kirby?"

Wonder whose ring Rutha Faye is wearing? It sure does look good on her.

Seen: one boy in the study hall who keeps a diary. He probably has some

Complete those tasks
We should, this day.

Mustangs, give us Faith—
Always to see
Your liking faces
Directing me.

Mustangs, give us Hope—
Through these dark ways
Shall come the light
Of better football days.

Mustangs, give us Courage—
To always smile.
And—come what may—
Feel that football is worth
while.

TEACHERS ENVISION MODERN FACILITIES

(Continued from First Page)

ism room to look like a newspaper office, with either a horseshoe copy desk or individual tables with typewriters. The seats might slope six inches so they would afford easy visibility. Shelves and closets for newspaper files would be necessary.

A music room designed by Mal Wynne would be large, with a raised platform in front. The piano, either a grand or good upright model, would be placed at the back of the students. Three rows of desk type chairs would be movable so they could be arranged in different ways. If the room is not made sound proof, it should be isolated so that it would not disturb others. A music filing cabinet, blackboard space and a phonograph with records would be needed.

So, that's the way the teachers would like their rooms and perhaps some day they will get to teach under such conditions.

very intimate experiences that he wants to keep secret.

Say, Dorothy Winkler seems awful happy this week, wonder if she saw her boy friend from Estelline, Friday night at Memphis.

My! my! how hard these seats get to be in the study hall. Why shouldn't they be made like a comfortable seat in a train, so when you get through with your studies you could lie down for a little nap. A little bell could be attached to each seat so it would wake you up when it was time to change classes. By 1950, children will probably receive the benefit of an invention of this sort.

No one can deny the fact that Betty Gene and Meta can sing "Good-night Ladies" in Spanish. If you doubt this, just ask the students who ride the bus. They've heard them sing it every afternoon for a week.

Did you notice Guy and Marion talking in the study hall? They didn't even get a demerit because there wasn't a teacher in there.

What happened to Bonnie's boy friend in Mobeetie? Why did you rush him off, Bonnie?

Mr. Mayne was heard telling some "tall" stories going to Memphis the other day.

A couple seen together at the Memphis-Wheeler game: Grady Havenhill and Pauline Schaub.

Faculty Meeting Is Held Monday, Oct. 20

A general faculty meeting was held Monday afternoon, Oct. 20. After this there was a meeting of the high school faculty.

Several important topics were discussed. The teachers discussed what they should have for assembly programs and various organization meetings. The P.-T. A. carnival that is going to be held Hallowe'en night, was brought into discussion.

The home-coming at Canyon for the alumni of W. T. S. T. C. was mentioned and the State Teachers meeting at Fort Worth. Some of the Wheeler teachers plan to attend this meet.

CIVICS CLASS HAS CONGRESS MEETING

The civics class had a meeting of congress this week. Each member of the class wrote a bill which they wanted to become a law. The bills were divided and each member of the class was in the senate or in the house of representatives.

W. J. Ford was the "father" of the senate. Alvis Jolly was the speaker of the house. The senate was composed of two committees and the house of four committees. Part of the bills were killed and part of them became laws.

This meeting was to teach the students how a bill becomes a law.

Fifty New Books Now In Office for W. H. S.

Fifty new library books are now in the express office, says Mrs. J. L. Gilmore. A card was received stating that the books had arrived.

The books will go on the sophomore, freshman and junior shelves. There will be just a few to go on the freshman shelf and the rest will go on the other shelves.

DEPARTMENT GRADES LAST MONTH VERY GOOD

Department grades for last six weeks were very good. The reason for this is because there wasn't as much change in school this year as there was last year. The department grades of all football boys were passing.

It is hoped that the good conduct will continue throughout the year.

Industrial Art Class Tackles New Project

The industrial education class has now started on the second six weeks work under the direction of Roscoe Morgan.

The first thing they are going to study this six weeks is squaring the three dimensions. Then they are going to have a lecture on planning a project. A simple project is then going to be taken up. Then the study of wood and all of its formations are going to be studied, among these are the grain and warp of wood.

A group of lectures are then going to be given to on wood finishes. All kinds of paint are going to be studied. Lacquers are the next subject. Clear and colored lacquers are going to be studied. Varnishes, fillers and stains will be the next subject of discussion in this class. This department hopes to gain affiliation this year.

RAMBLINGS ON THE RANGE

Superintendent and Mrs. J. L. Gilmore were at Turkey, and Clarendon during the week end. Supt. Gilmore was also at Canyon.

Wave Wallace, Ruth Faye Garrison, A. B. Turner from Wheeler and Jarvis Ridgway, Charles Hix and Orval Key from Mobeetie were Sunday visitors of Ferrol Ficke.

Pampa was the destination of Cleo Sewell last Saturday night.

Aline Buchanan and Martha Jane Shipman went to Kelton Sunday night.

Saturday Pep Party for Footballers

Last Saturday night the Pep Squad and football boys gave a party at the auditorium-gymnasium. Each member of these clubs was given a ticket to give to anyone whom they wished to invite. A Hallowe'en motif was used.

The entertainment was divided into three sections. Games of chance played with bogus money, directed games and an amateur program made up the evening's amusements.

"Beano," throwing at tin cans and hitting the nails were played in the various booths. Various games were then directed by Mrs. Gordon White-ner.

The amateur program was directed by Beatrice Miller. The miniature ladies, Imogene Jamison and Irene Hunt, sang a song and recited a poem. Mal Wynne, music instructor, played a violin solo, accompanied by Mrs. G. O. McCrohan. "Chop Sticks" was played by Martha Alice Wiley and Orveta Puett. W. J. Ford gave an imitation of a howling dog. He was awarded first place and given a toy "Popeye."

Raymond Smith received a toy "Mustang" for guessing nearest to the number of beans in a jar.

Refreshments of punch and cookies were served to the guests at the end of the evening.

COLTS

Doris Rogers has enrolled in the first grade.

The Giant Killers of the first grade have started on a new primer entitled "Jack and Nelf." The Robin section has just started on its first book. The first grade is also learning to count to a hundred by ones, fives and tens.

Mary Belle Rogers of Kelton has enrolled in the second grade.

Both sections of the second grade have been making Hallowe'en posters with which to decorate the windows.

The third grade has finished the study of Indians. They completed a 32-page booklet on Indian life. They also wrote many original poems on different subjects about Indians. Chester Anglin wrote the following poem:

Indian People

The Indian women were so strong
From working hard all day long.
The Indians were both short and tall
And have eyes that are very small.

Helen Waldo re-entered school in the fourth grade Monday. This grade is still studying about Lions.

New pupils in the sixth grade section A are Mary Ella Westmoreland, Loyal Pendleton, Denis Powell and Francis Trantham.

Many of the grade school students are now absent from school for cotton picking.

SPORTS

Mustangs Take Cyclone Like Gen. Grant Took Richmond

Vaunted Cyclone Becomes Mild Wind

Famed Aerial Attack Works Against Memphis Team—Not For It

The Wheeler Mustangs showed last Friday night that they still are a big threat in the District 3 race.

By downing the Memphis Cyclone 33 to 13, the Mustangs looked better than they have in any game since the Wellington struggle and proved to the fans that Wheeler still has a football team worth recognizing.

Unlacing a passing attack that was a surprise to everyone and a running attack that proved superior to any game the Mustangs have played this year, the Wheeler lads snowed under the Cyclone. The plot of it all was that grit and determination to show the fans that they had a winning team.

The Memphis eleven proved that they still had a passing team, but they were stopped cold by the interception of pass after pass by Wheeler.

Two interceptions of passes resulted in touchdowns. Both were made by the speedster pivot man, Alton Weeks. Two other tallies came direct from passing.

One was to Maxwell and the other to Derryberry, while the other came on a running play, with Ford carrying the "old pill."

Wheeler's first score came on the first play of the game. Behind beautiful blocking, W. J. Ford ran 70 yards to pay dirt.

The second tally came in the same period with a long pass from Ford to Maxwell. Then in the second quarter, Weeks intercepted his first pass and ran untouched to the goal.

Then again, another pass, only this time with Derryberry on the receiving end and the Mustangs had scored again.

The last score came in the last quarter with Weeks intercepting his second pass and again racing to the goal to bring home the bacon.

The lineup was:
Ends, Emler, Maxwell; tackles, Tillman, Page; guards, Green, Whitener; center, Tucker; backfield, Ford, Norman, Groves and Derryberry.

Date of Basketball Tournament Given

The annual Wheeler basketball tournament will be held here Jan. 1 and 2, under leadership of Coach Bob Clark. It is expected to attract many teams, and only the best officials will be used.

Wheeler has one of the largest and best gymnasiums in the Panhandle. There is seating capacity to hold some 800 fans who wish to visit Wheeler and see the games. There will be invitations sent to all senior boys' and girls' teams who wish to attend.

This is to draw fans and teams, also, from near and far to help make this one of the most successful tournaments ever held in Wheeler.

DISTRICT 3 B STANDING

	W	L	Pct.
Wheeler	4	0	1.000
Shamrock	4	0	1.000
McLean	3	0	1.000
Wellington	4	1	.800
Memphis	3	2	.600
Clarendon	1	3	.250
Lakeview	0	4	.000
Lefors	0	4	.000
Mobeetie	0	5	.000

WINNER OF INTRAMURALS HAS NOT BEEN DECIDED

The boys' intramural teams have not been doing anything the past week because some of the teams did not get their individual score list in, so that the winners could be determined.

Coach Bob Clark states that the intramurals will be resumed as soon as all of the individual score lists are turned in.

Classes Give Pep Rally During Week

Several minutes of the activity periods last week were given to different classes to present pep rallies. The freshmen and sophomores gave a short program on Tuesday expressing their feelings for the Mustangs.

The juniors gave their part on Wednesday and the seniors presented a short feature on Thursday. On Friday, the whole school assembled at the auditorium-gymnasium where the Pep Squad had a mock trial.

Several visitors from down-town were there to witness the rally and they had two representative speakers, Judge Forrester and Rev. J. E. Kirby. They showed the team that the entire town is backing them.

A fine school spirit was the result of this series of pep rallies.

Queen of Football Is to Be Sponsored

A race for football queen is being sponsored by the Pep Squad. The girls receiving the most votes will be crowned at the Wheeler-McLean game. Each penny counts 100 votes. Other ways of voting will be announced later.

Organizations of the town and school will sponsor girls for the race of queen. The girls chosen must be from this high school.

All organizations should be thinking of whom they wish for candidate for the race and start working.

For further information watch The Corral.

3 SCHOOL BUSES TAKE STUDENTS TO MEMPHIS

Three of the school busses went to Memphis, Friday night. Those that went were numbers one, two and three. Those who drove the busses were Bennie Morgan, Charlie Bradshaw and Harold Robertson. The busses took the football boys, Pep Squad, band members and many other students.

SPORT SLANTS

By a Mustang

Did you see the way the Mustangs clicked at the Memphis game? At last the Wheeler eleven has got started. Let's help them continue the fine pace.

Some fans are wondering what the coaches will do for material in the coming years. If they could have seen them defeat the Kelton Kittens 39 to 13 last Wednesday, they would see that the future Mustangs can play ball.

In the district race this week, things may happen that will upset anyone's dope bucket. With the McLean Tigers playing the strong Wellington Skyrockets; Shamrock invading the Memphis Cyclone; Wheeler taking on the strong Lakeview eleven; Lefors laying off this week; the up-and-at-'em Mobeetie Hornets jaunting over to play the strong Clarendon team, anything can happen!

This week may help to decide the championship race in District 3 B.

We already have notice that on Jan. 1 and 2 the annual Wheeler basketball tournament will be held. Last year the Wheeler boys won second but the girls were defeated by Canadian and did not place. This year both teams are planning on winning first place honors.

Speaking of basketball; both the girls and boys are starting to work out for basketball during their physical ed. period. Both teams are to start regular workouts late in November.

It has been seven years since the Wheeler Mustangs defeated the Shamrock Irishmen. For the first time since that date, the lads of Wheeler have better than an even chance against the Irish. However, the Mustangs will have to play football to defeat the boys of the gallant Shamrock eleven.

LOYALTY

A football queen contest is to be sponsored by the Pep Squad.

The girl who is chosen will be crowned at the McLean-Wheeler game. She will reign over the football banquet.

Your loyalty to your school can be measured by the amount you support this enterprise.

Eagles Exposed to Mustangs' "Hoofs"

For First Time Locals Will Be Outweighed by Opponents With Heavy Team

The Wheeler Mustangs will meet the Lakeview Eagles on the locals' own gridiron tomorrow night at 8 o'clock. For the first time this year the lads of Wheeler high school will be outweighed many pounds to the man. The big Lakeview team has several 180 pound men that will be hard to run over.

Feeling good over their victory with the Memphis Cyclone by a score of 33 to 13, the Mustangs went to work this week with the old saying in their hearts: "Keep up the good work."

The Mustangs have four conference games yet left to play. These being Lakeview, McLean, Shamrock and Lefors. If they lose as much as one game the district might be in a tie or they would lose the conference.

Those huskies from Lakeview have scored on every team they have played this year. With such scores as this the Mustangs will have to hustle to gain another victory; Lakeview 6, Shamrock 9; Lakeview 6, Wellington 12; McLean 18, Lakeview 6. These are a few scores that are favoring the opposite side to Lakeview, but this shows there will be a tough football game between the Mustangs and the Eagles.

The Lakeview Eagles coach, another Bob Clark, went to school under Supt. J. L. Gilmore, so Bob Clark would want to beat his old teacher more than anyone else.

This is their first year in class B football for the Lakeview team and they have made a grand opening by holding teams in this conference to such small scores. This will be the second time the Mustangs have participated in sports with the Lakeview schools. The first time was in basketball at the Mobeetie tournament last year. Here the Eagles defeated the Wheeler five by a large score.

Now the Mustangs have a chance to get revenge, but the Lakeview boys are sure large.

The probable starting lineup will be: ends, Emler, Maxwell; tackles, Noah, Shipman; guards, Green, Whitener; center, Tucker; backfield, Ford, Groves, Norman and Derryberry or Cole.

Hustle more and holler less.
Work more and worry less,
Boost more and beef less,
Give more and grab less,
Business would be better darn fast.
—The Dalhart Texan.

Sunday School Lesson Exposition

Prepared by C. C. MERRITT
Sunday, Oct. 25, 1936

CHRISTIANITY AS LOVE

Lesson Text: Acts 18:1-4; I Cor. 13:1-13. Helps: Acts 18:1-18; Gal. 5:16-26. Devotional Reading: Jno. 15:12-17.

Approach

Christianity, as it is given to us through the teachings of the Word of God, is love, theoretically and practically. Practical, because it was and is practiced by some. But that which so commonly goes under the name Christianity is not always love.

Claims do not make things so, but practice does. Christianity is not love by assertion only, it must be demonstrated through practice. Love does and love suffers. There is both the positive and the negative sides of love. Love does not engage the lover in any wrong doing of any kind—envy, jealousy, strife, coveting, and ill will—which are banned by love as well as the more evil deeds such as murder, theft, lying and adultery. Love neither offers nor permits a neutral ground between its negative and positive sides. Between its two sides is nothing but a "no man's land." These two sides go hand in hand. One can swing neither to the right nor to the left, for to do so would put one out of the category of love.

We must not approach this lesson with a false conception of Christianity. To do so would inevitably lead to a false conception of love. "All is not gold that glitters," neither is all love that croons and purrs. Murder and adultery are no less of the devil when they parade under the guise of war and "trial marriage." Love for one man does not include hate for another. Love, if it is God's sort, and Christianity, if it is God's sort, loves all and hates none.

Historical Setting

Athens, a chief city in Greece. Paul went to Corinth about 53 A. D. I Cor. 13 was written from Ephesus about A. D. 57.

Corinth was an important commercial and social center of Greece. It was known for its magnificent architecture and fine arts and widely known for its abandonment to vice and wickedness.

THE HEART OF THE LESSON

Introduction

"Christianity as love"—to put it more strongly, Christianity is love. Here again we must guard against misunderstandings. Love is the heart of Christianity and the whole of Christianity. But that does not mean that any other statements of truth and of doctrine are superfluous. God is love and we cannot think of God correctly if we should attribute to Him characteristics opposite to love. The doctrinal statement that God is and that He rewards all them that love Him are just as important as the truth of His love.

The Golden Text

Now abideth faith, hope, love, these three; but the greatest of these is love.—I Cor. 13:13.

Because love is the greatest of these three abiding things does not mean that faith and hope are insignificant. Love (God's sort) is utterly impossible to man except as it is based upon faith and hope. As faith would soon dwindle into a negation unless it is renewed day by day through the "hope that putteth not to shame" (Rom. 5:5), so hope is greatly strengthened through love. Love has a reflex power upon these two, because faith and "hope putteth not to shame because the love of God has been abroad in our hearts."

Faith may be "lost in sight, and hope in glad fruition," but this takes place only after our battle is fought and our race is run and we are at home with God. In this life love is stranded and will come to a total wreckage if faith is shipwrecked. Faith gives substance to and is the test of things hoped for (Heb. 1:1). Love is dead where hope, the anchor of the soul, sure and steadfast, reaching within heaven, is no longer pulsating.

Love in the "Innings" and "Outings"

(Act 18:1-4). "After these things"—his experience in Athens (see 17th chapter). Now he is in Corinth and what a joyous experience he has in the fellowship of Aquila and Priscilla (Mrs. Aquila), as they labor together and search for opportunities to engage in Paul's loved work, preaching the Gospel of God to lost souls. That was his time in, and see how he made good use of his opportunity. But what did he do when times changed and it was his time out? For soon the Jews started opposition and persecution against him (vs. 6, 12-17). God stood by him (vs. 9, 10) and he remained there one year and a half in the glad work of turning much people to the Lord. "Love suffers long and is kind" and love won the day for Paul as he labored in this wicked city.

When Love is Lacking

(I Cor. 13:1-3). There is nothing in Christianity worth while where love is lacking. It seems strange, at first, to learn that any thing of Christianity could be found in a professed Christian if love were lacking—strange, until we discover that many

of the Christian's traits can be imitated. There may be much zeal and enthusiasm manifested in these imitations that one may even die for his stand for his kind of Christianity. There may be pure imitation where there is no hypocrisy. One may imitate Christianity and have for it a natural love and feel that he has the genuine article. Love here considered is not natural love, the love we have for the lovable and agreeable. It is the "love of God" (Rom. 5:5) which none have who have not become "partakers of the divine nature" (II Pet. 1:4); love that loves the most despicable and that will suffer and die for them—that is the way God loved us and that is the love of God when manifested in us, His children.

Love Does and Love Does Not

(Vs. 4-7). There are seven things that love does: two in verse four; one in verse six; four in verse seven. See what they are. Could you tell what each of these seven things mean? I could wish for space here to discuss all these things but since that is impossible, I will ask you to study each word carefully, put them together and see what you can make of them. There is no word in the English language, or in any language, that means so much. There is no word spoken by mankind that is as far reaching as this world. Nothing affects one's own heart and life and that of one's friends and community as much as love.

The Permanency of Love

(Vs. 8-13). "Fornication, uncleanness, lasciviousness, idolatry, sorcery, enmities, strife, jealousies, factions, wraths, divisions, parties, envyings, drunkenness, revellings and such like" may be found in the lives of some at times, but there is no real or genuine need of them. Love will expell every one. Love and those things, called "the works of the flesh" (Gal. 5:19), cannot mix.

But love endures where necessary and good traits of life may fall. Especially is that true of the things that were called "signs" in the Apostolic age; such as, "gifts of tongues," "prophecy," "knowledge." These, Paul says, will "be done away," but love shall remain forever. Some things, good within themselves, are necessarily only for a time and then are no longer needful. But love is not one of these, it is needful always.

How Love Comes

Turn to I Pet. 1:22-23 and there you will learn that only those who have been "begotten again . . . through the Word of God" can exercise this "unfeigned love." Not only is faith in God required of us, but also faith in the love of God and especially in our own case must be found in us (I Jno. 4:16, 19). This love in us is by the working of the Spirit of God, and is declared to be the "fruit of the Spirit" (Rom. 5:5 and Gal. 5:22). And this love must be the purpose and intention of our own hearts (I Jno. 4:7, 11; Col. 3:14).

LESSON QUIZ

1. What great city does Paul contact now? 2. Who are his companions while in Corinth? 3. What was Paul's trade? and where did he go on the Sabbath? 4. What does the second part of our lesson tell us of the importance of love? (I Cor. 13:1-3). 5. Find seven things love will do in us? 6. Find eight things love will not do? 7. Were "spiritual gifts" intended to be permanent? 8. How long do partial and imperfect things remain? (v. 10). 9. Give Paul's illustration of this principle (v. 11). 10. What is the Golden Text? 11. Does Paul mean that faith and hope are unimportant? 12. How does love come? (Four things are given).

Allison News

(Times Correspondent)

Mr. and Mrs. G. H. Parks and son, Ben, and family returned home Wednesday of last week from Texola, Okla., where Mr. Parks had been at the bedside of his father for the last week. His father died Tuesday and was buried at Texola, Wednesday.

Mr. and Mrs. Jud Rector and Lester Pierce and family visited relatives at Wheeler Sunday.

Mrs. Emily Richardson visited in the E. P. Kiker home Sunday.

Mr. and Mrs. A. R. Beene and daughter, Bess, visited in the G. H. Parks home Sunday evening.

John Stillwell from Gageby visited Mrs. Newt Trout and Mrs. M. Ball were in Shamrock Monday.

Chas. Levitt, Sunday.

Ben Wilhelm from Hereford visited Miss Ruth Trout over the week end. There will be a carnival and play, "Welcoming Our New Pastor," at the Methodist church Friday night, sponsored by the missionary society. Everyone is invited to attend.

Mrs. G. C. Porter and daughter, Nell, from Center spent the week end with G. C. Porter, here.

Mr. and Mrs. Sterling Parrish and Miss Fern Stephenson of Shamrock visited in the M. Ball and Mrs. L. C. Butler homes Sunday.

H. R. Warren and family spent Sunday with Mr. and Mrs. A. C. Newberry.

Mrs. Hosea Weeks, who is teaching school at Raton, N. Mex., spent the week end here with her parents, Mr. and Mrs. A. C. Newberry.

The play, "Here Comes Hattie," presented by the Meridian, Okla., school at the school auditorium Friday night, was well attended. It was sponsored by our basketball teams.

Local News Items

Tom Arnold of Mobeetie was in Wheeler Monday on business.

Dewey Vise of Briscoe was in Wheeler Monday on business.

G. B. Newsom and son, W. T. Newsom, of Allison were in Wheeler Monday on business.

Mr. and Mrs. John Paris of Lake-ton visited Sunday with friends in Wheeler.

G. T. Richardson of Allison was in Wheeler Monday attending to business and visiting friends.

Supt. and Mrs. J. L. Gilmore and son, Earl, spent the week end at Turkey with the former's parents, Dr. and Mrs. H. Gilmore, and family.

Lindsay McCasland, J. C. Turner, M. L. Gunter and Bill Miller motored Sunday to Canadian to see the picture "Ramona."

Miss Mary Williams, Dump Traylor and Stanley Richardson motored to Canyon and spent the week end with friends and relatives.

J. N. Green, who has been confined to his home for several weeks, was able to greet his friends down town Tuesday.

Mr. and Mrs. Jim Trout had for Sunday dinner guests their niece, Miss Ruth Trout, of Allison and a friend, Ben Wilhelm, of Hereford.

Mr. and Mrs. Nelson Porter returned Sunday night from Dallas and Fort Worth, where they spent three days at the Centennial.

Mrs. W. B. Trout, Misses Clara Finsterwald, Eddie Mae and Ina Scott left Sunday for Dallas and Fort Worth to spend a week at the Centennial.

Mrs. J. I. Maloy returned Sunday night from Sulphur Springs, where she spent nearly two weeks with relatives there and at Cumby and Fort Worth.

Judge and Mrs. W. O. Puett and daughter, Orveta, and Lavell Jaco left Wednesday for Dallas to attend the convention of judges and commissioners in the Centennial city. They will return Sunday.

Dolores Watson went to Pampa Friday and spent the week end with her parents, Mr. and Mrs. Al Watson. Mr. Watson brought her back Sunday and spent the day, returning that night.

Commissioner and Mrs. W. W. Adams and children, Bonnie and Carroll, and Mrs. J. D. Merriman left Thursday morning for Dallas to attend the convention of judges and commissioners and the Centennial. They will return home Sunday.

Mr. and Mrs. C. C. Dorsey and children, Miss Bonnie and Ernest Dorsey, and wife of Henderson came Sunday to spend several days with Mr. and Mrs. J. B. Roper and other relatives. Mrs. C. C. Dorsey is a sister of Mrs. Roper.

Mr. and Mrs. C. H. Davidson and her aunt, Mrs. A. R. Schulze, and daughters, Louise and Elizabeth, and a friend, Mozell Pruitt, of Panhandle returned Tuesday from a four days trip to Dallas to see the Centennial. Mrs. Schulze and party continued their journey home that night.

Mr. and Mrs. Lloyd Davidson and her mother and sister, Mrs. J. E. Cox and Mrs. T. M. Bradstreet, and Laverne Cox, a granddaughter of Mrs. Cox, returned Sunday from the Dallas and Fort Worth Centennial. They also visited relatives in that section while away.

Mrs. H. M. Wiley and children, Max, Billie, Celeste and Patsy, motored Saturday to Chickasha, Okla., to take Mrs. Wiley's father, J. B. Kite, to make an extended visit with his daughter, Mrs. Della Horn. They visited Mrs. Wiley's cousin, J. O. Reed, and wife at Sentinel, Okla. Mrs. Wiley and children returned Sunday evening.

Judge and Mrs. W. O. Puett and daughter, Orveta, motored Sunday to Lubbock and spent the day with Misses Anna Mae Puett and Betty Finsterwald. Mrs. Puett's sister, Mrs. W. E. Moss, of Shamrock accompanied them to Amarillo and visited her brother-in-law, R. W. Cornelius, who was ill in a hospital. They all returned home that night.

Mr. and Mrs. J. F. Witt and son, C. Bryan Witt, and family had the following guests during the week end: Mr. and Mrs. Bill King and Mrs. John Arnett, Amarillo; Miss Lita Witt, Dallas; Dr. and Mrs. J. V. London, White Deer; Dr. J. L. Witt, Groom; Mrs. Eva Myers, Mobeetie, and Mrs. Thelma Manney of Wheeler.

Mr. and Mrs. D. C. Badley of Phoenix, Ariz., are guests of his brother, Mr. and Mrs. J. R. Badley, and sons, Roy and Jack Badley, and their families. Mr. and Mrs. Badley are enroute home from Water Val-

To dramatize the differences in weather which may affect your motor, the cities on the map above have been purposely misplaced.

Of course you know that the very same gasoline which gives the rapid-fire pep in torrid Mexico would be a sputtering dud in frigid Alaska.

But do you know that average U. S. cities: such as St. Louis, Des Moines, Oklahoma City, Chicago, and Minneapolis; all have seasonal differences in climate as great as the variation between Alaska and Mexico?

That is exactly why Phillips 66 Poly Gas is 100% custom-tailored . . . made differently for the different seasons of the year . . . matched and re-matched every month to the specific weather in each city in which Phillips 66 Poly Gas is sold.

This protects your engine against changes in climate. Keeps it running at top efficiency no matter what the thermometer reads. Makes it lively, responsive, and economical all year round. Gives you more cool power in summer and faster starting in winter. And besides, each gallon is enriched with extra energy units by the patented POLYmerization process.

To discover today's greatest gasoline value, try just one tankful of the new Phillips 66 Poly Gas. You will actually feel the difference—and you will save money, too, because it costs no more than ordinary gasoline.

Phill-up with Phillips for Greater Mileage

ley, Miss., where they have been visiting for several months.

the death of Mrs. Flynt's grandmother, Mrs. Mandy Ann Crawford. They returned home Tuesday morning.

Mr. and Mrs. Amasa Flynt and children of Fort Worth were called to Shamrock Monday on account of Mrs. J. G. Cowden returned Thursday from a two months visit with relatives. She spent several weeks with her brother, Ben Carriker, and family at Aspermont who spent about 10 days with Mrs. Cowden at South Bend, where they took baths at the Hot Wells health resort.

Snoopers Make Close Service Examination

Five Hundred Operatives Snooping—You May Be Next "Victim"

These "snoopers" are going about the country checking up on the service in department stores, gasoline stations, restaurants, etc. This is the work of the Willmark Service System, Inc. Let us take a hotel, for an example.

"A Willmark man begins by phoning for reservations. He notes the operator's responses and then attempts to irritate her. At the hotel he studies the looks, remarks and efficiency of the doormen, room clerks and elevator men. Then he dashes out and calls himself up to find out whether the message he leaves for himself is properly delivered. Back in the hotel he sends his suit to the cleaner's with 75 cents in a pocket to see if the valet is honest. He looks under the bed for dust, leers at the waiter, and makes a general effort to test the patience of everybody. After looking into everything that seems to need probing, the operative loiters awhile in the corridor looking suspicious to see if the hotel detective is alert. His report is forwarded to the hotel, and later on another operative goes back to see if the service has improved."

Now, you Christians are the "hotels." God uses every possible means to test you and to awaken you to greater possibilities and more efficient service. What have God's operatives found in your life and service? The report of God's operatives can be found in the Bible. You cannot possibly miss it if you will search diligently. Always remember, He aims at greater things for you. Do you look kindly upon this service God gives? You must if you are progressive and successful.

"The Proof of Prophecy" and "Satan's Devices" are the subjects to be "treated" by your scribe at the Church of Christ next Sunday. We will appreciate your presence and will give you a hearty handshake at the first opportunity.

MRS. MERRIMAN IS HOSTESS AT DORCAS CLASS MEETING

Mrs. J. D. Merriman was hostess to members of the Dorcas Sunday school class of the Methodist church Tuesday afternoon at her home when a surprise party was held in honor of a member, Mrs. H. Flanagan, whose birthday fell on Saturday, Oct. 17. Autumn colors provided the decorative note.

The afternoon was spent in quilting and visiting.

Delicious refreshments of apple pie with whipped cream, sandwiches and punch were served to Mesdames J. M. Porter, W. W. Adams, Lee McCasland, J. A. Lott, Mattie Womack, T. P. Morton, John Ficke, G. L. Wren, and two guests, Mrs. M. M. Wiley and Mrs. H. M. Wiley, the honoree and the hostess.

Mother's Club Organized

Mothers of pupils in Mrs. John Hood's class room met Wednesday afternoon to organize a Mother's club. Mrs. R. J. Holt, room mother, was in charge of the meeting.

During the business meeting the following committee was appointed to present a Thanksgiving program: Mesdames Lee Guthrie, Don Anglin and Ray McPherson. Club meetings will be on the third Thursday of the month.

Those attending were Mesdames Ethel Ahler, I. B. Lee, Ray Lee, C. C. Crowder, W. N. Curlee, Lee Guthrie, R. J. Holt, C. Bryan Witt, E. W. Carter, L. C. Laflin, Ed Watson and John Hood.

There will be a joint meeting of the Circles at the church Monday afternoon. Circle No. 2 will present a program from the Royal Service magazine on Tithing and Offerings. Those present were Mrs. W. O. Puett, Mrs. W. E. Collins, Mrs. Jim Risner, Mrs. Bob Rodgers and Miss Mazie Bean.

Girl Scouts Sketch Activities for Year

Season's Initial Meeting Held On Tuesday—Organization Seeks More Members

The Junior Girl Scout troop met Tuesday afternoon at the Methodist church in regular session. The early part of the program was spent in learning a new song, "My Mountain Home." The girls then discussed plans for selling Christmas cards. The cards are of unique design, colors and styles. In addition to a per cent on all sales, the troop will receive for each 10 boxes sold a subscription to the American Girl, Official Girl Scout magazine. Christmas card purchasers are invited to patronize the girls.

After open discussion of questions concerning the peculiarities of nature, the girls considered plans for a reception to commemorate the birthday of Juliette Lowe, founder of Girl Scouting. Further details will be announced later. "Alphabet Birds," an interesting nature game, ended the program which closed with the good-night circle.

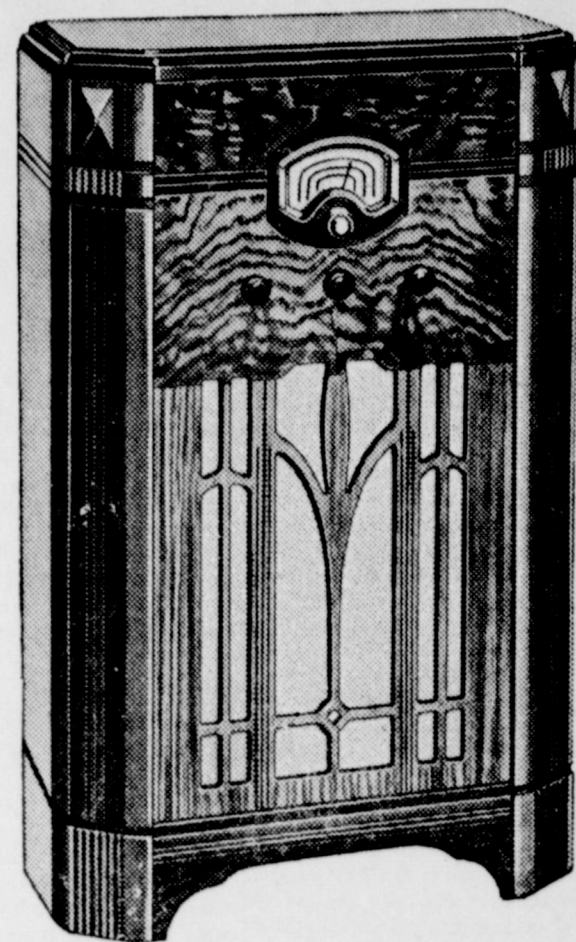

Scouts present were Louise Genthe, Emily Lou Ahler, Wilma Derryberry, Vera May Derryberry, Melba Wiley, Marcel Farmer, Celeste Wiley, Peggy Nell Badley, Presley Guynes and Joyce Faust.

All girls interested in Scouting are invited to join the troop at once and get started in the winter's work. There are several new members at present who are just starting on their tenderfoot work; older members are working on second class tests. All members should be present at the next meeting, as the troop will be divided into patrols and leaders selected at that time.

Radio's Best---to See.. to Hear.. to Own

AGAIN COMES FROM

RCA Victor

RCA has pioneered outstanding radio improvements throughout its 35 years experience, introducing advanced ideas after originating and testing them fully. Mysterious Words

on a slip of paper

Often the first step toward getting well is the prescription your doctor writes for you—mysterious words, useless to you until the pharmacist translates them into medicine.

But sickness consults neither the calendar nor the clock before it strikes. It is likely to come late at night, or in the hours of early morning—and your doctor, called in the emergency, might order a much-needed medicine compounded immediately.

Your pharmacist stands ready. He keeps his lights burning after other stores have darkened theirs—and even after he has gone to bed, following a long and hard day, a phone call brings him promptly to his prescription counter. Sundays, holidays, into the night—at all times and at any time, he is ready to fill, with microscopic accuracy, a prescription on which a human life may depend.

In case of illness, place full dependence in your physician—you will profit in health and money. Our Prescription Service aids both you and your physician.

CAUTION—Buy your drug needs from a PHARMACY. Don't buy cheap substitutes and off-brands, as their potency is not up to standard.
