"COVERING EASTLAND COUNTY"

VOLUME TWENTY-FIVE

EASTLAND, TEXAS, TUESDAY, FEBRUARY 8, 1955

EXPERIMENT—F. W. (Red) Graham, left, and L. J. Wilson, owner of Wilson Feed and Seed, look over their 60 head of heifers which they are trying to fatten up to 350 pounds each in the next 100 days. In an effort to fatten the heifers an average of 3 1/2 pounds a day, Mr. Graham and Mr. Wilson are feeding Purina Steer Fatena with Stilbestrol, the new synthetic hormone.

Mrs. Freyschlag Will Head Red Cross Drive

Mrs. E. E. Freyschlag of Eastland will lead the 1955 Eastland County Red Cross fund drive, it was announced Tuesday.

Mrs. Freyschlag said the campaign will officially begin March 1. The quota of \$6,150 is considerable less than it has been in several years, she explained.

Mrs. Freyschlag has served as a Red Cross volunteer for many years in various capacities. She is vice chairman of the board of directors. Her work with the camp and hospital group during World War II brought commendation from her fellow workers. A Red

Cross spokesman credited her work as "a great help in keeping Red Cross services available in Eastland County."

Three Fined For Hunting Deer Illegally

Eighteen persons were filed against in Justice of the Peace J. M. Boggs' court during the past week. Fines of \$172 were paid by seven, who entered pleas of guilty.

Leading in number of charges filed was hunting at night. Three were fined \$37.50 each for that offense. They were charged with hunting deer in the county at night by spotlight.

Two were charged with driving without a valid inspection sticker, speeding and for drunkenness, and one each for no drivers license, running a stop sign, raking on highway, driving on wrong side of highway, passing in no passing zone, failure to yield right of way, passing worthless check, desertion and failure to pass safely to left.

Justice Boggs reported a total of \$774.40 collected in fines and fees during January.

County Flyer Credited With Downing MIG

Capt. George F. Williams, Sabrejet pilot and son of Mr. and Mrs. George F. Williams, Sr., of Ranger, was credited in shooting down a MIG in an aerial clash off North Korea Saturday which cost the communists two of the swept-wing jets.

In Austin, Mrs. Williams and their two daughters Susan, 9, and Georgianna, 2 1/2, are now taking immunization shots in preparation to join Williams at Osan Base, in South Korea where he is stationed.

Only regret of Williams' blood was that she was sorry that she was "not with him now." She added, "He came back — that's the main thing."

Final Rites Held Today For Mrs. C. W. Terrell

Graveside services were conducted today at Pioneer Cemetery for Mrs. C. W. Terrell, 85, of Fort Worth, who died Sunday. Funeral services were held in Owens - Brunley Chapel this morning at 11:30.

Pallbearers will be grandsons and grandsons-in-law. They are Dr. C. O. Terrell Jr., Dr. Charles J. Terrell, Sanford, Deesa Terrell, Jack Sanford Terrell, George Schneider, George T. Smith and Joel F. Buchanan, all of Fort Worth. Edward T. Walters of Butler, Mo., Robert G. Terrell of Houston and Joe W. Geary Jr. of Dallas.

Mrs. Terrell was born at Van Alstyne in Grayson County and moved to Ranger in 1884. She lived here until moving to Fort Worth in 1918. She was the wife of Dr. C. E. Terrell who died in 1922.

Grain Outlook Bright In Area

"Four or five more days like this and you are really going to see a change in the agricultural picture," County Agent J. M. Cooper said this morning.

Mr. Cooper, pointing out that the sunny day, following a rainy one the latter part of last week, has done much to help brighten the outlook in Eastland County.

"Grain really does look nice," he said. "If we can get four or five more days like today we will be in good shape."

County Youths Enter Steers In San Antonio Show

The Eastland County 4-H club has entered two Shorthorn steers in the Sixth Annual San Antonio Livestock Exposition Feb. 18-27.

Rotarians See Film At Regular Weekly Meeting

Rotary voted at its Monday noon meeting at the Connellee Hotel to extend an invitation to the Lions Club to meet with it for a Brotherhood Week program next Monday noon at the hotel.

The session was presided over by President Frank Sayre.

Program Chairman Dr. W. B. Barrow announced that Bill Collins was program chairman for the day and that those in charge of programs for the next three Mondays would be as follows: Henry Pullman, Feb. 14; Dr. J. H. Caton, Feb. 21, and Jack Frost, Feb. 28.

President Sayre commended Charles Freyschlag and Hank Sims for the Scout display arranged in the Carl Johnson Store window for Troop No. 6, the Rotary-sponsored unit.

Bill Collins was chairman of the program, which was a salesmanship film, titled "Overcoming Objections."

Visiting Rotarians attending the meeting included W. C. Hogue and L. C. Davis, both of Cisco. Other guests were Larry Kinnard with Jim Kaykendall and Tom Lovelace with Henry Pullman.

Eastland Echoes

By Casey

"You can't sit on the lid of progress. If you do, you will be blown to pieces."—(Henry Kaiser).

In Boy Scout Week, as emphasis is placed on this fine force for the welfare of American youth, we turn to Dr. Arthur A. Schuck, Chief Scout executive, for an expression. Dr. Schuck, who has been a Scouting leader since 1913, declares: "Strong character, participating citizenship and physical fitness are the needs of our boys and young men who are served by the program of Scouting in cooperation with the home, the school and the church, and all other community institutions actively interested in training our future citizens."

As we view — and more deeply appreciate — Scouting, with its spotlighted just now, let's resolve to give it a helping hand every time the occasion arises.

A minister told his Sunday school children a story about a shepherd who found a sick lamb and wrapped it in one of his garments, and took it home to nurse it back to health.

"Now," he concluded, "do any of you know a story in which such kind of action was expressed?"

There was a silence. Then a little girl replied:

"I didn't see this myself, but I heard daddy tell a neighbor he had put his shirt on a horse and lost it."—(Uncle Mat).

We've gotten quite a kick out of chatting over old Missouri U days with Ed Freyschlag. While we weren't there at just the same time, we know a good many of the same people, and it's enjoyable, of course, to go into a bit of lore about scenes and personalities. Happy recollections, they are.

In the brief while we've been in this community, we've been impressed by the spirit of fellowship in evidence in meetings of several local organizations and institutions we have attended. It is an extremely favorable sign.

Average Daily Gain 3 1/2 Pounds? Wilson Feeds Herd New Hormone Feed

Fattening up cattle in a hurry has always been one of the prime objectives of cattlemen. That's why Eastland County farmers and ranchers paid attention to L. J. Wilson, owner of Wilson Feed and Seed in Eastland, this week when he announced that he had started fattening 60 head of heifers in an attempt for an overall gain of 350 pounds each in the next 100 days.

What that would mean is an average gain of 3 1/2 pounds a day for each heifer. That would be most remarkable since an average gain of 2 1/2 pounds a day is considered excellent. Mr. Wilson said that a new synthetic hormone, stilbestrol, in Purina Steer Fatena is what he is depending on.

"Stilbestrol added to the Purina Steer Fatena has shown remarkable results in tests at the Purina experiment farms," Wilson said. "An average gain of 3 1/2 pounds a day has been recorded and we feel that we can equal that with our 60 head."

The cattle is owned by Mr. Wilson and F. W. (Red) Graham. Mr. Wilson termed stilbestrol as "the most important discovery in cattle feeding in the last decade." The 60 heifers are being fed in newly constructed cattle pens located northeast of Eastland behind the Texas Gas and Tool Co. warehouse.

Cattle fed with stilbestrol in their feed gained 17 percent faster than those fed without the new hormone added to their feed in tests at the Purina experiment farms, Mr. Wilson said. And at the same time they used 10 percent less feed.

"We believe that through our own experience in feeding, we will be able to give the farmer and rancher true and information," Mr. Wilson told a Telegram reporter.

Mr. Wilson explained that stilbestrol is not a food nutrient and does not replace any of the nutrients. "It is a growth stimulant which increases cattle's appetites," he said. "The faster growth from stilbestrol makes it even more important to feed a well-balanced ration so cattle can make this increased gain."

Wilson Feed and Seed has also recently completed installation of a new combination Riza feed mixer and syrup machine. Mr. Wilson termed it as "excellent for feed mixing."

"We are equipped to handle any type of hay, grain or feed," he said. "We welcome anybody to visit our store so we can have the opportunity to explain the feeding operation we have started."

Mr. Wilson is also feeding 30 head of steers for Bill Walters Jr., 60 head for W. H. Cooper and 20 more head for himself.

Stilbestrol is now available at Wilson Feed and Seed.

Calf Scramble Set For Three County Youths

Three Eastland youths will enter the calf scramble at the Houston Stock Show.

Assistant County Agent Rufus Higgins and Don Hart, Texas Electric Service Co. agricultural representative, will take the boys to the show. They will leave Friday.

Boys who will take part in the scramble are Ronnie and Robert Bostick of Nimrod and Bob Leveridge of Cisco.

PIN-UPS FOR DAIRYMEN—Pollsters would probably find that curvaceous calendar cuties ran a poor second these days as pin-up favorites in the eyes of dairymen. Much more seductive curves are those envisioned by milk producers on future sales charts as world political figures lend their faces to milk-consumption programs. At left, Premier Pierre Mendes-France registers enjoyment of milk during his campaign to increase its consumption and decrease the intake of alcoholic beverages in France. West Germany's chancellor, Konrad Adenauer, center, hoists a gift carton of milk, one of many from all dairying sections of West Germany. And Agriculture Secretary Ezra Taft Benson, right, downs a token toast to the more than 2,500,000 pints of milk consumed in Chicago, Ill., under the government's school milk program.

Hats Off To Boy Scouting

The Telegram warmly salutes the Boy Scouts of America on its 45th birthday, which is being celebrated in the Feb. 6-12 period.

The splendid influence which is represented by Scouting has enriched the lives of more than 2,750,000 boys and grown-up leaders, in its illustrious career extending back to 1910.

It is gratifying to note that boys of every race, religion and economic background are drawn to Scouting, until today—it is noted that 2,700,000 boys are in the ranks of this great movement.

To that number, of course, is added 960,000, which is the figure of adults who contribute their time and talents to serve as Scouting leaders.

Scouting's purpose holds strong appeal—as stated in the Federal Charter granted by Congress in 1918: That of promotion of "the ability of boys to do things for themselves and others, to train them in Scoutcraft and to teach them patriotism, courage, self-reliance and kindred virtues."

Mother Goose In Texas

By Ray Wood

As I went down to Silver Lake I met a little rattlesnake; He set so much jolly cake It made his little belly ache. Mother Goose went with the early pioneers and their offspring into the hills and valleys, the river towns, the farmsteads and ranches as they spread over the country, and she found subjects for child rhymes in endless variety. Many of these rhymes are far more amusing and interesting than those adapted from the Classic Mother Goose. Almost every critter known to the kids of pioneer days became a subject for child rhymes. Even the rattlesnake.

Along with the snake, the bullfrog, was a common subject for catchy and fantastic rhymes by Pioneer children. Here is a sample: Snake baked a hoe-cake; Set the frog to mind it; Frog fell to noddin' And the lizard come and find it. Even the lowly June-bug (more often "tumble-bug", in American vernacular) found his way into child lore, and into folksong as well: Possum up a gum stump, Coonie in the holler, Wake, snake! June-bug Stole a half a dollar! Next: "Doodie Bugs". Variants of these or other rhymes will be recorded in the permanent collection of Mother Goose in Texas if addressed to Ray Wood at Raywood, Texas. Copyright 1954, by Ray Wood.

Former Ranger Man Awarded \$25,000 Grant

David L. Jameson, son of Mr. and Mrs. A. M. Jameson of Ranger, and an instructor in biology at the University of Oregon, has received a grant of about \$25,000 from the division of biology and medicine of the U. S. atomic energy commission for "Investigation of the Population Genetics of the Pacific Tree Frog."

Jameson plans to mark the frogs in a permanent pond during the coming spring and study their movements, dispersal, growth and survival. Four groups of juveniles, which will be raised in the laboratory, will be introduced into the pond.

One group will serve as a control, another group will be the offspring of frogs treated with x-rays, another group will be subject to radium, beryllium neutron sources and the fourth group will be hybrids between parents obtained in high coastal ponds and in the high Cascades. Daily observation of the frogs will be made.

Jameson is a graduate of Ranger High School and Ranger Junior College. He taught and did research for seven years at South-

ern Methodist University, University of Texas, Pacific University and the University of Oregon. He received his doctor's degree from Texas in 1952.

He is a member of the board of the American Society of Ichthyologists and Herpetologist and is the author of many publications in his field.

Mrs. F. A. R. Morgan visited her mother Mrs. Beulah Weatherly of Decatur several days last week. Her son-in-law and daughter, the Rev. and Mrs. H. E. Buddin and children, joined her there Saturday and they returned home that day.

How many "horses" would you like?

Created for drivers who put a premium on blazing acceleration, the "Super Turbo-Fire V8" has all the advanced engineering features of Chevrolet's V8 design . . . plus dual exhaust system and a four-barrel carburetor. Optional at extra cost.

A silk-lined cyclone of power, the "Turbo-Fire V8" boasts the shortest stroke in the low-price field. More compact than other V8's, it has the highest compression ratio (8 to 1) in its class . . . and the exclusive Chevrolet 12-volt electrical system.

The "Blue-Flame 136" takes advantage of the cushioning effect of Powerglide* to set the standard of six-cylinder valve-in-head efficiency, gives the ease of automatic shifting at lowest price. It, too, has 12 volts . . . and quiet hydraulic valve lifters. *Optional at extra cost.

The ultimate development of Chevrolet's 26 years' experience with the valve-in-head six, the "Blue-Flame 123" is the world's yardstick for automotive value. And its thrifty 7.5 to 1 compression offers performance that is gratifyingly smooth and lively.

All with the style that's stealing the thunder from the high-priced cars

No matter which engine you choose, you get Chevrolet's sparkling-new body design, the smartest styling on the road. You get that commanding view through the Sweep-Sight windshield, visibility that lets you see all four fenders. You get a velvety ride you never expected from a low-priced car . . . a "big-car" way of going that stems from the flexing ease of Glide-Ride front suspension, the stability of outrigger rear springs. You get your pick of three modern drives, a full range of power assists . . . and you get all this with Chevrolet's well-known thrifty ways. Come drive a Chevrolet and discover the whole story!

Eastland Herd Starts Feeding On Purina's Powerful Growth Stimulant

They're Gaining Fast

it's easy to put this much sugar into one cup
BUT HOW
WOULD YOU MIX IT
IN 5,330 CUPS?

a problem of the same proportion is facing most feed companies in mixing about 1/3 oz. of stilbestrol into one ton of cattle feed

The Food and Drug Administration in its approval for use of stilbestrol has set about 1/3 oz. per ton as the right amount for this powerful growth stimulant. That means it is added in the proportion of only 1 part to 90,800 parts. It must be mixed so that cattle get just the right amount... too little stilbestrol in their ration won't produce maximum gains... too much in their ration can prove toxic. Yes, it is a big mixing problem for most feed companies—but not for Purina, with its exclusive Micro-Mixing process.

MICRO-MIXING is accurate to the 1/10,000,000 part! Modern mixing equipment plus the technical skill of Purina engineers, laboratory technicians, and mill employees makes such a mixing job routine for Purina. Purina's Micro-Mixing is a quality control process that assures you every bite is mixed just right. Every animal gets its fair share when you feed Purina Steer Fatena or Beef Chow with stilbestrol added. That means that you go to market with a much more even bunch of cattle.

NOW AVAILABLE at your Purina Dealer's—Steer Fatena and Beef Chow with stilbestrol, MICRO-MIXED—every bite mixed just right.

Associational Sunday School Clinic To Be Held In Ranger

The Associational Sunday school clinic to be held in this area in the First Baptist Church in Ranger, begins Monday Feb. 14 and runs through the 18th. The time is 7:15 each night and closing time is 8:45. The school is being sponsored by the Associational Supt. Mr. Bob Callahan of Breckenridge. There are 36 churches cooperating in this Sunday school clinic. There are eight central schools to care

for the churches in the various areas of the association.

The churches coming to the Ranger school are, New Hope No. 3, Cheaney, Staff, Second Baptist, Eastside Baptist Chapel, and the First Baptist. There will be classes for each department and the classes of the departments. These books will enable the church with one class or a department and many classes to reap a great harvest from the Clinic.

There will be a Doctrinal book, "What Baptist Believe", offered for those who are not teachers or workers in the Sunday school. Mrs. Perkins will teach this important book. Other denominations who would like to know why Baptist worship as they do should attend this study.

Others teaching are: Mr. Charles Layton, Mr. Dick Waters, Mrs. Jasper Massenge, Mrs. J. T. Belknap, Mrs. Sammy Elder, and Rev. Ralph Perkins. Other churches in the near area will meet in other churches that are centrally located to the churches they are serving.

For the children in the Ranger Sunday School Clinic there will be educational movies, periods of singing, recreation, and other things to provide the right kind of a program for them during the class study. All under 15 will attend the educational program.

Mavericks Entertain Dublin Tonight In Important Cage Game

Lions Must Win To Keep Hopes Alive

Dublin's Lions, with thoughts of their startling upset at the hands of the Eastland Mavericks during the recent grid season fresh in their minds, move into Eastland tonight with hopes for a District 7-A cage crown hanging in the balance.

Eastland, without a chance for district honors, finds themselves in the same situation they were in when they met the Lions in the final regular season football game of the year. Then they upst the district champions.

Dublin, with two victories in a row over Rising Star and Cross Plains, risk their chance for the crown tonight. The Lions got off to a slow start this year and at present have a 5-3 record, behind Cross Plains and Rising Star's 6-2 percentage marks. It will be do-or-die for the visitors.

Eastland, without a victory all

year, has been the hard luck team in the district. They came within one point of winning one game and have been a close second in every other tilt.

Coach Bobby Blair's charges must find a way to stop Kenneth King to turn the task. King led the Lions in both the Cross Plains and Rising Star game. Friday he scored 17 points in routing Rising Star 46-40. Eastland was being trimmed by Cross Plains 66-45, meanwhile.

Starters for the Mavericks will most likely be Larry Tankersley, Larry Graham, Lupe Herrera, Benny Cates and Dale Slatten. Others who will probably see action are Harvey Lewis, Jimmy Phillips and J. C. Jarrett.

Game time is 7 p.m.

Local Church Teams Defeat Cisco Fives

Three Eastland teams took victories over Cisco teams Saturday in inter-church basketball games.

The Eastland teams represented the First Baptist Church.

The Junior Royal Ambassadors boys team took a 17-12 win over the Cisco Juniors. Otis Green was highpoint man for the locals with 14 points. Delbert Scheafer paced the losers with eight points.

The Intermediate Eastland boys won 41-26 with Billy Upchurch setting the pace with 13 points. High for Cisco was Lee Cheves with 16 points.

The Eastland girls took their win 18-10 with Sue Stocker netting eight points. Linda Beene had six for Cisco.

Mr. and Mrs. Hubert Westfall and Ervan Mitchell coach the teams.

Moore... ABOUT SPORTS

By VIRGIL E. MOORE

Football is just about ready to squeeze back into the sports picture. It matters not if you are ready to start reading about the grid game or not, the fact remains, it is fixing to poke its nose back into the news.

For four Southwest Conference schools have already got spring training underway, and you can look for them to take up their part of the sports pages.

—v—

But for tonight let's forget football entirely here in Eastland. Let's get out to Maverick gymnasium to see our Mavs upset the high-flying Dublin Lions.

The task we have assigned Coach Bobby Blair's charges is a tough one. For Dublin has just knocked District 7-A into the madhouse division, following upset wins over both Cross Plains and Rising Star, the district leaders.

But the Mavericks have the potential to carry out the job. We predict, with full sincerity, that they will win the game, if Eastland cares enough about them to fill up Maverick Field House.

Surely the efforts of the coaches and the boys are worth a little

Small Fry Gain New Experience When Take Bus and Train Trips

With modern transportation in America, where almost every family owns an automobile, and where small children are usually taken on short trips only, small children then rarely get to ride a train or bus.

As this is something they look forward to — and as all children love trains and the big buses, their first trip on either is an exciting experience. That was the case Saturday when Dr. and Mrs. M. A. Treadwell took their two older children, Terry, 7, and Marsha, 5, to Fort Worth on the train and brought them back by bus, so the children could have the experience of riding both the train and bus. They ate on the diner and when they arrived there Terry had the bright idea of wanting to see the WBAP live TV program and they visited the studio for the Teen Times program. Their other youngster, Randall, 2, was too young to go but when he is a little older they plan to take him.

Miss Charalce Chambers visited recently in the home of Mr. and Mrs. R. F. Turknott of Stephenville.

of your time. It won't hurt you to see one cage game this year. Fact is, when you see one, you may realize what you have been missing.

—v—

See you at the game tonight.

News of by David Messengale

We have a new band director with us. He is really cleaning up the place, too. I went down to the band hall and didn't recognize it. He was mopping and cleaning windows. That will be the cleanest the place has been in a long time. He seems like a real gone guy. What I mean is that he is a good director and everybody likes him.

We have three band students leaving tomorrow for the all-state tournament. James Blackman will go with a tuba. He was second chair in the all-state band last year. That means that he is the second best high school tuba player in the state. Janis Little and Alice Cushman are going for the

first time. Janis plays the saxophone and violin and Alice will try to make good with the flute.

The ag class is really getting active this time of the year. The Abilene Stock Show starts the fifth of March and continues through the ninth. The boys have to have their projects in place by 4 p.m. March 7. The fifth is the Taylor County Show. The sixth is Sunday so no activity will take place then. Jimmy Phillips is to take a beef calf. He started his project Sept. 1. That's the deadline for beef stock to be put in the feed lot. He is taking Ernest Macalister with him as a helper. Benny Cogburn is showing three sheep. They went into the feed lot Sept. 1 also. He is taking Norman Owens.

Harvey Lewis will try his luck with two sheep. He showed two last year, but did not place.

Leo Smith and Donald Lee are carrying the three chapter barrows. They were put in the feed lot on Nov. 1. Let's all wish them luck as they will need it.

The Mavericks play at home tonight. They will stand up against Dublin. The game starts at 6 p.m. The 'B' teams start things off, followed by the girls at 7 p.m. Then the boys 'A' team will end things up. From the reports that I have received, the basketball team has improved, so how about everyone turning out tonight and let's back that bunch.

Will Wilson To Speak At Banquet In Breckenridge

The Honorable Will R. Wilson, Associate Justice of the Supreme Court of Texas, and former District Attorney of Dallas County, will be the speaker for the annual Washington's Birthday Banquet of the Bernice Coles American Legion post Tuesday, Feb. 22, at the American Legion Hall in Breckenridge.

One of the youngest men to ever serve on the state supreme court, Justice Wilson served as assistant attorney general of Texas in 1941-42, and as District Attorney of Dallas County from late 1947 until 1950. His drive against organized crime and vice attracted national attention during his work as District Attorney.

A veteran of World War II, Wilson, commanding officer of the 465th Field Artillery Battalion on Luzon, accepted the surrender of the Japanese forces of General Yamashita.

Also on the program will be the Breckenridge Boys Choir, under the direction of Mrs. Ben J. Dean Jr. The meal will consist of a barbecued chicken dinner with the traditional cherry pie for dessert.

Believing that there will be many in this area who would like to hear Justice Wilson, the Breckenridge post is issuing an invitation to all who wish to attend, a spokesman said.

Tickets for the banquet are \$1.50 each, and reservations may be made by addressing a card to Banquet Committee, Box 130, Breckenridge.

Mr. and Mrs. Lane Quarles and children, Edward and Elaine, of Hobbs, N. M., were weekend guests of Mr. and Mrs. E. E. Freyschlag.

PERSONALS

Mr. and Mrs. Don Chrisman of Breckenridge visited his mother, Mrs. Alice Crisman, and his aunt, Miss Sue Naylor, during the weekend.

Mrs. Frank Lovett visited recently with her daughter, Mrs. Nell Cates of Breckenridge, and her sons and daughters-in-law, Mr. and Mrs. J. P. Lovett and son, Jimmie, and Dr. R. E. Lovett and sons, Bobby, David, Raymond and Dale, of Olney.

Cadillac

Where Pride Leads to Economy!

This gasoline station isn't accustomed to being ignored by the cars that pass its way. For it resides at the edge of a great desert—and it is many, many miles to the next fueling point.

But the big, handsome automobile you see here swept by without so much as a sign of recognition! For it is a new 1955 Cadillac—and its owner knows that he can travel from his morning's start until his evening's stop without a single refueling.

Of course, when a motorist decides to order his first Cadillac, he isn't usually aware that the car is so economical to operate—and so practical to own.

He wants a Cadillac for what it is and represents—and for the great pride and pleasure it will bring him.

But it isn't long before he discovers where his pride has led him! He discovers it first when he prices the Cadillac of his choice. Invariably, he is surprised at its relatively modest cost. Not infrequently, he finds that it

actually costs less than the car he is currently driving.

And then, once his Cadillac is delivered into his hands, he discovers how frugal it is with a gallon of gasoline. He finds, as we said, that a full tank is usually sufficient for a full day's drive.

Next, he learns of Cadillac's extraordinary dependability. In fact, he often has to be reminded when the time has come for routine service.

But not until he surrenders his Cadillac to its second owner does he discover the full wonder of Cadillac's economy. For then he learns how amazingly it holds its value—and how little a year's service affects the public's regard for the car.

All this is to say, of course, that you don't have to follow your pride to the "car of cars." You can, if you prefer, make your decision solely on the basis of economy—and still buy a Cadillac!

Come in soon—and see for yourself! We've got the facts—and we'll be delighted to see you at any time!

In Fort Worth For Birthday Of Debra Parrish

Debra Gail Parrish, daughter of Mr. and Mrs. B. J. Parrish of Fort Worth, formerly of Eastland, was honored on her first birthday anniversary during the weekend,

when her grandparents, Mr. and Mrs. Don Parker and Mrs. Ida Parrish, all of Eastland, spent the weekend in the Parrish home there.

Saturday night, Debra was presented a white cake with white frosting and blue spun sugar decorations, bearing one blue candle. Colored movies were made of the honoree, her sister, Billye Don, and other relatives present.

Birthday Party Is Given For Trippy Moore

Virgil (Trippy) Moore III was honored Friday afternoon on his third birthday anniversary when his mother, Mrs. Virgil Moore entertained a few of his friends at their home, 302 W. Patterson.

The birthday cake was frosted in white and bore the inscription, "Happy Birthday, Trippy" in blue spun sugar and was topped by three blue candles. Guests were the honoree, Neil Leager, Susan Guess, Eastland, and Sandy Haer of Ranger.

DO YOU KNOW YOUR FLAG?

(This flag series is sponsored by the Charles Crawford Chapter of the Daughters of the American Revolution.)

Q. What is the correct Staff-head? A.M.T., Omaha.

A. Primarily flagstaves were pikes or lances; their purpose to stick them in the enemy. Therefore the Spear is the correct staff-head for civilians' flagstaves.

Q. Are any nations' flags older than our U.S. Flag? O.N.W., Buffalo.

A. Yes, Denmark's and the Netherlands.

(Anyone desiring fullest information regarding flag usage and display may obtain same by enclosing with their inquiry a stamped, addressed envelope. Address, Gridley Adams, U.S. Flag Foundation, 307 First Ave., New York City 10.)

Mrs. Perkins Aids Sorority Pledge Service

Mrs. Joseph M. Perkins, a past national officer and at present state chairman of Alpha Gamma Delta sorority, assisted in the pledge service for the sorority Monday night at TCU, Fort Worth.

Last week, she was there for the rush week activities. Mrs. Perkins became a member of the sorority when a student at Boston University.

Alpha Gamma Delta is one of the eight sororities that have just been organized at TCU, following the organization recently of fraternities there. The school formerly had no social fraternities and sororities of national affiliation.
