MOORE about... EASTLAND

Virgil E. Moore

received a letter the other day from Wanda Turner, Route 2, Eastland, Texas, who told herself as "just another girl." She enclosed one of Edgar Allan Poe's poems, which we think is appropriate at this time, and she did. See what you think.

Virgil has a broken leg, a cracked back, a muscle torn, and he's the tackle 'round his head.

He's cast his worn, weathered hobbles 'round in his stride.

He'll bruise and decorate his chin; he'll be slightly crippled, it is true, but still we think they ought to let him end his walking on a broken rib the right end, and not a muscle that's in the way upon the halfback's back.

He's now working on a brace to fit the right end's chin; he's slightly crippled, that is true, but still we think they ought to let him show our fast men cannot have to hobble down the field.

Every man upon the line expects that haven't healed, perfect shape, the foe is in; and, of course, we do expect to bump up football team to win!

Gray Is New Alumni Chief

The Eastland High School Association voted to hold its giant barbecue June 13, 1960, in Maverick Stadium. The association officers issued a statement that the 1960 Homecoming to be held in Eastland June 17, 18, and 19 would be the largest Homecoming to be held in Texas last year and might be the largest held anywhere.

The 1960 Homecoming will be the first quinquennial homecoming to be held by the Eastland group, and the second ever staged by the Eastland body. A former Homecoming was held in 1957 that attracted something over 2000 people back to the old hometown.

Registration broke down in 1957 so the association this year elected Mr. and Mrs. Donald Kinnaid, Jr. to be co-chairman of the registration committee with broad powers to supervise the registration of all homecomers to this huge homecoming.

Williard Griffin Is President of Methodist Club

Williard L. Griffin is new president of the Methodist Men's Club in Eastland.

Other new officers are M. H. Perry, vice president; Travis Harrell, secretary-treasurer; Charles P. Marshall, reporter; Dr. Bob Alexander, program chairman; and Harold E. White, associate program chairman.

Members of the food committee are J. C. Whately, Rudolph Little, Ed Willman and Charles Lovelace. Projects committee members are J. M. Cooper, Grady Pipkin and Frank Deaton.

A meeting of the Men's Club is scheduled for tonight at 7 in the Methodist Church fellowship hall.

Jim Golden, president of the association, presided at a two-hour meeting which worked out all the important problems connected with the 1960 event. Then Golden made a surprise move. He had the following letter read to the board of directors of the association:

Board of Directors, E.H.S. Alumni and Homecoming Association; Gentleman:

After much deliberation, both pro and con, I have come to the conclusion that due to personal and private reasons, that I hereby submit my resignation as President of the E.H.S. Alumni and Homecoming Association, to become effective at the reading of this letter.

"It has been a pleasure serving as your president and in closing I wish to express my deep appreciation for the support you have given me . . ."

Most cordially yours, James K. Golden.

The Board of Directors regretfully accepted Mr. Golden's resignation after expressing their thanks, appreciation, and warm friendship to him for his work as president.

Before adjourning to meet again at the high school auditorium March 6, 1960, the association elected Joe Gray president.

'No Obligation but Give All A Chance'

More than 50 volunteer workers got the Eastland United Fund drive underway this morning at a kickoff breakfast held in the roof garden of the Village Hotel.

"No one is obligated to give," Virgil Seaberry Jr., president of the U. F., told the volunteers, "but all should have the opportunity. It's your job to give them that opportunity."

Dick Spaulding served as master of ceremonies at the breakfast, and he, Seaberry and Drive Chairman Charles Layton were the only speakers. Layton urged volunteers to remember the United Fund drive is for seven separate agencies. He pointed out that if it were not for the United Fund, there would be seven separate fund drives.

Layton called for a quick, successful end to the drive. He has set Friday as the completion day for the 1959-60 campaign.

Agencies participating, and the amount of money each will receive, are the Boy Scouts, \$2000; the Red Cross, \$1750; the YMCA, \$1500; the Salvation Army, \$900; the Girl Scouts, \$400; the Gonzalez Warm Springs Rehabilitation Center, \$200; and the United Defense Fund, \$150. This year's goal is \$7150, the largest in the history of the local campaign. The Girl Scouts and the Rehabilitation Center are new cooperating agencies.

Volunteer workers each took at least seven cards. They are to contact the individuals or firms listed on that card and turn them in as quickly as possible to their team captains.

Jenkins, of Rising Star, president; Mrs. Roscoe Hopper of Ranger, vice president; Mrs. Louise Weber of Rising Star, secretary-treasurer; Mrs. Austin Flint of Cisco, crusade chairman; Mrs. Roscoe Hopper of Ranger, educational chairman; Miss Marjorie Maddocks of Ranger, program chairman; Mrs. W. Large Fish Shipment Received by Farmers

A large shipment of fish for stocking farm ponds was received by cooperators of the upper Leon Soil Conservation District last Thursday.

Farmers receiving fish from the Cisco area were Roy Adams and Grover Cleveland, two ponds each, C. C. Pippin, Martin Pryor, Albert Thomas and Lee Yeager. Farmers from the Eastland and Ranger area were I. F. Alderman, Clyde Bryner, two ponds each, E. T. Boyd, Clyde Garrett, Lee Jernigan, C. H. McBee, Clint McCain, John Reed, B. W. Robertson, Bill Greenhaw, Roy Brickman and Nick Galle. The fish are furnished to district cooperators in this area by the Fish and Wildlife Service from the Federal Fish Hatchery at Burnet, Texas.

The average natural fertility of ponds in the area probably produces about 100 pounds of fish per acre although only 20 to 30 pounds of usable fish are normally caught where a properly stocked and fertilized pond will support 300 to 500 pounds of bass and blue gill per acre and should yield to fisherman about half this amount or around 200 pounds of usable fish per acre of water, so you can see fertilizing farm ponds with mineral fertilizing will be a profitable way of growing the

most fish possible. An 8-8-2 balanced fertilizer is the best to use but 8-8-8 is satisfactory and a more readily available analysis. Usually about 500 pounds of 8-8-2 or 8-8-8 will fertilize the average one half acre pond for a year.

After stocking farm pond, it should not be fished until the fish have spaned. Then heavy fishing will improve the pond. There should be no restrictions to fishing as to season or size of fish removed. Removal of fish, both small and large, gives the remaining fish more food for growth. A well managed farm pond can furnish a lot of fun and food for the family.

Rotarians Hear District Gov. at Monday Meeting

"Our job is just to keep a comin'," Robert R. King, governor of the 579th District of Rotary International, told Eastland Rotarians Monday.

King, superintendent of schools in Haskell, said Rotary has done a good job, but must continually try to improve.

He urged Rotarians to invent "new and more effective techniques in the field of social sciences."

The new district governor will remain in Eastland through tonight. At 7 tonight he will be the featured speaker at a Rotary meeting in the Texas Electric Service Co. conference room.

Prison Escapee Captured Monday Night in Ranger

Joe Howard Ray, escapee from the Eastern State Prison Farm at Huntsville, was picked up in Ranger Monday at 11:30 p.m.

Ray stopped at a service station east of Ranger and tried to pawn some articles. The service station attendant became suspicious and called the Ranger police. They stopped the car, a 1954 Chevrolet, and questioned the man. He gave the name of Ray Davis. The police booked him for investigation and found that he had escaped (Continued on Page Two)

Gray Matter

By JOE GRAY

It seems to be the era when everybody takes potshots. For some reason or other these days are blamed on the sun.

It is sort of natural generation to think that boys are better than the ones before. People today point to records and FBI reports of a terrible rotten thing that youth are You know, if you're the right figures you can't be lying.

When it comes to comparing the FBI reports don't think it to a thing. Today they police cases out of what was woodshed cases. Kids always been sort of mischief-makers to work off a little nervous energy. They do it for all the ages past and do it for all the ages to come. But it used to be that when the police weren't called on a matter of fact they didn't know about it at all.

It happened was that a few kids got hold of junior and junior's backside and for days at least little junior ate meals off the fireplace.

And for several nights little junior slept on his belly for little junior got correct-making a police case.

But those boys in those stories weren't a bunch of juvenile delinquents; the word hadn't been heard of then. They were a bunch of normally active youngsters growing up in a typical New England American town.

But if today's kids did the same thing they'd be in jail before morning with a Gatesville sentence hanging over their heads.

Some of the very best advice I ever heard was told by judge J. E. Hickman. He said every man ought to identify himself with a church and work at it actively and he ought to associate with and make friends with as many youth in his community as he possibly could. Judge Hickman's words of a generation or so are as fresh and meaningful today as they were when I first heard him utter them.

The thing has its practical application too, even from a selfish viewpoint. If a man cultivates the friendship of youth as time passes, he'll have some friends in his old age after all if his friends of his own age have died off. That way he is always assured of someone to act as pall bearer when they tuck him away six feet under.

As an example of what our kids of today are doing I'd like to point out the All-District Band Concert played in Eastland High School auditorium the other Saturday. Those kids who played the music that evening did a wonderful job. Their work compares favorably with that of professional bands.

As a matter of fact, after listening to that concert I went home and listened to a record of Paul Lavell's Cities Service Band of America play the National Emblem on an RCA record. This is the same band that used to be heard each week over NBC radio and there, of course, is no doubt that it's a good band. The National Emblem March was one of the pieces played by the All-District Band. I like to take pride in my ability to judge good band music, but I can't find a dime's worth of difference in the performance on the RCA record, played by professionals, than that played by a group of high school kids right here in Eastland the other Saturday evening.

HOPE OF SEVERELY DEAFENED REALIZED WITH POWERFUL NEW HEARING AID

Amazing Advances Result in Most Powerful Hearing Aid Ever Released Through Acousticon Laboratory

News of the development of the Acousticon POWERMASTER hearing aid has restored the hope of severely deafened men and women who had given up believing they would ever hear clearly again.

Just released from the Acousticon Laboratories, this amazing Hearing Device is made possible through years of engineering research. Designed and developed by Acousticon, it is specifically for people who have never before experienced satisfaction from a hearing aid.

Mona Rae Woods, James Watson Exchange Wedding Vows In Abilene

The double ring ceremony of Miss Mona Rae Woods, daughter of MS Sgt and Mrs. Harold L. Burselson of Elision A.F.B. in Fairbanks, Alaska, and James Eddie Watson was officiated by Chaplain James Hayes, Captain, in the Dyess Chapel at Dyess Air Force Base Sunday at 4 p.m.

The bridegroom is the son of Mr. and Mrs. R. G. Watson of 1482 Rosewood, Abilene. The Chapel was decorated with gladioli and candles mounted in candelabra.

The bridal party entered to the "Bridal Chorus" and the organist, Miss Maxine Vandergriff, and the soloist, Miss Barbara Vandergriff, both of Ranger, presented the bride's song, "Because." The party exited to the Wedding March from Mendelssohn's.

The bride, who was given in marriage by her uncle, Burl Griffith, wore a ballerina length bridal gown of brocade satin fashioned with an Empire bodice and accented with a satin band and bow. The Sabrina neckline dropped to a "V" in back above the satin bow, complimented with long sleeves tapering to a point at the hand. From the satin band devel-

oped a softly-draped train which added graceful fullness to the full gathered skirt billowing magnificently from the waist. Her only jewelry was a strand of pearls. She wore a crown of seed pearls with a waist length tulle veil flowing from the crown. The bride carried a bridal bouquet of gardenia among pom mums and white spirea.

The maid of honor, Miss Mary Watson, sister to the groom, wore a dress of blue velveteen with a flowing skirt and a scooped neckline accented by a V in the front. Her headress was of tulle and bow that matched the dress. She carried a bouquet of white pom mums. Mrs. Doyle Lynn Clark, bridesmatron, and Miss Julia Beth Skaggs, bridesmaid, wore identical dresses of blue organza over rayon taffeta with royal blue velveteen jackets. Their headresses were of silk organza bows and tulle to match their dresses.

The flower girls were Shelia Crenshaw and Veanda Griffith, both cousins of the bride, wore dresses of blue organza flowing over rayon taffeta. They wore matching tulle and organza bows on their heads.

Travis Watson served as the groom's best man. Acting as groomsmen were Tam McMullian of Abilene and Robert Dale Watson of Abilene. Ushers were Royce Griffin of Big Spring and Donald Watson of Abilene.

The ring bearer, Dale Griffin, age five, was dressed in a dark party suit, white shirt and bow tie.

The mother of the groom wore a dress of blue silk and a white carnation corsage.

Immediately following the ceremony, the reception was held at the groom's parents home in Abilene with the bride's aunts, Mrs. Rita Crenshaw and Nell Foster serving. The wedding cake was three-tier in blue and white. The table decorations also carried out the bride's color scheme of blue and white.

For the couple's wedding trip to New Orleans, the bride chose a blue woolen suit with black accessories. The couple will return in one week to their home in Abilene where the groom has established a cabinet building business.

The bride has traveled to many different places due to the fact that her father is in the Air Force. She lived in Guam in '55-'56. Mrs. Watson graduated from Abilene High School in '58 and then attended Draughton's Business College.

The groom is a graduate of Birdville High School in Ft. Worth and also a graduate of Ranger Junior College. He is now employed in contracting and cabinet making business in Abilene.

Because of Air Force duty in Alaska, the parents of the bride were unable to attend the wedding.
