French Stage Comeback By Moving In On Cassino

By WES GALLAGHER ALLIED HEADQUARTERS, ALGIERS, Jan. 15 (AP)—French forces staging a comeback on the battlefields of Europe have fought at least two miles forward into the left flank of the German fortifications in Italy guarding Cassino, capturing Acquafredda and three high points near it, Allied headquarters announced today.

Julia, beating off five furious counterattacks, these troops have spread out through German hill positions. The 15th army group reported late today that Vitucoso, just south of Acquafredda, had been bypassed by the French but it was not known whether the village actually was occupied.

Allied aviation was active, striking enemy supply dumps and communications ahead of the Fifth army and raiding into Yugoslavia. American Fortresses and Liberators with fighter escort made a heavy attack on the Mostar, Yugoslavia, airfield and barracks which feed Nazi activities against the Partisans.

Monthly Benefit Payments Reach 155 Millions During Past Year

Payment of more than \$155,000,000 in monthly benefits and large gains in the social security protection acquired by the Nation's workers marked the 1943 developments of the Federal old-age and survivors insurance program, established under the Social Security Act. It was the seventh year of the program's operation, and the fourth year since monthly benefits became payable.

ready one of the vital forces bolstering the welfare of American families and the economic life of the Nation," said J. Hassler Strickland, manager of the local social security office in Big Spring, in a year-end round-up of activities.

Because of unprecedented employment opportunities in 1943, some 47 million workers in industry and commerce received wages that count toward monthly benefits for themselves and their families.

The number of people receiving old-age and survivors insurance monthly payments increased from 587,000 at the beginning of 1943 to almost 750,000 at the end of the year. The \$155,000,000 paid to these individuals was \$33,000,000 more than was paid during the preceding year. The estimated total payments to retired workers in 1943 were \$83,000,000; to wives of retired workers, \$13,000,000; to children, \$32,000,000; to widows with young children, \$17,000,000; to widows 65 and older, \$10,000,000; to aged parents about \$600,000.

In addition to the \$155,000,000 in monthly benefits, about \$18,000,000 was paid in lump-sum death payments to 165,000 persons, including widows under 65 without young children, widowers, children over age 18, or parents of the deceased worker. Lump sums are payable only in cases where an insured worker is not survived by a relative who can qualify for immediate monthly benefits.

Most pronounced trend of the year reflected by this program was youth's "pitching in" to help with wartime work. During the first six months of 1943, for example, the number of very young applicants—those under the age 18—increased 46 per cent for the nation compared with the same period a year earlier. The number of women applicants increased 48 percent over the same period; applicants past age 60 increased 58 percent. However, the total number of social security cards issued by the Big Spring office decreased from 7809 in 1942 to 6628 in 1943.

The Air Service Command of the Army Air Forces operates 300 warehouses and stocks 500,000 different items.

Hale Announces For Commissioner

H. T. (Thad) Hale, county commissioner from precinct No. 2, said Saturday that he would seek re-election to the office in the democratic primaries this summer.

In making his announcement, Hale said that he had filled the office with the intention not only of being of maximum service to his constituents, but to the entire county as well.

"I have tried to be fair and honest in my part of the administration of the county's affairs. I believe that my connections give me a familiarity with the problems of the precinct which would be invaluable in serving another term. I appreciate the trust placed in me before, and I earnestly solicit it again this year."

Simpson Asking For Re-Election

Akin Simpson, commissioner from precinct No. 4, has authorized the Herald to announce his candidacy for re-election subject to action of the democratic primaries. He made this statement: "I wish to extend my thanks to the citizens of Howard county for your fine support in the past, and to ask each and all of you for your continued support in re-electing me Commissioner of Precinct No. Four."

"I have resided in Howard county all of my life, with the exception of 14 months service in World War No. One, and four years residence in the state of New Mexico. I feel that my experience as Commissioner and my long residence here has given me full knowledge as to the needs and wishes of the people of Howard county and of this precinct.

"If elected I will continue to render you efficient service as I have in the past."

Farmer Tests Compound To Combat Corn Borer

WATSEKA, Ill. (U. P.) — After three years work, John Bell, 29-year-old Watseka farmer, believes he has developed a new method of combating the voracious corn borer.

He has prepared a compound which he mixes with commercial fertilizer. The compound in the fertilizer is taken into the ground and absorbed into the cornstalk. The subsequent taste is unpleasant to the borer but not toxic to the livestock.

In his tests the borers left the treated stalks in two days, too short a time to have done much damage. They remained on untreated stalks, eventually killing them.

Bell plans to take his compound to the University of Illinois College of Agriculture for further testing.

First Devonian Producer Looms In Winkler Co.

By JOHN B. BREWER

SAN ANGELO, Jan. 15 — The West Texas oil spotlight this week was shared by Andrews county, with porous, saturated Sap Andrus lime cored by a wildcat three miles west of the Meacham field and the indicated 2 1-2-mile southeast extension to the Fullerton pool broadened to the west by a second well, by Schleicher county, with a gas-distillate producer northeast of the Page field, and by Winkler county, with promise of the first Devonian lime production in Texas as in the Wheeler Ellenburger pool.

Operations from the South Plains and New Mexico line to the Edwards Plateau were interrupted by one of the heaviest, general snow storms in years.

Signal Oil Co. No. 1 M. M. Fisher, Andrews wildcat west of the Means field, C SW, SW 25-A35-psl, cored lime between 4,571 and 4,528 feet that showed good porosity and saturation, and was to run 7-inch casing for cementing. It entered the Sap Andrus at 4,596 feet.

Frankel Bros. of Houston No. 1 University in Andrews, C NE NE 17-13-U, swabbed four barrels of oil hourly after treating the upper Clear Fork lime pay with 2,000 gallons of acid. It reacidized with 6,000 gallons, bottled at 6,921. The well is three-quarters of a mile west of Mid-Continent No. 1-B University, a discovery well 2 1-2 miles southeast of the Fullerton Clear Fork field.

Ralph Lowe No. 1 fee, wildcat C SE SE 21-A26-psl, three miles north of C. U. Bay No. 1 Bitler & Lowe, opener of the East Fullerton field, which had logged some porosity and saturation between 7,053 and 7,309 feet, swabbed salt water only after drilling plugs from 7-inch casing at 7,053 feet. It was credited with some staining and porosity in deepening to 7,300 feet and was testing, with a packer set at 7,320.

Sinclair Prairie No. 1 Grisham-Hunter, southwestern Andrews wildcat C NW NW 13-73-psl, logged the base of the Permian and top of the Pennsylvanian at 8,265 feet, 5,023 feet below sea level, and drilled ahead below 8,845 feet to explore the Ellenburger.

Globe Oil & Refining Co. No. 1 Tom Henderson in Schleicher county rated naturally 1,700-2,000 cubic feet of distillate-laden gas daily after gun perforating a 1-2-inch casing with 48 shots from 5,608-28 feet opposite the Strawn section of the Pennsylvanian lime. Treated with 500 gallons of mud acid, it increased to three million cubic feet daily. The pipe will be gun perforated higher.

The well is in the C SW SW 24-L-GH & SA, 1 2-5 miles east and slightly north of Cooper Gas Co. No. 1-D39 Bert Page, nearest of five Cooper gas-distillate wells in the Page field. It is 2 1-4 miles north and a quarter mile east of Coope No. 1-C-30 Page, long oil producer in the area.

Staniland and Shell No. 2 W. D. Blue-estate in Winkler county, slated Ellenburger test 2,670 feet south of No. 1 Blue, Wheeler Ellenburger field, discover, drilled ahead below 8,448 feet in chert after indicating the first Devonian lime production in Texas. On a 45-minute drillstem test from 8,282 to 8,403 feet it recovered 600 feet of oil, 220 feet of oil-cut mud and 1,365 feet of gas-cut mud. Gas rated 104,000 cubic feet daily. Location is 1.701 from the south, 890 feet from the west line of section 15-16-15-T & P.

Wolf Resigns Auditor Post

CLAUD WOLF

Claud Wolf, Howard county auditor for the past five years, has resigned his position, Judge Cecil Collings said Saturday, which he accepted effective on January 15th.

Wolf, in his letter to Collings, pointed out that his resignation was due to continued ill health and "I feel that it is proper I should resign. . . I have been unable to carry on the work as I feel I should. . . It is with regret that I find it necessary to take this step. . . and appreciate all favors which have been shown me and for pleasant associations we have enjoyed."

Judge Collings announced the appointment of Chester O'Brien, Sr., as county auditor to succeed Wolf, who was appointed initially when the post was created.

Colorado Guard Has New Chief

COLORADO CITY, Jan. 15 — Orders from the adjutant general's office this week gave notice of the appointment of Robert H. (Harry) Ratliff as commanding officer of the Colorado City company of the Texas State Guard.

Capt. Ratliff had been serving as first lieutenant in the company. He succeeds Capt. Eugene L. Latham, who resigned. Capt. Ratliff is a veteran of World War I and has been an officer in the guard since its organization. The local unit was sworn in in March of 1941 and is believed to have been the third company to have been organized in Texas.

Many Problems Face Agencies Who Control Texas Predatory Animals

This is the first of several stories on what is being done to control predatory animals in Texas.

By DAVE CHEAVENS

SAN ANTONIO, Jan. 15 (AP) — Coyotes that prey on watermelon patches and citrus orchards as well as on flocks of sheep and goats are just one of the problems faced by the agencies whose function it is to control predatory animals in Texas.

Experts of the federal fish and wildlife service can thwart the coyote with a yen for tangerines. They've got the right medicine for a marauding bear or mountain lion, but wartime problems of manpower shortage and scarcity of materials needed for trapping are more difficult to deal with.

Along with shortages of gasoline and tires, says C. R. Landon, district agent in charge of predatory animal control, came an increased demand for production of livestock and poultry and correspondingly more calls from farm of the wild beasts that annually reap a heavy toll in Texas.

Regional officers have enlisted and trained new men to fill the jobs left by experienced hunters and trappers — many of whom went into the armed services speaking bigger game — and the men in the field are covering the ranches by horse instead of by truck to conserve tires and gas.

When you realize that one sulking coyote can kill one to three sheep or lambs twice a week on slaughter, just for meanness, 20 to 30 sheep in one night, you will realize the wartime importance of the job being done by the several co-operating agencies.

The work heads up under the fish and wildlife service of the U. S. Department of the Interior. Co-operating are the livestock sanitary commission of Texas and the Texas predatory animal control association. In the current fiscal year, the state will spend approximately \$90,000, co-operative sources \$100,000 and the federal government \$36,000 for this work. Approximately another \$80,000 will be expended to rodent control.

The project was initiated with the advent of woven-wire fences and the passing of sheep and goat-herders back in 1914. A group of ranchers in the San Angelo region, led by the late Sam H. Hill, called on the federal government for aid. In stamping out the coyote, a vicious cuss that killed sometimes for food and sometimes just to be killing. It was more economical to raise sheep and goats without herdsmen, but the consequent lack of personal attention to flocks and their confinement in pastures encouraged the depredations of predators.

Hooser Retires As Member Of Draft Board

H. C. HOOSER

R. C. Hooser, one of the original members of the Howard county Selective Service Board, resigned his position on the board Friday, it was announced Saturday.

Hooser, who has served since October of 1940, wrote in his resignation that due to his law work and abstract business that he no longer had sufficient time to give to such an important job and to fulfill all the duties of a board member.

He declared that it was with regret that he tendered his resignation, but said that it would be an injustice to other board members, to continue in his position when he couldn't give it all the time needed.

Hooser with George White and Bruce Frazier were appointed as board members when the "draft" was instituted. Frazier resigned shortly afterwards to become chief clerk and was replaced by T. C. Thomas. Since that time the three men have formed the Howard county board.

Choate In Race For Dist. Clerk

George Choate, district clerk of Howard county, has announced as a candidate for re-election to the office.

Choate said that he wanted to take this opportunity to thank the voters for their confidence and good will in electing him to the office in 1942; and to ask for their vote and support in the 1944 election.

"I have endeavored to show my appreciation by staying on the job and performing every duty to the best of my ability. I will continue to use my best efforts to render efficient service if the voters re-elect me to this important office."

"Due to gasoline rationing and physical handicaps, I may not be able to get around and contact every voter personally, but I want each and everyone to know that I will deeply appreciate their vote and influence in the race for re-election."

Insurance Increases Sharply During 1944

An increasing desire on the part of the public to strengthen their future financial security and protect their families against want was strongly indicated during the past year, according to E. P. Greenwood, president of Great Southern Life Insurance Co. of Houston.

He based his statement on the company's 17 million dollar gain in business during 1943 over the preceding year. Greenwood pointed out that almost one third, or 20 millions, of the company's assets are invested in government bonds. Around 40 per cent of this amount was bought in 1943.

GOP Chairman Flays Willkie

PHILADELPHIA, Jan. 15 (AP) — John D. M. Hamilton, former chairman of the republican national committee, charged tonight that Wendell L. Willkie's managers had "brought undue pressure upon party leaders in every section of the country to pledge themselves to his cause before anyone else had a chance to be heard."

"By false claims they (Willkie managers) have sought to stampede men and women contrary to their own judgment," Hamilton said in an address for delivery over the nationwide network of the Columbia Broadcasting System (10:45-11 p. m. EWT).

"The Willkie backers have made specific claims that their candidate has from 300 to 500 delegates in the bag," he said. "x x x The intensity of this propaganda has been such that it is called the 'Willkie blitz.'"

"Its purpose is plain. It is a deliberate attempt to foreclose the republican presidential nomination many months before the national convention even assembles, to the exclusion of every other possible choice."

Hamilton's broadcast was in reply to Governor William H. Willits of Vermont, who on the same network a week ago termed Willkie "the only republican certain to beat the strongest democratic candidate."

Steps Taken To Quell Riot Threat At Wisconsin Pen

WAUPUN, Wis., Jan. 15 (AP)—The 900 inmates of the Wisconsin state prison were locked in their cells today and all institution activities and industries closed, Allan W. Bayley, director of the state department of public welfare, disclosed, after a threat of a riot had been made.

Bayley said the threat was made at a meeting of prisoners last night at which grievances of the men were aired. A member of the inmate committee declared, he said, that if the men's wishes were not complied with by the warden, the sit-down strike of last Wednesday would be "but a mild demonstration."

The prisoners engaged in a sit-down strike for several hours last

Wednesday after several had complained of a chilly cell hall the night before. The inmates also said they wanted changes in parole policies, less severe penalties for minor misbehavior, and more time allowances for good behavior.

Warden L. F. Murphy had agreed to early consideration of these grievances, Bayley said.

Thieves Go In For Spotlights

The spotlight was with, rather than on, thieves Friday.

Police Saturday said they had complaints of three automobile spotlights having been stolen. One was taken from the V. T. Evans car. A second, together with a side mirror, fog light and gloves, were removed from the Gene Finley car at 709 Gregg, while Jefferson L. Wright reported loss of one, along with gloves and a flashlight at 1110 Main. Dr. C. E. Richardson reported the loss of a metal wheelbarrow.

Mann Has No Political Plans

Gerald Mann, who recently resigned as attorney general of Texas, has no political ambitions at the moment but that doesn't mean he has retired permanently from public life.

He spoke impromptu at a Dutch Treat dinner and smoker which friends arranged in his honor at the Settles Friday evening. Although no speech had been planned, Bill Tate, who presided asked the former attorney general to speak.

In good spirits, Mann expressed appreciation for the support "always accorded me in this section of the state" and laughingly wondered if it represented a political affinity or admiration for his prowess as a football player back in the days when he was All-America quarterback timber for SMU.

Mann had a particularly warm spot in his heart for Big Spring, he confessed, because of many friends and because, as he recalled, "I almost unofficially entered the race as attorney general when making a speech back here in 1937."

He said he felt that the vast majority of Texans honestly wanted to vote for the man they believe to be the best for an office. Mann chuckled: "I have wondered a few times in my career if they weren't moved a little more by music and a few other things. But that is behind for the time being, he said, for "right now I have no more intention of running for office than you. However, no one can tell what the future will bring."

Escapee From State Hospital Has Been Found

Mrs. Guiliamna Geck, 30, escapee from the Big Spring State Hospital, was taken into custody Friday in El Paso after a day of freedom.

Regarded as a dangerous character because of a phobia for attacking children, she was being held by El Paso authorities pending a decision as to where she will be taken.

Mrs. Geck had been committed to the state hospital after she had acknowledged slaying a baby at El Paso, case records revealed.

Because there are no adequate facilities here for housing criminally insane, Dr. C. A. Shaw, superintendent, had asked for her transfer. Reportedly, the woman had threatened escape several times before she made her getaway Thursday noon.

She had been seen on the highway here early that afternoon and Dr. Shaw said officers bringing in another patient told of having seen a woman fitting her description at Sierra Blanca that evening.

Here 'n There

Pfc. Billy H. Carr, son of Mr. and Mrs. Benjamin F. Carr of Big Spring, has been graduated as a radio operator from the communications department of the amored school at Fort Knox, Ky. The course completed was an arduous 14-week program.

One hundred thousand Boy Scouts will distribute the Fourth War Loan poster, "Buying a Bond Is No Sacrifice," to retail street-floor stores in 2,900 cities. It has been announced. Boy Scouts are message bearers for the OWI.

Sgt. Jetty R. Cook, 19, son of Mr. and Mrs. Roy C. Cook, 306 West Third street, is a recent graduate of the Kingman Army Air Field flexible gunnery school in Arizona. Sgt. Cook entered the army at Lubbock in December of 1942.

Pfc. J. R. Moore, son of Mrs. Julia H. Moore, 106 North Johnson, has completed an intensive course in airplane mechanics at Sheppard Field, near Wichita Falls.

S-1c Thomas Richard (Dick) Clifton has written his mother that he is now stationed in the South Pacific and that he is feeling O. K. and doing swell.

Evidently there is something to this business of city police cracking down on traffic violations. Since the campaign was started just before Christmas, 70 persons have plunked down the minimum \$1 fine.

Mr. and Mrs. Charles Green of Stamford are the weekend guests of Mr. and Mrs. T. A. Thigpen. Green is manager of the Stamford Chamber of Commerce and Board of City Development.

Firemen Friday evening made a run to 804 Abram where a grass fire in the hilly section burned off approximately a block of cover.

Mrs. Dove A. Couch, veteran florist, qualifies for the hard luck club. Last week during the cold spell heating apparatus in one of her hot houses went berserk, scorched several huddled carnations and sweet pea plants which were beginning to bloom and severely damaged the house.

The Rev. P. D. (Dick) O'Brien, Big Spring, has been selected to bring the principal message on Jan. 30 when the Oak Street Baptist church in Colorado City has its homecoming on the occasion of having retired its debt.

WAC Recruiters Start Tours

The WAC recruiters from the Big Spring office start Monday on the first of a series of tours of the 40-county territory.

First on the list is Colorado City, where the party will work Monday and Tuesday. On Wednesday, Thursday and Friday WAC material will be sought in Sweetwater. In both places, the possibility of enlisting with assurances of an initial assignment in this (the 8th) service command will be stressed.

The new territory assigned to Big Spring stretches from the middle of Motley county in an easterly line to bisect Cottle county. There the territory bends southward to Coke county and then south and westward to Terrell county and the Rio Grande. The western terminus is the Pecos river.

Paralysis Drive Gets Good Start With \$150 Raised

The infantile paralysis fund was one day old Saturday, and \$150—more than half the net receipts for the entire campaign in 1943—was in the till.

Shortly after the executive committee threshed out drive plans Friday evening, J. H. Greene, acting as chairman in the absence of Grover C. Dunham, went on the radio and appealed for contributions to the cause. As a result, more than a dozen people contributed the first \$150.

The committee Friday decided to invite each of the service clubs to sponsor a jug, which will be used on the order of Salvation Army kettles at Yuletide. Under the slogan, "Pitch in for Polio," service club members would keep up a line of chatter urging the public to contribute.

In addition there will be a special gifts group under direction of Greene, and Walker Bailey is contacting workers in the rural areas to seek contributions. Schools will be invited to average 10 cents per student. During the campaign appeals may be sent to most every family and business in Big Spring. J. Y. Robb announced this during the week of Jan. 24-29 following an infantile paralysis trailer, Boy Scouts would take collections in the Ritz theatre.

Plans will proceed as usual for the Birthdays Balls and for the March of Dimes. Persons who wish to have a part in building up a fund here with which to combat the effects of poliomyelitis may send their contributions to Ira Thurman, treasurer.

Initial givers were V. A. Merrick, Shine Phillips, \$25 each; Cliff Wiley \$20; K. H. McGibbon, C. L. Rowe, Ted Grobb, H. J. McDaniel, H. W. Smith and J. E. Greene, \$10 each; and Mrs. John P. Dunge, Mrs. J. H. Stiff, R. L. Trappnell and Charles Morris, \$5 each.

The Week

(Continued from Page 1)

of that work is a fine contribution.

A friend called up the other morning simply to wish us well and to say how much he had enjoyed some little something that had been said. It brightened the day, like a bouquet because these days calls mean somebody wants you to come to a meeting, serve on a committee, or help in some campaign.

So far we've done well with our safety work in Big Spring and Howard county. Let's try to get by without as few fatalities in the county as possible and to make this one year without a traffic fatality in Big Spring.

The chamber of commerce is having success with a quiet sort of membership campaign. Without any sort of hullabaloo, the unit, during January, has averaged a member a day—through today. Who'll be the one for Monday?

We're going to give credence to this theory that our "winter" this season is simply the normal northern menu following our brethren from the north down this way. It's reciprocal, for we have it on the authority of our S/Sgt. Brady Piper that the weather in Wisconsin is mild this winter—nothing lower than 18 below yet. Positively sweetening up there.

Dig deep in the old sock this week and be prepared to buy bonds until it hurts. And then, if you have a few pennies in your pocket, get that noble feeling by contributing them to the infantile paralysis fund. You may be flat, but you'll feel good about it.

Abilene Pilot Killed In Crash

LAWTON, Okla., Jan. 15 (AP)—The pilot of an 38-A plane from Abilene, Tex., was killed tonight when the craft crashed three miles north of here at the edge of the Fort Sill military reservation.

The army ship, on a routine flight, severed approximately two-thirds of the telephone lines between Lawton and Fort Sill in the crash, telephone company officials said.

KELLER HAD 86 RDI NEW YORK—Charley Keller's 1943 batting average was only .271 but the Yankee slugger was a handy man to have around with men on base. He drove in 88 runs and hit into infield double plays only seven times in 141 games, about one-third of the total double play balls hit by other distance sluggers.

Mill May Finish Seed Crush Soon

The Big Spring Cotton-Oil Co. may not be affected by the new order by the War Food Administration to set aside 20 per cent of February production of oilseed meal for directed distribution to areas designated by WFA.

Operating on a 24-hour schedule, the mill probably will complete its cottonseed crush by the end of January and shift to the processing of soybeans furnished by the CCC. Because the CCC already will get 50 per cent of the meal from the beans, they are exempt from the order.

The mill set aside 20 per cent of its January production after WFA had superseded the obligations to cotton producers for 40 per cent of their gross weight of seed in meal. However, said M. E. Allen, the mill here was trying, as far as possible, to make good on these certificates where the meal is actually needed by the farmer.

Boy Scouts Hold 'Parents' Night

Sixty persons, including parents and Boy Scouts of troop No. 9, attended a "parents' night" affair at the Wesley Methodist church Friday evening.

Charles Paxton, Sweetwater, president of the Buffalo Trail council, told how the "training

boys had received as scouts were paying off in service on the battle fronts today. He mentioned the high regard the FBI had placed on scouting. Members of the troop No. 9 committee came in for considerable praise from Paxton.

W. L. Porterfield presided over the affair, which was opened by a scout candlelight ceremony and the singing of Scout Grace. J. B. Apple gave a financial and advancement report. Elra Phillips the general activities report, while Cy Nabors gave an appreciation of the troop committee and outlined plans to "Accomplish More in 1944." Guests included Dr. W. B. Hardy, district chairman, and Mrs. Hardy, Mr. and Mrs. George Mclear, W. C. Blankenship and H. D. Norris, field scout executive.

Livestock

FORT WORTH, Jan. 15 (AP)—Not enough cattle and calves to test values in any division of the market. Other livestock arrived in scant numbers. Gauges Near For Three Oil Tests In Area

Three tests in this area were shaping up while materials were being moved in at the close of the week to highlight local oil activities.

The Lee C. Harrison & Bond Oil Corp. No. 1 Texas Land & Mortgage Co. important east Howard outpost which may be the opener in a new pool, was cleaned out after a 330-quart shot. The test, a mile west of the Denman pool, hit pay from 2,740-2,867 feet and flowed and swabbed 250 barrels in 18 hours following shot.

Location is 1,662 feet from the north and 1,672 feet from the east lines of section 8-30-16, T&P. Although the reaction was similar to the Sinclair No. 1 Emma Davis and the Stanolind No. 1-B Echols, which lie to the north and east and which were completed at some of the best natural wells in the field, the outpost pay zone is nearly 300 feet lower.

In western Howard county the J. B. Hawley, Jr., No. 1 H. H. Wilkinson, 1,280 feet from the north and east lines of section 33-34-1n, T&P, went on test Saturday, pumping 80 barrels in 24 hours. This represented the accumulation during cleaning out operations and the official test will be taken subsequently.

Pipe was run in the Cosden and Coffield & Gutherie No. 2 Pauline Allen, northeast Howard exploration in section 57-28, LaVaca, to 5,419 feet preparatory to testing from 5,450-96. When operators ran casing, the hole was virtually filled with oil and headed when agitated. A test may be possible this week.

Southwest of Big Spring, the J. B. Hawley No. 1 H. D. Cowden, 1,650 feet from the north and west lines of section 18-33-1n, T&P, was completed for 15 barrels of 28.2 gravity oil in a 24-hour test with bottom at 3,300. Hawley No. 2 Cowden, to the west, in the same section, tested 16 barrels. No. 3 Cowden was drilling at 3,200 feet and entering the pay horizon. No. 4 Cowden, also in the same section, was at 1,365 feet.

In eastern Howard county the Cosden No. 1-B Read, section 48-30-1n, T&P, set 7-inch OD pipe at 2,807 feet. Pay was topped at 2,776 and bottom of hole is 3,000 with the pay zone streaked. M. E. No. 4 Davis-Hall, in the east Howard pool, registered 37 barrels daily pumping. Bottom of hole is 2,735 feet with pay top picked at 2,825. It was shot with 300 quarts. Location is 330 from the south and 990 from the east lines of section 44-30-1n, T&P.

Northern Ordnance was erecting derrick for its No. 1 Clayton & Johnson, 330 feet from the north and west lines of section 32-31-4n, T&P, wildcat deep test in Borden county.

An Array Of Talent Seen In "Stage Door Canteen", Showing Today At Ritz

Benefit Show Is Product Of Screen's Best

A spectacular benefit show—such as theatre people have so frequently and generously provided in a worthy cause—threaded with a poignant story of young love, "Stage Door Canteen", showing today and Monday at the Ritz theatre, is a full program's entertainment. It honors the artists— from Yuhudi Menuhin and Helen Hayes to Edgar Bergen and Gracie Fields—who donated their talents, and is a warm tribute to the men of the armed forces who will enjoy a large share of the undoubtedly large profits, to be returned to the American Theatre Wing.

Four nights at the Canteen tell the love story of "Dakota," a soldier with the Midwest in his voice, and "Ellen," a junior hostess. He is awaiting embarkation call and she is making her bid for a stage career when they meet. Fall in love and are separated by the war.

The same four nights have seen four shifts in the Canteen personnel, as Katharine Cornell gives way to Lynn Fontaine on the service line, Charlie McCarthy's wise chatter is replaced by Ray Bolger's dance routine and Benny Goodman leaves the stand to Count Basie and Ethel Waters. Each artist takes his turn, while audiences, seen and unseen, watch the show. Six orchestras play characteristic specialties, with Xavier Cugat, Guy Lombardo, Freddie Martin, and Kay Kyser varying the tempo. Singing ranges from the "Lord's Prayer," reverently sung by Gracie Fields, to Ethel Merman's rousing rendition of "Marching Through Berlin," with Lanny Ross and Kenny Baker contributing ballads in between.

The scope of entertainment is so comprehensive as to include a "strip tease," with slight variations by Gypsy Rose Lee, who

All Star Cast—presents "Stage Door Canteen", today at the Ritz theatre.

Ted Lewis Blows Hit At The Lyric Theatre

"Is Everybody Happy?" the picture now playing at the Lyric theatre and starring Ted Lewis and his laughing clarinet, blows another happy hit. Lewis will "wow" you with his wild, uncharted renditions of eighteen songs he has made famous in vaudeville, radio and phonograph records.

If you can sit through "Cuddle Up a Little Closer," "Baby Face," "Chinatown My Chinatown" and "Sunny Side of the Street," to name but a few in the gay list, without a rising of blood in your arteries and a tickling in your feet to get up there and do your stuff, you must be the kind who thinks an oboe is a musical instrument and not an ill wind nobody blows good.

"Is Everybody Happy?" is gay in a great big way. Its gay double-romance is in the capable hands of charming Nan Wynn, Michael Duane and lovely Lynn Merrick and Robert Stanford. Its achieved her fame as the classic practitioner of this art in Minaky burlesque in New York. The "strip tease" idea was heretofore in its entirety forbidden by the Production Code Administration. This contribution stands in unhappy contrast with the spirit of Menuhin's rendition of Schubert's "Ave Maria."

But the men in uniform who are the point of the show are not lost in this volume of talent. "Dakota," "California," "Texas" and "Jersey" are living personalities, affectionately portrayed by young actors who will not remain little known.

Female Form Taboo In Army Periodicals

The Army advises its editors against depicting "the female form in Army newspapers."

"Within the continental limits of the United States," says a war department guide, "this general subject is already so handsomely exploited by civilian periodicals that for the military to enter the competition would be like carrying coals to Newcastle."

"This (the female form in Army newspapers) is not a military subject although it is frequently a subject of the military," the guide says in the booklet which is otherwise devoted to a heavy discussion of morale, orientation and international regulations.

But, obviously determined not to let the subject get too heavy, the writers of the booklet add: "However, one cannot refrain from quoting briefly from a lengthy editorial salute by an army newspaper at an isolated post in Alaska to a New York (burlesque) artist who has posed for special pictures for their small publication."

"You are the bear grease on our lupin-root cakes. You are the seal blubber in our bowl of salmon berries. You are the liver of the caribou, the egg of the sturgeon, the young gizzard of the spring partridge, etc., etc." is a touching acknowledgment of the fact that in the life of this isolated garrison the likeness of the obliging young woman was more warming to the Quonset hut than any mere coal fire.

TREASON JUDGE KILLED
LONDON, Jan. 15 (AP)—The Berlin radio, quoting a Milan dispatch, said Dominico Mattica, identified as a lieutenant general in the Italian militia and one of the Verona judges who sentenced Count Galeazzo Ciano to death last Monday was killed in an automobile accident.

WAC Recruiting Staff Adds Two

Two more members have been added to the WAC recruiting staff here.

They are Lieut. Dede N. Cook and Pfc. Mary J. Kimpel, both assigned here from the West Texas Recruiting and Induction Center at Lubbock. Already assigned to Big Spring are Lieut. Cora Lee Morrow, Sgt. Paula Edwards and Sgt. Ray Naret.

Next week the station personnel will launch a systematic coverage of the new and enlarged district, which calls for travel in about 40 counties.

Meanwhile, Lieut. Cook reminded women that they could now enlist with assurance that their initial assignment would be in the service command in which they enlisted. This means that anyone from this area would be returned for initial assignment under the Eighth Service Command, or roughly in Texas or the Southwest.

Cary Grant Stars Today At Queen

Giving Cary Grant his first solo starring picture, "Mr. Lucky", showing today and Monday at the Queen theatre, tells an unusual and highly entertaining story of a romance between an earnest social welfare worker and a care-free gambler.

Laraine Day has the feminine lead in the production, portraying the wealthy Dorothy Bryant of War Relief, Inc., while Grant enacts the part of Joe the Greek, Owner of a big gambling-boat, but at the moment very short of cash. Joe, seeking a sucker from whom he can take his ship to Cuba, encounters Dorothy selling tickets for a charity ball her organization is giving. The gambler sees his chance and puts on a whirlwind campaign to induce the War Relievers to let him operate a gambling concession at the ball—neglecting, of course, to tell them that he intends to run off with the entire proceeds.

Dorothy turns the whole scheme down cold, and Joe has to put on an act and apply a little romance before she consents. Unaware that Uncle Sam is on his trail and that one of his pals is planning to double-cross him, Joe gets ready to trim the War Relief patrons when fate socks him right be-

tween the eyes and brings him to an abrupt realization of what he is doing.

Repentant, Joe decides to run the thing on the level, after all, but his greedy pals don't see it that way. The result is a stirring and dramatic climax that brings matters to an unexpected conclusion, punctuated with sacrifice and gunplay and surprises.

Charles Bickford and the new find, Alan Carney, are cast as two of Joe's loyal pals. Gladys Cooper, Henry Stephenson, Kay Johnson, Paul Stewart, Erford Gage and Walter Kingsford have important supporting roles in the picture.

Hornsby Denies Contract With Mexican League

MEXICO CITY, Jan. 15 (AP)—Jorge Pasquel, president of the Vera Cruz club of the Mexican Baseball league, says Rogers Hornsby will manage his team during the coming season but at Fort Worth, Tex., where Hornsby now resides, the ex-major leaguer said he had reached no agreement. (Hornsby, business manager of the Fort Worth club of the now inactive Texas league, said he had made no agreement with anyone to manage their baseball club this year and that he was not due in Mexico City Wednesday to sign a contract as reported from there.)

Zivic Says His Fighting Days Are Numbered

PITTSBURGH, Jan. 15 (AP)—Fritzie Zivic tonight nursed a fractured bone of his left hand and opined his days as a fighter probably are over—definitely numbered at least. The former welterweight champion, who has a date with his draft board Monday for a final physical examination, admitted today he was slowing down and said: "Regardless of what the draft board does with me, I don't think I'll fight any more. If I'm inducted—and I want to get into the Navy—I won't be able to fight again unless in exhibitions. "If I'm not inducted, I don't think I'll want to accept any more bouts, anyway." Zivic fractured the third metacarpal joint of his left hand in the first round of a ten-round bout he dropped to Joltin' Jake Lemotta at Detroit last night.

Locals Wilt In Final Stage Of Bulldog Affray

Big Spring dropped another brace of basketball games Friday at Midland to a fine cage combination, 33-16, for the first stringers and 25-15 for the B team. Although the Bulldogs probably would have won regardless because of their experience and talent, the three weeks off during Christmas season told on the Steers in the last half. The Steers were trailing 11-16 at the half, but in the second half they wilted while the Bulldogs got even a little stronger.

Inability to do something about the Big Spring lead who plays center for Midland, cost the Steers dearly. During the evening he piled in 17 points for his team, ringing up seven field goals. Big Spring forwards were having trouble hitting the hoop with their shots, but veterans Bobby Barron and Woody Baker showed better aim.

Ben Aguirre and Hugh Cochran each collected five points in the B game, but it was not enough to stay up with such performers as Hyatt and Hale for Midland. Midland returns here Friday evening for two games with the Steers. Coach John Dibrell hopes to have a game for Tuesday evening.

USGA Re-Instates Babe Didrikson

NEW YORK, Jan. 15 (AP)—Babe Didrikson, in private life the wife of wrestler George Zaharias, was re-instated as an amateur golfer today by the United States Golf association as the delegates to the fiftieth annual convention once again re-indorsed the play-for-fun code.

Miss Didrikson, former Olympic track competitor, was declared ineligible by the USGA in May of 1935 because of her professionalism in other sports. She competed in various pro and open events, capturing the women's western open at Milwaukee in 1940 and the San Francisco match play open for women in 1942. Although she complained during the Florida winter season of 1937 that "if the USGA will let me, I'll soon be back in amateur golf."

B'Spring Guard Is Two Years Old

Drill and the regular schedule despite nasty, cold weather marked the observance of the second anniversary of Company E, 34th Battalion, Texas State Guard, here last week. On Wednesday the company was officially two years old, for it was on Jan. 12, 1942 that the unit was organized, although actual drill did not start for a week after that date.

During the two years' time more than 150 men have been associated with the company which is now far from full strength due to losses to the armed services. One of the things in which the members of the company take pride, however, is that the quality of instruction given youths has enabled them to advance rapidly in the regular forces. Virtually all have made non-commission ratings quickly and several have become officers. Aviation cadets have written back concerning the invaluable background they received in the Guard here.

"While we are proud of this record and happy for the opportunity to train young men," said Capt. Hudson L. Bohannon, "we nevertheless need some older men to maintain a strong organization constantly here at home." In recent months the membership of the company has increased, maintained by the Army in the state for security reasons, have been shipped. "This simply means that the security job is falling on the shoulders of the TSG," said Capt. Bohannon. "We need more men who are willing to give up some of their conveniences and comforts to join us in training to protect the security of our homes, of our industries and people," he added.

One recent development of the local unit has been the enlistment of many men of Latin-American extraction. These have enlisted freely where there has been difficulty in interesting native Texans. Capt. Bohannon said that they were not only getting sound military training, but were receiving valuable lessons in Americanism as well. Capt. Bohannon is assisted in command of the company by 1st. Lieut. Dale Thompson and 2nd Lieut. Joe E. Pond. First sergeant is Cy Bishop. Men interested in enlistment may see them or report at the Howard county warehouse on any Tuesday or Thursday evening.

Drivers Advised To Renew Licenses

Approximately 450,000 operators' licenses have recently expired, State Police Director Homer Garrison announced Saturday and urged drivers to check their licenses. Licenses expiring bear serial numbers from one to 300,000 and 1,000,000 to 1,150,000. Operators' licenses are issued for a two year period and should be renewed prior to expiration.

Nelson Leads In 'Frisco Tourney

SAN FRANCISCO, Jan. 15 (AP)—Cracking par again with another superior round, rugged Byron Nelson, the favorite, strengthened his lead for the \$10,000 San Francisco Victory Open golf tournament today when he passed the half way point of the 72-hole event with a total of 137.

The former national open and P. G. A. champion from Toledo, O., marched around the long, flat Harding Park course in 69 shots, one stroke more than his yesterday's low score but sufficient to enable him to pull away from the fast field. Par for the stretch is 72-72-144.

He gained one stroke on his hot-temper rival, Harold (Jug) McSpaden of Philadelphia, who maintained the same sub-par pace to add another 70 for a 36-hole total of 140. McSpaden captured the recent Los Angeles open, in which Nelson tied for third place.

Bracketed at 141 were Sam Byrd, the ex-New York Yankee baseball player now a golf pro at Detroit, Harry Cooper, Minneapolis, and Lloyd Mangrum, Monterey Park, Calif. Byrd and Cooper improved their positions, each chalking up a 69 today while Mangrum, tied for second yesterday fell back with his 72. Two others well up after the first round, George Fazio of Pine Valley, N. J., and Art Bell, San Francisco, slipped up on the second eighteen to fall back to the 142 group. Fazio had a 72 and Bell a 73 today.

The finest second round score was posted by Ellsworth Vines of Monterey Park. The Laney national tennis champion knocked off a 33-35-68, to jump himself up the ladder several rungs with a total 143. Olin Dutra, Los Angeles, ex-national open king, improved today in 73-91-144.

Longhorns Are Given Awards

AUSTIN, Jan. 15 (AP)—Varsity awards were presented to 23 members of the 1943 Southwest conference champion University of Texas football squad today by Coach D. X. Bible who gave reserve awards to 14 others. Winners of varsity awards were: Phil Bolin, Wichita Falls; Franklin Butler, Lubbock; J. R. Calahan, Wink; James Canady, Austin; Joe Coleman, Goodwell, Okla.; Ralph Ellsworth, San Antonio; Clyde Harville, Ballinger; Marvel Gres, San Francisco, Calif.; James Kishl, Houston; Bobby Coy Lee, Austin; George McCall, Austin; William McGinnis, Wichita Falls; Joe Magliolo, Galveston; William Main, Alamo, Cal.; Keifer Marshall, Temple; John Maurer, Fort Bragg, Cal.; Joe Parker, Wichita Falls; Ralph Park, Austin; Jimmy Bjyer, Corsicana; Charles Phillips, Paducah; Andy Robinson, El Paso; William Simmons, West Los Angeles, Calif.; and Harlan Weis, New Braunfels.

Those receiving reserve awards were: Thomas H. Davis, Ray Mayfield and Edbert Schutze, Austin; Roger Evans, Kenneth Merritt and Gerald Owens, Dallas; W. J. Davis, and Paul Tracy, San Antonio; Franklin Crow, Corpus Christi; Max Minn, Junction; Arnold Pedersen, San Mateo, Cal.; Raul Perez, Coronado, Calif.; Robert Rados, San Pedro, Cal.; Milner Thorne, Lubbock. Billy Andrews, the drop-kick waterboy from Dallas, won the senior manager award. Johnny Thompson of Dallas and Victor Scott of Schulenburg received awards as assistants.

BASKETBALL RESULTS

Texas 77, Texas A and M 40. Texas Christian 48, Baylor 38. Rice 67, Arkansas 41.

Owls By 67-41 Porkers Nod To

HOUSTON, Jan. 15 (AP)—The Rice Owls got sweet revenge for their last second defeat of Friday night by overwhelming Arkansas, 67-41 in the final game of their crucial basketball series.

The result left undefeated the University of Texas at the top of the Southwest conference basketball race with two straight victories. But most of the capacity crowd of 2600 left the Rice field house convinced that it would be an upset if either the Owls or Arkansas lost another game this year. The Porkers and Owls share second place with three victories against one setback.

Frog Cagers Down Baylor Quint 48-38

FORT WORTH, Jan. 15 (AP)—Floyd (Zeke) Chronister scored 19 points to lead the Texas Christian basketball team to a 48-38 victory over the Baylor Bears here tonight. It was the first game for the Christians and they kept their fans happy by staying in front from the time they moved into a 4-2 lead after three minutes of play.

Midway of the first half this margin had been stretched to 19-6 and the game was starting to assume the proportions of a runaway. Coach Hub McQuilling pulled all of his first string except Chronister at that time, however, and Baylor quickly climbed back into the running.

Longhorn Player Sets New Record

AUSTIN, Jan. 15 (AP)—The Texas Longhorns set a new Southwest conference scoring record here tonight as they swamped the Texas Aggies, 77-40. Slater Martin, playing his last game before he reports to the Navy next week, slipped in the last-minute field goal that cracked Arkansas' record of 75 points set against Southern Methodist in 1940.

Wichita Coaches Face Early Draft

WICHITA FALLS, Jan. 15 (AP)—Two Wichita Falls high school head coaches have received "greetings" from their draft boards. Football Coach T. D. Jefferys has taken his preliminary examination and expects to be called soon. Basketball Coach Bill Allen will take his physical examination next week.

Only 27 Contracts Mailed By Giants

NEW YORK, Jan. 15 (AP)—Eddie Brannick, secretary of the New York Giants baseball team, dropped 27 contracts for 1944 into the mails today—the smallest number of pacts offered in recent years. Names of four catchers, all of whom are 4-F in the draft, 12 pitchers; four outfielders and seven infielders made up the mailing list. Manager Mel Ott, who also is the regular right fielder, was signed previously.

Mexican Coach Seeks Games With Texas

AUSTIN, Jan. 15 (AP)—Salvador Mendiola, football coach at Polytechnical Institute, in Mexico City, today conferred with Texas interscholastic league officials with a view to scheduling games between Texas and Mexico high school teams next fall. Mendiola said he would like to arrange for at least two teams from Mexico to play in Texas, and for one or more Texas teams to schedule games in Mexico.

Africa, with 20 per cent of the area of the world, has but 7.5 percent of the population.

Martin Accepts Ft. Worth Post

FORT WORTH, Jan. 15 (AP)—Ame Martin, who retired from high school coaching ranks after leading the Lufkin Panthers into the 1942 quarterfinals, has decided to resume his career as a grid-iron mentor. He has accepted the head coaching job at Fort Worth's Paulson high, and will take over January 31. Martin has coached nine seasons since graduating from Texas Christian in 1930. During that time he won seven district titles, two at El Paso High and five at Lufkin. With the Panthers he won 67 games, tied one and lost ten.

Wedding Ceremony To Be Read In Chapel For Young Couple Tonight

In a double ring ceremony to be read in the post chapel at the Big Spring Bombardier School this evening at 7 o'clock, Miss Kathaleen Underwood, daughter of Mr. and Mrs. W. A. Underwood, and 1st. Lieut. James B. Freeman, son of Mr. and Mrs. O. C. Freeman of Daingerfield, will be married by Chaplain James L. Patterson.

The ceremony will be read before an altar decorated with floor baskets of mixed gladioli and acacia, and the couple will stand beneath a lattice archway covered with fern. Vows will be repeated at candlelight and tapers in cathedral candelabra will flank the altar and furnish lighting in the background. Tapers will be lighted by Capt. Charles M. Cary.

As pre-nuptial selections, Mrs. William E. McElhannon will sing "Because" and "I Love You Truly" accompanied by Miss Helen Duley at the organ. Miss Duley will wear a two-piece black crepe dress with a shoulder corsage of red carnations, and Mrs. McElhannon will dress in a two-piece black crepe frock ornamented with rhinestone trim and a corsage of white gardenias. "Melody of Love" will be played during the ceremony, and "Leibstraum" while the tapers are lighted.

KATHALEEN UNDERWOOD

The bride, to be given in marriage by her father, will wear a winter white wool jersey frock trimmed in gold nailheads on the pocket and around the sweetheart neckline. Her hat will be of orchid feathers with a veil of light shade, and she will carry a white prayer book topped with showers of white narcissus. Her shoulder corsage will be of orchids. The traditional something borrowed will be a diamond necklace belonging to Mrs. J. P. Dodge and something old and blue will be a ring worn by the bride's mother at her wedding. Mrs. B. W. Hinds, the bride-elect's sister, will be matron of honor. She will dress in a soldier blue ensemble with black accessories and her shoulder corsage will be of pink carnations.

Mrs. Underwood, mother of the bride, will dress in a black suit with white blouse and a shoulder corsage of red-roses. The bridegroom will be attended by Lieut. William E. McElhannon. The bride-elect was graduated from the Big Spring high school in 1940 where she was a member of the Pep Squad and Sub Deb Club. For the past 17 months she has been employed at Coaden Refinery.

Lieut. Freeman was graduated from East Texas State Teacher's College. He was commissioned at Midland Army Air Field in September 1942, and is now stationed at San Angelo as a bombardier instructor. Following a wedding trip to Dallas and Daingerfield, the couple will be at home at 1921 Live Oak street in San Angelo.

C-C Prexy Asks For New Support

Willard Sullivan, who is serving out his term as president of the chamber of commerce, has headed an appeal for more memberships in the organization.

Recalling some of the chamber's accomplishments in cooperating with the war effort and in securing and helping to secure industries, institutions, and defense projects for the city and county, Sullivan said that the biggest problem was still ahead.

"We are now faced with a very serious problem — that of being able to secure sufficient funds with which to properly execute plans which we have made in an attempt to prevent, in part, the depression which no doubt will in some degree follow the cessation of hostilities on the present world-wide conflict," he said. "We need the help of every citizen in Big Spring."

The chamber president pointed out that "you no doubt pay your pro rata through taxes in maintaining our streets, alleys, public

Miss Laneous

Notes
MARY LITTLE

Dear Folks: And that includes all you lovely people who for the past few years have been nice enough to include this column with your reading matter.

The time has come, it seems, to talk of many things. You've stuck by this column through heat and wind, cold and snow. You've read it when it was good and you've read it when it was bad. Even when it was mediocre you still took a chance.

Sometimes you violently disagreed with things we said. But no blood was ever shed, thank goodness. Sometimes you really liked the things we wrote about and sent us cake and candies, nice letters, and phone calls.

All in all, you've been a swell audience and it has been fun to write for you. But all things must come to an end sometime. Miss Laneous has come of age, married, and is about to retire from this space in the paper.

Superseding the typewriter will be the dshpan, broom and mop. And for the pencil and the pen, there is the ironing board and the stove.

So, until we meet again, and perhaps that may be someday, here's wishing you the best of everything. May you find a set of four new tires in your back yard, a pair of nylon hose in your dresser drawer, and an extra shoe coupon for Junior.

Editorial

The Trouble Is With Us

Fully two years ago The Herald carried stories and editorials in an attempt to awaken the public to the fact that we had a serious boy and girl problem.

That man is inherently bad and must be trained away from these impulses, but we do agree that the basis of all constructive living is a sound sense of morality.

Washington Daybook

WASHINGTON — The boom in war babies has hit its first slump. The Census Bureau's files show a decline in one month's total births for the first time in 1943.

The next month—October, 1942—brought the bumper crop of war babies, 214,497. By that December the birth rate had leveled off to a fairly even figure in the neighborhood of 205,000 per month.

That probably helped to account for the jump in the birth rate the following fall. In normal times many of those babies would have arrived in the spring of 1943 or later.

As the war training program got underway most of the millions of new soldiers remained in this country, with more-or-less regular home leaves and frequent visits with their families.

That helped keep the birth rate up to the level where the first shock of war sent it in September. Now 1942's rookie soldiers are finished fighters.

Count back from October—the first month of a declining birth rate—and you'll find yourself in the winter of 1942-43, the time when American troops were pouring into North Africa by the thousands.

Hundreds of them were separated from American homes for the first time. And nine and 10 months later the number of new babies took its first war-time slump.

Hollywood Sights And Sounds

By ROBBIN COONS HOLLYWOOD — A movie that tells more than a million words about the status of our war is now being shown to war workers, and ought to be shown to the public.

island bases, each capable of reinforcing the others at least by air, it seems like day-dreaming to regard the Solomons, Gilberts, and other footholds as the beginning of the end for Tokyo's tiny tots.

And the matter of supply—in all theaters—is made to look nearly as tremendous as it is. In the Pacific, contrasted to Japan's shorter, interior lines of communication, ours are shown to cover thousands of miles of water from the American mainland to Australia, around Australia to India.

We've all read the reasons why we aren't farther along in using China as a bombing base, and why we don't get Russian bases (closest to Tokyo) for bomber operations, but this report shows those reasons as only pictures can.

Scenes of actual combat in both theaters—of deaths of irreplaceable men, of destruction of weapons that must be replaced—bring the war home vividly and should wreck anybody's complacent dreams.

Says Robert P. Patterson, Under Secretary of War, at the end: "Nineteen-forty-four is the year of decision." And like the film, his words are grim, frank, and challenging.

When you see captured newsreels of enemy production—utilizing the millions of slave laborers from conquered countries—it's hard to figure the war will be over in two or three months.

When you consider (as the War Department does with chart and diagram) the strategic position of Japan behind its network of

Chapter 23 When Ann opened her eyes Bert was bending over her. "I'm all right," she said at last.

in hand, and said, "I come the back way. Ain't nobody stirrin' in this weather."

"You're to come wherever I am, Gibbs. I'll see that you get a good job."

Matilda cocked an understanding eye and waited. The rain came down steadily, dreary and depressing.

"You're a-goin' to give it up for sure?" "Yes, Gibbs."

He took his head. "It's a crime. That's what it is!"

Perhaps it was but she had done all she knew to do.

She'd leave Terrence House as she'd come. Alone except for Matilda. There wouldn't be anyone unless it was Bert to whom she might say goodbye.

She had just reached the conclusion that she would pack her bags this afternoon and leave tomorrow when Gibbs appeared at her door. He stood, dripping hat

You'd Be Surprised Climatic Zones

By GEORGE STIMPSON The present world-wide war, with its far-flung battlefronts, is making people more conscious of geography, latitudes, longitudes, time belts and climatic zones.

They take their names from the prevailing climate and are known as the torrid, north temperate, south temperate, north frigid, and south frigid zones.

The earth is divided into five grand divisions in respect to latitude and temperature. completely apart from the base. This made it easy to give the whole cage a thorough cleaning.

The north and south frigid zones lie between the poles and the polar circles, which are 23 degrees 27 minutes from the poles.

NCO Club Opens Rolls To Wacs

MATHER FIELD, Cal. (U. P. — The Mather Field NCO club announced today it has taken down its "for men only" sign.

Henceforth Air-Wacs will be allowed to join the club on the same basis as male, non-coms, according to club president T/Sgt. Maurice Krause of Escanaba, Mich.

Public relations officials say they believe she is the first woman soldier in Army history to join an NCO club.

Sellers Claims Servicemen May Pay Tax And Vote

AUSTIN, Jan. 15 (AP)—The "public calamity clause" of the Texas constitution, suggested by Lt. Gov. John Lee Smith and others as a means for soldier voting, does not apply to the release of poll taxes, Attorney General Grover Sellers said today in a supplement to an opinion delivered earlier in the week to Gov. Coke R. Stevenson.

Smith in a statement commenting on the supplemental opinion said a contention that the present war is not a public calamity is "legalistic shadow boxing."

Sellers in the original opinion said members of the armed forces serving in national guard and reserve units may vote if they pay the poll tax before Jan. 31.

Gov. Stevenson declined to call a special session after receipt of Sellers' original opinion, and the governor's decision was not altered by the supplement.

"The great majority who want to vote will pay their poll taxes," Sellers said. "I see no reason at present for calling a session. If you can repeal the constitution

and permit those over 21 to vote, you can repeal it for the 18 and 19 year olds. They're fighting too."

Smith contended that the constitution does not require that all voters shall have a poll tax. "The constitution," he declared, "does not stand in the way of a free soldier ballot, but it is a narrow interpretation of it which does."

Absentee ballots, the supplemental opinion said, may be mailed upon receipt of application, but may be cast only in a period of not more than 20 nor less than three days before an election.

Methodists Report Progress In Drive

Methodists are making progress toward their \$1,750,000 endowment and building campaign for McMurry College in Abilene.

Latest reports indicated that \$700,000 has been subscribed and paid toward the goal. One of the most unique steps taken in support of the effort is that by the Stamford district, which voted unanimously to assume the erection of a "Stamford College" memorial building on the McMurry campus.

Stamford College, a predecessor to McMurry, opened in 1907 and operated until 1916.

Nephritis Victim To Get More Plasma

DALLAS, Jan. 15 (AP)—Four-year-old Billy Meres could look forward today to his first blood plasma transfusion since last Sunday. The youngster, victim of chronic nephritis, requires the plasma in his fight against the supposedly incurable disease.

His mother, Mrs. Charles Meers, said the break in the series of transfusions might end late today. Administration of plasma ceased while donors whittled down the amount of blood Billy owes the Baylor Hospital blood bank. The debt is now under 60 pints.

This afternoon an American Airlines plane arrived with 20 units of plasma, collected by the Boston Herald Traveler. The first shipment of that kind, four pints gathered by the Washington Post, arrived in mid-week.

Services To Be Held Sun. For Boyd Snow

Boyd Wayne Snow, eight-year-old son of Mr. and Mrs. J. L. Snow, succumbed in a local hospital Friday at 9:15 p. m. The boy, who suffered from a

ruptured appendix, had been ill since last Sunday and his condition became critical when pneumonia set in.

Services will be held today at the Nalley-Reeder funeral chapel at 2 p. m. with the Rev. Dick O'Brien, pastor of the First Baptist church officiating.

The family has resided in Big Spring for the past two years and prior to that time lived in Levelland.

Other survivors include brothers, O. L. Snow, Joe Earl Snow and Gerald Snow of Big Spring and sisters, Mrs. R. P. Epperson of Levelland, Mrs. E. M. Farnell of Tampa, Fla., and Arvilla Snow of Big Spring; paternal grandparents R. L. Snow of Amarillo.

Interment will be in the local cemetery.

Funeralbearers were to be Jimmy Floyd, Dickie Cooper, James Kenneth Tibbs, Milburn Hoover, Kenneth Plew and Billy Wayne King.

Rev. Moore Names Address Subject

"Consider the Lilies of the Field" will be subject of an address to be given by the Rev. James E. Moore at morning services at the First Presbyterian church.

He will speak on "Seeing The World Through Another's Eyes" at evening services.

The three departments will meet for vesper service at the church Sunday evening at 6 o'clock.
