

Raid Continues On Nazi Factories

Germany Admits Retreats In Crimea Battle Zones

Indicted In Bizarre Slaying—
James Thomas, 49, (shown left, behind jail bars at Lubbock and right shortly after his arrest) was indicted at Olton, Tex., April 10 in the mutilation slaying of Dr. Roy Hunt of Littlefield. The beaten bodies of Dr. and Mrs. Hunt were found in bed at their home at Littlefield last Oct. 26. Thomas, a paroled convict, was arrested next day in Galveston and has been held in jail since. (AP Photo.)

Draft Order Of Tuesday Changed

Under instructions received Wednesday morning by Howard county selective service boards, induction of the county's registrants 26 years and older will be postponed only in cases where registrants are in war-important jobs.

Nation's Highest Honor Medal Is Awarded Hero

WASHINGTON, April 12 (AP)—Major Gregory Boyington, 31-year-old Marine ace missing in action after shooting down 28 Japanese fighter planes, has been awarded the Congressional Medal of Honor, the nation's highest award.

The announcement was made by the Navy today.

Boyington was the second American flier to tie the record of planes shot down by Captain Eddie Rickenbacker in the first World War. His home was Okanagan, Wash.

His last officially recorded victory was on January 3, when he shot down at least one more enemy fighter before going down himself over Rabaul.

The citation accompanying the medal described Boyington as a "superb airman and determined fighter against overwhelming odds."

Boyington led the Blacksheep fighter squadron against the Japanese in the central Solomon Islands from Sept. 12, 1943, to Jan. 3, 1944. Earlier he had flown with the famed Flying Tigers, American volunteer group operating with the Chinese against Japan.

In that assignment he shot down six enemy planes and rose to assignment as executive officer of the A. V. G.

Boyington led the first Allied fighter sweep over Rabaul, New Britain, on Dec. 17. Again leading his squadron over Rabaul on Dec. 23, he personally shot down four Zeros and four days later got another. He tied the existing American record of 26 planes in his final flight.

Including Boyington's victories, the Blacksheep squadron marked a total of 94 Japanese planes shot down, all but three of them down in enemy territory. In addition the squadron destroyed 20 more planes on the ground and is credited with sinking 15 Japanese barges.

Colorado Brothers To Be Separated

COLORADO CITY, April 12—The Colorado City doctor-brothers who attended the University of Texas and the state medical college together, and who established their practice and clinic here, will see foreign duty at widely separated posts, messages reaching their mother, Mrs. W. W. Rhode, has revealed.

Captain William S. Rhode, elder of the brothers, had landed with the medical corps in England last week in New Guinea.

Russians Fight Into The Streets Of River Port

LONDON, April 12 (AP)—The German communique today told of fresh retreats in the eastern and northern Crimea, where "German and Romanian troops disengaged themselves in hard fighting toward positions further south."

Some 250 miles to the northwest, the Russians said they had fought into the streets of Tiraspol, Dnestr river port and rail junction, while on the Middle Dnestr, the Germans crashed through the Russian cordon around remnants of 15 trapped divisions around Skala.

The Russian communique told of concerted drives in the Crimea from the east and north. An army commanded by Gen. Andrei Yermenko captured Kerch in the east and swept 19 miles westward, overrunning 40 settlements. The fourth Ukrainian army in the north beat past the northern rail bottleneck of Dzhanok, 85 miles north of Sevastopol, and seized 30 more towns.

The Germans asserted they destroyed a large number of tanks in their retreats in the Crimea yesterday and that hard fighting continued on both fronts. The loss of Kerch was acknowledged after destruction of the harbor and military installations.

The Germans said "violent enemy attacks" were repulsed at Ovidiopol on the Dnestr estuary, toward which the routed garrison of Odessa was being herded. There the Germans said 20 tanks were destroyed.

Other major battles were said by the Germans to be in progress on Romania northeast of Jasi (Jassy), around Kowel in old Poland and southeast of Ostrov.

With but one exception Soviet arms were victorious all along the 500-mile long front extending from the Crimea to the old Czech frontier, a Russian communique declared. This was in the area just west of Skala above the middle Dnestr, where a German relief force cracked a Russian cordon previously thrown around the remnants of 15 Nazi divisions trapped in that area.

The German thrust was achieved only at the cost of many men and tanks, the Moscow bulletin said. It acknowledged that the Nazis had captured the town of Buczac (Buchach), midway between Skala and encircled Ternopol, 80 miles to the northwest.

David Hopper Gets
Purple Heart Award

David Hopper, former resident of Big Spring, and member of the Helena crew, who was rescued after the torpedoed cruiser went down in the Southwest Pacific, was awarded the Purple Heart on April 5th, according to word received here. He has also been advanced from the rank of fireman, first class to machinist mate, second class.

In the Helena sinking, Hopper suffered a broken ear drum from concussion and later chose limited shore duty in preference to a discharge. He is now stationed in California.

WAC Vanity Is Wounded When Males
Are Sent In To Clean Their Kitchen

By RUTH COWAN
(Substituting For Hal Boyle)
WITH THE WACS IN BRITAIN
—For the WACs it's a blow—where a blow hurts. It was found necessary to send in some KP's (males) to shine up the kitchen of the WAC mess in London. The girl soldier cooks got a bad mark on kitchen inspection.

A sergeant (male) told of it with a chuckle. The WACs see the humor of it, but feel they've been pitched a foul ball.

WACs are set up to be self-sufficient. They have their own cooks and bakers. The enlisted personnel take turns doing the dishes.

The WACs formerly had civilian helpers—as do many male outfits, even marines—to "police up." But the story is that a lieutenant general (male) had the civilian employees withdrawn.

Women, he believed, should do their own work. That was okay with the WACs except for the complications.

For one thing, there is a rule that no WAC above the grade of corporal can do KP. And the WACs in the London detachment are getting up in the non-commissioned world.

Also, some of the "brass" won't release WAC privates working in their offices when their time comes for KP. "They think the WAC privates working for them are too good to do the dishes," commented one girl soldier.

Also the mess sergeant, Constable Delahoyde of Bath, N. Y., has been ill in the hospital. Three cooks have been off sick.

One cook badly injured her hand. It seems that men soldiers in supplies had been a little slow in handing out that essential kitchen item, the can-opener.

Stewart Talks Over Flight Details—
Maj. Jimmy Stewart, former actor, talks over final flight details with these Pennsylvania fliers at a base in Britain. Left to right are Lt. Rogers Counselman of Meadville, pilot; Stewart, S/Sgt. Joseph T. Fiorentino of Philadelphia, gunner, and Second Lt. A. E. Wilensky of Monessen, navigator. (AP Wirephoto.)

Storms Subside But Leave Deaths

By The Associated Press
Storms which battered most of the United States the past two days leaving 49 persons known dead subsided today (Wednesday) after a final swing at the eastern seaboard and the Great Lakes area.

Nearly 200 persons were injured in the tornado, rain squalls, wind storms and snow storms from the Rocky Mountains to the Atlantic Ocean. Lighter rains extended west to California.

Many remained homeless in Kansas and Oklahoma as rivers continued flooding in the wake of torrential rains. A forecast of clearing and colder weather promised some relief, but several streams had not reached predicted crests.

Arkansas, with 35 dead in a series of tornadoes, was the worst sufferer. Six were killed in Fort Wayne, Ind., by a wall blown over by a high wind. North Carolina, Alabama, Oklahoma, South Carolina, Texas, Kentucky, Georgia, and Tennessee each reported one death directly due to lightning or wind.

Snowplow crews who fought for 36 hours to reach 22 motorists stranded high in the Colorado Rockies at Berthoud Pass by snow avalanches succeeded last night in opening a path to the inn where the victims had taken refuge.

South of the Colorado-New Mexico border other snowplow crews succeeded in opening Ration Pass, closed by 80 inches of snow, and reopened communications with several communities which had been isolated by the storm.

Florida as widely separated as Michigan and South Carolina were lashed by windstorms. A 60-mile an hour gale, described as the heaviest in nearly four years, battered many points along Lake Michigan and in some localities tore ships from moorings.

A tornado struck near Walthalla, S. C., killing one woman and severing power lines. The power break forced textile mills at Seneca and Walthalla to suspend operations.

Rain or snow was general east of the Rockies, in many places measuring well above two inches.

Bergdorf Gains Prison Release

A. A. Bergdorf, who was sentenced on Dec. 9, 1929 to life imprisonment from Howard county for murder, is free on conditional pardon.

Bergdorf originally was sentenced to die for the slaying of Charles Wallace, a man he apparently never had known. Testimony indicated that he drove up to a service station on Oct. 22, 1928 in the Hiway community north of Big Spring and engaged Wallace in an argument. Once he leveled a rifle on him and was persuaded to put it down. The second time he fired before witnesses could prevent trouble.

The case was reversed by the court of criminal appeals and on the second trial, Bergdorf accepted a 99-year sentence and entered a plea of guilty.

In a letter to Clyde Thomas, special prosecutor in the case, Bergdorf expressed good wishes and best of luck. He said "I am now free on a conditional pardon and have a job and of course you know I am happy to be free again, and I am going to stay free. No more whiskey for me. If I was going to die this minute, I could not tell you how the man looked that I killed." He went on to blame the playing on drunk, Bergdorf now is in Tulsa, Okla.

George Mabon, then district attorney of the 32nd district and now member of congress, was prosecuting attorney in the case.

Emanuele Will Give Power Of Throne To Son

Italian Government
To Be Ruled By
Militarist Umberto

By LYNN HEINZERLING
NAPLES, April 12 (AP)—Tired and bereft of empire, King Vittorio Emanuele III proclaimed to his people and the world today that he would turn over the power of the throne to his six-foot son Umberto, 39, the Prince of Thron back hand and Allied troops enter Rome.

The 74-year-old monarch declared he would appoint his son "Lieutenant - General of the Realm" would retire entirely from public affairs, and that his decision was "final and irrevocable."

Thus Vittorio Emanuele, whose 43-year reign is the longest since that of Queen Victoria of Britain, yielded provisionally to the pressure of Italian Liberal leaders who have refused to form a democratic government in Italy while he remained on the throne.

"The day shall come," said the king, "when our deep wounds will be healed and we shall take once more our place as a free people among free nations."

The announcement came a day after representatives of the Allied governments had closed a two-day conference in a southern Italian town where the king has a villa (The fact that the king's statement so closely followed the Allied representatives' conference suggested that Vittorio Emanuele took his action with Allied approval.)

An official spokesman at the seat of the government of Marshal Pietro Badoglio said the king's statement, which was broadcast to the Italian people this afternoon, was "a spontaneous announcement by his majesty" who "decided to make the statement at this time in order to eliminate any obstacle that might still exist in the efforts by various political parties to reach full cooperation with the Italian government."

In declaring that he would step down from the throne, Vittorio Emanuele paid the final price for his surrender 21 years ago to the ill-starred Mussolini. His action ended his last struggle, first, to hold the throne for himself, then to salvage the House of Savoy by abdicating in favor of his seven-year-old grandson and namesake, the Prince of Naples, Umberto's son.

Prince Umberto, lean and erect, long has been the Italian ideal of a soldier. He entered the army after finishing his schooling, became a general at 29—the youngest Italian officer ever to hold so high a command. In September, 1942, he was given the rank of Marshal.

Umberto's wife, Marie Jose, only daughter of the late King Albert of Belgium, is popular with the Italians. The Italians have a deep respect for family and love children and to them arie is a beautiful woman and a mother.

Umberto generally lacks the friendly qualities of his father. Mindful of his antagonism, the Fascists cultivated stories that Umberto was effeminate and hinted at scandals, but they never were able to do more than that.

Heavy Bombers Attack Air Planes In Vienna Section

By AUSTIN MEALMEAR
LONDON, April 12 (AP)—More than 500 U.S. heavy bombers, flying from Italy, attacked German aircraft factories in the Vienna area today while Britain-based air fleets were sweeping toward Europe, carrying into the fifth day the current campaign to cripple the German air force ahead of the invasion.

The 15th Air Force bombers from Italy concentrated their main attack on a Messerschmitt factory at Wiener Neustadt, 30 miles south of Vienna, dropping many tons of bombs. Returning crewmen reported good coverage of this target, which was heavily damaged last November. Liberators escorted by Thunderbolt fighters attacked the target.

Another Italy-based force attacked an airfield and railroad yards at Zagreb, the capital of the puppet government of Croatia, while fortresses bombed a cement factory at Split, important Yugoslav port.

Aircraft factories in the Vienna area, besides the Messerschmitt plant at Wiener Neustadt, were the components factory of Vae Voslau, 10 miles to the north, and the Flachmarch market components works 25 miles northeast of the central Messerschmitt factory.

In the first four days of the current campaign, air headquarters here announced, 325 German planes were shot from the skies, and many more were smashed around, both at airfields and in aircraft construction plants.

Last night RAF heavy bombers smashed at Aachen, Hannover and other objectives in central Germany.

British airmen, following up yesterday's great assaults on Germany by a fleet of nearly 2,000 American heavy bombers and fighters which fought some of the fiercest sky battles of the war, braved bright moonlight in returning to the earth for the first time since the March Nuremberg raid cost a record of 94 bombers. Last night's attack on multiple targets, however, was carried out with a loss of nine planes.

The air ministry described the blow at Aachen, vital rail link between Germany, Belgium and northern France, as heavy and said the bombing was well concentrated.

German shelling of the area south of Cassino was on a reduced scale and normal patrolling activity was resumed there as on all sectors of the Italian front.

On the Anzio beachhead, a small enemy party attempted a minor thrust three miles southwest of Carroceto and two other parties tried to cross the Moletta river near the coast, but all these thrusts were repulsed. The Nazis attempting to cross the Moletta were brought under heavy mortar fire and suffered casualties.

German guns continued to shell the rear and port areas of the beachhead and 12 planes made what was described as an ineffectual raid on the port. One of the planes was downed by anti-aircraft fire.

Gillean Filly Show Winner

There is no prouder man in these parts right now than E. B. Gillean, long-time farmer - ranchman in northern Glasscock county, who showed the winning Palomino yearling filly in the San Angelo horse show Sunday.

The filly, owned by his son, Roscoe, who is in the navy, was raised by Gillean and the San Angelo show was his first experience in showing the yearling.

Sire of the filly is Sober, great Palomino stallion owned by Lane Hudson, Big Spring, and the dam is out of King ranch stock.

Breach Of Peace?

WAYNESBORO, Pa. (AP)—A rush on the dried pea supply brought smiles to grocers' faces but failed to amuse the cops—too many townspeople are complaining they are targets of pea-shooter addicts roaming the streets with plastic tubes and mouthful of the dried vegetables.

Stassen Attends Brother's Funeral

Fred Stephens left Monday for Oakland where his brother, Harry Stephens, died early Wednesday.

Funeral services which are scheduled at 2 p. m. Thursday will probably be held in Oakland.

Among survivors are his widow a sister, Miss Fannie Stephens of Dallas, who formerly resided here, and Mrs. E. McKinney, a niece of Big Spring.

STASSEN LEADS

OMAHA, April 12 (AP)—Returns from 1290 of 2031 precincts in the Nebraska republican presidential preferential gave Stassen 33,577; Wilkie, 4,961; Dewey, 14,120 write-in votes. Returns from the same number of precincts in the democratic presidential gave President Roosevelt, unopposed 26,480.

Mystery Surrounds Disappearance Of Columbia University Student

By CYNTHIA LOWRY
NEW YORK, April 12 (AP)—Snow, driven by a hard wind, swirled through the early morning blackness of Riverside Drive as Vaisa Mathai, exquisite daughter of India, stepped from an elevator of Columbia University's International House, and disappeared.

It was as though the earth swallowed the 21-year-old student. It was on March 20, and the sleepy-eyed elevator operator who was the last person known to have seen her could not even say whether she had left the building.

Time and a nation-wide search by police, federal men and private investigators have turned up not a single clue.

Vaisa, when she disappeared, was wearing dark gray flannel slacks and a typically American apron she had a tea date with a young U. S. Army lieutenant, but their conversation

garment of Indian women and a green silk scarf. Thrown casually on the bureau was her brown leather purse, holding identification cards and \$17 cash. Her bank account showed a \$1,400 balance, and police estimated she had only a small change with her when she dropped from sight.

Acting Captain John J. Cronin of the missing persons bureau said he had virtually eliminated the theories of kidnapping and amnesia because no ransom notes had been received and because of her medical history. He also discounted the idea that Indian politics had played any part in the disappearance.

She had many friends, attended theaters and night clubs, but no romance was uncovered in the painstaking search, Cronin said. The night before her disappearance she had a tea date with a young U. S. Army lieutenant, but their conversation

made it plain it was not a love affair. After tea, Vaisa returned to the house, a residence for foreign students, and entertained with native Indian dances. With another Indian girl and an Egyptian student, her closest friends, she chatted casually from 8 o'clock until nearly midnight. "Then," said Cronin, "there's a four-hour lapse. We don't know what she did during that time or made up her mind to do."

He said he did not eliminate the chance she had gone for an early walk and been assaulted, or that she was the victim of an automobile accident. "But I lean towards suicide," he added. "She didn't make a confidante of anyone; she didn't even make plans to see her friends the next day. I think more of the signs — taking no money, just walking out—point toward that."

Dorothy Sain Is Elected President Of Sorority

Officers To Be Installed At Dinner Dance

Dorothy Dean Sain was elected president of the Beta Sigma Phi sorority at a meeting held at the Settles hotel Tuesday evening.

Retiring president, Harriette Smith, presided over the business session and other officers elected include Patty Toops, vice president; Freda Hoover, treasurer; Nell Rhea McCarty, recording secretary and Felton Walters, corresponding secretary.

Installation of officers will be held at the Ritual of Jewels dinner dance which will be held on the evening of May 4th at the Settles hotel.

The second in a series of rush parties will be held Friday evening in Eddy Raye Smith's home at 611 East 16th, and the affair will be a gay nineties party.

The model meeting will be held at the Settles on May 18th and the referendum tea is to be held in Nell Rhea McCarty's home on Sunday, April 23. Final entertainment will be the dinner dance on May 4th.

Those attending the meeting were Janie Brimberry, Lucille Burke, Joyce Croft, Ann Darrow, Pat Dubbins, Tommy Dodrill, Gene Goin, Loveda Grafa, Frances Hendrix, Ann Le Fevre, Gloria Nall.

Lee Ida Pinkston, Dorothy Dean Sain, Billie Frances Shaffer, Mattie Skiles, Sis Smith, Harriette Smith, Marguerite Wooten and Eddy Raye Smith.

Auxiliary To Sponsor Tea

The Woman's Auxiliary of St. Mary's Episcopal Church will give a tea on Thursday afternoon at 4 p. m. in the parish house for Deaconess Katherine Putnam, formerly of China.

Deaconess Putnam recently returned to this country on the Gripsholm and has had many years of experience in China including bombing raids and internment in a concentration camp.

All members of the church and friends are invited to attend.

Amazing way to be Mentally ALERT ... Physically FIT!

1—Promote the flow of vital digestive juices in the stomach
2—Energize your body with RICH, RED BLOOD!

THESE two important steps may help you to overcome the discomforts or embarrassment of sour stomach, jerky nerves, loss of appetite, underweight, digestive complaints, weakness, poor complexion!

A person who is operating on only a 75 to 78% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped. So with ample stomach-digestive juices PLUS RICH, RED-BLOOD you should enjoy that sense of well-being which denotes physical fitness... mental alertness!

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, yet have no organic complication or local infection, SSS Tonic may be just what you need as it is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD VOLUMES when deficient.

Build Sturdy Health and Help America Win

Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that its results—SASSY! Why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again." At drug stores in 15 and 30 cc. sizes. O.S.S.O.

SSS TONIC
helps build STURDY HEALTH

DOWNTOWN STROLLER

Talked with MRS. ROYCE SATTERWHITE, early today, who was on her way to the Sweetwater district conference which is being held at the First Methodist church. She was wearing a light yellow ensemble with a matching Dutch cap and looked very nice.

Accidentally ran into MARY AUSTIN, outstanding Texas author, who is recuperating from an illness and is resting here. She is very anxious to get back to writing her weekly articles for the New York Times.

LYNETTE McELHANNON, cadet hostess, was telling us of the acute housing shortage for cadet's wives, and wives of service men in general as for that matter. The USO faces the same situation daily, trying to find rooms for the wives, and both are appealing to townspeople to rent that spare guest room. Kitchen privileges or not... the girls are desperately in need of a place to stay.

A happy Easter surprise arrived Monday for Mrs. WALTER GRICE. It was a bouquet of carnations from her son, DOYLE, a first class private in the marines who is in the South Pacific. The gift was one day late—but do you think that made any difference to Mrs. Grice?

Mrs. L. Cook And Mrs. E. Andrews Are Hostesses To The Past Matron's Club

Past matrons of the Order of the Eastern Star were entertained with a party in Mrs. Ladonia Cook's home Tuesday evening and Mrs. Emily Andrews was co-hostess.

Mrs. Nettie Mitchell, club president, presided over the business meeting and reports were given by the various committees. New telephone committees appointed included Mrs. Verda Mae McComb, Mrs. Rose Stringfellow and Mrs. McCleeny. Visitation committee includes Mrs. Willie Mae Dabney, Mrs. Pearl Urey and Mrs. Emily Andrews.

Mrs. Frances Fisher, chairman of the Red Cross surgical dressing room, reported on progress of the work and urged all members to work at the volunteer service headquarters over Wacker's store.

Games were played and Mrs. Agnes V. Young was awarded a prize. Secret sister gifts were exchanged and refreshments were served buffet style from a table which featured an Easter centerpiece.

Hostesses for the next meeting will be Mrs. Lena Koberg and Mrs. Jessie Graves.

Those attending were Mrs. Nettie Mitchell, Mrs. Susie Musgrove, Mrs. Ruby Read, Mrs. Frances Fisher, Mrs. Agnes V. Young, Mrs. Sylvia Lamun, Mrs. Edith Murdock, Mrs. Clessie Baggett, Mrs. Rachel Ivey, Mrs. Ollie Smith.

Mrs. Mae Hayden, Mrs. Blanche Hall, Mrs. Ruth Eason, Mrs. Brownie Dunning, Mrs. Verda McComb, Mrs. Nora Williamson, Mrs. Lena Koberg, Mrs. Rose Stringfellow, Mrs. Lulu Leeper, Mrs. Ann Eberley, Mrs. Pearl Urey, Mrs. Emily Andrews, Mrs. Minnie Michael and the hostesses.

Women who suffer SIMPLE ANEMIA

Music Club Is Entertained In O'Brien Home

Members of the Junior Music club met with Richard and Robert O'Brien at their home Tuesday for a business session and program directed by Melba Dean Anderson.

Betty Jo Pool, retiring president, presided over the meeting and new officers were elected. The group includes Richard O'Brien, president; Cora Ellen Selkirk, vice president; Joe O'Brien, secretary; Melba Dean Anderson, treasurer.

Recordings which were played included "Beethoven's Symphony No. 5 in C minor," the prelude to "Die Meistersinger Overture" by Wagner, "The William Tell Overture" by Rossini, and selections from "Nut Cracker Suite" by Tchaikovsky.

Plans were discussed for a musical tea which will be held in May and those attending were Melba Dean Anderson, Helon Blount, Jean Ellen Chowms, Marilyn Keaton, Betty Jo Pool, Cora Ellen Selkirk, Mildred Watson, Gypsy Cooper, Nina Curry, Patsy McCormick, Mrs. Hal Runyan and Mrs. Pat Kenney, sponsors, and the hosts.

Officers Elected By North Ward Parent-Teachers

Cub Membership Cards Presented By H. D. Norris

Highlight of the monthly meeting of the North Ward Parent-Teacher Association which was held at the school Tuesday afternoon was election of new officers for the unit.

Mrs. B. E. Winterrowd, retiring president, presided over the meeting and new officers elected were Mrs. Walter Davis, president; Mrs. Gady Dorsey, vice president; Mrs. A. L. Gooper, secretary and Mrs. W. F. Cook, treasurer.

New officers will take charge at the next meeting and will be installed at a joint installation service in May.

Mrs. Garnett Miller's first grade class presented the afternoon program and H. D. Norris, scout executive, presented cubs with membership cards.

Jewel Barton spoke to the group on "Freedom Through Health" and Mrs. Ann Fisher, county health nurse discussed "Our Duty to Be Well."

Mrs. W. F. Cook reported a balance of \$95.67 in the treasury and room count for having the most mothers present went to Mrs. Miller's class.

Those attending were Mrs. B. A. Munger, Mrs. Miller, Mrs. Clayton McCarty, Mildred Creath, Mrs. L. H. Merworth, Mrs. F. E. Holley, Mrs. C. L. Mason, Mrs. C. V. Hultt, Mrs. Ted McMurry, Mrs. S. T. Corcoran, Mrs. George Hill, Jewel Barton, Mrs. M. L. Hayworth, Mrs. Marie Walker, Mrs. P. B. Webb, Mrs. Joe Arnold, Mrs. Ann Fisher, Mrs. W. D. Arnold, Mrs. Melvin Choate, Mrs. B. E. Winterrowd, Mrs. Eugene Clark, Mrs. C. C. Mason, Mrs. F. M. Patterson, Mrs. Junia Johnson and Mrs. A. L. Cooper.

Society Of The Dead Men's Eyes Gives New Sight To The Blind

By BONNIE WILEY
AF Features Writer
SAN FRANCISCO—A clearing house for corneas, San Francisco's unique Dawn society, is swept off its feet these days with about 1,000 letters a month from donors who want to pledge their eyes, after death, that the blind may see—and from the blind, themselves, groping toward a new-found ray of hope.

The Dawn society was organized in 1939 in the belief that sight could be restored to many of the blind if a successful corneal transplant operation could be performed.

The cornea is the transparent part of the eyeball coat over the iris and pupil which admits light to the interior. Through an intricate operation, corneas can be transplanted from one eye to another.

Sponsored by the Grand California Lodge of the International Order of Good Templars, the non-profit society has one purpose—to secure pledges of eyes, after the death of donors, for eye surgeons and eye hospitals registered on its rolls. It also keeps a file of blind patients who might be benefited by operation.

"The corneal transplant will not restore sight in all cases," pointed out O. A. Springfield, the society treasurer. "There are about 200,000 blind in the nation who might be cured by the operation. We require an examination by an eye specialist before any blind applicant is admitted to our rolls."

Hundreds of pledges have been obtained. More are needed. One letter came from a 14-year-old girl. "When I die I want my eyes to go to a blind person," she wrote.

She received a pledge card by return mail with the fervent wish that her pledge would not be carried out for a long, long time to come.

Liquor Office To Be Moved To Odessa

The district Texas Liquor Control board office will be moved from Big Spring to Odessa and Big Spring's office will become a sub-station, it was announced Tuesday.

Files were being emptied Tuesday for the change.

The transfer is being made in order to establish district headquarters at a more central point. The office here will continue with the same functions in this immediate area.

A. J. Hartson, district supervisor, and one other member of the district staff will go to Odessa to join the man already on duty there and two will remain here.

EYE FOR AN EYE—Modern surgery gives a new twist to the Biblical saying. Transplanting corneas is delicate, intricate operation. Illustration by Frank H. Netter, M. D.

Engineering Course Reaches Half Mark

The Basic Industrial Safety Engineering course, offered as an extension service course by Texas Tech and sponsored by the Big Spring Safety Council, is now at the half way mark on its 96-hour schedule.

During the first half of the course, reported Otto Peters, Sr., instructor, there has been a 91.91 per cent attendance by the 17 students enrolled. Seven of the number have 100 per cent records. Average class examination grade is almost equal to attendance, being 87.64.

Members of the class are H. A. Crocker, Virgil A. Cross, Nolan L. Childress, Charles O. Donaldson, Monroe E. Harlan, Burl Haynie, John T. Johnson, Lambeth Q. Low, Cecil C. McDonald, Clyde McMahon, J. Arnold Marshall, Theron Earl Martin, Earl L. Rogan, Oscar D. Turner, Lee Marshall Weed, and O. D. Young.

KEEP IT QUIET
SEATTLE — Seattle residents, always eager to publicize superlatives concerning their port city, are trying to keep this one quiet.

According to a city health department report, Seattle rats have more fleas than rodents in any other city.

Food Prices Have Not Risen Sharply, Says Region Board Head

Food prices have not advanced during the past year as much as most people believe. B. F. Robinson, chairman of the Howard county ration board, said Tuesday. Comparing figures in grocery ads of this year against a year ago, he found that prices were similar. Tomato price was from two to three cents higher on No. 2 cans, grapefruit juice about the same. Green beans were roughly three cents lower. Baby food was the same. Sugar dropped off two cents on a five-pound bag. Spinach was up a cent and peas were about the same. Tomatoes rose substantially, and because some of the cheaper brands were missing, the jump amounted to as much as four cents on a No. 2 can. These were typical, according to Robinson, and the list could be extended indefinitely. He looked on it as proof of what cooperation of grocers and the price panel can accomplish in holding prices down. On seven of these items mentioned, the cost a year ago was 98 cents. Now it is \$1.02, a rise of four cents.

Non-Fiction Tops Novels In Britain

LONDON — For every novel or volume of short stories, the British public is reading from seven to ten non-fiction books.

London bookstores reported recently that not a single novel is included in some of their weekly best-seller lists. War books, autobiographies, histories, art, criticism, and poetry are among the leaders. Here are some of the current favorites: "The Truth About Munich" by Lord Maugham; "A Little Place in the Country" by Marjorie Hessel Tiltman; "Desert Journey," a photographic record, by George Rodger; "Weather-wise," a study of climate, by J. H. Willis; "A Survey of Russian History," by B. H. Sumner; "The Cruel Solstice," a collection of poetry, by Sidney Keyes, who died in action recently; "My Long Life," Douglas Sladen's autobiography.

He Wasn't Kidding

PORTLAND, Ore. — The Boy Scouts, the veterans' Guard and the public that wanted to make post-war plans were turned away from Fernwood school where their meetings were scheduled to take place. "I," said the temporary janitor, scrubbing away behind locked doors, "am hired to do the sweeping and I can't clean up after night meetings. If the public comes in tonight, I walk out." The public did not come in.

Private Breger Abroad By Dave Breger

"I'm not very good at this game!"

Final Plans Made For French Ball

Final plans were being made for the French benefit ball which will be held in the Seties ballroom Saturday evening at 9 o'clock, sponsored by the French detachment of the Big Spring Bombardier school for the French prisoner's relief fund.

Ballroom decorations for the dance will be suggestive of cafe life in France with a background scene of Paris, and paintings are being done by Lt. Edmond Vales, who before the war, was a promising French painter.

Highlight of the evening's activities will be a floor show which will be presented by the officers and cadets of the detachment, who are reminding the public, that the show will not be professional, but very entertaining. French folk songs, student songs, old French dances and perhaps the 'can can' will be included in the entertainment. A magician act will be presented along with other surprise numbers which have not been announced.

Thursday evening at 7:15 o'clock a preview of the entertainment will be presented by the men over KBST who will be presented in French songs and other numbers.

Music for dancing at the ball will be furnished by the post orchestra, and funds received will be handled through Washington, D. C., for French prisoners of war.

Public Records

Warranty Deed
Eugene C. Masters to T. A. Magee and wife, lots 1, 2 and 3, block 21, Cole and Strayhorn addition; \$40.

In 70th District Court
Melvin F. Wilson versus Elizabeth E. Wilson, petition for divorce.
Julia Ola Moore versus Robert S. Moore, petition for divorce.

Building Permits
J. E. McNeese to move a chicken house from outside the city limits to N. Scurry street, cost \$215.
Luciano Sepalida to demolish a house at 628 NW 3rd street, cost \$50; build a house at 304 Orendoff, cost \$150.
Mrs. M. Raymer to add porch to house on road east of experiment farm, cost \$30.
Valentine Deanda to roof house at 408 NW 6th street, cost \$10.

Speaker To Honor Pan-American Day

AUSTIN, April 12 (AP)—A Pan-American Day address will be delivered at the University of Texas on April 25 by Dr. John C. Patterson, chief of the division of Inter-American educational relations, U.S. Office of Education, according to announcement from the university.

His address, which is sponsored by the University Institute of Latin American Studies, forms part of the two-day regional program of the Pan-American round-tables.

Dr. Patterson, formerly a resident of Uvalde, Texas, holds two degrees from the University of Texas.

Use Candle Light

CAPE GLOUCESTER, New Britain — Marines in the jungles aren't blessed with electric lights, but they usually manage to get light for letter writing. A large slyng can, split in two lengthwise, makes a fine reflector and wind-protector when candles are available.

Soap Smoke Kits

CAPE GLOUCESTER, New Britain — Marines in the south Pacific jungles have solved the problem of keeping cigarettes dry by using ordinary two-part soap trays. A soap tray is large enough to accommodate matches, a pack of cigarettes and a snapshot of the girl friend.

GRIN AND BEAR IT

"You better get your own breakfast, Ambrose! . . . You know how upset the cleaning woman gets if I don't have the house spick and span!"

Wanted To Go Home To See His Bird Dog

DALLAS, April 12 (AP)—The man in the divorce case stood before Judge Paine L. Bush and tears rolled down his cheeks.

He asked to be allowed to visit his home, just for a little while.

The lawyer for the man's wife objected. "She doesn't want to see you," he said.

"It's not so much the woman I want to see, Judge," the man said in reply. "I'd like to get out to the house and see my bird dog for just 15 minutes. I haven't seen him for 10 days."

The judge granted the man an hour with the dog.

"Use-Eggs-Now-Month" Proclaimed By Governor

AUSTIN, April 12 (AP)—EGGS above and beyond the demand of the market, brought from Governor Coke Stevenson the proclamation that April be known as the "Use-Eggs-Now-Month."

Spring time brings the best fresh eggs, said the governor, and increased consumption now will save good food, encourage production to maintain full production and benefit the health of the people.

Stevenson complimented the farmers for producing this essential item, but remarked that their enthusiasm had caused them to produce eggs beyond the quantity needed.

Absent Host Was Nearly A Ghost

SOMEWHERE IN ITALY — American Field Service Major William Perry from Cobham, Va., invited his friends at a volunteer ambulance corps headquarters to a party but never appeared—he was too busy being shipwrecked. On his return from the Anzio-Netuno beachhead the ship broke anchor in a high gale and crashed on a rocky shore. It was a good party, the guests report, and the host considers himself lucky to hear about it.

Giant Transport Was Sunk By Mine

WASHINGTON, April 12 (AP)—The Giant army transport, President Coolidge, which was reported lost in the South Pacific more than a year ago, struck a mine and sank on a reef while approaching the American base at Espiritu Santo in the New Hebrides Islands northeast of Australia.

The location of the sinking now can be disclosed since the war fronts have moved far beyond that base which at the time of the Coolidge's loss was in the thick of operations.

Captors Get Birdie From Photographer

WITH SECOND ARMY ON MANEUVERS, Tenn. — Pfc. J. Melan Heslop, Signal Corps photographer captured by the enemy Blues, made good his escape by appealing to their vanity.

He posed them on a log over a stream for a picture, set off a flash bulb in their faces and vanished into the woods before his blinded subjects could scramble back to land.

Scientists say one common cause of constipation is lack of sufficient "cellulose" elements in the diet! But Nature has made KELLOGG'S ALL-BRAN one of her most effective sources of these important elements! They help the friendly colonic flora fluff up and prepare the colonic contents for easy, natural evacuation. KELLOGG'S ALL-BRAN is not a purgative! Doesn't "sweep you out!" It's a gentle-acting, "regulating" food!

If you have constipation of this type, eat KELLOGG'S ALL-BRAN regularly with milk and fruit, or mixed with other cereals. Drink plenty of water. See if you, too, don't get real help! Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek, Mich.

3 drops open nose, ease breathing, give cold air. Caution: Use only as directed. Always get Penetro Nose Drops.

BUY WAR BONDS

"Before the war we used to drive up to Missouri each Spring to visit Aunt Cora. Now we just write each other and plan our post-war visits. We don't mind. The gas we save is needed at the war front."

Did you know that—

Ships carrying supplies from the United States to our bases in North Africa use an average of 214,000 gallons of heavy fuel for the round trip.

Midwest Boxers Unlimber Kayos In National A. A. U.

By STEVE OLEARY
BOSTON, April 12 (AP)—It took some time to unlimber the big guns, but when the boys from the midwest finally opened up with the heavy artillery the National A. A. U. boxing championships ended with a barrage of knock-outs.

New Rules Will Make It Easier For Cage Umps.

By BOB HERDIEN
CHICAGO, April 12 (AP)—Arthur "Dutch" Lomborg, Northwestern University's basketball coach, says he doesn't think officials will have such a terrible time with their 1945 whistle-blowing under the rules recently adopted by the national basketball committee.

Lomborg came to the rule maker's defense after Nick Kearns, veteran midwestern official, yesterday denounced the changes as placing too heavy a burden on the officials.

"I like that five-foul rule," Lomborg stated. "The game's a great deal faster—and, incidentally, 10 minutes shorter—since the elimination of the center jump. Naturally more fouls have been called. The new rule will permit players to remain in the game longer, so that players and coaches—and fans who come to see a favorite athlete—all will benefit."

Dutch, whose Wildcats finished the recent Big Ten cage game campaign with eight wins and four losses, expressed satisfaction at the legislation designed to prevent so-called goal tending by key-scraper centers.

"I'm not too kindly disposed towards the unlimited substitution rule, however," Dutch admitted. "I think it'll slow up the game too much. And if it's an uneven contest in which substitutes can race on and off the floor with the greatest of ease, some games will never end."

Swell Chance Noses Out Gissimo By Hair

SAN MATEO, Calif., April 12 (AP)—It was a photo-finish as Swell Chance nosed out Gissimo in yesterday's six-furlong feature race at Bay Meadows. Wine Punch was third.

Swell Chance returned \$15.10, \$4.50 and \$2.80, Gissimo \$2.80 and \$2.30 and Wine Punch \$3.10.

KEY & WENTZ INSURANCE AGENCY
The Biggest Little Office in Big Spring

opened the championship round with a first-frame knockout, the heat was on and each and every title quest was fraught with the possibility of a high voltage wallop.

It remained, though, for the Cleveland boys to put the coup de grace to the affair and Ray Standifer, the light-heavy, and Sgt. Eddie Sims, USA, heavyweight, obliged with convincing first round teings to send the 7,000 odd fans home happy. Sims in particular pole-axed one Rayno Workman from Alexandria, Va., so decisively that for a moment it seemed hospitalization would be necessary.

Major Jones, the bustling little feather from Kansas City, connected the other lethal display in the finals by a first-round knockout of Horace Tabbone, the Oklahoma Indian, who, until then, had been reckoned with as a hard-hitting contender.

But even the artillery could not shatter the brilliance of Joe Gannon, the Washington welterweight, whom the crowd took to its arms as the show's outstanding performer for his brilliant display of boxing with a rapier-like left jab and smashing right hand, in the 147-pound finale.

The new champions include five under 18 years of age, one 19-year-old 4-F, a war worker and a service man. Look them over:

112—Cecil Schoonmaker, New York, 17, previously won National Golden Gloves and East-West tournaments.

118—Nick Saunders, St. Louis, 19, 4-F war worker, thinks he'll remain amateur.

126—Major Jones, Kansas City, 16, schoolboy, wants to be as good as Ray Robinson and is well on his way.

135—Joey D'Amato, Warren, O., 16, sorry had to win at expense of teammate and roommate Frank Muche.

147—Joe Gannon, Washington, D. C., 17, fighting since six his explanation of his fine showing, plans joining Navy on return to Washington.

160—Frank Sweeney, Washington, D. C., 17, green but willing, only has boxed five months.

175—Ral Standifer, Cleveland, 23, war worker, turning pro immediately.

Heavyweight—Sgt. Eddie Sims, USA, 24, in Army more than two years. Plans to turn pro.

Registered Heifer Purchased By Hall

Dr. G. T. Hall, Big Spring, has recently acquired a registered Holstein-Friesian heifer from the herd of J. W. Campbell, Seguin.

Change of ownership for this animal, Champagne Matador of Ingletcroft 2349745, has been officially recorded by the Holstein-Friesian Association of America, Brattleboro, Vt.

The association issued 540 registry and transfer certificates to Texas breeders during 1943.

There are about 3,000 species of mosquitoes.

Alexander Hamilton once lived on Wall St., New York City.

Fountain Of Youth For Horses

By DELING BOOTH
AP Features
COLUMBIA, S. C.—A fountain of youth for racing thoroughbreds, over whose entrance might be posted "Through This Gate Pass The World's Fastest Horses," has flourished here for 17 years after bubbling from a quirk of fate.

Chance pulled a slight of hand on two brothers, Clarence and Merritt (Happy) Buxton, in 1926 to set them and their eight bang-tails down in the middle of the state fair grounds here for the winter.

The small center field stables and the eight horses the Buxtons wintered here to recover from the trials of a Cuban racing season are memories now, but from that beginning has bloomed a stable with 240 stalls that has housed many turf immortals.

Currently here are W. E. Boeing's Slide Rule, winner of \$116,700 last year in eight races, including the Arlington classic; Devil's Thumb, idle as a three-year-old, but whom Trainer Cecil Wilhelm feels may best the Rule in the season ahead; and Blue Sword, Derby runner-up to Count Fleet last spring.

Yearlings being broken, two-year-old hopefuls, three-year-old Derby entrants and older handicap horses who have made names for themselves are among the 140 horses here this year under a dozen trainers, including Max Hirsch, W. G. Douglas, Eddie Costes of the Paragon Stables and James Mahoney of Massachusetts' Bay Cove Farm.

Sun Beau, among the top all-time high money winners, was the first of the big-name horses to take advantage of the winter-temperate weather and a good loan track.

Other leaders trained here have been Cavalcade, 1934 Derby winner; Heather Brown; Bold Venture, Derby winner in 1936; Stagehand, 1937 Santa Anita victor; Seabiscuit, Santa Anita winner in 1940; Discovery, Display, Kayak II and Chaledon.

Over Two Score Grid Aspirants Are Expected

Equipment will be issued to more than two score aspirants for the 1944 football team starting Thursday.

John Dibrell said he expected the number coming out for spring football practice would be held within 50 candidates because he will have the coaching job all to himself and could not effectively handle more than that number.

There will be no regular workouts until Monday because several of the boys out for track will be tied up with that sport at least until Saturday when the district meet is held in Midland.

Prospects now are that there will be only six lettermen returning, but Dibrell is practically happy over this number. For a time it looked as if he would have only five and maybe less.

About one-third of all gasoline produced east of the Rockies goes to the Armed Forces.

Political Announcements

The Herald makes the following charges for political announcements, payable cash in advance:

District offices . . . \$20.00
County offices . . . \$17.50
Precinct offices . . . \$10.00

The Herald is authorized to announce the following candidates subject to the action of the democratic primary, July 22, 1944:

For State Senator:
STERLING J. PARRISH

For Congress:
GEORGE MAHON
C. L. HARRIS

For District Attorney:
MARTELLE McDONALD
County Judge:
JAMES T. BROOKS

Tax Assessor-Collector:
JOHN F. WOLCOTT

For Sheriff:
BOB WOLF
DENVER DUNN

For County Attorney:
GEORGE T. THOMAS

County Clerk:
LEE PORTER

District Clerk:
GEORGE CHOATE

Treasurer:
MRS. IDA L. COLLINS

Commissioner Precinct No. 1:
WALTER W. LONG
J. E. (ED) BROWN
A. L. McCORMICK

Commissioner, Precinct No. 2:
H. T. (THAD) HALE
W. W. (POP) BENNETT

Commissioner Precinct No. 3:
R. L. (PANCHO) NALL

Commissioner, Precinct No. 4:
GLASS GLENN
AKIN SIMPSON
EARL HULL

Justice of Peace, Pct. No. 1:
WALTER GRICE
J. S. NABORS

Constable, Pct. No. 1:
J. F. WIMB CRENshaw

Devil's Thumb, left, and Slide Rule, W. E. Boeing's crack four-year-olds, before a workout on the Buxton Brothers' winter training track at Columbia, S. C.

INSIDE BASEBALL TRAINING CAMPS

By TED MEIER
NEW YORK, April 12 (AP)—George's Case's five-year reign as the major league's leading base stealer may come to an end this year.

The Washington Senators outfielder had to go to top speed last season to nose out Wally Moses of the Chicago White Sox, with 61 stolen sacks to Moses' 56. This year George Etruswies of the Yankees, may make it a three-way race.

Stirwies swiped only 11 for the world champions last season, but he watched most of the games from the bench.

Other major league news: Cincinnati Reds — "Let them pick the Cards and Cubs," explained Manager Bill McKechnie as the Reds reached Crosley field. "Somebody's going to be surprised," indicating he thinks Reds will win pennant.

Pittsburgh Pirates — "Oh, if Wally Hebert were back with us again," said Manager Frankie Frisch. "Our pitchers don't look too bad but we could use one or two more."

Philadelphia Phillies — Right-hander Dick Barrett or Southpaw Al Gerheuser will start opening game against Brooklyn at Shibe Park Tuesday.

Detroit Tigers — Joe Orrell, who worked 20 innings for Tigers last year after purchase from Portland, is expected to make first 1944 start in exhibition against Louisville today.

Cleveland Indians — Mickey Rocco has recovered from foot injury. Outfield recruit Cliff Mapes due for pre-induction exam tomorrow.

Brooklyn Dodgers — Rookie Catcher Mike Utley was optioned to New Orleans while infielder Frank Drews was returned to St. Paul.

Philadelphia A's — Arkansas Joe Eberry held Toronto Maple Leafs to one hit in four-inning game; now in line for post as top relief pitcher.

New York Giants — Pitcher Harry Feldman left for Fort Smith, Ark. where his wife suffered a heart attack. He said he did not expect to rejoin club.

Chicago Cubs — Paul Derringer and Bill Fleming are down with flu while Paul Erickson is far behind in training as a result of being struck on cheek by pitched ball.

St. Louis Browns — Mark Christman hopes for more hits like the three-run triple he hit off Mort Cooper, of Cards, yesterday. Pitcher Newman Shirley again rejected in army physical exam.

Chicago White Sox — Johnny Humpries and Orval Grove named to hurl against Cubs on Friday.

St. Louis Cardinals — Outfielder Johnny Hopp's homer wasted as Caris lost to Browns.

Boston Braves — Outfielder Chet Ross announced at Buffalo he would rejoin club after being laid off by war plant where he was working. He expects to play couple of months "before the army calls me."

Fastest Horses Are Entered In Handicap

MEXICO CITY, April 12 (AP)—Twenty-five of the speediest horses in Mexico are entered in the \$25,000-added handicap De Las Americas, principal race at the Mexico City racetrack. Racing Secretary James F. Gallagher has announced.

Among the entries are L'On-dree, mare bought from Bing Crosby in Argentina; Gay Dalton, son of American Flag owned Denton, Bul and O'Hay of Taos, N. M.; Nurse's Aide, Denver Second Seeing Eye, Soup and Fish and Struttin' Sam.

PILES CURED WITHOUT THE KNIFE!

Blind, Bleeding, Protruding, no matter how long standing, within a few days, without cutting, tying, burning, sloughing or detention from business. Fissure, Fistula and other rectal diseases successfully treated.

EXAMINATION FREE

Rectal and Skin Specialist
Ablene, Texas
At Douglass Hotel, Big Spring
Every 2nd and 4th Sunday,
12 a. m. to 5 p. m.

Giving Heaven Hand With Working Girl

SAN FRANCISCO — The Young Woman's Christian Association has opened "The Loft," a commodious bring-your-own lunch room in the financial district for the white-collar working girl, generally overlooked in war work benefits.

Gaily decorated in chintz, "the Loft" provides a cafeteria where sandwiches can be purchased at cost, three private dining rooms for lunch-box parties, game and lounge rooms. The first day brought 6,700 customers.

Steers To Enter Every Event In District Meet

Three Schools Will Compete

Coach John Dibrell has refurbished his team to include entry in all events Saturday at the district track meet at Midland in hopes of coming through on a long shot chance to finish higher than third in the three school district.

His thinly-clad did very well in the Odessa meet, the only one in which they participated this season, but failure to enter enough events hurt team chances in finishing very high in the running.

The Steers ought to have a good chance of winning or placing close to the top in these events against Midland and Odessa: 100 and 220-yard dashes, pole vault, broad jump, shot put. Chances are fair in the mile, the discus, 440-yard dash, 200 low hurdles and 440 relay.

This is the way that Dibrell has entered his lads for competition Saturday:

High hurdles—Jim Bob Chaney. This is Chaney's first meet in the event.

100-yard dash—Kenny Partridge, Pee Wee Simmons, Robert Miller.

440-yard dash—Hugh Cochron and Donald Webb.

200-yard low hurdles—Simmons and Chaney.

440-yard relay—Partridge, Miller, Leo Rusk, Hugh Cochron.

880-yard run—Bob Sisson, Jay Boyles.

220-yard dash—Partridge and Miller.

1 mile—Ben Aguerre and Webb.

1 mile relay—Cochron, Sisson, Simmons, Miller.

Pole vault—Simmons and Chaney.

High jump—Chaney and Boyle.

Shot put—Rusk and Cochron.

Broad jump—Boyle, Rusk and Chaney.

Discus—Boyle, Rusk and Chaney.

Pukka Gin To Make 1944 Debut Today

NEW YORK, April 12 (AP)—The winter book favorite for the Kentucky Derby, Lt. Col. C. V. Whitney's Pukka Gin, is expected to make his first 1944 start today in the \$5,000 six furlong experimental free handicap at Jamaica.

Rated the best of last year's juveniles by handicapper John Campbell, Pukka Gin has been assigned top weight of 126 pounds in the first division of the race against seven other three-year-olds.

In the second division Mrs. Payne Whitney's Stir Up, another Kentucky Derby nominee and winner of the Flamingo at Hialeah, is top weighted at 114 pounds against six other probable starters.

Joint Race Meeting Is Set For Pimlico

BALTIMORE, April 12 (AP)—Maryland's second venture in a joint race meeting, the pattern for which was fashioned at a highly successful season last fall, opens at the historic Pimlico race course today.

Combining efforts to stage a 28-day meeting at the old hilltop oval are Pimlico, Laurel, Bowie and Havre de Grace, the last three of which have found it inadvisable to operate at their own plants because of transportation difficulties.

Rain threatened to reduce the first day's attendance and wagering, but indications were that both figures would be higher than last spring's crowd of 10,415 and mutual handle of \$429,527.

Feature race of the opening day's program was the \$7,500-added Rowe Memorial Handicap, a traditional Bowie stake contested at six furlongs.

Question Is Whose

ST. PAUL (AP)—For a year the St. Paul police department has kept two valuable rings in a safe.

The rings were found in the possession of a woman who had received them from a man now imprisoned for auto theft. The prisoner had admitted he stole the rings from a man who has a police record.

And the second man won't talk.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis or neuritis pain, try this simple inexpensive home recipe that thousands are using. Get a package of Ru-Ez Compound, a two-week supply, today. Mix it with a quart of water, add the juice of 4 lemons. It's easy. No trouble at all and pleasant. You need only 2 tablespoons two times a day. Often within 48 hours—sometimes overnight—appreciable results are obtained. If the pains do not quickly leave and if you do not feel better, return the empty package and Ru-Ez will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. Ru-Ez Compound is for sale and recommended by Collins Bros. and drug stores everywhere. (adv.)

Winning Jockeys To Be Awarded Bonds

CHICAGO, April 12 (AP)—There will be an added incentive to spur jockeys to victory in the two weeks of racing at Sportsmen's park—awards of war bonds to riders finishing among the first four.

John L. Keechin, president of the National Jockey club and operator of Sportsmen's park race track, announced the leading rider of the meeting which opens April 29 to inaugurate the Chicago racing season, will be given a \$750 war bond. Other awards will be for \$400, \$300 and \$200.

WASTE PAPER MOVES MOUNTAINS TO WAR!

MOUNTAINS of supplies are piled up on American docks... and other mountains are rising across the seven seas, at invasion bases, ready for action. And all are wrapped or packed in paper... tons of it.

Food rations, cartridges, blood plasma... they all go to war in paper you helped to save.

We'll need even bigger mountains of paper-wrapped war materials before we can put across that big push. Many of them, such as bomb bands, parachute flares and gas mask canisters, are made of waste paper.

Do your share to move these mountains... to get them to the fronts... to crush our enemies under them!

Save waste paper... save it carefully and save as you have never saved before. You may save a life!

Colorado Teachers Renamed By Board

COLORADO CITY, April 12—All teachers in the Colorado City school system were reelected here in a meeting of the school board Monday night. Only one vacancy for the 1944-45 term is known to exist at present. The resignation of Miss Joy Pace, homemaker teacher in the high school, became effective March 14. A substitute teacher will be used the remainder of this term and a new homemaker teacher elected at a later date.

Principals and the athletic coach for the high school were reelected at an earlier meeting this year as was Ed Williams superintendent. The principals are O. W. Cline, high school; Aulas R. Smith, junior high; Mrs. Winnie Quinney, Hutchinson; and Mrs. Pearl Shropshire, primary. "Doc" Walker is coach.

Farm Problems Discussed At Angelo Meet

Farm labor problems and matters in which the labor shortage may be relieved were discussed at a bi-district extension conference in San Angelo Tuesday, said O. P. Griffin, Howard county agent, who attended.

J. D. Prewitt, state director of extension, spoke, stating that Texas has 240,000 less farm workers than in 1940, but is asked to increase crop production 35 per cent over 1940. This year's goals represent a four per cent increase over 1943, he said. The farm labor shortage in the nation is 500,000, which largely must come from new sources.

Three-fourths of all the farm production in the United States results from labor of the farm operator and his family, it is estimated.

Some sources of additional labor, the director said, are migratory labor, available labor in the farm community, exchange of labor between farmers, numbers and place of registration in order that request may be made with selective service boards for their deferment until after sheep shearing. Griffin asked that shearers operating in this vicinity list that information with him.

EUROPE INVASION SCENE

Activities at the USO

WEDNESDAY
6:15 — Hospital visiting hour at post.
8:30 — Games and dancing with Wednesday GSO.

THURSDAY
Square dancing class.

FRIDAY
Bingo party.

SATURDAY
4:00 — 10:00 — Cookies and coffee furnished by a Coaloma Demonstration club to be served by volunteer hostesses.
9:00 Recording hour in lobby.

Former West Texas Doctor Succumbs

FORT WORTH, April 12 (AP)—Dr. Arvel R. Ponton, 59, who had used horses and buggies, automobiles and airplanes for transportation during his 38 years of professional life as a physician and surgeon, died yesterday in a hospital from injuries received Sunday when a horse fell with him at his ranch near Aledo.

Dr. Ponton, who had practiced here for 24 years, entered his profession at Copperas Cove, using the horse and buggy for his travels. Later, during his practice at Lubbock and Post, he bought one of the first automobiles to be operated on the South Plains.

After moving to Fort Worth, he bought an airplane and flew to hospitals he operated at Denton and Edinburg. He also operated a hospital here.

Funeral services were planned for tomorrow.

Kemper Kimberlin of Possum Kingdom Dam has been visiting here with Mr. and Mrs. E. B. Kimberlin.

Farmer Fox First

ALBANY, N. Y. (AP) — It takes a fox to catch a fox.

That was the state conservation department's observation in naming Albert Fox, Steuben county farmer, New York's champion trapper for the season.

Fox averaged more than \$100 weekly between Nov. 5 and April 1, the department said, trapping 75 foxes, 253 muskrats, 12 (the legal maximum) beaver, 40 skunks, 13 mink, 21 raccoon, 15 possum and two weasels.

Time Element

WATERBURY, Conn. (AP)—The Waterbury American attempts to answer all queries directed to it but, it admitted, it was stumped by "WHY the invasion be on Eastern war or eastern standard time?"

State To Keep Up Highways Through City

City commissioners Tuesday authorized the signing of an agreement with the state highway department for the maintenance of two state highways which pass through the city.

Under the agreement, the state will assume all expense in connection with maintenance of state highway No. 1 (US 80) which becomes Third street through the city and of state highway No. 9 (US 87) which becomes Gregg street through the city, with the exception of an angle through the northwest corner of the town.

Commissioners extended until June 1 the time for paying paving accounts without incurring interest for delinquency because there had not been sufficient time to notify all parties concerned that the interest-free policy was being rescinded as of April 1.

Official canvass of the April 3 election showed R. L. Cook, W. S. Satterwhite and G. H. Hayward with 54 votes each and accordingly they were given the oath of office.

Extensive reports on the search for additional water supplies were made to the commission by Joe Lang, engineer for the US Geological Survey, who has explored underground supplies extensively in this area. Lang indicated that all developments thus far put a northern Glasscock county territory in the most promising light.

A. & M. Club Will Honor San Jacinto

An annual San Jacinto day celebration will be conducted by Howard county A. & M. club at 7 p. m. April 21 in room 1 at the Settles hotel — on the same day ex-students of the school are conducting traditional meetings in various parts of the world.

The program will include the national anthem; roll call; "The April 21 Tradition"; "On the State of the College," a message from F. C. Bolton, acting president; "We Are Going Places," report from Jake Hamblen, president of the ex-students' organization; a speech by a local man, later to be announced and business meeting, roll call for those absent, closing ceremony.

Bruce Frazier of Big Spring is president of the county organization. Maj. A. D. Morrow is in charge of arrangements for participation of A. & M. ex-students stationed at Big Spring Bombarrier school. Reservations may be made with him by those at the school, with Dudley Mann, by other "exes," and with "Spud" Tatum, county agent at Sterling City, by former students of that vicinity who wish to join the Howard county agent at Sterling City, will be \$1.50. It was requested that reservations be made by April 20.

Kiddies' Day Turns Into Family Affair For Lions Meeting

Traditional "Kiddies' day" program of the Lions club came near being a family affair Wednesday for the auxiliary, composed of wives of the members. Joined in the affair in the Settles ballroom, Rev. P. D. O'Brien conducted a quiz program with questions alternated between Lions, Lionesses and children. Mrs. K. H. McGibson, auxiliary president, extended thanks for the joint session.

Approximately 150 were in attendance. The program was in charge of Jack Y. Smith and Wanda Lou Petty, accompanied by Mrs. Anne Gibson Houser, entertained with a vocal number.

Grand Jury Will Study Death

A 70th district court grand jury, which Tuesday returned three indictments, will reconvene at 10 a. m. Saturday to investigate the death of Manuel Salgado, Mexican, who died Tuesday night of wounds suffered Sunday.

Jesus Mendolla is being held in county jail on a charge of assault with intent to murder.

Salgado suffered stomach cuts, after which Mendolla was arrested and returned to jail. Mendolla, also a Mexican, had been released on bond March 29 on another assault charge.

Funeral services for Salgado will be held at 6 p. m. Thursday at the Sacred Heart Catholic church. Eberly-Curry Funeral home is directing arrangements. He formerly was with the Texas State guard.

The grand jury, besides investigating the death of Salgado, is to consider at later meetings other cases carried over from Monday and Tuesday sessions.

Indictments returned Tuesday were: Cruz Lesova, indicted on a charge of theft by bailer; Tubercio Nunez, on a charge of theft, a felony; and Barrie Hay Jones and Donald Larry Jones, on a charge of theft, a felony.

Lesova later waived right to trial by jury and pleaded guilty before the court, receiving a two-year penitentiary sentence.

Meth. Hold Session In Local Church

Around 200 Methodist delegates from the Sweetwater district met at the First Methodist church Wednesday morning for an all-day conference starting at 10 a. m. Dr. C. A. Long, district supervisor, presided over the morning session and principal address was given by Dr. Harold G. Cook, president of McMurry college in Abilene.

A district Woman's Society of Christian Service meeting was held in the church parlor during the morning session and women from the local church served luncheon at noon.

Service Start By Continental Strikes Snag

Continental Airlines will not begin service on its El Paso-San Antonio line on April 15 or originally planned, it was announced here Tuesday.

Ken Allen, public relations man for the company, said here Tuesday that arrangements had not been completed with the military for use of landing facilities of the army at San Angelo and for flying over certain target areas in this section but that negotiations were underway with the army in an effort to sign out these difficulties.

May 1 was set as a possible date for inaugurating the service, but this was contingent upon reaching of an agreement with the military. Meanwhile, work started on the remodeling of a part of the terminal building at the municipal airport for space for the new airline. All details for use of the field here, which now is in the army, had been worked out weeks ago.

Postmaster Nat Shick began to wonder if there wouldn't be need of two flights to handle mail on the first flight now that it has been postponed. He has more than 500 first flight covers to dispatch on the initial trip.

BIG SPRING DAILY HERALD

I can TASTE it ain't real

IT'S NEWS, said a famous editor, when boy bites dog but commonplace when dog bites boy.

It is not quite clear why our young inquiring reporter had to sink his teeth into the subject to discover that it isn't the genuine article. But many a motorist would like some similar way of quickly discovering the real thing when he wants high quality motor oil.

The difficulty is that he can't detect quality in a lubricant by taste, smell, sight, or feel. Yet there is an easy solution to the problem. Just remember that to end confusion and doubt, Phillips makes this simple, straightforward statement: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

The recommended oil change period used to be every 1,000 miles. With today's reduced driving, experts say motor life is lengthened by changing oil every two months. And now is the time for seasonal change to replace winter-worn lubricant. So be sure to get quality by asking for Phillips 66 Motor Oil.

CARE FOR YOUR CAR—FOR YOUR COUNTRY

It's Phillips Finest Quality MOTOR OIL

PROVED IN 50 BILLION MILES OF SERVICE

Earning Apportionment

For many years West Texas groups, particularly the West Texas chamber of commerce, have taken the position that state scholastic apportionment payments should be on the basis of attendance rather than on census or enrollment.

In general, this would work to the advantage of schools in this section because of the higher percentage of enrollment actually in class. That is exactly as it ought to be. In a measure, schools then would be getting support in direct proportion as they earned it.

It doesn't make any difference if it is in the backwoods of East Texas or right here in Big Spring, if a child does not attend school, the school has no moral right to collect funds from the state—except that everybody else does the same thing. Actually the school is doing nothing, other than maintaining facilities, toward educating an absent child.

Needless to say, our per capita apportionment would increase and possibly our own system would get more state support. If it didn't, then the way would be clear to go out and compel more students to come in as the state compulsory attendance law requires. No school could say it had done its best to earn maximum state aid until it matched attendance, enrollment and census.

Recently the Texas State Teachers association pointed out that the per cent in Texas on average daily attendance of public school pupils is 72.82, compared with a national average of 89.0. The state furnishes up to \$25 of this.

On our institutions of higher learning, however, the per capita appropriation by the state runs into several hundreds of dollars per student.

We think college educations are highly desirable, but we also think the adequate education of the masses is preferable to the intensive education of a comparative few. Our expenditures for public school education ought to be re-examined on a per capita basis. Once adjusted to a more realistic far-sighted basis, it ought to then be paid only as schools earn it through pupil attendance.

It Might Save Money, Too

Representative Dirksen (Ill.) charged recently that government agencies are unnecessarily consuming large quantities of paper. From the public printer he procured these estimates on paper consumption by some agencies: Congress \$410,000, the department of commerce \$1,447,000 or three and a half times as much. The navy spends 10 times as much and the war department 23 times as much as congress. The department of agriculture \$642,000, National Housing Agency \$196,000, and Office of War Information \$261,000. These are by no means the crop, but recapitulation will show \$17,200,000 they are putting into paper, now a notoriously short product. If these and others managed to conserve on paper as established publications are, they not only would help the paper situation but save the humble taxpayer a little as well.

Hollywood—

Army Beefs About Ham Films

By ROBBIN COONS

HOLLYWOOD — "What got me" — it was John Wayne talking — "was the way those kids out there kept their sense of humor. Through hard work, battle, or deadly monotony, they could laugh. Healthily beeping, sure, but no squawks. . . . Taking it, day after day, and not complaining. It got me."

Big Wayne covered 30,000 miles in three months on his Victory Committee-U. S. O. tour of the south Pacific fronts. He came back, like most actors who go overseas, with that apostolic gleam in his eye. He wanted to tell other actors they should go, too. He wanted to tell the home folks about what the boys needed — cigarette lighters (because matches drawn in the humidity), phonograph needles, records for wind instruments, cigars . . .

"Cigars. They get all kinds of cigarettes, but no cigars. And up front they've got nothing to do but smoke, listen to radios — if they've got one—and see movies. Back of the lines the sports centers are fine, but they can't play ball or box up front. You got an old radio? Or a piece of one? Ship it to the Special Service Officer, A. T. C., San Francisco. They'll repair it, using parts of other broken radios, and ship it out to the jungles. . . .

"Movies. They'll walk five or six miles through mud and jungle

just to see one. They carry their own boxes, cans, logs to sit on. I guess 100,000 men told me they don't want propaganda pictures—they know the job they got to do, and they're doing it, without squawks. They don't want war pictures with false heroics, either. They don't think of themselves as heroes."

Wayne, one-time footballer and movie prop man, took about five years to get over feeling sheepish about being an actor. Finally he discovered that he could be an actor and still keep other people's respect. Since his trip, he's downright proud to be one.

"If you're in pictures," he said, "good, bad, or indifferent, you're

still a familiar face — somebody from home. You can break the monotony of heat and work — the work of building roads, draining swamps, loading and unloading ships, work in mud to the hips. They can talk about you, write home about you, say hello to you, ask you to say hello to the folks and the best girl. . . .

The star of "The Fighting Seabees" wishes he could have taken the producer along. "We could have skipped the fictitious story telen," he said, "and just shown what great work the Seabees do. . . ."

Wayne has "Tail in the Saddle" and another movie to do, then he plans to get on an overseas circuit again. Maybe by that time he'll have figured out a way to oblige the G. I.'s who said: "They send us dehydrated eggs, dehydrated vegetables, dehydrated this and that. Tell 'em to dehydrate some ice-cold beer and send it out."

The War Today

by DeWitt Mackenzie
Associated Press War Analyst

Today's horse-laugh.—The unprecedented shelling which American and British warplanes are giving western Europe in preparation for invasion is interesting commentary on the following Nazi propaganda, issued by Radio Zeeman a year ago: German air defense is so strong that the enemy cannot approach military targets."

Secretary of State Hull's blunt warning to neutral nations last Sunday to stop lending aid and comfort to our enemies, delivered in the course of his exposition of America's foreign policy, hasn't failed on deaf ears abroad, though it remains to be seen how receptive they are.

"Quick reaction comes from a pro-Nazi source in one of the most important neutrals—strategically situated Turkey—whom the Allies have been trying ineffectually to persuade to join them in the war so as to speed victory. The newspaper Cumhuriyet, a Hitlerite sympathizer, declares there's no reason why Turkey shouldn't continue to ship chrome to Germany."

Now that's a direct reply to Mr. Hull, for one of the sins of the neutrals he mentioned Sunday was "sending to Germany the essential ingredients of the steel which kills our soldiers." Chrome is an essential of steel, and Hitler is mighty short of chrome.

Of course Cumhuriyet doesn't necessarily speak for the government. However, the Turks maintain a rigid censorship and would scarcely permit publication of such an editorial unless they were willing to fly a balloon to test the Allies. In this connection it's interesting to note Berlin's announcement that Franz von Papen, German ambassador to Turkey, has arrived at Istanbul and will stage "a very great reception" in the next few days.

We shouldn't jump to the conclusion from the above that Turkey is swinging into the German camp. What it may mean—not only as regards Turkey but some other neutrals—is that they fail to recognize that the world is entering a new epoch in which neutrals no longer will have a place. Our globe has so shrunk under the white heat of military science that the time has passed when any nation can refuse to take a positive stand, either for or against.

Two-year war production of the U. S. automotive industry totals more than five billion dollars in aircraft, nearly two billion in tanks and more than four billion in other military vehicles and spare parts.

The Unseen Audience

THE SPONSOR'S ENTHUSIASM FOR SYMPHONY CONCERTS IS GENERALLY UNDER CONTROL

Capital Comment— Mahon Sits In On Jones' Conference

By GEORGE STIMPSON

WASHINGTON — Everybody was shocked to learn of the sudden and untimely death of Bill Elliott, secretary to Cong. Dick Kleberg. He was one of the most popular and loved men on Capitol Hill. In the years that I knew him I do not recall ever seeing him in a bad humor or without a smile on his face. They threw the mounds away when they made Bill Elliott and never made another like him.

Grady Hill, secretary to Cong. O. C. Fisher, has left Washington with his wife and daughter for San Angelo. . . .

Cong. George Mahon, of Colorado City, went over to the agriculture department the other day on business. While there he was asked to attend the regular morning session of the staff of War Food Administrator Marvin Jones. Assistant War Food Administrator Grover Hill told George that they had had a Russian general as a guest and they might as well invite a congressman also.

George said he enjoyed the experience. These staff meetings were started by Judge Jones and have done much to increase the efficiency of the War Food Administration. All the heads of bureaus attend and make a short, snappy report on the latest de-

velopments. A great deal of the internal friction in the food administration has been eliminated by Judge Jones, direct, business-like and impartial manner of dealing with his personnel. The chief topic of discussion at the meeting which Mahon attended had to do with the egg surplus and the farm machinery shortage, two subjects in which the Texas is very much interested.

The cherry trees around Tidal Basin are just beginning to bloom. This year more than 200 new trees around the Jefferson Memorial are flowering for the first time.

Waitresses at Shaul's cafeteria next door to the Press building came around at the close of the dinner hour last night and distributed orange juice to the guests free. The management had stocked up a little too freely on this delicious fruit juice. I had breakfast with Harold Young, of Dallas, who is executive assistant to Vice-President Henry Wallace. Harold told me that he is one of 13 children, all living.

Cong. Ewing Thomason, of El Paso, thinks the contract air schools have done a marvelous job and thinks some department of government should put these abandoned schools to some useful purpose.

Washington—

Keeping Red Cross In The Black

By JACK STINNETT

WASHINGTON — Government officials, especially military and naval, are shaking their heads sadly over the failure of the people to meet the \$200,000,000 Red Cross subscription quota within the allotted month. In a war where billions are being spent monthly, they consider something is awry when the all-important Red Cross can't garner \$200,000,000. It's only \$75,000,000 more than was asked last year when we were hardly in the war. It's only twice the support given the Red Cross in that preliminary skirmish which was World War I.

Out of the experiences of that war, the military and naval powers learned a lesson and in this efficiency of the War Food Administration. All the heads of bureaus attend and make a short, snappy report on the latest de-

base hospitals overseas and they are there today in deserts, jungles, the British Isles and a hundred other far-flung battlefronts. 10. The Red Cross is the only agency in wartime America which does any of these things without one cent of government funds. It's the only war front organization in the world that isn't supported by taxes.

Maybe we just didn't know. National Anthem Research BOSTON — The banning of Igor Stravinsky's dissonant version of "The Star Spangled Banner" here recently sent Boston Public Library attendants scurrying through their files. Up came music-wise Richard G. Appel with proof that there have been more than 100 variations of the national anthem, 53 of them written during the first 50 years of its existence.

1. Only the Red Cross collects blood plasma for the armed forces. To date it has collected 6,500,000 pints, and now collects about 100,000 pints a week. 2. Only the Red Cross maintains an emergency civilian unit between men at the front and families at home to help solve family problems. 3. Only the Red Cross can send inquiries to locate persons in enemy or occupied territories and since January, 1942, more than 1,500,000 have been made.

4. Only through Red Cross channels can packages of food and recreational equipment reach prisoners of war. Even the millions forwarded by such organizations as the Knights of Columbus and the U. S. C. A. are sent through the Red Cross. 5. Only Red Cross is permitted to register nurses for the Army and Navy — their registration quota is now 2,500 a month. 6. Only the Red Cross produces non-commercial surgical dressings — the Army alone asks for 3,500,000 a day.

7. Only the Red Cross is permitted to send "clubmobiles" to the fighting fronts and establish recreation centers virtually within the zones of fire. 8. Only the Red Cross can stock Navy patrol boats and dirigibles with emergency medical, clothing and food kits for torpedo survivors. 9. Only the Red Cross, outside military personnel, is allowed to have women workers in field and

Texas Today

Calamity Hits At Cotton Belt

By The Associated Press
Calamity is rapping at the door of the Texas cotton belt.

That obnoxious immigrant, the pink bollworm, has slipped from its bridgehead in the lower Rio Grande valley to gain a foothold in the Gulf Coast area. This migration, say government experts, constitutes a grave economic threat to the entire south. . . .

Calhoun, Matagorda and Brazoria counties—Texas' newest infestation areas—are under emergency quarantine, which means that cotton raised in these counties must be ginned there and that seeds must be treated at designated oil mills and kept within that area. . . .

"These new infestations probably are of wind drift origin of the parent moths from the increased infestation near Brownsville," explains J. M. DeFurto, chief of the division of plant quarantine, Texas department of agriculture. He believes that a march of the pest through the cotton belt can be halted only by a successful control and eradication program in the lower Rio Grande valley this year, and in Mexico during the next few years. . . .

Currently under quarantine in South Texas are 500,000 acres, including 100,000 acre in Cameron and Hidalgo counties, the heaviest valley infestation area. Infestation in coastal counties extends to Brooks, Duval, Jim Hogg, Kleberg and Jim Wells and to Tom Green, Howard and Mitchell in the plains section. . . .

The Texas agriculture department has formulated for the 1944 cotton crop the most stringent rules ever employed in the valley. Growers are required to destroy cotton stalks by Sept. 15, two weeks earlier than usual. The idea is to reduce the cotton growing season, thus cutting down the number of generations of pink bollworm that can develop in one season. . . .

South Texas farmers are spending about \$600,000 a year to fight the pest plus federal expenditures of \$500,000. . . .

L. F. Curl, chief of the U. S. department of agriculture's division of pink bollworm control says the special committee is accomplishing two results through its educational work: 1. Preventing the build-up of the pink bollworm in the counties already infested with the pest. 2. Preventing its spread into adjacent counties. . . .

At least 20 Texas counties are infested and six—Calhoun, Matagorda, Brazoria, Tom Green, Mitchell and Howard—are under quarantine. In South Texas 500,000 acres are quarantined. The ease and rapidity with which this dangerous cotton pest spreads is indicated by these figures: About 14 lower Rio Grande valley counties now are infested compared with four in 1941, according to Rep. George Mahon. In one year pink bollworms increased 127 times in Cameron county. In 1942 pink bollworms were 293 times as abundant in the Rio Grande valley as in 1941, says Rep. Richard M. Kleberg. . . .

Winds often carry the parent moths hundreds of miles, infesting new areas. Government experts say that during the severe hurricane of last July moths were carried 500 miles from South Texas to infest parishes in Louisiana. . . .

Says Alston Clapp, Sr., secretary of the insect control section of the statewide cotton committee of Texas and a member of the National Cotton Council of America: "It is quite possible that this infestation could be spread broadcast in the cotton belt in a comparatively brief period if the Brownsville-Matamoros area were to be in the path of a tropical hurricane making a typical north-east recurve. Thus pink bollworm moths would be transported for long distances and scattered over the cotton fields during the summer or early fall."

Demo Delegates May Vote Rayburn

DALLAS, April 12 (AP) — Gov. Coke Stevenson says the Texas delegation to the national democratic convention in Chicago July 19 "may not have to worry much about" the vice-presidential nomination.

The delegation "may be instructed for Speaker Sam Rayburn for vice president," the governor said in an interview with a news reporter, adding that he was convinced President Roosevelt could have a nomination for a fourth term if he wanted it.

Stevenson said he thought that would make the vice-presidential nomination of first importance to the Texas delegation.

Here to address a joint conference of the Texas Lumbermen's association and the Texas Mill Managers' association Stevenson said he did not know whether he could attend the Chicago democratic convention. The governor returned to Austin late yesterday.

Search Abandoned For Murder Weapon

AMARILLO, April 12 (AP) — Sheriff Bill Adams of Potter county said last night the search for a pistol in the Canadian river bed in connection with the slayings of Dr. and Mrs. Roy Hunt of Littlefield, Tex., had been abandoned.

Adams said officers had given up efforts to find the weapon because they could go no further with available equipment.

State and county officers began a search for the gun several weeks ago after they quoted an Amarillo man as saying he had thrown a pistol in the Canadian river. The officers at the time said they felt the weapon was an important clue in the Hunt murder case.

An effort to turn a wide channel in the river was given up. It was next announced that a powerful magnet might be utilized, but Adams said no power for the magnet could be brought to the scene.

James C. Thomas, a convict, was indicted Monday at Olton in connection with the slaying of Dr. Hunt.

'Headhunters' Group Bags 202nd Plane

SOMEWHERE IN NEW GUINEA, April 12 (AP) — The "Headhunters" fighter squadron of the Fifth airforce shot down its 202nd enemy plane today and Allied commanders here claimed it thus became the first American fighter squadron to pass the 200-plane mark during the war.

Six victories over the Japanese today boosted the Headhunters over the 200-mark. Who claimed victims were:

Capt. Jay Robbins, Coolidge, Tex., had two victories for a total of 18.

Draft Confusion

EL PASO, (AP) — Saul Kleinfeld sent his wife and two children to his wife's mother in Pasaic, N. J., sold his home and furniture and gave away all but one suit of clothes in preparation for induction into the army April 1.

At the induction center he was told he could forget the order, that he didn't want now since he is over 26. His plea to be taken in anyway availed nothing.

So he got his job back as an advertising manager for a furniture store and set out to find a hotel room.

Wrong Initials

PASADENA, Calif. (AP) — Six radio police cars and as many motorcycle patrolmen sped away to capture Irving "Porky" Wade, 16-year-old high school youth who was delivering eggs.

Surrounded, the youth stoutly protested to the officers: "Look! My nickname is 'Porky' — 'Porky' Wade, see?"

Even so, the police suggested it would be well if he'd paint out the initials "P. W." stenciled on the back of his jacket because someone thought he was an escaped prisoner of war.

SMU SEEKS FUNDS

DALLAS, April 12 (AP) — Trustees of Southern Methodist University have decided to seek up to \$8,000,000 for the school's endowment fund and \$750,000 or more for new buildings.

President Umphrey Lee has announced. Details of the plan are to be submitted to the trustees by their executive committee at a meeting here June 18.

Have a Coca-Cola = ¿Qué Hay, Amigo?
(WHAT GIVES, PAL?)

... or making pals in Panama

Down Panama way, American ideas of friendliness and good neighborliness are nothing new. Folks there understand and like our love of sports, our humor and our everyday customs. Have a "Coke," says the American soldier, and the natives know he is saying *We are friends...* the same friendly invitation as when you offer Coca-Cola from your own refrigerator at home. Everywhere Coca-Cola stands for the pause that refreshes,—has become the high-sign of kindly-minded people the world over.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY
TEXAS COCA-COLA BOTTLING COMPANY
Big Spring, Texas

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

Final Rites Set For Pioneer Ranchman

AUSTIN, April 12 (AP) — Funeral services will be held here today for Rector M. Thomson, 91, pioneer ranchman who operated in Runnels, Schleicher and Sutton counties with his late brothers, Horace A. and Thaddeus Thomson.

Dr. Kenneth Pope will officiate at the services at the First Methodist church, of which Thomson was a steward for many years.

Thomson was a native Texan and came to Austin in 1876 to engage in the land business. His brother, Thaddeus, was minister to Columbia during the administration of President Woodrow Wilson.

Among the survivors is a son, H. B. Thomson of Dallas.

Odessa Man Named State Bar Director

AUSTIN, April 12 (AP) — Thomas J. Pitts of Odessa has been nominated by petition as a district director of the state bar of Texas.

Other nominees for district director, said Secretary William J. Park, include J. D. Buster of Sherman and R. T. Lipscomb of Bonham for the fourth district and John Q. Adams of Harlingen for the 13th district.

Nominations close May 1 and balloting will be by mail from May 15 to 30.

The state bar's annual meeting will be held in Fort Worth June 28 and 29. Speakers include Associate Justice Hugo Black of the supreme court of the United States who will address the judges' section.

SWARTZ'S

SUPPLIES RECEIVED

WHEN the news is flashed to America that the Yanks are advancing, all America sighs with relief and knows that the supplies our men need are received on time.

Getting supplies to our fighting men on the far flung strategic bases and battle areas is the vital job for the railroads today.

Just think—ten and one-half tons of weapons and supplies must go overseas with every fighting man. And another ton and a half must be sent each month to keep him going.

Yes, the job of supply grows bigger and bigger. A job that takes the maximum of planning, precision timing and the nth degree of cooperation of the railroads. The job is being done—EFFICIENTLY. Supplies are received—the Allies advance.
