

Local Telephone Service To Begin Sunday

D-Hour Is Set for 1:01 a. m. Locally

Eastland residents will find one of the world's finest, most modern communications systems at their fingertips Sunday morning.

The old manual telephone system will die a sudden death early Sunday morning and in its place will be a modern dial telephone system.

The change will be made while the city sleeps.

The new system will be "cut" into operation at 1:01 a. m. Sunday morning.

It will be a big day in Eastland's telephone history.

It will be "ring out the old, ring in the new" here at 1:01 a. m. Sunday when Southwestern Bell Telephone Co. puts the new dial system in operation.

"Ring out the old" means an end to the manual telephone system which has served the city since telephones were first installed here.

"Ring in the new" heralds the advent of the automatic telephone system—a significant milestone in the city's communications history. It will mean that Eastland will have the finest, most modern telephone service available anywhere," Archer Marx, telephone company manager said.

"Everything is ready for the switchover," Marx said.

As the time for the change to dial approaches a few last calls will be trickling through the present switchboard and the last familiar "Number, please" will be heard. At 1:01 a. m., a final check of calls being handled will be made to assure that no emergency calls are involved. Then the cut-over order will be passed to telephone men who will go into action at the present central office and at the new building.

Key cables which have been "half-tapped" so that they would be connected to both central offices while the new dial system was under construction will be cut so that all lines will tie into the new dial office. Simultaneously at the new dial building, hundreds of small "blocking tools" will be quickly yanked out of the dial equipment by men pulling away hundreds of them at a time by means of connecting cords.

Then each telephone line in the city will be connected directly to the new dial switching equipment. The power switch in the old central office will be thrown and the new dial system will be in operation.

With these moves, too, every telephone number in the city will change.

The actual change to dial operation will take less time than it takes to tell about it. But the job to be done in a few second climaxes months of painstaking effort by telephone technicians all over the country, Marx pointed out.

A new telephone building was constructed; loads of dial telephone equipment was engineered, built to order, delivered, placed and wired. A group of Western Electric installers were on the job. Installation of the new system required several thousand hand-soldered wire connections inside the new building.

In addition to this work, outside construction crews added thousands of feet of new wire and cable to the city's network of lines; local telephone men installed.

Don Kincaid Is Candidate for Representative

Don Kincaid, Cisco school teacher and rancher, today announced that he will be a candidate for state representative from the 76th District in the May 7 Democratic primary.

Kincaid, 27, is a native Texan and has lived in Eastland County for the past 10 years.

He is a graduate of Cisco High School, Cisco Junior College and Abilene Christian College. He graduated with honors from ACC. He is married and the father of two children, Deneice, 6, and Delaine, 4. Mrs. Kincaid is the former Pat Agnew, daughter of Rev. and Mrs. Mart Agnew of Cisco.

A civics and history teacher at Cisco Junior High School, Kincaid also owns a turkey ranch between Eastland and Cisco. Until recently he was active as a partner with Kincaid Feed and Turkey Hatchery in Eastland. The Kincaids have since leased the business.

Active in farm and ranch circles, Kincaid is a director of the Eastland County Farm Bureau and served that organization as vice president last year. He also has served as secretary of the West Texas Ranchers Association and is past president of the Central Texas Turkey Growers Association.

Kincaid is a member of the Cisco Church of Christ. He is a former member of the Cisco School Board and is presently president of the Cisco Junior College Ex-Students Association.

In announcing his candidacy, Kincaid said, "We all realize that in the next regular session of the Legislature there will be many vital issues concerning all of us."

"I realize that in asking the

AIR FORCE OFFICERS VISIT CITY

C-C Group Discusses Organizing CAP Unit

Members of the Chamber of Commerce Aviation Committee, headed by Horace Horton, and other interested persons, met with Civil Air Patrol leaders from the Texas Wing Headquarters Wednesday to discuss the possibility of the formation of a CAP unit in Eastland.

The group met at Lone Cedar Country Club for lunch and discussion.

Representing CAP were Major Fred Coleman, USAF, Liaison Officer attached to wing headquarters at Grand Prairie and 2nd Lt. William Burkett, wing information officer of Irving.

The Civil Air Patrol is an auxiliary of the United States Air Force composed entirely of civilian volunteers. It recently celebrated its eighteenth birthday. The CAP was formed just before Pearl Harbor in 1941 to take advantage of the capabilities of civilian pilots.

During the World War II, CAP planes racked up thousands of hours of submarine patrol along our nation's coasts. Since then, CAP planes have conducted many search and rescue missions for downed or missing aircraft.

Scout Troop Six To Sell First Aid Kits Here

Beginning Monday, Feb. 15 Boy Scouts of Troop 6 will conduct a house to house "Be Prepared for Accidents" campaign in Eastland.

Members of the Troop will visit every home in the community. They will present the homeowner with a first-aid chart showing approved procedures for dealing with various types of accidents, and will offer to assist the homeowner in checking his first-aid supplies to determine whether his kit is properly stocked for accidents emergencies.

Where inadequacies are revealed, the members will offer a selection of first-aid kits so that the home owner may choose the kit that best meets his needs, a Troop spokesman said. Kits designed for use inside or outside the home will be available. Auto kits, travel kits and kits suitable for the hunter and fisherman will be included in the selection.

The first-aid kits are supplied by one of the world's largest manufacturers of surgical dressings through the Corner Drug. Profits will be used to help defray expenses of the troop.

J. M. Horn and Norman Watson, scoutmaster, said, "We hope our campaign will alert our entire community to the importance of being prepared to give accident injuries prompt first aid."

two groups: cadets and senior members. Cadets have the opportunity to learn more about the aerospace age in which we live. Seniors conduct much of the business of CAP, own most of the aircraft and generally supervise the cadet program of the cadet members.

A brief list of some of the activities of the Civil Air Patrol during the summer last year will help to illustrate some of the organizations activities.

Eleven thousand Civil Air Patrol cadets attended summer encampments on 38 Air Force Bases.

Fifty-two young male cadets attended the Jet Age Orientation Course at Perrin, AFB and 52 female cadets attended a similar course at Gunter AFB, Ala.

One hundred and forty-three cadets were guests in one of 19 countries this summer in an exchange program which saw 134 young men from those countries hosted by CAP Vines in 20 states.

Approximately 15,000 cadets participated in the national drill competition from which 220 finalists, representing each of the eight regions, Puerto Rico and Hawaii, were chosen to compete at New York City for top honors.

Many women cadets participated in the Inter-Region Cadet Exchange.

Incomplete reports indicated 767 hours were flown by CAP crews in search and rescue missions during summer months. The Air Force pays for fuel and lubricants during search and rescue missions.

More than 1,800 school teachers attended 46 aviation education workshops in colleges and universities of this country.

CAP maintains the largest civilian-organized largest civil- (Continued on page two)

NEW TELEPHONE SYSTEM—Bill Walters, left, and A. D. Taylor, right, of Southwestern Bell Telephone Company, make a final check of Eastland's new dial switching equipment which will go into service at 1:01 a. m. Sunday.

Mavs Drop Coleman Tilt; Play Ranger

Eastland's Mavericks folded in the final half here Tuesday night to lose a 46-37, District 7-AA cage game to the Coleman Bluecats. The loss dropped the Mavs a step lower in the circuit, to fourth place.

Eastland will journey to Ranger Friday night to resume district play. The Mavericks gained an easy win over the Bulldogs in their first game of the year.

The locals jumped out from 13-9 in the first quarter against Coleman and enjoyed a 24-18 halftime margin. While Eastland cooled in the third quarter, getting just six points, Coleman got hot to take a 31-30 third quarter lead. The Bluecats widened their margin in the final period to win going away.

Mickey Garner was high pointer for Eastland with 13 points and Phil Lewis had 11. Charles Mayo paced the winners with a 17-point performance. John Wilson scored three points for the Mavs, Don

Wilson got six and David Whitten four.

The Eastland B team also lost, 52-41. Clark Conner was high for the locals with 11 points and Mike Haynes led Coleman with 19.

In other district action, Cisco and Winters continued to lead the circuit as both scored wins. Cisco breezed to a 54-39 win over Ranger and Winters edged Ballinger, 55-51, in a closer than anticipated game.

7-AA STANDINGS

Team	Wins	Losses
Cisco	6	1
Winters	6	1
Coleman	5	2
Eastland	3	4
Ballinger	1	6
Ranger	0	7

O. R. 'Ott' Ervin Candidate For Commissioner

O. R. "Ott" Ervin of Ranger recently announced as a candidate for Commissioner of Precinct No. 1 in Eastland County, consisting of Ranger, Olden and Eastland.

Ervin was born in Ranger, and has lived in Ranger most of his life. He attended school in Ranger and is a member of the First Christian Church.

Ervin married the former Miss Loyce L. Miller in Goldthwaite in 1919.

For the past 15 years he has been an employee of the Sinclair Pipeline Company.

The Ervins have five children, James L. Ervin, a Major in the Air Force, stationed in Sherman; Don M. Ervin, owner and operator of a jewelry store in Ranger; W. D. Ervin with the Texas and Pacific Railway Company in Fort Worth; B. G. Ervin, operates an insurance agency in Longview; and Max A. Ervin, assistant manager of Rocky Mountain Division of Pure Oil Company in Denver, Colorado.

Dogies Blast Ranger; Cisco Tourney Next

Running up their highest score of the year, Eastland's Junior High Dogies downed the Ranger Pups, 56-28, Tuesday night in Ranger.

Four Dogies scored in double figures, and Coach Joe Ingram got good team play from his entire squad. Mike Miller paced the locals with 16 points and Manuel Herrera had 12. Jimmy Moylan and Hayden Wilson each scored 11 points. Catch Phillips had four and Perry Treadwell two.

The Dogie B team also won, but had more trouble in doing it. In the second, sudden-death overtime, Wayne Walden sunk a field goal to give Eastland a 22-20 victory.

The Dogies will swing back into action Thursday when they enter the Cisco Junior Tournament along with the Junior High girls. The girls will play Baird's girls at 6 p. m. and the boys play Baird at 6 p. m.

Visiting May... Spread Flu

Dale Troutt, Eastland Memorial Hospital administrator, today urged area citizens to stop visiting the hospital unless "absolutely necessary" due to the "near-flu epidemic."

Troutt said that citizens are "spreading the flu back to the community" by visiting patients having flu. He urged their cooperation.

Scouts Plan Busy Week To Observe Anniversary

Eastland Scouts will join in observance of the golden jubilee of Scouting this coming week.

Sunday all local Scouts will attend church services in a group at 11 a. m. at the First Church of God. Each year the Boy Scouts attend a different church here.

Special displays will be placed in windows of downtown stores showing work done by Scouts.

The highlight of the week will be Saturday, Feb. 13, however. That's when the Scouts will take over the city government for a day, under supervision of the scoutmaster, M. G. Cartwright and Jack Willis are Troop 103 scoutmasters and Jim Horn and Norman Watson are Troop 6 scoutmasters.

Scouts recently partially completed their "good will, good turn" portion by helping in the downtown March of Dimes drive.

A Court of Honor is scheduled for Feb. 18.

Fifty years of service to boyhood through the program of the Boy Scouts of America is to be observed as the golden jubilee during Boy Scout week February 7-13 throughout America.

Scouting for boys had its beginning in America in 1910 resulting from a "good turn" administered to an American business man in England and today more than 21 million boys have been in the citizenship training and charter building program in this country.

"Over 2332 Cub Scouts, Boy Scouts and Explorers under the leadership of 854 volunteer leaders in 123 Scouting Units sponsored by 79 Churches, Schools, Veterans Organizations, Civic Clubs and other groups are preparing to participate in Scout week activities," according to Lowell Pouncey of Brownwood who is Chairman of Camping and Activities in the eight-county Comanche Trail Council, E. R. Weatherford of Breckenridge and Norton McCullough of Brownwood are District Chairmen of these Committees.

The members are engaged in a five point plan which includes attending church services as a Unit on Scout Sunday, Feb. 7, displaying an up-town window with handicrafts and camping equipment, conducting an open house with parents and friends and presenting awards, adopting a project of service to their sponsors or community to carry out the slogan "good will and good turn", and going on an outing or hike with advancement as the objective. Each Unit that completes four of the five points will receive a golden jubilee certificate. Boys who have uniforms are urged to wear them.

One of the highlights of the year is the National Jamboree to be held near Colorado Springs, Colorado July 22-28. It is expected that two full Troops, of seventy-four Scouts and Explorers, with their leaders to attend from this area. Reservations are being accepted through the Boy Scout Office in Brownwood for the Jamboree trip.

A Report to the Governor program will be held in Austin Feb. 13 with Eagle Explorer John Tompkins of the Lampasas Kiwanis Club Post 9 representing Comanche Trail Council in this special activity. W. H. Taylor, Advisor and Explorer of Post 9 will also attend.

"We encourage each sponsor or organization to cooperate with the Scouts in observing the anniversary," stated Cyrus B. Frost, Jr. of Eastland, President of the Council.

Rhodes' Roundup

By Oran Wayne Rhodes

Howdy!

The flu bug has finally hit Eastland High School. There have been several out of school this past week. School will continue, however, the work, never slackening.

Last week, Eastland boys basketball team defeated Ballinger and then lost Friday night to Cisco. This puts Cisco and Winters in the heat of the race, Eastland is out but could still have a district record if they win the rest of the ball games. They played Coleman in the local gym last Tuesday night and will play Ranger at Ranger Friday night.

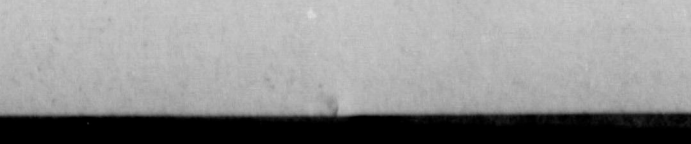

The Mavericks played Winters Monday night and were defeated 48-31. The girls kept at their heels until the last quarter when Winters pulled away. The girls will play the Cisco girls in the local gym tonight. The girls have a 2-3 record in district with three more games to go.

The seniors certainly wish to thank Charles Marshall and the other sponsors who went to the T.C.U. Career Day conference last Friday. Everyone enjoyed it and I hope they all learned something. The seniors were fairly well scattered over the different conferences. Some went to mechanical, chemical, coaching, law, nursing, aviation and other conferences. I hope that everyone can branch out this way and everything will be on an even keel.

Don't know any more harm I can do, so I guess I had better go.

HOLLYWOOD HAPPENINGS

news from the
HOLLYWOOD V-ETTE VASSARETTE FACTORY
By GEORGIA GOSNELL

Hello there! Yep, we finally made it back into the Telegram this week. There have been so many "virus bugs" flying around here and in our homes, we have all been fairly busy.

Set Leonard Alldridge, Jr. is on a 30 day leave and is visiting his family in Abilene and his mother, Ethel, here in Eastland.

James Earl Johnson has been on a trip to sunny California to visit his brother, Robert, who is employed by the Post Office Department there.

Indies, our style No. 1245 is selling very rapidly. So fast, in fact, we have had difficulty in securing enough lace to keep production going 40 hours straight in this style. They have a push up pad and wide set straps. This style number comes in white on pink, black on pink and all white.

Did you know that we have salesmen that cover places such as South Africa, Panama, Trinidad, Cuba, Guam, Hong Kong, Paraguay, San Salvador, Singapore, Virgin Islands, the Bahamas, Mexico and Venezuela? Some of our export trade in with the Government Post Exchange overseas where our bras are sold to servicewomen; even though they are out of the U. S., they still demand the best.

(Continued on page two)

There will be a work day at Little League park Saturday, Darwin Miller, Little League president, has announced.

Miller said that volunteers are asked to meet at the park at 9 a. m. He urged all parents of boys and others interested to be present.

SCOUT SCENES
By JIM HORN
Troop 6 Scoutmaster

Friday, Jan. 29, Boy Scouts Troop 6 set up their camp on the banks of Lake Leon. They picked their site on the north shore of the lake and pitched their tents about 5 p.m.

By dark they had their campfires going and were preparing their evening meal. After eating their dinners—of many varieties and prepared in many different ways—the boys cleaned up their dishes and cooking ware and laid out their bedrolls on deep piles of leaves, covered with newspapers. The leaves were to add comfort and warmth to the bed and the layers of newspaper were to keep moisture from rising into the bedroll.

Around the campfire that night the boys talked about what they planned to do the next morning and just talked and told stories. Before the campfire died down, their co-scoutmaster, Norman Watson, and a visitor, Elton Ables, visited for a while. Earlier in the evening Willard Griffin had been out with the troop while bringing in equipment and Scouts.

Saturday morning the fellows decided their worry of their milk keeping was foolish because during the night the milk froze. The milk some of the boys put in the lake to "keep cold" was only cool. Saturday morning the weather was cold until about 9 a.m. and then the Scouts began shaking their coats. Breakfast behind them, they started exploring the cliffs, rocks and ledges that were close at hand.

Two hikes were taken Saturday, one of approximately two miles and one of about three miles. Camping and cooking merit badges were completed by some of the Scouts and others passed outdoor phases of second and first class work. When time came to break camp, this beautiful afternoon, I, like the boys would have liked to have stayed out another day or two in the springlike weather.

C-C Group-

ian radio network in the world. During the first half of 1959 CAP members made 3,745 SAR flights, representing 7,372 flying hours and more than 50 per cent of all search and rescue missions flown in the nation. The payoff was a saving of 182 lives.

Horton said, "We're glad to learn more about CAP. Now it's up to the people of Eastland to express their interest in supporting this worthwhile organization."

All residents of the Eastland area interested in aviation and aerospace education are requested to get in touch with the Chamber of Commerce.

If a CAP unit is formed, it will operate from Eastland Municipal Airport.

Attending the luncheon were Horace Horton, H. J. Tanner, Edward W. Shufel Jr., Donald H. Russell, James W. Young and Virgil Seaberry Jr.

D-Hour-
(Continued from Page One)

led dial telephone all over the city; a complete set of records on every telephone in Eastland was set up and maintained; exhaustive tests on telephone and other equipment were made; and a new dial telephone directory was compiled and published.

The new system will also mean improved long distance service. Marx predicts. Operators will be able to dial most long distance calls direct to the telephone in the distant city, he explained.

Long distance operators will "dial" the calls by pushing small numbered keys which serve to make the service even faster.

This is one of the reasons why two-letter and five-numeral telephone numbers are to be used here. The United States has been divided into dialing areas and each area is identified by a three figure code. An operator dials

Hollywood-
(Continued from Page One)

the area code, then the phone rings almost as if the customer had called across the street. Necessary because no area can be duplicated.

One plant has been in the distant city and will be going strong.

Margaret DeFord's daughter, Aletha, 11, mother-in-law is having a wedding bells ring. Her mother is flashing a beautiful smile these days. She had had several on the sick bed. "I'm all 'we miss you' now."

FOR STATE SENATE 22ND DISTRICT:
Tom Creighton, Palo Pinto Co.

FOR CONGRESS, 17TH CONGRESSIONAL DISTRICT:
Roy Skaggs of Abilene

— READ THE CLASSIFIEDS —

Iron and Steel Scrap Processors Are Due to Ship 34 Million Tons

Iron and steel scrap processors and brokers will ship an estimated 32-34 million gross tons of scrap to domestic steel mills and foundries and to export markets in friendly foreign nations in 1960, it was forecast by Edwin C. Barringer, executive vice president of the Institute of Scrap Iron & Steel Inc.

The estimate is based on steel industry forecasts of near-capacity production of ingots during the coming year, as well as on estimates that demand from abroad will continue to assist scrap dealers in area remote from major steel consuming centers.

The Institute forecast that domestic demand would run in the neighborhood of 30 million tons in 1960 in contrast to approximately 24 million tons for 1959.

The 24 million tons of estimated receipts by domestic consumers for 1959 are exclusive of approximately 4 million tons of iron and steel scrap exported, making a total of 28 million tons processed, brokered, or otherwise handled by the iron and steel scrap industry in 1959. This compares with 25 million tons of purchased scrap consumed domestically and exported during 1958.

Assessing the sources of purchased scrap is always a difficult task, one that has been made more difficult this year by the steel strike. However, the Institute estimate that, of the total supply of purchased scrap made available for domestic consumption and for export, 3.5 million gross tons originated with metalworking, including the automobile industry, where steel mill products are fabricated into finished hard goods. Another 650,000 gross tons originated with foundries throughout the United States in finishing castings.

Railroads are estimated to have supplied a minimum of 3 million tons in 1959, despite the strike in steel.

Old automobiles, a growing source of scrap as the number of automobiles on the nation's highways increases, probably provided another 3 million tons, although this figure may be conservative.

It is estimated that demolition projects such as the razing of buildings, bridges, and industrial plants accounted for 1,250,000 tons.

Farmers are a continuing source of scrap, principally of the cast grades for foundry use, and in 1959 it is estimated this source provided over a million tons.

World wide sale of ships for breaking up as scrap reached near-record heights in 1959. The United States government alone, including the Maritime Administration and the Department of Defense, sold over 200 ships. A number of these vessels, however, have not yet reduced to scrap, while others were sold for scrapping abroad. On this basis, it is estimated that shipwrecking in 1959 brought 750,000 tons of top quality scrap into the flow of material to steel mills.

Detinning operations accounted for 200,000 tons, and public utilities 350,000 tons.

Mines, incinerators and other operations at dumps, general collection, housing repair and maintenance, government agencies and oil fields and refineries accounted for the vast majority of the remaining tonnage shipped to consumers in 1959.

In 1959 the scrap industry, like other industries furnishing supplies to the steel industry, was hard hit by the lengthy steel strike. On the basis of shipments to the steel mills in the months preceding the strike, and taking into account the fact that shipments are always lower in summer months, it is estimated that the scrap industry could have sold 6 to 8 million additional tons had there been no strike.

Continued operation of most of the nation's foundries, plus the fact that the steel mills still running during the strike were relatively large scrap users, helped ease the impact of the shutdown. The export market was also a major factor in assisting the scrap industry to weather the lack of major markets. This was particularly true for scrap processors in areas remote from major steelmaking centers such as New England, the Carolinas, and Florida.

Scrap prices during the year exhibited moderate tendencies, rising in early 1959 from the low points of 1958 to correspond with stepped-up demand by mills, and then declining as the date of the steel strike approaches and it became more and more evident that a settlement could not be reached.

The market showed firmness during the strike, as well as the expectation that mill demand would be heavy when steelmaking resumed. Following resumption of operations, the market moved up slightly, and then declined as a result of normal slackening in demand at the year-end.

SOCIAL CALENDAR

Thursday, Feb. 4
3 p.m. — Mrs. Arthur Murrell will speak on "The Castles I Saw in Spain" at the meeting of the Thursday Afternoon Club held in the Woman's Club.

Monday, Feb. 8
7:30 p.m. — The Odd Fellow Lodge will meet in the IOOF Hall for their regular meeting.
7:30 p.m. — The Legion Hall will be the meeting place of the American Legion Auxiliary.
7:30 p.m. — Mrs. Mary Sneed will be hostess to the members of the Xi Alpha Zeta.

Tuesday, Feb. 9
7:30 p.m. — Rebekah Lodge will hold their regular meeting in the IOOF Hall.

7:30 p.m. — Mrs. Dorothy Smith will be hostess to the regular meeting of Zeta Pi Chapter of Beta Sigma Phi. The program, "Mrs. America" will be given by Martha Hamon.

9 a.m. — Mrs. W. F. Davenport will give the Bible Study, "Luke's Portrait of Christ."

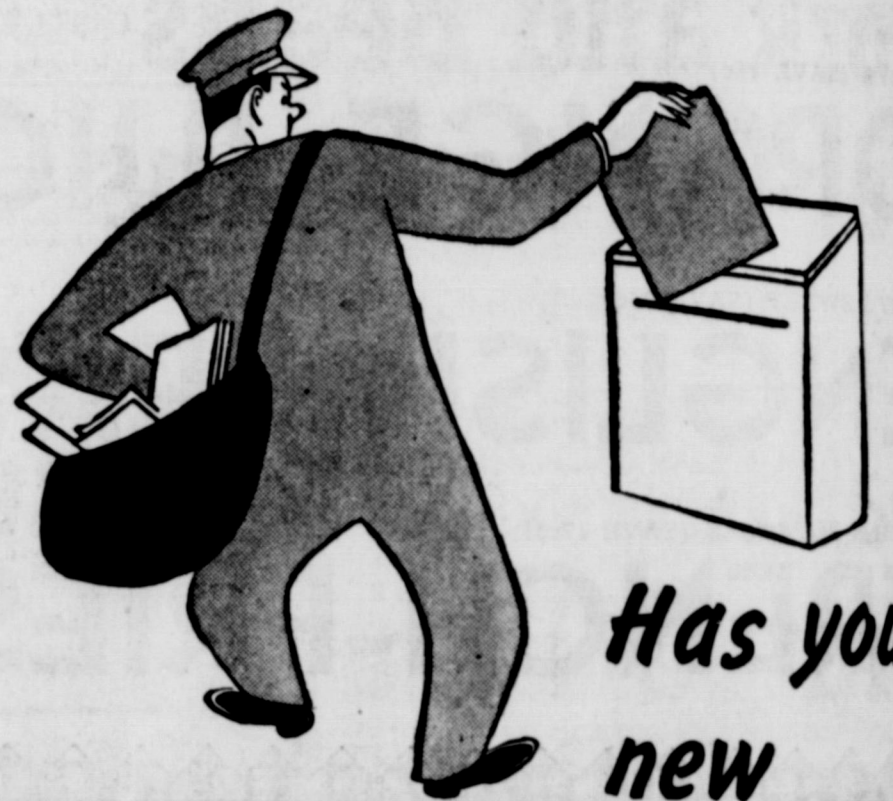

Wednesday, February 10
2 p.m. — The regular meeting

of the Morton Valley Home Demonstration Club will be held in the Morton Valley Clubhouse.
3 p.m. — Mmes. Conner Jr., Fullen, Hoffman and Smith will be hostesses to the regular meeting of the Civic League.

VISITS ABILENE
Mr. and Mrs. Dean Collins and Mrs. Judy spent Sunday afternoon and evening in Abilene visiting their daughter and son-in-law, Mr. and Mrs. my Sandlin.

Boswell's CHOCOLATE MILK
Boswell's Chocolate Milk is delicious hot — and easy to serve! Just heat and pour. Always rich tasting because all the cream's left in and it's made with fine chocolate.

Has your new **DIAL telephone directory been delivered?**

NEW DIAL telephone directories have been delivered to telephone subscribers in Eastland.

These books contain the new dial telephone numbers that will go into effect at 1:01 a.m. Sunday, when Eastland's new dial system comes to life.

All the numbers in the old directory and all the numbers you have jotted down for easy reference will be wrong numbers at 1:01 a.m. Sunday.

NEWS FROM STAFF

Mr. and Mrs. Luther Cain of Graham visited Mr. and Mrs. Wayne White Sunday. Mr. Cain is Mrs. White's cousin.
Mr. and Mrs. M. A. Able visited relatives in Abilene Sunday.
Mr. and Mrs. Albert Seay of Eastland were visitors in the home of Mr. and Mrs. O. T. Hazard Thursday.
Mr. and Mrs. Slim Adams of Desdemona visited her mother, Mrs. Zona Griffin Saturday.
Mr. and Mrs. Steele Hill of Ft. Worth spent the weekend at their

lake side home Hill's Haven.
Buster Hazard of Eastland, Boyd Hazard of Morton Valley and Sam Fonville of Desdemona were in this vicinity Sunday.
Mr. and Mrs. Eldridge Lipan of Kress and Mr. and Mrs. Walter Love of Anson were luncheon guests in the home of Mr. and Mrs. O. T. Hazard Thursday.
Gordon Smith of Eastland was a business visitor in the vicinity Saturday.
Ben Hamner was at his lake home last Wednesday.
There was quite a bit of fishing and boating around these parts during the past week. James Reid and Russell Hill of Eastland reported a nice catch of fish, the

largest one a six pound Bass with more smaller. James can now be called a champion fisherman, seems every time he goes fishing, he has success.
Judge and Mrs. Esco Walter of Eastland were out at their lake side home boating and fishing Saturday.
Donald Kinnaird was at his lake home Saturday as was Mrs. Zenah Bourland and family. Mrs. Larry McGraw, all of Eastland. They all reported that the warm weather gave them the urge to enjoy the sunshine.
Speaking of weather, guess we have enjoyed being out after so many cloudy cold days.

IT'S FUN-TASTIC

STEP IN IT—

STEP OUT IN IT

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

- Supple Full Coil suspension**—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.
- Butyl rubber body mounts**—Thicker, newly designed body mounts further insulate you from the road.
- Body by Fisher**—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.
- Foam cushioned seats**—Chevy offers foam cushioned seats in both front and rear in all series but one.
- Safety-Girder frame**—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.
- Hydraulic valve lifters**—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.
- Cushioned steering shaft**—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.
- Precision balanced wheels and tires**—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.
- Easy steering ratio**—Chevy's high ratio Ball Race steering takes the work out of steering for you.
- Superior weight distribution**—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.
- Wide choice of power teams**—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

Who Discovers the Discoverers?

"A professor can never better distinguish himself in his work encouraging a clever pupil, for the true discoverers are among comets amongst the stars."
CARL L.

Somewhere in this mighty land of ours, a gifted youth is learning to see the light of tomorrow. Somewhere, in a college classroom or laboratory, a dedicated teacher is gently leading genius toward goals of lofty attainment. Somewhere the mind of a future discoverer—in science, engineering, government, or the arts—is being trained to greatness.

Our nation has been richly rewarded by the quality of thought nurtured in our colleges and universities. The caliber of learning generated there has been responsible in no small part for our American way of life. To our college teachers, the selfless men and women who inspire our priceless human resources, we owe more than we will ever be able to repay.

Yet how are we actually treating these dedicated people?

Today low salaries are not only driving gifted teachers from other fields, but are steadily reducing the number of people who choose college teaching as a career. As time, classrooms are beginning to get overcrowded, face of this, college applications are expected to 1967, if not sooner.

This is a severe threat to our system of education, and what you can do to help, write for a free booklet **EDUCATION**, Box 36, Times Square Station, New York 10036.

Mrs. Samuel G. Sproles

January Ceremony Unites Miss Van Geem and Samuel Sproles

Miss Frances Ellen Van Geem, daughter of Mr. and Mrs. Henry E. Van Geem, 1601 W. Main, Eastland, became the bride of Samuel Galloway Sproles in the Eastland First Methodist Church Jan. 30 at 7 p.m.

Mr. Sproles is the son of S. H. Sproles, Jr. of Port Arthur and Mrs. Gladys Bryant of North Hollywood, Calif. The bridegroom was living in Port Arthur at the time of his marriage.

Rev. James E. Campbell, pastor of the First Methodist Church of Eastland, officiated at the double ring ceremony.

The traditional wedding march, "Because" and "The Lord's Prayer," was furnished by Mrs. Earl Lewis of Eastland, aunt of the bride, and Bob N. Lewis of Fort Worth, cousin of the bride.

The bride, given in marriage by her father, wore a ballerina length bridal gown of all white satin and tulle with a rose point chantilly lace overskirt and bodice. The scoop neckline was embroidered with iridescent sequins and seed pearls. The sleeves were long and tapered at the hand. She carried a white orchid and lilies of the valley bridal bouquet. Her jewelry was a single strand of pearls which were a gift from the bridegroom.

The bride's elbow length veil was of French illusion and was held in place by a crown fashioned of chantilly lace leaves and seed pearls.

Mrs. Neal Van Geem, sister-in-law of the bride, was her matron of honor. She wore a ballerina length red velvet dress with a scooped neckline and full billowing skirt. She carried a white fur muff with attached red carnations. James Donald Huckabay of Eastland was the bridegroom's best man and Neil Van Geem of Wichita Falls and Henry Van Geem, Jr. of Eastland served as ushers and

candlelighters. The church was decorated with baskets of white gladioli flanked by two pairs of candelabra and palms.

The reception was held in the Fellowship Hall of the church. Assisting at the bride's table were Mrs. J. C. Poe, Mrs. William Bourdeau of Ranger, Mrs. Jerry Carter, Mrs. Wendell Siebert, Mrs. Russell Hill, Mrs. Taylor Smith, Mrs. J. C. Whitley, Mrs. John Whitley, Mrs. E. J. Turner, Marjorie Myrick, Laura and Linda Stansell of Duncan, Okla., and Jan and Judy Lewis.

For the honeymoon trip to San Diego, Calif., where the couple will make their home, the bride chose a red silk suit with black patent shoes and bag, white gloves and hat. The suit was accented by the orchid from her bouquet as a corsage.

Mrs. Sproles attended Port Arthur High School and will receive his bachelor of science degree in mechanical engineering from the University of Texas in January.

Out of town guests attending the wedding were the following: Mr. and Mrs. Robert M. Lewis of Whiteface, Mr. and Mrs. C. C. Lewis and Mr. and Mrs. Bob Lewis, Susie and Bob, Jr., all of Fort Worth, Mr. and Mrs. Clyde Stansell, Lana, Laura, Linda and Lewis and Bill Barclay of Duncan, Okla., Mr. and Mrs. M. B. Griffin of Lubbock, Mrs. W. C. Robinson of Waco, Mr. and Mrs. William Bourdeau of Ranger, Mrs. Marilyn Morgan Russell, Mrs. Norman Boggs and David Webster of Abilene, Francis Young of El Paso, James D. Stephen of New York, Kate O'Brien of Houston, Mr. and Mrs. W. A. McIntire, Ronald, Myra, Fayla and Monte of Breckenridge.

WMU Holds Monthly Business Meeting Tuesday

The W.M.U. of the First Baptist Church met Tuesday morning for the monthly business meeting and Royal Service Program.

The meeting was opened by singing "The Woman's Hymn". Mrs. H. W. Sims, president, led in giving the WMU Watchword. Mrs. Carl Jones read the prayer calendar and led in prayer. Reports were given by youth directors, promotional directors, and circle chairman. Announcements were made concerning Worker's Conference at Ranger, February 9; Missionary Round Table, March 23; and Leadership Course Feb. 16.

Mrs. M. A. Treadwell, Jr., program chairman, introduced the program on Panama. Mrs. J. O. Jolly gave the history of Panama with the aid of posters. Mrs. Gordon Goldston discussed "By Word, Along the Trade Routes"; Mrs. Carl Jones discussed "In Speech—The Mission Advanced"; Mrs. Frank Lovett discussed "In Deed—Action Brings Results".

Mrs. M. A. Treadwell, Jr. gave the closing devotional using the song "Take My Life." Mrs. Sims closed the meeting with prayer.

Your Insurance and Your Future—

... are all bound up together. The family who keeps adequately insured is not only wise but thrifty since insurance provides protection for the thrifty dollar. If loss occurs in the household of the uninsured his life's savings may be wiped out. But not so with the insured person. To be thrifty and wise, be insured. And the less we have the more it is a part of wisdom to guard against financial destruction.

Members of Eastland Art Club Are Guests of Thursday Club

The members of the Eastland Art Club were the guests of the Thursday Afternoon Club when it met Thursday, Jan. 21.

Mrs. E. P. Townsend was the leader for the program, "Our Ends in Art and Music." Mrs. Larry Kinard read the 23rd Psalm for the devotional.

Mrs. Townsend then introduced Mrs. Francis Urban, president of the Eastland Art Club. Mrs. Urban told of the organizing of the club in February, 1954 with eight members. She stated that the club has 12 members. She explained some of the interests of the club and how they learn something from each picture painted.

Mrs. E. L. Layton explained the process of china painting and showed the club many beautiful pieces of her hand painted china and also showed some of her oil paintings which were on display.

Mrs. W. E. Lawson, Mrs. W. Walters, Mrs. G. L. Wingate, Mrs. Sidney Seale and Mrs. H. B. MacMoy told the history of several of their pictures which were also on display.

Mrs. Cushman had a display of music and art books from the library that she showed to the group. Mrs. Frank Castleberry, Mrs. Iral C. Inzer and Mrs. W. S. Poe were tea hostesses for the afternoon.

During the business meeting, Mrs. Inzer, president, presided. Mrs. Burton, secretary, read three minutes and Mrs. Cecil Collings gave the library report and summarized the years work in April

there was the National Library Lending Month and in November, the Children's Book Week and the Book Fair. Figures proved that children out read the adults two to one.

Other reports were made by Mrs. Turner Collie, treasurer, Mrs. W. S. Poe, federation counselor, and Mrs. Larry Kinard, corresponding secretary.

Mrs. D. S. Buchanan was elected to membership in the club. The club decided to hold its annual tournament on Feb. 11.

The following members were present: Mmes. Harold Bulgerin, Ronald Burton, Frank Castleberry, Turner Collie, Cecil Collings, Harold Durham, Cyrus B. Frost, James Horton, Iral C. Inzer, Larry Kinard, W. P. Leslie, Milburn Long, Frank Lovett, W. A. Martin, B. W. Patterson, Tom Wilson, I. C. Heck and Roy Young.

Mrs. Walters Is Hostess to Art Club Meeting

The regular meeting of the Eastland Art Club was held Tuesday in the home of Mrs. W. W. Walters.

The meeting was opened by the president, Mrs. Francis Urban who presided over the short business meeting.

Punch was enjoyed throughout the meeting and following the meeting Mrs. Walters served refreshment plates of miniature sandwiches, pecan pie and coffee.

Those present were the following: Mmes. Nora Hudson, Joe Towe, Francis Urban, Varge Daniels, Sidney Seal, W. E. Lawson, H. B. MacMoy, three visitors, Mrs. Charlie Mitchell of Olden, Mrs. Frank Sayre, Mrs. Ita Parrish and the hostess, Mrs. Walters.

The next meeting of the Art Club will be held on Feb. 16 in the home of Mrs. G. L. Wingate.

Trippy Moore Is Feted with Party On Birthday Sat.

A birthday dinner and theatre party honored Trippy Moore Saturday on his eighth birthday. His parents, Mr. and Mrs. Virgil Moore, and brother, Ricky, were hostesses to the party.

The guests gathered at the honoree's house for a lunch of hot dogs, beans, potato chips, ice cream and cake. The cake was heart shaped with pink icing and eight pink candles. Favors were red heart shaped suckers.

Gifts from those attending were opened by Trippy before the group went to the Majestic Theatre to see a movie.

Attending the party were Joe Bennett, Jeffrey Germany, Tommy Ford, Jimmy McCoy and the hostesses.

VISITS IN ODESSA

Mr. and Mrs. Roy Justice and W. E. (Doc) Justice spent the weekend visiting with Mr. and Mrs. T. E. Jenkins, Mr. and Mrs. Woodrow Wilson in Odessa, Mr. and Mrs. Maurice Taylor in Penwell and Mr. and Mrs. Harold Justice and Shane of Kermit.

If you can afford any 4-door sedan in the old "Low-Price Field," THIS RAMBLER WAGON IS YOURS!

Yes, you can own a Rambler Six Deluxe Cross Country Station Wagon for little more than you'd pay for the lowest-priced 4-door sedan in the old "Low-Price Field!" So little more, you'd hardly notice the difference in monthly payments! You get big car room and comfort plus small car economy and handling ease. Headroom, shoulder room, leg room for six 6-footers. King-size cargo space. Out turns, out parks any sedan in the old "Low-Price Field." Drive the station wagon that saves on gas and upkeep—has the official highest resale value of all low-priced cars. See the New Standard of Basic Excellence at your Rambler dealer's now!
Rambler Offers 16 Compact Station Wagons in 3 Wheelbases.

SAVE HUNDREDS OF DOLLARS

New Rambler American Station Wagon costs hundreds of dollars less than any wagon produced by the four other major U. S. car makers, according to manufacturers' suggested delivered prices.
