Flag-Day Festivities To Be Signal Occasion

Y'all come to the picnic. Everyone is invited to the Eastland City Park at noon Friday for an old-fashioned picnic in observance of Flag Day in Eastland.

This picnic will afford the public the opportunity to share their food, meet new friends and renew acquaintances.

Each person is urged to bring a basket filled with food for themselves and one or two friends.

Post Office Officials from Regional and Washington will be on hand for the grand festivities, as well as several out of town Postmasters.

Another event of importance on that day will be an 8 a. m. buffet Friday at the Lone Cedar Country Club.

Highlight of the breakfast will be the presentation of two essays written by members of Charles Marshall's history

class of Eastland High School. Manuscripts of the top ranking essay and the runner-up will be purchased and presented to the Post Office Department.

Since space is limited due to visiting dignitaries, reservations must be made by Wednesday and may be made by calling the local Post Office.

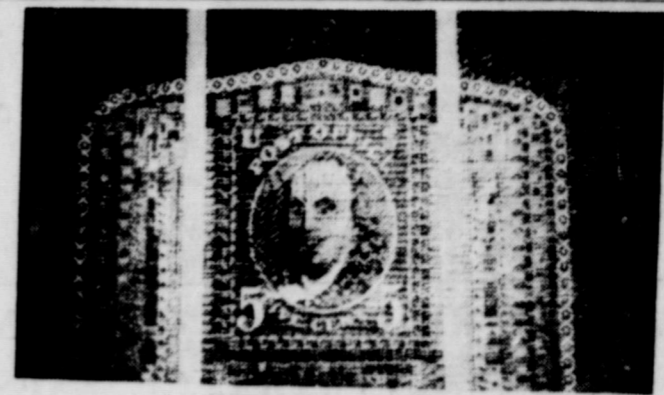

Flag Day festivities will be under the direction of Mrs. Marene Johnson, local Postmaster, and are scheduled to continue at the 10 a. m. ceremonies on the Post Office lawn.

Adding special interest to the day will be the unveiling of the Stamp Mural, a seven-year project and a magnificent work of art done by Mrs. Johnson. Lamination by the Pittsburgh Plate Glass Co. was to have begun Saturday.

Providing atmosphere will be the four military services, both men and women, color guard, Six Flags Over Texas, a parade, the 40 ft. flag of blooming flowers, the Oriental Garden and the Lion statue, as well as many other events.

In attendance for the annual celebration will be General Services Administration officials; David S. Phillips, Administrator of Region Seven; James B. Riley, Director; and G. F. Carlson, Area Manager.

Cachets (envelopes with picture of mural stamp window printed on them) are now available for mailing to your friends. They sell for 12 for \$1.

Flying the Colors

(An Editorial)

A fine old custom seems to have pretty well vanished from the land. It is that of "showing the flag" — not only from the roofs of public and business buildings, but from the porches of private homes, the humble no less than the opulent. Then on festive occasions, red-white-and-blue bunting was used as a decoration. Few of us have seen bunting in many years.

There was a sense of pride in country behind all this. The flag was thought of as the symbol of many things — of a free people; of a world power; of a land of opportunity; whatever the faults and ills might be; of the rights and obligations of both the individual citizen and the body politic alike.

Old customs, fallen largely into disuse, can be revived and given new life and breath. The country will observe Flag Week during the June 10-15 period, and Eastland will note Flag Day, June 14, with special emphasis, thanks to its talented and energetic Postmaster, Mrs. Marene Johnson.

It would be good if flags flew everywhere, in the old way, and if bunting graced the speakers' tables and platforms and rostrums. These flags will be blown, so to speak, by the winds of unpredictable change — but, as they banner out, they will stand for the premanence of a nation based

on the dignity and freedom of man on the implacable resolute resolution of a people to stand for what they believe to be right, no matter what may come.

Historic Mural Made Of Stamps, Time And Patience

By LARRY GOLDSTON

Postage stamps tell interesting stories. Nearly 12,000 stamps make up one of the biggest and most significant historical murals in the Southwest — and it's located in Eastland.

Mrs. Marene Johnson, local postmaster, has spent about 1,000 "woman" hours on the mural, preparing the glass with stamps. This doesn't include time spent searching, buying, pressing, cleaning, washing and generally readying the stamps for the six by ten-foot mural.

At the bottom center of the mural, she has made a Texas historical scene, with the outline of Texas and its several flags, to honor all the pioneers of the state — but specifically, the pioneers of Eastland County. The popular nine-cent Alamo Stamp helps make the Texas section.

In the top center, she created, from stamps, a large portrait of Benjamin Franklin (originator of the "franked" mail). The portrait is surrounded by roses, made of small appropriately colored stamps.

There is even a giant cancellation, hearing the well-known "Pray for Peace." Glazers were to begin sealing the mural between sheets of glass Saturday.

In another corner Mrs. Johnson has the autographs of all the living presidents and vice President Lyndon Johnson, Dwight D. Eisenhower, Richard Nixon, Harry Truman, John Nance Garner and Hubert Hoover.

She also has the signatures of Lady Bird Johnson, Cong. Omar Burleson, Gov. John Connally, Sen. Tom Creighton, Sen. Ralph Yarborough, and representatives, Jim Wright and W. R. Poage.

A large United Nations Seal centers the mural and features the "Freedom of the Press" series, and stamps from most of the member nations, with autographs.

The mural will be unveiled Friday — Flag Day, June 14, 1963.

Locals Fare Well At Lone Cedar Tourney

The Lush Lone Cedar greens had a good workout this weekend with the unfolding of the third annual Invitation Golf Tournament.

Linksters found the course in excellent shape — and highly competitive.

Three countymen were among the four who tied, with 76s (6-over-par) for medalist honors. Eastland's Don Doyle, Cisco's Don Johnson and Rising Star's Wayne Fenter all tied at 76 with Don Wilson, a North Texas University golfer, who rushed to the local course on the shores of Lake Leon Friday after participating earlier in the day in the Texas Amateur in Dallas.

Champ Charles Bridwell, presently a Fort Hood G.I., did not qualify. Ranger's John Wylie, who qualified with a 78, is matched with the champ.

Two seven-member teams shared the top spots in the pro-am Friday with 66s. One was composed of Cecile Collins, Abilene; Frank Kirk, Gorman; Bob Justice, Cisco; Jim Harlow, Abilene; Ken Bronson, Cisco; Harry Newton, uanah and Sikes; and the other Fenter, John Bates, Ranger; J. W. McMahan, Stephenville; Gene Glass, Graham; Bruce Pipkin, Eastland; Bert Lewellen, Fort Worth and Betty Hale.

stand to state it was his understanding of the law that the case should be moved to the courthouse nearest to Eastland which would be in Breckenridge.

He also said he had conducted an investigation in Stephens County (Breckenridge) and found no prejudice against his client.

Asked by Judge Oxford if he had investigated the situation in Palo Pinto County, the defense attorney made known the real reason for his objection testifying:

"There is hearsay among lawyers that if (Palo Pinto County) is a mighty tough county to clear anyone in... It's a state's juror county."

"I hope you won't carry those sentiments when we transfer this case there," Judge Oxford said in overruling Watts' objection.

District Attorney Earl Conner Jr. said he was happy with the change and thought his legal opponent had made a mistake in working so hard to get the case moved from here.

"This court has a very serious obligation to see this boy has a fair trial," Judge Oxford said in announcing his decision to change the venue.

Parents Pleased
Curry's parents, Mr. and Mrs. F. P. Curry, of Cisco, expressed pleasure that the trial's site was being changed, but also spoke of anxiety of the long wait they must now endure before the issue is settled.

But 32 qualified prospective jurors were needed before the lawyers actually began picking the 12 persons to fill the seats in the jury box.

When Judge Oxford rendered his decision, just 18 persons remained from the original venire of 196.

It was this dwindling of talemens that prompted the Stephenville jurist to decide it would be unwise to continue the search for a jury here to try Curry for the slaying of Mrs. Florence Hussey, 53.

Mrs. Hussey, secretary of Cisco's First Baptist Church, was found beaten and stabbed 12 times in her home on June 29, 1961.

Move Long Sought
Wednesday's court decision was, in a sense, a victory for young Curry's attorney, John Watts of Odessa.

Since April, he's been trying to get the case moved out of Eastland County because "I don't think this boy can get a fair trial here."

On April 11, Judge Collie, after hearing the testimony of 131 witnesses for four days denied Watts' motion at a special hearing.

Watts unsuccessfully renewed his bid when his client's trial first began three days ago.

The portly defense attorney wasn't happy when he heard the trial shifted to Palo Pinto.

DA Conner Still To Be Prosecutor In Curry Case

Dist. Att. Earl Conner Jr. will continue to be chief prosecutor when the Nathan Curry murder trial begins in Palo Pinto County in October, he said in an interview late this week.

The trial, transferred out-of-county this week, by visiting Judge W. J. Oxford after three days of interviewing prospective jurors, is believed to be the first such case transferred from this county in many years.

However, a similar situation happened in the early 1950s when a murder case, transferred here from Coleman County, was transferred on to Dallas County, after failure to seat a jury here.

Palo Pinto County Attorney Sam Cleveland may assist, Conner said, and probably will take charge of questioning and helping select a jury. This is generally customary, Conner said, of "host attorneys."

The Palo Pinto court is in Judge Oxford's district and he will preside. The small town of Palo Pinto is about 35 miles east of Eastland.

Judge Oxford gave up hope at 4 p. m. Wednesday of getting a jury here in the Curry murder trial and ordered the case transferred to his own court in Palo Pinto.

He said the 17-year-old youth's new trial would begin in 29th District Court at 9 a. m. Oct. 14.

The decision came minutes after attorneys had qualified the 21st venireman.

Home Improvement Project To Be Launched This Week

Four Eastland institutions are launching a summer project which will add to the beauty of the city — and which could make your home a nicer place to live.

In association with the national "Clean Up, Paint Up and Fix Up" campaign beginning soon, the four will cooperate to assist Eastland and area residents in making homes more beautiful and comfortable.

Participating are Crowell Lumber Co., Hanna Hardware and Lumber, Higginbotham Bartlett Co. and the Eastland National Bank.

Primary emphasis will be on the availability and practicality of the Title I FHA loan program.

Announcements of the summer project will be made later this week, Spokesman Glyn Gilliam, vice president of the bank, and co-ordinator for the program, said.

The Title I way is the "easy way," Gilliam said. Eastland will be told of the project through newspaper advertising, direct mail and displays in each of the institutions.

Displays will be set up in the bank, and will include an animated exhibit as well as a large banner, describing the advantages of the Title I program.

you're probably looking forward to lots of home-made ice cream this summer.

Here are some tips on making ice cream in a freezer — either electric or hand operated:

Thoroughly cool the mix after it is prepared and if possible keep it in the refrigerator for a few hours or even overnight. This will improve the flavor and texture.

Don't fill the freezer more than two-thirds full of mix. Otherwise there'll not be enough room for the increased bulk caused by whipping. Use about 6 pounds of crushed ice, 1 pint of cold water, and 1 pound of rock salt or common table salt to freeze a 2 quart batch.

When the ice cream is frozen, remove the dasher and pack the freezer with a mixture of crushed ice and salt — about 1 part salt to 8 parts ice by weight. Cover with newspapers and let stand about two hours. Or, if you really want to go modern, wash off the container and put the container and all in your home freezer.

For a home-made ice cream that will bring the kids running — try this:

- HOME-MADE VANILLA ICE CREAM**
- 2 cups sugar
 - 1/4 cup cornstarch
 - teaspoon salt
 - 4 cups milk
 - 4 eggs, beaten
 - 2 tablespoons vanilla
 - 4 cups light (table) cream
- Mix sugar, cornstarch, and salt in the top of a double boiler. Blend milk gradually. Cook over boiling water, stirring occasionally, until thickened, about 12 to 15 minutes. Stir a small amount of the hot cornstarch mixture into the beaten eggs; then stir the eggs into the remaining cornstarch mixture. Cook over boiling water 4 to 5 minutes longer, stirring constantly. Chill thoroughly. (this is essential for a smooth ice cream.) Stir in vanilla and chilled cream. Fill a 1-gallon freezer container not more than two-thirds full. Freeze

in a hand-cranked or electric freezer with a mixture of 1 part ice cream salt and 6 parts crushed ice.

Remove dasher and repack freezer with ice and salt mixture (1 part salt to 8 parts ice) and allow to ripen in the freezer about 2 hours. Or, pack ice cream into freezer containers and harden in a home freezer.

A quick tabulation of the results of five months of labor by the 181 members of the 58th Legislature reveals that only about 31 per cent of the bills passed both House and Senate, to become laws.

A total of 1,723 bills were introduced. Of these, 543 were passed to law. Most of the weeding-out was done by

Social Security Totals \$140,000 In This County

Have you ever wondered just what happens to the social security taxes that you pay? Does it ever get back to the people who pay the taxes? The answer is "Yes", according to H. L. Weatherly, Field Representative from the Abilene Social Security Administration District Office.

At the present time, social security benefits are being paid at the rate of over 14 billion dollars a year. More than 18 million people receive a benefit each month. Contrary to what many people believe, not all social security beneficiaries are aged, retired people. Over two million children and 434,000 young widowed mothers are getting benefits under the program. In addition, monthly benefits are now being paid to about 700,000 disabled workers and to 500,000 wives and children of these disabled workers.

Right here in Eastland County, over \$140,000 will be paid about June 5 in social security benefits for May 1963. These benefits are primarily intended for the beneficiaries' own economic security, but they also help business in the community. Most of the money is spent immediately for food, clothing, and other necessary expenses.

"It is interesting to note that the average old-age benefit nationally for December 1962, was \$76.19 and that the average such benefit for this State was \$68.49, and \$65.69 for Eastland County," Weatherly added.

A SAD STORY
FOR SALE

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

We work with you to arrange for a loan that's as easy to handle as monthly rent.
