## Oilman Frank Day Buried in Eastland

Funeral for Frank Ellis Day, 74, former independent oil operator, was to have been at 10:30 a. m. Wednesday in Hamner Funeral Chapel.

Mr. Day died Monday at 3:30 p. m. in Eastland Memorial Hospital after a long illness.

The Rev. W. S. Fisher, pastor of First Methodist Church, officiated, assisted by the Rev. William R. Woods, rector of the Eastland Episcopal Church.

Burial was in Eastland Cemetery.

Born Feb. 4, 1889 in Eastland, he was the son of Samuel and Annie Day, Eastland County pioneers. He was married to Rose Simmons Feb. 17, 1909 in Eastland.

About 15 years ago Day was the subject of a Saturday Evening Post article concerning his colorful activities during the Eastland County oil boom beginning in 1917. At the height of the oil boom years, he was a partner with the then heavy-weight champion of the world — Jess Willard.

Mr. Day is credited with

## Curry Trial-Site Hearing Develops Into Long Term

John J. Watts, Odessa attorney for Nathan Curry, interrogated about 45 witnesses from Monday morning through mid-afternoon Tuesday at a change of venue hearing in the 91st District Court.

County Attorney Earl Conner began calling his witnesses about 3 p. m. Tuesday. Prior to adjournment at 4:30 p. m., Conner had questioned about 16 witnesses of his original 65 subpoenaed.

Judge Turner M. Collie recessed the court until 1:30 p. m. Wednesday.

Prior to any testimony, Watts entered three motions to the court: (1) a plea of former jeopardy, (2) a motion to squash the indictment and (3) a motion to be able to obtain any necessary facts about the case from the County Attorney.

The first two motions were overruled by Judge Collie and the third was overruled tentatively with the right to change the ruling at a later time.

Defense witnesses testified that they believed there was enough prejudice in the County to interfere with a fair trial for the Curry youth, but in cross-examination stated that they were speaking only personally and could not know the feelings in the remainder of the county.

Mrs. Joyce Curry, mother of the defendant, in testimony, stated that a group of Cisco people, including a college teacher, a lawyer, Justice of the Peace and the mayor, were trying to inject prejudice in minds of the public.

Mrs. Wayman Johnson of Cisco testified that she had been asked by the Curry family to conduct a survey in Cisco and reported that she talked to about 100 people. She added that 9 out of 10 had fixed opinions and did not believe Curry could get a fair trial in Eastland County.

Highlight of the Tuesday

bringing in the Lake Sand Field northwest of here in 1924 and the Halcomb Field, east of here. He was also instrumental in bringing in the Owen Field in the late 1940s.

Prior to the oil boom, he had been cashier of the First National Bank here.

Survivors include the wife; three daughters, Mrs. Earl Conner Jr. of Eastland, Mrs. Charles Dean of Athens and Mrs. Venn; six grandchildren; two brothers, Milton of Eastland and Sam of Lubbock; three sisters, Mrs. R. E. Sikes and Mrs. Clyde Garrett, both of here, and Mrs. Mary Lawrence of Richmond, Va.

## Senior Play Set For Laughs, Two Night Stand April 19, 20

By LARRY GOLDSTON

A visit to the senior play rehearsal revealed some interesting aspects of what will be shown for the public April 19 and 20 at the high school auditorium.

The play, "You Can't Take It With You", a Pulitzer Prize winner was staged on Broadway in 1938.

The part of two kittens has already been cast. Some unusual props are Erector sets, snakes, British flag, xylophone, food galore, and just about anything else you can imagine.

All of the characters were not seen but most of them seem odd and very peculiar.

Penny Sycamore is played by Julie Frost; Essie, Kay Morton; Rheba - Carole McClesky; Paul Seymour, Tommy Beck; Mr. DePinna, Eddie Cox; Ed, Dick Whittington; Donald, Dickie Byars;

## T&P Railway Executive To Be C-C Banquet Speaker

Tom L. Farmer, assistant to the president of T&P Railway Co., will be featured speaker for the Eastland Chamber of Commerce Membership Banquet Friday, May 10 at Lone Cedar Country Club.

Tickets for the event, which is expected to attract visitors from a wide area, will go on sale soon.

A Dallas resident, Farmer was a staff member of the Dallas County District Attorney's office before going to work for T&P. He participated in investigations leading to "numbers" racket, as supervisor of a ten-man misdemeanor department with the D.A.'s office.

A highlight of the Eastland banquet will be the display of Eastland-made products on exhibit, Banquet Chairman H. V. O'Brien has announced.

A native of Henderson, Farmer is one of four sons of a weekly newspaper editor. He graduated from Henderson High school in 1942 and from Kilgore College, where he edited the school paper.

His military career was eventful during World War II, in the Army, as a member of the 82nd Airborne Division. His service medals include those for Normandy and Holland engagements. Captured in the ill-fated lowlands airborne invasion in October, 1944, he was liberated at Moosburg, Germany in 1945 after experiencing injuries.

He received his law degree from the University of Texas in 1949 and joined the Dallas D.A.'s office immediately.

Employed by the railway company as attorney in 1952, he was appointed general attorney for the company in 1958, and supervised personal injury litigation.

At age 35 he became president of the T&P motor transport company and in charge of Rail Small Shipments. He was made assistant to the president in January, this year.

## 'Y' Day Camp Set June 10 - 28; Price In Charge

This year's annual YMCA Summer Day-Camp will be from June 10 to June 28, Director Harold Price has announced.

Price, a members of the Eastland High School coaching staff, was named 'Y' directors recently, and will announce his workers soon.

Forms will be available soon, he said, and "sign-up" may begin. Deadline for signing will be Monday, June 3. On that day, Price will be at the Eastland Park, site for the camp, and will sign all who have not pre-registered.

The annual program is designed for youngsters between 8 and 12 years old, and features crafts, skills and swimming. New features will also be added this year, Price said, and a large number of participants are expected.

Registration blanks will be available in the schools soon, he said, or parents may wait until sign-up day to enroll their children for the summer camp project.

### COURTHOUSE MARKED

The Eastland County Courthouse was officially marked Wednesday as a fall-out shelter in case of atomic attack, according to reports. The U. S. Corps of Engineers had workers in Eastland to put up the marker.

## Tickets Available For J. C. Election Set April 20th

Strategy is being drawn and voting blocks pampered in preparation for that annual Eastland fiasco known as the Jaycee election banquet.

You'd think it was a "life or death" matter for the candidates and club members, but it's strictly a "spectator's sport" for the general public.

The club has decided to move to more spacious, and remote grounds this year for the event, so it's anyone's guess as to what will unfold.

Tickets go on sale Monday and entitle the holder to a banquet meeting, all the excitement of big-time political rally, complete with speeches, demonstrations and polling of delegates.

Set for Saturday, April 20th, at Lone Cedar Country Club, it is expected to attract hundreds from this area, as well as special guests from afield.

Price per ticket is \$1.50, and each Jaycee member will have some to sell. Time will be 7 p. m.

Viewing for the top spot of the club are Glen Gilliam and Glenn Scallorn traditionally the candidates remain relatively calm, and let their individual managers "go to bat".

Gilliam is managed by Grover Hallmark, a past president, and James Smith, retiring president, is managing Scallorn.

From now until election night, you're likely to see any kind of phenomena, and odds are good that there will be a manager involved.

### CARNIVAL MEET

Plans for staging a "kiddy carnival" will be discussed at a special called meeting of the Eastland Jaycees Thursday at 7 p. m. at the Chamber of Commerce office.

The carnival will be here next month, and the club plans events in connection with its appearance here, President James Smith reports.

All members are urged to be present.

James A. Richardson, 39-year old Abilene man, died in Eastland Memorial Hospital about 9 p. m. Tuesday of injuries suffered when his 1963 pickup overturned and crashed into a tree west of Eastland.

The east-bound vehicle failed to make a turn one-half mile east of the city limits on Highway 80, overturned several times and crashed into a tree about 7:30 p. m. He was the only person in the pickup.

Richardson's death was Eastland County's second traffic fatality of the year.

'UP BURKETT' — East Burkett Street in Eastland is taking on a new look, with the re-paving and widening project there in connection with the Highway 6 program. This picture was taken as the contractors were "tearing down" the old pavement. New base has been put down, and curbing and guttering is expected to begin soon, City Manager Lewis Tiner says. # Percent on Health

HEAVY, M.D., Commissioner of Health

Later, everyone start yours now if you aren't already keeping one. Kept accurate and current, it can be of permanent value for the

children's school records, for insurance data, and for your family doctor's use, the health official says.

A school note pad makes a good record book, but don't use it for anything else. And remember it has to be carefully kept if it is to be of full value.

You can start by jotting down the basic information you already have at hand concerning the injury and illness history of each member of your family.

Start it off with a brief list

of family history. Enter the date and place of birth of each person, and the place and date and cause of death of any deceased. Also enter pertinent information and the medical facts about each family member, such as the presence of chronic illness or physical handicap.

Next, start a section for dates of immunizations, being sure to provide space for each member of the family.

Allow room for entering dates of immunizations against whooping cough, polio, small-

pox, diphtheria, tetanus, and typhoid fever. Don't forget to include the dates of booster shots.

In a section of general information, list such things as the type of blood each member of the family has, and the drug sensitivities or special allergies of each. If the RH factor is known to be present in anyone, be sure to record it prominently.

The health record ought to include a check list of who in the family has had the more common diseases of

childhood — chicken pox, measles, mumps, whooping cough, scarlet fever, diphtheria. Most of these are diseases of childhood, but sometimes an adult is exposed. German measles is a serious threat to expectant mothers, and mumps is a dangerous disease in any adult.

Dates of physical examinations, with a line or two for notes of special advice or instructions that followed the check-up should be noted in the health record. So also should illness requiring hos-

pitalization, listing the nature of illness or injury, name of physician and hospital, dates of entry and discharge, length of illness, and type of surgery, if any.

Finally, list the family's health and accident insurance information for quick and easy reference when needed. (A weekly feature from the Health Education Division, Texas State Department of Health.)

People who are deliberately indifferent to their personal hygiene are as scarce as pur-

ple cows.

Nature has endowed most of us with an acute sense of pride about such things as daily bathing, brushing teeth, clean fingernails, good grooming. We would go to practically any length to avoid being offensive to anyone — customers, co-workers, or whoever.

And most of us resent even the slightest suggestion that there are time when our PH (personal hygiene) quotient slips a little.

Think about it for a moment: what in this competitive life is as important to the average man or woman as personal cleanliness? What contributes more to their being accepted and welcomed by others.

Fortunately a high PH quotient is easy to come by. Actually it is a habit, a way of life, and a very pleasant one. Here are its main ingredients:

Bathing: Daily bathing is as refreshing as it is healthful. Besides making you more agreeable to be around, you are less vulnerable to disease when you wash off the 24-hour accumulation of perspiration and soil. Most people find it practical to wash their hair at least once a week. One brand of soap isn't necessarily superior to others. The important thing is to use plenty of it.

Dental health: This is absolutely essential to a high level of personal hygiene, so see your dentist regularly. Don't be confused by television commercials about the therapeutic and cosmetic effects of certain tooth pastes or powders. The brushing is what counts.

Fingernails: Nothing is more fatal to attractiveness than dirty fingernails. By all means check yours every morning as part of your getting-ready-for-the-day ritual.

Handwashing: Frequent handwashing, particularly after rest room visits, is another part of a high PH quotient. It is a must habit for cooks, waitresses, barbers, beauty operators, etc.

These ingredients blend together to give you a PH quotient your daily associates will appreciate. Each is a habit in itself, well worth acquiring. We owe it to our friends and co-workers. Perhaps more important, we owe it to ourselves.

Understand we missed a good program out at Rotary Club Monday.

Mrs. Jack Frost and Mrs. Grover Hallmark sang in duet, accompanied by Mrs. D. L. Kinnaird Sr.

See that Dr. J. O. Jolly has a new, pretty orange front door up at his dental clinic. Wonder if his Mrs. helped him select such an attractive, eye-catching color?

The change of venue hearing in the 91st District Court has brought a lot of people into our town this week, and it's sure nice to see the streets crowded and the parking spaces filled.

**Methodist Choir Will Present Easter Cantata**

The Choir of the First Methodist Church will present an Easter Cantata, "The Dawn of Easter", by Ira B. Wilson, Sunday evening at 7 p. m. Choir members will be under the direction of John Bailey and accompanied by Miss Patricia Liles, organist. The Cantata will be made up of full choruses, duets, solos and trios of women's voices.

This cantata was first presented Easter 1929, when Miss Wilda Drago was the director. The church had no organ at that time, but used the grand piano for accompaniment. The Reverend F. E. Singleton was pastor at that time and Dr. C. O. Shugart was Presiding Elder. Organist at that time was Clara June Kimble.

The program will open with organ prelude with Soprano and choir humming "He Was Wounded for Our Transgressions," followed by a bass solo, "The Master is Asleep", sung by Pat Miller with the choir joining with "When I Survey the Wondrous Cross." The same hymn is repeated with soloist, Mrs. Grady Pipping, singing "Hush, Ye Sad and Broken-hearted." Many other numbers will also be featured in the Cantata. **McGOUGH SPRINGS** — This is the way the his-  
 toric Eastland County spot looks today. C. L.  
 Hash, who lives on the original McGough place,  
 some seven miles south-east of Eastland, has clean-  
 ed the springs out, prepared reservoirs and uses  
 the water for all of his farm and home use — in-  
 cluding irrigation of several acres of Coastal Ber-  
 muda grass. The springs, which will replenish  
 themselves in five days if emptied, were at one  
 time, water supply source for the City of Eastland.

**REGIONAL INTEREST IS SEEN  
 IN COUNTY'S PECAN SCHOOL**

The annual Eastland County  
 Pecan Budding and Grafting  
 School at Cisco Junior College  
 on Thursday, April 11th is ex-  
 pected to attract participants  
 from a dozen or more coun-  
 ties, according to Don Kin-  
 caid, chairman of the agricul-  
 tural committee of the Cham-  
 ber of Commerce in Cisco.

The Chamber of Commerce  
 and County Agricultural Ag-  
 ents J. M. Cooper and Roger  
 Blackmon are sponsors of the  
 affair.

Beginning at 9:30 a. m. on  
 that date with lectures and  
 demonstrations, the group will  
 move in the afternoon to the  
 Ken Word pecan grove, three  
 miles south in the Leon River  
 bottom, for a practice session,  
 according to plans given out  
 by Kincaid.

The affair has been held an-  
 nually in the county for the  
 past six years. It is design-  
 ed to interest more people in  
 pecans and to teach them to  
 improve their native seedling  
 trees to some of the better  
 papershell varieties especial-  
 ly those released by research  
 stations in recent years.

Kincaid stressed that the  
 school was free and also open  
 to those from out of the coun-  
 ty who wished to attend. Wo-  
 men as well as men are wel-  
 come he said.

A limited amount of dor-  
 mant pecan budwood includ-  
 ing some of the new varieties  
 such as Wichita, Apache and  
 also Burkett and Western Sch-  
 ley will likely be available to  
 those desiring it.

**21 Junior Bands

 Held In Cisco**

More than 1,000 band stu-  
 dents from 21 cities partici-  
 pated in the third annual Cis-  
 co Junior High School Band  
 Festival last Saturday to make  
 the event a good success from  
 all standpoints, according to  
 a report from Director Eris  
 Ritchie of the event.

The 21 bands competed in  
 concert playing and sight  
 reading and more than 400 stu-  
 dents took part in solo ensem-  
 ble and twirling events.

Five bands won sweepstake  
 honors with "I" ratings in  
 both concert playing and sight  
 reading. These were Colorado  
 City II.

Results of the bands in con-  
 cert playing and sight read-  
 ing, shown respectively in ro-  
 man letters, were:

Class AAA — Graham II, II;  
 Breckenridge II, II; Stephen-  
 ville I, II; and Colorado  
 City I, I.

Class AA — Cisco I, II;  
 Stamford I, I; Coleman II, II;  
 Azle II, II; De Leon III, II;  
 Comanche I, I; and Hamlin

 Eastland II, II; Santa Anna  
 III, III; Roscoe III, III; and  
 Rotan III, III.

Class B — Merkel II, III;

Mr. Ritchie, who was in  
 charge of arrangements, said  
 the judges were compliment-  
 ary of the marked progress  
 that was evident in the junior  
 bands. The judges, he added,  
 were all well known band di-  
 rectors of this region.

**County Modified  
 As Brucellosis

Dr. R. G. Garrett, execu-  
 tive director of the Texas An-  
 imal Health Commission, has  
 announced the certification of  
 Eastland County as a Mod-  
 ified Certified Brucellosis Area.  
 In a few days, Eastland Coun-  
 ty will receive the certificate.

"This Commission wishes to  
 express its appreciation to the  
 people of Eastland County for  
 the splendid cooperation ex-  
 tended to its representatives  
 while work was being conduct-  
 ed in Eastland County; and  
 request the further coopera-  
 tion of the citizens of the area  
 to maintain the brucellosis  
 status of the County," Dr.  
 Garret said.

**C. Earnest Smith  
 Pecan Growers  
 President**

C. E. (Ernest) Smith, Ris-  
 ing Star orchardist, was nam-  
 ed as president of the East-  
 land County Pecan Growers  
 Association at a meeting held  
 recently in Cisco.

Smith operates an irrigated  
 pecan and peach orchard  
 southwest of Cisco and re-  
 places Hank Sims of Eastland,  
 who has served the organiza-  
 tion's top post for the past  
 several years. Sims was elec-  
 ted as vice president of the  
 group and replaces Sam Kim-  
 mell of Cisco.

Ben McKinnis of Eastland,  
 rural representative of the  
 Texas Electric Service Co.,  
 was re-elected to serve as se-  
 cretary and treasurer. He has  
 a young pecan orchard in the  
 Flatwood Community.

Directors named for a two-  
 year term were W. V. Fen-  
 ter of Rising Star and Joe  
 Philpott of Cisco. Both have  
 producing pecan orchards in  
 the Romney-Rising Star area.  
 They replace Edwin Schaefer,  
 Cook, and Smith.

Date for the organization's  
 annual Spring Field Day was  
 set for May 24 with the morn-  
 ing session to be held in Cis-  
 co. After lunch, the group  
 will visit some nearby orchard.

County Agent J. M. Cooper,  
 McKinnis, and B. B. Freeman  
 of Cheaney were named to  
 make arrangements for the  
 all-day meeting.

**Coaching School  
 Coming To Cisco**

The annual Six and Eight  
 Man Coaching School will be  
 held in Cisco again in 1963,  
 President Grady Hogue of Cis-  
 co Junior College was advised  
 Monday. The association held  
 a successful school and annual  
 meeting here last summer.

Mr. Hogue and Manager  
 Larry Milner of the Chamber  
 of Commerce went to Austin  
 several weeks ago to invite  
 the association's board of di-  
 rectors to hold their annual  
 meeting in Cisco again this  
 year. The event will be held  
 around August 1.

**Two Women Fined In  
 Shoplifting Cases**

Two young women, one from  
 Cisco and one from Ranger,  
 were arrested in Cisco Mon-  
 day on charges of shoplifting,  
 according to a report by Po-  
 lice Chief S. E. Parkinson.

The two women had articles  
 that they had taken from gro-  
 cery, variety and dry goods  
 stores, and Chief Parkinson  
 estimated the value at less  
 than \$20. They were tried in  
 city court and fined \$50 each.  
 The fines were suspended  
 with the women to report  
 monthly to Mayor John H.  
 Webb of Cisco.

Behind many "For

 sad story: A family  
 borrowed more than  
 they could afford to  
 pay for a home, or

 high; the home had  
 to be sold, often at a

### If You Want Long Life, This Area Recommended By Dr. J. E. Griffin

By **ROBERT BELL**

If you want to have a long life, the Cisco area is good country to live in, according to a person who should know — 91 year old Dr. J. E. Griffin of Cisco.

Dr. Griffin, who came to the Cisco area in 1909, says that the general conditions of this area make it as healthy a country as a person can find, and cites the large number of people in their 80's and 90's who live here as evidence that the high country and low humidity is conducive to long life.

"I had more malaria chills than anybody else in Texas until I came to this country," says Dr. Griffin. "The disease had about run its course, and I would have probably been dead within a year if I had not come here from the swampy area of East Texas where I had been living."

The Doctor, who was born in Rankin County, Mississippi, on November 11, 1871, graduated from the John Sealy Hospital Medical School at Galveston in 1900. He has been in retirement since he fell and broke his hip in 1961, but he still does some doctoring when one of his former

patients feels the need of his advice.

People of the area have reason to remember Dr. Griffin for his medical skill, his reasonable rates, and his willingness to help underprivileged people. A few years ago, a client waiting in the Doctor's outer office overheard him talking to one of his more underprivileged clients. The man was asking how much he owed the Doctor for the maternity care of his wife. The Doctor said, "Well, I made one trip to your house before the baby came, one trip to deliver the baby, and one trip afterward to be sure that everything was alright. That will be three dollars."

After the man left, the person in the outer office said, "Dr. Griffin, you should live a thousand years to take care of all the poor folks."

The Doctor has a good start, and his many friends wish him Godspeed.

## FACTS ABOUT PLYMOUTH'S NEW WARRANTY\*

<b>WHAT DOES IT INCLUDE?</b> THE COST OF LABOR?	<b>DOES IT COVER EXPENSIVE PARTS?</b>	<b>IS IT TRANSFERABLE WHEN YOU SELL THE CAR?</b>	<b>MUST YOU SPEND MORE FOR MAINTENANCE?</b>
There is absolutely no charge for labor and parts. For the entire life of the warranty, should any defect in material or workmanship occur in the parts covered by the warranty, it will not cost you one cent to have it corrected.	Absolutely! It covers the major power train components—the engine block and its internal parts, the automatic transmission and its internal parts, the rear axle—parts that would cost plenty to replace or repair.	Yes. As long as the car has been serviced at reasonable intervals according to the Plymouth-Valliant Certified Car Care schedules, the warranty can be passed on to the new owner. Think what that will mean to resale value of your car!	No. All that is required is the normal care that most car owners would usually give their car. Only one chassis lubrication is required for the entire life of the warranty. Other maintenance consists of inspections at reasonable intervals.

\*Your Authorized Plymouth-Valliant Dealer's warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair, without charge for required parts or labor, for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers); rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valliant Certified Car Care schedules.

...not with instant-control clean gas cooking!

GAS is instant-On, instant-Off — no heat hangs over to cause messy boil-overs. GAS puts hundreds of temperature variations at your fingertip (instead of the few "heat settings" offered by high-voltage ranges). And GAS automatic controls are the most sensitive you can buy.

This instant-control means a cooler, cleaner kitchen — less food vapors on walls and ceilings. Buy a modern economical GAS range at a bargain price now.
