

VOLUME TWENTY-FIVE

Eastland Echoes

By Casey

THOUGHT FOR TODAY: "Conduct is three-fourths of your life and its largest concern." — (Matthew Arnold).

Aubrey Van Hoy remembers when working hours were quite different from what they are now. "When I was just a kid, I worked one summer at a drugstore — as a soda boy — out by the fair grounds at Dallas," he recalls. "My hours were: 12 noon to 11 at night, 7 days a week. What a life. . . . Wonder what he did with his spare time? He must have gotten bored from so much idleness."

"All women's hats are different. Milliners seldom make the same mistake twice." — (Selected).

Here's one we got a chuckle out of:

A salesman called a prospective customer and the phone was answered by what was obviously a small boy.

"Is your mother or father at home?" the salesman asked. The child said "no" and the salesman asked if there was anyone else he could speak to.

"My sister," the youngster replied.

"Let me speak to her," the salesman said.

There was a long period of silence and the little boy returned to the phone.

"I can't lift her out of the play pen," he said.

Sgt. Grady Hoyle, here from Brownwood on recruiting duties, thinks the climate good in this section. "Down on the coast," he said, "I had colds frequently, but seldom suffer from them in this part of the country, where the altitude is around 1,500 feet and the weather seldom is murky."

Brandy Humphreys is pulling for a rain, watching hopefully every cloud of any importance. And wouldn't a good rain be fine for us? Farmers have been all through with planting, for some time now, and those with growing vegetation and others who wait theirs to pierce the soil would be happy indeed with a downpour.

All of us have opportunities at ideas — and we may get some good thoughts on prospective industries for our community. . . . In case you hatch a worth-while idea along this line, how about passing it along to the Chamber of Commerce industrial committee? . . . A big lake nearly full of water is our latest strong talking point, you know.

United Fund Organization Meet Is 14th

Tom Wilson, temporary chairman of the Eastland United Fund, has announced that the board of directors will hold its organizational meeting at 7:30 p.m. Thursday in the community room, Texas Electric Service Bldg.

"Your presence," he wrote to members of the directorate, "is especially needed at this meeting as the formation of basic policies will be made to guide the United Fund in its future affairs."

Oil News

Well Completed; Rotary Try Staked In County

A well completed four miles northeast of Eastland, Eastland County, has been placed in the regular field. It is E. W. Griffin, Olden, No. 1 J. R. Niver, Section 2, Block 4, H&TC Survey.

Daily pumping potential was 22 barrels of 37 gravity oil and 27 percent water. Production is from 29 perforations at 1,389-94 feet with the casing set on bottom at 1,443 feet.

Also spotted four miles northeast of Eastland was Forster, Carr & Scott of Odessa No. 2 J. L. Dick. Site for the 1,600-foot rotary try is 560 feet from the north and 1,290 feet from the east lines of Warren Lyman Survey.

Partly cloudy, continued warm with widely scattered late afternoon or evening showers Tuesday and Wednesday. High both days 95, low Tuesday night 75.

Staving Off Farm Failures

(Editor's Note — This paper is pleased to have this informative article from the Soil Conservationists, giving valuable agricultural data.)

Good land stands up best; poor land wears out fast. Abandoned land is usually a sign of failure; either the land or someone has failed.

Land is usually abandoned because of one or two reasons. Either because of financial failure of the farmer, or the physical failure of the land. In most cases the physical failure of the land is caused by poor land being put under cultivation.

Land in the Upper Leon Soil Conservation District is graded according to how much care it needs to stay productive. The grading is made on the basis of the land's physical condition, such as its depth above the parent rock, its surface texture, its position (flat or sloping), and its present erosion. These conditions present permanent limitations to the land.

There are also temporary limitations found in most soils. These are: low amount of organic matter; low pans near the surface, low ability to take in and hold water and soil foods and many others. The temporary limitations or hazards can be improved or eliminated by applying the proper care that the lands need.

Class I land is the good, deep level loams and clays that can be farmed without special practice to hold the soil against washing or blowing. It has no permanent limitations.

Class II land is not so good. It needs simple care to save it from washing or blowing and to keep it productive. It has a few permanent limitations. This land occurs on gentle slopes and is not badly washed or blown. It is considered good land.

Class III land is not as good as Class I or II land, but it can be used safely for producing crops. This land is hard to farm. It is uneven and washed or blown in most places. The best of the deep blow-sands are in Class III land. This land should have a number of well-chosen practices to grow crops and keep the soil in place. Terraces, stubble mulch tillage, and cover crops should be used on all Class III land.

Class IV land is the "in-between" land. That is, it is in-between land that is suited for regular cultivation and land that should not be plowed. It is land that goes down fast under cultivation, and requires many well-chosen practices to keep it productive. This land runs down fast and will get out of control unless it is given a rest under sod of grass often.

There is danger in plowing Class IV land; because it is usually a shallow soil on steep slopes and fast to lose its valuable top soil by erosion. When Class IV land is farmed, care must be used to return all trash back to the land each year and to sow grass legume mixtures where possible. Soil building crops with a rest period are needed to restore fertility and build up the soil tith every few years.

More dust and sand blow from soils that have the least care. (Continued On Page Two)

Murder Charge Filed After Highway Crash

An Oklahoman has been charged with murder in the highway death of John I. Gentry, a former resident of Ranger who was killed in a crash on Highway 80, east of Abilene.

Murder charges were filed against Donald J. Curry, Oklahoma City, after the automobile which he was driving allegedly struck the car in which Gentry was a passenger.

Curry was charged under a special statute which permits a charge of murder when a person is killed either by accident or mistake through the act of another who is under the influence of intoxicating beverages at the time.

The charge was filed in H. F. Long's justice of the peace court and is returnable to the 104th District Court Grand Jury for investigation.

Also seriously injured in the crash was Pat Darnaby, also of Odessa, who was driving the 1955 station wagon in which Gentry was a passenger.

Neither Curry nor a passenger in his car at the time of the accident, Sam Samples of Odessa, was seriously hurt in the crash.

Gentry, a former groceryman in Ranger before moving to Odessa, was the husband of the former Alta Faye Moseley, daughter of Mr. and Mrs. J. F. Moseley of Olden.

Cadet H. Hassell Is Starting Four Weeks' Training

Cadet Herman L. Hassell Jr. of Eastland, has reported to Davis-Monthan Air Force Base, Tucson, Arizona, to begin a four weeks period of summer training with the Air Force Reserve Officers' Training Corps.

During this period of training, Cadet Hassell will supplement his past three years of academic training as Reserve Air Force Officer at Texas A&M College with an indoctrination in the workaday Air Force at this station of the Strategic Air Command.

His curriculum during summer training will cover such subjects as weapons and marksmanship, physical training, aircrew and aircraft indoctrination and the organization of an air base.

He will observe the workings of a modern jet bomber unit and will participate in familiarization activities covering almost all phases of the operation of a United States Air Force installation.

Cadet Hassell's parents are Mr. and Mrs. Herman L. Hassell Sr. residing at 212 S. Ostrom Street, Eastland.

His association at the college includes the following, debate team and member of Ross Volunteers.

Installment Loans Custom Made For Each Customer EASTLAND NATIONAL BANK Member F. D. I. C.

STEADY HAND—Threading a needle is elephant's play compared to the feat pictured above. Through the eye of the microscope you see a piece of wire, one-thousandth (.001) of an inch in diameter, threaded through a strand of nylon stocking material. Feat is more than a stunt, as the tiny drills which made the holes are used in manufacture of ultraprecise equipment at General Electric's Schenectady, N.Y., laboratories.

Field Man Of Security Gives Farm Answers

Field Representative Glen McNatt, here on social security duties answered the question, "How are farmers affected by the 1954 Amendments to the Social Security Law?" as follows:

"The amendments extend social security protection to most farm families. Beginning January 1, 1955, people farming for themselves are under social security provided they make as much as \$400 profit in a year from their farm operations.

"These self-employed farmers will contribute toward social security while they are working and when their earnings stop because of retirement or death, payments are made to the farmer and his dependents or his survivors.

More than three million self-employed farmers will earn social security credits in 1955 and 1956. This means that within a period of two years farmers who are now age 65 or will attain 65 by the end of next year and who have net income from their operations that amount to as much as \$100 in 1955 and \$400 in 1956 will have built up an insured status under social security."

Ferguson Retains Golf Title Here

Although given a hard battle for the crown, Breckenridge's Ray Ferguson, defending champion, retained his title Sunday in the Eastland Invitation Golf Tournament at Lakeside, defeating Don Massengale, 4-3.

It was the second straight title here for the 22-year-old North Texas State student and his second success within a week. He won the Breckenridge Invitation July 4 and picked up his other 1955 victory by winning the Greenville Invitation in April.

The finals engagement rocked along on an even basis for the first four holes as both contestants played par golf.

Massengale, 18-year-old Jackboro athlete who is heading for a college career at TCU, took the lead on No. 5 with a 10-foot birdie three.

They halved six with pars and seven with birdie treys and then Ferguson, who has had to rely on comeback shooting in three of four matches here, started his rally.

Mixing his own steady game with his foe's sudden misfortune, Ferguson squared the match with a par four on eight and took the lead by sinking a 25-foot birdie three on nine.

Ray's continued par shooting and Massengale's bogeys helped speed the match to an early conclusion. Ferguson won 10 and 12 with pars, took 14 with a birdie three and then closed it out when they halved 15 with par fives.

Ferguson was three under for the 15 holes, while Massengale was three over.

The Sunday morning semifinal matches stole the show from the title scrap. Ferguson rallied from a two-down deficit after 12 holes to edge past Jim Russell of Graham, another three-time winner this year, 1-up. Ray won with a par four on the final hole when Russell scuffed his approach shot and it failed to reach the green.

Massengale had to play 22 holes before gaining his passport into the finals. His four-foot birdie three on the fourth overtime hole gave him a one-up verdict over Ronnie Honeycutt, Baylor freshman from Abilene.

Championship Flight Semifinals Don Massengale, Jackboro, beat Ronnie Honeycutt, Abilene, 1-up 22. Ray Ferguson, Breckenridge, beat Jim Russell, Graham, 1-up. Finals

Bureau Picnic Is To Be Held In Eastland 14th

The Eastland County Fairs Bureau will hold its annual picnic at Eastland Park the night of Thursday, July 14.

Mitchell Campbell, president of the county organization, urges that all folk interested in farming bring picnic lunches.

Your New Car Financed At Low Bank Rates With You—EASTLAND NATIONAL BANK Member F. D. I. C.

Present To Kids By Former Jaycees Is Merry-Go-Round

By FLOYD CASEBOLT

GLOVES CAUSE FASHION BUZZ—Black velvet hand pieces are tied to raffia elbow-length cuffs in this "beehive" style note from Paris. Bees are ornamental tufts; gloves are for evening, dine-and-sip wear.

Bringing additional diversion for Eastland small fry, a benevolence from the former Jaycee organization here — a merry-go-round — yesterday went into operation at the Eastland City Park.

And it's great fun to the boys and girls.

The new playground device arrived over the week-end and a number of kids who had learned about it were on hand to give it an initial ride, by the time it was installed, by the city.

"When the Junior Chamber of Commerce disbanded," said City Manager A. E. Taylor, "they had in the treasury something over \$190 and it was with this fund the merry-go-round was purchased.

"Ten to fifteen children can ride it at one time. It is manually operated and, being on ball bearings, runs easily, once the kids start it.

"For safety it is enclosed and, the floor being within 2 or 3 inches of the ground, they can't get hurt underneath it."

The merry-go-round is brightly decorated and has been installed in the vicinity of other play equipment in the west end of the park. "It is a nice and an appreciated gift," said Mr. Taylor.

Stars Win 1, Tie One In This City

Monday night Firemans Field was invaded by two fine Little League ball teams from Rising Star, to match their wits and playing skill against the Eastland Bulldogs. In the first game the Rising Star minor league team played a nip and tuck ball game against the minors of the Bulldogs with the score ending 10 to 10.

In the second game the Rising Star majors and the Bulldogs majors started the dust to flying with a pitchers' duel. The "Peanuts" from Twinkle City scored

one run in the top of the second and neither team could score until the fourth inning when the Bulldogs pushed across two runs. In the top of the fifth the "Twinkle City" lads found a magic hickory stick in their wood pile and proceeded to give the old "Horsehide" a thorough massaging with several long hits. The final score being 14 to 4 in favor of Rising Star.

For those in doubt the following rule is quoted from the 1955 Official Little League Rule Book, rule VI, Sec. (1) "If a pitcher is removed from the mound, even if he is placed at another position, he cannot return to the mound."

Former Olden Resident Dies In Arizona

Mrs. J. M. Robinson, sister of O. H. Dick and daughter of Mrs. J. L. Dick, of Olden, died at 11:30 a.m. Sunday in a Phoenix hospital. She had lived in Phoenix the past five years and before that in Odessa, going to Odessa from Jal, N. M.

The former Louise Dick, she was born Dec. 14, 1920, at Olden and attended the Olden Public Schools. She was a member of the Baptist Church.

After funeral services at Phoenix, the remains will be accompanied to Eastland by her husband, J. M. Robinson of Phoenix. Funeral services will be held at 4 p.m. Thursday at the Olden Baptist Church with the Rev. Alfred Nelson, pastor of the church, officiating. Burial will take place in Eastland City Cemetery. Hamner Funeral Home will be in charge of arrangements for the service.

Survivors besides her husband are her mother, Mrs. Dick, Olden; four brothers, O. H. Dick, Olden; D. J. Dick, Houston; Charles Dick, Kermit; Lee V. Dick, Odessa, and one sister, Mrs. J. T. Sims, Odessa.

Crocker Church Reunion Scene On July 16-17

The Salt Tank and Crocker homecoming will be held at Crocker Church, four miles west of Criswell Store, north of Rising Star, Saturday night and Sunday, July 16 and 17.

The Rev. U. S. Sherrill of Lorenzo has been secured as speaker for the Sunday morning worship services. All ex-students and teachers of both Salt Tank and Crocker schools are urged to be present with their families.

Sabanno Revival Meeting To End Sunday, July 17

The Sabanno Baptist Church is holding revival services 8 through July 17 with two services daily — one at 10:30 a.m. and the other at 8:15 p.m.

Preaching is by the Rev. A. A. Davis of Nowata, Okla., a former pastor of the Baptist churches at Carbon, Long Branch and Baird. Pastor of the church, the Rev. T. D. Whitehorn, issued an invitation to the public to attend.

At Talent Show

Two scenes from the recent talent show at the Majestic appear here. In the one-column picture appear three of the several winners—Jim Herridge of Bowie (alias David Crockett, first place, his uncle, Floyd Robertson, Jr., dressed as Andrew Jackson. The little girl shown dressed as Cinderella is Cindy

Taylor. Two winners left before the photo was made and their names weren't available.

In the larger picture appears the entire "cast"—with Aubrey Van Hoy, Majestic manager, standing at the stage entrance. The four prizes were given the talent by Anderson's Dress Shop.

Jail Man In Offense On Infant

Charges of assault with intent to rape were filed against Gene Kelly, 57-year-old employee of the Ranger Post Office, Sunday afternoon in Charles Bobo's justice of the peace court in Ranger.

Kelly was arrested here by Policeman Joe Faircloth and transferred to Eastland after a doctor's examining tests proved that an assault had been made on Kelly's 22-month-old step grand-daughter.

Kelly waived the examining trial and bond was set at \$5,000 Monday morning.

If convicted under the charge, Kelly faces a sentence of not less than two years and not more than life. Actual trial and sentencing will rest with the 91st district court.

The victim, daughter of Mr. and Mrs. Harvey L. Black, now unemployed, but enroute to an Abilene job, was bruised considerably, doctor's reports showed. Mrs. Black is the daughter of Mrs. Kelly by a former marriage.

Mrs. Kelly said the attempted attack occurred in a back room of their home at 1020 Vitalious while she and the victim's mother watched television in the front part of the dwelling.

Mrs. Kelly, a vocational nurse at West Texas Clinic in Ranger, said that Kelly had paid two driving while intoxicated fines in their ten years of marriage and local law officers said that their department had arrested the ac-

Handy Jim's
FIX-UP TIPS
For the Home

Carport with Woven Fence
 A CARPORT with a woven wall makes a low-cost, interesting and mighty useful addition to any house. This is especially true if the carport has a storage area for garden tools.
 Such a carport is shown in the illustration. A free plan for its construction is available. The handsome woven wall is made by weaving strips of Masonite 1/2" siding, one foot wide

and eight feet long, between 4 by 4-inch posts set into the concrete driveway. Readily pliable for this weaving process, the Masonite siding is easy to work with, as it is splinter-free and free of defects. It takes a beautiful paint finish and will last for years.
 An important feature of the garden tool storage room is that "Peg-Board" paneling on which may be suspended the various tools by means of interchangeable metal fixtures. These perforated panels, the lumber and other materials needed for this project may be obtained at lumber yards. For the free plan write to the Home Service Bureau, Suite 2037, 111 West Washington St., Chicago 2, Ill., requesting Plan No. AE-296.

Domestic Pets Often Killers Of Wildlife

AUSTIN — Restraint of pets, particularly dogs and cats, was urged by the Director of Wildlife Restoration for the Texas Game and Fish Commission as a means of aiding the Animal Kingdom during the current reproduction period.
 He said fawn deer and ground nesting game birds, such as quail and even wild turkey, when they are young and helpless, are especially vulnerable to prowling "domestic" animals.
 "We get many reports of dogs chasing and killing deer during the vital fawning season," he said. "House cats likewise naturally like to supplement their diet by eating birds, and those turned loose by disillusioned owners to fend for themselves prey heavily on our nesting game birds."
 The Director said some of the cats prowling the open areas for nourishment become so ravenous that they climb trees and raid mourning dove nests.

RECENT GUESTS OF MRS. ALICE SPEER

Mrs. Alice Speer's recent guests were Mrs. Guy Smith and son, Harold, and his family, Brownwood; Mr. and Mrs. R. H. Jennings and children, Sherman, and Mr. and Mrs. Ferman Baye, Fort Sill, Okla.

 loss of dust and surface and sands result in poorer yields, lower incomes and weaker soils. Continued loss of topsoil will lower the capability of the land and eventually cause abandonment of the now most fertile acres.
 It takes three things to prevent most land failures:
 1. On good cropland apply erosion-control practices that fit its needs to keep it from turning into poor land.
 2. On poor land apply the best conservation practices to prevent total loss.
 3. Keep grass on land, that is best suited for growing grass.

NEWS FROM DESDEMONA

By Mrs. Ethel Keith

Mrs. Ethel Patterson has been on the sick list for several days.

Mrs. Rose Ellen Davis, home ec teacher here the past year, has resigned to accept a place in the Hico Public Schools.

Mrs. Homer Joe Sparkman has been a guest here but is improved now.

Courtney Thiebaud, son of Mr. and Mrs. Glea Thiebaud, of Kilgore has been visiting his grandparents, Mr. and Mrs. Rob Lewis, and other relatives for several weeks.

A going-away shower was given at the high school building honoring Mr. and Mrs. Roger Murry. Mr. Murry has resigned as superintendent of the school to go elsewhere.

Visitors with the H. T. Lanes the past week-end were Mr. and Mrs. W. W. Carney of Eastland and Mrs. E. E. Pascal of Arlington.

Mr. and Mrs. T. R. Wilcoxon and children and Mr. and Mrs.

HERE FROM FORT WORTH
Mr. and Mrs. Hank Holmes of Fort Worth spent the weekend in the home of Mr. and Mrs. W. Q. Verner and Mr. Holmes and Mr. Verner participated in the Lakeside Country Club's annual invitational golf tournament.

Bernard Keith and daughter, Vicki, of Odessa, Mr. and Mrs. Puz Cuthery and daughter Karen of Kermit were week-end visitors here with relatives.

Mr. and Mrs. R. Joiner had as week-end visitors Mr. and Mrs. Robert Myers of Fort Worth and Mrs. Robert Abel and son, Bob, of Oil Center, N.M.

Mr. and Mrs. S. W. Walker and children of Odessa were here for the week-end with her parents, Mr. and Mrs. E. H. Abel.

Ethel Keith and Mr. and Mrs. Bernard Keith visited Monday in Dublin with her mother, Mrs. N. S. Partain.

Mr. and Mrs. H. O. Fien of Fort Worth were week-end guests

with his mother, Mrs. Ollie Fien.

Mr. and Mrs. H. E. Larid and son, Harold J. Larid, spent the week-end with Mr. and Mrs. Howard Williams. Mrs. Larid is a sister of Mrs. Williams. They went to Flainview Saturday night. Mrs. T. I. Long, mother of Mrs. Williams, and Mrs. Larid, who has been here for several weeks visiting, returned with the Larids to her home in Flainview.

Also visiting in the Williams home the past week were their son, Debert Williams of Kermit, and Mrs. Williams and a niece, Mrs. H. T. Key, and Mr. Key and son, Johnie Ray.

Mrs. Truman Bryan and son, Bill, who are attending summer school at Oklahoma State College spent the holiday week-end here

with their husband and father, Mr. Bryan.

Mrs. Bill Greenhaw has completed a beauty course at Brownwood and is now ready for state examination at Austin.

Little Johnnie and Anne Faris are spending several weeks with their grandparents, Mr. and Mrs. W. Worden.

The summer revival is in progress at the Baptist Church.

VISIT IN ALAMEDA

Martha Jane McMurray, daughter of Farm Bureau Supervisor and Mrs. E. C. McMurray, 1206 S. Senman, visited Loresta Love, daughter of Mr. and Mrs. John Love of Alameda, Sunday to Tuesday.

IT'S HOT! MERCURY'S RISING! RECORD SALES MEAN RECORD DEALS

THE NEW 198-HORSEPOWER MONTECLAIR HARDTOP COUPE, shown above, is one of Mercury's 11 models, in 3 series. There is a Mercury priced to fit any budget.

As Mercury sales go up—your cash outlay goes down
Don't miss the biggest summer savings yet!

YOU SAVE 4 WAYS

No summer slump here! Mercury sales are still booming. That's why we can offer you such a generous allowance for your present car. Mercury prices start below 13 models in the low price field*—so you can save even more cash. But that's just a starter. Mercury's famous operating economy and low upkeep save you still more. And remember: Mercury consistently leads its field in value at trade-in time—as independent surveys clearly show.

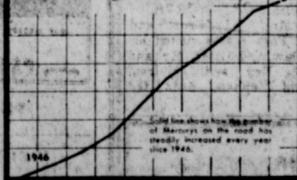

*Based on a comparison of manufacturers' suggested list or factory retail prices using a Mercury Custom 2-door Sedan (not illustrated).

AND LOOK WHAT YOU GET

Exclusive styling shared by no other car. 11 models in 3 series to choose from. A bigger-all-over Mercury—in length, width and wheel base. A new super-compression SUPER-TORQUE V-8 engine—198 horsepower in the Mercury Montclair (shown above); 188 horsepower in the Mercury Custom and Monterey. Plus all these extra-value features at no extra cost: a 4-barrel vacuum carburetor, anti-fouling high-compression spark plugs on all models; dual exhausts on Montclairs and Monterays. See 'em! Try 'em! To save the most, act now.

THE BIG MOVE IS TO MERCURY

Mercury is setting new sales-records every month. More than 2,000,000 Mercurys have been bought since 1946.

IT PAYS TO OWN A **MERCURY** FOR FUTURE STYLING, SUPER POWER

Leave Half the Work at Home When Cooking Picnic Meals

BY DOROTHY MADDOX

NOTHING delights youngsters more than a picnic cook-out. We've gathered a few practical hints to make preparing and cooking the outdoor meal easier and more fun for everyone.

Wrap sandwiches tightly in aluminum foil, sealing all edges with double folds. Store in freezer. Sandwiches take 2 or 3 hours to defrost. If you want to add lettuce or tomato to sandwiches, pack them separately in foil to preserve their freshness. Then sandwiches will taste fresh-made. For variety, place sandwiches on grill and toast to golden brown (especially good for cheese fillings).

Kiddies' Drumsticks

Purchase fresh or frozen chicken legs. Place each drumstick on a square of aluminum foil and add a generous piece of butter or margarine, minced onion (if desired), seasonings and 1 tablespoon milk or tomato juice. Wrap tightly in foil and cook on the grill for 45 minutes, turning occasionally.

Yam-Apple Bake

Four yams or sweet potatoes, 2 apples, 5 tablespoons brown sugar, 2 tablespoons lemon juice, 1 tablespoon softened butter, salt, pepper.

Tear off 4 sheets of heavy-duty aluminum foil to measure 18 inches by 12 inches. Peel and thinly slice sweet potatoes. Peel and quarter apples.

Pile potatoes in center of

Foods served at a picnic cook-out for the children masquerade healthful goodness under the guise of summer-treat fare. Plan several such affairs this summer.

pieces of foil to form 4 portions. Add two apple quarters to each portion.

In bowl, mix together brown sugar, lemon juice and softened butter. Spread over apples and potatoes. Season. Bring opposite edges of foil together and seal with a tight double fold. Seal ends in same manner.

Place on grill and cook about 35 minutes, turning occasionally.

Picnic Pudding

One package vanilla pudding, 1 pint strawberries, packaged sponge cake. Prepare vanilla pudding according to package directions, cool slightly. Meanwhile, hull, wash and halve fresh

strawberries. Crush lightly but do not add sugar. Line aluminum foil casseroles with 1/2-inch slices of sponge cake. Add pudding and berries in alternate layers in cake-lined pans. Chill. Crimp foil lids on pans and carry to picnic. Dessert will stay cool and fresh—will not spill in securely capped pans.

Mrs. Hamner Calls Meeting of Hospital Auxiliary for Thursday

Mrs. Ben Hamner, president of the Eastland Memorial Hospital Auxiliary, has called a meeting of the auxiliary for 9:30 a.m. Thursday in the Texas Electric Service Company's conference room.

All members are urged to attend, she said. Routine business

will be dispatched and the remainder of the dues collected at this regular quarterly meeting.

Former Eastland Girl, Now of Kermit Marries

Miss Christene Whiting, daughter of Mr. and Mrs. Clarence Whiting of Kermit, formerly of Eastland, became the bride of Glen Dawson Cullum of Kermit July 1.

The bride is a granddaughter of Mr. and Mrs. J. M. Smith of Eastland.

STRICTLY FRESH

In St. Louis, Mo., bathing beauties were perched atop buses to attract more riders. Looked like a good idea.

Putting your money away for a rainy day is fine, if doing so doesn't darken the sunny ones.

A woman appealed to New York City officials to rid the air there of sulphuric acid fumes, saying such fumes dissolve nylon

clothing right off the wearer. And with today's women being almost completely clothed in nylon, that's the naked truth.

The guy with a lot of push is least likely to get shoved around.

Mr. and Mrs. Amato Galli of Syracuse, Sicily, found animals had eaten their life's savings, which they kept in a trunk because they didn't trust banks. You just can't bank on animals any more.

ATTEND THE CHURCH OF FOUR CHOICE EACH SUNDAY

"SO UPSET BY 'CHANGE OF LIFE' I SCREAMED AT MY HUSBAND!"

writes Mrs. A. W., New York, N. Y.

"New I don't suffer from 'hot flashes' and nervousness, irritability!"

Are you going through "change of life" . . . suffering the "hot flashes," nervous tension, irritability, weakness and other types of functionally-caused distress of this difficult time?

What Doctors' Tests Showed!

Then . . . here's hope for you! In tests by doctors, Lydia Pinkham's Compound and Tablets gave relief from such distress . . . in 63% and 80% (respectively) of the cases tested. Complete or striking relief!

It acts through sympathetic nervous system to relieve distress of "hot water"!

4-H Boys Near End of Two Day Cisco Camp

More than 170 boys representing six counties gathered at Lake Cisco Monday for the opening of the annual 4-H two-day camp. After registration during the morning, the boys opened activities with a swim in the Lake Cisco pool and the remainder of the day was rounded out with competitive games and recreation. The night program consisted of skits presented by each club represented. Winners of the competitive contests will be awarded ribbons shortly afternoon today and the group will break camp at 2:30 p.m. Big problem of such a campout is keeping the grounds neat and clean. Jimmy Roberts of Anson was elected camp chairman and his brother A. H. was chosen vice-chairman. The two and a council composed of a delegate from each county will enforce camp rules.

School Reunion Will Be Staged In Hall in Star

The American Legion Hall at Rising Star will be the scene of the 20th homecoming Saturday night and Sunday, July 16 and 17. The program will begin at 7:30 p.m. Saturday. A basket lunch will be spread at noon in the Legion dining hall Sunday noon. The Brooks - Macedonia school was established in 1916 by the consolidation of Amity, Macedonia and Brooks district. The building was placed in the old Brooks district, five miles east of Rising Star. The district has now been divided and consolidated with Rising Star, DeLeon and May districts.

Services For County Pioneer Held Saturday

Funeral services were held at 3 p.m. Saturday at the Baptist Church in Carbon for M. C. Tucker, 89, pioneer resident of Eastland County, who died Friday morning. Graveside rites were conducted by the Carbon Masonic Lodge and Rev. Harry Grantz of Carbon and Rev. George Thomas of Breckenridge were in charge of the services. Burial was to be in the Pleasant Valley Cemetery with Wylie Funeral home in charge of arrangements.

A retired farmer, Mr. Tucker had lived in the county since 1879. He had lived in Carbon since 1919. He was the last living charter member of the Pleasant Hill Baptist Church. He and his father helped build both the MKT and T&P railroads through this section. Survivors include four sons and three daughters. The sons are L. W. Tucker of Cisco, Roy Tucker of Route 2, Cisco, Robert Tucker of Route 1, Carbon, and M. C. Tucker, Jr., of Austin. The daughters are Mrs. A. M. Hearn of Eastland, Mrs. L. L. Wragg of Breckenridge, and Mrs. A. L. Simmons of Odessa. Seventeen grand children and 21 great grand children also survive, along with one sister, Mrs. Maud Vann of Lensey, Calif.; one brother, P. G. Tucker of Amarillo; two half-sisters, Mrs. Arthur Brown of Carbon and Mrs. Maggie Niedekin of Snyder; and four half-brothers, Odell Tucker and Bee Tucker of Eastland, Frank Tucker of Carbon and Dewey of Goldthwaite.

Methodist Youth Election; Plan Year's Functions

Scores of delegates from the four counties of the Cisco District of the Methodist Youth Fellowship Council met Friday noon at Miller Park in Breckenridge for the first council meeting of the year and a picnic luncheon. Counties represented at the meeting were Eastland, Stephens, Young, and Palo Pinto. Main purpose of the meeting was the election of officers for the next year. Don Jobe of Scranton was selected president; Annette Harrell of South Bend was elected vice president; Fommy Lou Lenoir of Breckenridge was chosen secretary; Darlene Hicks of Mineral Wells was named treasurer and Martha Kay Scott of Graham was chosen publicity chairman. Directing the meeting were Dr. Leslie Seymour of Cisco, district supervisor and Richard R. Smith, district youth director. During the business session the group chose names for the sub-districts which compose the district and title of Francis Aubry District was chosen for the area. Plans were also made for the annual district MYF banquet which is to be held in December at the First Methodist Church in Graham and a district rally was planned for later this month.

Cattle Markets Open Lower Unevenly Slow

Major cattle markets this week opened very slow and unevenly lower and in most brackets were a good 25 to 50 cents lower than last week's closing. In Fort Worth: Cattle, good and choice steers and yearlings 18.00-22.00; common and medium 10.00-18.00; good and choice slaughter calves 16.00-19.00; good and choice stocker steer calves 17.00-21.00; stocker cows 8.00-12.00. Hogs: butcher hogs steady to 25 higher, sows steady. Sheep: slaughter spring lambs steady to 50 lower; other killing classes steady; feeder lambs weak to 50 lower. Good and choice 65-75 lb slaughter spring lambs 19.00-20.00; utility and good shorn slaughter yearlings 12.00-15.00; cull to good shorn slaughter ewes 4.00-5.00; medium and good spring feeder lambs 12.00-15.00; feeder yearlings scarce. In Chicago: Hogs 25 to 50 higher on U. S. No. 1 and 2's 180-220 lb. butchers; steady to strong on all weights and grades butchers; sows 25-50 higher. Cattle: choice and prime steers 1,150 lb. upward 25 to 50 lower; other weights and grades fairly active, steady to 50 lower; heifers steady; bulls steady; price 1-150-1,300 lb. steers 25.00-26.00; choice and prime steers 22.75-24.75; good to low choice 19.00-22.50; good to average choice heifers 19.00-22.50; cull to commercial 11.00-18.00. Sheep: spring lambs 25-50 higher; mixed oil crop lambs a n d yearlings about steady; slaughter sheep steady to weak; utility to low good lambs 16.00-20.50.

A Hearty Salad For Cool Eating

Use packaged, pre-cooked rice and canned salmon for a hearty, nourishing salad-supper that is both cool in the eating and cool in the making, for no cooking — thus no heating up the kitchen — is involved. **Salmon Salad** Dash of pepper 1/2 cup (7- or 8-ounce can) salmon, drained and flaked 3/4 cup mayonnaise 1/2 cup diced celery 1 tablespoon lemon juice 3 tablespoons sliced stuffed olives Add pre-cooked rice and salt to boiling water in saucepan. Mix just to moisten all rice. Cover and remove from heat. Let stand 15 minutes. Then uncover and let cool to room temperature. About 1 hour before serving, combine mayonnaise, lemon juice, and pepper, mixing well. Combine salmon, celery, and olives in a bowl. Stir in mayonnaise mixture. Then add the rice and mix lightly with a fork. Chill. Serve on crisp salad greens. Makes about 3-1/2 cups, or 4 servings.

Jail -

(Continued From Page One) cused on charges of intoxication several times. Kelly, who transports mail from the Ranger depot to the post office, was in possession of a pistol which he is authorized to wear during duty hours, and at one time after the attack allegedly acted as though he might make some use of the weapon. However, local police had no trouble in apprehending the suspect and Deputy Sheriff John Boyd said that Kelly had never

admitted the attack but instead asked what he was being held for and stated that he could remember nothing. Kelly, who has been employed by the post office department for slightly over two years, was described as "definitely alcoholic" by Mrs. Kelly although she said he was not drunk at the time of the alleged attack but had been drinking.

188-hp Buick SPECIAL 6-Passenger, 4-Door RIVIERA, Model 43

This 4-Door Beauty is the Newest Hit in Hardtops

YOU certainly ought to come in and see for yourself why this new kind of hardtop is headed for the best-seller list. It's a Buick Riviera, of course. Which means the low and rakish look of a Convertible — a solid steel roof overhead — and no center posts in the side window areas to obstruct your view. But that's only the beginning. Here you get two extra doors. They open to the rear compartment. So no one in the front has to move when someone gets into or out of the rear. Here you get massive half-pillars on either side on which the front doors latch and the rear doors hinge. (That's why you see no center posts above the door line.) Here, too, you get wholly new principles in body design and strength that give the extra safety of rock-firm solidity at the top, sides and bottom. And here—bless those Buick engineers!—you get a lot more room in the rear compartment.

For the 4-Door Riviera gives you over 9 inches more hiproom and 5 inches more legroom — yet with no increase in wheelbase or over-all car length. So we repeat—you certainly ought to come in and see this stunning new kind of hardtop. It's the very last word in beauty, comfort, convenience. It's available in Buick's two lowest-priced Series — the SPECIAL and the CENTURY. And it's all Buick — with Buick power, Buick ride, Buick handling—and the spectacular performance of Buick's Variable Pitch Dynaflex.* Drop in today—tomorrow at the latest—and learn what Buick's all time record sales year can mean to you in the way of a whopping-big trade-in deal. *Variable Pitch Dynaflex is the only Dynaflex Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

NOW- Biggest Trade-in Deals ever on the Biggest-Selling Buicks in History! Come in and see!

Lavatory Enclosure
AN ENCLOSURE for a lavatory not only will enhance the appearance of the bathroom but will provide additional storage space. In the plan illustrated, the inside of the door is faced with a Masonite "Peg-Board" panel.

Various items can be stored on it by means of metal hooks and fixtures which fit into the various holes. Both the perforated panel and fixtures are available at lumber yards. The "Peg-Board" panel serves also to keep the enclosure ventilated. Sides and bottom of the cabinet are Masonite Tempered Presdwood, a material which withstands wear and the high humidities of bathrooms.

RETURNS TO SAN DIEGO

Ronald Rex Webb, son of Mr. and Mrs. Raymond Webb, left Friday for San Diego, Calif., after a furlough of 10 days here with his parents. He had just completed his boot training when he came home and upon his return there he will receive his assignment.

VISITS GRANDDAUGHTER IN DALLAS: TO GO TO AUSTIN AND SAN ANTONIO

Mrs. F. L. Dragoog went to Dallas Tuesday for a 10-days' visit in the home of Mr. and Mrs. W. W. Wendland and their 5-months-old son, Wendt. Mrs. Wendland, the former Miss Billye Beall of San Angelo, is a granddaughter of Mrs. Dragoog. She spent two years in Eastland studying violin with her aunt, the late Miss Wilda Dragoog, and later was graduated from Julliard School of Music, New York City. Both she and her husband are teachers of stringed instruments in the Dallas Public Schools where he is director of a high school orchestra and several choral groups. Mrs. Dragoog will go with them to Austin and San Antonio and in the latter place they will visit Mrs. Dragoog's grandson, Bobby Beall, student at Texas University Medical School, Galveston, who is interning this summer at Baptist Memorial Hospital in San Antonio. He took his pre-medical work at Rice Institute, Houston, and has had two years at Texas University Medical School.

Cadillac

Second Car He Ever Owned!

Time was when a man wouldn't have considered a Cadillac until he had owned four—or five—or even six different motor cars.

But nowadays more and more motorists—like the happy man you see in the picture above—are stepping right up from their first car to a Cadillac.

There are, we think, two basic reasons for this wonderful change.

To begin with, the temptation to make the move to Cadillac has never been greater than it is today.

The car's arresting grace and beauty... its captivating luxury and graciousness... and its heart-winning performance have all been brought to new peaks of perfection for 1955.

And secondly, the path to Cadillac has never before been so clearly marked or so easily traveled.

Take original cost, for instance. The purchase price

of the lowest-priced Cadillac is actually little more than many models in the medium-price field.

And then consider Cadillac's economy. Few automobiles of any size or make will travel farther on a gallon of gasoline... and the car is all but free from any save the most routine costs of maintenance.

And, finally, there is the car's resale value. Year after year, Cadillac cars return their owners a higher percentage on their original investments than any other automobiles in the land.

So if you want a Cadillac—don't feel that you have to advance gradually to the car of cars.

If you are ready to make the move, the automobile you now own is the perfect steppingstone.

Why not stop in soon and see for yourself? You'll find that we have some very pleasant news for you about cost and delivery.

It Happened Again— We have no comparable figures before us—county by county—but our prediction is that no town in Texas has been hit harder by hail than has Eastland the past 15 years. The local agent is the worst victim. He doesn't know whether to leave town or commit suicide. He does neither, but stays on the job 18 hours a day and sees it through. After it is all over, he sits back, relaxes and waits for the next one. Ho, hum, what a life!

Eastland Co. Home Dem. Council Will Have Program In Eastland Wednesday On Civil Defense

Highlight of the Eastland County Home Demonstration Council Meeting slated for 2 p.m. Wednesday, July 13, will be a program on Civil Defense. The meeting will be held in the Texas Electric Conference Room, Eastland. Mrs. Grace Martin, State Coordinator of Women's Activities in Disaster and Civil Defense, will speak to the group on "Family Preparedness to Meet Disaster." This program will start a Civil Defense program for the home demonstration clubs in the county. All home demonstration club

members and other visitors are invited to attend. Also it has been announced by Eastland County Home Demonstration Agent, Miss Minnie Mae Billingsley, that a new supply of sterile bottles to obtain drinking water samples, to be analyzed for bacteria content, have been received.

All people in Eastland County are urged to have their water tested if it is used for drinking purposes. This service is free except for a few cents postage. The sample will need to be mailed to the County Health Unit, 125 1/2 Chestnut St.; Abilene, Texas. The bottles may be obtained from the home demonstration office or from home demonstration club members. If the water proves to contain harmful bacteria, information will be given directly from the home demonstration office as to how to correct it, and not from any other media. This harmful bacteria content could be due to a number of reasons and that is why the information will be given directly from the office if the participant wants help from the home demonstration staff, Miss Billingsley announced.

TOREADOR — Tight-fitting toreador pants and brief bodice are fashioned of a gay cotton print in this Paris original, which boasts wide, solid-color sash and matching cap.

AROUND the TOWN By Fay

VISIT IN FORT WORTH HOUSTON AND GALVESTON Mr. and Mrs. M. H. Hart spent the weekend in Fort Worth in the home of their son-in-law and daughter, Mr. and Mrs. E. W. Sumerlin. They recently visited in the home of their son-in-law and daughter, Mr. and Mrs. Virgil Williams of Houston. The Harts and the Williams spent the "Fourth" in Galveston.

VISIT IN JASPER AND SHREVEPORT The Rev. and Mrs. A. E. Hartwell went to Shreveport Sunday to visit their son, J. H. Hartwell and family. Tuesday they were to go to Jasper to visit another son, the Rev. Edward M. Hartwell and family. They will return home Thursday night.

CAPT. H. B. MURPHY of Barksdale Air Force Base, Shreveport, La., who returned there Thursday after a visit here with his parents, MR. and MRS. PAT MURPHY, says his base is the largest Air Force base in the world and "if you don't believe it just visit the base and head the sign at the entrance which says so." Most impressive base, said the Captain and his Lady while here.

Orchids to MRS. ARTHUR MURRELL and JIMMY HUGHES, president and director of the Y, for showing their appreciation to workers for fine service performed in the Y's first summer program here. This they are doing Tuesday night with a melon feast.

BILLY ED OWEN of Great Neck, Long Island, New York, who is working on the guided missile program for the Sperry Co., has written interesting news to his parents, MR. and MRS. J. L. OWEN, 501 E. Sadosa, about his spear fish diving at Miami recently when he flew down with a friend, Bob Webber, in the latter's plane. Earlier they flew to Vermont for skiing, later to the Virgin Islands. Too, they have been seeing the Broadway shows. BILLY ED belongs to an interesting and highly popular organization in some sections — a skin diving club — and he writes his parents that the fish and underwater scenes are unbelievably colorful and beautiful in the waters around Florida.

JANNA BETH McMURRAY, 19-months-old glamour girl, dropped into our office Monday afternoon with her mother, MRS. E. C. McMURRAY, for an appreciated visit.

The Whaleys Observe 27th Anniversary Celebrating their twenty-seventh wedding anniversary, Mr. and Mrs. W. C. Whaley entertained close relatives with a fried chicken dinner Sunday night at their home in Eastland. Centering the table was a bouquet of mixed white blossoms; the anniversary cake was a large white frosted confection. Present were Mr. and Mrs. Gene Metz and son, Jimmie, Hobbs, N.M.; Col. and Mrs. Michael L. Crimmins and daughter, Diana, Fort Worth; Mr. and Mrs. Whaley, the anniversary couple, and their daughter, Miss Jesse Whaley of Fort Worth.

VISIT RELATIVES IN FORT WORTH AND IN GREENVILLE, PA. Mr. and Mrs. Gene Rhodes and children, Norman and Andrea, left Monday afternoon for Fort Worth, where they spent the night in the home of his father and stepmother, Mr. and Mrs. Andy Rhodes. Tuesday they left for Greenville, Pa., for a month's visit in the home of his stepfather and mother, Mr. and Mrs. Eddy.

HERE FROM TENNESSEE Mr. and Mrs. Barney Smith and children, Dianne, Julia and Brenda Joyce, of Sevierville, Tenn., formerly of Eastland, were recent guests of their parents, Mr. and Mrs. J. M. Smith; his brother, Roy Lee Smith and family, and his brother-in-law and sister, Mr. and Mrs. H. E. Basham and sons, Darrell Gene and Joe.

HERE FROM HILLSBORO Mrs. Harley F. Davis and daughter, Karen, of Hillsboro, visited Monday and Tuesday in the home of Mr. and Mrs. Iral C. Inzer and daughter, Julia Lynn.

HERE FROM CISCO C. J. Turner, president of Cisco Junior College, was in Eastland Monday visiting his brothers, E. J. Turner and family and J. W. Turner and family. VISIT IN KERRVILLE Mrs. Claude Bell and granddaughter, Miss Georgia Thomas, have returned from a few days' visit with her sister, Mrs. W. H. Ross of Kerrville.

No wonder this great '55 Pontiac is setting all-time sales records!

It's bigger, smarter and more powerful than any other car at anything like the price!

A sales success like Pontiac's starts on the drawing boards—with engineers and designers who have been schooled for years in the Pontiac idea of giving more people more car for less money. With its long 122" or 124" wheelbase and extra, big-car heft, Pontiac provides road-hugging comfort you get in no other car near it in price! Now take this big, roomy car and surround it with the distinction of Twin-Streak styling and Vogue Two-Toning—beauty that obviously is calling the turn on the future—and you have another reason for Pontiac's phenomenal sales success. That alone would be enough for most cars—but not for Pontiac! Pontiac corners the market on value with the most powerful engine within hundreds of dollars of its price. The sensational 200-horsepower

Strato-Streak V-8 with four-barrel carburetor* is the most modern power you can buy. You're on even terms with anything on the road—and you enjoy the greatest economy and dependability in Pontiac history. If by now you're thinking "This is what I've wanted all along!", we suggest you stop in and talk dollars and cents. That's when you'll get the final reason for Pontiac's record popularity—the fact that you can fit a big, powerful, future-fashioned Pontiac into any new-car budget! You'll never find it easier to get into the fine car class than right now! *Low extra cost option.
