## Super-Productive Fall Garden Pride of Mr. Bailey Bryant

Men spend their spare time on golf or fishing, but Bailey Bryant has found a personal relaxation method in the production of these under-bushes. Mr. Bryant also offers dividing the bushes. Bryant has one of the fall gardens you'd expect to find anywhere. He is a "city-farmer" who lives at 307 E. 18th St. in Eastland, and for a day is an employee of the courthouse. northeast of where his garden patch is located. Bailey, as he's known as at the courthouse, does have some good help with his prize garden. A faithful plowhorse has helped him keep it immaculately clean. There's no doubt about it: Mr. Bryant is sure proud of his garden.

## Speech Therapist Gives P-TA Program Tuesday

"Education includes the art of good speech," Miss Alta Nation, speech and hearing therapist, told members of the P-TA at their meeting Tuesday in the Eastland High School auditorium.

But today, she said, only one-sixth of those with defective speech are receiving help. She described defective speech as that which so differs from the normal that it makes communication difficult and calls attention to itself, often causing personality maladjustment.

Miss Nation, a graduate of Hardin - Simmons University, was added to the Eastland and Cisco school faculties this year. She screens students in the two towns, listening to them read and talk in the classroom, in her effort to discover speech defects.

The therapy which she prescribes is given free of charge to students twice a week in 20 to 30 minute periods during school hours. Most defects are slight, she said, and usually therapy is given to a group, rather than individually.

She described defects as being chiefly those of substitution of another, omission of certain letters, distortion of a sound, addition of a sound, stuttering, or cluttering. The latter occurs when words pile on top of each other.

Therapy begins with the correct phonetic placement of a sound by the student before a mirror. Then development is through using the sound in the beginning, middle and end of a word. Later practice is with the sound in sentences and conversation.

In her therapy, Miss Nation creates interest with puppets, pictures, sound cards, flannel boards, jingles, and story telling.

To be in a therapy class, each child must have the permission of his parents.

Miss Nation was introduced by Mrs. Harold Durham, principal of South Ward School.

Rev. H. B. Terry, Jr., minister of the Bethel Baptist Church, gave the invocation, and Mrs. M. A. Treadwell gave a meditation, "The Days of Love Are Too Short."

Mrs. Marcus O'Dell presided during the meeting. Classrooms which had the largest percentage of mothers present were Mrs. Jimmy Young's third grade at South Ward and Mrs. Theon McKinzie's fourth grade at West Ward.

## Wildcat Test Is Underway Near Here

Drilling operations were started last Thursday on the Jim E. Curry No. 1 J. B. Ammerman, a wildcat oil test midway between Eastland and Cisco just south of Highway 80. Plans called for a 4,000 foot test that was expected to go to the Ellenburger lime.

Location was given as 500 feet from the north and 700 feet from the east lines of the southwest quarter of Section 49, Block 4, H&TC Survey, on a 160-acre lease Ace Drilling Company of Abilene had the contract for Curry, who is an Abilene operator.

Drilling was about 1,500 feet Saturday morning.

Elsewhere in the county, L. R. Pearson of Ranger had filed application for a permit to re-enter and deepen his No. 1 L. A. Hightower, seven miles southeast of Ranger in the regular field. Location was 467 feet from the north and east lines of the William Van Norman Survey, on a 20-acre lease. It was to be a 1,250-foot cable tool job.

At last reports, the T. A. Newman of Texas City No. 1 S. A. Davis, Sr., Estate, a 5,700-foot project for the area some seven miles northeast of Cisco, was bottomed at about 3,900 feet. The test was in the north half of Section 2.

Queen Billye was crowned by last year's queen, Miss Patsy Fox of Olden. Plant Manager, Mike George, presented her highness with a lovely bouquet of pink roses.

Runners-up for the title were Jane Rogers of Breckenridge and Stella Goforth of Ranger. Each contestant was presented a corsage.

Mrs. Koonce, a supervisor, has been employed with the plant since January, 1956. She and her husband, Joe Ben, a farmer and rancher at Desdemona, have two sons, Scotty, 10, and Brad, eight.

The Hollywood plant is a member of the Hollywood Vette Vassarette Federal Credit Union. Any contestant for the honor is required to be a member of the local Credit Union and only members are eligible to vote.

Approximately 150 employees of the local bra factory are members of the Credit Union. There are 700 members of the Union in the four bra plants.

Refreshments of coffee, cakes and brownies were served during the break period.

## Mavericks Drop District Opener To Bruising Baird Bears, 38-14

The Eastland Mavericks played inspired ball against the state-ranked Baird Bears in the first half Friday night, but a savage second half attack finally netted the Bears a 38-14 win in the District 10-A kickoff game for both clubs.

The Mavericks' heads-up ball hawking netted them a first quarter lead in the game and at the half the score stood at 16-14 on the Bears' side of the ledger, only after two quick scores by Baird's stars, quarterback Calvin Barnes and fullback Tommy Beck in the second quarter.

The Bears then roared back after the half with two scores by Barnes in the third quarter and another Barnes tally in the final period.

Eastland's first score was set up in the opening minutes of the game when, after Baird had received, a Barnes aerial was snatched by Maverick halfback - quarterback Joe Cooper on his own 40. He then raced all the way down to the Baird six and quarterback Tommy Beck then went on an end run from the two-yard line four plays later.

Fullback Jim Moylan then ran over the two extra points and Eastland led 8-0.

Shortly afterward, Maverick quarterback Beck suffered an arm injury and had to be pulled from the game. Cooper then took over Beck's duties for the rest of the game.

Key defensive tackles and assists turned in by Eastlanders included:

Larry Howle, 3; Ray Edwards, 4; Gaylon Griffin, 4; Joe Herring, 1; Don Griffin, 1; Jimmy Moylan, 3; Dick Byars, 7; Tommy Beck, 4; Gary Graham, 7; Stanley Underwood, 5; Mike Jones, 4; Joe Cooper, 6; and Dan Phillip, 4.

Baird started a drive after Eastland's touchdown kickoff but had it stopped when a Barnes fumble was recovered by Maverick guard Dickie Bya on the Eastland 10. Eastland was forced to kick and Baird started to move again from its own 37.

Early in the second quarter and four downs later the Baird found themselves on the Eastland one-yard line. A fumble in the end zone by Higgins was recovered by Eastland for a touchback and the Mavericks took over on the own 20.

Then a pass interception by Baird set the stage for scamper around his own led end by Barnes for 22 yards and a touchdown. An extra point pass from Barnes to halfback Tencil Scott tied the game at 8-8.

After the kickoff, Baird's Johnny Higgins stopped another Maverick drive with a interception, but this time Baird drive was stopped after four plays, on the Eastland two-yard line and the Mavericks took possession again.

They were forced to punt however, and after two first downs Tommy Higgins crossed the line on first down to go ahead score for the Bears. Higgins then ran the two points and the Bears led 16-8.

Eastland's second, and a bit turned out, last score of the game came after Maverick halfback Gary Graham had scampered around on from his own 35 to the Baird 25 shortly after Baird kicked off. A few plays later Moylan raced around his left end for the score, his run good for 18 yards and a touchdown.

A run for the extra point failed and the score stood a 16-14 at halftime.

Baird scored the first time it had the ball in the third quarter after halfback Eddi Childers ran a Maverick pun from his own 37 to the Eastland seven. Two plays later through the middle, halfback Wally Harris ran for the two points to make the score 24-14.

Baird kicked off. Eastland was held a kick had to punt. Baird then took the ball on the 50 and after three first downs, Barnes ran up the middle for the TD from the Eastland three. Childers on the extra points for a 22-14 lead.

Baird's final tally in the fourth quarter, was set by long gains by Tommy Higgins and Childers after the Mavericks were forced to punt. Barnes finally plunged over for the score for the Eastland one. Barnes' pass to end Jud Gillilan failed and the final score was 38-14.

Moylan led the Maverick in total rushing yardage with 63, but Graham led (Continued on Page 2)

## 191 Residents Check On SS Rights Here

During the July-September quarter, 191 Eastland residents have taken the time and interest to check up on their own social security rights and responsibilities, according to H. L. Weatherly, field representative from the Abilene Social Security office, who visits here each month.

Of that number 28 filed for monthly benefits under either old age, the survivors, or the disability insurance provisions of the social security program.

R. K. Tuley Jr., Abilene district manager, suggests that all persons past the age of 62 who have not talked with Weatherly or some other social security representative in 1962 make plans to do so, unless (1) they are already receiving monthly social security checks, or (2) they have never had any earnings covered by social security. The 1961 changes in the law made many more people eligible for some payments even though they were (Continued on page Two)

**Home Demonstration Exhibits  
Feature Crafts of Variety**

By Mrs. Lee White  
There were so many pretty things to be seen on display at the annual achievement Day exhibits held Thursday, Friday and Saturday, sponsored by the North Star Home Demonstration club members, it is difficult to describe, without a starting place, and names of the exhibitors, in fairness to all, text is impossible.

Crafts were predominant. Usable and decorative articles like plain and fancy aprons, cup towels and tea towels for every day in the week, pillow cases, elaborately done embroidery, were eye-catching.

Pot holders, hot plate mats and oven mitts for the kitchen were of every size and color. Rugs in colorful hooked patterns vied places with those of braided cotton, wool materials, and with those of rayon.

Pillows, fancy ones, versatile and washable ones, were in all colors of the rainbow.

Quilts and coverlets ran the list from modern to antiques and heirlooms. Articles of crochet included bed spreads, table cloths, plain and fluffy, ruffled dollies, and crochet hand bags and hats.

Toys made from scraps of cotton, silk, felt, and stuffed, reminded one of a private menagerie. Others made from knit sock and even soft drink bottles were included.

Antique chests, finished and put to use again, were lovely, along with magazine racks and fire screens and items of reed basketry.

Ceramics, beautifully done, included vases, powder jars, wall plates and statuettes.

Pictures were in oil and water colors, and the modern fabric method... the kind that brought forth 'ohs' and 'ahs' as they have accomplished

from every one who viewed them. "Pebble Pictures" was a method of craftsmanship we had not seen but very pretty. Planter ideas that struck our fancy was a miniature spinning wheel filled with trailing sweet peas and the miniature "Peter Schutler" wagon with Mom and Pop seated in the spring seat, with the old time patch work lap robe over their knees... looking typical of half century ago; also a miniature iron stove, of the old country store type, enhanced with trailing ivy.

Driftwood arrangements were a compliment to anyone's home. Other flower arrangements included an out-of-season limb of pear blossoms in full beauty, and a unique basket arrangement of colorful Castor Bean Burrs and Canna leaves.

Novelties included "Texas Mosquitoes" of Devil's Claw and dressed as "Him" and "Her", were comical. A cluster of grapes made from pecans and color-blown, looked quite natural. Bird cages from coat hooks, wall medallions of tin cans, and plastic poodles all added a gay note to the exhibits.

Many articles were sold individually but all monies from the baked food sale, the sale of Christmas Cards and the chance on the quilt, will replenish the club treasury.

The winner of the "Double Irish Chili" which was pieced and quilted for the annual achievement day raffle was won by Mr. Raleigh Darnell, local postal employee.

The North Star club women deserve a vote of commendation for their efforts in telling the public of the worth-while things they have accomplished

throughout the year as busy homemakers

A total of 854 persons took advantage of the Sabin Oral Vaccine program sponsored by the Rising Star Chamber of Commerce. On Sunday, September 30th, 647 persons received their sip of soluble vaccine, and 207 took the vaccine, Type I, on Sunday, October 7th. Orders had been placed for enough vaccine to immunize 1200 persons, a spokesman for the Chamber of Commerce said.

Type II Sabin Vaccine will be offered Sunday, November 11, from 1 to 7 p.m. it was stated this week.

John Pruett, Chairman of the organized group, will use the West Texas Utilities Company Office for the distribution of the Type II Vaccine as was done on the two previous occasions. He has been assisted by the local citizenry in administering the "Sip" method of Sabin Oral in carrying out the mass immunization.

On September 1 of this year, Mrs. Cliffogene Witt of Rising Star, completed 20 years of service with the local Post Office. "Twenty happy years", she stated.

Mrs. Witt has been acting postmaster since November, 1961. She received her official Certificate of Appointment as postmaster, signed by President Kennedy, on October 4.

**OLD CITY HALL**

I don't want to see it go. It belongs to me. I belong to it. Let the plaster crumble. Let the floors sag. Let the roof leak. I shall keep it and cherish it forever.

But, anyway, a new building was needed and if old city hall isn't torn down it is going to fall down.

My mind wanders away back when I was a little girl attending school at "dear old" West Ward. I can remember so well being in the play "Cinderella." We dressed in crepe-paper flower costumes. I was a hollyhock, and was one of the hateful sisters. Cathryn Lankford was the other sister. I can only remember a few. Shirley Ferrell (now Mrs. Carl Garrett) was a rose, and she sang a song. She was so pretty. I do remember that Wilda Frost was Cinderella. Every day after school the play cast and our directors would hike to old city hall to practice, and the night of the play the auditorium was filled to capacity. It was fun and my young heart was gay and carefree.

Then, years later, I had the pleasure and privilege of working in old city hall. These four years I remember vividly. Mr. C. W. Hoffmann was Mayor. Mr. M. H. Kelly was City Manager. "Red" Peters was Chief of Police. Mr. Allison was City Tax Collector. Frank Sparks was City Attorney. A. D. Mr. Witt is as much a part of old city hall as the foundation itself.

I was young and life was exciting. My job was a challenge, not a chore.

Most of us, as well as our city, were victims of the depression. I can remember all the improvements that were made, under the supervision of Mr. Hoffmann, to Eastland. I can remember how the cemetery used to look. I can remember the work at the Ringling Lake. I can remember when the swimming pool and the American Legion Hall were built at the City Park. Most of all I can remember the City Nursery and Christmas.

Because we had a good Democratic federal government and an able, generous, and talented mayor, Eastland survived the depression, and is now a quiet lovely, clean town in which to live.

Whether we be Democrats or Republicans, let us stand up for America and be Americans first.

The endive flavor can be toned down by combining equal parts of crisp lettuce and endive, and add a slice of onion, finely chopped, and a subtle lemon dressing.

The most wanted of all electric appliances is the electric mixer. If mixing is done by hand, it is the homemaker who takes the beating! There are three main types of mixers from which to choose. Perhaps these ideas will help you determine how to select the one that fits your particular needs and situations.

Standmixers: Choose a stand mixer if you have no shortage of counter space, you bake a great deal, often mix in large amounts and would like to use mixer accessories. In this type mixer, the beaters are supported on a stand...

and usually accessories such as food shredder, coffee grinder and knife sharpener are available. Hand Mixers: You may prefer this type if you can afford the counter space. Hand Mixers. Select a hand mixer if you already have a stand mixer, but find it isn't convenient to use for many light mixing jobs; or if you are short on counter space, yet find hand mixing tiring.

Dear Editor, May we offer a suggestion to last weeks question: in the Eastland Telegram?

A museum. How about it, old timer? Do you have a plot of ground or building that could be converted.

We would donate our services and solicit that of others. We would loan a large mounted arrowhead collection and other Indian relics, for which we would buy the domes for display.

This would be a good start and we have a lot of friends with further items to loan.

Sincerely, George and Lil Hull

## United Fund Is Supporter Of Hearing Society

The American Hearing Society, supported by Eastland through the United Fund reports that one American among 10 needs hearing help. To meet this need, the American Hearing Society has more than doubled its services in Texas, enabling anyone eligible for the services of this agency to receive prompt consideration.

Ben McKinnis and Grover Hallmark, campaign co-chairmen, said that the Society is the only nonprofit agency in the county devoting its entire efforts and resources to establishing, improving a and expanding services for hard of hearing children and adults.

It is a member agency of the Texas United Fund, along with 10 other state and national organizations which combine for one appeal through United Fund and Community Chests in Texas, with 7,300 included in the local campaign.

Jim Parks, United Fund president in Eastland, emphasized that the services of the Society are available to everyone, whether or not they live in one of the cities with an affiliated agency, and that anyone in Eastland with a hearing problem was eligible for help through the AHS field service.

# Sport Center Offers Prizes For Certain Boat Motors

If you've ever desired to participate in a full-scale track-down, here's your opportunity to join in an exciting search and possibly land a big reward: Bruce Pipkin of Bruce Pipkin's Sport Center, 304 E. Main, Eastland, has invited everyone in Eastland County to be a member of the "Sea-Horse Trackdown" posse, now throughout March 15.

Conducted by Johnson outboard motors dealers throughout the country, the "Sea-Horse Trackdown" is a search for special models of Sea-Horse milestone motors dating back to 1921. Owners of oldest motors in each of 10 model classifications will receive "rewards"—new Johnson motors-in exchange for their engines; and there will be a Grand Reward to be won by a person owning one of these models . . . regardless of the motor's age (indicated by the serial number).

"Each of the ten models we're looking for pioneered one or more Johnson engineering innovations," says Pipkin. "Owners of these models are invited to bring engines to our store, have the serial numbers registered and complete the Grand Reward statement. We are expecting some of the oldest models to turn up in Eastland County."

Model designations and serial numbers (which reveal motor age) have been impregnated into every motor manufactured by Johnson. These are the 10 models being sought and the year that production of each began: Model A-1921; Model P30 (or PR30, PL30, PBI 30); 1926; Model T40 (or TR40, TL40) - 1928; Model S45 (or SL 45) - 1929; Model K50 (or KL50) - 1930; Model VE50 (or VLE50) - 1930; Model 1300 - 1935; Model QD (or QDL-1948; Model CD (or CDL) - 1954; and Model V4-10 (or V4L-10, V4S-10, V4SL-10)-1958.

Rewards include: 10 super Sea-Horse Electramatic V-75 engines for owners of lowest serial number engines. # Here's The Real Story Behind This Man, This speech delivered to Republican State Executive Committee, Fort Worth, June 16, '62

# JACK COX

My good friends

It is a real pleasure and a great honor to be here and to have this opportunity to talk with you.

As your nominee for Governor, I assume that a majority of you voted for me and I want to thank you for that.

I haven't counted the number present here . . . but whatever the total amounts to, I am sure I couldn't afford this block of votes if I had to pay for them at the rate reported by the other party's nominee !!!

For much over HALF-A-MILLION DOLLARS, John Connally beat his rival by a little more than 25 thousand votes.

How lucky he was that he didn't win by the 250,000 votes he had predicted! At those rates it would have cost him an extra \$225,000.00 !!!

FIVE HUNDRED SEVENTY TWO THOUSAND, FOUR HUNDRED AND EIGHTY DOLLARS SPENT BY JOHN CONNALLY IN THE DEMOCRAT PRIMARIES !!!

An all-time record of reported expenditures. You realize, of course, this is only the amount reported spent by the candidate, and that there was much, much more spent in his behalf at local levels. . . . uncounted amounts not included in reported expenditures.

What does this tell us? There is a distinct message here, . . . several, in fact, and the first and most obvious is this:

THE DEMOCRATS HAVE THE BEST NOMINEE MONEY CAN BUY ! ! ! !

There is another message: SOMEBODY WANTS THAT GOVERNOR'S SEAT AWFUL BAD ! ! !

And still another message: SOMEBODY IS WILLING TO PAY ANY PRICE NECESSARY TO TAKE IT ! ! !

And a final message: SOMEBODY IS MIGHTY WORRIED ABOUT IT ! ! !

Now, all these messages raise some questions . . . like: "WHO?" and . . . even more important: "WHY?"

Let me pause here to comment that it would be a wonderful thing if this contest for the Governorship of Texas could be limited to a discussion of "issues" . . . and I would much prefer to have it that way. I will, at every opportunity, discuss the issues as I see them, and I welcome every chance to express my views on issues rather than on what is commonly called "personalities."

Unfortunately for Texas, the ISSUE which looms largest at this point happens to be PERSONALITIES, therefore I feel compelled to express myself on the questions: "WHO?" . . . and: "WHY?"

Certainly there is little-if any mystery- about it.

The brazen audacity of John Connally in his role of Lyndon Johnson's top political henchman is offensively obvious to all but the most naive who may be blinded to the facts by misplaced partisanship.

Informed political observers from coast to coast know the 'Who' and the 'Why' as well as we do, and many of them are not timid when it comes to spelling it out.

You don't have to take my word for it.

Listen to what some of them have to say:

Jack Bell, of the Associated Press Staff in Washington wrote on June 4 . . . "Some strange things have been going on that can be described only as political expediency." (to which I say: Yes indeed! ). Here are more excerpts from Bell's column of the same date: . . . "Connally, who quit as Secretary of the Navy . . . had the blessings of Johnson." (We know! We know!) Also . . . "without effective rebuttal, Yarborough called Connally the hand-picked candidate of Johnson." . . . and here . . . (these are actual quotes) "it is obviously of prime importance to Johnson that there be no backyard sniping . . . in 1964." . . . he says further that Connally can be expected to "provide the kind of backing Johnson would like to have from Austin."

I think Mr. Jack Bell is wise . . . and correct . . . don't you ? ? ?

Here are some choice quotes from the Dallas Times-Herald of June 3rd (no byline on this one) . . . "Connally . . . has been knee-deep in Texas politics since he started in LBJ's first campaign in 1937 . . . their mannerisms and methods are often identical" . . . (AMEN!) there is mention of the 'famous' 1948 Senate race, (which I would also like to 'mention' later) and then the comment that: . . . "Connally's biggest task was engineering LBJ's battle with Kennedy at the 1960 national convention" . . . then comes a strangely significant comment that: . . . "In the losing cause, Johnson came out with the vice-presidency, and Connally was appointed Secretary of the Navy" . . . ! ! ! ! !

The man who first said 'there is no prize for second place in politics obviously had never seen this pair in action!

So much for the "WHO" question . . . WE KNOW WHO . . . both of them!

Now . . . "WHY"??? We all know "why" . . . but again, let's read some of the answers supplied by others.

TIME MAGAZINE, December 22, 1961, noted the bitterness of the National Convention fight—and Connally's part in it—but said very matter-of-factly that: . . . "when Johnson became Kennedy's vice-president, Johnson's man Connally was in line for a high Federal post."

Well, he got it . . . but he didn't keep it long, although the Congressional Record reports that Mr. Connally stated "unequivocally" that he would remain four years at the post of Secretary of Navy.

The real "why" is well-answered by Washington columnist Ted Lewis, a real "insider" who writes a column called Capital Circus.

Here are excerpts from his column of May 7th.

"Within the White House itself, some of the President's loyal political schemers, known as the 'Irish Mafia', have never accepted the vice-president as a real member of the team. They have always discounted the amount of help Johnson provided . . . when he was put on the ticket to hold the South in line."

"If, come November, Johnson has put his man in the Governor's Mansion at Austin . . . he obviously would be sitting pretty in terms of 1964, Texas' important 25 electoral votes could be considered secure for Kennedy only if Lyndon were on the national ticket again."

(The man may be overly optimistic, even with Lyndon on the ticket!) Another Cuban "invasion" (even without directions from Secretary Connally) . . . another episode of Presidential price-fixing . . . another dive or the continued skid of the Market . . . and I just wouldn't be at all sure that Lyndon and John could slip Kennedy by in Texas again!

Just one more crack by Jack about the parentage of businessmen and I'm sure they couldn't ! ! !

Lewis sums the situation up in commenting that the White House attitude is: . . . "Let Johnson make his pitch with Connally any way he chooses . . . what is important is to clinch Texas for Kennedy two years from now, and if Johnson, in the process, makes himself indispensable as a second-term running mate . . . so what?"

The biggest question confronting Texans in this election is not the "Who" . . . nor the "Why". Those are no longer questions. They are facts!

The question each Texas voter must decide for himself before November 6 is: "WHICH? ? ? ?"

There is a choice of two distinctly different roads ahead for Texas. Each road is clearly marked . . . and each leads to a different destination, affecting each of us as individuals, affecting our children and . . . quite conceivably, the road Texas chooses might well have a profound effect upon all the peoples of the world!

If we follow the 'LOW ROAD' . . . the well-worn, deeply rutted road laid out by ruthless, power-hungry politicians . . . if we stay in that rut there is no turn-off . . . and it runs downhill all the way into darkness and deceit and ultimate destruction of all our individual rights.

Do you know how it is to live under total political dictatorship?

It exists . . . still exists, in certain counties, and the move is on to expand it to include the entire sovereign State of Texas.

Here is proof of that statement . . . dramatic and factual proof.

These are official election returns from one "Duval County" Texas. The year, 1948. The election—for the United States Senate. Candidates Lyndon Johnson versus Governor Coke Stevenson. Results . . . ? ? ? Lyndon B. Johnson, FOUR THOUSAND SIX HUNDRED AND TWENTY TWO VOTES ! ! ! Coke Stevenson—forty . . . that's all! 40 votes! Do you think it is logical that Lyndon Johnson actually beat Governor Stevenson by more than a HUNDRED TO ONE in an election which had a statewide margin for Johnson of less than 100 votes????

JOHNSON was then the candidate . . . Connally was the engineer ! ! !

Now it is 1962 . . . CONNALLY is the candidate, and this time Johnson is the "engineer." (The setting again is Duval County) Results . . . ? ? ? ? Connally, THREE THOUSAND AND EIGHTY ONE VOTES. His opponent, two hundred twenty three! This lopsided vote in a statewide race which saw Connally the winner by a scant TWO PERCENT ! ! ! !

(Believe it . . . it's true ! ! ! !)

That, my friends, is the 'Low Road' . . . and I don't believe that HALF-A-HILLION DOLLARS-or-any amount of dollars will lure our state nor lure our people into accepting conditions which exist in Duval ! ! !

I note that a Yarborough man in Houston is quoted as saying they had 50,000 votes stolen—or thrown out—June 2nd. I can sympathize with them in their bitterness at conceding a questionable victory to the Connally-Johnson combine, for I am one of thousands who have never been happy with the late, late "landslide" at Box 13 which sent Lyndon to Washington in the first place ! ! !

I do not think Texas-as-a whole-can be bought!

If I thought so I wouldn't be here now, for I know we cannot match the flow of money which will continue to pour into the Connally campaign.

It has been said that "money talks." I guess Connally believes that, for HE surely hasn't said anything ! !

This is understandable—to me, at least,—because in my opinion there is little he CAN say without displaying his lack of knowledge about state government.

Here is a man who has never been elected to public office . . . asking Texans for the highest office of all . . . despite his lack of experience at any level except the Bureaucratic wonderland of Washington.

As a matter of fact, he has twice suggested to me personally that we "lay-off" campaigning until after Labor Day. He has said publicly that he wanted to go back to his farm . . . and I believe him.

He's got WORK to do there . . . "fence-mending" . . . political fences, that . . . and he's got a LOT of homework to do . . . studying up on state government.

I hope he will study real hard and build up enough confidence to come out and start talking about some of the things that really matter to Texas and its people. Things which Texans feel are more important than John-or Lyndon's political careers.

One thing we are sure to hear a lot about is . . . "UNITY".

John and Lyndon are both mighty strong for "Unity." I want to get r-y comment about that on record early. (Right now, in fact ! !)

Their kind of "Unity" I don't want!!

You know, there's 'Unity' in a CHAIN GANG . . . where everybody walks in LOCKSTEP!

I have made my choice. I want to trade their kind of 'Unity' for some OPPORTUNITY . . . and I know that you do too!

That's what Texans can find on the OTHER road . . . the HIGH ROAD . . . !

A wide new road with a broader view . . .

A brighter outlook for more fertile fields . . . and the OPPORTUNITY to use our initiative to develop them! My friends, we have a DUTY to point the way to that High Road.

A great moment of decision for Texas is less than 3500 hours away . . . really only a heartbeat away in terms of history, and we must get on with it!

I pledge to you that all my energy and all my resources will be directed toward influencing my fellow Texans to make the RIGHT decision . . . to choose the High Road on November 6.

I will not tire of the task because I know the distinguished company in which I am traveling.

### Book Review Is Given At Meet Of Las Leales

Members of Las Leales Club met Monday evening in the Woman's Club for a program entitled "Chorus for Survival". Mrs. Anna Grace Bumpass served as hostess for the evening. Each member presented an answered roll call with "The Newsmakers."

Mrs. Verna Johnson reviewed the book "Lord of the Flies" by a British author, William Golding. His book, a grim narrative that holds out precious little hope for humanity, and is the most influential novel among U. S. undergraduates since Salinger's "Catcher in the Rye." It is required reading at 100 United States colleges.

The story about the British schoolboys in "Lord of the Flies" are a few years younger than Salinger's Holden Caulfield, they are six to 12 but they are not self-tying innocents; it is a world made miserable by adults. They create their own worlds, their own misery. Deposited unhurt on a deserted coral island by a plane during an atomic war, they form the responsible variations of democracy that their heritage calls for, and it gradually degenerates into anarchy, barbarism and murder.

Says Golding: "The theme is an attempt to trace the defects of society back to the defects of human nature. Before the war, most Europeans believed that man could be perfected by perfecting his society. We all saw a lot in the war that can't be accounted for except on the basis of original evil."

Those attending the meeting were Meses. Anna Grace Bumpass, Waverly C. Cain, J. M. Cannon, Maurice Dry, D. E. Frazer, J. T. Gregory, H. L. Hassell, D. L. Kinnaird, Jr., W. A. Leslie, T. E. Richardson, Floyd Robertson, Wendell Siebert, J. C. Whatley and Misses Gladys Green and Verna Johnson.

### Mrs. Greiger Hosts Meet of Flatwood Club

Mrs. Marcus Greiger was hostess to 12 members of the Flatwood Home Demonstration Club when they held their regular meeting Thursday afternoon.

Visiting the meeting were Mrs. H. Jordan, Mrs. Bud May and Mrs. Floyd McBea.

Mrs. Clint reported on completion of vests made by the club for members of the local Jaycees after which a donation to the United Fund was made.

A letter from the Abilene State School was read by Mrs. Bulah Turner.

Mrs. McCain displayed a T. V. lamp which she had made. Highlight of the meeting was a flower show. Mrs. Jack Lusk made a floral arrangement of bronze dahlias, pink roses and yellow cannas.

The meeting was adjourned at 3:30 p.m. and refreshments of cake, Dr. Peppers, cookies and mints were served by the hostess.

Resolution for the afternoon, "What's In Your Purse", was led by Mrs. McCain. Mrs. Brown won for the "fullest" purse.
