Eastland Echoes

By Casey

"One man with courage makes majority."—(Jackson).

From the mailbox comes interesting and appreciated comment, from time to time. Voicing thanks or publicity for the Eastland High School Band, Ferne L. Green comments: "We maintain that a good band is very important to a good town. . . . Our band is good clean recreation and our youth are earning, at the same time. Thanks backing our youth and band." The pleasure is ours!

S. Sen. Alben Barkley, in a recent speech, is a great spinner of yarns. There's a story he likes to tell to clergymen about a preacher who was expounding a sermon to a congregation composed of influential parishioners whose favor he desired to hold on to. That particular day he preached on "Sin," and he wound up his admonitions thusly: "And so I say unto you: Repent of your sins — more or less; ask forgiveness — in a measure; or you will be damned — to some extent."

Another letter the postman brought:

Mr. Floyd Casebolt, Eastland, Texas

Dear Sir:

The Charles Crawford Chapter, DAR, is especially grateful to you and your staff for their interest and co-operation in presenting the "Do You Know Your Flag" series in your paper recently. We strive to promote patriotism, and we know and love our flag is one of our pet projects. We thank you, sincerely, Mrs. W. W. Wallace, No. 34 Humbletown, Cisco, Texas. A grand sight — Old Glory! And, to our way of thinking, it symbolizes the hope of the world! More power to any movement aimed at deepening respect for it.

Best place to go today: Church.

Albert A. Tuggle Is Promoted To Place At Borger

Albert A. Tuggle, Eastland Wire Chief for the Southwestern Bell Telephone, is being transferred to a more lucrative position at Borger, it was announced by D. G. Davenport, District Plant Superintendent, with headquarters in Mineral Wells.

Mr. Tuggle has served in his present position since coming here from Tulia, three and a half years ago. During that time, he has supervised many improvements in the Eastland Exchange. Chief among these has been a modernization of the Telephone Building and long strides in the expansion of Eastland's facilities.

Mrs. Tuggle and children will remain in Eastland until suitable living quarters can be obtained in Borger. They have three children in Eastland's school system, so will probably remain until school is out.

No successor to Mr. Tuggle has been announced as yet, but someone will be named to the position within the next month.

New Chapter Written In Y Progress Here

Seeking the two vacant seats on the school board are Billy C. Frost, H. L. (Matt) Lewis and W. E. Halenbeck Jr. Frost is seeking reelection. The other two are seeking first terms. Holdover members of the board are M. H. Perry, H. T. Weaver, Hood King, Curtis Koen and Vernon Humphrey.

Hughes '55 Director; Staff Are Inducted

Two important chapters in the story of realization of the Y movement here in Eastland were written Thursday night.

With induction of officers, the Hi-Y and the Tri-Hi-Y held model meetings, at the High School. Shortly thereafter, a full-time recreational director for the "Y" — Jimmy Hughes, local coach and teacher — was engaged, his duties to begin in the coming vacation season.

At the request of the "Y" committee, headed by Mrs. Arthur Murrell, Col. Dan C. Pitt Jr., West Texas secretary of the YMCA, had come here in connection with organizational phases and presided over the largely-attended meeting at the school.

"You must always remember," said Col. Pitt, "that the 'Y'—like anything else — is as good as you make it."

He outlined plans in detail. He explained that dues are 50 cents a year but that most clubs have a \$1 fee so that half goes to national and half stays in the local treasury. Col. Pitt urged the clubs to hold weekly meetings to keep up interest. He suggested also that Mrs. Murrell encourage a project for holding a rally of Hi-Y's in this section, in Eastland.

"And remember," he said, "there still is opportunity for fellows and girls to join if they wish."

High School Principal Wendell Siebert, superintendent — elect, stated that a check-up Thursday had disclosed active interest in joining on the part of 67 girls and 35 boys.

Club officers installed are: Hi-Y — Don Smith, president; Leo Stambaugh, vice-president; Burton Norris, secretary; Jerry Arrington, treasurer; Bill Upchurch and Henry Sims, co-chaplains; Tri-Hi-Y — Annette Sherman, president; Emma Lee Miller, vice-president; Carol Ann Hill, secretary; Patsy Rosser, treasurer; Jean Whitten, chaplain. As gifts from Col. Pitt, staff members were presented of officers' pins.

Sponsors were introduced as follows: Hubert Westfall, Dudley L. Houle and E. K. Henderson, for the Hi-Y; Mrs. Steve Potts, Mrs. Dudley L. Houle and Mrs. Thura Taylor, for the Tri-Hi-Y. They spoke briefly, pledging their best efforts to the project.

Considerable attention was given to program planning. It was pointed out that the meetings open and close with devotionals. A variety of programs "came in for discussion and Col. Pitt suggested a Friendship Forum-type of program for a joint meeting. Decision concerning a regular meeting night is to be reached soon.

After the instructive session at the high school, adult leaders forming the "Y" committee and sponsoring group gathered at the home of Mr. and Mrs. Murrell for a brief conference. Members of the executive committee are: Mrs. Arthur Murrell, president; Hubert Westfall, first vice-president; Mrs. Horace Horton, second vice-president; Steve Potts, secretary; Tom Wilson, treasurer.

Leaders present commended Mr. Hughes' talent and effectiveness in working with young people and Personnel Director Horace Horton was authorized by the committee to engage Mr. Hughes for the directorial position. He will be employed full-time in vacation season. It was pointed out that the "Y" activities in June will be so timed that they will not conflict with other constructive youth enterprises, such as the Vacation Bible School.

The committee stated that the response to the appeal for financial backing of the movement, in a mail campaign, had been encouraging but stated that the goal still is considerably distant, as it is expected to require a minimum of \$1,000, to back a reasonably good program. Thus they have requested that all who have received the appeals act favorably upon them, and send in their contributions at the earliest possible date, so that proper support may be assured.

Cub Scout Pack No. 32 To Meet

Cub Scout Pack No. 32 will hold its regular monthly pack meeting at 7:30 p.m. Monday at Fellowship Hall at the Methodist Church. All Cub Scouts and their parents are invited, announced W. L. Garner, Cub Master.

Fisherman's Dream Comes True

Eastland Man Yanks 50 Trout In Just 2 Hours

Here's a true one to run any fisherman's fever up to the bustin' out point. And it's about an Eastland man — J. L. Reid, son of Mrs. Joe Reid and brother of Mrs. Spike Uffelman and James Reid.

Mr. Reid, with Santiago as headquarters, is superintendent of the only Chilean (South American) gasoline plant, and has had some remarkable fishing luck in those parts, as the above picture shows. He has seen trout as long as 26 inches caught and he himself has caught one 24 inches long. In just two hours, he has caught more than 50.

Mr. Reid took a two-year South American assignment and has been there since Nov. 3, 1953, and expects to yank from the waters there many another fine string.

Congressional Action Groups' Value Told CC

Eastland businessmen were urged Friday afternoon to inform themselves on the basic issues behind the President's multi-billion dollar highway program, the proposed minimum wage increase and state right-to-work laws by Lester G. Flesner of the Chamber of Commerce of the United States. He was accompanied here by J. L. Craig, also of the USCC. They are respectively district managers of the Houston and Denver districts.

Messrs. Flesner and Craig met with the national affairs committee of the Eastland chamber, the personnel of which consists of: Jack Frost, chairman; Cyrus Frost, Charles Freyschlag, Virgil Seaberry Sr. and H. L. King. At his committee's request, Grady "Pipkin, long active in chamber work, presided over the meeting. Messrs. Flesner and Craig urged that businessfolk interest themselves in budget, labor laws, foreign trade, foreign policy, farm legislation and other important matters.

They outlined various methods of assistance which the USCC is glad to supply to congressional action committees. Members of the Eastland committee indicated an active interest in various features, including getting the word to the citizenry and writing letters to legislators.

Messrs. Flesner and Craig called attention to effective work of this nature being done by committees in numerous Texas towns, citing as especially active those of Odessa and Atlanta, Tex.

Asks GI's Interested In New Homes See CC

There's a movement afoot here in Eastland which may relieve what has turned out to be a frequent shortage of desirable available housing.

An Abilene builder is interested in constructing a number of residences in this community, and has conferred with Chamber of Commerce President Virgil Seaberry Jr. and Manager H. J. Tanner on several occasions.

"Any GI who is interested in owning a new home, to be built, is urged to get in touch with our office," Mr. Tanner said Saturday.

"We would appreciate a phone call to that effect Monday."

Mr. Tanner stated that he interviewed a number of prospective home-owners Friday.

"However," he said, "we would like to have as complete a list as possible by Tuesday." As soon as a fairly complete list is compiled, he explained, the builder — C. C. Broyles of Abilene — will be notified, and expects to come here to go into the matter thoroughly.

"Mr. Broyles will have full information, of course — concerning procedure, specifications and so on," said Mr. Tanner, "and that will be in position to give the persons interested the definite facts they desire, in connection with this proposed program of erecting homes here for GI's who want to own their residences."

Interest Deep In Eastland Songfest

Interest in the annual Eastland Singing Convention, dated for Sunday, April 10, continues to "snowball" along, leaders in the songfest stated today.

Numerous quartets and individual singers have indicated that they will take part in the Easter-Sunday festival of gospel songs.

The quartets include the Stamps-Baxter Mixed Quartet, the National Quartet and the Gospel Aires and, it was learned, several other quartets have inquired about time and signified their interest of being present. Dallas, Fort Worth, Coleman, Brownwood, Plains and many other points at a distance are to be represented.

"More quartets are inquiring what hour the singing will begin, and say they are coming," Judge R. L. Rust reported today. "And we're telling them 10 o'clock sharp — on the 10th, at the high school auditorium. Folks often say, 'Oh, well, the singing won't start until 11 o'clock,' but this time we're expecting to begin promptly at 10. Many singers have said they'll be on hand before that time."

The arrangements committee headed by Clyde Fisher, will meet at 7:30 p.m. Monday in Judge Rust's office to complete detailed planning. President Stanley Webb of the convention will appoint a program committee.

Convention leaders have urged that helpful co-operation be given the ladies who will get everything ready for the "dinner on the grounds" at noontime. Those attending will bring food and place it on long tables, from which "everybody will help himself." The dinner will be outside if the weather is favorable; inside if it isn't.

President Webb urged that a great crowd turn out to welcome the visitors and take part in the songfest.

Warm, Spring Weather Due For Weekend

Warm weather with clear skies is supposed to replace stiff winds and dust in this area over the weekend.

Visibility climbed back to normal after heavy dust ridden skies prevailed for the last two days.

The weatherman warned however, that any wind at all could bring a return of the hazy conditions because of the amount of dust in the air west of here.

A mild cool front was pushing in from the Pacific coast, but if any changes will not reach here until late Sunday or Monday.

With Billy Graham Scotland, An Infant Among Giants May Spark Spiritual Awakening

By GEORGE BURNHAM
Chattanooga News-Free Press
Staff Writer

GLASGOW, Scotland — "And a little child shall lead them." There are definite indications that tiny Scotland, a lively infant among ponderous giants, may be the nation which will spark civilization's spiritual awakening — a situation seen by religious and secular leaders everywhere as the only hope of a world doomed by confusion, frustration and atomic destruction.

Sir Winston Churchill has said: "Our problems have gotten quite beyond us. The human mind is not capable of solving the problems that face the world."

President Dwight Eisenhower has stated that a return to God is the only hope for peace. Church leaders throughout the world have warned — "we must repent or perish."

The Bible says: "If my people which are called by name shall humble themselves, and seek my face, and turn from their wicked ways, then will I hear from heaven, and will forgive their sin and heal their land."

Evangelist Billy Graham, now in the second week of an All-Scotland Crusade, told the writer:

"The people of Scotland are coming closer to meeting God's demands for a real religious revival than any I have ever seen. This could be the spark that will flame around the world."

Here are some of the indications in Scotland, a nation of great religious heritage and tremendous Christian influence:

The advance build-up for the All-Scotland Crusade reached a point unprecedented in history. Radio and the press bombarded the people with news about Billy

Graham. Not all of the comments were favorable but all had an effect. For months before the young American arrived in Glasgow, he was the subject of conversation throughout Great Britain. Amazing results of the crusade are now flowing through these channels to Europe, Australia, New Zealand, Africa and the United States. The man on the street is talking about Jesus Christ.

During the first four meetings at Kelvin Hall in Glasgow, Graham spoke to capacity crowds totaling about 75,000 and saw approximately 1,500 decisions for Christ — more decisions for a corresponding period than he had ever seen in any campaign. For the last several weeks of the crusade, through the facilities of the British Broadcasting Company and a special relay network, he will address over 1,000,000 people each night.

The sun never sets on the prayer meetings now being held for Glasgow. People around the world, on New York's Fifth Avenue, in the industrial boom of Detroit, in remote missionary posts of darkest Africa, are praying that God will begin a religious awakening in Glasgow that will circle the earth.

There has been no time in history when the clergy of Scotland was united in such a way, working and praying for a common goal.

In speaking of the crusade, the Rt. Rev. Ernest D. Jarvis, moderator of the General Assembly of the Church of Scotland, said:

"Certain it is that the ministers are supporting, and, indeed, throwing themselves into this mission as never before in living memory."

"They are men who served in the Navy, Army and Air Force during the war, who, knowing well that it has no material prizes to offer, have entered the ministry, because they have found in Christ the answer not only to their own problems, but to the world's need."

"Scientific achievement has somehow created a situation that is out of human control, and the country, let alone the world, is not fit for heroes, or indeed anyone else to live."

Added the Rev. Nevile Davidson, minister of Glasgow Cathedral: "Reverence for the book is engrained in Scottish character. Still the great majority of men and women think of the Bible as the

THE AIM'S THE SAME—To hit the target every time. It's just the method that differs. Crossbowmen of Gubbio, Italy, at right, have been splitting wooden pegs dead-center at 50 yards for some 500 years with darts from their cumbersome crossbows. Something less fallible than the human is needed to guide today's jet-age weapons, and TRADIC, left, is being designed to supply the need. In finished form, the intricate computer will occupy less than three cubic feet of precious space in a modern military aircraft, help crew to solve navigational and other flight problems. Utilizing tiny transistors instead of bulky vacuum tubes, TRADIC (Transistor-Digital-Computer) is being developed by Bell Telephone Laboratories in New York City.

College Track J. D. Hanson Sparks In Inter-Squad Match

A "white team," captained by Tommy Wood, outpointed a "purple team" headed by Bill McCurry in inter-squad track competition Friday afternoon at Ranger Junior College, Stan Burnham, college athletic director, said today.

The "whites" amassed 36 1/2 points while the "purples" managed only 32 1/2 points.

Difference in the two squads was the white teams ability in the relay and dash events.

J. D. Hanson, an Eastland product, who figured highly in state high school competition last year, placed in five of the competitive events Friday.

He placed first in the 220 and 100 yard dashes, third in the shot put and ran on the winning 220 and 440 yard relay teams.

Events and winners were: Shot put: Bill McCurry, Tommy Wood, J. D. Hanson, and Lonnie Wood.

220 Yard Relay: White team—Tommy Wood, J. D. Hanson, Fred Schkade, and Jim Shurtliff. Time 23.5.

220 yard dash: J. D. Hanson, Doug Chitsey, Ed Bawcom and Don Taylor. Time 23.0.

50 yard dash: Hollenbeck, Jim Shurtliff, Donnie Taylor and Glenn Garrett. Time 5.1.

100 yard dash: J. D. Hanson, Lonnie Wood, Tommy Wood, Hollenbeck. Time 9.9.

440 yard relay: White team—Tommy Wood, Ed Bawcom, Jim Shurtliff, J. D. Hanson. Time 9.9.

Sprint Medley: Purple team—Lonnie Wood, Hollenbeck, Jack Harris, and Doug Chitsey.

"All the elements for revival are here. Glasgow is the most prayed for city in the history of the Christian church. It will not be a miracle if we have a miracle. It will be a miracle if we don't have a revival."

"And the church must lead the way. Do you ever remember a time in history when the world leaders admitted their failure and said the world was doomed unless a spiritual awakening occurred."

"I don't!"

Early Reply On Vaccine Asked By Health Head

Importance of early acceptance of inoculation against polio, with the report on the Salk vaccine due Apr. 12, was pointed out today by Dr. L. C. Brown, county health officer, who has charge of the students' vaccination program against polio in Eastland County.

"Dr. Dulle, state health officer, wants to know the number of requests," he explained. "The vaccine will be given after the Apr. 12 Salk report to children of the first and second grades, both white and black, and in public and parochial schools, in accordance with the requests made. It will be free to those in these two grades. Others who wish it may obtain it from their family physicians."

Dr. Brown said that it is expected that 9,000,000 doses will be available for the two grades designated. "Cisco has signed up 220," the county health officer stated. "A partial report here in Eastland shows over a hundred, I understand."

"We must have replies soon, if we are to order promptly. The parents make known their desires in this matter to the teachers and the teachers, in return, are to advise me."

Dr. Brown said that the importance of this matter is obvious when it is recalled that 125 white persons and 10 negroes died from polio in Texas last year.

Places To Live

From the US Chamber of Commerce comes word that the unabated housing boom is "too good to be true" and be tenderly laid to rest.

For the reason that construction activity is entering its tenth consecutive year of expansion, the organization feels, a certain amount of apprehension is building up. However, savings and loan associations can be expected to increase mortgage funds by about \$700 million over amounts they supplied in 1954, while life insurance companies will add another \$750 million and mutual savings banks, \$5 million.

So it is believed that housing construction in the US will follow a moderate course between over-expansion and any sharp decline.

Here in our own community — judging by inquiry there continues a need for residences, and word that the likelihood of available money for construction financialists is a welcome indication.

Christian Science Message Stresses Reliance On God

The importance of relying on the power of God, or good, in our everyday experiences will be brought out in the Lesson - Sermon entitled "Unreality" at Christian Science services Sunday.

One of the Scriptural selections which points out the futility of reliance on lesser powers is from Jeremiah (2:13) "For my people have committed two evils; they have forsaken me the fountain of living waters, and hewed them out cisterns, broken cisterns, that can hold no water."

This is further emphasized in selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, one of which is as follows: "If goodness and spirituality are real, evil and materiality are unreal and cannot be the outcome of an infinite God, good" (page 277).

until Friday, April 8th. Each of these 45 minute devotional services will begin promptly at 7:30 p.m. and will conclude on or before 8:15 p.m.

Themes for the various nights are: Monday, "The Church of the Future," Mark 11:17; Tuesday, "Does Christianity Have a Ghost of a Chance?," Luke 20:9-16; Wednesday, "Tapping Life's Reserves," Luke 18:1; Thursday, "Drink Ye the Cup," I Corinthians 10:16, 17, Candlelight Communion Service; Friday, "Who will betray Him?," Mark 14:18-19. Special Message To Be Presented To World Here

"A spokesman for Jehovah's witnesses announced plans today for delivering a special message to the world, Mrs. Zettye Parrack, presiding minister of the local congregation of this Tri-cities area revealed some of the details of this special campaign, which includes sponsoring the public lecture entitled, "Christendom or Christianity — Which One Is 'the Light of the World?'" All congregations of Jehovah's witnesses throughout the world (there are approximately 14,000 in 159 lands) will participate. V. M. Kissinger will deliver this discourse locally to which the public is cordially invited. It will be delivered at the Kingdom Hall, 209 Neblett St. in Eastland, Sunday April 3rd at 3:00 p.m.

"After the discourse a new 32-page booklet containing extraordinary information will be given free to each person in attendance. Some 600,000 of Jehovah's witnesses will then begin distribution of millions of copies of this special message in many languages throughout the world. It is the desire of Jehovah's witnesses to place a copy in every home. Mrs. Parrack said the contents of this especially prepared booklet had not yet been made public, but its message was unique and would be of special interest to persons of all faiths.

"Advance preparation and the world wide scope of this special campaign give indication that this may well be one of the greatest religious proclamations in modern history, Mrs. Parrack said. She went on to tell of local plans that have been made, stating that Jehovah's witnesses here are ready and eagerly look forward to this special campaign."

With Billy Graham Scotland, An Infant Among Giants May Spark Spiritual Awakening

By GEORGE BURNHAM
Chattanooga News-Free Press
Staff Writer

GLASGOW, Scotland — "And a little child shall lead them." There are definite indications that tiny Scotland, a lively infant among ponderous giants, may be the nation which will spark civilization's spiritual awakening — a situation seen by religious and secular leaders everywhere as the only hope of a world doomed by confusion, frustration and atomic destruction.

Sir Winston Churchill has said: "Our problems have gotten quite beyond us. The human mind is not capable of solving the problems that face the world." President Dwight Eisenhower has stated that a return to God is the only hope for peace. Church leaders throughout the world have warned — "we must repent or perish."

The Bible says: "If my people which are called by name shall humble themselves, and seek my face, and turn from their wicked ways, then will I hear from heaven, and will forgive their sin and heal their land." Evangelist Billy Graham, now in the second week of an All-Scotland Crusade, told the writer:

"The people of Scotland are coming closer to meeting God's demands for a real religious revival than any I have ever seen. This could be the spark that will flame around the world."

Here are some of the indications in Scotland, a nation of great religious heritage and tremendous Christian influence:

"The advance build-up for the All-Scotland Crusade reached a point unprecedented in history. Radio and the press bombarded the people with news about Billy

Graham. Not all of the comments were favorable but all had an effect. For months before the young American arrived in Glasgow, he was the subject of conversation throughout Great Britain. Amazing results of the crusade are now flowing through these channels to Europe, Australia, New Zealand, Africa and the United States. The man on the street is talking about Jesus Christ.

During the first four meetings at Kelvin Hall in Glasgow, Graham spoke to capacity crowds totaling about 75,000 and saw approximately 1,500 decisions for Christ — more decisions for a corresponding period than he had ever seen in any campaign. For the last several weeks of the crusade, through the facilities of the British Broadcasting Company and a special relay network, he will address over 1,000,000 people each night.

The sun never sets on the prayer meetings now being held for Glasgow. People around the world, on New York's Fifth Avenue, in the industrial boom of Detroit, in remote missionary posts of darkest Africa, are praying that God will begin a religious awakening in Glasgow that will circle the earth.

There has been no time in history when the clergy of Scotland was united in such a way, working and praying for a common goal.

In speaking of the crusade, the Rt. Rev. Ernest D. Jarvis, moderator of the General Assembly of the Church of Scotland, said:

"Certain it is that the ministers are supporting, and, indeed, throwing themselves into this mission as never before in living memory."

"They are men who served in the Navy, Army and Air Force during the war, who, knowing well that it has no material prizes to offer, have entered the ministry, because they have found in Christ the answer not only to their own problems, but to the world's need."

"Scientific achievement has somehow created a situation that is out of human control, and the country, let alone the world, is not fit for heroes, or indeed anyone else to live."

Added the Rev. Neville Davidson, minister of Glasgow Cathedral:

"Reverence for the book is engrained in Scottish character. Still the great majority of men and women think of the Bible as the

THE AIM'S THE SAME—To hit the target every time. It's just the method that differs. Crossbowmen of Gubbio, Italy, at right, have been splitting wooden pegs dead-center at 50 yards for some 500 years with darts from their cumbersome crossbows. Something less fallible than the human is needed to guide today's jet-age weapons, and TRADIC, left, is being designed to supply the need. In finished form, the intricate computer will occupy less than three cubic feet of precious space in a modern military aircraft, help crew to solve navigational and other flight problems. Utilizing tiny transistors instead of bulky vacuum tubes, TRADIC ("Transistor-Digital-Computer") is being developed by Bell Telephone Laboratories in New York City.

College Track J. D. Hanson Sparks In Inter-Squad Match

A "white team," captained by Tommy Wood, outpointed a "purple team" headed by Bill McCurry in inter-squad track competition Friday afternoon at Ranger Junior College, Stan Burnham, college athletic director, said today.

The "whites" amassed 36½ points while the "purples" managed only 32½ points.

Difference in the two squads was the white team's ability in the relay and dash events.

J. D. Hanson, an Eastland product, who figured highly in state high school competition last year, placed in five of the competitive events Friday.

He placed first in the 220 and 100 yard dashes, third in the shot put and ran on the winning 220 and 440 yard relay teams.

Events and winners were:
Shot put: Bill McCurry, Tommy Wood, J. D. Hanson, and Lonnie Wood.

220 Yard Relay: White team—Tommy Wood, J. D. Hanson, Fred Schkade, and Jim Shurtliff. Time 23.5.

100 yard dash: J. D. Hanson, Doug Chitsey, Ed Bawcom and Don Taylor. Time 23.0.

50 yard dash: Hollenck, Jim Shurtliff, Donnie Taylor and Glenn Garrett. Time 5.1.

100 yard dash: J. D. Hanson, Lonnie Wood, Tommy Wood, Hollenck. Time 9.9.

440 yard relay: White team—Tommy Wood, Ed Bawcom, Jim Shurtliff, J. D. Hanson. Time 9.9.

Early Reply On Vaccine Asked By Health Head

Importance of early acceptance of inoculation against polio, with the report on the Salk vaccine due Apr. 12, was pointed out today by Dr. L. C. Brown, county health officer, who has charge of the students' vaccination program against polio in Eastland County.

"D. Hulle, state health officer, wants to know the number of requests," he explained. "The vaccine will be given after the Apr. 12 Salk report to children of the first and second grades, both white and black, and in public and parochial schools, in accordance with the requests made. It will be free to those in these two grades. Others who wish it may obtain it from their family physicians."

Dr. Brown said that it is expected that 9,000,000 doses will be available for the two grades designated.

"Cisco has signed up 220," the county health officer stated. "A partial report here in Eastland shows over a hundred, I understand."

"We must have replies soon, if we are to order promptly. The parents make known their desires in this matter to the teachers and the teachers, in return, are to advise me."

Dr. Brown said that the importance of this matter is obvious when it is recalled that 125 white persons and 10 negroes died from polio in Texas last year.

Places To Live

From the US Chamber of Commerce comes word that the unabated housing boom is "too good to be true" and is tenderly laid to rest.

For the reason that construction activity is entering its tenth consecutive year of expansion, the organization sees, a certain amount of apprehension is building up. However, savings and loan associations can be expected to increase mortgage funds by about \$700 million over amounts they supplied in 1954, while life insurance companies will add another \$750 million and mutual savings banks, \$1 billion.

So it is believed that housing construction in the US will follow a moderate course between over-expansion and any sharp decline.

Here in our own community — judging by inquiry there continues a need for residences, and word that likelihood of available money for construction financialists is a welcome indication.

Patricia Ann Liles Honored On Birthday

Patricia Ann Liles was honored on her ninth birthday anniversary recently with a party, given by her parents, Mr. and Mrs. Artie Liles.

Mr. Liles took the group from school to the Eastland County Livestock parade downtown and then to the Liles home, 1303 S. Bassett, where Mrs. Liles directed games such as "pinning the tail on the donkey" and "Black Magic."

Two large angel food cakes, frosted white and topped with candy bunnies in green, yellow and white, were served with Cokes. The burning atop the cakes were yellow and pink candles in the Easter theme.

Skull caps in Easter hues of yellow, blue and pink were place favors and those present wore their caps while they sang the Happy Birthday song to the honoree.

Mrs. Liles photographed the children present.

They follow: the honoree, Linda Butler, Sue Hallmark, Joan Yancy, Jimmie Wright, Weldon Roy Broussard, Edward Broussard, Barbara Ann Parkerson, Bonnie Graham, Joe Herring, Janet Kimbler, Gary Graham, all of Eastland, and Judy Kay Slaughter of Cisco. Adults present were Mrs. R. L. Slaughter of Cisco, Mrs. Bruce Broussard and the honoree's parents, Mr. and Mrs. Liles.

Shower Party Fetes Miss Jane Myrick

Miss Jane Myrick of Eastland, whose marriage to Jerry C. Carter of Ranger will take place at 6:30 p.m. Friday at the First Baptist Church in Eastland, was honored with a miscellaneous shower Thursday night at the Woman's Club in Eastland.

Hostesses were Meses O. L. Hooper, Eugene Green, Iral C. Inzer, Henry Pullman, Henry Van Geem, T. L. Amis, E. K. Henderson, Luther Wilson, Kenneth R. Hill, W. D. Brown, Wilma Holder and Misses Claudine Lasater and Inez Harrell.

Receiving the guests at the door were the honoree and her mother, Mrs. Amos R. Myrick; Miss Lasater, Mrs. J. C. Carter of Ranger, mother of the prospective bridegroom; Miss Frances V. n Geem; Miss Maryanne Myrick, sister of the bride-elect, and Miss Jan Carter of Ranger, sister of the bridegroom-to-be.

Mrs. Hooper presided at the table where guests registered in the musical white leather bridal book. An arrangement of pink carnations adorned this table and another arrangement of pink carnations was noted on the piano. Pink candles burned in crystal holders and crystal candelabra at various tables throughout the club room. Mrs. Van Geem showed the gifts of china, silver, pottery, linens, appliances and other items which had been arranged at a long table.

The serving table was laid with a white linen cutwork cloth over pink linen and embellished at one end by a white ironstone soup tureen filled with pink carnations and variegated English ivy in a semi-circular arrangement trailing on the tureen's matching tray on which it rested. From this point two wide pink satin ribbons extended to the center of the table where a pair of love birds were holding a wedding band in their beaks. "Jane" was inscribed in gold on one of the ribbons and "Jerry" on the other.

At the opposite end of the table lime punch was served from a crystal punch bowl by Mrs. Wilson, Miss Harrell and Mrs. Holder at alternate periods. They were assisted in serving by Mrs. Hill, Mrs. Henderson, Mrs. Brown, Mrs. Pullman and Mrs. Green. Other table appointments included a large crystal container of individual cakes frosted white and embossed with pink rosebuds and green leaves in the honoree's chosen colors. Nuts in crystal compotes and pink napkins, bearing a heart shot with an arrow and the names, "Jane" and "Jerry", in a deeper pink, completed the table.

Background music was by Julia Lynn Inzer, Dena Lou Quarles, Sue Stoker and Helen Taylor, who alternated in playing favorite melodies at the piano.

Mrs. Inzer and Mrs. Amis bid the 70 guests who called goodbye at the door.

Hostesses will be Miss Jessie Lee Ligon, Mrs. Thura Taylor and Mrs. W. E. Brashier.

Just for Fun

An Easter Fancy

In honor of Easter comes this Easter Egg Cake, gloriously and oh, so simply made from an altogether new instant devil's food cake mix. Two eggs and water are put into the mixing bowl at the same time as a package of this mix; and happy day! They are all mixed together at once—with just one beating.

The trick of shaping this egg is merely in the cutting of the layers. Just follow the simple diagrams and frost with a creamy chocolate frosting. Simply decorated here with confectioners' sugar frosting, you may want to add jelly beans or tiny bunnies for your own version.

DEMONSTRATION OUTLINE for Easter Egg Cake
There are just a few simple steps making this Easter Egg Cake yet it is so dramatic that it is bound to be a sure fire hit in every home when it makes a proud appearance at Easter time. It's got personality, good looks, charm and versatility—all the qualities of a star! Here's how to do it:

Prepare instant devil's food mix according to package directions, baking in 2 round 8 or 9-inch layer pans. Trim the outside pieces at the top outer edge to help round off sides of cake. Then slice off wedge-shaped pieces from the four outside corners to give cake an oval shape. Cover the whole cake with remaining frosting, filling in to make an egg shape. Decorate with tinted confectioners' sugar frosting. Garnish with additional Easter decorations, as desired. To serve, cut across the egg, making four-layer slices of cake.

Spread a rich chocolate frosting on bottom of one large piece and place other large piece on it. Stand these upright, cut sides down on cake plate. Spread frosting on bottom of the smaller pieces, then place these against the larger pieces, one on each side.

Trim the outside pieces at the top outer edge to help round off sides of cake. Then slice off wedge-shaped pieces from the four outside corners to give cake an oval shape. Cover the whole cake with remaining frosting, filling in to make an egg shape. Decorate with tinted confectioners' sugar frosting. Garnish with additional Easter decorations, as desired. To serve, cut across the egg, making four-layer slices of cake.

(Best results have been obtained when decorations go around the cake, horizontally, and are kept toward the center.)

TFMC Report Given Scale Runners Club

The Scale Runners Juvenile Music Club heard a report at a meeting Wednesday night of "Junior Day" activities at the Texas Federation of Music Clubs convention in Mineral Wells, March 26.

Mike Perry was host to the club at the home of his parents, Mr. and Mrs. M. H. Perry, 510 S. Dixie. Patsy Thompson, president, presided. The assembly sang "America" to open the program.

Mrs. A. F. Taylor, sponsor of the club, who gave the brief report of the TFMC "Junior Day" events said nine districts were represented on the morning program; Ann Ryland, violinist of Tyler, was State Audition winner of the Stillman Kelly Scholarship and was accompanied by Jerry Buzbee of Tyler. If she wins the national contest she will receive \$1,000, Mrs. Taylor reported, adding that many scholarships were awarded

to juniors, college students and young artists, ranging from \$20 to \$250, but only the one for \$1,000. Sixth District, she said, was represented "Junior Day" by Lathom Jernigan of Goldthwaite and the Sweetwater Accordion Ensemble under the direction of Mrs. J. B. Broughton.

After Mrs. Taylor's report of the "Junior Day" convention program, piano solos were played by the following: Patsy Treadwell, Joyce Robertson, Patsy Thompson, Georgia Bess Faircloth, Patricia Ann Liles, Jan Taylor and Jo Ann Morren.

Lime punch, Eskimo pies and chocolate iced cup cakes decorated with Easter eggs, were served at a table on the back lawn by Mrs. Perry, assisted by her children, Linda Ann and Mike. The next meeting will be April 27 with Joyce Robertson as hostess.

Others present were Jo Ann Dorsey, Donna Kay Ford, Linda Mae Berry, Kay Dodson, Dan Taylor, Mary Ann Manning, Sheila Sneed, Rudy Fambrough and Jeane Morren.

Years to Build. Seconds to Destroy—

... is a tragic reminder to those who are unfortunate in losing their worldly possessions without adequate insurance protection. Years of effort, savings and accomplishments... wiped out in a single catastrophe. It may be only an explosion, a fire, a tornado, or something worse if we can imagine such a thing. It can happen anywhere, any time, to any one, without warning. Insurance is the only answer. So why be unprepared when the cost is so reasonable?

Mr. Rea, prior to this term in state work, served as pastor of several churches in Texas, among them being the First Christian Church in Temple, and the Central Christian Church in Galveston. Mr. Rea received his A. B. from Texas Christian University and his B. D. from Brite College of the Bible, TCU. Also participating in this service will be H. R. Garrett, county superintendent of schools and chairman of the local church board. Mr. Rea's sermon theme will be: "Goals for This Ministry."

Special Message To Be Presented To World Here

"A spokesman for Jehovah's witnesses announced plans today for delivering a special message to the world. Mrs. Zettye Parrack, presiding minister of the local congregation of this tri-city area revealed some of the details of this special campaign, which includes sponsoring the public lecture entitled, "Christendom or Christianity — Which One Is 'the Light of the World?'" All congregations of Jehovah's witnesses throughout the world (there are approximately 14,000 in 159 lands) will participate. V. M. Kissinger will deliver this discourse locally to which the public is cordially invited. It will be delivered at the Kingdom Hall, 209 Neblett St. in Eastland, Sunday April 3rd at 3:00 p.m.

Christian Science Message Stresses Reliance On God

The importance of relying on the power of God, or good, in our everyday experiences will be brought out in the Lesson - Sermon entitled "Unreality" at Christian Science services Sunday.

One of the Scriptural selections which points out the futility of reliance on lesser powers is from Jeremiah (2:13) "For my people have committed two evils; they have forsaken me the fountain of living waters, and hewed them out cisterns, broken cisterns, that can hold no water."

This is further emphasized in selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, one of which is as follows: "If goodness and spirituality are real, evil and materiality are unreal and cannot be the outcome of an infinite God, good" (page 277).

A Tribute To Our Hospital

Someone once said that all well people should visit a hospital occasionally to see how fortunate they are! When a friend or loved one is being tenderly cared for in one of our hospitals, then we understand the great importance of these institutions. Staffed with doctors, nurses, internes and all manner of life saving equipment, the hospital is mercy headquarters for all who are suffering. We never cease to wonder at the modern miracles performed in our hospitals. Their work goes largely unheralded. But their eagerness to bind up wounds and make men whole again goes on forever. What would we do without these havens of healing?
