Rev. Clarence Manners Accepts Colorado Pastorate

The Rev. Clarence Manners, pastor of the Church of the Nazarene here for the past two years, has announced that he and his family will move to Manzanola, Colo., where he will assume a pastorate.

The pastor will preach his farewell sermon at the local church Sunday morning, and the family will leave early Sunday afternoon, and plan to spend Sunday night in Lubbock.

Nazarene Church District Superintendent R. W. Hurn of Lubbock has announced that a replacement will be named for Eastland soon.

The Eastland church now has an average attendance of 35 and a membership of 24, Rev. Manners said, and the Colorado Church is considerably larger.

Active here, Rev. Manners was vice president of the Eastland Ministers Association, and was public address announcer for the Pony League games.

The Manners have four children, James, a 1963 EHS graduate who plans to enter Bethany Nazarene College in the fall; Tommy, who will be a sophomore in high school; Betty, a sixth grader; and Danny, a fourth grader.

Reddy Room To Be Scene Of Weight Program

Texas Electric Service Company's Reddy Room will be the scene of a program, "That Overweight Problem," Wednesday beginning at 10 a. m.

The program will be opened with a talk by an Eastland physician on "Maintaining A Normal Weight," followed by a talk on "The Correct Way to Lose Weight." Concluding the program will be a demonstration on low-calorie refreshments and a luncheon.

Mrs. Beverly R. Nicholson, who will be in charge of the program, said that no charge will be made for the program.

Similar programs will be conducted by the Eastland County Home Demonstration Agent in Cisco on August 14 at the American Legion Hall, and in Gorman at the Fire Hall on August 21.

The public has been invited to attend the programs.

Services Held Thursday For Mrs. Bragg, 69

Funeral services for Mrs. Nancy Elizabeth Bragg, 69, of Eastland were held Thursday at 3 p. m. in the Hamner Funeral Chapel with Ray Cameron, pastor of the First Christian Church, officiating.

Interment was in the Eastland Cemetery.

Mrs. Bragg died about noon Wednesday in the Eastland Memorial Hospital.

She was born April 2, 1894 in Hamilton County and had lived in Eastland for the past 30 years.

Surviving are her husband, Charlie Bragg of Eastland, and two brothers, Tom Phillips of Olden and G. F. Phillips of Eastland.

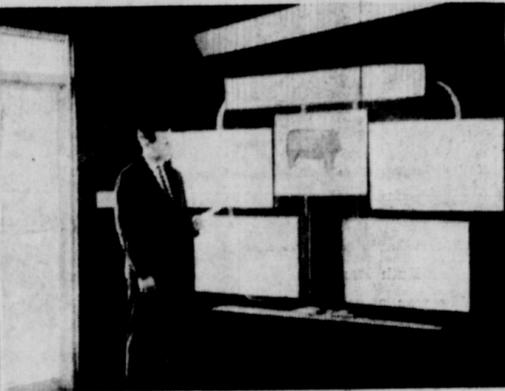

Former Pastor To Be Awarded D. D. Degree

Rev. John Wesley Ford, former pastor of the First Methodist Church in Eastland and now Corsicana District Superintendent, will be awarded the Doctor of Divinity degree at Texas Wesleyan College's 72nd Annual Commencement, Summer Session, on Friday, Aug. 23, at 8 p. m. in the Polytechnic Methodist Church, Fort Worth.

He has also held pastorates of the First Methodist Churches in Stephenville, Arlington and Corsicana and the Meadowbrook Methodist Church of Fort Worth.

Rev. Ford is married to the former Zenada Huckabee and they have two living daughters, Barbara, of Dallas, and Mrs. Claire Goodwin of Baytown, whose husband is a Methodist minister.

Rev. Ford is the inventor of an electric pecan cracker, for which he holds a U. S. Patent.

LOCAL EXHIBIT — Glyn Gilliam, vice president and director of Eastland National Bank, examines the livestock feeding display, prepared by the Area Development Division of Texas Electric Service Co. The display is presently located in the lobby of the bank. (Staff)

'Livestock Feed Challenge' On Display At Local Bank

"The Livestock Feeding Challenge," a new display prepared by the area development Division of Texas Electric Service Company is being shown at Eastland National Bank.

The display points out some of the advantages that the Opportunity Frontier of Texas offers for both on-farm and commercial livestock feeding.

The display features information on how Texas will benefit by feeding livestock, the livestock feeding advantages that exist in the Opportunity Frontier of Texas, how livestock raising benefits everyone, and how the individual can profitably participate in livestock feeding.

The livestock feeding theme was selected as the feature of this display after talks with professional agricultural workers throughout West Texas. It was their feeling that a need existed for more emphasis on some of the economic opportunities available through in-

creased livestock feeding.

F. N. Sayre, District Manager for Texas Electric, said that this display is part of the company's program to assist with the continued development of the Opportunity Frontier of Texas by identifying and publicizing business and economic activity that may be successfully conducted in the area.

RAIN?

Only .11 Inch Fell In July

It was the driest July since 1918.

Only .11 of an inch of rain fell in Eastland last month, Official Weather Observer James Smith reports.

The "little shower" came on Sunday, the 14th.

And the amount of water used by Eastland residents reflected the dry month's influence. The City billed for 22,564,200 gallons in July.

High temperature for the month was 104 degrees — a mid span of 100-plus days.

In 1918, only .09 of an inch fell in July. Average for the month is 1.74 inches. Total for the first seven months this year is only 11.84 inches.

It didn't rain at all during Julys of 1912 and 1913, according to rain records.

Services Held Saturday For Sim Dabbs, 81

Funeral services for Sim Dabbs, 81, of 100 N. Virginia, were held Saturday at 4 p. m. in the Hamner Funeral Chapel with Larry Marshall, Church of Christ minister, officiating.

Interment was in the Eastland Cemetery.

Mr. Dabbs died shortly after being admitted to the Stephens Memorial Hospital, Breckenridge Thursday evening following an automobile accident about eight miles south of Eastland.

The attending physician said Mr. Dabbs apparently died of a heart attack rather than injuries sustained in the accident.

Mr. Dabbs was reportedly enroute to the Bryson-Breckenridge Cattle Drive celebration and square dance at Breckenridge.

A retired farmer, Mr. Dabbs was born Jan. 27, 1882 in Eastland. He was a member of the Eastland Church of Christ.

Surviving are three children, Claude Dabbs of Beaumont, Albert Dabbs of Eastland and Mrs. Roy Harbin of Kermit; and 18 grandchildren.

OVERNIGHT GUESTS

Navy Family, Georgia-Bound Is First 'Tourist of The Week'

The white Sheriff's Department auto wheeled from its shaded parking spot along U. S. Highway 80 just West of Eastland Friday afternoon and gave pursuit to a similarly-colored 1961 Plymouth en route East.

Deputy Sheriff L. E. Sublett used siren and red light to halt the California-tag bearing vehicle. He went to the driver's window, introduced himself, asked for driver's license, and asked, "Any special reason why you people should be in a hurry?"

The occupants, three adults and two small children, weren't exactly at ease as the deputy asked questions, and another man walked up from the patrol car. Their car had been stopped directly across from Harp's Cabinet Shop on the west edge of Eastland.

The other man was Eastland Mayor Don Pierson, and as he introduced himself another auto pulled up from behind, and out of it stepped Chamber of Commerce President A. D. Taylor, Jaycee President Glyn Gilliam, a photographer and a reporter.

Mayor Pierson told the out-of-staters, "Welcome to our town. We'd like you to be our 'Tourists of the Week'."

Delighted to learn that a lot of nicer things than traffic tickets lay in store for them, the family put away their uneasiness, and were driven downtown, where they spent Friday night.

The little family was the first to be picked in the Chamber's current tourist-recognition program.

"Tourists are very important to Eastland's economy," C-C President Taylor said, "and even though we certainly can't honor them all, we can't honor a family a week. They'll remember our town, and one never knows what the results might be. More directly, such a program helps remind our own people of the importance of the visitors who pass our way."

Taylor also thanked the Eastland merchants who make the project possible.

The Du Coms had been through Eastland several times before—remembered it, but had never stopped, or been stopped here.

A native of Augusta, Ga., David Du Com is an Aviation Electricians First Class in the Navy, stationed at San Diego, Calif. His wife Margaret, is of French descent, born in China, where her father was stationed as a military man himself.

Their children are Michael, two, and Natalie, only seven weeks.

David's Mother, Mrs. Gladys Du Com had been to San Diego to be with the little family when Natalie was born, and the Du Coms were en route to Augusta for a 30-day leave vacation.

David and Margaret recently returned from Midway Island where he had been assigned for about two years.

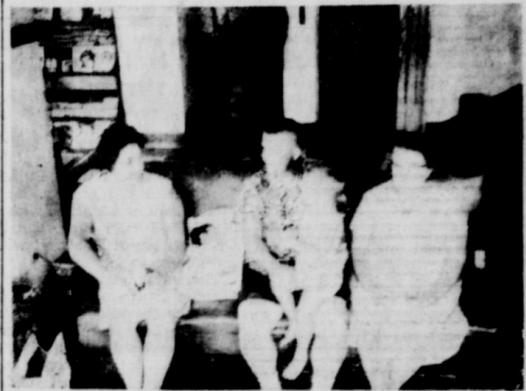

He is a career Navy man and has done six years.

They left San Diego early Thursday morning, Van Horn, Texas, early Friday morning and were inspecting "Old Rip" at the Courthouse Friday afternoon.

The family enjoyed a suite at the Village Hotel Friday night, as guest of Owner Pierson. Their evening meal was provided by George Von Roeder at his White Elephant Restaurant. And for entertainment during their one-night stop in Eastland, the family was guest of Dick Dixon at the Majestic Theater Friday evening. The City Park Swimming Pool also played host to the visiting family.

When they left Eastland Saturday morning, they found that their auto had been serviced and stored at McCracken's Mobil Service Station.

Undoubtedly the family will remember Eastland as the city of friendly people—and where an expected speeding citation turned out to be the most pleasant pause in their cross-country journey.

HONORED TRAVELERS — The David DuCom family of San Diego, Calif., were honored as Eastland's "Tourists of the Week" Friday and provided with lodging, food and entertainment. Pictured from left to right are Barbara DuCom, seven-week-old Natalie, Mr. DuCom, two-year-old Michael, and Mrs. DuCom's mother, Mrs. Gladys DuCom. The family was en route from San Diego to Augusta, Ga., when they were stopped and given the hospitality of Eastland "on the house". (Telegram Staff Photo)

LIQUOR AND BEER RETAIL STORES REOPEN IN RANGER

Liquor and beer retail stores resumed sales Friday as the final legal details were met and stocks of merchandise were moved in. A total of seven store permits had been approved as compared with five for the 60-day period prior to the election contest resulting in a new vote last July 20.

The applications for seven beer retail permits were approved by County Judge Scott Bailey at a hearing last Thursday morning. Five of this group had previous licenses. Three applications for off-premises liquor licenses were approved and conditional approval was given to a fourth.

Receiving liquor and beer licenses were Garland Carey's Drive-In, Highway 80 East; Vernon's Liquor Store, High-

way 80 East; and Raymond Bryan's The Point, Highway 80 West. Conditional approval went to Mrs. Ila King of Strawn, with the notation that approval would come when her Strawn license is cancelled. Later, it was reported by the Liquor Control Board at Abilene that the Strawn license had been cancelled.

Morris Campbell was issued a permit for a beer wholesaler's outlet. He has the distributorship for Lone Star Beer.

Maxie Law of Highway 80 West, Hess Grocery of North Austin and Kelly's Drive-In Grocery received beer retailer's permits.

The Ranger precinct had been open for legal sales for 60 days before the election contest halted the retailers.

IN EASTLAND

County Building Committee Meets Monday at 7 p.m.

Initial Program To Be Reviewed

"Very little planning is done in preparing meals in Eastland County homes, resulting in the fact that over 50 per cent of the families are deficient in needed nutrition."

That's an excerpt from a report by the Family Living Sub-committee of the Eastland County Program Building committee.

This county problem and many others will be discussed when the Building Committee meets Monday, August 5, at 7 p. m. in the 91st District Courtroom on the third floor of the Courthouse.

The public is invited. The family living committee also reports that there is a large per cent of obesity (overweightness) in the county and a large practice of food fads and falacies.

Reports from the other eight sub-committees will deal with other general problems and suggested remedies.

Here are excerpts from other sub-committee reports: "The historical heritage of the county has not been sufficiently preserved and promoted in the past."

"Over 50 per cent of the homes in this county were built before 1929 and a larger per cent of these are in need of repair and up-dating."

"There is a lack of adequate information to the consumer on selecting, using and caring for household equipment."

"There is little free community recreation throughout the county."

cation in clothing construction and managing the clothing construction dollar."

"Public health and welfare conditions and facilities are good, but better organization and modernization of facilities are needed."

"Serious sanitation problems could arise in the near future because there is not a strict enforcement of sanitation laws in the county."

"Little has been done to exploit the abundance of wild game and fish in the county and parks and facilities are inadequate to accommodate visiting hunters and fishermen."

"Eastland County's abundant grey clay has proven excellent in making lightweight concrete."

"Cost of transportation of crushed limestone is a major problem in marketing this abundant natural resource."

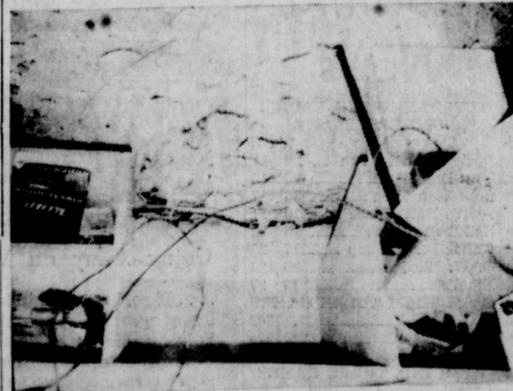

"Retail sales in the county declined from \$26 million in 1954 to \$22 million presently."

"A major concern of people in Eastland, Cisco and Ranger is the planned by-pass of those towns by Interstate Highway 20."

"Agricultural problem areas are lack of diversification of cash crops, wind and water erosion with flood and siltation damage, and lack of management practices."

"There are a large number of organizations throughout the county, but there does not seem to be any effort toward overall county planning by these organizations."

The Eastland County Program Building Committee was organized in 1956 and is developing the County Program. (Continued on Page Five.)

SCRATCH, ONE PICTURE TUBE — Here are the remains of a television picture tube that blew up Wednesday at Robertson Radio and Television Shop on West Commerce St. Repairmen Verell Boen and Marshall Storey were nearby at the time, but were missed by the flying glass and "tube parts". The tube, an old one, was stored under a workbench which helps confine the "scatter" area. (Staff Photo).

ROUGH FISH TOTALS 89 POUNDS IN TWO WEEKS

A total of 89 pounds of rough fish has been weighed in at Lake Leon in the first two weeks of the rough fish tournament.

Included in the catch was a 9-pound carp, caught on a trot line by Boone Yarbrough of Ranger, which tied for first place last week with a 9-pound carp caught by Randy Honea of Cisco.

Mr. Honea also had pulled in a 7 lb., 4 lb., and 3 lb. catch. Other winners were Luther Kirkpatrick with an 8 lb. carp, June Trout of Eastland with a 6½ lb and 4 lb. carp, and Z. O. Mehaffey of Eastland with a 6 lb. buffalo.

The water board is conducting the tournament to try to decrease the rough fish population in Lake Leon, and during the second week of the tournament almost twice as many rough fish were weighed in as was weighed in the first week.

The tournament will continue indefinitely with a weekly prize of \$5 for the largest rough fish caught during the week and a \$10 prize for the largest one caught during the month. No entry fee is charged.

A total of 56½ pounds was weighed in last week, according to James Johnson, lake custodian.

VISITS MOTHER

Mr. and Mrs. C. B. Blowers spent Monday night with her mother, Mrs. Ed T. Cox.

Mr. and Mrs. Blowers were enroute to their home in Austin following a California vacation.

Ruth Ramey Ends Career With Extension Service

Ruth Ramey of Richmond, home demonstration agent in Fort Bend County since March 1, 1945, will close out what is believed to be the longest continuous record of Extension work by a woman agent in Texas when she retires Aug. 31. She will complete 40 years and two months of continuous service on that date.

Her Extension career began in Eastland county on June 26, 1923. She went to Wharton county Nov. 1, 1941, then transferred to Fort Bend county 18 years ago. She has helped bring about many changes in homemaking practices through county extension education programs spanning the four decades.

"During this period, which began during the heyday of the Model T and lasted through the present period of excellent roads and air-conditioned automobiles, Extension programs have been adapted to meet the needs of the people. We have moved away from basic skill-type instruction in cooking, sewing and canning to the family-centered approach. Major emphasis now is being placed on involvement of people, the coordinated subject matter approach, and management. We work with people through the county program building process and strengthen our programs by calling on professional and resource people to help us," she pointed out.

There was a time when it was easy to distinguish between rural and urban women, but today the woman who lives outside the city is just as smartly dressed and as well informed as her urban friend, Miss Ramey said. "Today, we work more and more with women who do not belong to home demonstration clubs. The HD members, who are thoroughly trained in leadership, assist on subcommittees of the overall county program building committee and work as adult leaders with the 4-H program."

At the time she began work with the Extension Service, the beef canning program was underway, and agents did virtually everything "but kill the animal." Cutting up the meat was an ordinary part of the job, and the canning was done primarily in a "retort," a large cast iron container in which 15 of the No. 3 cans of meat could be processed at the same time. Pressure canners were being used also, but they could process only 8 cans of that size at one time, so the larger container was more popular, she said.

"When a beef was to be canned, everyone in the family took part. There was plenty of work to keep the men, women and children busy from dawn to dusk and sometimes later. From 300 to 500 cans

Ruth Ramey

a day was a peak performance by using several retorts," Miss Ramey said.

The shift to food freezing began about 20 years ago, when frozen food lockers became available to families, and freezing still dominates the food preservation work. Glass containers have replaced the cans for today's preserved and home canned foods, the agent emphasized.

Miss Ramey has worked with adults and youth during her 40-year career as a county home demonstration agent. Assistant agents have worked with her in the youth programs of Wharton and Fort Bend counties. Her outstanding work won for her the Distinguished Service Award given by the National Home Demonstration Agents Association several years ago.

A native of Sulphur Springs, Miss Ramey was graduated from high school there and from Texas Woman's University. She has attended workshops there and at Texas A&M College and Fort Collins, Colorado.

COURT OF CIVIL APPEALS

RETIREES FROM ARMY — Master Sergeant Ruby Jean Walls, WAC, received on July 26 from Colonel Jack K. Norris, right, Fort Walters commander, the Fort Walters Retirement Plaque. At left is Major Alfredo Santiago, Walters comptroller. Sergeant Walls was retired from the military service after serving more than 20 years active duty in the WAC. During her tour of duty at Fort Walters, Sergeant Walls resided in Eastland with her sister, Mrs. Opal H. Cross, and commuted daily to the Army post. (US Army Photo)

A Tour of The Holy Land

By Mr. and Mrs. Roy L. Young

We mentioned beautiful Mt. Tabor near Nazareth, as probably being the Mt. of Transfiguration. It was here that Deborah defeated Sisera's hosts.

After leaving Nazareth we went in a northwesterly direction across the fertile plains which are watered by irrigation from the Sea of Galilee. Here you see many crops common to Texas, such as cotton, wheat, grain sorghums, not much corn, but an abundance of fruits. The most common of which is the orange. There were also other citrus fruits, apricots, plums, grapes, figs, and bananas. The trees do not seem to grow as large as ours. There were vegetables of most every kind. We know there is an abundance of potatoes and squash. We feel they fed us these every time we ate.

We drove on to Acre or Akko as it is sometimes called. This was an important port in Phoenician days. Near here is Megiddo, the site and ruins of King Solomon's stables. Also King Josiah was killed here.

At Haifa, Israel's second largest city and main port, we could look down from Mt. Carmel, and see a very beautiful and modern city, of 170,000 population. Though situated on Mt. Carmel where Elijah confronted the priests of Baal, and got himself into trouble with Jezebel, we cannot say the exact spot, as this is really a mountain range not a lone peak. From these mountains you can look East and see the Mountains of Galilee.

We drove down the coast of the Mediterranean by the ruins of Caesarea where Paul was tried before Festus, and was also the home of Philip. The ruins were very interesting. The old viaducts were still standing, probably built by the Romans. Also many other old buildings and walls still standing.

By following this ancient road which was beautiful in places, the trees overlapping each other, we passed through the Plain of Sharon as mentioned in Isaiah 35:2.

We drove on the City Yaffo (Jaffa), the Biblical Joppa. It was used as a port by Solomon as mentioned in the story of Jonah. Here Peter stayed in the house of Simon the Tanner and saw the vision about the admission of Gentiles to the Church.

On our drive this day, we had a young man from England who had a buddy killed in Israel during the war, and buried by the roadside. We stopped and made pictures and our sympathy went out to the lad's mother who was back in England and for whom the young man had stopped and visited his grave. It was a beautiful military cemetery and well kept.

At Nethanya, we spent a leisurely day and night, which was very unusual for us. It is a modern city built in recent years and has nothing of the ancient years behind it. They have the most beautiful

beach we have ever seen, and of course we had to take a dip. At Nethanya, we had time to think back over some of the sights for the more than two weeks in the Holy Land. Two things among others were the wonderful Hebrew University in Jerusalem. It is modern in every way, with modern equipment buildings, instructors, etc. Also, a very modern and beautiful large hospital, named Hadassah, meaning Esther.

There were many things that we could not pinpoint, but the Mt. of Olives was there, Gethsemane was there, the brook Kidron was there, but the old Brook Hinnon was not the same for the Israeli people have changed it to beautiful trees and flowers. Galilee, River Jordan, Dead Sea, Judean Hills, Nazareth, Bethlehem, and so many places made us feel "We walked today

where Jesus walked" and were not disappointments. We felt we were near where Jesus died for the world, and made us stop and think, and pray. It was wonderful!

The time for our departure came. We hated to leave, yet wanted to get away and meditate on what we saw. Our plane left the International Airport at Lod (Lydda) near Tel Aviv, the largest city in Israel, a city of 400,000 population. We left Israel at midnight, and felt like saying "Shalom" which means "Peace be with you". We heard this greeting many times and it seemed fitting to say now.

As a climax to our beautiful stay, we passed over the "Mat-terhorn" the next morning just as the sun was rising — a more peaceful, beautiful sight we never expect to see. SHALOM!

LOCAL WATER SYSTEM RECEIVES SAFETY AWARD

Last week C. B. Miller of Eastland, W. V. Watson, E. C. White, and Jess White of Ranger, all Eastland County Water supply employees were the proud recipients of a safety award.

The letter read as follows: "I am proud and pleased to send you an AWARD OF MERIT for your excellent safety record in the operation of your water works system for the year 1962. This award is made by the Southwest Section of the American Water Works Association, comprising members in four states, Arkansas, Louisiana, Oklahoma and Texas.

The purpose of the program is to promote safe methods in the operation of water systems throughout the country. This program is a continuous one and each member city

may qualify for additional awards in subsequent years.

Having received this award, you now become eligible to receive national acknowledgment in the form of a plaque from the national association and if you can maintain continued safety in your operation, you will be eligible for additional section awards."

These men are to be congratulated for their fine work in our Eastland County Water Supply District.

BENNETT REUNION

Desdemona News

Mrs. Odessa Johnson received word early Friday morning that her sister, Mrs. Mamie Watson of Ranger, was suffering from a broken hip following a fall. She was rushed to the Stephenville hospital where she is reported to be in fair condition.

Mr. and Mrs. Charles Nicks of Palo Pinto spent Sunday visiting with her parents, Mr. and Mrs. J. D. McMasters.

Mr. and Mrs. H. T. Lane met Mr. and Mrs. Ayers of Andrews at Kingsland for the weekend. The Ayers are building a summer home there and it is due to be completed in early August.

The G. A. Girls and their teachers, Mrs. Bonnie Watkins and Mrs. Hazel Koonce, left for a four-day encampment at Leuders early Monday morning. Attending are Karen Guthery, Derenda Sharp, Ann Saint, Ulenda Roberts, Becky Dosey and Vicki Lewis. They are expected to return today.

The week long gospel meeting at the Church of Christ closed Sunday night.

Mr. and Mrs. Leo Williams and family and Mr. and Mrs. Bud Wisdom of Odessa visited during the past weekend with Mr. and Mrs. Bobby Wisdom and family.

Mrs. Ruby Johnson of Phoenix, Ariz., is visiting with Mr. and Mrs. John Lasater and other relatives.

Mr. and Mrs. Vernon Fields and family have moved to the house on the Wayne Eaves place while they are building a new home.

Mr. and Mrs. Don G. Hogan and children, Danny, Elton Don and Leon of Fort Worth spent the weekend with Mr. and Mrs. H. H. Hogan and family. Danny Hogan remained for an extended visit.

Kokomo News

The summer revival began at the Kokomo Baptist Church on Friday night and will continue through Sunday, Aug. 11.

Morning services are being held at 10 o'clock each morning with evening services at 8:15 p. m. Prayer groups meet each evening at 7:45 p. m.

Rev. Roy Mill is evangelist for the revival and song services are conducted by C. L. Mohon Jr. of DeLeon with Mrs. Claude Fuller as pianist. The public is cordially invited to attend the services.

Those from Kokomo attending the revival services at Rock Bluff on Thursday night were Rev. and Mrs. Buel Bryan, Mr. and Mrs. Jim Jordan, Mr. and Mrs. Odis Rodgers and Bobby, Mr. and Mrs. Glenn Jordan and Glenda, Mrs. Claude Fuller, Christi and Vicki Dennis, Mr. and Mrs. Calvin Brown and Mrs. Lon Snider.

Visitors at the Kokomo Baptist Church on Sunday morning were Miss Alma Lee Creager of Levelland, Mrs. Ruby Johnson of Phoenix, Ariz., Miss Charlotte Janes of Sundown and Don Elwin Atchison of Fort Worth.

Sunday night visitors at church services were Miss Creager, Mrs. L. R. Higginbottom and Miss Paula Norris.

Mrs. W. S. Creager and Miss Alma Lee Creager of

Levelland are visiting with their daughters and sisters, Mrs. J. L. Morrow and Mrs. L. R. Higginbottom, and their families.

Miss Charlotte Janes of Sundown is visiting with Ina Lasater.

Johnny and Bobby Eaves spent the weekend in Cisco with their uncle and aunt, Mr. and Mrs. Bill Eaves and family.

Mrs. J. C. Caraway and Kathryn were business visitors in Stephenville on Saturday.

Mr. and Mrs. John Kiker and family of Roby visited with Mrs. Cara Sessum last week.

Mr. and Mrs. Jesse Elwin Atchison and children of Fort Worth spent the weekend with her parents, Mr. and Mrs. Calvin Brown.

Visitors at the Kokomo Baptist Church on Sunday morning were Miss Alma Lee Creager of Levelland, Mrs. Ruby Johnson of Phoenix, Ariz., Miss Charlotte Janes of Sundown and Don Elwin Atchison of Fort Worth.

Sunday night visitors at church services were Miss Creager, Mrs. L. R. Higginbottom and Miss Paula Norris.

District Party Set Aug. 12

The Women's Union of Baptist will celebrate the anniversary of its founding, Mrs. J. Paul

Turner of Sweetwater, district president, has announced. The anniversary will be observed during the organization's Diamond Jubilee House party, to be held on the Hardin-Simmons University campus, Mrs. Turner said.

From 20 to 300 Baptist women from throughout the 12-county district are expected. "We'd like to have even more," said the district president, as she addressed invitations to WMU members in Nolan, Taylor, Callahan, Eastland, Stephens, Shackelford, Jones, Fisher, Kent, Stone-wall, Haskell and Knox counties.

The program will open the evening of Monday, Aug. 12, and will run through noon the following day. Registration will be from 3 to 5 p. m. Monday in the H-SU Chape-Auditorium and the evening meal will be served in the University Cafeteria at 5 p. m.

Mrs. O. B. Woodrum of Abilene will be in charge of the evening program which will include a welcome from Dr. George L. Graham, H-SU executive vice president, and talks on world missions by three women who have visited world missions stations this spring and summer — Mrs. Jerry Malone of Abilene, Mrs. H. A. Polnac of Rotan, and Mrs. Wilton Davis of Abilene. Mrs. Davis also will present a historical sketch of Hardin-Simmons, and Mrs. Elwin Skiles of Abilene will lead the closing meditation. A fellowship program on the roof terrace of the H-SU Student Center will follow.

The Tuesday morning program will include discussions of Christian Education by Dr. James H. Landes, H-SU president, and Dr. Graham. E. M. Collier, administrator of Hendrick Memorial Hospital, will speak on "The Healing Ministry."

After a coffee break, Eula Mae Henderson, head of the Baptist WMU program in Texas, will speak, and Mrs. Skiles will lead the closing meditation.

Others assisting with various phases of the program will be Mrs. C. S. Gibson of Aspermont, Mrs. R. G. Breining of Sweetwater, Mrs. J. E. Groer of Rule, and Mrs. Lee Hemphill of Abilene and Mrs. George L. Graham of Abilene.

First steam railroad was in 1830 between Baltimore and Ohio.

SAD STORY

FOR SALE

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

NEW DORMITORY TO BE READY FOR FALL TERM

The new addition to the men's dormitory at Ranger Junior College will be ready for occupancy by September 1, according to Richard Henderson, president of the Board of Regents.

This structure, which will double the capacity of the new dormitory, occupied only last January, will house 106 students.

Work on Newell Hall, also a dormitory for men, will also be completed by September 1, Henderson said.

The renovation on Newell Hall has included new aluminum window frames, paneling of interior walls, new floors, enlargement of the resident supervisor's apartment, new plumbing fixtures and new paint, inside and out.

The two new buildings, which face each other across Sinclair Ave., on the campus, are both of light cream brick.

Four more buildings, now on the architect's drawing board will be put up for bids by August 15. The final plans are to be presented to the Board of Regents for approval by August 10, by Elam and Associates, architects and engineers of Wichita Falls. The four buildings will include administration, science, classroom and gymnasium.

Steel structural work on the stadium is being erected. The steel uprights for the bleacher seats should be completed in the next week.

According to Dr. Theodore Nickstick, president, the advance reservations for the

Walker Family Holds Its Annual Reunion

The W. O. Walker family held its 11th annual reunion, Saturday and Sunday, July 20-21, at Veterans Memorial Park here. A barbecue dinner was served to 63 family members, and one guest.

Those attending were Mr. and Mrs. W. O. Walker, Ranger, Mr. and Mrs. J. P. Walker, Moran, the M. M. Walker family of Mt. Pleasant, the W. D. Walker family, Mr. and Mrs. Johnny Rutledge and family, Mr. and Mrs. Bill Walker and family, all of Abilene; Mr. and Mrs. Butch Brook and son of Fort Worth, Mr. and Mrs. W. G. Walker and family, Mr. and Mrs. Carroll Walker and family, Bobby and Jan, Mr. and Mrs. V. E. Wimberly and son all of Odessa, Mr. and Mrs. Robert Low, Mr. and Mrs. Billy E. Lowe and family, Mr. and Mrs. L. O. Franklin and family, Carolyn and Arthur Windham, all of Coleman; Dudley Keith of Odessa, Carroll Stewart Walker, of Prescott, Arizona, Mr. and Mrs. Bob Walker and family of Ranger, Mr. and Mrs. James C. Walker of Azel, Miss Lynette Payne of Cisco.

The member traveling the farthest to attend was Carroll Stewart Walker of Prescott, Ariz. The oldest member present was Mrs. W. O. Walker, age 76. The youngest member present was Wesley Guy Lowe, a great-grandson, of Coleman, age 13 months.

Thirty-two members of the family were unable to attend the reunion, which has been an annual affair since 1939.

September term, are breaking all records. Every place is expected to be filled by the time school starts in September. As it looks now, a 11 space could be filled before registration date.

It could be that the college will again have to go back to the old "Ranger Hilton" in downtown Ranger, to make room for the men students.

This emergency dormitory was used last year until the new building was completed in January 1963, and was named by the students. It is the upstairs section of an old hotel long abandoned.

Sale Committee Visits Owners First Sale Bulls

Members of the Eastland Association Sales Committee viewed bulls to be offered in the First Annual Eastland County Hereford Breeders' Assn. Bull Sale scheduled for November 22.

They examined the stock during a tour on Wednesday, July 24 led by Ross Wilson, president of the association. He was accompanied by Dean Kirk and Robert Whitt of Gorman and Roger Blackmon of Eastland.

Plans are being made for the sale to be held in Eastland with approximately 50 individuals to be represented.

The following Hereford consigners were visited during the tour: Dave Pickrell and Jasper Williamson of Ranger; R. M. Sneed and Bill Hoffman of Eastland; Dr. D. V. Rodgers, Ross Wilson, Robert Whitt and Ed Harrison of Gorman; C. M. Ulmer and Weldon Williams of Morgan Mills and Jimmy Walker of Dublin.

A spokesman for the group described the quality of the prospective sale animals as being extremely good and stated that members of the Sales Committee were well pleased with the animals consigned.

**EHS's Mrs. Day
Attends Reunion
Of Home Team**

Mrs. Milton Day, girls' basketball coach at Eastland High School, attended a reunion of her home town basketball team, the famous Sparkman Sparklers, held Wednesday, July 24, in Sparkman, Ark.

Members of the team included Mrs. Day, Mable Blakely, Marjorie Leonard, Irene Hamm, Quinnie Hamm, Vira Mann, Cosie Fete, Dorothy Butler, Frances Blakely, Selma Green and Ruby Self.

This was the team's first reunion since they played together 33 years ago. All team members and their two coaches were present for the event.

Mrs. H. H. Mizell, one of the coaches, was hostess for the reunion.

The team was National Champion in 1934 and played in seven national tournaments. They were state champions for four years straight, 1927, '28, '29 and '30 and set the following world records: 1737 points in one season; 164 points in one game; and 109 points in one game (in 1929's season) by Quinnie Hamm, who was announced as the "greatest woman basketball player in the world."

Mrs. Day, the former Hazel Boen, was named All-American when she played basketball at A&M College.

TUESDAY GUESTS

Guests Tuesday in the home of Mrs. Ed T. Cox were Mrs. Paul Barnett, Mrs. Guy Roberts and Mrs. Robert Nations, all of Fort Worth.

President Dwight D. Eisenhower was born in Denison, Texas.

**MARTHA JEAN SMITH
Jean Smith,
Henry Moore
Wedding Set**

Mrs. Willadean Smith of 108 E. Conner, Eastland has announced the engagement and approaching marriage of her daughter, Martha Jean, to Henry Moore of 400 S. Green, Eastland.

The couple plan to be married on October 5 at 6 p. m. in the home of the bride-elect's mother.

CARD OF THANKS

We'd like to take this means of thanking our friends and customers for their faithful patronage during the time we operated the Mobil Service Station on West Main St.

We will be moving to California about the 10th of August. Family health reasons have prompted our move from this area, and we regret leaving Eastland and its friendly people.

Roy Brickman

**Husbands To
Be Honored At
Club Picnic**

Members of the Eastland 50 Year Pioneer Club will honor their husbands at a picnic supper to be held Thursday at 7 p. m. at the City Park.

Hostesses for the picnic will be Mrs. Burton Christenson and Mrs. Fannie Lockhart.

All club members and their husbands are cordially invited to attend the event.

**Dwight Bennett
Completes Naval
Basic Training**

Dwight L. Bennett, son of Mr. and Mrs. George E. Bennett of Gorman, recently completed basic training at the Naval Training Center, San Diego, Calif., graduating at the weekly Recruit Brigade Review in which some 3,000 men participated.

The nine-week training includes naval orientation and history, customs and etiquette, basic military law, ordinance and gunnery, seamanship and shipboard routine, sentry duty and military drill, damage control, physical fitness, swimming, first aid and survival.

During their basic training, recruits received tests and interviews which determine their future assignments in the Navy.

Upon completion of basic training the men are assigned to service schools for technical instruction or to ships or shore stations for on-the-job training in a specialized rating.

VISITS DAUGHTER

Visiting Tuesday in the home of Mr. and Mrs. Milton Hunt was her mother, Mrs. Frank Robason of Fort Worth.

**MRS. HOWARD A. PARSONS JR.
MISS FOX MR. PARSONS WED
IN DOUBLE RING CEREMONY**

Miss Redona Gay Fox and Mr. Howard A. Parsons Jr. were united in marriage Saturday Aug. 3 at half past four in the afternoon at the Bible Baptist Church in Desdemona.

The bride is the daughter of Mr. and Mrs. P. E. Fox of Route one, Desdemona.

Mrs. Vernie Long of Olden is the bridegroom's mother.

Double ring wedding vows were read by Rev. J. L. Burlison of DeLeon before an arch of greenery flanked with baskets of white gladioli. Nuptial music was provided by Mrs. James Thackerson and W. R. Rodgers, both of Olden.

Miss Janie Fisher of Ranger attended the bride a maid of honor.

Attending the groom as best man was Eddie Paul Fox and ushers were Kenneth Parson of Olden and Rickey Koonce of Desdemona.

The bride was given in marriage by her father and wore a street length dress of white embossed satin styled with wrist length sleeves and self covered buttons. An elbow length veil was caught to a seed pearl crown. She carried a white satin-covered Bible topped with a bridal bouquet of feathered carnations.

The reception was held following the ceremony in the

home of the bride's parents. A serving table was laid with white lace over red, carrying out the bride's chosen color scheme.

For her wedding trip, Mrs. Parsons chose a beige suit designed with three-quarter sleeves and gold accessories.

Mrs. Parsons is a senior student at Desdemona High School and her husband is an Airman Third Class in the telephone communications division of the United States Air Force. He is presently stationed at Lackland Air Force Base, Texas.

**Methodist WSCS
Meets Thursday**

The Eastland Methodist Woman's Society of Christian Service will meet Tuesday morning at 9:30 o'clock in the church parlor for a spiritual life program under the direction of Mrs. Frank Crowell.

Mrs. Carl Elliott will bring the lesson.

A short business meeting will also be conducted during which time officers will make their monthly reports.

All WSCS members are urged to attend the meeting.

**W. L. Garner
Gives Program
At Soil Meet**

A program on Soil Conservation in Eastland County was presented by W. L. Garner at a meeting of the Eastland Community 4-H Club Soil Conservation Group held Thursday afternoon at the Eastland office.

The group discussed the grass plot that had been planted on E. Valley St. earlier in the year. This plot was planted with 10 different kinds of grasses.

Garner showed slides of the various grasses recommended for this county and told how grass grows.

Plans were discussed for a grass tour to be conducted in the fall.

Attending the meeting were the following: Sharon Harbin, David Cox, Mrs. Cox, Frank Claborn, Cynthia Claborn and Mrs. Bill Claborn.

Following the meeting refreshments were served.

**RJC SPONSORS SPEAKERS
BUREAU FOR AREA CLUBS**

Ranger Junior College is again offering, free of any charge, a Speakers Bureau service to the clubs and organizations of this area, through the Public Relations Department of the college. Faculty members fill the speaking engagements.

The service was begun late in January, 1963, and between then and the middle of May, when most of the clubs recess for the summer, some 33 programs had been furnished by the department.

Presently, bookings for the coming club season are being scheduled, and many clubs in this area are taking advantage of this service in working out yearbooks.

Programs are available on most any subjects desired, using the special talents of the faculty personnel.

Available are programs from the Music Department, Art Department, Science Department, Social Science and Humanities Departments; also, book reviews special talks on education, agriculture, hydroponics and most any other subject requested by program chairmen of clubs.

**REQUIREMENTS LISTED FOR
EASTLAND FIRST GRADERS**

All children entering the first grade of Eastland schools for the first time are required to be six years old on or before Sept. 1, 1963, possess a valid birth certificate, and proof of smallpox vaccination, according to Superintendent Wendell T. Siebert.

Letters were mailed Wednesday to parents of all first graders whose names appeared on the census and others who had notified the school.

Applications may be obtained by calling or going by Siebert's office at the high school building.

Parents are requested to register their first graders by August 16th in person at the business office in the high school, or by mail if it is more convenient. If registration is made by mail, the birth certificate and smallpox vaccination certificate must accompany the registration blank. The two certificates will be returned upon completion of registration.

**Stephens County
4-H Rodeo To
Begin August 23**

The Stephens County 4-H Clubs will sponsor their ninth Annual Junior Rodeo on August 23-24 at 8 p. m. at the Rodeo Grounds in Breckenridge. Contestants are residents of Stephens County that are 18 years of age or younger and attended school or are pre-school age. They are not professionals by any means, but they do put on a good show.

There are four divisions of the contestants. Small-Fry are children who have never attended school. Here boys and girls compete against each other for one trophy. The Junior Division age is up to 10 years of age. The intermediate group are from 10 years to 13 years old. The Seniors are 14 through 18 years old. The Junior, Intermediate, and Seniors are having different groups for boys and girls. There is a trophy for the best boy and girl in each division.

If you want to see a wild and woolly Barrel Race, be sure you don't miss the "Small-Fry" stickhorse Barrel Race. These youngsters will bring with them to the show the MEANEST and WILDEST stickhorses that money can buy. Any thing can happen! On occasions we have had horses to throw a shoe, and some of our best riders have had a taste of the old arena-dust, and there are times when some of the best trained horses balk at the chute and refuse to come out. We have seen some of the Mothers have to make a run at the barrels in order for young "junior" to tear lose and come out to ride.

The "Small-Fry" also enter such events as the Shoe Scrambled, Ribbon Goat Race, and the regular Barrel Race.

Each contestant must enter three events to be eligible for a trophy and one event must be on horseback.

This is only a sample of what goes on at the Rodeo. Look for more stories in this paper.

REMEMBER! Tickets are only \$1.00 for adults and \$.50 for school children. The stub on the ticket also is your chance to win a fat calf ready to be butchered and put in your freezer. We promise you a full two and one half hours entertainment. This is family fun, so bring Grandpa, Grandpa, and all the kids. Bring the neighbors kids if the ole bus will hold 'em.

Conservation Plan Making Headway In Eastland County

The Great Plains Conservation Program, since its initiation to this area last spring, has made fast headway, according to reports received this week. A large number of contracts are being developed at the present time. It is anticipated that 50 to 60 contracts will be signed within the next six months.

To date, 58 landowners have applied for contracts with the Eastland Work Unit of the Soil Conservation Service. The land was almost 100 per cent as planned. Costal bermuda plantings as a part of land use adjustment was the most widespread practice. A total of 964 acres of Costal was planted on 20 farms. Twelve contracts were written and approved by the district office during the week.

McCord Monument Expected To Be Erected Next Month

The Eastland County Courthouse will receive from Austin some time in September a monument commemorating old Camp Salmon (later called Camp McCord.)

The monument will be five feet high, three feet wide and eight inches thick.

This old fort is located on the county line between Callahan and Eastland Counties which is some 18 miles from Eastland.

Another plaque was presented to the Chamber of Commerce, to be presented to the Corner Drug, since it is the only original permanent building left in Eastland.

The Eastland County Historical Survey Committee was organized in February of 1963. Since that time several local adults have joined the historical committee.

Mrs. Bernie McCrea was elected president, Mrs. Lee White, secretary, and Mrs. George Blackwell, treasurer.

After coming into office Governor Connally asked each county judge to appoint a historical society.

There is also a state committee which has Mr. John Ben Sheppard of Odessa as its president.

On native rangeland some 120 acres of oak timber was bulldozed and about 300 acres of oak shinnery chopped with a heavy duty type bushchopper. One small mesquite pasture was sprayed with a basal application of 2-4-5-T. In the above brushland, about 300 acres were seeded to weeping love grass primarily for winter pasture. About 120 acres were reseeded to native grass mixtures of little bluestem, Indian grass and side oats grama. One 20-acre field was planted to King Ranch bluestem to be grazed in conjunction with native grass pasture.

The Great Plains Program is a program of conservation cost sharing and technical assistance under long term contract in keeping with the needs of the land and the landowners operations. It is designed primarily to accelerate needed conservation and land use adjustment in areas with severe climatic hazards.

Great plains contracts are proving a most valuable tool in the realization of many landowners desires to change from cash crops to grass and livestock. The program is pointing the way to new hope in the conservation and development of land in Eastland County.

Mrs. James Morris, chairman of the Department of Social Science as Ranger College is on her way home by car, from Santa Barbara California, where she has spent the summer studying at the University of California.

Mrs. Morris, who was accompanied by her mother, Mrs. P. M. Kuykendal, also of Ranger, has spent weekends traveling in northern California.

Mrs. Morris is a member of the 1947 Club, the Columbia Study Club, and is much in demand as a speaker before clubs and organizations in this area. She has traveled extensively in Europe and on the North American Continent, using these travels as the subject of many of her talks. Another of her specialties is in the field of book reviewing.

She has appeared on several occasions through requests to the college Public Relations Department, Speakers Bureau, and is now scheduled for several programs for the coming club season.

The two Ranger women are expected to arrive home about August 6th.

Mrs. Morris Expected Home August 6th

Washington

"As It Looks From Here"

OMAR BIRLESON
Congressman
17th District

WASHINGTON, D. C. — Since almost the beginning of our Government, differences of opinion have been expressed as to what should be "Executive Agreement" and what should be by formal Treaty in the conduct of our foreign affairs.

Article II, Section 2 of the Constitution of the United States, provides that the President shall have power, by and with the advice and consent of the Senate, to make Treaties, provided two-thirds of the Senators present concur. In addition to this expressed authority, Presidents under authority to conduct foreign affairs, have entered into certain arrangements with other nations under Executive Agreements but not ratified by the United States Senate.

By reason of a more complicated world, our Nation enters into about 300 such Agreements a year at the present time. These agreements are used where there already exists an adequate legal basis, and they include just about every imaginable subject of interest between nations. Many of them include trade arrangements, fishing rights, communications, transportation, etc. Many of them meet day to day conditions which continuously arise. International Agreements fill enough volumes to line the shelves of a fair size library.

On August 22, 1958 President Eisenhower and the Prime Minister of Great Britain, by public announcement suspended nuclear testing for one year from October 31, 1958. The statement included a commitment to extend the suspension for additional one-year periods, provided the Soviet Union did the same. No formal Treaty was entered into and, in fact, the cessation of nuclear arms testing was based only on this public statement.

Thereafter, in Geneva on October 31, 1958, the United States, Britain and Russia began formal talks on an atomic test ban. No agreement was reached. Russia was carrying on a series of tests at that very time, but completed them shortly thereafter.

Although all tests were not completely stopped, the Soviet Union did not conduct any extensive tests until August of 1961, at which time they started a series of atmospheric and ground tests, announcing they were doing so by reason of the threats of the Nato alliance.

Following Russia's, we started underground testing in November of 1961. On April 25, 1962, began our extensive atmospheric and under water testing in the Pacific.

On April 27, 1962, talks were broken off with the Soviets to reach a partial test ban treaty.

In April and June of this year after an exchange of letters between Khrushchev and President Kennedy, talks on cessation of nuclear testing were held, and on June 15, the President made a public statement that the United States would not conduct further atmospheric tests unless other countries did so first. The British followed with a similar statement on June 18. These, again, were Executive statements rather than any agreement of any kind.

Negotiations leading to the test ban treaty soon to be placed before the United States Senate started July 15 and were initiated by the representatives of the United States, Britain and Russia on July 25. This agreement will be in the form of a Treaty and will require a two-thirds majority of the United States Senate who are present and voting.

On February 7, 1963, I introduced house concurrent resolution 83, which says in part "Resolved by the House of Representatives (the Senate concurring) That it is the sense of the Congress that the American negotiations position in arms control or disarmament discussions include these safeguards:

- (1) Complete on-the-spot inspection of all areas involved in arms control or disarmament agreements, with Members of Congress included as members of the inspection team.
- (2) Reporting of the President of the United States to the appropriate committees of Congress, of any and all steps taken by him which would tend to alter existing ratios of weapons and the effectiveness between this Nation and its allies, and the Soviet Bloc of nations.
- (3) All preliminary and final arms control or disarmament agreements be embodied in treaties subject to the advice and the consent of the Senate of the United States."

The purpose of the foregoing is to assure as certain as possible that any agreement on disarmament, including nuclear tests, be submitted to the United States Senate, as provided for in the Constitution.

LOOK WHO'S NEW

Mr. and Mrs. H. V. O'Brien Jr. of 1201 S. Seaman announce the arrival of a son, Houston Vance III, who was born Saturday, Aug. 3, at 8:30 a. m. in the Eastland Memorial Hospital.

Grandparents include Mrs. Mable Ratliff and Mrs. Fannie O'Brien, both of Eastland.

The Benedictine Order was founded at Monte Cassino in the year A. D. 529.

FLAMELESS

Electric heat is as comfortably warm as radiant sunshine. No oxygen is burned, there are no by-products of combustion. And since no flame is needed, electric heat offers flexibility of room design and furniture arrangement.

SAFE

Flameless electric heating is the modern way to winter warmth. No pilot lights to go out, no flues, no fumes... safe around children, too.

CLEAN

Electric heat is clean... walls, draperies and furnishings stay new looking. House cleaning is easier.

AUTOMATIC

With efficient electric heat from wall or baseboard units, each room can have its own thermostat... its own temperature for maximum comfort. For instance, keep bathroom at 75, bedrooms at 60, and living areas at 70 degrees.
