

House Approves Money Plan

Overwhelming Vote Is Given Agreement

WASHINGTON, June 7 (AP)—The Bretton Woods world monetary agreements were approved overwhelmingly by the house today.

The final roll call showed 345 for ratification and 19 against. All the opposition votes were cast by republicans.

The ratification legislation now goes to the senate, where the opposition predicted a vigorous battle.

Two presidents have described the agreements as laying the economic foundation for lasting peace. The opposition, in two days of house debate, described the monetary plan as "a swindle and a fraud" and as an international WPA.

The United States is the first of the United Nations to act on the agreements.

Prior to its final action today the house beat down 325 to 29 a motion by Rep. Sumner (R-Ill.), a leader of the opposition, to send the ratification legislation back to the banking committee with instructions that all provisions for an international monetary stabilization fund be eliminated.

The agreements, drawn by representatives of 44 nations meeting last summer at Bretton Woods, N. H., propose to establish a \$9,100,000,000 world bank for reconstruction and development loans and an \$8,800,000,000 fund for international currency stabilization.

Treasury department officials outlined these purposes of the agreement:

- 1. To encourage international investment in productive enterprises. 2. Make long term currency stabilization loans to countries whose currency encountered difficulty. 3. Each member nation would share in the bank risks in proportion to the stock it held.

- 4. Of the \$9,100,000,000 bank capital, the United States would subscribe \$3,175,000,000. FUND— 1. To stabilize the currencies of all cooperating nations in terms of gold. 2. Progressively remove barriers against making payments across international boundaries. 3. Provide a revolving fund of foreign exchange to enable member countries to maintain stable and unrestricted currency relationships.

Each country would contribute gold and local currency to a common pool in the fund. Of the \$8,800,000,000 assets the United States would subscribe \$2,750,000,000.

The treasury said the plan would eliminate "economic warfare."

Osaka Target For Blasting

By HAMILTON W. FARON

GUAM, June 7 (AP)—In a marked departure from recent fire raids, 450 Superforts blasted way industries and the arsenal in Osaka, the Orient's leading industrial city, with high explosives and incendiaries today in their tenth large scale raid on Japan this month.

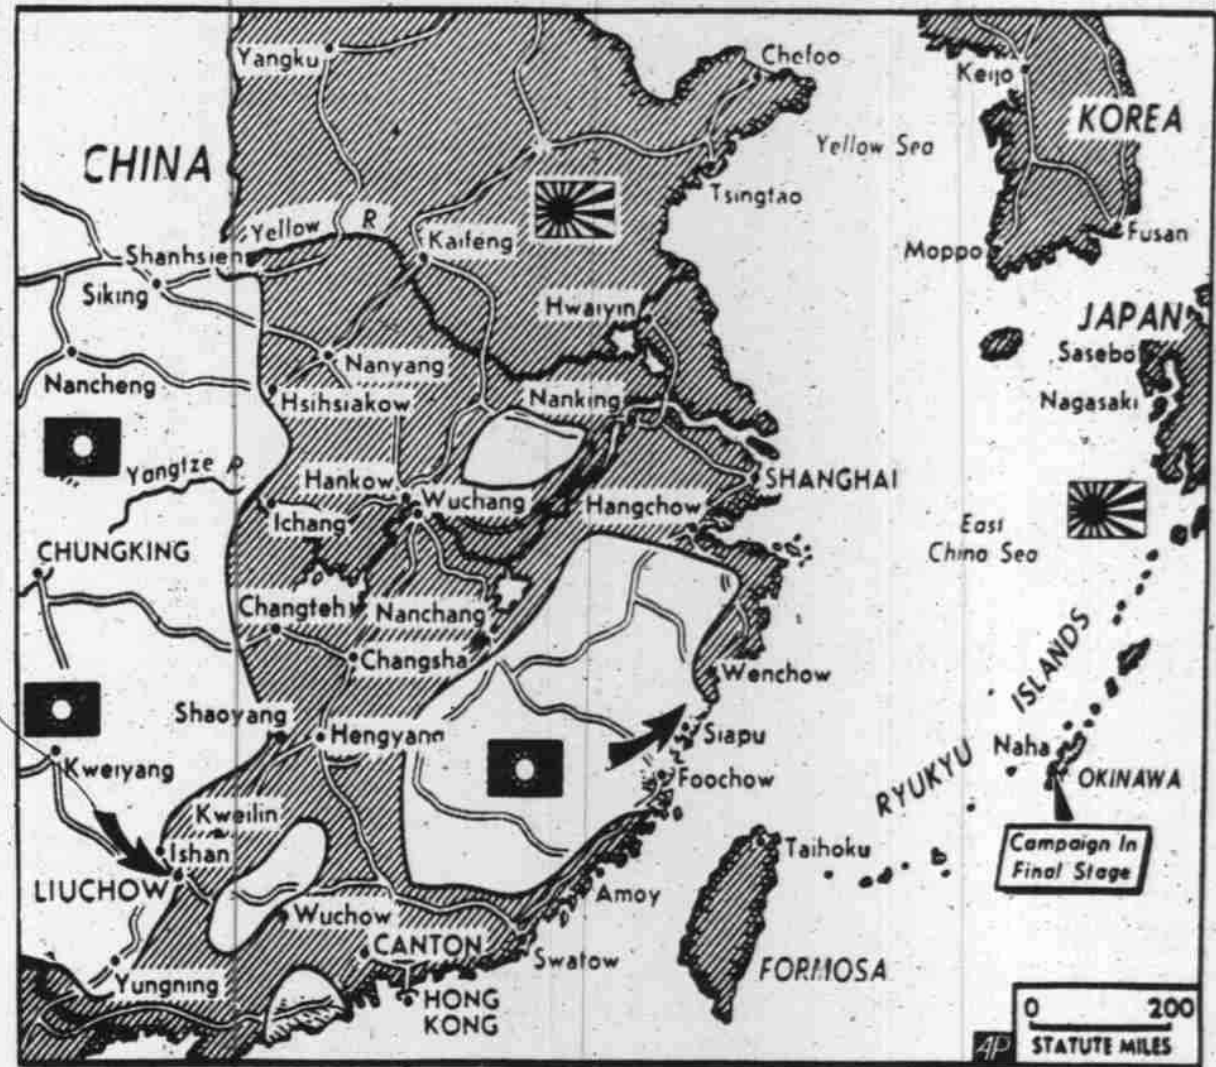

The B-29s hit this morning as Tokyo radio admitted 200,000 more Japanese have been driven from their homes by American air attacks and would be moved to farms to help raise Japan's meager food supply.

The bombers struck for three hours through heavy overcast. Results were not observed. But a joint Japanese army-navy announcement admitted fires were started in the northern and north-eastern industrial sections. The enemy said flames were "steadily being brought under control."

Tokyo did not disclose the effect of high explosives aimed at the concrete and steel buildings of the huge Osaka arsenal where much of Japan's medium artillery and small arms are produced.

But enemy broadcasters did complain that this tactic sent civilian air defense units racing to air raid shelters while other B-29s showered incendiaries on the factory district. The blazes they started, Tokyo said, got a good start before the fire fighters got out of their bomb shelters.

Almost simultaneously with the Superfort blow, Japanese dispatches said, forty army and navy fighters from Okinawa swept over Kyushu island suicide plane bases.

WHERE CHINESE CONTINUE TO GAIN—Unconfirmed reports said Chinese troops have occupied Liuchow, former site of an American air base in southern China. Along the coast, Chinese pushed northward in the Sigu area. On Okinawa the American campaign was nearing its conclusion. Shaded areas are Japanese controlled. (AP Wirephoto Map)

Chinese Capture Mengshan

Growing Drive From West Seen In New Strike

CHUNGKING, June 7 (AP)—Chinese authorities announced today the capture of Mengshan, a highway and river junction 200 miles northwest of Canton and 80 miles east of the American airbase city of Liuchow, which also is said to be in Chinese hands.

Capture of Mengshan would represent a growing drive from west, southwest and south of Kweilin, former provisional capital of Kwangsi province and another American air base city which the Japanese took in establishing their now ruptured land corridor to French Indo-China.

Mengshan is 85 miles south and slightly east of Kweilin, and Liuchow is 90 miles southwest of Kweilin. One Chinese force was last reported 55 miles west of Kweilin.

Both Chinese and American reports have told of the recapture of Liuchow.

The Chinese high command said Chinese forces, pushing the Japanese northward along the Fukien coast, had reached the suburbs of Futing, 105 miles above Foochow and less than 10 miles from the Chekiang border.

The announcement said the Chinese were heavily attacking enemy positions in the town and it was believed here that a Japanese retreat to Wenchow, 55 miles north of Futing, was imminent.

An enemy relief force from Wenchow, which had thrust southward to aid the Japanese withdrawing from the Foochow area, was reported several days ago to have been less than 25 miles away from Futing. It was considered likely that a junction already may have been effected between these enemy forces.

Liuchow was reported to have fallen to the Chinese in the growing drive to rid all south China of the Japanese and re-establish American air power there. The important base was in enemy hands for seven months.

Other American planes yesterday and Tuesday struck at the Japanese in wide sweeps which ranged all the way from Peiping in the north to the coastal railroad of French Indo-China.

Government Is Enjoined From Seizing Plant

HOUSTON, June 7 (AP)—Judge T. M. Kennerly's order temporarily restraining the government from taking control of the Humble Ingleside refinery was served upon Gordon Granger, Houston agent of the Petroleum Administration for War at 10 a. m. today by Deputy U. S. Marshal Thomas C. Slocum. Robert E. Hardwicke of Washington, chief counsel for PAW, immediately referred the writ to the department of justice.

"I expect no unusual developments in the situation until a hearing on the Humble company's petition is heard in Houston," he said.

Granger was the sole defendant directly named in the petition filed yesterday afternoon by attorneys for the company a short time after the government's contemplated action.

Hardwicke said the Ingleside refinery was, as far as he knew, operating normally, and that the PAW had no intention of interfering with production there.

CORPUS CHRISTI, June 7 (AP)—Superintendent Frank Goss of the Humble Oil and Refining company refinery at Ingleside, Tex., said no federal agents are on the premises today and that the government has not taken over operation of the plant.

Goss said S. E. Hill, representative of the Petroleum Administration for War, posted notices on company bulletin boards yesterday saying the plant was under government supervision, but that no action had been taken since then.

JAY MAKES CALL HERE

Ed F. Jay, field supervisor of the crop loan program, was in Big Spring Thursday on his weekly visit at the AAA office, assisting farmers in securing loans on crops. With headquarters in Sweetwater, Jay's territory covers seven counties.

War Crime Action Is Promised

WASHINGTON, June 7 (AP)—The chief American prosecutor of Axis war criminals today urged sure punishment for the guilty, and declared against any dilatory tactics in trial procedure.

The trials, said Supreme Court Justice Robert H. Jackson, must not be regarded in the same light as trials under the American system, where defense is a matter of constitutional right.

"Fair hearings for the accused are, of course, required to make sure we punish only the right men and for the right reasons," he said. "But the procedure of these hearings may properly be obstructive and dilatory tactics resorted to by defendants in our ordinary criminal trials."

Failure to try those accused, he stated, "would mock the dead and make cynics of the living."

Justice Jackson, chief of counsel of the United States in the prosecution of axis war criminals, told President Truman in a 5,000 word report that he had assurances from the war department that those likely to be accused as war criminals "will be kept in close confinement and stern control."

Jackson said the preparations for the prosecution of major war criminals will not impede or delay trials of other offenders guilty of lesser crimes.

He said negotiations for an international military tribunal, representing the United States, the United Kingdom, Soviet Russia and France, to try guilty Nazis have not yet been completed, but that he did not consider it wise to wait this final step before preparing the American case.

He added there are many suspected war criminals "in our possession."

Stilwell Confers With MacArthur

MANILA, June 7 (AP)—Gen. Joseph W. Stilwell, commander of army ground forces, has been in Manila conferring with General Douglas MacArthur, commander of all "on to Tokyo" ground forces, MacArthur's headquarters disclosed today.

Stilwell made several visits to forward areas, inspecting troops and examining terrain. He consulted with various commanders in the theater.

There was little doubt that the primary subjects of the conference between the two generals were the next major American amphibious operation in the Pacific and the disposition of the 7,000,000 U. S. ground forces President Truman said will be used to crush Japan.

Tentative Plans Made For School Building For Moore District

Tentative plans have been made for the rebuilding of the Moore school house which was destroyed by fire early this spring.

Walker Bailey, Howard county school superintendent, said Thursday that work would begin the first of next month if possible. Contract for the project has not been let as yet but plans are to rebuild a much better building of tile stucco. Moore school students finished the spring school semester at the Fairview school.

Although repairs will be made on other schools in the county, no building programs will be carried on. Knott school board members met Wednesday evening to discuss repairs of their school, but Bailey had not learned of their plans.

No Unrevealed Secret Pacts, Says Churchill

LONDON, June 7 (AP)—Prime Minister Churchill told commons today that the Big Three made no secret agreements at Yalta that had not already been made public, but indicated that the discussions covered a wider field than the decisions officially announced.

Laborites asked specifically why differences had arisen over the broadening of the Polish government — an issue many believed settled at Yalta.

"There were no secret engagements entered into at all" except the agreement to give Russia three votes at San Francisco, Churchill assured Parliament. He then added significantly:

"The conversations, of course, proceeded in a very intimate manner and I am not prepared to say that everything discussed at Yalta could be made the subject of a verbatim report."

The Big Three at Yalta were Churchill, President Roosevelt and Premier Marshal Stalin. Churchill's statement at commons was made against a background of anxiety here that the "Big Three" leaders had left their last conference in the Crimea with varying interpretations of decisions reached there. Sections of the British press and critics of Churchill's foreign policy have pointed specifically to the deadlock over the Polish issue and to the differences arising at the San Francisco conference.

Moscow has insisted repeatedly that Russia was abiding by the Yalta decisions both as to broadening the Polish government at Warsaw and on every stand taken at San Francisco.

Few Persons Utilize Split Payment Plan

It's a far cry from the old days when Howard counties took advantage of a two-payment plan of current taxes, for officials at the tax collectors office report that only five persons are using the plan to pay out 1944 county, state and school taxes.

The five receipts were filed in the local office last November when first half of the payments became due. Although deadline for filing the last payment is June 30, no payments have been received as yet.

NAZIS HAD PLANE PREPARED TO BOMB AMERICAN CITIES

PARIS, June 7 (AP)—Alexander De Seversky told a press conference today when victory came in Europe the Germans possessed a four-engine jet-propelled plane with which they planned to bomb New York and other eastern cities of the United States by round-trip transatlantic flights.

The plane designer said he and Gen. Carl A. Spaatz had interviewed Reichsmarshal Herman Goering, who told them a German Messerschmitt-264 would have been sent against the United States if the war had lasted a few months longer.

The ME-264 was in final stages of development and the Nazis were trying to reduce its fuel consumption to fit the range, De Seversky said. He said the Allies found at least one experimental model of the long range jet bomber in France.

De Seversky is a special consultant to Secretary of War Stimson and is now assigned to the air forces. He said strategic bombing in the reich had exceeded all expectations, and asserted that half of the 70 German cities of more than 100,000 population were destroyed by air power.

BAZOOKA—One of the most talked about weapons of this war is the rocket launcher or "bazooka" used by American infantrymen. This weapon, which enable foot soldiers to knock out tanks and capture supposed impregnable points will be shown at the "Here's Your Infantry Show" at Steer stadium Friday 8:30 p. m. E bond purchases are good for tickets.

Bond Buying Gains On Eve Of Show

Only one more day remains for bond buyers to purchase bonds in order to obtain free tickets to the Here's Your Infantry show to be held Friday at 8:30 p. m. at the Steer football stadium. Heavy bond purchases throughout Thursday and Friday were anticipated as interest in the show is increasing daily.

Two radio broadcasts are to be held advertising the event and those held tonight at 8:30 p. m. to 9 p. m.

Proceeding the actual show will be an exhibit of weapons to be held from 3 p. m. until 6:30 p. m. on the east side of the courthouse lawn. Various weapons of the infantry will be exhibited including the heretofore secret flame thrower and soldiers in charge will explain to spectators the various uses of the weapons.

The actual show will get underway at 8:30 p. m. when infantry men composed of 40 veterans of this war will demonstrate how our infantry are fighting the Japs in the Pacific. There will also be a 25-piece infantry band to furnish music during the evening.

The show, which is in three parts, includes first the locating of the enemy in a pillbox. A small squad of men having located the enemy then calls on reinforcements to attack with flame throwers, bazookas and hand grenades. The climax of an hour of excitement will be the charging of the pillbox by a human bridge built over barbed wire entanglements.

Chairmen of the drive announced that they wanted to express appreciation to the AAFBS for use of its ambulance, fire-truck, MPs and guards for the show and to the city and highway departments for the furnishing of an escort for the unit. Ross and Vineyard nurseries are furnishing the shrubs and foliage for camouflage and the West Texas Sand & Gravel is furnishing sand. Texas State Guard is to furnish ushers and the school system is providing the stadium, floodlights and the public address system. Nalley Funeral home is furnishing chairs for the band. Without the assistance of these agencies, the putting on of the show would not have been possible, chairmen said in expressing their thanks and appreciation for their cooperation.

Soviets Seek Big 5 Huddle

By JOHN M. HIGHTOWER

SAN FRANCISCO, June 7 (AP)—Russia called today for the second Big Five huddle in as many days. But there was no official intimation of any Soviet-sponsored break in the deadlocked veto issue.

Soviet sources have said flatly they expect no further word from Moscow on the dispute between Russia and the other Big Four on interpretation of the Yalta voting agreement. The Russians insist the Yalta formula gives each of the Big Five powers the right to veto discussions of an international dispute in a world security council.

But there was some inclination among American delegates to the United Nations conference to bring the controversial question before the Big Five even if the Russians do not broach it.

United States delegates said there is nothing of importance left for the Big Five to discuss unless it is the Yalta voting procedure or some other question which has not yet assumed major proportions.

If Moscow continues silent on the veto controversy, the whole disagreement may turn toward an open fight in the United Nations conference, with the prospect Russia would be defeated.

# Wynelle Woodall And Lt. Charles Vines Marry In Ceremony At Post Chapel

Miss Wynelle Woodall, daughter of Mr. and Mrs. Arthur Woodall, became the bride of 1st Lt. Charles Vines, Jr., son of Mr. and Mrs. Charles Vines, Sr., in a single ring ceremony read at 6 o'clock Wednesday evening in the post chapel.

Chaplain Frank B. Webb officiated before an altar decorated with carnations, palms and ferns. White candelabra was on either side of the wedding party.

The bride wore a blue suit and pink accessories. Her corsage was of pink carnations. She was attended by Mrs. Carl S. Anderson who wore a yellow dress and black accessories. Mrs. Anderson wore a corsage of yellow and white carnations. Capt. Carl S. Anderson was best man.

Mrs. J. A. Anderson sang "Because" and "I Love You Truly," accompanied by the organ by Sgt. Ethel Luzor, who also played the traditional wedding music.

Mrs. Vines graduated from Big Spring high school and attended Southwestern University at Georgetown and Hardin-Simmons University at Abilene. She received her BA degree from the University of Texas. She has been employed by the Big Spring school system.

Lt. Vines arrived in Big Spring Wednesday morning after being overseas 40 months. He returned to the States May 31 after service in Australia, New Guinea, Netherlands East Indies and Philippines with the 808th engineers. He graduated from Big Spring high school and attended the University of Texas. For a while before he entered the service in March, 1941, he was employed by the Santa Fe in San Bernardino, Calif.

The couple will spend a 30-day leave here before going to Miami, Fla., where Lt. Vines will be temporarily stationed.

Only members of the family attended the wedding.

Refreshments were served and others present were Mrs. Alice Mims, Mrs. Helen Gill, Mrs. Billie Anderson, Mrs. Rebecca McGinnis, Mrs. Lois Hall, Mrs. Florence Rose, Mrs. Birdie Adams, Mrs. Bessie Bouis, Mrs. Patty Manion, Mrs. Doris Sholte, Mrs. Minnie Barbee, Mrs. Bessie Power, Mrs. Anna Pierce, Mrs. Waudene Baldock, Mrs. Irene Stagner, Mrs. Minnie Skaliky, Mrs. Sara Griffith, Mrs. Nellie Robertson and Mrs. Susie Wissen.

Refreshments were served and hostesses were Sara Samun, Bob McCormick, Pat McCormick, Helen Duley, Lillian Hurt, Dorothy Sain, Caroline Smith, Harriet Smith, Dixie Lewis, Patty Toops and DeAlva McAllister.

Others present were Mrs. Charles Watson, Mrs. R. E. Satter white, Mrs. Wynell Leatherwood, Mrs. V. H. Fiewellen, Rev. and Mrs. H. C. Smith, Mrs. J. B. O'Bar, Mrs. J. W. Anderson, Mrs. L. F. Howle, Mrs. Robert Hill, Mrs. G. L. James, Mrs. Henry Long and Mrs. Robert Stripling.

## Dorcas Class Has Luncheon Session

A luncheon and business meeting was held by the Dorcas class of the East Fourth Baptist church Wednesday noon at the church.

Mrs. J. A. Kinard presided and Mrs. A. D. Harmon gave the devotional. Mrs. Druella White led the prayer and Mrs. J. R. Clark gave a talk explaining the bond drive for the church. Mrs. R. J. Barton, teacher, gave an appreciation talk concerning her absence because of illness.

New members present were Mrs. F. H. Hughes, Mrs. L. O. Johnston and Mrs. Bill Carnrike. Mrs. Harrell and Mrs. Annie Moore were guests.

Mrs. A. J. Hilburn gave the closing prayer. Others present were Mrs. J. P. Riddle, Mrs. D. W. Anderson, Mrs. L. C. Vann, Mrs. James Roy Clark, Mrs. V. A. Masterson and Mrs. W. H. Bagley.

## CLUB MEMBERS SELL BONDS

Women selling bonds Wednesday included the Girl Scout Council represented by Mrs. Larson Lloyd, Mrs. Boyd McDaniel and Mrs. M. A. Cook at bond headquarters; College Heights P.T.A., Mrs. Albert Joseph, First National Bank; Rebekah Lodge, Mrs. Henry Rogers and Mrs. Nannie Adkins, State National Bank; B&PW club, Edith Gay and Pauline Sullivan, Ritz Theatre; and Philathea Class, Mrs. G. T. Hall and Mrs. Meirs, State Theatre.

Those to work Friday include Central Ward P.T.A. at First National Bank, VFW Auxiliary at State National Bank, B&PW club at Ritz Theatre, and Philathea Class at State Theatre.

## Men, Women! Old at 40, 50, 60! Want Pep? Want to Feel Years Younger?

Do you blame exhausted, worn-out feeling on age? Thousands instead of what a little pep and pep with Arrid does. Consider this: you need it at 40, 50, 60, for body old really because of it; not only that, but it's the only one that's safe. Low cost! Introductory size only 35¢. Try Arrid. Tonic for hair, for eyes, for younger feeling, this very day. For sale at all drug stores everywhere.

# America's Favorite Pin-Up Girl Is The Beautiful June Bride Of 1945

MODERN BRIDE: She chooses traditional white satin with the new touch of a lace pelum and dramatic neckline, with net-covered shoulders. A necklace just covers the edge of the net neckline.

PERIOD BRIDE: This charming wedding gown might have been worn by a Civil War bride, with its hoop skirt, fitted bodice and ruffled organdie in frosted organdie. Diamond clip is worn in the hair.

By DOROTHY ROE Associated Press Fashion Editor Here comes the all-American bride. She's more beautiful than any other bride in history, in the eyes of G.I. Joe, who has looked over the international girl crop in the last three years and finds he still prefers the American brand. She's younger than the prewar bride, more serious, because marriage in wartime is a serious business. Usually she has her feet on the ground and her head in the clouds, her backbone firm and her chin up. She is taking a chance on fate.

Her honeymoon may be only a weekend, her home still years away, but she's going to make the most of every minute. Her wedding must be as perfect as she can make it, her gown a picture that her bridegroom can carry with him across oceans of distance and months of time.

She still prefers the traditional, romantic wedding gown, if there's time for a church wedding with all the trimmings. If not, she'll still manage to look every inch a bride in the prettiest pastel suit and flowers that she can find—maybe a hat of fresh flowers instead of a bridal bouquet.

She's the June bride of 1945. She's what they're fighting for.

## Closing Program Set For Vacation Bible School

First Presbyterian vacation Bible school will hold its closing program at 6:30 p. m. Friday in the social hall.

The beginners, primary, junior, intermediate and senior departments will take part on the program and a display of the work accomplished will be shown.

Refreshments will be served and all parents and friends are invited to attend.

## Mrs. J. C. Jones Is Hostess To Club

Mrs. James C. Jones was hostess to the Merry Wives Bridge Club Wednesday night in her home. Three guests present were Mrs. Steve Nobles, Mrs. T. J. Williamson and Mrs. Herbert Johnson.

Mrs. William Dehlinger, Jr. won high score and Mrs. Johnson won second high.

Mrs. Durewood McCright will be hostess next Wednesday night.

Others present were Mrs. Howard Stevens and Mrs. Ocie Henson.

Saga Of Submarines—

Sub Mixes With Jap Surface Fleet, Gets Away With It

The army, the air forces and the navy all have their heroes and their names are known to the world. But for three years the navy's submariners have fought alone and for the most part their exploits were secrets buried in the navy's voluminous files. One of the most remarkable actions ever performed by an undersize craft—a night surface engagement in which she scored 15 hits with 19 torpedoes—was performed by the submarine called "Parche." The story is one of a "now it can be told" series on the navy's submarines.

By MURLIN SPENCER
PEARL HARBOR, June 5 (AP)—Every submariner knows that you can't put a lone submarine up against an escorted convoy in an attack on the surface and get away with it. It is certain suicide. But Commander Lawson F. Ramage did it, sank four Japanese ships, and got away without a scratch.

That's why Commander Ramage, of New London, Conn., holds the Congressional Medal of Honor and one of his war patrol ranks as one of the greatest feats ever performed by an American submarine. The submarine was the Parche, and she had the Japanese crazy. She fired 19 torpedoes in 46 minutes and she scored 15 hits in what the navy is pleased to call a "brilliant night surface attack."

The Japanese were dumfounded when they found the Parche inside their protecting warships. They were so astonished they fired at each other. They sought to ram the Parche and they came within 50 feet as Ramage maneuvered her out of the way. The warship and the Parche were so close the crews of the two ships shouted insults at each other—in English and Japanese.

The Parche has had a remarkable career. At one time she encountered a destroyer and a freighter. A torpedo rocked the freighter and her bow lifted 100 feet in the air. The destroyer also was sunk.

In another action the Parche put a torpedo into a smaller merchant ship.

But the greatest day of her career came south of Formosa. The Parche found a Japanese convoy

and her crew went to battle station. It was night, but visibility was good. Ramage maneuvered the boat inside of the escorting warships and went to work.

Ramage tells the story: "We fired at a ship and heard an explosion but there was no confirmation that she sank except we couldn't locate her after the show was over."

"We fired four torpedoes at a larger ship. The first fish disintegrated the bow while the other three piled into his bridge, quarter and stern. The ship sank immediately."

"We attacked a second ship of the same type. Two hits slowed him down. By this time the es-

Three Dallas Teams And One From Austin In Meet Semi-Finals

DALLAS, June 7 (AP)—Three Dallas teams and the Austin Maroons reached the semi-finals of the Texas high school baseball tournament with victories in the quarter finals yesterday.

Today, Forest (Dallas) meets Austin at 7 p. m., and Sunset (Dallas) meets Adamson (Dallas) in the nightcap.

In afternoon games yesterday, Austin edged Wilmer-Hutchins in a 4-3 battle. Adamson ousted the Hondo Owls 5-2.

In the first night tilt, Forest resorted to a bunting attack that produced eight runs in the tenth inning to defeat the Waco Tigers 9-1.

In the nightcap, Sunset whitewashed Sulphur Springs 10-0 as Rickey Rowe hurled a one-hit, ten-strikeout game.

MEATLESS JAILBIRDS

MOUNT CARMEL, Ill. June 7 (AP)—It looks like meatless days for inmates of the city jail—unless they furnish their own red ration points. The custodian suggested that persons facing or "expecting" jail sentences "bring along some red ration coupons."

For a hearty sandwich filling mix cottage cheese with mayonnaise and finely chopped peanuts.

Deep dish fish pies are good seasoned with a little chili powder and garlic salt.

OH! I FORGOT
IF YOU FORGOT A BIRTHDAY DUE... WE'VE JUST THE RUST CRAFT CARD FOR YOU!
IVA'S Credit Jewelers

corts were cutting loose with machine-gun fire and flares. "Along came another ship just asking for trouble. Two fish hit amidships. The ship broke in two and sank within a couple of minutes. "Then we went back after the cripple. He was firing everything he had but we were so close he couldn't depress his guns sufficiently to bring them to bear on us. We hit her with more torpedoes and they were enough to make her give up and go down, leaving only a small oil fire.

"There was a transport dead ahead. Stopped him with two torpedoes. "The transport was stopped and down by the bow, but showed no further sign of going down so decided to go back and deliver the 'coup-de-grace.' The transport suddenly disappeared from sight." Then the Parche got out of there. Back at sub base, however, they still talk about the Parche's great war patrol when, single handed and on the surface, she knocked out four Japanese ships.

GRIN AND BEAR IT

By Licht

"Why don't you just admit that your latest popular ballad was a flop, Gershwin—instead of continually referring to it as a classic?"

Willie Proves Who He Is—Definitely

CAMP BUTNER, N. C., June 7

(AP)—Capt. Herbert Frank, post

finance officer, was paying off patients in the convalescent hospital here. He required each man to produce his dog tags or some other positive identification. Up stepped Pvt. Willie Jackson.

He said, "I haven't any dog tags, but I know something sure is good." He opened his mouth, removed his upper plate and placed it in front of the startled officer. "Willie Jackson, 3451073." Willie got his dough! To prevent loss of juice when broiling meat, salt the broiled side of the meat just before turning.

"CAREFUL NOW, BUTCH!"

Don't trip and fall... for that's mighty precious cargo you're carrying there. That's the ring that's going to insure Sis' happiness and long married life—your Sis, who is marrying Lieutenant Jim, a Marine and the idol of your young life. We're so elated that Jim came to Wards for that ring. It's one of the lovely diamond-set wedding rings shown in our big Catalog... prices ranging from \$3.25 to \$925. Engagement rings too, from \$49.95 to \$5,950. Surprised? You shouldn't be, because our big Catalog offers over 100,000 different items. MONTGOMERY WARD

Texas Today— No Doubt About It, Jesse Was Killed, Says Dalton

By JACK RUTLEDGE Associated Press Staff
Was Jesse James killed by Bob Ford at St. Joseph, Mo., in 1882—or was it someone else? One hears heated pros and cons on the subject.

But 97-year-old John Franklin Dalton, last surviving member of Quantrell's Rangers, says positively James was killed. Dalton formerly lived in Longview, recently told this story while visiting cousin J. W. Dalton at Brownwood:

"When Jesse was killed I was a Texas Ranger. I had gone to Fort Riley to get three men wanted in Texas. While I was waiting for a requisition, Jesse was killed and I went down to St. Joe to identify the body.

"When I go down there Jesse had been laid out and the inquest had been held. Jim Timberlake, sheriff of Clay county, was there. He said 'here comes a man who can identify Jesse'.

"I said, 'yes, but keep the sheet over the body until I tell you some of the marks that Jesse has'. I knew that Jesse had a bullet wound scar where he had been shot through the stomach once in a battle when I too was wounded; that he had a birthmark, a brown spot about as large as a dollar, right below the point of the right shoulder blade. And when Jesse was a little fellow, he and Frank were playing together. They were chipping up some rocks to build a chimney. Frank was doing the chipping and his hand slipped and he chopped off the third finger of Jesse's left hand at the middle joint.

"After I finished telling them about those marks, they turned the sheet back and I looked at the body. It had all of those marks. "I told them, 'that's Jesse. I'd known his hide in a tanyard.'"

Dalton today is tall, with flowing white hair down over his shoulders. He has a closely trimmed white goatee, and wears a big black sombrero.

The Brownwood Bulletin says he looks every inch the man of action he has been all his life. He served in the Civil war, fought Indians, was in the Spanish-American

# AAA Officials Review Soil Accomplishments And Needs

Bearing heavily on practices which might be accomplished in the future and reviewing work of the past three years, the Big Spring AAA office Thursday issued a report on estimates of needs for conservation practices and needs for assistance in carry-

ing out these plans in 1946 and the immediate post-war period in Howard county.

Under permanent practices, the extent of terracing was estimated at 4,378.4 acres in 1942; 3,972 in 1943; 5,760 in 1944. The county committee estimated the total needs at 123,200 acres and total needs met at 30,000 acres leaving 93,200 acres needing terracing.

On the other side of the ledger, the extent which would be carried out in the immediate post-war future was estimated at 12,000 acres per year for terracing.

Linear footage on diversion ditches for 1942 and 1943 was estimated at 1,458 and 1,500 respectively. Remaining needs stand at 149,500 feet with 55,000 per year estimated as needed.

The extent of dams and ponds in the past three years has been calculated at 10,145 cubic yards in 1942; 7,142 in 1943 and 181,069 in 1944. Total needs are estimated at 1,732,185 and estimated needs met total around 307,000 cubic yards. Remaining needs stand at 1,425,185 and the county committee estimates that average annual extent which would be carried out in the post war period would average around 131,625 cubic yards.

Under another practice, wells have been estimated at 683 linear feet in 1942; 870 in 1943 and 1,601 in 1944. Total estimated needs by the county committee stand at 162,000 feet with needs met estimated at 78,975 linear feet.

Remaining needs stand at 83,025 feet to be met at the annual rate of 4,050 linear feet.

The need of eradication of destructive plants on range and pasture land has been estimated at 250,000 acres with total needs met at 10,000. Remaining needs are 240,000 acres. Average annual eradication is estimated at 5,000 acres.

Contour listing cropland, excluding fallow and preparing land for seed, was estimated at 98,442 in 1944. Total estimated needs stand at 123,600 acres with estimated needs met in acreage at 98,442. Remaining needs stand at 25,157 acres and average which would be carried out in the post war period and in 1946 at 110,000 acres.

## Maj. W. T. Bolt Back In States

A young army officer who has had at least three narrow brushes with death is back in the states after his liberation from a German prison camp.

He is Maj. W. T. Bolt, Jr., who telephoned his mother, Mrs. Tom Bolt, Wednesday that he was in New York and hoped to be coming home soon.

Maj. Bolt holds the second highest award given by the Netherlands government for risking his life in the flood-swollen Missouri river to rescue stranded Dutch air cadets. Later he was critically injured in a car mishap in Kentucky. After he had two B-24s virtually disabled in combat in Italy, his ship finally was shot down and he was made prisoner.

## First Of Building Project For Howard Payne Is Launched

BROWNWOOD, June 7 (AP)—Work on the first project of the \$500,000 improvement plan at Howard Payne College will begin within 12 days, Dr. Thomas H. Taylor, college president, announced yesterday.

The building will be a \$75,000 three-unit ministerial apartment. The complete program includes a 75-room men's dormitory, an addition to the girls' dormitory, a library and general repairs on the campus.

## Tanks Silence Jap Positions In Burma

CALCUTTA, June 7 (AP)—British tanks and artillery have silenced strong enemy positions north of Kalaw in south Burma, 95 miles southeast of Mandalay, after being checked temporarily in their advance along the Kalaw road by heavy Japanese rear guard fire, a Southeast Asia communique announced today.

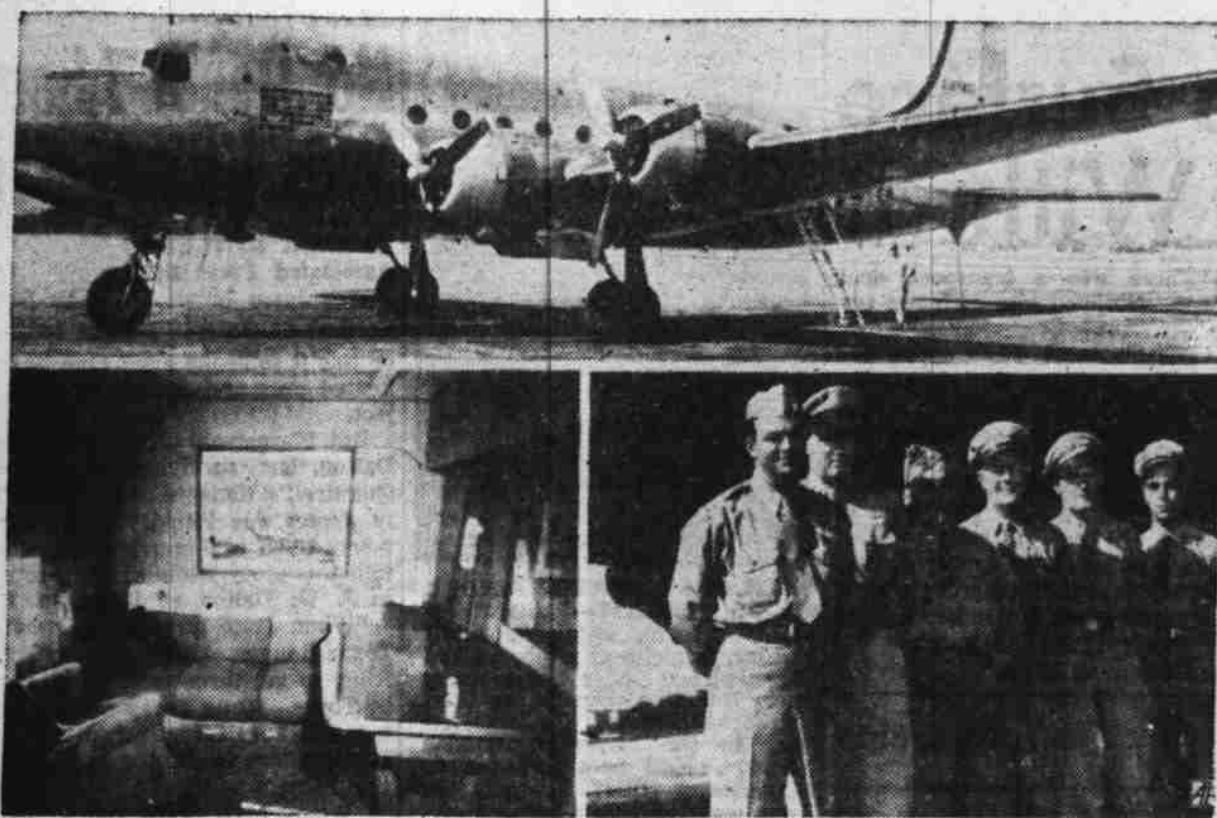

Indian troops advancing along the Toungoo-Mawchi road toward Thailand have reached milestone 18, where they encountered opposition, the communique said.

## Underwriters To Close

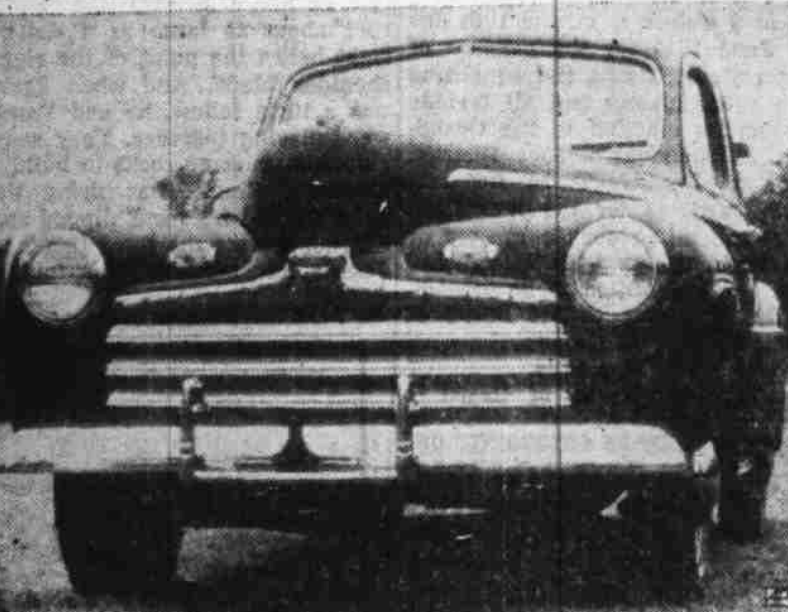

Saturday afternoon closings have been agreed upon by the vast majority of fire and casualty underwriters in Big Spring. Mark Wentz said today after a survey. Accordingly, cooperating agencies will close at 1 p. m. on each Saturday during summer months.

## WHY NOT CHURCHES?

WILKINSBURG, Pa., June 7 (AP)—An official of the American Council of Christian Churches, in a letter to President Truman, protested today that the Office of Defense Transportation lifted its ban on horse racing but still imposes restrictions on Bible conferences.

**THE PRESIDENTIAL PLANE**—The presidential plane (top) which flew President Roosevelt to Yalta and more recently brought Mrs. Martha Truman to Washington for Mother's Day is a Douglas C-54 Skymaster of special design. The plane carries 15 persons, sleeps six and has flown as much as 5,000 miles a day. The private stateroom (lower left) measures 7½ by 12 feet, will seat seven, has roll-up maps on the wall and has four instruments—air speed, altimeter, compass and clock. Crew members (lower right) are (left to right) Lt. Col. Henry T. Myers, pilot, Tifton, Ga.; Capt. E. F. Smith, co-pilot, Fairwater, Calif.; Maj. T. J. Boswell, Brooklyn, N. Y.; M-Sgt. F. J. Willard, Philadelphia, Pa.; M-Sgt. C. A. Horton, Gravette, Ark. and T-Sgt. R. W. Robitaille, Greenville, Me. (AP Wirephoto).

**FORD'S 1946 MODEL**—Shown here is a hand-made model of the first passenger automobile to be made by the Ford Motor Co. since February, 1942. The company hopes to put it into production within 60 or 90 days under the WPB authorization for the industry to resume car output. A major styling change is the massive fronted grille. Also included are a number of mechanical changes. (AP Wirephoto).

## French General Bears News Of Syrian Front

LONDON, June 7 (AP)—Gen. Oliva Roget, French commander in southern Syria, was in Paris today bearing a message for Gen. De Gaulle from Gen. Paul-Etienne Beynet, French delegate in Syria, where recent disorders have given way to a uneasy calm.

The Paris radio denied published reports Roget had been recalled because of his handling of the Syrian situation, and said he "keeps the complete confidence" of French authorities and their gratitude for his actions.

Associated Press Correspondent Frank O'Brien, after a 600-mile trip through trouble spots in Syria, reported meanwhile in a Beyrouth dispatch that he found them quieted after last week's fighting between the French and Syrians.

He said the Syrians, however, would not open new talks until the French quit the country completely and declared that the government of Lebanon was insisting on virtually the same terms.

## Shell Force Threatens Strike Over FEPC Rule

HOUSTON, June 7 (AP)—Shell refinery workers in Deer Park have voted to strike if the federal Fair Employment Practices Committee insists on the upgrading of Latin-American and negro employees.

The vote, finished last night, was 802 to 204.

John W. Sanderson, member of the conciliation committee at the plant, said the vote was held in compliance with the 30-day "cooling off" period before a strike.

## PAPER SUSPENDED

MONTEVIDEO, Uruguay, June 7 (AP)—Buenos Aires newspapers report that the Argentine government yesterday ordered the indefinite closing of the daily newspaper Tribuna in Rosario, organ of the progressive democratic party, just before the lifting of the closures of other newspapers.

## DAUGHTER BORN

Mr. and Mrs. Charles Harrison are the parents of a daughter born Saturday morning at a local hospital. The baby weighed nine pounds at birth and has been named Charline. The mother is the former Grace Atkinson.

## TURN ABOUT

PITTSBURGH, June 7 (AP)—A lone man stood in a block-line of women to get a pair of 51-gauge hose for his wife. "She stands in cigarette lines for me," he explained.

Mrs. Amelia Farrar and her daughter, Betty, are in Dallas visiting friends. They will return June 18.

Ninety-two per cent of all persons killed by falls are 25 years of age or older.

## Lone Star In Okinawa Almost A Reunion

AUSTIN, June 7 (AP)—The Lone Star flag of Texas is now flying over Okinawa. Lieut. Gov. John Lee Smith today received a letter from his son, Lt. John Lee Smith, Jr., on Okinawa, thanking his parents for sending him a Texas flag and advising them that at appropriate services held on May 20, the flag had been hoisted alongside the Stars and Stripes.

Mrs. Ophelia Sullivan, 1009 Seury, came near having a family reunion during the past weekend. Sgt. Tommy W. Sullivan, E-23 crewchief stationed at Salina, Kas., visited his mother at the same time his brother, Pvt. Charles Sullivan of Camp Wolters was home. Phineas B. Daniels, a son-in-law of Mrs. Sullivan, and wife were also on hand as was Mrs. J. S. Ballard, a daughter, and her husband.

## This Year's June Bride Foils Shortages With Reception

WEDDING CAKE SANDWICH LOAF . . . No sugar, few points . . .

By CHARLOTTE ADAMS  
Associated Press Food Editor

This year's June bride is faced with a greater problem in deciding what to offer her guests by way of refreshment than we've known in this country since the days of the pioneers. That doesn't mean she can't have a delightful party and her guests needn't starve either.

One thing can certainly be done to enhance the beauty of a table which isn't exactly groaning with meals and sweets. First, cover it with a beautiful Irish linen damask cloth. That looks rich and beautiful. Then use the family's best silver and china. And if you don't own a beautiful punch bowl, borrow or rent one. Last of all, make the loveliest arrangement of flowers you can possibly dream up. If you are not clever with such things, you surely have at least one friend who is and who will love to help you by thus exercising her talent.

Perhaps enough sugar to make a bride's cake is outside your possibilities. It would be for many people this year. In that case, make a "cake" of sandwich loaf. Then serve some little "boughten" cakes or cookies from the best

"home-made" bakery you know. With all this, serve a lovely sparkling punch and you'll have a party worthy of the most honored guests.

### Wedding Cake Sandwich Loaf

- 1 loaf unsliced white bread
- 1 loaf unsliced whole wheat bread
- 1 bunch watercress, finely chopped
- 1-4 cup real mayonnaise
- 2 cups salmon, flaked
- 1-2 cup real mayonnaise
- 8 packages cream cheese
- Cream

Remove crusts from loaves of bread, and slice loaves lengthwise. Put the slices together again with sandwich fillings, alternating fillings and dark and white bread.

Fillings: Mix the chopped watercress with 1-4 cup mayonnaise, seasoning lightly with salt and freshly ground pepper.

Mix the salmon with 1-2 cup mayonnaise, adding a dash of basil for extra flavor, if you like, and also a good grind of fresh pepper.

Make the first tier of your "cake" the width of two loaves. Cut loaf-length slices in half for top tier, and again put alternating slices together. Wrap each tier in waxed paper and chill. Place small tier on top of large and "ice" with cream cheese, which has been softened with cream.

Sparkling Blossom Punch  
1 quart raspberry soda  
2 1/2 quarts lemon soda  
1 lime  
Small fresh flowers  
Two 8-ounce bottles  
maraschino cherries

2-3 cup lime juice  
Chill carbonated beverages thoroughly.

Cut lime into 5 or 6 slices. Pull the stem of a small flower through the center of each so that the blossom rests on the slice; trim stem short.

Chop maraschino cherries fine; add together with the syrup which has been drained from the cher-

## Bickett State Bar President

AUSTIN, June 7 (AP) — New state bar president is John H. Bickett Jr. of Dallas; vice president, Randolph L. Carter of San Antonio.

Wm. J. Park, Secretary, in announcing election returns polled here June 5, said Bickett won over his opponent, Geo. W. Parker, Jr., of Fort Worth by a majority of 572 votes out of the 3,853 cast. Carter won over Carl Rountree of Lamesa by a majority of 120 votes.

New directors of the state bar for two-year terms are: Hiram G. Brown of Mt. Pleasant for the 1st Congressional district, C. K. Bulard of Dallas for the 5th district, H. Grady Chandler of Austin, 10th district; J. W. Chandler of Jacksonville, 7th district; Gilbert M. Denman of San Antonio, 20th district; John R. Grace of Hearne, 6th district; Adrian F. Levy of Galveston, 9th district; C. E. Mays Jr. of Sweetwater, 17th district; A. D. Moore of Beaumont, 2nd district, and Z. J. Spruiell Jr. of Tyler, 3rd district.

Bickett was born at Cameron, July 29, 1892. He began his practice of law in San Antonio in 1914, served in World War I, and returned to San Antonio where he remained until 1934, when he was appointed and later elected chief justice of the 4th court of civil appeals.

In 1935 he became general counsel of the S. W. Bell Telephone company with headquarters in Dallas, a position he still holds.

He was at one time president of the San Antonio bar association, and served for 10 years as a member of the Texas board of law examiners. He was chairman of the board of regents of the university of Texas (Resigning in 1944) and director of the American Jurisprudence Society in 1939.

## House Ready For Allowance Fight

WASHINGTON, June 7 (AP) — House members checked their kid gloves in the cloakrooms today, ready for a showdown fight over their \$2,500-a-year tax-free expense allowance.

One of the hottest subjects that has hit Capitol Hill in many months, the expense item already has frayed tempers to the point where at least one blow has been struck and where house members privately are saying harsh things about "the other body"—meaning the senate.

The senate didn't vote its own members the same fund but declined to interfere with the house action. This move was construed by many representatives as leaving the house "out on a limb" with the public.

Technically, the expense item no longer is in controversy in the 1946 legislative supply bill of which it was a part. But the supply bill itself still awaits house action on minor senate amendments.

There is apt to be a bitter word battle today over a move by Representative Tarver (D-Ga) to force a belated record vote on the expense allowance, either directly or indirectly.

Flies to the lime juice in the punch bowl. Add the carbonated beverages and float the lime slices on the surface. This serves 15 to 20 guests.

## No Change Indicated In Veto Arrangement

By ROBERT M. JACKSON  
Herald Special Writer

Regardless of any last-minute changes in the draft of the charter being drafted at San Francisco for a world peace organization, it is unlikely that any fundamental alteration will be made in the right of any of the Big Five nations to veto the use of force whenever the question arises in the proposed Security Council.

Of course, the smaller nations represented at the conference do not like the veto plan. The middle sized powers — including most of the countries in the British commonwealth and The Netherlands — dislike it. And even some members of the United States delegation find the use of the veto repugnant.

The veto plan was agreed to at Yalta, President Roosevelt agreed with Stalin and Churchill to the veto to be effective only on the final vote in the last act of the council leading to a declaration of war or the use of force.

Hence, it appeared to the observers at San Francisco that any fundamental change in this voting agreement would have to be referred to a meeting of President Truman, Churchill and Stalin. Of course, that is not likely to be done. But the situation involving the French in Syria accentuates the weaknesses of the veto plan — in other words, if the Security Council were now in operation France could block its effective action in Syria — and the final agreement on the veto plan is not likely to be reached without considerable controversy.

The five major powers were adamant on the Yalta agreement because it appears that their representatives at the conference are convinced that if force has to be invoked to check aggression, one or all of them will have to provide the men, the armament and other resources.

Viewing the situation more realistically, if the time comes when one of the five nations is in a position where it exercises the veto, war would be inevitable anyway and the nation voting "no" would become the known aggressor in the eyes of the world.

American-educated Dr. T. V. Soong, head of the Chinese delegation and newly designated premier of his country, surprised Conference visitors not only with his mastery of English but with his sense of humor.

Amid all the hubbub over trusteeships and the discussions of the old League of Nations mandates, the scholarly Dr. Soong held a press conference at which he was asked the difference between a "mandate" and a "trusteeship."

Without changing his bland expression, the Chinese statesman replied quickly: "About 26 years."

On another occasion, he was asked what he thought of reported Japanese peace feelers. "Although I'm a Chinese," he replied, "I'm from Missouri. I'll have to be shown."

A popular expression among Conference newsmen: "The smaller the nation, the longer the speech."

the southern metropolis. Not once did we see "San Francisco" in the Los Angeles headlines and the gossip among newspapermen was that the headline writers in Los Angeles were specifically forbidden to so designate the conference.

## Sale of E Bonds Up Over Nation

WASHINGTON, June 7 (AP) — Sales of "E" bonds in the 7th war loan totaled \$2,070,000,000 today or 52 per cent of the \$4,000,000,000 quota.

Total individual purchases amount to \$4,398,000,000 or 62 per cent of the \$7,000,000,000 quota. The drive ends June 30.

## Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. FARTETHA, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, soapy, pasty taste or feeling. Get FARTETHA today at any drug store.

### West Texas Quartet Draw Contempt Fines

DALLAS, June 7 (AP)—Federal District Judge W. H. Atwell fined four West Texas grocery men \$400 to \$500 here yesterday on contempt charges alleging violation of previous court orders enjoining them from violation of certain OPA rulings.

Three of the grocery men, Sam Novit, C. L. Hogsett, and L. J. Sullivan, all from Vernon, pleaded guilty to non-willful violation of the injunctions in that they continued to sell certain grocery items in excess of OPA ceiling prices. They cited human and inexperienced help as the reason for the overcharges.

R. L. Gregg of Burkburnett was fined \$400 for alleged violation of an order enjoining him from the issuance of further checks on his ration account until the account's deficit was restored.

Serve foods immediately after cooking in order to gain their highest food values.

### Dateline: Pacific Blood Flies To Men In Pacific

NAVAL AIR STATION, Honolulu (AP)—A big four-engine plane sped down the runway. A sailor watching it head west, said "a lot of guys will be glad to see her. She's got a cargo of blood aboard."

It was another in a series of whole blood deliveries which this year have totaled 15,000 gallons—all carried by the naval air transport service.

Universal, or "O" type blood is gathered at banks in San Francisco, Portland and as far east as Chicago, iced, and flown in 36 hours from the west coast to blood banks in the Marianas. Some goes to the Philippines, but most of it is now going to Okinawa.

oceans areas, are the men you used to see in banks before the war, or at airports, or in the corner drugstore. Some of them served in other branches of the service. There's John L. Harris, for example, of Kansas City, Mo. Harris is a former submarine man who has been a NATS radioman for a year and a half. His partner is Robert Clark of Westfield, N.

J. Clark used to be a Wall street accountant before he went into service in 1940. Never store away a garment that is spotted with grease or food stains. Never don clothes until 5 or 10 minutes after applying anti-perspirants or skin lotions.

## War Board News

A weekly column contributed by members of the Howard county USDA War Board.

### SPARE SUGAR, BUT SAVE THE FRUIT

By RHEBA MERLE BOYLES  
County Home Dem. Agent

The recent cut in the sugar ration has brought questions to the home demonstration agent's office. Here are some of the most frequent questions—and the answers:

Q. How much fruit can I put up with the reduced canning sugar allowance?

A. The maximum allowance of 15 pounds of canning sugar per person should sweeten about 60 quarts of fruit—350 generous servings.

Q. How much sugar should I allow to a jar of fruit?

A. The recommended wartime proportion is 1 pound sugar to 4 quarts finished fruit. This makes a medium-thin sirup averaging about 1-2 cup sugar per quart fruit. Sour fruits may take more than this average; juicy, sweet fruits may need less.

Q. Can I put up fruit without any sugar?

A. Yes, sugar helps canned fruit hold color and flavor, but is not essential to prevent spoiling. Rather than let good fruit go to waste, put up some without sugar. Process unsweetened fruit in the same way as sweetened.

Q. What about stretching canning sugar with corn sirup, honey, or molasses?

A. Corn sirup may replace up to 1-3 the sugar; honey up to 1-2. Do not use molasses—its flavor overpowers the fruit; it gives a dark, unattractive color, and may cause spoilage. Instead use molasses, and cane, maple and sorghum sirups to spare some sugar from the every-day ration; then use this sugar for canning.

Q. Sometimes I can get brown sugar when I can't find the white. Could I use this in canning fruit?

A. No, for the same reasons as those that make molasses inadvisable. For some pickles and relishes, though, the flavor of brown sugar is desirable.

Q. What about jams, jellies and pickles? Has the ruling of a 5-pound maximum for these been changed?

A. No. Using the entire ration for canning, however, saves the most fruit. If the family craves a few sweet spreads, remember fruit butters take proportionally the least sugar. Some pickles and relishes require none.

### Give Your Rugs New Leases On Life

Putting new life into rugs is a process which can now be done successfully at home, and though this particular task is not often necessary, there come times when rugs wrinkle easily, become limp and without body, and are hard to keep straight on the floor. The re-sizing process requires the right glue, which may be purchased in a hardware or department store.

Plan to do the re-sizing in a room where you can leave the rug to dry thoroughly at least for 24 hours. Lay the clean rug—nap side down—on the smooth floor. Tack it at intervals so it will stay straight.

Make a half-gallon of the re-sizing mixture by adding two quarts of boiling water to a quarter pound of flake glue. Dissolve the glue well, and apply to the back of the rug, either by sprinkling it over the back surface, or brushing it on with a brush. A whitewash brush, a paint brush or a whisk broom will serve this purpose. Use the glue sparingly, for if it penetrates through the back of the rug it will stiffen the pile. With this home process, the rug will take on new life and look like new.

### Wrong Way, Brother

FORT LEWIS, Wash., June 7 (AP)—Sgt. H. Rumler, film projectionist for the engineer training section here, slowed down his car to pick up three G.I. hitchhikers, one of whom was in a mellow condition.

But one of them waved him on after noting the film title "On To Tokyo" on the windshield. "Not going your way, Sarge, we're trying to get to Pishburg."

# Draft Troubles Plague Yanks; Rivals Stronger

By JACK HAND  
Associated Press Sports Writer

Draft board calls threaten to cripple the New York Yankees today as Cleveland and the St. Louis Browns regain key men and the Boston Red Sox begin to act like pennant contenders.

Centerfielder Johnny Lindell and Second Baseman George Stinnett of the leading Yankees are due to take pre-induction physicals today along with Pitcher Bill Bill Zuber in New York City.

Loss of either Lindell or Stinnett would throw the American league race into a wide open scramble and could make the Yankees a third or fourth place club.

News that Third Baseman Mark Christman was to rejoin the champion Browns on a full time basis and the signing by Cleveland of Outfielder Jeff Heath served to boost the chances of both clubs.

Boston is the real surprise of the month moving into a virtual three-way tie for third place only three and one-half games behind New York on the strength of Pitcher Dave Ferriss.

When the army air forces discharge joined the Red Sox, the club had just won its first game after losing its first eight starts. Manager Joe Cronin had broken his leg at the Yankee stadium a few days earlier and the Hub fortunes were at a low ebb with the Sox floundering in the basement.

After a doubleheader triumph over Philadelphia yesterday in

which Ferriss hung up his eighth successive triumph, Boston was finally above the .500 mark with a 21-20 record only two and one percentage points behind the Browns and White Sox, respectively.

Ferriss was not at his best against the A's, yielding 14 hits but he left 14 runners stranded in coping number eight by a 5-2 margin. The nightcap was capped by Boston, 3-2, Red Barrett turning in a fine job of relief pitching.

Dutch Leonard stopped the Yanks cold with four singles and drove home two scores with a perfect three-for-three night at bat to win 4-0 in a night game at Washington.

Detroit picked up a full game on New York to trail by one and one-half as Stubby Overmire won his

fourth straight in trimming Cleveland, 8-1.

Orval Groves shut the door on the St. Louis Browns, 4-0, although the Chicago Sox got only six hits off Sig Jakucki and Weldon West.

Pittsburgh slipped back a half game in its chase of the New York Giants and now is tied with St. Louis, three and one-half lengths behind the leaders after bowing to Cincinnati's Bucky Walters, 3-0.

Boston elbowed the futility Phillies twice, 15-1, behind Mort Cooper, and 7-3 to give Johnny Hutchings his first decision of the year. It was unbeaten Cooper's fourth in a row and his second since he was traded by the Cards.

New York and Brooklyn were not scheduled and the Chicago-St. Louis night game was postponed.

## Rose Has High Hopes For His Filly Despite Fast Time By Hoop, Jr.

By CHARLES DUNKLEY  
LOUISVILLE, Ky., June 7 (AP)—Hope springs eternal in the breast of a proud owner of a thoroughbred filly.

Arthur Rose of Mt. Clemens, Mich., is no exception.

Rose, secretary of the Michigan racing commission, is the proud owner of Misweet, least talked about nominee of the 17 possible starters in the 71st Kentucky Derby Saturday. She's going to run come rain, mud or a fast track.

Even the blinding workout of Hoop Jr., one of the favorites, yesterday failed to frighten Rose or his trainer, Lee O'Donnell. Hoop Jr., one of a trio of eastern threats, carrying the derby weight of 126 pounds, thundered around the Churchill Downs track to hit the mile post in 1:38 3-5 and sped on for another eighth to finish in 1:51 3-5, fastest time since Johnstown turned in a pre-derby mile in 1939.

Seventy times the Kentucky Derby has been decided and only once has a filly's nose come down in front—Regret 30 years ago. Forty-five other fillies vainly have attempted to triumph through the long years. It has been nine years since a filly even started.

Misweet, purchased for only \$1,850, and winner of nearly \$9,000 in her first year of racing, has started nineteen times and never has been worse than fourth. She triumphed twice, finished third three times and holds the distinction of having soundly defeated Darby Dieppe, winner of the Blue Grass stake, last Saturday, as a juvenile last year.

The scizzing workout of Hoop Jr., and the east in which he accomplished it convinced Trainer Ivan Parke his three-year-old is ready.

Dead-Eye Mike Picks 'Em Off

CHICAGO, June 7 (AP)—Mike Tresh, who came out of the coal-mining district around Hazleton, Pa., 13 years ago to play baseball and has batted—and booted—in the minors and majors since, finally has found himself.

The 170-pound, blue-eyed 31-year-old Chicago White Sox catcher admits that himself.

"I'm hitting better and my catching is better, but best of all, I'm handling pitchers better than ever before," Tresh said today as he warmed up for a doubleheader with the champion St. Louis Browns.

He didn't mention that he's compiled the best record for the season in throwing out would-be stealers of second, nor that his batting average of .261 is among the league's leaders for catchers.

To date, Mike has had but three men steal second base. Teaming with second-baseman Leroy Schalk, he hasn't missed one. When rookie shortstop Cass Michaels covered second on attempted steals, three made it. But, as Tresh says:

"That probably wasn't his fault. If the ball had been there, he'd have gotten them."

In all, Tresh has thrown out 43 foes trying to pilfer second, and his work around home plate has been equally as brilliant.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.  
NEW YORK, June 7 (AP)—Wonder why the Kentucky Derby tub-thumpers don't try to steam up an "international angle" based on the breeding of the horses? . . . Of course, you don't have to go back very far to find a foreign branch on any racer's family tree, but it seems noteworthy that nearly one third of the original 155 nominees were by imported sires and four of the leading candidates belong to that group. . . . Hoop Jr. is a son of that English-born old-timer, Sir Gallahad III. Alexis and Jeep were sired by two comparatively recent and expensive importations, Heliopolis and Mahmoud and Darby Dieppe is by Foray II out of an imported dam, La Croma.

The Happy Sid

In a mild protest against some mild criticism from this corner, Baseball Commissioner Happy Chandler points out that he had no specific protest from Birmingham, Ala., over the signing of high school kids by professional clubs. . . . He encloses a letter from Athletic Director Homer L. Thomas of the Birmingham schools which, though emphatic, was couched in very general terms. . . . Naturally, the commissioner couldn't investigate that. . . . Our idea is that Thomas should have given the basis of his complaint, and since he didn't, Chandler should have asked for details. . . . Even in the deep bushes where Happy used to play ball two boners don't make a smart play.

Shorts and Shells

Buck Cheeves, whom the football coaches consider the south's No. 1 referee, probably is the only official to turn down a Rose Bowl bid. He was asked to work the Tennessee-Southern Cal. game last January but preferred to stay at home with his son, who was on furlough. . . .

Loose Lips Do Whistle

Marine Lt. Jack Hildebrandt, former Marquette U. end, reports a harrowing experience in the Southwest Pacific. . . . Hildebrandt was "tracking" a friendly plane with an unloaded anti-aircraft gun. . . . As he got it in his sights, Jack let go a boyish "B-r-r-r" and just then the plane disintegrated and the pilot bailed out. . . . Seems it was an old crate that just happened to fall apart at that moment.

Service Dept.

Dick Jones, the second radio "Henry Aldrich" to don Uncle Sam's uniform, goes into the army today. Dick won letters in football, hockey, track and swimming at Hackley School, Tarrytown, N. Y., in the past year.

Fate Decided at Home

WASHINGTON, June 7 (AP)—A war bond statement from Brig. Gen. Gerald C. Thomas, USMC, director, division of plans and policies:

"The progress we are making toward destruction of our enemies represents the efforts of millions of fighting men. The war bond drive's fate will be decided similarly by millions of our home front fighters."

Biggest Boss

LOUISVILLE, Ky., June 7 (AP)—The biggest horse in Saturday's Kentucky Derby will be Bert G. from Tom Graham's Kenilworth Farm of Canada. He stands close to 17 hands but never has raced more than five and one-half furlongs.

Nominations at St. Anita

ARCADIA, Calif., June 7 (AP)—Forty-four nominations including Busher, princess of the turf's three-year-olds, were announced today for the \$50,000 Santa Anita Derby to be run Saturday, June 23.

## DICKIE DARE

## Hollywood—The Surrey With The Ennui On Top

By BOB THOMAS

HOLLYWOOD — Alfred Drake the guy who played the lead in "Oklahoma!" during its first 16 months on Broadway, doesn't care if he never sings "Surrey with the Fringe on Top" again.

I asked him to sing it for me but he said he couldn't. He said he had forgotten the words. He figured he had sung the thing more than 500 times on the stage, 500 times on the radio, at benefits, etc.

And yet he claimed he couldn't remember the lyrics. He said he learns lines and songs fast and forgets them just as easily. Or maybe he just couldn't stand to go through it again.

As a matter of fact, Drake is getting tired of the reputation as a song and dance man which he acquired in "Oklahoma!" and last season's "Sing Out, Sweet Land," in which he did 14 numbers.

"It's much more satisfying to do a straight acting job," he said. "And besides, I know my limitations as a singer."

Actually, I did straight roles on Broadway for three years before "Oklahoma!" including Orlando in a production of "As You Like It" which ran for fully six performances. But now producers think of me solely as a song and dance man.

On the stage, Drake would eventually like to do Hamlet. In the movies, he would like to do anything.

"Last year I came out here to do a picture for Columbia and what happened? Rita Hayworth had a baby so I sat around for 10 weeks doing nothing but collect a salary."

"This year I came out to do 'Tars and Spars' and what happened? A strike. I am still doing nothing but drawing a salary. It

## Today On Home Front—WORLD WAR I BONUS FUNDS DUE ON JUNE 15, AND WITH INTEREST

By JAMES MARLOW  
WASHINGTON, June 7 (AP)—Veterans of World War I can save themselves a chunk of money by doing the smart thing before June 15.

On that date the last war's veterans collect the last of their bonus money.

This money totals \$275,000,000 in what is called "adjusted service bonds."

These bonds—Although some veterans don't seem to have realized it—have borne 3 per cent interest since 1936. They will not bear interest after June 15.

That \$275,000,000 is all that's left of \$3,738,564,439 handed over by the government as a bonus to World War I veterans and their dependents.

Veterans of the last war, when discharged from service, were given \$50 and carfare home then they began to fight for a bonus.

In 1924 congress gave it to them.

To living veterans entitled to more than \$50, the bonus money was not paid in cash. It was handed out in what the government called "adjusted compensation certificates."

The certificates couldn't be cashed because they were really insurance policies - 20 - year endowment policies.

In 1936 congress said veterans could exchange their certificates for treasury bonds, called adjusted service bonds.

These bonds carried 3 per cent interest. These were 9-year bonds. The new system went into effect June 15, 1936. Therefore the bonds mature June 15, 1945.

Now—some veterans in 1936 never did exchange those old certificates—the old endowment policies—for the 3 per cent treasury bonds.

Therefore, they've been losing that 3 per cent interest since 1936.

If you—a veteran—still have the old certificates, you can change them into bonds by June 15 and get full credit for the 3 per cent interest for the past 9 years.

Haste Still Makes Waste

Haste makes waste. If there was ever any doubt on the point, the Texas legislature, heading down the homestretch toward adjournment, misworded constitutional amendment so that they have to be held on three separate occasions.

The War Today

by Dewitt Mackenzie  
AP Foreign News Analyst

Because the legislature missed fire in intending to set Nov. 5, 1946 as the date of a vote on an amendment for bonds for purchase of land to sell to war veterans, a special election likely will be necessary, the resolution, as passed, set the election on the first Thursday instead of the first Tuesday.

One of the questions most often asked me by readers of this column, as the Allies close in on Japan, is whether Russia is going to join us in crushing the brigands of the Pacific.

It's only an error of two days—but Secretary of State Claude L. Babbitt estimates it is a \$200,000 error, for that's about what it will cost to hold a statewide ballot.

That's not an easy answer in view of the fact that there has been no official pronouncement for guidance, either from Moscow or the other Allied capitals. Marshal Stalin as usual has been exemplifying his nickname of "The Sphinx" by playing his cards close to his chest.

It is understandable—yet paradoxically inconceivable—that scores of men could pass this error without question: It all gets down to the point that they worked out an agreement on principle but without due consideration to detail.

On both counts, as I see it, the probabilities are that the Muscovites will come into the war. When? Well, the bulk of their fighting strength in all categories is in European Russia.

Let us hope there is some manner for correction. That \$200,000 could be better used some other way since the amendment could and should be voted upon in conjunction.

Looking at the thing purely from the standpoint of self-interest, it's to the advantage of the Soviet Union (or so it strikes me) not only to see Nippon knocked out but to have a hand in the job.

Obviously, the amendment could and should be voted upon in conjunction with the regular election. This was the intent of the legislature.

Use Water Wisely

The city's suggestion that residents not waste water since production facilities are at capacity and one pump failure has put production on a thin margin brings to mind some good advice from former years.

Japan's whole grandiose war-scheme of establishing a new order in East Asia under her domination is a direct challenge to every Russian interest in the Orient—territorial, political and economic.

Here is the No. 1 suggestion for use of water for irrigation: Avoid promiscuous, light sprinkling. This is pure waste, and even worse for it merely dampen the soil harms lawns and plants.

Of the recent trends, the one which seems to me to be most conclusive is Japan's own attitude of fear that Russia is about to declare war. We see this exhibited in the way Nippon is reported rushing troops from southern China northward toward the Soviet border.

Another piece of advice is to use judgment in the time of watering. Running a sprinkler in mid-day in hot weather is largely throwing water away.

Another significant trend was Moscow's denunciation of the Soviet-Japanese neutrality pact on April 5 of this year. Previously, in November of 1944, Marshal Stalin had publicly described Japan as "an aggressive nation."

He would be a hard man to convince who didn't conclude that present trends point to war between Russia and Japan.

Today And Tomorrow—

Analysis Of Veto Problem

By WALTER LIPPMANN

We can best understand the problem of the veto, so it seems to me, by realizing that we are trying to define theoretically and in advance how the security council is to conduct its business when it is in formal session. This is very difficult, and almost certainly an impossible, thing to do. No constitution can do this sort of thing. Certainly our own does not. It does not set down precisely in black and white just how in all possible theoretical cases the President, the Senate, the House, the Federal courts, the state governments, are to collaborate in a workable system.

human association, there is an unwritten assumption that those who subscribe to it will exercise their rights so as to promote its objects. If their intention is to paralyze and destroy the association, the words of the constitution will not prevent them. Our Constitution contained no guaranty against secession, and even after the Civil War no attempt was made to amend the Constitution to prohibit secession. Those who write constitutions deceive themselves if they imagine the theoretical answers to hypothetical questions.

Linda Doesn't Mind Little Weight

By BOB THOMAS

HOLLYWOOD — "Hmmm — putting on a little weight, aren't you, Linda?" "Are you contented as the new Linda Darnell?" "You bet. I'm very happily married and I'm playing interesting roles instead of nondescript characters. And instead of some of the dull costumes of the past, I can wear something slightly daring and low-cut, like this one."

There seems to be an impression that if a nation may veto discussion in the security council, it follows that it can do anything it likes, and that no one may object. The veto applies to relations among states within the security council and not to relations among states as such.

"You mean that since playing the — uh — witch roles, you have become a changed woman?" "Yes. When I was playing those sweet, girlish roles, I was mousy and quiet. I did anything the studio told me to do, even if I thought it was wrong."

Far from taking the view that France may exclude the Levantine question from international consideration, the Soviet government is asking for immediate international action. If this is a practical illustration of the problem, it shows that in the Soviet view France could exclude the Levantine question from the agenda of the security council but not from consideration by the interested powers.

How To Torture Your Husband

With The AEF: Gen. De Lattre Should Be Able To Act For French

By GEORGE TUCKER

PARIS, (AP)—If poise and persuasion are what is needed at the four-power conference, General Jean De Lattre De Tassigny should do well for the French at Berlin. He is the most consummate actor in the French army. A high arched nose and a drooping left eyelid give him distinction, and he wears a sabre scar on his left cheek like a battle decoration.

reeling in confusion in 1940. De Lattre took six tanks, camouflaged them as tombs in the ancient cemetery at Rethel, stopped three panzer attacks cold and held his ground for 24 hours. Later he worked actively in resistance groups, was arrested by Vichy, but dramatically escaped to North Africa where with De Gaulle's blessing he helped to forge the new French army.

Washington—Cordell Hull Still Potent Figure

By JACK STINNETT

WASHINGTON—It isn't known generally even in Capitol circles, but none of the "elder statesmen" of the Roosevelt administration is more in behind-the-scenes activities today than former Secretary of State Cordell Hull.

ing his strength for "the major problems which are to come." This is freely interpreted by those few in the know to mean that the secretary emeritus intends to throw the full weight of his close relationship with many senators into seeing that the world organization is ratified.

Mrs. Hull, who goes daily to the hospital and has been a constant attendant ever since her husband became ill, has admitted to friends that "he really could go home tomorrow."

Big business representatives, once worried over Henry Wallace, are smiling broadly about his new committee to study patents. They have managed to put one of the ablest defenders of the old patent

Nevertheless, Hull has never for long relinquished his grip on the pulse of State Department affairs. To intimates, he says only that he is making himself available whenever his advice is needed, but it is something more than that.

Georges Clemenceau, famous French statesman, taught French in a girl's school in Stamford, Conn., from 1866 to 1869.

Hull admits to friends that he isn't particularly concerned over the minor details of international organization now but is conservative negotiation. It is obviously undesirable to write formally into the public law of the world that certain great powers have special rights and privileges. It would be no less undesirable to write into it the pretense that the great powers do not carry more weight and influence than the smaller ones.

There is here a dilemma which becomes more acutely embarrassing the more precisely we attempt to spell out a theoretical solution. The best thing to do with it is to bypass it as quickly and decently as possible, and get on with the practical business of living and working together in an international community.

Washington Merry-Go-Round—

Truman Can Speak Pointedly, Too

By DREW PEARSON

WASHINGTON—President Truman had a significant talk recently with labor's diplomatic diplomat, R. J. Thomas, president of the CIO Auto Workers Union, during which the latter opened up on Truman's appointment of Judge Lewis Schwellenbach as secretary of labor.

system in the position of writing the vitally important patent report for Wallace.

He is Houston Kenyon, attorney for Standard Oil of New Jersey, which withheld synthetic rubber patents from the American public before the war, and which is now engaged in a lawsuit with the U. S. government to recover 2,000 alleged Nazi patents seized from Standard by the alien property custodian.

Thomas then made an impassioned appeal to the president for swift action on the reconversion front. He pointed out that tens of thousands of auto and aircraft workers are being fired daily.

The special committee was set up by Secretary Wallace at the suggestion of President Truman, who strongly criticized monopolistic patents and the "misuse" of patents, and cited the need for revising the whole patent system. Following this, Wallace appointed two old-line patent defenders, Charles F. Kettering of General Motors and Dr. Vannevar Bush, to sit on the patent committee.

According to high sources, De Lattre's presence on the Big Four council is explained by his appointment, as yet not officially announced, as supreme head of the French army.

This was interesting enough. But, on top of it all, Houston Kenyon, defender of the Standard Oil-G. Farben cartel patents, is actually writing the first draft of the report for the Wallace committee and doing the main spadework for its members.

General Jacques Leclerc, the "Patton" of the French army, who drove across the desert from Lake Chad in Africa in the final rout of Rommel, replaces De Lattre as commander of the First French Army. Gen. Pierre Koenig, now military governor of Paris, will administer French affairs in occupied Germany.

It was originally expected that Attorney General Biddle, the other cabinet member delegated to act with Wallace, would serve as a break on the big business patent boys. But present hope is that the patent report will be held up until after July 1, when Mr. Biddle will be out of the cabinet.

General Jacques Leclerc, the "Patton" of the French army, who drove across the desert from Lake Chad in Africa in the final rout of Rommel, replaces De Lattre as commander of the First French Army.

Previous ambassadors have used a Ford or a Packard. Directors of the Associated Press were invited to dine with the "Chicago Tribune's" Colonel Bertie McCormick in honor of AP chief Kent Cooper. When they arrived at the dinner they were startled to find that the isolationist publisher had also invited a prize array of fellow isolationist guests, including Charles A. Lindbergh, ex-Cons. Charles Hamilton, Fish, Eddie Rickenbacker and Frank Gannett.

General Jacques Leclerc, the "Patton" of the French army, who drove across the desert from Lake Chad in Africa in the final rout of Rommel, replaces De Lattre as commander of the First French Army.

Continued Censorship With the European war over, everyone expected press censorship to ease up. In some respects, however, especially in the Pacific, it is getting tougher.

General Jacques Leclerc, the "Patton" of the French army, who drove across the desert from Lake Chad in Africa in the final rout of Rommel, replaces De Lattre as commander of the First French Army.

Not only are newspapers barred from even speculating regarding certain international phases of the Pacific war, but the navy for some weird reason hushed up the bombing of the airplane carrier Franklin from April 26, when she got to New York, to May 17, when the disaster finally was announced.

General Jacques Leclerc, the "Patton" of the French army, who drove across the desert from Lake Chad in Africa in the final rout of Rommel, replaces De Lattre as commander of the First French Army.

Again, if Senator Langer of North Dakota had had his way,

General Jacques Leclerc, the "Patton" of the French army, who drove across the desert from Lake Chad in Africa in the final rout of Rommel, replaces De Lattre as commander of the First French Army.

Again, if Senator Langer of North Dakota had had his way,

Again, if Senator Langer of North Dakota had had his way,

General Jacques Leclerc, the "Patton" of the French army, who drove across the desert from Lake Chad in Africa in the final rout of Rommel, replaces De Lattre as commander of the First French Army.

Again, if Senator Langer of North Dakota had had his way,

the lives of five children and one woman who climbed a tree to examine a Jap balloon in Oregon would have been saved. Last January, Langer urged the secretary of war to let the public know these balloons were coming over and quietly warn people to keep away from them. But the army refused until finally rumor became so rife that it reluctantly yielded.

Overdrawing by the army will also be ruled out. First and second quarter allotments for the army were 106,500 tons, but the army actually took 120,000 tons the first quarter and 134,000 tons in the second. Officials say this is a typical army practice—falling to stockpile when food is plentiful, and demanding more than its allocation when food is scarce.

The new plan being worked on by WFA may mean a little more sugar in the home, and will also mean the saving of numerous small businesses which depend upon sugar. Although OPA has talked of cutting industrial sugar users to 45 or 50 per cent of their normal consumption, it has secretly been afraid it would have to cut them to only 35 per cent.

**President Petitioned To Return Worker Service To Texas**

WASHINGTON, June 7 (AP)—In a petition to President Truman, the Texas legislature has asked the return of jurisdiction of employment services to the states as soon as possible.

The petition was submitted to the senate yesterday by Senator O'Daniel (D-Tex.). It specifically asked that the Texas state employment service be returned to the Texas unemployment compensation commission.

Claude Williams, head of the Texas unemployment compensation commission, is currently in Washington conferring with governmental officials and urging the same action.

O'Daniel also submitted to the

**Solar Time Upheld In Supreme Court Case**

HOUSTON, June 7 (AP)—Your gran'pa, who used to take a squint at the sun and allow it was quitting time was right as a fox.

The supreme court has upheld that solar time is the time to be followed in Texas. And yesterday the corporation court of Houston upheld both gran'pa and the supreme court.

Because gran'pa and the supreme court were right, five negroes charged with violating the

**state curfew law were freed yesterday by Judge Abe Levy.**

The negroes were arrested in a tavern at 1:25 a. m. Central War Time May 20. Curfew time is 12:15 a. m. Central War Time.

But in court yesterday, Capt. A. H. Colbury, testifying as an expert witness, said the negroes had been arrested at 12:08 a. m. solar time and therefore had seven more minutes legally coming to them.

CARD OF THANKS. Mr. and Mrs. W. T. Bolt, Sr. wish to express their appreciation for the sympathy and prayers of many friends during the long anxious months of W. T.'s imprisonment. (Adv.)

The color red is supposed to denote courage, generosity, and vigor.

### Scout Awarded Eagle Badge

Boy Scout Troop No. 15 was winner of the Shick award for advancement at the Court of Honor Tuesday night, and Troop No. 6 was awarded the Court of Honor banner.

Marcellous Weaver, Troop No. 5, and Raymond Whitley, Troop No. 15, were made second class Scouts. Pete Chambers, Troop No. 15, and Charles R. Wright, Troop No. 117, reached the first class rank.

### Solons Make A \$200,000 Error

AUSTIN, June 7 (AP)—A mistake of the legislature in submitting a constitutional amendment may cost the taxpayers \$200,000.

That's Secretary of State Claud Isbell's estimate of the cost of a special election for voting on an amendment.

One more special election than intended by the legislature may be necessary to submit the constitutional amendment giving the legislature authority to issue bonds for purchase of land for sale to war veterans.
