FORT WORTH MAN KILLS HIS WIFE WITH KNIFE Rum Runners Killed In Battle With Patrolmen

Wood Head of Game Commission

Former State Sen. A. E. Wood has been appointed by the governor as a member of the state game, fish and oyster commission. Appointment was confirmed by the senate. Wood was given a long term. This commission was created by act of the regular session of the 41st legislature and becomes effective on Sept. 1. Chairman Wood is a former citizen of Williamson county. He was prominent for years as a member of the upper house. He was defeated for re-nomination in the primary last year.

A prominent member of the Travis county bar, he is largely responsible for the act which reorganized the department, providing for a commission of six members, the chairman and other members to be appointed by the governor from different sections of the state. It is said that Will J. Tucker, state commissioner by appointment of Gov. Moody, will be made secretary-manager or directing executive of the commission when the law begins to function in the coming month of September.

Wild game is to be given protection in Texas and the fisheries of Texas inland lakes as well as the Gulf fisheries are to be developed as well as protected in coming years. This is as it should be.

Protecting the Lands of the People

In the closing hours of the third special session of the 41st legislature and representatives enacted a law withdrawing from the market all unsurveyed public school lands and river beds and channels. In other words, the bill withdraws from sale the surface and mineral rights to the unsurveyed public lands and beds and channels of Texas rivers. A step in the right direction. The fathers of Texas knew what they were doing when they set aside large tracts of the public domain for the education of all the children of all the people. It is for the men and children who are now on earth and to protect the heritage handed on by the fathers of the Lone Star empire commonwealth.

Greedy Snake Has The Stomach Ache

CANTON, O., July 23.—The world's worst stomach ache today caused grave fear for the life of "Big Samson," 32 feet of Python snake valued at \$100 a foot.

The stomach ache caused veterinarians to hand their heads in defeat. They feared to risk an operation. Consequently Samson was boarded up and shipped to the Cincinnati Zoo where more expert services may be obtained. Samson's stomach ache is the result of his greed. Fed only once in every few weeks he naturally was hungry when his keepers elected to feed him a pigeon last Friday. The bird was tossed into the cage and the huge snake girded for its eagerly.

In the cage was a large red Indian blanket, to protect Samson from the cold nights he had been experiencing. The pigeon hid behind the blanket but Samson swallowed both.

Ever since there has been a huge bulge where the blanket rests in a wad.

Fewer Babies Born In 1928 Than In 1927

WASHINGTON, July 23.—Fewer babies were born in America during 1928 than in 1927, the commerce department reported today.

Statistics compiled by the department revealed that with the exception of three states from which figures were not available, the average number of babies born for every 1,000 persons last year was 19.7, compared with 20.7 in 1927.

Luling will start work soon on \$25,000 school building.

Others Arrested And Quantity of Liquor Captured

Battle Lasted Forty Minutes—Several Men Engaged On Each Side.

EL PASO, July 23.—United States border patrolmen, conducting an extensive drive against rum runners, last night and early today routed two smuggling gangs, killed two rum runners, wounded three and arrested six men. The smugglers took their dead and wounded back to Mexico.

Two passenger cars, three automobile trucks and 200 gallons of liquor were captured.

The officers believe evidence obtained from the arrested men will lead to later arrests of ring leaders in El Paso and break the backbone of one of the best organized rum rings in the history of this section of the border.

The first clash occurred last night on the border about a mile from the El Paso city limits. When another occurred this morning and netted prisoners, the officers learned that the smugglers suffered two dead and three wounded in the first encounter. The smugglers rushed their dead and wounded back to Mexico while the fighting continued.

No officers were injured. The clash last night lasted forty minutes and in it a total of nineteen smugglers were engaged first against three officers and then against a dozen who were brought up to reinforce the border patrol.

Having a tip that liquor was to be moved across the border late yesterday, a lookout was stationed at a point overlooking the international boundary line. He observed the operations for the "big push."

Nearly in hiding lay three border patrolmen. Three automobile trucks moved forward to the American side to receive the goods but the smugglers did not bring their liquor across them. Instead, they were making three false starts to deceive any observers who might be watching. As the smugglers observed, they began carrying the liquor across the river.

When the whiskey was almost all loaded, the lookout signaled and the three officers closed in on the trucks. Fourteen were in the smuggling gang at first. All but eight were captured but the remainder of the band went back to Juarez and brought eleven more riflemen and then for the next clash. Patrolman reinforcements were brought up and the smugglers finally took to flight, carrying their dead and wounded with them.

Knights of Pythias Will Picnic Aug. 2

West Texas Knights of Pythias are planning a big picnic for August 2 at Mingo and have arranged a splendid program for the occasion. The program includes addresses by a number of state officials of the order as well as a number of prominent members of the order.

POSSE SEEKS YOUNG GIRL'S ASSAULTERS

Three Youths Sought for Brutal Attack on School Teacher.

MONTICELLO, Ky., July 23.—A posse of county officers and a mob of citizens spread out through the Cumberland foothills, near the Tennessee state line today, seeking three youths who invaded the Slick Rock school yesterday, took Ruby Taylor, 19-year old teacher, into a glade, stripped her clothing from her and assaulted her.

The youths—Sam Abbott 20, his brother Otto 16, and a cousin Blueford Abbott 24, are believed to have fled into Tennessee.

According to advices telephoned to Monticello, the youths went to the school yesterday, after a drinking bout, terrified Miss Taylor's class of summer pupils and finally forced them to flee.

Miss Taylor remonstrated and was forced to accompany the boys into the woods, where she was stripped. She was reported in a serious condition today.

The officers hoped to find the youths before the mob reached them. Threats of lynching were heard.

Slick Rock is an isolated village in the rolling foothills, 15 miles south of here.

Houston Negro Gets Life In Assault Trial

HOUSTON, July 23.—Robert Carmack, 21, negro, was given a sentence of life imprisonment by a jury in criminal district Judge King's court last night for attacking a 38-year old white woman here on June 8. Defense attorneys said the verdict would not be appealed; the state had sought the death penalty.

The state used only three witnesses and the defense none. Not more than an hour was consumed in hearing the witnesses.

Summer Term of School Closes

The eight week term of Eastland summer school is drawing to a close. Wednesday and Thursday examinations for the 75 or more students will be held and Friday the school closes.

Members of the faculty announce that most of the pupils have done splendid work and that they are well pleased with the results of the school.

Gorman Youth Sent To State's School

Sitting as a juvenile court Judge Etzo Been of the 88th district court, Monday afternoon heard the case of the state of Texas vs. Hubert Earles, 14-year old youth whose home is near Gorman. After hearing the testimony against Earles the court rendered a decision committing the boy to the state juvenile training school at Gatesville until he is 21 years of age.

Earles was placed in the custody of his grandfather, W. H. Bradford, to be delivered to the authorities at Gatesville.

EASTLAND SHOULD HAVE A NEW POST OFFICE BUILDING

Dr. H. B. Tanner Secretary of Local Chamber of Commerce Names Ways to Help Get It.

The Eastland Chamber of Commerce for some time has been active in presenting to the authorities at Washington, D. C. the claims of the city of Eastland for a new Federal post office building, says Dr. H. B. Tanner, local chamber of commerce secretary.

At present the committee at Washington has decided on the erection of public buildings in some 600 cities in the United States, according to Dr. Tanner. Thirty of these cities are in the state of Texas. This allotment exhausted the first \$200,000,000 appropriated by congress, the local chamber of commerce secretary states.

This committee also recommended and named several hundred other cities in the United States where public buildings ought to be erected (27 were in the state of Texas) in this latter tabulation Eastland is named. This recommendation is dependent upon a further appropriation of \$100,000,000 that will very likely be appropriated at the next regular session of congress in December, Mr. Tanner states. The chamber of commerce here placed in the hands of this committee at Washington a bound volume of some 25 pages of typewritten statistics with 60 8x10-inch photographs of buildings and industries in Eastland.

It will materially aid Eastland in her efforts to get a new Federal post office building if postal receipts increase every year, Dr. Tanner believes. A. H. Johnson, postmaster, reports that the postal receipts for the first six months for this year were less than the first six months of last year and unless the city can in some way increase the revenue during the next six months, the total receipts for 1929 will be less than 1928. This is given with the idea of calling this fact to the attention of the citizens hoping they may use every effort to increase the postal receipts during the balance of this year. This can be done by increasing the purchase of stamps, stamped envelopes and the renting of post office boxes. Some additional revenue might be obtained, if instead of sending local checks out of town for small amounts for less than one dollar that stamps be purchased here and enclosed in the letter.

An effort is also being made to have all public service corporations who maintain their local office in other cities and mail bills from there to purchase postal cards and stamps here at Eastland.

Another small matter that in the aggregate might increase the revenue is that of renting a post office box. In place of receiving mail from the general delivery window, for it is against the postal regulations for two separate business organizations to have their mail placed in one post office box.

At this time of year many are planning a vacation trip during which time postal cards and letters would be mailed from distant points to friends at home, the stamps for which might be bought in advance at our local post office. Perhaps it is not generally known that a five cent airplane stamp will carry a letter weighing one ounce to any post office in the United States. Much valuable time can be saved by the use of airplane mail. A letter mailed in Eastland before two o'clock in the evening will be in Chicago the next morning in five forty or a din New York that same evening at six forty.

Every citizen is interested in the progress of the city consequently each can help swell our postal receipts if their attention is called to this important matter.

Munition Explosion Kills One Hundred

BERLIN, July 23.—A secret store of munitions exploded today at Soulevo, Bulgaria, a dispatch from Sofia said.

One hundred bodies had been recovered and it was estimated many more persons were dead or injured, the dispatch said.

DIES OF HEAT PROSTRATION

DALLAS, July 23.—Although temperatures in Dallas and vicinity have hovered around the 100 mark for several weeks, the first fatality from heat prostration of the year was recorded today. An unidentified man, found unconscious on the street, died late last night in Parkland hospital. He was suffering from a fever of 107 degrees when he reached the hospital.

Governor Blue Pencils State Appropriations

Cuts \$129,861 From Authorized Expenditures—Crockett Memorial Eliminated.

AUSTIN, July 23.—Governor Moody's blue pencil is at work on appropriations made by the legislature. Without reaching the major appropriation bills, he has cut \$129,861 from the authorized expenditures. One veto took \$100,000 that had been appropriated for a memorial to Davy Crockett. In vetoing this Governor Moody said that the condition of state finances does not justify the expenditure now. He pointed out that an appropriation to buy ground about the Alamo had previously been vetoed for the same reason. Another item of \$8,000 to preserve Sam Houston's old home at Huntsville also was vetoed.

From an emergency appropriation bill he struck out the following items: Ramsey prison farm, \$10,000; John Tarleton Agricultural college, \$8,000; San Marcos Teachers college, \$1861 and State Department of Education \$2,000.

An increase in pay for Liberty county commissioners was vetoed.

Heroism Of An Eleven Year Old Girl Saves Two

BEAUMONT, July 23.—Heroism of an 11-year old girl late Monday saved the lives of her two small sisters in a fire that seriously burned Mrs. Joe Dutton, 38, mother of the girls, and Raymond Dutton, their 2-year old brother.

The blaze occurred at the Dutton home at Amelia, five miles west of here, when Mrs. Dutton poured kerosene on live coals in the kitchen stove. She dropped the oil, which exploded, setting fire to the kitchen and trapping Helen Dutton, 11, and three other children in a corner.

Before her father, who was in the yard, could reach the kitchen, Helen had ripped off a window screen and had lifted her two small sisters, 8 and 6 years, to safety outside. As Dutton rushed in with a tub of water to extinguish the flames, Helen put little Raymond through the window and then climbed out of the burning kitchen herself.

Local Baseball Teams Will Play This Afternoon

The Arab Black Bears and the Eastland Dynamites, local baseball teams, will "scrap it out" at Connellee field this afternoon at 6:00 p. m., according to a local fan and one of the sponsors of the game.

The Arab team is composed of seasoned players, who have just closed a rather successful season. Among the Dynamites are many veteran players many of whom have enviable records on the diamond. They have accepted a challenge from the Black Bears and will go on the field determined to win.

The public is invited to witness the battle but is warned not to get too close to the "firing line" as every effort is being made to prevent any fatalities.

In the line-up of the Dynamites may be found B. M. Collier, Milton Lawrence, Neil Day, "Slim" Pope, Lonnie King, "Dusty" Rhodes, Raleigh Fairbairn, J. B. Nunn and Tom Amis.

FLIGHT RECORDS

SHREVEPORT, La., July 23.—Forced to land late yesterday because of fouled spark plugs, Van Leary and Curry Sanders, pilots of the endurance plane "KWKH," again for another try at the were making plans to take off world's refueling flight record.

The two fliers had been in the air over 128 hours, or more than half way to the goal of 246 hours set by the "Angeleno" in Culver City, Calif., recently.

THEN KILLS SELF

Killing Took Place On Front Porch of Their Home In Fort Worth.

FORT WORTH, July 23.—Mrs. William Malloy, 21, was instantly killed when her throat was cut shortly before noon Tuesday by her husband, who then cut his own throat. He died within a few minutes.

The killing took place on the front porch of their home here.

SIX JURORS CHOSEN FOR LEAHY TRIAL

Four of the Number Were Secured Monday—Defendant Displays Little Interest In Case.

GEORGETOWN, Tex., July 23.—Only four jurors were selected in district court here today as the hearing of Harry J. Leahy, condemned slayer of J. A. Ramsey, of Mathis.

Eight of the jurors had been chosen when court recessed at noon, 4 having been selected in yesterday's opening session.

Leahy today displayed the same lack of interest in the proceedings which has characterized his attitude throughout the opening sessions of the hearing.

Early interest in the case had waned today, and the courtroom crowd was small. The monotony nature of the examination of prospective jurors for this, however, and large crowds are expected when examination of witnesses begins, probably tomorrow.

Mrs. J. A. Ramsey, widow of the Mathis physician for whose death Leahy was twice convicted, sat at the press table today, evidently in good spirits, and took detailed notes of the proceedings.

Leahy seemed to pay no attention today to the fact that the present hearing is his last possible chance to escape death in the electric chair. He has had his case through every appeal.

The present case is in the same courtroom in which he was given the death sentence in 1927.

Bodies of Shooting Victims to Dallas

SAN ANGELO, July 23.—The bodies of Mr. and Mrs. J. J. Hourahan, killed in a cafe shooting here yesterday, were to be returned to Dallas today.

Hourahan, according to police, was shot down by his wife, who immediately turned the gun on herself. The woman died in a hospital here shortly after the shooting. Hourahan was instantly killed.

Miss Mary Williamson of Moran is spending her ten days' vacation with her parents, Mr. and Mrs. D. K. Williamson of this city.

 County of Eastland
 By virtue of a certain execution issued out of the Honorable County Court of the County of Eastland, Texas, on the 20th day of June, 1929, by W. H. McDonald, Sheriff of said county, upon a judgment in favor of Higginbotham Company, a corporation, against the sum of \$664.43, dollars and 43 cents, in cause No. 12,251 in court, styled Higginbotham Company versus P. H. Ingersoll, and placed in my hands for service, I, Virge Foster, Sheriff of Eastland county, Texas, do hereby give notice of the sale of the right, title and interest of the defendant P. H. Ingersoll, in and to the South 1-2 of Block 4, H. & C. Company survey, Eastland county, Texas, containing 320 more or less, as shown and levied upon as the property of P. H. Ingersoll, on the 6th day of August, 1929, at the court house door of Eastland county, in the city of Eastland, Texas, between the hours of 10 a. m. and 4 p. m., I will sell said land at public vendue for cash to the highest bidder, the property of said P. H. Ingersoll, by virtue of said levy and pluries execution.

THIS HAS HAPPENED
 MOLLY BURNHAM, reporter, has come off the celebrated BARROWS trial. Barrow, wealthy and socially prominent, was tried for the murder of BERNICE BRADFORD, a rather famous woman, beautiful and undeniably immoral. To everybody's surprise she was acquitted. Molly covered the trial in brilliant fashion, and as reward of merit has been given a bonus and a week off.

NOW GO ON WITH THE STORY
 CHAPTER XI
 Once a reporter, they say, always a reporter. And to a good newspaper woman everything is easy. Life, and Death, and Love and Hate. Obviously, then, this Ingersoll boy was copy. Rattling good copy, too.

"Red, you're infuriating. You haven't told me a thing. You're simply talking your head off. I don't know what it's all about."
 "No? Listen, then." Solemnly Red began. "Perry Ingersoll fell in love with Bernice Bradford."

"But THIS was to be high class blackmail. Nothing small-time about Bernice. Barrows was too well known to have his private life concealed from anybody. It would not do Bernice any good to say she didn't know he had a wife."

BATTLE IN PROGRESS FOR MAJOR LEAGUE LEADERSHIP
 By GEORGE KIRKSEY

SHERIFF'S SALE
 The State of Texas, County of Eastland. By virtue of a certain execution issued out of the Honorable County Court of the County of Eastland, Texas, on the 20th day of June, 1929, by order of said court, upon a judgment in favor of Hodson, et al., vs. A. G. Rintelman for the sum of five hundred and thirty-three and 70-100 (\$533.70) dollars and costs of suit, in cause No. 81229 in said court, styled A. G. Rintelman et al. versus A. G. Rintelman and placed in my hands for service, I, Virge Foster, Sheriff of Eastland county, Texas, do hereby give notice of the sale of certain land property situated in Eastland county described as follows: to-wit:

One-sixth (1-6) undivided interest, being all the interest of said A. G. Rintelman, in or to thirty acres (30) parcel of land out of section 27, block 4, Houston, Texas, central Railway company survey, Eastland County, Texas. Bounded as follows, beginning at a stake 738 0-4 varas north of the south east corner of said survey, thence west 431 1-2 varas, a stake on the west line of a fifty acre tract described by Chas. Pettit and wife to R. C. Phillips, dated Aug. 19th, 1911 recorded in book 71 page 464 deed records of Eastland county, Texas, thence north with said west line 332 5-10 varas to a stake for corner. Thence east 431 1-2 varas iron pin on East line of said survey, near fence, thence south with said east line 392 5-10 varas to place of beginning.

And levied upon as the property of said A. G. Rintelman and on Tuesday, the 6th day of August, 1929, at the court house door of Eastland county, in the city of Eastland, Texas, between the hours of 10 a. m. and 4 p. m. I will sell said property at public vendue for cash to the highest bidder, as the property of said A. G. Rintelman by virtue of said levy and said order of sale.

"Soft-hearted nothing!" he rejoined indignantly. "I'm practical. That's all. And just now, I've got an idea, Molly. A great big idea."
 Molly sighed. "Go on, she urged. "I'm dying of curiosity. Tell me about the Ingersoll kid, and never mind your beautiful hair."

"Molly darling," he informed her. "I love you and all that, but you're a dreamer. You can't see a dream plot for a play or a novel, in this Ingersoll kid? Why throw the thing away on a newspaper yarn? Why not collar and orate on something worth while? What's a bonus from the old man make a fortune? I tell you, Molly, we can knock Broadway dead with the stuff the kid spilled tonight!"

"But TELL me!" she besought.

"Well he thought he did," amended Red, "and that's pretty much the same thing, as near as you can make out. She was just the girl for the job, and she was very, very wise, this young Ingersoll found her captivated. She was different from all the nice little girls he'd known. The good girls, who smoke a lot and drink a little, and pretend to be very, very nice, and pretend to have to pretend. She was just herself. Beautiful, and loving, and sinning. So Ingersoll fell in love with her, did he?"

 "That being that, our heroine reckoned a husband would be a good bet. And this night I'm telling you about how she laid her cards on the table."
 "We'll get married," she told young Ingersoll, and then you'll threaten to sue Barrows for alienation of my affections."

"That's just it!" announced Red triumphantly. "The answer is—she didn't!"
 "But who?" began Molly.

Plays Pipe Organ Unceasingly For 80 Hours' Record
 BY UNITED PRESS
 POTEAU, Ok., July 22.—The old theater pipe organ here was silenced today and Forrest Braun, 26-year old holder of the world's pipe organ endurance record, was eating chicken after a fast of 80 hours while "beating the bellows."
 Braun's performance first jeered by his townsmen, but later applauded, came abruptly to an end Saturday night after 80 hours of continuous playing. He was led from the organ exhausted. He surpassed the former record organ player, James H. Burt, of Burt, Jamestown, N. Y., by 20 hours. His nourishment consisted of cold drinks and cigarettes during the ordeal.

A KISS WILL OFTEN TELL YOU
 In the modern history of baseball, only four men have ever batted .400 or better. They are Hornsby in the National League, and Ty Cobb, Harry Heilmann and George Sisler in the American League.
 Hornsby has batted over .400 on three occasions—1922, 1924 and 1925. Cobb batted over .400 in 1911 and 1912; Sisler topped the mark in 1920 and 1922 and Heilmann hung up .403 in 1923.

TABLES TURNED AFTER 15 YEARS
 "Sargon turned the tables for me after I had tried for 15 years to get well of stomach trouble. Now I am gaining every day. I went from 119 to 130 pounds a gain of 11 pounds in three weeks on just three bottles. That's pretty good for a man 62 years old."
 "I suffered day and night for almost 15 years and spent many hard earned dollars for medicines, but none of them reached my case until I got Sargon. I felt weak and sick just drag myself around but now going all day. I eat anything I want and have no trace of stomach trouble, headaches or dizzy spells any more."
 "The Sargon Soft Mass Pills straightened out my liver and I no longer suffer from biliousness and constipation. It sure is great to be feeling like my old self again and I will always praise the Sargon medicine equal to it."

MRS. FRANK LOVETT
HOSTESS TO W. M. S. CIRCLES

The four circles of the Women's Missionary Society of the Baptist church combined their separate sessions and met in a body at the home of Mrs. Frank Lovett, hostess for the meeting. The decision to combine for this day was arrived at following church services Sunday evening. Many members are vacationing, and several are ill, so the attendance for circle sessions did not look promising. Mrs. Clyde Garrett, president of the W. M. S., called meeting to order and led in 91st Psalm as devotional. The period closed with prayer by the chairman of circle 3, Mrs. P. L. Parker.

In the absence of Rev. Turner and Mrs. Turner, who teach the Bible lesson for the four circles, no study was substituted. A ways and means committee, Mrs. Parker, G. W. Dakan, and B. M. White, through the chairman, submitted plans for the securing of the crockery and other equipment for the new Baptist church kitchen service. Several new ideas were gleaned through this conference. The circle pledges paid in \$5.75. The society will meet in joint business session at the church next Monday. The usual circle sessions will be held a month hence.

The society voted to send a letter to Mrs. C. H. Colvin, who is recuperating from an operation for appendicitis, in the Stephenville hospital. Mrs. Colvin is chairman for circle 1, which sent flowers to her a few days ago. Mrs. Lovett, always a gracious hostess, served a dainty refreshment of cantaloupe-a-la-made, with cherry topping, and iced minted tea. The circles were represented by Mrs. R. L. Hand, J. B. Overton, P. L. Parker, C. Garrett, J. F. McWilliams, Nora Andrews, B. F. Lancaster, W. A. Owen, A. J. Campbell and Frank Lovett.

CLASS IN EVANGELISM.
CHURCH OF CHRIST
The continuation of the lesson, "Sermon on the Mount," was led by Rev. H. W. Wrye, yesterday afternoon, at the meeting of the class in evangelism of Church of Christ, and subject based on Scripture of sixth chapter of Matthew, verses 16 to 34. A round table discussion was led by pastor, who has been the class teacher during his office here. As he leaves for other duties soon, class teachers were elected; Mrs. C. D. Knight, until her departure in the fall.

Eastland Woman
Takes Orgatone,
Recommendation
Of Doctor

"It's A Wonder How I Got Along Before I Found It, Feel Fine Now," She Says.

"I suffered for so many years that it's a wonder how I got along before I found out about Orgatone," said Mrs. Debbie McDonald, living on South High street, Eastland, Tex., while telling the benefits she derived from Orgatone recently. "Five years ago," she continued, "I began having trouble with my stomach, liver and kidneys that gradually undermined my health. After nearly every meal I would swell up with gas and have a heavy feeling and an awful pressure on my heart that caused shortness of breath and distressed me very much. "My kidneys were out of order and I suffered from sharp, cutting pains in my back and sides, and my nerves were shattered and I could hardly get a good night's sleep, the agony I suffered was terrible and until I took Orgatone I hadn't been a well woman in years. I was just in a general run down condition and by noon of a day I would be exhausted, and I kept losing weight and gradually going down hill. I was so nervous the least noise would upset me, and I'd think I were going to scream at times. "Orgatone was advertised and I read so much about it and then the doctor advised me to try a bottle and I've taken one bottle and feel fine. My stomach has quit hurting, and my appetite began to improve. This was one of my first improvements, but now I can eat anything I want and am never troubled with gas or swelling like I was before. For the first time in years I am free from all pain and I sleep like a child every night. I am gaining in strength and weight, and am glad to tell about Orgatone. I have gotten complete relief and I am glad to recommend Orgatone to anyone."

Genuine Orgatone is manufactured by one of the world's largest laboratories and is not a so-called secret or patent remedy but a new scientific bile treatment and is sold in Eastland, exclusively by the Toombs & Richardson Drug Co.—Adv.

when the post will be filled by Mrs. Harry Wood, both to be assisted by Mrs. Tom Harrell. The class extended a formal vote of thanks to Rev. Wrye for his patience and faithfulness in his effort to place the class in an attitude of fruitful happiness to both church and other interests.

Mrs. Robertson was welcomed as a new member of class. Present: Mrs. E. D. Turley, Harry Wood, J. R. Higgins, Russell Ross, C. C. Felt, McClendon, C. D. Knight, John Sue, H. W. Wrye, Tom Harrell and Rev. Wrye.

After the supper, the tables were arranged for "Earthquake Bridge," tables for which were in form of Spanish boys and girls.

Musical from the radio and portable was furnished throughout the evening.

The young host and hostess were assisted in entertaining by their parents, Mr. and Mrs. Cyrus B. Frost, and Miss Beulah Post of San Antonio, their guests. In "earthquake bridge," each alternate hand is exchanged and prizes or favors awarded at end of each play.

The numbers of gay toy balloons, whistles, all day suckers, and party favors were distributed by the young host and hostess.

The party of girl guests remained for a slumber party and were entertained with breakfast on the lawn at ten o'clock this morning.

Those present last evening: Miss Mary Roche of Hutchinson, Kas., honoree; and Misses Faye Crossley, Thelma Reasor, Martha Frances Thomas, Evelyn Hearn, Ruby Tindall, Madge Brelsford, Marjorie Taggart, Virginia Nell Little, Nell Rosenquest, Nell Cotton, Dolores Tanner, Jane Rottramel, Lucile Bogdon, Ivie Royle, Ruth Weaver, Louise Weaver, Virginia Norton of Stratford, and Misses L. A. Rue Dean, and Clara Mae Underwood of Gorman; George Taggart, Winston Castleberry, Billie Key, Pettit Castleberry, William Leslie, Billy Cheatham, Raymond Overbey, M. McCullough, Jr., Frank Laurent, Sam Conner, Edward Laurent, Jack Laney, Hayward Weaver, John Shearer, Ralph Reasor, C. D. Knight, Jr., Allen Dabney, Jr., Buford Webb, Earl Mayo, host, Jack Frost, and hostess, Miss Wilda Frost.

Electric bulbs shed light from the tree branches and the gallery was prettily set with stands of ferns, and in one corner of gallery a table was arranged with iced fruit punch dispensed by the hostess, as the guests were received.

J. Frank Sparks, as the judge, was very impressive and the defendant, Mrs. Joe Stephen, charged with "sommamulism" was very appealing. W. B. Collier made a spirited lawyer for the defense and the prosecuting attorney, Milton Lawrence, assisted by Turner Collier, spared none of the subtle dodges to secure a conviction.

Sheriff, Frank Caldwell, was very busy keeping order, as peals of laughter would assail the jaws of Milbourne Collier, chief witness for the State, who, in his answers reversed the order of Christian names, making an unexpected play. The sheriff's star was as big as his hat, and was needed. The chief witnesses for the defendant, Mrs. Stephen, were Mrs. Virgil T. Seaberry and Miss Vera Hearn, who gave evidence of women's nimble wit. The jurors were Mr. and Mrs. N. A. Moore, Mrs. Ida B. Foster, Misses Imogene Hatten and Minnie Lay, Misses J. C. Patterson, E. C. Duvall and Claude Stubblefield. The defendant was found "not guilty." Refreshments of angel food squares with pink icing, and salted almonds were served. The punch was enjoyed throughout the evening.

Those present: Mr. and Mrs. Milton Lawrence, Mr. and Mrs. Turner Collier, Mr. and Mrs. Joe Stephen, Mr. and Mrs. Frank Crowell, Mr. and Mrs. T. J. Haley, Mr. and Mrs. N. A. Moore, Mr. and Mrs. B. M. Collier, Mr. and Mrs. Claude Stubblefield, Mr. and Mrs. J. Frank Sparks, Mr. and Mrs. W. A. Loventhal, Mrs. E. C. Duval, V. T. Seaberry, B. W. Brewer, P. L. Crossley, Carl W. Hoffman, Ida B. Foster, Lester Foster and Mrs. Temple of Kentucky, the house guest of Mrs. Foster; Misses Imogene Hatten, Minnie Lay, Ruth Mitchell, Pauline Cook, Maurine Wright, Vera Hearn, Jessie C. Ligon, Mabel Hart; W. B. Collier and Mr. and Mrs. J. C. Patterson, and Mr. and Mrs. R. S. Loventhal.

BRIDGE SUPPER AND SLUMBER PARTY HONORS MESS ROCHE
Miss Wilda Frost and brother, Jack Frost, entertained the young crowd with a delightful supper followed by bridge, in honor of Miss Roche last night on the spacious lawn of the C. B. Frost handsome residence, brightly illuminated for this occasion with many colored electric bulbs suspended from the trees, and hung in a hollow square over the card tables, ten in number, with alternative colors of rose, yellow, green and blue. Each table was centered with a tall vase of garden blooms, and the appointments of serviettes matched the cloth, as well as place cards, silhouettes for boys and girls, with a verse penned beneath. The delicious menu of pressed chicken, fruit salad, olives, iced sliced tomatoes, jelly sandwiches, hot rolls and iced minted tea with lemon, had second course of pineapple sherbet and cake.

Excessive Acid Sickens—Get Rid of It!

Sour stomach, indigestion, gas. These are signs which usually mean just one thing; excess acid. The stomach nerves have been over-stimulated. Too much acid is making food sour in the stomach and intestines.

The way to correct excess acid is with an alkali. The best form of alkali for this purpose is Phillips Milk of Magnesia. Just take a spoonful of this harmless, almost tasteless preparation in a glass of water. It works instantly. The stomach becomes sweet. You are happy again in five minutes! Your heartburn, gas, headache, biliousness or indigestion has vanished.

Know Phillips Milk of Magnesia and you're through with crude methods forever. It is the pleasant way—the efficient way to alkalize the system; to relieve the effects of over-acidity.

Phillips Milk of Magnesia has been standard with doctors for over 50 years. 25c and 50c bottles at all drug stores. Be sure you get the genuine.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of the Chas. H. Phillips Chemical Co. and its predecessor, Chas. H. Phillips, since 1875.

club took stock of their sun-tan, scratched shins, chigger bites and a certain amount of fame garnered when they danced merrily through the grain and chaff on Franklin Childs' farm here.

And Childs is busy catching up with his work. Twenty good harvest hands lost two hours of good work yesterday when the fair brigade, clad in woolen bathing suits, danced through the golden sea of grain to give theatre goers a new thrill.

The "wheat bathers" discovered the metaphor was not all it was cracked up to be. You can't make an Atlantic City out of a Missouri farm even though you plunge into a swelling surf of grain, gambol on the stubble and dash through beard and chaff thrown from a wheat

BROMLEY TAKES HOP OFF SOON

TACOMA, Wash., July 23.—If Lieut. Harold Bromley is forced down in his lone non-stop flight from Tacoma to Tokio he will float like a cork and use the radio to signal the world," he told the United Press today.

"If trouble looms—I'll just empty the gas tanks in the wings, glide down to the surface of the ocean and float around until they pick me up."

Although he originally hoped to take off today, he planned to make a few short test flights either today or Wednesday to see that the Wasp motor was in perfect working order.

Bromley will pilot the City of

Tacoma over the great circle route—the same course the American army round-the-world fliers charted. It will take him north as far as the Aleutian islands and keep him within short cruising distance of land during the greater part of the flight.

From his post near the tail of the plane he plans to radio his position hourly and map air currents over the North Pacific ocean.

While experts check on his course and his navigation plans, the 29-year old flier centered his energies in assuring a perfect take-off.

His two sisters—Mrs. J. A. McKinnon of Seattle and Miss Vila

Bromley of Victoria, B. C., are here to witness the take off. His wife and six year old son will remain in Clinton, Iowa, during the flight.

Facts concerning Lieut. Harold Bromley's proposed non-stop flight from Tacoma to Tokio.

Plane—Lockheed monoplane, originally constructed for Wilkies arctic trip. Wasp motor, wings below motor. Wing spread, 48 feet, five inches.

Approximate weight of plane with load—8,850 pounds.

Artificially COOLED CONNELLEE

Today DOLORES COSTELLO In "THE GLAD RAG DOLL" Today

To the Citizens of Eastland and Vicinity

Some time ago we entered the ice business in your town. The day that we opened for business our competitor slashed the price one-half although our information is that for many years you have been paying double, or more than double, the price you are now paying for ice. This is our first experience in the ice business and we did not know, and do not know now, the exact price that should be charged for ice in order to insure a fair return on our investment and adequate compensation for our work. We have been unable to sell a reasonable amount of ice at the prices heretofore charged. We have concluded that there is a possibility of our being able to stay in business and maintain our plant after meeting the prices of our competitor, provided we sufficiently increase the volume. We are, therefore, meeting this price and we feel that we should receive a fair proportion of your business.

We have recently sold ice books based on the old prices and if you will return these ice books to our office new books will be issued to you based on the prices last mentioned.

Our competitor has sought to foster and encourage sectional jealousy by stressing the fact that its product is made in Eastland. We suggest that you investigate and ascertain the true ownership of the stock in our competitive corporation.

For many years our competitor has been charging more than twice the price that you are now paying for ice. It has been in business for a sufficient period of time to ascertain what price should be charged for ice and it should know that if the present prices are fair that for years it has charged you more than twice the amount that it should have charged for ice.

We believe that competition is good for any line of business and are going to endeavor to furnish you a high class product and a prompt and efficient service. We believe that in the event that we go out of the ice business in Eastland, it will be a comparatively short time until you are forced to pay the old price for ice.

Effective today our prices will be:

	Dock	Truck
100 Pounds	25c	35c
75 Pounds	18c	27c
50 Pounds	13c	18c
25 Pounds	6c	9c
12 1-2 Pounds	4c	5c

We Will Appreciate A Fair Proportion of Your Business
