TEXTILE WORKERS AND MILL OWNERS DEADLOCKED

Feelings
Some feelings are to mortals given
With less of earth in them than
heaven.
—Sir Walter Scott.

Col. Hugh Nugent Fitzgerald
Sulphur on the Free List
Texas has sulphur mines. Texas is the largest producer of sulphur. J. J. Mansfield of Texas has a large bed and plants in his district. This is the viewpoint of Mansfield: "The new tariff bill is sulphur in the free list and in my district is producing about 2,000,000 tons of sulphur, about 90 per cent of the world's sulphur, yet on account of the tariff methods applied in Texas, goes without saying that no effort is needed." Raw sulphur is one of the natural resources of Texas. An increased production is demanded by a member of the Texas legislature. What will you do to his proposal?

Sheppard and Connolly in the Picture
Sens. Morris Sheppard and Tom Connolly were on the firing line in the fate of the export debenture plan was hanging in the balance. Connolly led off with a powerful speech for the plan. When the showdown came the Texas senators voted for the plan and now Minority Leader John N. Garner has let it be known that a large majority of the house democrats are going to battle with the vote of the southern senators and the republican senators all in favor of the plan. This will include a revision bill as well as a tariff measure.

Tom Mix Makes Another Picture
Tom Mix, the moving picture actor, who rode into fame and fortune in the film, has been indicted for a federal grand jury on charges of falsifying his income returns and conspiring to defraud the government of \$100,000 in taxes. Now the cowboy hero will have the making of a new picture, a regular film, before he has played his game to a finish. Uncle Sam to be the director of the play. The villain will be the federal prosecuting attorney, a jury will pick the scenario, there will be heroine and the climax will be when the foreman of the jury faces the judge and announces the verdict. Truth is always angrier than fiction.

From Prison to Power
Governor Roy L. O. Johnson of Indiana, served a term in federal prison as a conspirator against the national prohibition. After serving many months in the term prison, Coolidge restoration citizenship with a parole. He returned to Gary. He announced as a candidate for the re-election nomination for mayor. Coolidge showed 13,300 votes for former convict and only 9,760 for his rival, who had been in prison as a conspirator. Johnson is a republican. He is the big voice of the great city of Gary, where Fox Watson of Indiana is an idol of the steel workers and candidate for senatorial honors. His opinion appears to be on side of the man convicted of or conspiracy.

BROCK PAPER BURNS
By United Press.
ANGELO, Tex., May 13.—The Brock paper, the Bronte newspaper, was destroyed at night at a loss of \$10,000. D. M. West, publisher of the Enterprise, carried insurance on his loss of equipment and supplied automobiles. The building was destroyed.

Comanche And Kiowa Indian Party Here Tues.

Will Give Free 45 Minute Assembly Program At Eastland High School At 3:15 p. m.

A party of full-blood Kiowa and Comanche Indians from the Fort Sill Indian school will present a 45 minute assembly program at the high school here Tuesday, May 14, 3:15 p. m., it has been announced by Principal R. L. Speer. The group of Indians will include nine boys and nine girls, under the direction of their coach Miss Aubrey Carr and Superintendent John Edward Shields. The party is being brought to this city under the auspices of the Lawton Chamber of Commerce. The public is cordially invited. There will be no admission charge.

The Fort Sill Indian school is located one mile north of Lawton, Oklahoma. Students enroll at the opening of school and are housed in dormitories. In addition to class room work they are taught along vocational lines as part of the efforts on the part of the government to make them self supporting citizens.

Some thirty days ago the Lawton Chamber of Commerce, desiring to assist in this line of work started making short tours into Texas cities with a group of entertainers from the school. During that time the students have appeared before over 6,000 people and have broadcasted over the radio at Wichita Falls three times.

At an appearance at Junior College recently the students scored a tremendous hit with their native songs, war dances and glees club numbers. Inez Ecoffey, soloist, is the only Kiowa Indian in the party and she has won many admirers over Texas with her sweet personality and excellent singing. The little 15 year old girl sings beautifully in spite of the fact that she has never had a lesson in voice.

The Indians find great pleasure in the Wichita Mountains where the government has established the Wichita game and forest preserve of 71,000 acres. On this great reservation the students find reminders of their early life in the 200 buffalo, 225 elk, 300 deer, antelope, mountain sheep, wild turkeys and other forms of wild life which are still preserved in the fastness of this national playground.

Will Discuss Fall Fair Date Tonight
County Agent J. C. Patterson has called the Chamber of Commerce secretaries, vocational agriculture teachers and others from over the county to meet at the courthouse here tonight at 7:00 o'clock for the purpose of discussing plans for and naming the dates for the various fairs to be held in the county this fall.

Capital Social War Is Renewed

NEA Washington Bureau
Just when Washington was believing that the warfare over the social status of Mrs. Edward E. Gann had been settled, it was reported to have broken out anew by Mrs. Alice Roosevelt Longworth (above) challenging the preferred position accorded Vice President Curtis' sister and hostess, who is shown below. Mrs. Longworth, wife of Speaker Nick Longworth, and daughter of the late President Roosevelt, is reported to have broken out anew by Mrs. Alice Roosevelt Longworth (above) challenging the preferred position accorded Vice President Curtis' sister and hostess, who is shown below.

Floods Threaten Southwest Today
By United Press.
KANSAS CITY, May 13.—Mud-dy waters of swollen creeks and rivers again threatened sections of the Southwest today. Promise of fair weather induced hope that serious damage might be averted, although flood warnings have been issued from Washington.

Eastland Boys Make Good In Athletics
(Special Correspondence)
KERRVILLE, Tex., May 13.—Hayden Osborne, Schreiner Institute student from Eastland, won second place in the 100-yard dash at the Junior College relay held here last week-end. Percy Northcutt of Schreiner took first place in this event, his time being 10.5. Schreiner piled up a total of 86 points to take the meet from the four visiting teams. Victoria Junior college placed second, with a total of 23 points.

ONE DEAD IN ACCIDENT
By United Press.
MIDLAND, Tex., May 13.—The week-end automobile accident toll here stood at one dead and three injured today. K. Bolton of Mansfield was killed outright and his small son, Vinson Andrews and Jim Tubbs, all occupants of the same car, were injured when the machine turned over on a country road west of here.

WIRTZ AND HOLBROOK IN HOT DEBATE

Discussion of Utility Commission Bill Grows Warm — Charges That a Large Lobby Is Present in Austin to Oppose the Measure Made.

AUSTIN, Tex., May 13.—Three sergeants-at-arms stood ready to prevent a possible personal clash in the Texas Senate this morning between Sens. A. J. Wirtz of Seguin, and T. J. Holbrook of Galveston of Galveston.

Pointing his finger at Sen. Wirtz, Holbrook declared that any senator who represented a utility ought to declare it to the Senate and not vote on the public utility commission bill.

"Do you mean to say by that that I represent any corporation that would be affected?" Wirtz demanded.

"I do not know but it has been reported to me that the senator (Continued on Page 2)

T. N. Mauritz Is Candidate For Governor

AUSTIN, Tex., May 13.—T. N. Mauritz of Ganado, author of the state income tax bill and other revenue measures still tracked by the special session of the Legislature today formally announced as a candidate for governor.

"The present inequitable tax system must be corrected," he said. "Although I had no ambition to aspire to the office of governor, I see no other practical way to present the tax issue to the people."

State Republicans To Raise \$100,000

DALLAS, Tex., May 13.—Texas Republicans will raise \$100,000 during the next two years for organization work, it was decided at a meeting of the Republican state committee this morning.

Committees attending the meeting today pledged \$12,500 toward the amount. Heber Page of Dallas led off with \$7,500 and was followed by Henry Zweifel of Ft. Worth with \$5,000.

Continuance Motion In Bender Case Denied
Special Judge J. Frank Sparks, of the 88th district court this morning overruled a motion for a continuance offered by the defense in the case of Ralph Bender. Later he ordered a recess until 3:30 o'clock p. m. for the defense to summons a number of absent witnesses.

She'll Fly Toward New Endurance Mark

It's a woman's privilege to change the woman's endurance flight record if she can stay up in the air long enough. And that's what Viola Gentry, shown above with her biplane "Annette" at Roosevelt Field, Long Island, hopes to do. She'll take off soon in an attempt to fly 30 hours without stopping.

Two Amarillo Fire Victims Unknown

AMARILLO, Tex., May 13.—With two victims still unidentified and the discovery that one man believed dead was still alive, authorities here today had almost given up hopes of identifying all the charred bodies found after the tourist hotel burned here Saturday.

Two of the five were found definitely to be Sam Perdin, Amarillo, and E. J. Helms, Wayside, Texas. The bodies thought by investigators to be Raymond Cozzart and his brother, Roy, Detroit, Texas, was found to be cremated. One was believed to be that of Hoyt Crowe, Tulsa, Tex.

STATE TROOPS PATROL STRIKE AREA OVER STRIKERS PROTEST

Organizations to Which Striking Workers Belong, Remain Firm in Its Demand for a General Wage Increase — Workers Plan Legal Action for Evictions.

ATLANTA Ga., May 13.—The strike situation in the Southern textile districts continued deadlocked as the week opened today, with further complications feared.

Major facts of the situation are: 1. The American Bemberg and Glanzstoff rayon plants at Elizabethton, Tenn., continue operating at part capacity manned by non-union workers and members of the "loyal workers' union."

2. The United Textile Workers' union of America remains firm in its demands for general wage increases at the Bemberg Glanzstoff plants.

3. National guardsmen sent by Gov. Henry Horton patrol the Elizabethton strike area, while union sympathizers are preparing to start legal proceedings to effect the recall of the troops.

4. Officials are still without real clues in the bombing of the home of Max Elliott, union organizer, and the burning of a barn on the farm of Nat Simerly, a non-union employee of the Bemberg plant. The barn burners left a note threatening Simerly and another non-union worker, John Atwood, with death.

5. Hope of mediation at Elizabethton was shattered at least temporarily by the resignation of Major George L. Berry, president of the International Pressmen's union, as arbitrator. Berry's resignation to Gov. Horton, said he resigned because Press Arthur Mohr, wulf of the Bemberg-Glanzstoff plant refused to accept his services because of the reopening of the two plants, and because of the governor's action in sending additional troops. "It is very apparent," Berry said, "that the concerns at Elizabethton desire to settle by force."

6. At Gastonia, N. C., the Mansville-Jencks Textile company served additional notices, evicting striking workers from company property. About 100 have been evicted. Strikers prepared to fight the evictions by legal action. Fifth of the evicted tenants planned suits for heavy damages.

WASHINGTON, May 13.—Chairman LaFollette, of the Senate Manufacturers' committee, seeking to determine if an investigation into mill conditions in the South is necessary, today was in possession of a report made by the delegation of 11 textile mill strikers who failed in their effort to testify directly to the committee last week.

The statement, which LaFollette requested, criticized LaFollette, Sens. Wheeler, Dem. Mont., and Overman, of North Carolina, for "failing to give them (the delegation) a hearing." The committee adjourned shortly before the strikers arrived to present their testimony.

How It Was Passed

Sen. T. J. Holbrook of the Pirate Isle is reported to have made this trite observation while addressing the directors of the Austin Chamber of Commerce: "The house prison Bill was passed without very great thought, on false information." Sen. Holbrook is not a potshooter. He is not a sniper. He is a sharpshooter. "On with the battle."

Car of Civilization Moving

Just now the car of civilization is said to be moving in Mexico. Fake doctors are to be run out of the republic. There is another picture. The Bermuda car of civilization is not moving. The legislature of Bermuda has again rejected proposals to introduce automobiles into the island. Those who wish to return to the ox-cart period of civilization are advised to select Bermuda as their habitat.

Spoils for the Victors

To the victors in political contests belong the spoils of office is the declaration of a majority of the 41st house. What is known as the Kemble civil service bill was sent to the grave by a vote of 71 to 48. As amended the bill was a monstrosity. It called for the merit system in its original shape but it was disfigured beyond recognition before it was thrown in the discard. Really it is a triumph for the advocates of the old spoils system, which is not an efficiency system, not a merit system, not a qualification system, not an economy system or a system that should appeal to the intelligent taxpayers of Texas.

Miller of Washington

Sen. Wesley Jones hails from the state of Washington. He is the author of the Wesley Jones law. Rep. Miller hails from the state of Washington. He is a seeker for fame. He has introduced a dry bill that would let officers kill run running suspects "who flee under smoke screen." Life in America is getting to be one grand riot. Miller of Washington would shoot them in the legs, shoot them on the run and let the undertaker do the rest. Miller of Washington is certainly a ferocious individual.

WIRTZ AND HOLBROOK IN HOT DEBATE

(Continued from Page 1.)

From Seguin is attorney for a power company in Guadalupe county. I do not impugn your motives but if I represented a power company I would announce it."

"I charge here and now that any one who says that I represent any utility interests affected in this bill is guilty of deliberate and malicious falsehood," said Wirtz.

"The senator of Galveston is repeating what he heard without coming to me for correct information," I represent the Texas Power corporation in Guadalupe county but it is not and cannot be affected by the public utilities bill."

A letter later was read at Sen. Wirtz's own insistence. It was written from the city attorney's office at San Antonio to the city attorney at Austin reporting that Sen. Wirtz represented two companies, these companies, Wirtz said, are merged into the company which he announced he represented.

Charges of a large lobby at Austin opposing the utility bill, operation of a "power trust" in Texas and letting "corporations exploit the people" were made in an effort to revive the utility bill.

OUT OUR WAY

A KING FOR A JIFFY.

by forcing the state affairs committee, of which Wirtz is chairman to report upon the bill. The committee voted Friday to postpone it indefinitely.

A vote on the proposal to revive it had not been taken when the Senate recessed. Before the recess Sen. Holbrook said he had spoken in the heat of debate.

In the House it was agreed to take up the registration fees 20 percent on Tuesday morning's session. An attempt to put the House on record as intending to take up the four cent gasoline bill immediately after disposing of the registration fees caused profane remarks to be made.

Another bill already passed both branches of the Legislature, which is a bill by Sen. Witt prohibiting issuance of stocks and bonds with insurance policies.

Two bills were passed by the House which exempt superintendents, matrons, nurses and attendants at eleemosynary institutions from law limiting women's work to nine hours a day and 54 hours a week.

Rep. George Purl of Dallas objected that the state is laying down rules for others that it is not willing to follow itself. "We inspect every hamburger stand all over the state and the state capitol is the filthiest building in the state," said Purl.

The House also passed a bill authorizing any city to acquire up to 640 acres of land for airport purposes and a bill to permit granting of a right of way for an interoceanic canal along the Gulf of Mexico.

A bill introduced by Rep. D. D. Richardson of Grand Saline proposes the establishment of a state farm board. It is to consist of the commissioner of agriculture and three appointed members. The duty of the board, if created, will be to promote effective marketing of farm products.

A. M. E. CONFERENCE CLOSED

The district conference of colored Methodist churches for the El Paso district in session in Eastland came to a close Sunday night. All reports were good.

On last Thursday night the conference had the pleasure of the presence of County Judge C. L. Garrett, Mrs. Garrett and a number of other white folks. Judge Garrett donated \$5.00 to the conference.

Friday night Dr. George W. Shearer, pastor of the First Methodist church of Eastland, preached for the colored conference.

Sunday morning all the churches of the district came together in a union Sunday school.

The total amount paid into the conference was \$661.33.

Rev. W. M. Bundage is pastor and Rev. C. C. Hammonds, president of Smith Chapel A. M. E. church.

Wheat Prices To Go Below \$1, Prediction

CHICAGO, May 13.—Wheat for less than \$1.00 a bushel was seen in prospect today by traders unless something happens this week to clear up a strained situation which has brought the price down 31 cents from the season's high.

The wheat slump, which has carried downward all other grains, is blamed on an oversupply and bumper crop in the United States and Canada. Reputedly conservatively estimates that the United States will have 150,000,000 bushels left over from the old crop and will harvest between 89,000,000 and 925,000,000 bushels of winter and spring wheat.

The world at large is carrying over 350,000,000 bushels, according to another estimate, which is a record.

YOUTH GRIEVES FOR MOTHER, IS KILLED

HOUSTON, Tex., May 13.—Roy Cook, 18, was found shot to death at his home in Bellaire Sunday. His coat, a fresh white carnation in the lapel, hung over a chair near his body.

A double-barrel shotgun was on the floor. Seven months ago the boy's mother died. He has been deep in an almost unbearable grief since her death. Justice Ray has returned a verdict of "accidental death or suicide."

Charge Preacher In Hot Check Passing

CARTHAGE, Mo., May 13.—L. F. Frisby, former Texas preacher and kidnaper of the 6-year-old son of Henry Parker, of Texas, was in jail here today, following his arrest at Rolla, Mo., yesterday on a charge of passing worthless checks. Police were awaiting word from Texas officers.

Parker left with his son last night. Frisby had lived at the house in Texas where the Parker child boarded. Since the child was taken from there last November, the father and officers have searched for the former preacher.

Complications Hinder Mrs. Tunney Recover

GREENWICH, Conn., May 13.—A new ailment—believed resulting from poisoning—has retarded the progress of Mrs. Gene Tunney's convalescence from an appendicitis operation.

As a result Tunney's dream of a happy domestic life on his 50-acre Old Colonial estate near Stamford, Conn., from the atmosphere of fighting that made him a millionaire—faces indefinite interruption.

The Tunneys are at Brioni Island, in Italy, where doctors reported Mrs. Tunney—the former Polly Lauder of Greenwich—as recovering from her operation. They are likely to remain there some time, according to George Lauder, the heavyweight champion's brother-in-law.

BANK BANDIT ESCAPES JAIL

EL DORADO, Ark., May 13.—Four men who escaped from the new million dollar "break-proof" Union county jail here Sunday after locking the jailer and a trusty guard in a cell, were sought by posses in the wooded sections around El Dorado today.

After effecting their release the men drove off in an automobile. Three of them, Joe Streiter, Claude Burnett and Owen Edwards, were held on charges of robbing a Junction City, Ark., bank and were to have gone on trial today. They are said to be members of the notorious Asa (Ace) Pendleton gang. The fourth prisoner, Carl B. Gay, was held on a minor charge.

Burnett and Streiter escaped from the jail several weeks ago but were caught by officers after search of several days.

DROWN IN LAKE KEMP

WICHITA FALLS, Tex., May 13.—Failing in their attempt to swim ashore after jumping from the boat in which they had been fishing, L. B. Groves, 15, and Neiman Birchfield, 14, both of Matador, were drowned in Lake Kemp Saturday. Two companions reached shore safely. The boys were members of a party of fifteen on a week-end fishing trip.

BRECKENRIDGE HAS RAIN

BRECKENRIDGE, Tex., May 13.—Local tax assessors declared today that it would be difficult to estimate the value of what business men and farmers generally proclaim was a "million dollar rain" which visited this section over the week-end.

The rain was general, breaking a threatened drought. All agreed that it came at an opportune time for crops. Clouds still were threatening this morning, assuring the Pyle runners headed here from Mineral Wells cool weather.

LAMESA—Standifer sanitarium and Dunn sanitarium will be consolidated as Lamesa sanitarium and new equipment installed.

CONGRESS TODAY

SENATE: Expects to vote on farm bill. Sen. Brookhart to speak on "Pseudo-Republicans." Judiciary committee considers routine business. HOUSE: Continues debate on tariff bill.

A Lecture on Christian Science

Entitled Christian Science: The Liberator of Mankind

by John Randall Dunn, C. S. B. of Boston, Massachusetts

Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The widespread interest in the subject of Christian Science, in this and other lands, is traceable directly to the fact that enslaved mortals are finding in its spiritual teaching that liberator graphically pictured by Isaiah as sent "to preach good tidings unto the meek... to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to them that are bound."

The attempts of some unenlightened critics to prove that Christian Science is not this liberator, that the sick are not healed, the sinning reformed, nor the sorrowing comforted through its ministrations are of course of little moment in the presence of an ever-increasing host of witnesses testifying to the fact that whereas they were bound physically, mentally or morally, now they are experiencing through the teachings of Christian Science a greater measure of health, freedom and happiness than they have ever known.

In the past few years it has been my great privilege to attend Christian Science services, and talk with students of Christian Science in many lands—in Great Britain, Continental Europe, South Africa, Australia, New Zealand, the Philippines, the Orient, the West Indies, Alaska and in hundreds of places in the United States and Canada; and if a stenographic report could be taken of all the testimonies of healing and regeneration I have heard, it would make a record filling volumes.

Gamael's Advice

What would those who fancy themselves opposed to this spiritual teaching have its students do? Would they ask the man who rates his statement, that he has been freed from the torments of alcoholism, to go back to his appetite and his bondage? Would they bid the infidel who through Christian Science has become a believer in and lover of the Bible, discard that holy volume, and tread again his cheerless, godless road? Would they bring back the cases of thousands of men and women and little children have been banished by the touch of this healing evangel? Surely this is no time to oppose the coming of saddened humanity of a spiritual message the certain effect of which is the uplift and comfort of mankind. It might be recommended to those who feel called upon to ridicule and revile the Christian Scientists that perhaps the safest and most Christian attitude for them to assume is to be found in Gamael's sound advice of the Apostles as recorded in the fifth chapter of Acts: "And now I say unto you, Brethren from these men, and let them alone: for if this counsel or this work be of men, it will come to nought; but if it be of God, ye cannot overthrow it: lest haply ye be found even to fight against God."

The Coming of the Liberator

There is not a people on the face of the earth that is not yearning for the comfort and healing joy that follow in the wake of this spiritual teaching. In many countries a feeling akin to dismay over the increasing discord, unrest, and turmoil. What does it all mean? Christian Science answers in the words of Jesus Christ. "When these things begin to come to pass, then look up, and lift your heads; for your redemption draweth nigh." The Master plainly foresaw that an upheaval, a bringing to the surface of the hidden errors of the carnal mind, would accompany the appearance of that promised "spirit of Truth" which was to redeem and save mankind. In fact, Christian Science is explaining the present world-wide fermentation and bidding mortals to see therein evidence that "the night is far spent, the day is at hand" and should it seem surprising that it was the gentle voice woman that was appointed to bring this message, assuring the saddened and fearing children of men with all the tenderness of the mother-thought, that God is indeed able to care for His creation, to heal and to save?

We have only to remember the pure Jewish maiden whose uplifted sense beheld, and brought into demonstration, the fatherhood of God; the repentance and gratitude of the Magdalen; the faithfulness of the women "last at the cross and first at the sepulchre"; and likewise the fidelity and devotion of the woman thought through all the centuries to that which points to faith and purity—we have only to remember these, should the human mind find it difficult to accept the fact that Truth has spoken to this age through a woman.

Prejudice Against Mrs. Eddy

I regret to confess the fact that before I knew anything about Christian Science, before I had read a line of its authorized literature, or attempted to prove by demonstration its truth or its error, I was one of that now rapidly decreasing number of persons who seem to take special delight in making libelous and unchristian remarks about Mrs. Eddy, the Discoverer and Founder of Christian Science, and in laughing at the movement in general. I was quite sure that Christian Scientists worshipped Mrs. Eddy and that her system of healing was only will-power, or the human mind over matter. In fact, my fund of information as to what Christian Science does not teach, reminds me of the immigrant applying for admission to this country, who was asked if he was familiar with the Constitution of the United States. He replied: "Indeed I am. I learned to sing it when I was a boy!"

Christian Science Not Suggestion

But when at last I read the Christian Science textbook, "Science and Health With Key to the Scriptures," by Mary Baker Eddy, I found that when I had attended a few services, I found that which no impartial investigator could fail to discover: that Christian Scientists worship the supreme and only God and entertain for the revered Leader of their movement only sentiments of affection and deep gratitude. I found, instead of a system of material philosophy of a system with the action of will-power and suggestion, the purest Christian metaphysics, based upon a spiritual sense of the Scriptures. Well may we rejoice that Mrs. Eddy, during her search for "Truth," had investigated so-called magnetic healing, and mind-cure based upon hypnotic control, and found such systems not only devoid of spirituality, but positively injurious; and even a casual glance through the pages of the textbook should convince any fair-minded person that Christian Science is as far from hypnotism and suggestion as Christ is from Belial.

Will Make His Home In Ranger

Ranger (Times) C. F. Rigby, inventor of the Rigby cupless well pump for the oil fields, has moved to Ranger. The former home of Mr. and Mrs. Rigby was Butler, Pa. They will make their home with their son, B. E. Rigby and family.

Mr. Rigby's invention is being manufactured by the Bishop Machine works, which has recently been enlarged for that purpose, and he will supervise the manufacture and sale of his invention.

Scour the pots! Scour the pans! but they won't come clean

Why? The water is hard. And instead of nice, sudsy water, there's a greasy ring around the basin. The soap has mixed with the hard water to form scum. And the scum goes on the wash cloth, and smears the pans. Water softened with Melo is different. It will clean. Scour the pots! Scour the pans! But do it with soft water. Get a can of Melo today at your grocer's.

THIS HAS HAPPENED

MILDRED LAWRENCE falls in love with STEPHEN ARMITAGE, who is lured away from her by PAMELA JUDSON when she tells him Mildred is trying to marry her brother, HUCK CONNOR, who is blackmailing him over a forged check. Huck is infatuated with Pamela and when she announces her engagement to Stephen frames him for the theft of an auto and causes his arrest. Pamela drops Stephen, but Mildred tries to get him out of jail.

Harold had once told her he feared Huck, who had threatened to get rid of Stephen to keep him from marrying Pamela. Mildred determines to force Harold to help her, but is shocked to hear of his death—apparently accidental. She tells Stephen her suspicions, but they have no proof and it seems hopeless.

In desperation, she goes to MR. JUDSON, who takes her to headquarters to tell her story. Judson tells Stephen out and Pamela begs his forgiveness. Going from the jail to his hotel with a detective Stephen realizes they are followed. As the cars pass close, the thug shoots at the detective but misses as the latter shatters his wrist with a quick shot, thereby saving Stephen.

The thug makes a getaway and they learn he was driving a stolen car. Stephen reports to Mr. Judson and learns that it was Mildred and not Pamela who had worked for his release. He is horrified when told that she also had been injured by a shot from one of the gangsters.

NOW GO ON WITH THE STORY

CHAPTER XLII

Stephen seemed to freeze to the marrow of his bones. Even his voice stuck in his throat as he whispered: "Shot?" Mr. Judson looked at his white, constricted face, and told himself that Stephen was afraid. He loved one girl and was preparing to marry another—a rich girl. "Just a slight wound," the inquisitor said, putting an end to the torture. He was satisfied now.

"Where is she?" Stephen asked hoarsely. "In a hospital, but she's going home tonight." Stephen jumped to his feet. "She mustn't be allowed to leave! They'll get her before she's gone a block!"

"She'll be protected," Mr. Judson assured him. "Sit down." "I'd like to see her," Stephen said almost pleadingly.

Mr. Judson shook his head. "They sent me away to let her rest," he said. "She's been under a severe strain for weeks. You know that. This shock has unnerved her."

"How did it happen?" Stephen asked. Mr. Judson told him as much as he knew of the shooting. Mildred's account of it had been very sketchy.

"That was the second attempt at murder this afternoon," Oerndorf spoke up. Mr. Judson turned to him with a rapid fire of questions.

"Mr. Armitage here," the lawyer said and nodded to Stephen. Then he told his client of the shooting on First avenue.

"They mean to get rid of your witnesses," he ended. "Which intention suggests that they do not know the police have the thumbprint of the murderer, assuming it is his thumbprint on the bell."

Mr. Judson turned back to Stephen and his voice was less harsh as he said: "Miss Lawrence begged me to warn you of your danger. But I'm sure you realize that it is grave."

Stephen nodded. "You interrupted me," Oerndorf said to Mr. Judson. "I was about to point out that it is necessary in order to protect these two, Mr. Armitage and Miss Lawrence, that Huck Connor be apprehended immediately."

Mr. Judson glowered at him. "Don't be funny, Oerndorf," he said.

WATCHING THE SCOREBOARD DAILY WITH UNITED PRESS

By United Press. Yesterday's hero—Willie Kamm, Chicago White Sox captain, whose third double of the game drove in the winning run in the ninth, defeating Washington, 3 to 2. Kamm made four hits in five trips. Red Faber, held the Senators to four hits.

Waite Hoyt, who won his first four starts, failed to halt the Tigers and the Yankees dropped their second straight to Detroit, 9 to 7. The Tigers made 16 hits off Hoyt in seven innings. The defeat left the Yanks tied with the Athletics for first place in the American league. The Athletics were idle.

Seven Boston errors contributed to the St. Louis Browns' 15 to 3 victory over the Red Sox. The game was halted in the seventh by rain. The New York Giants and Chicago Cubs battled to a 6-6 tie in 11 innings before 55,000 persons at the polo grounds. After the Cubs had knocked Carl Hubbell, no-hit hero, out of the box, Cary Mays checked the Chicago attack until rain halted the game. Cuyler, Ott, Wilson, Lindstrom and Hartnett hit home runs.

Taking advantage of seven Brooklyn errors, the St. Louis Cardinals beat the Robins, 13 to 7, and went into the National League leadership. Schang, Browns, 1; McGowan, Browns, 1; Rothrock, Red Sox, 1; Cuyler, Cubs, 1; Wilson, Cubs, 1; Hartnett, Cubs, 1; Ott, Giants, 1; Braves made five errors, two of them by Maranville. The Pirates and Phillies were not scheduled. Waco widened its distance over Houston in the percentage column by defeating the second place, 6 to 4. The game, stopped four times by rain, took four hours of play. The second contest of a scheduled double header was called off. Dumovich pitched well for Waco while his mates knocked Watt, Houston, from the mound. Dallas took a double defeat from the Shreveport Sports, 9 to 5, and 5 to 2. Several hundred Dallas fans were in the stands, having taken advantage of unday expedition rates to the Louisiana town. Beaumont and San Antonio divided a double header, Beaumont taking the first, 7 to 5, and San Antonio the second, 8 to 4. Both teams came from behind to win. Wichita Falls lost its fifth straight game yesterday and lost a chance to break the string of defeats when a second game with Ft. Worth was called by darkness at the end of the seventh with the score tied 4 to 4. Walkup pitched Ft. Worth to an 8 to 6 victory in the first.

MR. AND MRS. REINKING ENTERTAINED

Mr. and Mrs. Ben Reinking of Chicago, who arrived last Tuesday for a week's visit with friends, were entertained daily. They formerly resided in Eastland, and have many friends who shared their hospitality.

Tuesday evening, they were the guests of Mr. and Mrs. Carl Springer, and remained until Wednesday, when covers were laid for dinner for Mr. and Mrs. Reinking, Mr. and Mrs. Wayne Jones, Mr. and Mrs. Springer.

Thursday noon, Mrs. Springer and a small luncheon. Guests were Mr. and Mrs. Reinking, and Mr. and Mrs. Wayne Jones. That evening, the Reinkings and W. W. Phillips were dinner guests of Mrs. J. P. Hearn and Miss Vera Hearn.

Friday noon, Mrs. Jonathan Jones entertained with a family dinner for Mr. and Mrs. Reinking, and that evening at seven o'clock, the Booster class gave a picnic in honor of the Reinkings, which was arranged by Miss Jessie Lee Ligon, president of the organization, assisted by Miss Vera Hearn.

The party was attended by 40 guests, going to Cisco Lake, where the festivities were held, and a sumptuous supper served.

Saturday evening Mr. and Mrs. Reinking were the guests of Mr. S. A. White in Abilene, and Saturday evening at 8 o'clock, they were the dinner guests of Mr. W. W. Phillips and Miss Vera Hearn, at the Green Lantern tea room near Cisco.

Yesterday noon, Mr. and Mrs. Wayne Jones had as their guests, looking Mr. and Mrs. Reinking, Mr. and Mrs. Walter Jarrell of Abilene, Miss Vera Hearn and Mr. W. W. Phillips, with covers for eight, indicated by pretty place cards, with roses centering the luncheon table.

Mr. and Mrs. Reinking left this morning for their home in Chicago.

NOTES AND PERSONALS

The Jolly Guild of the Presbyterian church have postponed their meetings until after school, and vacation Bible school, which will be held during the first and second weeks of June.

"Aunt Sina Schnick" as she is lovingly known to countless Eastland friends, visited Eastland yesterday in company with 18 other Dallas members of the

Christian church, to attend the lecture given at 3 p. m., in the city hall auditorium by the famous Dr. John Randall Dunn, C. S. B. of Boston, Mass. Members of the Church of Christ, Scientist, were present from Breckenridge, Ranger, and ten from Cisco. The hall was well filled with a very interested audience.

ALPHA DELPHIANS HAVE INTERESTING PROGRAM

The Alpha Delphians presented an interesting program Saturday afternoon, that centered about French fiction and was given by Misses E. C. Satterwhite, N. N. Rosenquest, F. W. Cortis, Luther Dean, Steele Johnston, who discussed phases of "Les Misérables" by Victor Hugo, and selections from Georges Sand's works.

During the latter half of the program a special Music Week feature presented Mrs. J. M. Ferrell in an illustrated talk, "The Development of Music," with Mrs. F. O. Hunter at the piano and Mrs. B. E. McGlamery in a talk on music, with piano numbers from a Texas composer.

During business session the Alpha Delphians voted to have an all day meeting on May 22, in the Community Club House, with a contributed luncheon served at noon.

During the day, four programs, yet to be given, in this year's course, will be covered and the work completed.

On May 17, the Alpha Delphians will attend a pageant and program at the Burch hotel, Breckenridge, 7 p. m., presented by the Delphians of that city.

ORIGINAL ENTERTAINMENT AN UNUSUAL PROGRAM

National Music Week observance in Eastland, was brought to a successful termination, in the "Original Entertainment," presented as the final event of the series of the week, held under auspices of the Music Club of Eastland, and directed by the Music Week committee, under supervision of Mrs. W. K. Jackson, general chairman.

Mrs. R. L. Perkins, the chairman for Saturday evening program, arranged the Community Clubhouse for the event along original lines, that enabled the guests to have unobstructed view of the display in oils, hung along the wall of the assembly room. Chairs facing in semi-circles formed the auditorium.

The grand piano, with its emerald drapery and baskets of flowers and lighted by silk shadings, concluded the artistic setting.

The chairman Mrs. Perkins, and president of the Music Club, Mrs. Thomas J. Pitts, received at the entrance.

Bouquets of flowers brightened the walls. At close of program, punch was served from a rose wreathed bowl, placed on a pretty green table, and hostessed by Misses Virginia Neal Little, Jane Connelley, Florence Perkins, and Mrs. E. B. Baldwin.

The program opened with the introduction of Mrs. Jackson, of

Mrs. B. D. Hampton, who read the lines of a charming little fairy tale, entitled "Spring Song," in which at intervals, a group of sixteen children from Spencer school appeared in rhythmic dancing, to the song, "Dance and Sing," and "Maypole Dances," given as interludes.

The words and music were very delightful, and original with the talented reader, Mrs. F. O. Hunter at the piano for the operetta.

This painting of child life, in musical rhythm, prefaced the talk on "Rhythm and Harmony," in art, in which Mrs. R. L. Perkins presented several examples in oil, from H. P. Brelford Sr., which included Palo Duro Canyon, sketched at location and colored from memory; a study in still life, "Wild Flowers," "Bluebonnet," painted from a location below De Leon; "Cactus," from location outside of a still life, "Blue Bells," and another "Verberna," and a very beautiful composition, "The Road at Dusk," a scene near Strawn.

Mrs. Perkins stated that Mrs. Brelford studied in Philadelphia School of Design; attended Texas artists camps at Christoval, and studied landscape painting under V. H. Russo, of the School of Painting and Design of the University of Oklahoma; under Mr. Stephens, landscape painter, and under instructors of painting at Sophie Newcomb Art School, New Orleans, La., connected with the University of Louisiana.

Studied with Xaver Gonzales in drawing at San Antonio Art School, and San Carlos Art Academy of Mexico City, also at the Christoval artists camp.

Mrs. Perkins remarked that Mrs. Brelford is a life member of the Southern States Art League, and the Texas Artists Camp, of which she was vice-president two years. Has exhibited in Abilene, Art Exchange, in Abilene, Art Exchange, and received honorable mention, also at Cisco, from the Twentieth Century Club, and has many blue ribbons from various exhibits throughout state.

Mrs. Perkins then presented J. Grisham, oils, "Little House on Hill," and still life, "Verberna," and "Cactus." The lad, fifteen years of age, has studied three years under only two teachers and is preparing to become an architect and interior decorator. He is an outstanding pupil of Mrs. Brelford.

Mrs. Perkins, assisted by Miss Dorothy Day, announced the beautiful contributions in oil from Mrs. Marshall McCullough, which were solicited by the Music Week committee, for this program.

Mrs. McCullough showed the landscape, entered in Davis competition, in artists class one, national.

This was an exquisite landscape composed from a bit lying between Weatherford and Fort Worth. Mrs. McCullough's contribution to the Ninth Annual Exhibit of the Southern States Art League, which is represented by fifteen states, was displayed, a "Blue Bonnet," scene painted from location near De Leon.

Three McCullough oils were displayed on the easels, placed facing the auditorium.

A few of Mrs. McCullough's pupils work, were loaned for the evening and included, charming studies in oil by Dorothy Day, Dolores Tanner, Jane Connelley, Wayne Coplen, and Laura Joe Asbury of Cisco.

These were described by little Miss Day, in a facile and serious fashion.

Mrs. McCullough is an established artist, of Philadelphia as well as foreign art centers, having studied in Paris several years.

Upon returning to America, she was associated with a Southern college, as instructor in art. Her success has been outstanding, and her reputation is well known.

The second part of the program was presented by Mrs. W. K. Jackson, in comments that connected one selection with the one following, carrying the thought of rhythm in various forms of art.

Mrs. R. D. Mahon read her clever Sixth District song, and responded to encore with verse, "Candle Light," with Mrs. F. O. Hunter at the piano.

Little Miss Jane Connelley read a sincere and delightful verse, "Spring."

Douglas McGlamery sang an original parody on "Have You Ever Been to Texas in the Spring," that was exceedingly clever, with original piano accompaniment by Mrs. B. E. McGlamery.

Mrs. Joseph E. Leonard gave the other side of a Texas life in pioneer form, in a poem by her grandmother, "My Prayer," with original music played by Mrs. Leonard.

Miss Florence Perkins read a delightfully quaint "Soliloquy" in musical phase, with original accompaniment by her mother, Mrs. R. L. Perkins.

Mrs. J. M. Ferrell prefaced her poem "Reunion," with interesting history of the circumstance of the story, put into tender verse. A pen and ink sketch exhibited by Mrs. Ferrell was described by her as an answer to encore.

Mrs. W. K. Jackson read a verse in honor of Mothers Day, and responded to encore, with a poem, "Understanding."

An outstanding note on the program was the drama discussion by Mrs. Scott W. Key, whose tense

presentation of the story of "The Bridge," held her audience spellbound.

Mrs. George K. Taggart read a delightful verse in her own individual vein.

Mrs. L. B. Hilyer gave an unusual selection, in tempo, and construction, and responded to encore with a verse, "Time."

Mrs. Joseph M. Perkins gave a brilliant sketch of the Pageant of Shawls, her original arrangement, for the Fine Arts Evening, of the recent Sixth District Convention in Brownwood.

The verse connecting the chapters represented by the shawls, were her own composition.

The closing number, was a brilliant piano transcription of "Egyptian Street Scenes," for which the composer received the inspiration from a recent movie picture. The groups were in three moods, gay, minor and voices. Mrs. R. L. Perkins is a natural musician, and has had but four months of piano study.

Her work is original, daring, and of unusual quality.

At close of program the guests were escorted to the punch table by the members of the Music Club, all of whom were in pretty evening frocks.

Mrs. R. L. Perkins wore orchid and lavender. Mrs. T. J. Pitts, shell pink crepe, and Mrs. W. K. Jackson, robins egg blue crepe. Piano accompanists and readers were also in modish evening gowns.

The entire affair was very brilliant, and one of the most artistic presented under auspices of clubs in Eastland.

SUNBEAM BAND

The Sunbeam Band of the Baptist church was attended by forty members at their session Saturday morning, conducted by Mrs. T. J. Pitts, in the absence of their director, Mrs. W. T. Turner.

Several songs prefaced the series and Mothers' Day poems, ready by the children, and a story about "Mother," related by Mrs. Pitts.

The children were told that the \$50.00 had been paid for the Sunbeam church, in the new Baptist treasury, from collections hereafter, of which there is at present \$5.02, would be saved for foreign mission work.

Four new members were greeted, Judine Brown, Gene Seed, Helen Marcine Brown, and Mary Wright.

The children were delighted with a telegram, received during their meeting from Mrs. W. T. Turner, from the Memphis convention.

ANNUAL WEEK ANNOUNCEMENTS OF MERCHANTS PRESENTED IN ORIGINAL STYLE

There is a saying, "They say Dutch ain't got no style," of any way merchants have some style," illustrated by Alice Jones in solo dance with Mrs. Hunter at the piano.

Higginbotham Bartlett Lumber company advertised home building in "The House That Jack Built," daintily danced by Miss Newell Grubb in a costume representing door and body and white fence running around green grass.

A parody on the rhyme reading, "This is the house that Higginbotham built; this is the fence around the house that Higginbotham built," and so on, the words written by Mrs. Joseph M. Perkins.

The Rose Beauty Shoppe sent their Mrs. Foster to put finger waves in the coiffures of the stars and who had been well entertained but who appreciated the shoppes attention.

The Piggy Wigly picnic was attended by the pep squad and Betty Bates, moving off to a jiggle about "Hokus Pocus," Miss Martin and Miss Norton decided to investigate the Bell Hurst farm and sent the pep squad on hunt for Bell Hurst farm eggs.

Weary seekers found pleasure in resting in Eastland Furniture Exchange porch chairs gallantly placed by Bobby Bates. A pretty dance presenting Marina Beauty Shoppe was given by Ruby Tin-pieces and Wilda Frost.

Brabbakers pictures "while you wait" were taken with a burlesque camera by Bobby Bates who posed the stars before this unusual instrument. The Ford Motor company presented Miss Adrienne Parvin in mechanic's costume, who solemnly read "The Ford's Psalm."

Gilbert Motor company sent a "call" for the use of the stars but the tire was down and Rob Roy Sparr called for the Hicks Rubber company tires. In attempting to adjust them the car went "hokey" and the disappearing top revealed four boys who looked rather deflated.

"Whippet, Whippet," cried Bobby Bates as he whipped a tiny tri-cycle across the stage.

The Dorey Car company responded to the pep squad call and sent them in a Dorey to the picnic where the Super Service station was presented by Miss Lucille Brogdon in a parody on "Kipling's famous verse."

The Eastland Telegram was cried by the newsy who yelled, "Jazz Mad, Jazz Mad, tonight." Sincere regret is expressed by the Music Week committee and screen slides that the Horton-Green station picture slide was accidentally lost out of the stage that had been placed for the Connelley theatre operator's use with the series of screen announcements that were special achievement of the Music club.

The story of the vaudeville closed with everyone off to the picnic and then to the reception hono-

lors by the charming Florence Perkins in a graceful solo, who waved her wand and enticed spring to appear. Costumes in sports, dinner frocks, afternoon gowns and morning attire, were modelled by Misses Vera Hearn, Lucille Brogdon, Dorothy Files, Elizabeth Day, Ruth O'Neal, Louise Graham, Nell Caton, Lorraine Taylor, Genevieve Hiles and Dorothy McCanlies.

Caton's Variety store presented the Risky Dink Kids, a trio dance by Carolyn Deas, Payonette Campbell and Ned Fairbank.

Eastland Abstract company introduced Dean Turner in a clever reading.

Texas and Corner Drug stores put on a poppy "Cosmetique Chorus" by the pep squad of high school, led by Edouard Parvin. Words of the song were written by Miss Ima Ruth Kelley and sung to tune of "Keep on Smiling."

"Garg" at this point, lends Miss Vera Hearn to try a number of hats on the stars, and displayed a lovely line of spring and summer millinery.

Texas State bank had a popular number in the duet dance by Madge Hearn and Ruth Hart, adorable in bathing costumes. Miss Hixie Beth Green at the piano.

The Freyschlag Insurance presented special music in the violin solo by Mrs. H. B. Clifton of Odessa with Mrs. C. G. Norton at the piano.

Song, "The Ginger Bread Man," introduced Davis Bakery in a musical number by Mrs. Norton's class in rhythm training. The baker boy in spotless white, Bobby Perkins, raced across the stage with a loaf of Davis bread under his arm.

Pickering Lumber company suggested building for spring in the rhythm orchestra selection, "Spring's Approach," with Mrs. C. G. Norton accompanying.

Millers Run Proof hosiery was delightfully featured by eight girls of the high school pep squad, in a dance seen from the knees down only, below a curtain raised that night.

Eastland Music company in their "closing out, leaving town" pageant, introduced a quaint little Pilgrim couple on their way with their Bibles under their hands. Eloise Johnson and McDonald Jr., with the gay measures of the happy departing Alma Williamson and Edna Clark who danced a minuet; Mrs. Joe Gibson at the piano.

Earl Bender Insurance company featured a male quartet in two popular songs presenting Mr. Van de Venter, A. Herring, E. M. Collic and Roy Camp.

The Exchange National bank was beautifully represented by Beal Smith and Anna Williamson in a tableau holding a big rainbow, behind which the West Ward school group danced "There's a Rainbow Round My Shoulder" was assisted by Alice Jones in solo dance with Mrs. Hunter at the piano.

Higginbotham Bartlett Lumber company advertised home building in "The House That Jack Built," daintily danced by Miss Newell Grubb in a costume representing door and body and white fence running around green grass.

A parody on the rhyme reading, "This is the house that Higginbotham built; this is the fence around the house that Higginbotham built," and so on, the words written by Mrs. Joseph M. Perkins.

DEDICATION COMMITTEES WILL CONFER

Meeting of All Committees Called For Monday Night.

RANGER, Texas, May 13.—All members of the various committees appointed in connection with the dedication of the courthouse are urged to attend the meeting called for Monday night at 8 o'clock on the second floor of the courthouse at Eastland by B. H. Peacock, general chairman. The committee members are as follows:

B. H. Peacock, general chairman, and Harry H. Johnson, vice chairman.

EMINENT AVIATOR SECURED

Lieut. Boggs in Lindbergh's Class at Kelly Field.

RANGER, Tex., May 13.—The Ranger Air Transport company, Inc., is virtually assured, declared Charles J. Moore, chairman of the airport committee of the chamber of commerce, Saturday.

A capitalization of \$5,000 is the goal and shares are \$500 each. Nine shares had been sold yesterday, leaving only one more to be taken.

As evidencing the interest that has been aroused in the aviation training course that is soon to be offered in Ranger, eight out-of-town men were in Ranger during the past week to arrange for enrolling when the course is ready to start.

As soon as the Ranger Air Transport company is incorporated, it will purchase a plane and will begin the training course. Lieut. Travis Boggs will be the instructor. He is a flyer of exceptional skill and experience. He was chief pilot at Stow field for the Robbins Flying Service in Akron, O., and was a co-student with Colonel Lindbergh at Brooks and Kelly fields.

Ranger is highly fortunate in securing the services of a flyer of such rank and ability as Lieut. Boggs. His old home is Dublin.

PERRY ENLARGES MILL

GORMAN, May 11.—F. S. Perry, who has done many things for the farmers of this section, has done one of the best pieces of work for them recently that he has ever done. He put in operation several months ago a feed mill which was doing good work, but did not have the capacity to turn out the feed needed. As a result he has built a larger mill and installed better machinery. His latest machine can grind a bale of peanut hay each minute of its operation and combined with stock molasses it makes a fine cow feed.

The Southwestern Bell Telephone company, operating in Missouri, Arkansas, Kansas, Oklahoma, Texas and a small part of Illinois adjacent to St. Louis, authorized gross additions to its plant, or telephone property and equipment, during March.
