## G. O. P. SENATOR SAYS HOOVER HAS BROKEN FAITH

**WANTS FARM BILLS**  
By PAUL R. MALLON, United Press Staff Correspondent.  
WASHINGTON, April 24.—Senator Smith W. Brookhart, of Iowa, leading campaigner for President Hoover in the farm bill, broke with Mr. Hoover in a speech to the Senate today, urging that Congress disregard the president and prepare to pass "a real farm bill" over his veto.

Brookhart accused Mr. Hoover of breaking his campaign pledges to the farmers and took the position that Congress should carry out the pledges by adopting legislation to place agriculture on an equal economic footing with industry.

The speech opened the second day of debate on the administration bill in the Senate as the House was preparing to vote upon amendments to a similar bill with hopes of passing it before night.

Brookhart told how he had made 200 speeches for Mr. Hoover during the campaign. In these speeches, he said, he read the Republican platform and the acceptance speech of Mr. Hoover promising equality. He contended the statements in the platform and in the acceptance speeches of Mr. Hoover differed materially from his message at the opening of the special session of Congress a week ago Monday.

After citing figures for half an hour which he said showed agriculture was not on an equality with industry, Brookhart added:

"In the campaign the president in his acceptance address and his speech at St. Louis not only spoke of establishing general equality but of specific equality for agriculture. Similar statements were made in the Republican platform adopted at Kansas City. These pledges were made to the farmers in the campaign. The president said: 'It must be solved.' He said: 'We have pledged ourselves to his solution.'

In his message to Congress his statements are different. He says no solution can be made at one time.

"I expected when I came to this special session that we would carry out our pledges that the problem would be solved. Congress has no right now, having given these pledges, to stand back because the president has said it. Let us pass a resolution over his veto. We owe it to the farmers to do that thing, and if we don't do it they will make themselves felt later."

## Big Crowd Cheers Boxing Bouts

**PLENTY OF WALLOPS IN THE SCRAPS**

**Ed T. Cox Displays Heaviest Punching Yet Seen Though Opponent Shows Stamina—Mexican Battle Brings Cheering.**

Socks that could be heard all over the auditorium and an occasional dive to the canvas, when a jolt loaded with T. N. T. landed inside the boxing program Tuesday night at the Eastland city hall the most exciting bill that has yet been offered.

Incidentally, the free will offering was the biggest thus far, \$40 being contributed toward the expense of grassing the Eastland football field.

Ed T. Cox, who used to gallop over the gridiron in years gone by, made his debut in the arena in a scrap with another former football star, Donald Daniel, in the feature bout of the evening. Daniel was game and willing but he was outweighed by probably 15 or 20 pounds and he lacked the strength of his heavier opponent.

The boys came to the center of the ring, smilingly, to hear the referee's instructions. But when the bell sounded they cut loose. Daniel's style of fighting calls for him to get set before launching heavy punches but throughout the first round Cox kept both arms swinging like locomotive pistons and gave Daniel no chance to get set. The furious pace was continued in the second round and beyond all doubt Cox landed the heaviest blows that have been witnessed in any of the boxing tournaments here. But Daniel weathered the storm and in the final round held his own. Both boys were rather tired that last round. It was a great scrap and the two were given a big hand by the crowd.

Speediest bout of the evening was between Delbert Myers and Weaver Ashburn. Their weaving, dancing style was clever in the extreme. Each was an elusive target. Myers being especially skillful at bobbing his head from side to side, causing heavy blows to miss by half an inch.

Real slugging of the toe-to-toe variety featured the scrap between J. C. Day and "Tuffy" Jordan. These boys were fast and clever but most of the time they laid aside all science and mixed it in that old "one-two" style that had the crowd shrieking.

Plenty of action Jimmy King, ex-captain of the Mavericks, put on the gloves and he and the referee staged a pretty scrap. Jimmy has a weight advantage and he swatted with such gusto that his opponent would cover up at times. But the referee was a dangerous opponent and would suddenly come out of it with a flock of blows as fast as streaked lightning.

Two former teammates—Shazo Harrell and Red Turner—met in an entertaining scrap. Both played end on the football team in 1928. Shazo had quite a bit of advantage in weight and his superior reach was very valuable. Red was a willing scrapper, however, and the setto was interesting throughout.

Another fight that was full of action was tagged by Norton and Raines. Both boys were aggressive and it was a great go.

## PAIR ARE INDICTED FOR MURDER

**They Show Speed Up In State of Impeachments**

By United Press.  
OKLAHOMA CITY, April 24.—At 10:50 o'clock yesterday morning, deputies found liquor in a residence. At 11 a. m. they arrested Les Edmondson. At 11:25 a. m. he pleaded guilty and was sentenced to 30 days in jail and fined \$50. At 11:30 a. m. he started serving his jail sentence.

**Questionnaire Causes Firing Of Instructors**

**Oklahoma Baptist University Is Latest Scene Invaded by Missouri Sex Questions—President Uses Harsh Words.**

By United Press.  
SHAWNEE, Ok., April 24.—As the result of a sex questionnaire which they were having published, the head of the department of psychology of Oklahoma Baptist university and his assistant were discharged from the faculty, Pres. W. W. Phelan announced last night.

The two faculty members, H. D. Powers, head of the psychology department, and Bernice O. Wells, assistant instructor and theological student, were the men involved in the president's action.

The questionnaire, according to Doctor Phelan, was similar to the notorious University of Missouri document which resulted in the discharge or suspension of three faculty members. Doctor Phelan in his announcement last night, described the Oklahoma questionnaire as "a vile and filthy set of questions" concerning sexual life which was "one of the most un-Christian sheets of writing he had ever seen."

Phelan said he understood Powers was a member of an organization connected with the distribution of the questionnaire at the Missouri institution and that he brought the pamphlet to Shawnee with the intention of using it in his classes. It also was understood the questionnaire was used as a basis for obtaining material for a master degree thesis.

All but three copies of the pamphlet have been destroyed, Phelan said today. These were in hands of university officials.

**SHIP AGROUND IN DANGER**  
SEATTLE, April 24.—Fear for the safety of the steamship Malt-ran, which went on the rocks at Narrows Point in Puget Sound early today, was expressed later when the coast guard received a radio from the vessel saying her fire room was shipping water.

The coast guard cutter Snohomish was speeding to her aid.

## West Ward Annual Exhibit Displayed At Night School

**Large Number of Parents Attend Unique Demonstration of School Work Arranged by Principal, Faculty and Students.**

Principal Boles of the West Ward school has the credit of demonstrating the first public school in Eastland night session, held last evening and visited by 250 parents, who registered as they entered. The mothers have daily opportunities to attend the usual day school sessions, but the "dads" are not so fortunate. And it was in consideration of this fact, as well as the desire on the part of the school faculty, that John's father should be shown just how John received his lessons and responded, that the night school was held, so the principal stated.

The school was conducted along the usual lines and had the usual attendance. In fact, every student was present. A lesson in English was put on by Miss Katie Kellum, to A and B classes in the form of a clever one-act play, "A Punctuation Party," taken part in by 16 children, with leading roles essayed by Harold Allen and Catherine Hinnard. Correct and incorrect modes of speech formed the motif. An interesting lesson was taught the class in this way.

The school's annual exhibit of student work was handsomely displayed in the class rooms and on walls of corridors. Miss Blankenship's room had a large and unusual art display, shown in a setting of wild flowers, bouquets of Texas blue bonnets and with the table made up in flowers.

Mrs. Van Geem's class room was richly decorated with roses and the desk was completely covered with the blooms with ferns at the base. A table of literature on Health and Dairy information was displayed cleverly fashioned furniture, made by the children for notable admiration. An art exhibit was very interesting, a special feature being an assortment of Indian wooden beads, the students' handicraft.

Miss Moon's class room was artistically arranged with bright hued potted plants in gay covers, and handsome ferns. A patriotic scheme was developed in Texas flags, made and painted by the students, and silhouettes of George Washington and Pilgrim notable, the clever work of the students. Cut-outs of colonial history epochs, hand tinted in water colors, made an historical setting, the display of 2A and 2B.

On the upper floor of the building, Miss Kellum's class room was found dressed in American Beauty roses and with handsome bouquets in tall floor baskets. Here English notebooks were exhibited, the records of students. Essays on Fire Prevention with original pen and ink posters, hand colored; parts of speech, assembled in note book form, and an unique display of handmade, shellacked scrap book. A "Poet's Corner" contained original verse by 12 or 15 children. Scanning, metre, rhythm and English, all taught in this vein.

Miss Nelson's classes displayed note books on History, Civil War posters and a civic display. Pink roses and honeysuckle were artistically arranged.

Miss Alfrey, art teacher, had a large class exhibit, which included screens for telephones, made of wood, cut with scroll saws, magazine racks of novel design, corner "what-nots" each painted in a different color, and embellished with transfer designs, under shades exquisitely painted and then shellacked; lamp shades sprinkled with gay beads on a wet surface and then painted with shellac; porch pillows in oil cloth tinted in wonderful array. And comic posters, of which five were prize winners in the Civic League contest put on in the fall.

Also the two Zander-Gump winning posters, of prizes offered by Mrs. M. N. Rosenquest on behalf of the Alpha Delphin chapter. Exquisitely made, and original designs.

## Safe In Church Is Blown Open; Yeggs Get \$300

By United Press.  
DALLAS, Tex., April 24.—Blowing the door off the safe in the McKinney Avenue Baptist church Tuesday night, burglars took between \$200 and \$300 in cash and escaped. The robbery was discovered today.

## Smoke Screen Rum Runner Is Shot To Death

Washington Police Fire on Liquor Car and Kill One Occupant—Is Fourth Time Smoke Screen Used in Capitol.

By United Press.  
WASHINGTON, April 24.—One of two occupants of a smoke screen shooting rum runner's car was shot and killed today by police.

He was identified as Ottmer Herman Fleming, 21. His companion, Jack Stevens, was captured after a chase.

In the rear seat were found 15 cases of liquor.

The smoke screen has been used by rum runners to escape four times within the last week in the city. Twice a pursuing patrolman narrowly escaped death when the smoke was shot into his face.

Patrolmen C. O. House and B. R. Campbell took up pursuit of the fast moving car today and, when it failed to stop, fired at the rear tires. Some of the bullets went high, killing Fleming.

## JUDGE BEEN TAKEN HOME

Judge Elzo Been, who was operated on ten days ago at the Payne-Carter hospital for appendicitis, has sufficiently recovered to be taken to his home. He is reported as doing nicely and expects to be up again within a short time.

## 25 INDICTMENTS ARE TURNED IN

The Eastland county grand jury which reconvened Monday, on Tuesday reported 25 true bills all of which were felonies. Included in this number were indictments charging violation of the liquor laws against P. B. and Walter Tomlin, who were arrested a few days ago by Sheriff Foster and his deputies.

## Jury Commission Named For 88th

J. Frank Sparks, special judge of the 88th district court serving in the stead of Judge Elzo Been, who is recovering from an appendicitis operation, appointed a jury commission composed of Fred Roberts, Rising Star; R. E. Sikes, Eastland; and Marvin Collier, Ranger, to draw juries for the May term of the 88th district court. The commission will Thursday morning at 6 o'clock.

## BEEF CANNING SESSION

Miss Ruth Ramey, county home demonstration agent, will give a beef canning demonstration Saturday at the home of Mrs. Gus Wende, two miles south of Cisco. The demonstration will begin in the morning and continue throughout the day. The public is invited to see the demonstration.

## TRIALS AT NEAR DATE IS PLANNED

Schussler and Jordan Accused By Indictment With Murder For Tampering With Railroad Switch.

Indictments charging murder have been returned by the Eastland county grand jury against Fred Jordan and Henry Schussler in connection with the wreck of a Texas & Pacific passenger train at Dothan in May, 1923, in which seven persons lost their lives. The specific charge against Jordan and Schussler, who are now serving terms in the State penitentiary on other charges, is for the death of Charlie Baker, porter on the wrecked train.

Jordan and Schussler, who are now in the Eastland county jail, made written statements to District Attorney Joe H. Jones, in which they admitted having tampered with the switch at Dothan.

District Attorney Jones stated this morning that no date had been set for the trial of Jordan and Schussler, but that it doubtless would be set within a few days. A special venire will be drawn in each case.

## LEEVEE BREAK INUNDATES 5,000 ACRES

Mississippi Overflows Large Area Near Quincy, Illinois—Many People Forced to Abandon Homes.

By United Press.  
QUINCY, Ill., April 24.—The dyke protecting the South Quincy dock, five miles down the Mississippi river, gave way under the pounding of flood waters today and inundated 5,000 acres of rich garden lands.

Three hundred residents of the area fled to higher levels as the water rose about the foundations and first floors of more than 80 homes.

The gap through which the water was rushing out onto the garden lands reached a width of 100 feet.

Torrential rains and high winds caused apprehension along a forty-mile water front north and south of here. The rain was heralded by deep rumbling thunder and brilliant flashes of lightning, which added to the terror of those who were driven from their homes.

It was estimated unofficially that an inch of rain had fallen between dawn and 9 a. m., and there were no signs of a slackening.

## Maybe Gene Will Get a Contract In Vaudeville

By United Press.  
AMARILLO, Tex., April 24.—Gene Howe, Amarillo editor, whose column "The Tactless Texan" described Mary Garden as "so old she tottered" is going east for good and glory.

Howe is not deserting his beloved Texas Panhandle and Amarillo citizens who backed him in his criticism of Chicago's own Mary and her opera company. He is only taking a vacation, he says, and answering the requests of eastern publishing houses to "come on over and write for us a while."

Gene wrote of his plans in his column and took occasion to deny again that the "little one" horse editor out in the desert ever was guilty of intentionally belittling or criticizing anyone in order to gain publicity. He admitted, casually, however, that the little publicity which follows an innocent criticism of an opera is not altogether disagreeable.

**Col. Hugh Nugent Fitzgerald**

News from Washington that "experts differ over farm bill" sounds familiar enough to be true. And how could they qualify as experts unless they did differ.—Saginaw Daily News.

Hoover and the Farm Relief Pres. Hoover is opposed to price fixing of farm products. He is opposed to government subsidy, direct or indirect. He is opposed to elaborate machinery. He is opposed to what he calls a tax upon the farmer. Makers of the house farm relief bill eliminated all these objections when they drafted the bill. They did not include the debenture plan.

New the agricultural committee of the senate has authorized the raters of the senate bill to include the debenture plan. Pres. Hoover is opposed to the plan.

Cheapening of the Toller "In a large sense we have learned that the cheapening of the toll decreases rather than promotes permanent prosperity because it reduces the consuming power of the people" reads the Hoover message. Those who doubt it are referred to China, India and other nations where the cheapening of the toll has destroyed the purchasing power of the masses.

Prison Population of Texas Gen. Mgr. W. H. Mead of the Texas State prison system has let it be known that the estimated prison population of 5,000 the first year and 6,000 the second year of the next biennium calls for a larger appropriation than in past years.

He gave the figures for last year. He declared the system cost the taxpayers only \$390,000, it having returned to the State treasury all other expenses which exceeded \$500,000. He let it be known that the crops on the prison farms are promising that if there is no lack the outcome for 1929 will equal or exceed that of 1928 and as return a large sum of money to the treasury.

Prison location is a demand of the people. Prison centralization will be in prison centralization. Centralization with modern methods employed in the handling of convicts, will lessen the load taxpayers are carrying.

Texas Women Wage Earners A survey has been completed by the state department of labor. Approximately 30 per cent of employees in the various establishments of all kinds over the State are women.

Of the establishments inspected there are 4,660 employees, and on an average 30,076 were men, 12,000 were women and 1,151 were children. Of the male employees 71 per cent are married men and the female employees 37 per cent are married women.

Only 39 per cent of the female employees in all classes of establishments were found to earn as much as \$15 per week. 32 per cent received between \$10 and \$15 per week, while 29 per cent received less than \$10 per week. Of the male employees in all classes 55 per cent earned \$15 or more per week. Of course, the survey did not cover "away down the farm" where men and women and children work long hours on the season is on with no thought of a fixed wage schedule.

**State Singers to Convene in June**  
The fifth annual meeting of the G. O. P. Sunshiners singing convention, which is State-wide in its scope, will meet on June 8 and 9 at Colorado, according to Judge L. Rust of Eastland, who is president of the organization. M. J. Rust of Abilene is secretary.

**Christian Scientist to Give a Lecture**  
The Christian Science Society of Eastland announces a free lecture on Christian Science to be given at the Eastland city hall by John H. Dunn, C. S. B., Boston, Sunday, May 12, at 3:30 p. m. The lecture is free and the public is extended an invitation to attend.

## SCHOOL CHILDREN INJURED AS CYCLONE HITS BUILDING

ELKHART, Tex., April 24.—A cyclone struck Slocum about 12:30 p. m. today, levelled practically every house in the village of about 300 people, wrecked the wooden school house and injured many, reports received here an hour later said.

Three children were injured seriously and may die, F. B. Barker, Elkhart citizen, who visited the town and returned, reported. He left again a few minutes later with others to aid in relief work.

The children were believed to have been caught in the school when it collapsed.

Between fifty and sixty children were in the school at the time, it was said. The more serious injured were two Turner children and one Melve child, Barker said.

A path nearly two miles is reported to have been swept by the twister. It was not felt here.

Slocum is in the southeast part of Anderson county and ten miles east of here.

A CLEANER RACE. For a number of years the bathtub, together with the habits of personal cleanliness which go with it, has been a pre-eminently American institution. Now, however, it appears that its popularity is extending all over the world.

From the Bush terminal in Brooklyn, where cargoes are shipped to every port on the globe, comes word that more bathtubs are being exported now than ever before.

"Ships for every conceivable place are carrying out tubs from the Bush terminal piers," says a statement from the company. "China, the Philippines, Brazil, are getting tubs. So are Sabang, Padang, Batavia, Cheribon Samarang, Soerabaya, Cape Town, Taku Bar, Hong Kong, Delagoa Bay, Rangoon, Penang, Piraeus and Mendi. American soap is going along with the bathtubs."

This, of course, means prosperity for the American makers of plumbers' supplies. It also means a much higher general average of cleanliness for the race as a whole.

Dance Pavilion On Highway Is Raided "Bitch" Griffin and John Curtis of Eastland were arrested Tuesday night by Sheriff Virge Foster and Deputies Steele Hill and Loss Woods on charges of possessing intoxicating liquors. The officers made the arrests at a dance pavilion on the Bankhead highway about three and one-half miles west of Eastland.

Griffin, the officers said, had two pints of liquor in his car. Curtis had one pint, which he broke before the officers could get hold of it, according to the officers.

It is stated that citizens residing in the neighborhood of the dance pavilion have registered protests with the officials of the county against the dances being permitted.

Griffin's and Curtis' bonds were fixed at \$1,000 each.

TODAY'S STOCKS

Table with 2 columns: Stock Name and Price. Includes Chrysler Corp., Standard Oil, Gulf Oil, etc.

RELEASED ON BOND

LAREDO, Tex., April 24.—Liberated on \$3,000 bond on charges of murdering Harry Williams, newspaper reporter, Deputy Constable E. J. West and City Traffic Officer Tom Hernandez were planning their defense today. Their case will probably be heard at the May term of district court here.

IS ACCIDENTALLY SHOT

PL. WORTH, April 24.—Shot while returning home from school by a Mexican boy who was shooting birds with a .22 calibre rifle. Corn Bell Simmons, 7, was making a fight for life today in a Ft. Worth hospital. The bullet entered her breast and lodged in her hip. The boy was placed under bond Tuesday on a charge of juvenile delinquency.

OUT OUR WAY

THE LADIES AID

REG. U. S. PAT. OFF. J. WILLIAMS 1929, BY REG. SERVICE, INC.

WATCHING THE SCOREBOARD DAILY WITH UNITED PRESS

BASEBALL

Yesterday's hero—Barney Friberg, second-string shortstop, who tripled with two out and two men on base in the eleventh inning, giving the Philadelphia Phillies a 3 to 1 victory over the New York Giants in the opening game of the season at the polo grounds.

Table with 4 columns: Club, W, L, Pct. for Texas League, American League, and National League.

With big Ed Morris pitching brilliantly, the Boston Red Sox beat the New York Yankees, 4 to 2. Morris allowed but six hits, three of them by Dorochev.

Hit by Goslin, Judge and Hayes enabled the Washington Senators to take an 11-inning game from the Philadelphia Athletics, 4 to 3. Al Simmons made his first appearance of the season in the Athletics' lineup as a pinch-hitter in the eleventh, drawing a walk.

Lu Blue's two home runs featured the St. Louis Browns' 11 to 5 victory over the Detroit Tigers. Gehrmeyer and McManus of the Tigers also hit homers.

Earl Averill's triple in the seventh scored two runs and tied the score and the Cleveland Indians beat the Chicago White Sox in the ninth, 5 to 4.

ONLY 27 LEFT IN PYLE'S RACE

By United Press. COLLINSVILLE, Ill., April 24.—C. Pyle's plodding marathoners left for St. Louis today without Harry Rea of Long Beach, Cal., who developed fallen arches a few hours out from Vandalia yesterday.

John Salo, Passaic, N. J., won yesterday's race, tearing off the 50.8 miles from Vandalia here in 3 hours, 12 minutes and 50 seconds. Paul Simpson, Burlington, N. C., followed Salo across the line 6 minutes later, and Pete Gavuzzi, who retains his elapsed time lead, arrived in third place. Of the 172 starters, but 27 were in the competition today.

NOTED SPORT WRITER DIES

OMAHA, Neb., April 20.—Samuel G. V. (Sandy) Griswold, 80, for 20 years sporting editor of the Omaha World-Herald and numbered among the deans of American sports writers, died here today after a lingering illness. Death was due to a heart attack he suffered last Feb. 1, when he was forced to leave his desk.

ICE CREAM SUPPER

The Grapevine home demonstration club, which is the women's club of that community recently organized, will give an ice cream supper Friday night, April 26, for the purpose of raising funds with which to buy the necessary equipment for the new club. The public is most cordially invited.

OLD TIMERS ARE SWATTING APPLE

By GEORGE KIRKSEY United Press Staff Correspondent NEW YORK, April 24.—Old favorites are setting the early pace for the major league hitters.

Only one newcomer—Ed Phillips, Detroit catcher—has broken into the charmed circle in the early games. Lu Blue, veteran St. Louis Browns' first baseman, and Charley Cleveland, outfielder, are tied for the batting lead in the American league along with Phillips. Each has an average of .500.

Three of the five leaders in the National league are veterans who are enjoying lullabys in new uniforms. Lefty O'Doul, who was traded to the Phillies last season by the New York Giants, and George Harter, who was shunted to the Boston Braves by the St. Louis Cardinals, are tied up for the lead in the National league, each batting an even .500 clip.

Following Babe Herman, Brooklyn outfielder who holds third place, is Rogers Hornsby, last year's National league batting champion who was sold to the Cubs during the winter by the Braves. Herman is batting .462 and Hornsby .450.

Not the least remarkable thing in connection with the early American league successes is the heavy hitting of Lu Blue and Charley Jamieson. Blue was thought through when George Moriarity of the Tigers traded him to the Browns a year ago, but he played in every game last season and was one of the reasons why the Browns landed in third place. In eight games thus far, Blue has hammered out 15 hits, scored 11 runs and hit three home runs, leading the American league in the latter respect.

With his job threatened by Bill Falk, Jamieson, who is now in his fifteenth season in the American league, is playing some of the best ball of his career. His great hitting and fielding have helped the Indians get away to a flying start.

Fonseca is another Cleveland veteran who is playing better than ever before. The former second baseman who got the Indians' base job because there was no one else to play it seems likely to remain there all season.

EXTRA CHUKKER NECESSARY TO DETERMINE WIN

Games today: Fort Worth at Dallas. Waco at Beaumont. San Antonio at Houston. Shreveport at Wichita Falls.

LAST GAME OF SPRING FOR SQUAD

RANGER, Tex., April 24.—The Ranger High school Bulldogs will close their 1929 spring training program, Saturday afternoon when they meet the Fort Worth Central High school team at Lillard field at 3:30 o'clock.

It will be the final game this spring for the maroon and white clad lads and will bring to a close one of the most strenuous stretches of pre-season training a Bulldog squad has ever been subjected to.

Ranger Games

Following is the correct schedule of Ranger football games for this season, as announced by Coach Esker Curtis Monday afternoon: Sept. 14—Big Spring at Big Spring. Sept. 20—Brownwood at Brownwood. Sept. 27—Central High at Ranger. Oct. 5—Eastland at Ranger. Oct. 12—San Angelo at San Angelo. Oct. 19—Sweetwater at Ranger. Oct. 25—Open date. Oct. 25—Abilene at Abilene. Nov. 2—Open date. Nov. 11—Cisco at Ranger. Nov. 16—Mineral Wells at Mineral Wells. Nov. 23—Open date. Nov. 25—Breckenridge at Breckenridge.

It will mark the end of the first part of Coach Esker Curtis' efforts to mold a machine that will successfully combat what nine class A schools will have to offer this year when the curtain goes up on the hot sketch. While his charges have gone through the preliminary paces during the past two months Curtis has picked the wheat from the chaff, the seasoned material from the green, as it were.

When the Central aggregation swoops upon Lillard field Saturday afternoon it will in all probability meet as a starter the team upon which Ranger will pin its hopes in the "games that count."

Wednesday afternoon the Cisco High school team will meet choice second and third string men at Lillard field. No admission will be charged for this game as no expense will be incurred.

A large crowd is expected to witness the Central-Ranger battle Saturday afternoon.

Abilene R. R. Man Feels Fine Every Day Now

Wallace Says He Is Full of New Life and Energy Since Taking Orgatone.

W. E. Wallace, well known employee in the freight department of the Texas & Pacific Railroad, is still another citizen of high standing who comes forward with his unqualified endorsement of Orgatone. While in the Drug Store, Mr. Wallace said:

"My improvement in every way has been more than satisfactory and I don't hesitate to endorse such a fine medicine as I have found Orgatone to be. I hadn't been feeling at all well for the past year, I suffered from stomach trouble and indigestion. My work required me to stay in all day and I had become so rundown that I was easily tired out and I didn't feel much like work. I can't describe just how I felt, but I know I needed something to relieve my stomach and that tired, drowsy feeling and build up my strength and energy."

"Orgatone just hit the spot exactly and I now feel like a different man. Why, before I took it I had no appetite but I am hungry all the time now and can eat anything without the slightest bad feeling afterward. I sleep fine, get up in the morning feeling fine, and my daily task is much easier. My indigestion is gone, my tired, worn-out feelings have left me and I simply feel altogether different."

Gepuine Orgatone is not a so-called patent or secret remedy but a new scientific bile treatment and is sold in Eastland exclusively by Toombs & Richardson Drug Company who are direct laboratory agents.

IT'S DANGEROUS GROUND you stand on—with a cough, a cold or gripe, and your blood impoverished. You must do something! Dr. Pierce's Golden Medical Discovery makes richer blood—builds health and strength.

Mrs. Beatrice Merriam of 488 Terry St., Dallas, Texas, remarked: "Dr. Pierce's Golden Medical Discovery is a splendid family medicine and one that I generally keep in the house. I always give it to my children for coughs and colds. My little girl has been especially benefited by taking this medicine. Diphtheria left her with bronchial weakness and she got rundown, thin and puny. I gave her the 'Golden Medical Discovery' and it built her up in health."

All druggists. Tablets or liquid. Send Dr. Pierce, Buffalo, N. Y., 10c if you desire a trial pkg. of tablets.
