

Eastland Evacuating For Cross Plains Battle Veterans' Day Observance Ready

Mavericks Are Underdogs In Top Loop Tilt

By NORMAN WRIGHT
With the Mavericks fighting with their backs against the wall at Cross Plains Friday afternoon at 2:30 in an effort to clinch at least second place in the final District 7-A standing, Eastland fandom is preparing to evacuate this city in droves on the Nov. 11 holiday to attend the top 7-A tilt of the week.

There is very little that can be said to bolster the hopes of Eastland rooters because any way you cut it the odds seem to settle in favor of the Buffaloes. They've got a better all-season record than the Mavs and their lone conference defeat at the hands of Ranger was a much closer game than the 25-0 score would indicate.

As far as we know the Buffaloes are minus any real or imaginary injuries and, after all, the Mavericks do have a star player and one of their leading ground gainers, in the person of Lupe Herrera, piled up in bed with his leg in a cast, and they've had only one week to find a replacement for him. Lupe broke his left ankle trying to retrieve a quick kick last week at Wylie.

Lupe was the kind of player that carried the fight to the enemy and wouldn't stop digging no matter how many tacklers were hanging onto him. He was always fighting for that extra yard and played extremely well on the defense. In the case of replacing a player like that you just have to

THOUGHT FOR TODAY: "The cost of living is always a problem; with inflation you worry about the cost, and with deflation you worry about the living."—(Gleanings)

Christmas thoughts are happy thoughts and it was enjoyable the other day to sit in on a meeting of the trade extension committee of the Chamber of Commerce, which is planning the pre-Yule downtown events (with a Santa feature and five turkeys to be given away Dec. 10, and 17, and Santa to return Dec. 23).

There'll be such other things to radiate Christmas cheer as the square's decoration with strands of varicolored lights. It's going to be an interesting and Christmas-spirit spreading program and all us should tell our friends about around the county — and cordially invite them to be present these seasonal features.

Here's one we got a chuckle out of:

The Sunday school class was composed of three-year-olds. The teacher asked: "Do any of you remember who St. Matthew was?" No answer.

"Well, who was St. Mark?" Still no answer. "Surely someone must remember who Peter was?" The little faces were full of interest, but the room was

Gather Gifts For Sending Vet Hospitals

It is nearing Christmas again and the ladies of the American Legion Auxiliary are getting together gifts to mail to Veterans' hospitals. Bedridden and disabled veterans who cannot get out to Christmas shopping, make their selections from these gifts for their loved ones at home. The gifts are then packed, with card signed by the veteran himself enclosed, and mailed to his family as instructed by the veteran, by hospital representatives of the auxiliary who are donating their time for this cause. This little project brings more happiness to the veterans than receiving gifts themselves.

If the public wishes to assist in this project, any gift or donation will be gratefully accepted, and boxes are placed in the stores of Carl Johnson, Perry Brothers, Martha's News Stand and the Men's Shop, in which these gifts can be dropped, or you may call some member of the American Legion Auxiliary and your gifts will be called for.

The American Legion Auxiliary is also having a party at the American Legion Hall at 7:30 (Continued on Page 2)

Eastland's first United Fund finance campaign is believed to be assured of success, according to U-F President Tom Wilson.

Mr. Wilson stated that a check-up of receipts through Wednesday showed that only \$334 was needed to reach the \$6,500 goal.

Drive Chairman Bob Perkins and President Wilson were of the opinion that when all solicitors shall have reported, the drive will be "over the top."

Agencies which will receive backing from the United Fund are the YMCA, the Boy Scouts, the Salvation Army, the Red Cross and the United Defense Fund.

Eastland's unit was organized early this year and the fund campaign was launched the first of November.

Messrs. Perkins and Wilson expressed themselves as deeply pleased with the faithful efforts on the part of the workers and the generosity of the donors.

Chief Tompkins Tells Success of Navy Recruiting

The Navy recruiting office has announced that October was one of its most successful months in obtaining volunteer enlistees.

Although the Navy is taking advantage of the Selective Service for the procurement of a limited number of men, the Navy, Chief Tompkins said, is determined to meet its present manpower shortage with volunteer regulars.

Many new inducement programs are now available to deserving young men and women. Among these are the High School Graduate Program which assures an enlisting high school graduate a Navy service school, and the Airman Program which puts aviation minded men in that vital echelon of the Navy. Then there is the "Buddy Plan" which allows friends to enlist together and remain together throughout their training. These programs and inducements are not available to inductees, however, they may re-enlist in the regular Navy at any time and become eligible, for assignment to one of many Navy service schools.

Chief Tompkins added that men enlisted or inducted prior to November 18th, will be eligible to come home on Christmas leave. Every effort is therefore being made to enlist all November Navy applicants before that date.

Fund Drive Of Eastland Band Under Way

Howard E. Gill, band director, Eastland schools, announced that the band's annual fund-raising drive began Wednesday, following a meeting of the Band Boosters Club Tuesday night at the band hall.

Two plans for raising the funds have been set up — sale of magazine subscriptions and a membership campaign.

The magazine subscription enterprise will be a year-round project and the band students will do the soliciting which the Band Boosters Club will keep the records for them. Anyone who wants to order magazines through the band is asked to phone Mr. Gill at 142.

The intensive membership drive got underway also Wednesday. This membership — formerly \$3 is now 50c a person and \$1 a couple or family. This is so all citizens may join the Band Boosters Club and have a part in the program for the band. "We want everyone to belong," said Mr. Gill, who is moderator for the Band Boosters Club. Membership will entitle one to free admittance to all concerts and programs given by the band starting now and ending next September. The director is planning a band program for December or January.

These two projects were planned at the club meeting to be employed instead of putting on so many drives, and it is hoped that funds enough are raised to purchase band uniforms at the close of this school year.

"We have about a thousand dollars in the treasury at present and it will take about thirty-five hundred to purchase the uniforms," said Mr. Gill.

Eastland's annual pre-Christmas colorful downtown features have been announced by the sponsoring Chamber of Commerce.

They will be held two Saturdays and a Friday on the square, which will be seasonally decorated, according to Chairman Carl Johnson of the C of C trade extension committee, which met this week and laid plans for the events.

Lengthy strands of Christmas lights were purchased year before last and will be strung, as in the past, from the top of the Courthouse to corners of the square, and then criss-crossed at these corners, to form a brilliant tent-looking decoration. The lighting scheme is to be turned on Thanksgiving and will not be turned off until after Christmas.

Saturday, Dec. 10, and Saturday, Dec. 17, Santa Claus will come to town on a fire truck and chat with the children and give them Christmas candy. Five turkeys will be given away on each of these two Saturdays to persons holding lucky numbers. The books of numbers for these drawings will be supplied to business firms by the C of C at cost. Persons must be present to win. Then on Friday, Dec. 23, Santa will make his concluding appearance in this series. So close to Christmas, this occasion is expected to be of special interest to the little-folk.

Members of the committee planning the series are Chairman Johnson, Herbert Ekert, Tom Wilson, Clyde Young, Earl Lebrodo and James K. Smith. Meeting with them in their kickoff session were Chamber President Hubert Westfall, Chamber Manager H. J. Tanner and Editor Floyd W. Casebolt of the Eastland Telegram. Volunteers from the committee will solicit sufficient funds to conduct the Christmas program.

Observations of night-opening during the Yule season will be left up to the individual merchant.

Veterans' Day Holiday 11th

Tomorrow—Veterans Day — will be a stores-closed holiday in Eastland, the Chamber of Commerce has announced.

Chief morning interest will be the Veterans Day observance downtown sponsored by the American Legion and the VFW.

In the afternoon many Eastlanders will journey to Cross Plains for the Eastland-Cross Plains football game.

Also meeting with the zone representatives was the deputy district governor, Sandy Smith, of Brownwood.

V. T. Seaberry On Tex. Courts Building Panel

Virgil T. Seaberry was named by Governor Shivers Tuesday as one of the five advisers to help plan the new state courts building.

Mr. Seaberry, Eastland attorney, served the past year on the board of directors of the State Bar of Texas. He and the four other men named by the Governor will work with the state building commission planning a new home for the state's high courts in Austin. The commission also is planning another general state office building to help relieve overcrowded conditions at the Capitol.

The others appointed are A. J. Folley of Amarillo, former member of the Supreme Court; Ed Gossett of Dallas, general attorney for Southwestern Bell Telephone Company; Dan Moody of Austin, former governor of Texas, and J. Neils Thompson of Austin.

A year ago an amendment to the Constitution was voted to use the money in the Confederate Soldiers' Fund for building the state's courts. The legislature met and appropriated \$3 million for constructing the Supreme Court Building.

The five appointees will work with the board composed of the Governor, the Attorney General and the chairman of the Board of Control.

Grid Pictures Give Program For Lions

Local Lions were shown films of the Eastland-Rising Star football game at their regular meeting Tuesday in Fellowship Hall at the First Methodist Church. Coach Carrol Shelton explained the plays as they were run off. It was the last game filmed for the Mavericks as the camera was not taken to Wylie.

The camera was bought for the Mavericks at the beginning of the season by the Eastland Quarterback Club. James Reid has been operating it at the games.

Lion President Harold Reese announced that the Eastland Club was first in attendance in this zone, and fifth in attendance in the district. A drive for new members was announced for January.

Lion W. K. Cooper was in charge of the program.

LEGION - VFW FRI. PROGRAM OPENING AT 10

Arrangements today were complete for the Veterans Day program which will be staged under American Legion - Veterans of Foreign Wars sponsorship on the Eastland square Friday morning. A colorful beginning will be held when the Veterans Day parade traverses the square.

"All veterans are urged to be in the parade," said Pat Murphy, Veterans Day observance chairman, "and those who have uniforms are invited to wear them, as they would be quite appropriate for the occasion."

At 10:30, former Lieut.-Gov. John Lee Smith of Lubbock will deliver the principal address, at the southwest corner of the square which will be followed by the placing of a wreath at the veterans monument there.

Sounding of taps and the firing of a salute will bring the occasion to a close.

Tonight—on the eve of this patriotic occasion—the VFW will meet and a large attendance was requested by post officials.

Her brother, the late T. G. Jackson, was buried in Eastland earlier this year.

HEARING ON ASSAULT DUE IN FRANK CASE

Charged with assault, four teenage Eastland boys were to appear at the Eastland County Courthouse for a hearing today in connection with a Halloween prank. A fifth boy, under 17, had not been so charged.

Mavericks—

(Continued from Page One)
get somebody to play his position and hope for the best.

It would be fruitless for Eastland to hope that maybe Cross Plains might be "off" for this game because that is not likely to be the case. They know that Eastland has a fair to middlin' country club ball and they've prepared accordingly.

Nothing would suit Cross Plains better than to clobber Eastland and then hope to high heaven that a miracle could take place and Eastland would beat Ranger. That way the district race would end in a three-way tie.

About the only thing on which Eastland can pin their hopes is that the Mavericks are clicking and it's "their day." There have been times when the Mavs played such good football in "spurts" that nobody could beat them, but those spurts have all too frequently dwindled into a squirrel trail and ran up a tree.

If the Mavericks' passes are working as they did in the Granbury game they might have a chance. The Mavs couldn't miss a ball that night and they had one of their spurts agoing.

A lot in this game is going to depend on fumbles and penalties. The Mavs are noted for fumbling and, believe it or not, they have been penalized 160 yards in the last three games, 80 against Gorman, 35 against Rising Star and 45 against Wylie. That won't get it.

At the same time, however, the Mavs have racked up the prodigious total of 833 yards rushing in the last three games against 154 for their opponents. They had 294 to 152 against Gorman, 275 to minus 15 against Rising Star, and 264 to 17 against Wylie. Only 2 net yards have been made against the Mavs in the last two games, and only 4 first downs.

In the pass department the Mavs have completed only 5 out of 18 in the past three games for a total of about 50 yards. They completed 2 out of 8 against Gorman for 10 yards, 2 out of 7 against Rising Star for 22 yards, and one out of 3 against Wylie that resulted in a pass and run combination for 51 yards.

A record of 5 completions out of 18 against three weak opponents is sad. It doesn't take more than a third grader to tell you that something has got to improve in this department before Friday or everybody might as well stay at home.

We sincerely hope and trust that Eastland wins the ball game, but we'll believe it when we see it.

quiet. Finally, a tiny voice came from the back of the room.

It's home - stretch time for the United Fund drive. All who — for any reason — may have been missed in the solicitation will do the campaign (which needs the money) a great favor by turning in their donations. . . . Rangers Lead Pioneer Loop In Rushing Yardage

With only two games remaining for all Pioneer Conference teams, the San Angelo Rams, now a seeming sure-bet to win the loop title for the season, continue to lead the league offensively with a total gain of 2,310 yards in eight games. That's an average of 290 yards per contest.

The Rams also lead in total passing with a net gain of 1,066 yards in the air. They've completed 72 of 163 pitches for an average gain of 133 yards per contest. The Ranger Junior College Rangers lead in rushing with a total ground gain of 1,278 yards in eight games. The average is 159.75 yards per game.

Leading defensive team is the Arlington State Rebels who have allowed eight opponents 1,514 yards. That's an average of 189 yards per game.

Individual honors are hogged by three teams. Walter Schulle, Schreiner Institute's splendid half-back is the leading kick-off returner and rusher. He has returned nine kick-offs for 256 yards and has piled up 467 yards on 95 carries for an average of 5 yards per run. The leading passer is Jim Har-

din, Arlington State's steady quarterback, who has completed 51 of 128 pitches for 900 yards. That's an average of 18.4 yards per completion. He's trailed by Jerry Flemmons of Tarleton State who has 43 completions out of 71 attempts for 797 yards.

San Angelo claims all other top performers. Norman Roberts, half-back, is the leading pass receiver with 14 catches for 277 yards. Halfback Fred Arnold leads in punting with 11 kicks for 446

yards, an average of 40.6 yards per boot, and Walter Kidd leads in punt returns, eight for 115 yards.

Leading scorer is San Angelo's Clyde McLean who has six touchdowns for 36 points.

The Pythian Sisters held their regular meeting Monday night at Castle Hall, Temple 72.

It was announced that on Monday, Nov. 14, Grand Chief Ina Maley will make her official visit. All Sisters who can do so are urged to attend. They will meet at the White Elephant Cafe for dinner and then go to the Temple for the business meeting, followed by refreshments there.

Tuesday, Nov. 15, the Knights of Pythias will be the guests of the Pythian Sisters at their annual roll call at 7:30 p.m. at which time everyone is to bring their dime boxes for the funds to be sent to the "Home" at Weatherford for the children's Thanksgiving, Christmas and Roll call. There is to be this one donation for all three causes.

The Sisters are giving a covered-dish supper for the Knights on this occasion and each Sister is to bring a dish, it was announced.

Present at the meeting were Most Excellent Chief, Mrs. Sam Herring, and Mmes. J. C. Poe, Ina Jordan, Don Daniel, Ott Hearn, J. Campbell, C. C. Street, Eastland; Mrs. Ina Jordan and Mrs. Luda Lewis, both of Cisco.

Homemakers of First Baptist Install Staff

Mrs. Victor Cornelius was hostess to the Homemakers Class of First Baptist Church for its monthly covered-dish supper Tuesday night at her home, 308 E. Main street.

Mrs. Roy Young, teacher of the class, offered the invocation. Covers had been laid at the long dining table and several quarter tables for the diners and centerpieces were bouquets of castor beans.

After supper, Mrs. Carl Timmons gave the devotional, followed by the installation of the class officers, conducted by Mrs. M. A. Treadwell Jr. Mrs. Treadwell took the "Cross" as her theme and likened the class officers to the Disciples as she asked them to "Take Up the Cross and Follow Him." The benefits and satisfaction of serving and developing spiritually and the blessings gained therefrom were stressed by Mrs. Treadwell as she asked each officer to build to the Cross on the table and handed each a candle. As each lighted her candle from another's candle the light grew, symbolic of shedding the light of His word.

Class officers present were installed as follows: Mrs. Artis Liles, president; Mrs. Winona Davis, vice president; Mrs. Victor Cornelius, secretary; Mrs. C. T. Lucas, assistant secretary; Mrs. Roy Young, teacher, and Mmes. Carl Timmons, O. L. Hooper, Arla E. Hallford, Earl Stephens, T. L. Amis, C. T. Lucas and Mary Hancock, group leaders.

Mrs. Liles announced the Christmas party for Dec. 9 and its program, to be given by Mrs. Minnie Hill, business department, Cisco Junior College, who will speak on her trip to The Holy Land and show the colored films of the places she visited there.

Mrs. Hill's talk will be interspersed with solos, germane to the subject, sung by Jack Chambliss, chairman of the division of fine arts, Cisco Junior College.

Mrs. O. L. Hooper was appointed chairman of the decorations committee; Mrs. Timmons of the menu committee, and Mrs. Hancock of the program committee.

Mrs. A. W. Cartledge was asked to send sympathy cards to bereaved members. Mrs. Hancock, who had mimeographed the yearbooks, distributed them. The president expressed appreciation to her for her work.

Present were Mmes. Hancock, Davis, Hallford, Stephens, Lucas, Timmons, Young, Hooper, Cartledge, Liles, Florene Miller, Marvin Hood, Floyd Casebolt, Frances Zernial, Donald L. Kinnaird, H. M. Hart, Iral C. Inzer, Versie Bell, Ita Parrish, T. L. Amis, Don Daniel, C. C. Cornelius and the hostess, Mrs. Victor Cornelius, members: Mrs. Treadwell, Miss Mabel Hart and the hostess' laughter, Mrs. Jack Germany, guests.

Mrs. W. Q. Verner, hostess and leader, presented those on the program.

Mrs. E. E. McAlister gave an article, "Sunshine on a Dirty Face," the story of a childless

middle-aged Negro couple who adopted and educated nine children.

"Why Don't We Take More Time to Live?" an article by Dorothy Thompson, was given by Mrs. Opal Cross, who stressed the wise use of leisure time, the value of travel and other worthwhile ways to make the most of leisure time.

Mrs. Wendell Siebert, assisted by Mr. Siebert, showed a film, "A Penny's Worth of Happiness," an overseas relief picture of displaced children being taken to homes of families in Switzerland for a brief period.

Mrs. J. C. Whately, president, presided, and Mrs. Eldress Gattis, secretary, read the minutes and correspondence.

Roll call was inspiring as each member present answered with a quotation of words to live by.

Present were Mmes. Verner, McAlister, Cross, Whately, Gattis, Ella Birmingham, Anna Grace Bumpass, D. E. Frazer, H. L. Hassell, Rudolph Little, Thura Taylor, Hubert Westfall, Miss Verna Johnson, Miss Eunice Nall and Mr. and Mrs. Siebert.

'Art for Your Sake' Is H-SU Artist's Topic At League Meet

Dr. J. B. Smith, art department head, Hardin Simmons University, spoke on "Art For Your Sake" at the Civic League and Garden Club's meeting Wednesday afternoon at the Woman's Club.

Dr. Smith, who is listed in Who's Who in American Art, began his lecture by stating that the General Federation of Women's Clubs, meeting in 1929 in Seattle, said "America is entering a renaissance of art" and that it should be a required course in every school and every college.

The field of art is one aspect of living — the connection between beauty and the workings of things. "Everything you use and touch in your house and everything you buy goes across the drawing board" — is drawn by an artist, who may work with an engineer in designing, manufacturer, or independently, the speaker pointed out.

Clothes are designed by artists — even a pencil by an industrial artist, designs in newspapers by advertising artists, paper money is designed by an artist or a coin by a sculptor, the modern car, kitchen and everything in it, including the special devices for each task, are drawn by artists. The kitchen is the most artistic room in a home, the bathroom next, the bedroom next and the living room last, he explained.

"Art is not detached and something to be looked at; it is usable and functional; lines, form, tones, colors and textures make the language of art whether it be a picture, pencil or locomotive." Dr. Smith declared. One should look at art to see what the artist is trying to say just as one reads a book to see what the other person says, added the speaker.

In planning a town art has to do with the very beginning of the building, sidewalks, paved streets, curbs and plantings on parkways, which first must be functional, convenient and free of traffic hazards. Art is functional and not just applied decoration, he emphasized.

For a home, both back and front yards should show personality. The speaker then discussed modern art, saying "it is a serious attempt to say something personal — it is warm and human."

At the business session prior to the program, Mrs. Arthur Murrell, president, presided and Mrs. Jack Frost, recording secretary, read the minutes and correspondence.

Mrs. W. S. Poe, chairman of the club's Memorial Fountain, urged the women to attend the memorial service at the fountain at 11 a.m. Armistice Day. Mrs. Tom Wilson reported that Dec. 1 is Safe Driving Day and that the cooperation of women's clubs is urged in this project as more than half of the drivers are women.

Mrs. Clyde Grissom moved that the club spend its beautification fund on beautifying the inside and outside of the Woman's Club such work to be done at the discretion of the clubhouse board and beautification committee, and the club voted to do this. The president recognized the members of the Thursday Art Club and the teachers of the city, special guests.

Mrs. E. Roy Townsend, leader, introduced the speaker and Mrs. Horace Horton, program chairman for the year, presented Mrs. Townsend.

Mrs. Murrell presided at the silver coffee service assisted in serving by Mrs. W. P. Leslie, chairman of the hostess committee, and others of the committee.

Mammoth bronze chrysanthemums in a brass container, flanked by a pair of quail and gold candles which burned in brass holders, a copper tray of cookies and brown and yellow napkins graced the table. Adorning the piano was an arrangement of autumn leaves and chrysanthemums.

About 75 members attended.

Weak Cool Front Moves Into Area This Morning

A weak cold front, just about as natural during the past week as the sun rising in the morning, moved into the Eastland County area Friday morning.

However, the mild front was expected to have little change or present temperatures.

The new front was extended south of Lubbock Wednesday evening and was not bringing any moisture into the areas it had passed.

Weather was just about the same over most of the state Wednesday. Cool, biting temperatures and partly cloudy to cloudy skies was the weather order of the day.

Little rain was reported at Corpus Christi, College Station, Lufkin, Beaumont, and Houston Wednesday afternoon. Tuesday's cold front, which is still affecting this area, brought the season's first snow into the state. Snow was reported as far south as San Antonio and southwest to Del Rio.

In order for a cow to get the most out of her feed, it is necessary to feed the bacteria in the rumen. These bacteria act with greatest efficiency when the cow's feed supplies the nutrients for maximum activity. These needed types of nutrients are a quick source of energy, a slow source of energy, vitamins, proper proteins and minerals. The best quick source of energy is molasses. The best slow source of energy is cracked or rolled grains. RED CHAIN feeds furnish these, plus the vitamins, proper proteins and minerals.

Mrs. Caton Reviews Book For CWF, Mrs. Graham Is Hostess

Mrs. F. W. Graham was hostess to the Christian Women's Fellowship of First Christian Church Monday afternoon at her home, 408 Foch.

Mrs. E. K. Henderson, president, presided, and Roy Turner, minister of the church, gave the opening prayer. Plans were made for the Thanksgiving Fellowship dinner.

Mrs. Wayne Caton, introduced by Mrs. Roy Turner, reviewed the book, "The Missouri Travelers" by John Burress. Arrangements of flowers in period containers, old-fashioned lamps and other antique pieces

made the invitingly attractive home of Mrs. Graham a perfect setting for the story of the lad who grew up to be a splendid man, as vividly recounted by Mrs. Caton.

The hostess served delicious refreshments following the review. Present were Meses Henderson, Caton, R. I. Malone, N. T. Johnson, Lon Horn, E. A. Beskow, Dave Fiensy, N. L. Smitham, B. F. Freese, James Watson, Charley McCoy, G. L. Sheppard, Homer Williams, R. L. Carpenter; Minister and Mrs. Roy Turner and the hostess, Mrs. Graham.

Cheaney Chatter Mrs. Bill Tucker

Mrs. Jennie Kimbrough and Mrs. Nona Weeks, of Ranger, spent Saturday night in the Hatley Dean home. Mrs. Kimbrough attended church services at Cheaney on Sunday.

Clyde Antwine brought the morning and evening Bible lessons and was dinner guest of the Hatley Deans.

Beginning next Sunday evening, a Young People's Bible Study will precede the regular sermon, at 7 p.m. All young people are especially invited to attend these lessons from the bible. Adults are welcome to sit in on the class.

John Love went with a group of delegates to the Texas Farm Bureau annual meeting in Fort Worth, recently. Texas Hotel was headquarters. He left Monday and returned Wednesday evening.

Mrs. Jessie Lemley complimented Betty Love Greer with a pink and blue shower, at her home, Friday afternoon, November 4. Mrs. Greer has been visiting her parents, Mr. and Mrs. Arther Love for the past month. Her home is in Lovington, New Mexico. Friends called and brought many lovely gifts which were displayed before the refreshment period.

Mr. and Mrs. L. Z. Melton and family, Lonnie, Terry, and Jackie, and Mrs. Sarah Wilson, left Saturday afternoon on the first lap of their move to California. They spent Saturday night in Ranger with her sister, Mrs. Milton Underwood. Sunday the group will drive as far as Kermit and visit his sister, Mrs. Velma Carr and family. They are anticipating a two day drive to complete the trip.

Mr. and Mrs. Curtis Melton of Galveston, were on hand to see them off, while here visiting the parental Lonzo Meltons. Cheaney folk—the community, church, and the Home Demonstration Club will all miss these friends, but we wish them "Bon Voyage" in reaching their new home.

Mr. and Mrs. Herbert Love and Dwight, from Odessa, visited Friday night with his mother, Mrs. Ann Love. The John Loves, and Lillie Wallace and Loresta.

Loresta Love and four of her school mates, Rita and Jessie Underwood and Bill and Helen Joyce Ables were "Trick or Treat" callers at several of the neighboring homes, including ours on Halloween night. We could not recognize the kids, under such disguises, but it must have been lots of fun.

First Baptist BWC Hosted By Miss Garrard

The Business Women's Circle of First Baptist Church met Monday night at the home of Miss Christine Garrard, 408 W. Commerce Street, for a regular Royal Service Program.

The meeting was presided over by Mrs. Mary Hancock, president, and roll call was answered with a current event. Old-Fashioned Turkey Shoots At Cisco Soon

Plans to hold three old-fashioned turkey shoots at Cisco to raise funds for the 1956 Cisco Fiesta program have been announced by Chairman Vaughn Summers. The turkey shoots will be held Saturday, November 12, Saturday, November 19, and Sunday afternoon, November 20.

The shoots will be held at the rodeo grounds with Archie Taylor in charge of the shooting programs. A feature of each day's program will be chuck wagon barbecue to be sold through a concession. Austin Flint will be in charge of the barbecue.

A feature of the turkey shoots will be the use of live turkeys, as well as targets. Ammunition will be furnished and guns will be available. Those who desire may bring their own guns, but all ammunition must be checked in. Five big events will include the shooting at targets or turkeys from 50 yards to 75 yards with .22 calibre rifles; 150 yards with deer rifles; 30 yards with shot-guns; 60 yards with .22 calibre rifles; and special events for children and women.

The shooting will be in flights of 12 persons with a turkey being awarded the winner of each flight. Charges will be \$1 to enter. Use of special scope sights will be allowed only if a flight of 12 persons is obtained for this event.

Platter cards, which will be on display at business firms in Cisco and elsewhere in the area, will afford non-shooters opportunities to win turkeys and a deer rifle. Each shooter will also have a chance to win a 30.06 deer rifle to be given away at the end of the event.

Mr. Summers reported that his committee was enthusiastic about the outlook for the turkey shoots. He went to Abilene last Sunday to attend a shoot. Additional announcements concerning the program will be made in the near future.
