Texas Woman Convincingly Urges Votes for Smith

MRS. SEVIER OF ALAMO FAME IS VERY ELOQUENT

National Committeewoman For Texas Speaks in Eastland Before Large Audience.

BY MRS. W. K. JACKSON
An intent and interested audi-
ence nearly filled the auditorium
at the City Hall Tuesday night
and listened to Mrs. Clara Driscoll
Sevier, Democratic national com-
mitteewoman for Texas, who is
filling several speaking dates in
Oklahoma and Texas in the in-
terest of Alfred E. Smith, Demo-
cratic candidate for president of the
United States.

If one is a doubter, and on the
fence as to Hoover or Smith, then
listen to Mrs. Sevier, for she
knows how to quiet wondering
fears, and win votes for Smith.

Mrs. Sevier is a slender, dark-
haired woman, with melodious
flexible voice. She uses few and
simple gestures. She was dressed
in Quaker gray, from close fitting
hat to frock, shoes and hose, a de-
mure garb. She is the woman in
the political limelight in Texas
just now.

The speaking began late, as the
car bringing Mrs. Sevier met with
an accident, but that the crowd
was interested is attested by the
fact that not a man or woman left
the building.

Mrs. Sevier was accompanied by
her husband, H. H. Sevier, and by
her hostesses for the afternoon,
and evening, Mrs. C. U. Connelley
and Mrs. Milburn McCarty.

Mrs. Sevier took her place by the
large flag-draped table and
spoke quietly. She presented con-
vincing facts and was loudly ap-
plauded time and again.

Mrs. Sevier said she loved Tex-
as, and thought she had been all
over the state, but this part was
new to her, and a privilege to visit.

That patriotic work was a privi-
lege she said, and helping to elect
the next president of the United
States, the greatest of all. She

Nations' League Moves Again For World Security

GENEVA, Switzerland, Sept. 26.—A concerted move for world security and peace was made by the ninth assembly of the League of Nations today. It was the final important topic in closing. The assembly unanimously approved an act respecting arbitration, conciliation and the Pacific settlement of disputes.

NINETY-NINE YEARS PENALTY SAYS THE JURY

S. F. Hyden Found Guilty of Robbery With Firearms For Holding Up First State Bank of Carbon.

Ninety-nine years in the peni-
tentiary was the punishment fixed
by a jury in the 88th district
court for S. F. Hyden upon con-
viction of robbery with firearms
in connection with the holdup of
the First State Bank of Carbon
on December 13, 1927.

The jury was charged by Judge
Elzo Been shortly after two
o'clock Tuesday afternoon, and
arguments of the counsel were
completed in about three hours.
The jury was given the case at
7 o'clock and brought in its ver-
dict shortly before 10 o'clock
this morning. It is understood to
have been delayed in its verdict
by the state's appeal for the
death penalty.

No notice of appeal had been
filed this morning.

E. V. Allen, an alleged com-
panion of Hyden in the bank
holdup who was also indicted for
robbery with firearms, is due to
be arraigned in court for trial
this afternoon. A special venire
of 75 men was ordered for the
case and it is possible that selec-
tion of a jury may be begun to-
day.

worth a fortune to numismatists,
bore the effigy of King Louis X.

SMITH HEARS APPROVAL OF RECENT SPEECH

His Talk in Oklahoma City Said To Be Outstanding In His Western Campaign.

ABOARD GOVERNOR SMITH'S
Special train en route to Minneapolis,
Sept. 26.—Governor Al Smith
Smith traveled eastward today
with the impression that the out-
standing speech in his western
campaign was the one he delivered
at Oklahoma City denouncing the
"whispering campaign" against
him on account of his religion and
meeting attacks on his personal
life.

"I have received more telegrams
of approval on the Oklahoma City
speech than any other," he said
today. "They have come in from
all parts of the country from Cali-
fornia to Vermont and from Flor-
ida to Seattle." "All," he said,
"were messages of approval."

The special campaign train was
moving today across North Dako-
ta with the first stop at Mandan,
at 11.

City Dump To Be Probed For Bones Of Murdered Boys

RIVERSIDE, Calif., Sept. 26.
Investigation of the murders al-
legedly committed by Stewart
Stewart Northcott, 21, and his
mother, Mrs. Louise Northcott,
centered today at the city dump,
11 miles from here on the Santa
Ana River.

Deputy Sheriffs selected the
dump as the most likely spot for
the Northcotts to have done away
with some of the remains of the
four youths they are charged
with slaying on their chicken
ranch near Corona.

Grappling hooks were used
throughout the night to make
the search for bodies and this
activity was to continue through
today.

Word reached here that extra-
dition of the Northcotts from
Canada might be delayed several
days through fault found in the
papers presented to Governor
Young at Sacramento.

GIL BECOMES PRESIDENT OF MEXICO, DEC. 1

Calles' Cabinet Leader Elect-
ed by Mexican Congress
Provisional Head of Government.

By United Press.
MEXICO CITY, Sept. 26.—
Emilio Portes Gil, square-jawed
sportsman and lawyer, is soon to
be at the head of the government
of Mexico at the comparatively
youthful age of 37.

It took the joint session of the
senators and deputies only 25 min-
utes to elect Gil provisional presi-
dent late yesterday, for his was
the only name printed on the bal-
lot that was distributed to the
members of Congress. 277 votes
were cast.

Although Gil is one of the most
striking personalities in Mexico,
his election will mean little to the
outside world, for he has pledged
himself to carry on the policies of
President Calles under whom he
served as minister of the interior
and head of the cabinet.

Gil will take office on Decem-
ber 1, quitting his post as minister
of the interior two weeks before
the inauguration. He will be pro-
visional president until Feb. 5,
1930. A constitutional president
will be elected on the third Mon-
day in November, 1929.

Wind and Rain In Southeast Damages Cotton In Fields

WASHINGTON, Sept. 26.—High
wind, heavy rain and flooded low-
lands did much damage to cotton
in the more eastern portions of
the south, especially in the Caro-
lina and southeastern Georgia
where the crop deteriorated
steadily, the Government weekly
report stated today.

In the central states of the belt
cool weather retarded develop-
ment in some places but the week
was generally fair and picking
and ginning made good advance.

In Oklahoma cotton made fair to
good progress. In Texas there
was little change in the general
situation except for deterioration
in the northwest.

GRID GAMES IN OIL BELT WILL INTEREST MANY

Schedule Includes Thursday
and Friday, and Saturday's
Game With Rising
Star At Eastland.

Games are coming thick and
fast on the Oil Belt schedule
this week. Everyone of the seven
teams in the Class A loop will
go into action toward the close
of the week except Abilene, who
played on Monday.

Thursday will witness a game
at San Angelo between the Bob-
cats and the Howard Payne Col-
lege reserves. The goodly score
piled up by Angelo against Bal-
linger has pepped up the fans
of the Tom Green county metrop-
olis.

Friday is the big day, as no
less than four struggles are
scheduled. The feature attraction
will be the Ranger-Port Worth
Central game at the I. C. U.
Stadium. Ardent Ranger fans
will motor in for this combat,
but the other fans of the district
will restrict their choice to one
of the three remaining games
that day.

Stamford vs. Cisco on the Lo-
boes' field will be the most ac-
cessible to most fans. This Fri-
day tilt will be called at 3:30.
It will be chiefly interesting as
it will afford an opportunity to
compare the relative strength of
Ranger and Cisco as the Bull-
dogs defeated Stamford two
weeks ago.

Dublin will go to Brownwood
for a game Friday. This will
probably be the most evenly-
matched of the struggles played
that day in the Oil Belt. Brown-
wood played a scoreless tie last
week against the always strong
Rising Star, Class B team, and
Dublin won over Weatherford.

MISSING MAN IS RESTORED TO HIS FAMILY

Found Living In Texas Af-
ter Blow On Head Caused
Loss of Memory Seven
Years Ago.

EDINBURG, Texas, Sept. 26.
After living seven years under
an assumed name, James H.
Lawrence of Edinburg, has re-
turned to his home and family
here.

Lawrence disappeared seven
years ago from Kansas City, Mo.,
where he had gone to complete
a business deal. His hat and coat
were found on the bank of the
Missouri River and an investiga-
tion failed to locate him.

Identity of Lawrence was es-
tablished last July 29, after re-
ports reached the Lawrence fam-
ily that a man answering to his
description was in a Denver hospi-
tal.

Lawrence claimed that a blow
on the head received during a
robbery in Kansas City resulted
in loss of memory.

MOODY TICKET IS DEMOCRATIC ALL THE WAY

Governor Denies He Will
Vote For Hoover and De-
clares Himself For
Democratic Ticket
Straight.

AUSTIN, Sept. 26.—Governor
Dan Moody today announced he
was supporting the Democratic
ticket from top to bottom, and
branded as false stories printed
in New York that he would vote
for Herbert Hoover. He sent the
following telegram to the editor
of the New York Herald Tribune:

"A Texas paper in a Washing-
ton special carries an item stating
much interest was attracted in
political circles here today by a
news story in the New York Her-
ald-Tribune, a Republican paper,
under an Austin date line, that
Governor Moody would support
Herbert Hoover. I have tried to
locate your Austin correspondent
but my efforts have been in vain.
"The statement that I will sup-
port Herbert Hoover is not true
and I ask that you correct it. The
statement attributed to your paper
that while I had declared at the
recent Democratic State conven-
tion that I would vote for the
Democratic electors but that a
change seemed to have come over
me since that time, is completely
in error. I am supporting and I
shall continue to support the en-
tire Democratic ticket."

FEMALE OF THE SPECIES PLANS TO PUSH ALONG

Mrs. Willebrandt Declares
That Democratic Leader
Injected Dry Question
Into Campaign.

CHICAGO, Sept. 26.—Mrs. Ma-
bel Walker Willebrandt, assistant
United States attorney general,
will continue speaking in the
interest of the Republican National
campaign. It was announced today
by Congressman Walter Newton,
director of the speaker's bureau of
the Republican campaign head-
quarters here.

Newton made it clear that Mrs.
Willebrandt has been speaking as
a regular campaign speaker of the
party, but he added that some of
her speeches had not been made
under full authority of the head-
quarters. Mrs. Willebrandt, in a
formal statement, declared that it
was "not the Republican party,
and not the Democratic party,
which has injected the prohibition
question in the campaign."

"It is Governor Al Smith, she
said. She charged that Governor
Smith had injected the religious
issue into the campaign and added
that in her opinion, "religion has
nothing to do with it."

"It is a moral issue, not a relig-
ious one," she declared.

Dallas To Build Flying Field Near Grand Prairie

DALLAS, Sept. 26.—Purchase
of 300 acres of land near Grand
Prairie, 11 miles west of Dallas,
to be developed into an auxiliary
municipal airport, was completed
here today by city officials.

Purchase price was \$75,000.
The Dallas Chamber of Com-
merce immediately appropriated
\$16,000 to be used for making
immediate development to the
field.

The new field will be an aux-
iliary to Love field, located on
the outskirts of the city.

Many Killed and Injured In Powder Factory Explosion

MELLILLA, Morocco, Sept. 26.—
Forty persons were killed and
200 injured today by an explosion
in a powder factory in the out-
skirts of the city. Mellilla is a
seaport on the northern coast
of Morocco belonging to Spain.

A majority of the houses in
the vicinity of the explosion were
destroyed. Women and children
were among the dead. It was
feared that many of the injured
would die.

The explosion occurred at 1 a.
m. Relief work was hampered by
the darkness.

BAND CONCERT FIRST PLACE ON PROGRAM

Auto Parade and Show,
Horned Toad and Slow
Auto Races, Chorus
Contest To Mark
Opening Day.

The Eastland County Fair will
open in Eastland Thursday morn-
ing. Elaborate plans have been
made for it and the fair is expect-
ed to be the best ever held in
Eastland county.

The program for the first day
and evening includes a band con-
test and several band concerts, a
automobile parade, a horned toad
race, an automobile show, a slow
car race and a community chorus
contest.

The band contest will be held
at 10 o'clock Thursday morning,
probably at some place on court-
house square. The contest will be
between the Olden-Magnolia,
the Cisco High and the Ranger
High bands. The Eastland band
will play for points only, but will
not be a participant in the con-
test.

Three prizes will be given in
the band contest, being \$15, \$10
and \$5. The bands will be scored
as follows:

Instrumentation 15, precision
10, tempo 15, intonation 15, disci-
pline 10, time 15, expression 20.

The rules of the contest provide
that no musician shall be eligible
to play in the contest unless a
bona fide member of one of the
competing bands. Each band will
play two numbers of its own se-
lection. Each will be judged ac-
cording to the age of the band and
points given accordingly. The
Cisco and Ranger bands have been
organized several years, but the
Olden-Magnolia band is less than
one year old. The Magnolia com-
pany is sending the band on its
own time as its contribution to
the fair.

Cars entered in the automobile
parade will begin assembling at
10 o'clock. They have been
grouped according to home of
dealer or owner entering them
and according to make of car,
forming on streets crossing Moss,
Patterson and White streets and
moving from them into North
Lamar street. The procession will
start northward and pass by the
railroad station, thence going
south along Seaman street and
around the square and thence out
West Main and into West Com-
merce street along which it will
return to the square.

Immediately after the auto pa-
rade the cars entered in the auto-
mobile show will be grouped in
designated places about the court-
house square and remain there
throughout the afternoon.

Horned Frog Race
The horned frog race is sched-
uled to begin at one o'clock. It
will be held in a circle on court-
house square and any horned toad
owner may enter his racer. Un-
less the horned toad was captured
and placed in a warm and dark re-
treat before the present cool
weather came on, the horned frog
entries in the race are likely to
be scarce. Miss Anne Hardin,
secretary of the R. M. A., has one
racer which she will enter and she
is willing to back him or her to
win the prize. It is about as
large as a small finger nail, but
looks very intelligent and fast.

MRS. WHEATLEY ENTERTAINS
BID-A-WEE CLUB

A delightful afternoon was
spent Tuesday at the attractive
home of Mrs. J. C. Wheatley, who
entertained the Bid-a-Wee Club
in a very pretty manner, the two
tables for the game of 42 laid
in crisp ruffled covers of light
pink and white, with pink pen-
cils for scores, and tables in
rose designs. Pink mints supplied
the tables through the game. The
evening held many bouquets of
roses for the occasion.

Guests were served a delicious
repast as they arrived and a salad
followed with tea at 5 o'clock
followed the game.

Favors for high scores for club
members and guests were award-

have entered group singers in

PERSONAL EVANGELISM
CAMPAIGN PLANNED

Tonight, every member of the
Methodist Church, is requested to
meet in the lower assembly hall
of the church, when plans will
be made at the request of Rev.
Frank Singleton, the pastor, for
a personal service campaign to
be conducted in Eastland, for
which the pastor has a definite
outline, and in which it is neces-
sary that every member have an
active part. Remember, a church
is as strong as its membership,
and no more so brick walls and
masonry do not make a church,
but communal feeling and love
for the finer and better things
of life, aid in keeping one.

WEST WARD SCHOOL
P. T. A. SEASON OPENS

The Parent-Teacher Association
of the West Ward school has now
settled into the routine of the
regular P. T. A. sessions, that
of yesterday, the opening meet-
ing for the season of 1928-29, be-
ing conducted by the new offi-
cers, with Mrs. R. E. Sikes pres-
ident, in the chair.

Following the usual business
routine, of which from now on,
the Lord's prayer in unison, will
be a steady feature in both P.
T. A.'s. Reports of committees
were submitted, that of Mrs. Lu-
ther Bean for the cafeteria,
showing it to be on a paying ba-
sis, and satisfactory from every
standpoint.

Membership chairman, Mrs. R.
L. Perkins, reported a room
mother, or "school hostess" had
been appointed for each room,
fifteen having accepted.

Interesting talks were given
by Mrs. Dover and Sidney Smith
on "What Regulation Means to
the Pupil."
Hereafter, a picture instead of
a banner, will be retained by the
room having the greatest num-
ber of mothers in attendance,
and a new one will be purchased
by the committee, Mmes. Frank
Lovett, Alex Clarke and Miss

Nelson.
Miss Florence Perkins appear-
ed in two charming numbers,
one in Italian, and the other in
negro dialect.

A tour of inspection was taken
of the entire building, especial
attention being paid to the cater-
teria, where a dainty refresh-
ment was served of chicken and
pimento sandwiches, Russian tea
and mints, a delicious dainty,
under the direction of Mmes. Lu-
ther Bean and Will Van Geem.

SOUTH WARD P. T. A.
HOLDS RECEPTION
The Parent Teacher Associa-
tion of the South Ward School,
opened their regular routine meet-
ings with yesterday's reception,
which, on account of the inclem-
ent weather, was held in the
seventh grade room of the school
instead of on the campus as an-
ticipated.

As guests entered and regis-
tered under the direction of
Mmes. Harry Sample, Pitzer, and
Ora B. Jones, they were furnished
paper bags to slip over the right
hand, which they were required
to wear until full of holes from
handshaking.

Mrs. J. LeRoy Arnold, the
president, received, assisted by
Mrs. E. C. Satterwhite, the vice-
president. Regret was expressed
over the absence of Mrs. Joseph
M. Perkins, confined to her home
with a cold.

The program opened with pray-
er in unison, followed by Mrs.
George Cross reading the prayer
in use by the P. T. Association.
Mrs. H. O. Satterwhite gave
an interesting dissertation on
"What is a Parent Teacher As-
sociation", followed by Edward
E. Layton, principal of school,
in "What the P. T. A. Means to
the Teacher."

An inspection of the building
was then made, the niceties of
the cafeteria were displayed, and
punch and cake served to the
fifty guests of the afternoon.

FAME VERY ELOQUENT

(Continued from Page 1.)
devoted some time to a review of
Governor Smith's official and
personal activities and his recognized
ability, integrity and unrightness.

She spoke, too, in the highest
terms of Mrs. Smith as a fitting
first lady of the land.
The high lights of her address,
focused on the fight in the South
to maintain its integrity and other
southern ideals. She believed,
personally, that the platform of
the Democratic party was far su-
perior to that of the Republicans,
and outlined specific and convinc-
ing reasons for this belief.

Mrs. Sevier suggested that
women should work with men in
this campaign, chairman for chair-
man, and that if Texas was lost to
Smith in the election, it would be
on account of the women of Texas
who had turned their backs on
Democratic standards. Propriety
laws were touched upon and
real enforcement such as would
be possible under a Democratic ad-
ministration was urged. A dis-
tiller directing enforcement was
declared a misfit.

Mrs. Sevier said when she was
a girl no woman could drink alcohol
without either being very daring
or indifferent, but conditions had
changed sadly, largely due to non-
enforcement of laws for which the

Republican party is to blame.

In reference to the policy of ex-
Governor O. B. Colquitt, which in-
volved the daughters of the Re-
publican party which Colquitt
tried to put in charge of a
commission of men, Mrs. Sevier
said, "We don't speak as we pass
by." I would speak to him, but I
wouldn't want to hold a long con-
versation, besides he is now a Re-
publican." She deplored the de-
fection of Marshall Hicks of San
Antonio and hoped he would soon
see his error.

Quite a committee was assem-
bled on the stage to meet the noted
woman, including Mr. and Mrs.
C. B. Frost, Mr. and Mrs. R. E.
Sikes, Judge and Mrs. R. L. Dav-
enport, Capt. and Mrs. Harry

FIRST BOTANICAL
GARDEN IN SOUTH

By United Press.
MEMPHIS, Tenn.—A botanical
garden, the first in the South,
is to be established in Memphis
by the Southwestern Association
of Nurserymen in co-operation
with the Memphis Park Commis-
sion, it was decided at the an-
nual meeting of the association
here.

The garden will be modeled
after the famous Arnold Arboret-
um, near Boston, and will be
one of the most elaborate in the
world, according to present plans.
Preliminary work will start soon.
Under plans adopted at the
meeting, the Park Commission
will furnish the ground and pro-
vide the maintenance and the
nurserymen will donate the
plants. Memphis was declared the
ideal place for such a garden
because of climatic conditions.

Australia to have a feast.

They are caterpillars about two
inches in length with only one
ambition—to eat prickly pears
until they die.

The Meditara Prodenialis, rear-
ed and trained by the U. S. De-
partment of Agriculture, were
shipped on the Matson liner Si-
erra in charge of an Australian

that within two years they will

Western Highway a
Strong Likelihood
In the Near Future

DALLAS, Sept. 25.—Following
a conference held here recently,
between Claude C. Wild, manager
of the City Development Board of
San Angelo, and John Boswell,
manager of the Southwest Develop-
ment Service of the Dallas
Chamber of Commerce, plans were
revealed concerning the proposed
highway from Dallas via Cleburne,
Comanche and Brownwood to San
Angelo and Fort Stockton.

Tom Green county, of which
San Angelo is the county seat, is
planning fifteen miles of concrete
highway eastward. Rannels county
already has thirty-eight miles
of the highway surfaced, through
Ballinger. Another thirty-five
miles of surfaced highway has
just been completed through Cole-
man county.

West of San Angelo, toward
Fort Stockton, five counties—Tom
Green, Irion, Reagan, Upton and
Pecos—have asked the state high-
way department for estimates on
the cost of making the southwest
highway a hard surfaced road
through their territory. Upton
and Reagan counties have indicat-
ed they would vote bonds for the
necessary amount and Pecos
county already has voted \$500,000
in road bonds. Irion county is ex-
pected to do the same.

When that is accomplished, the
Southwest Highway will be a hard-
surfaced thoroughfare from Fort
Stockton to Coleman—257 miles.
East of Coleman, Brown county is
to vote on a \$1,000,000 road bond
proposal Oct. 1.

According to Wild, five coun-
ties between San Angelo and Fort

BATTLE TO DEATH

HATTIESBURG, Miss.—A bull
dog and a giant rattlesnake recent-
ly fought a battle to the death on
the banks of Black Creek, near
Hattiesburg, according to the story
of the dog's owner, Edward Pat-
terson.

The dog accompanied Patterson
on a fishing trip and was passing
through a clump of bushes when
the reptile coiled and struck, his
fangs injecting their deadly poison
into the dog. Although writhing
in agony, the dog attacked his
enemy and finally bit the snake
in two.

The snake was six feet, two
inches long.

WHIRLWIND
 BY ELEANOR EARLY

THIS HAS HAPPENED
 Sybil Thorne, prettiest and most reckless of Boston society girls, confides the story of her romance with Craig Newhall, wealthy bachelor, to her brother Tad.

Tad, a nex-soldier, wounded and decorated, is rather shocked when Sybil confesses that she likes to pet Craig, but does not love him. She says that she does not intend ever to marry because she is still in love with John Lawrence, who was sent to France from Camp Devens on the eve of their marriage—and never returned.

Tad scolds her in brotherly fashion, but seems to understand her unconventional code. He begs her to marry and settle down; and then tells her that he has a great piece of news.

CHAPTER III
 "Shoot!" Sybil regarded her brother with sisterly affection. Saw him flush boyishly and shift his own embarrassed gaze.

"Gosh Almighty, Tad, what have you done? Killed a cop? Or done a good girl wrong?" "No kidding," he told her. And, standing, ground his heel in the sand like a small boy torn between impulses to talk and hold his tongue. "The truth is, Sib—hang it all, I wish you didn't feel—well, anyhow, Sis, I'm engaged."

"My Gawd!" Sybil threw herself back on the sands. "Everybody gets engaged, Tad. There's as much difference between getting engaged and married as there is between an I. O. U. and a promissory note. You don't mean you're thinking of getting married, darling?"

"Say! Cut that out will you?" Tad surveyed his recumbent sister darkly. "You're darn right tootin'! I'm thinking of getting married. And the sooner the quicker."

Valerie West was her name. In June she was graduated from finishing school. Tad met her shortly afterward and their engagement was announced the next month. Two weeks later her mother took her to France. It was quite the thing that season to sail on the heels of the announcement, to buy a trousseau in Paris, and be married in the spring.

Valerie was a flaxen haired little creature with big violet eyes and baby ways. Wide-eyed innocence wasn't so much a pose with her as a fact. Mrs. Thorne was delighted. It was high time, she thought, that Tad was settling down. The new generation was too much for her.

"And Valerie was such a sweet little thing! Now if Sybil would only get a nice young man."

Mrs. Thorne sighed deeply. Sybil had been, of late, a source of much vexation to the family. She had insisted in the first place, upon going to work.

"I don't see why not," she argued. "I don't want to hang around the house any more than Tad does. Maybe I could sell bonds, too. Anyhow, if you don't let me do something, I'll pull a breakdown. Complete collapse. Nervous prostration. You wait and see."

There was a good deal of logic in it, for Sybil's taught nerves were stretched to the breaking point.

"I suppose," conceded her father finally, "I could find a place for you in the office."

But Sybil declined vigorously. "Nothing doing," she informed him tartly. "I'll make my own way."

Boasting youthfully, she took an intensive course in shorthand and typewriting, which fitted her in three months for a stenographer's job in a publishing house on Beacon Hill.

A passion for work, and real aptitude for the business, promoted her to a secretarial position. Then she announced that she was going to buy all her own clothes.

With the acquisition of what she termed "utter independence," her parents pronounced her "altogether unmanageable." The difference of opinion developed into family relations so strained that poor Mrs. Thorne spent most of her time in tears.

Tad became a Reformed Rake, and philosophized on the trend of the times.

"You know, Sis," he used to say "there's something wrong with the kids of today. They've no sense of values. Darn little appreciation of anything worth while. Pleasure is their little tin god. And they haven't any other. Thank the Lord Valerie's different stuff. Now there's a girl for you!"

Sybil smiled indulgently. "You sure know how to pick 'em," she conceded goodnaturedly. "But I think you're sort of hard on the rest of the kids, Tad. You see, they never knew the world we lived in—before the war, I mean. Customs, manners, conventions—everything's changed since you and I were 18. It took only four years to make America over."

"Why, Tad, I'd been kissed just twice when I was 18. The first time I felt as if I'd been desecrated, and cried about it. The second time, I thought I was in love."

"I had an awful crush on Sam Hedges and let him kiss me one night in the hammock on the piazza. And the very next day Mrs. Hedges came over and talked a lot to mother about 'calf love.' I was listening to it all at the top of the stairs. And somehow I got associating Sam, in my mind, with calves—you know the big, moony eyes he had and that nobody-home expression. Love's young dream perished on the spot."

"Bugs Plympton was the kid that kissed me first—the one that made me cry. We were making fudge in the kitchen one day—I don't believe kids make fudge any more, do they? I suppose it's too hunky—I burned my finger test-

ANSON HOLDS ABILENE GRIDS TO TOUCHDOWN

Class B Team Proves Hard Nut For Tough Eagle's Beak To Crack.

BY BOYCE HOUSE
 Joybells are ringing today in every town in the Oil Belt district—every town but one.

The dreaded Eagles, almost state champions of last year, were able to score only one touchdown Monday against a Class B team that just the week before had eked out a 12-7 win over Clyde. Yes, Abilene was brought almost to a standstill by a team whose star backfield man was unable to enter the game; a team with a half-back who was 15 years old and weighed 135 pounds; a team with a pair of ends who weighed 140.

Were they playing against Abilene's first team, we hear some doubting brother inquire? Well, if Salkeld and Smith, Kincaid and Baldwin, Hanna and Phelps, Black, Baker, P. Barber, Lusby and Shackelford are Abilene's first team, then Anson was meeting the "varsity" for that is the lineup that took the field. Everyone of them lettered at Abilene last year, if memory serves a-right, except Baldwin, San Angelo star a season ago.

Coch Mayhew, apparently, in a desperate effort to stir the attack of his team, yanked Smith, the big end, pulled Baldwin early; sent Murphy and Allen into the backfield and T. Barber into the line. Then when the first half ended scoreless, he sent Smith back into the game along with Baldwin; Captain Salkeld, all-state end of last season, remained out of the struggle the second play, was carried off the field by four men. Apparently he had been badly hurt.

Anson's biggest man—Leaman! left tackle—weighed 185 pounds. What a sweet player that Leaman is! He was in every play and the fact that he was clashing with an all-state man didn't seem to wor-

ry him and whatsoever. And there was a skinny end named Morrow guarding Anson's left wing—and that boy sure did play a whale of a game. No. 31—that was Leaman—and No. 18—that was Morrow—led the Anson cohorts—but they all played, including Knox Pittard the 135-pound safety man, who never hobbled, while Abilene's safety fumbled twice.

And that's the reason that Ranger, Cisco, Breckenridge, Eastland, San Angelo and Brownwood fans are enjoying life to the full extent today—because a fighting team went up to the Eagles' home grounds and held them to one touchdown.

Some of Details
 If you crave particulars, let's get going. After an exchange of punts, Allen took Baldwin's place in the backfield and T. Barber went into the line. Shortly after, the Eagles drew a big penalty to their own 37-yard line. After a punt, Anson completed a pass for seven yards. Phelps of Abilene broke off tackle for 30 yards to Anson's 20-yard line after Abilene had gained possession of the ball when Salkeld intercepted an Anson pass. A line play put the ball on the 17-yard line as the quarter ended. It looked as though a touchdown was at hand.

But the Tigers, fighting tigerishly, stopped Abilene and got the ball on downs on their own five-yard line. And then the Anson punters got off his only really poor kick of the day—an eight yard punt. So there you are—Abilene's ball and only 13 yards to go for a touchdown.

It was at this point that the Eagles resorted to the air—and their passing attack looked worse if possible than their running play. Kincaid hurled the pigskin to Salkeld near the sidelines but the big end was escorted by two men and the pass was incomplete. Smith, the other Abilene end, had crossed the goal line and was wide open but apparently he was "overlooked." The next play was a pass which Kincaid was downed before he could leave the ball. Again Anson held them for downs and then punted to mid-field.

Once more Abilene took up an aerial offensive—and completed a pass for three yards. Apparently Kincaid tried another pass but was thrown for a loss by two Tigers. Again Abilene punted. As Anson could do nothing with the far heavier Eagle line they kicked back. Abilene drew a 15-yard penalty to their own 37-yard line. The half ended with the ball in midfield and the score, 0-6.

The Eagles won the game immediately after the second half began. The kickoff was returned 20 yards and on the first play from scrimmage Phelps raced around left end for 60 yards and a touchdown. Hanna kicked goal. On this play, Baldwin was injured and was borne off the field.

Allen of Abilene fumbled and White of Anson recovered. For just an instant, it looked as though he might get away but he was brought down on Abilene's 35-yard line. Unable to gain, Anson punted out of bounds on the Eagles' eight-yard line. Parenthetically, the Tigers were superior in kicking. In fact, two or three Abilene punts were barely gotten away in time not to be blocked, and one Eagle punt was exactly to the line of scrimmage.

On a bad snapback from center the ball went past Kincaid, who recovered it but was brought down behind the line of scrimmage and he fumbled. Smith of Anson recovered. Hanna intercepted a pass and the ball was on Abilene's 35-yard line in the Eagles' possession as the third quarter ended.

A diagonal pass that Smith, Abilene end, pulled down beautifully would have going 20 yards had not Abilene been offside. Kincaid threw the pass. He tried the same play and was smothered by four Tigers. He made a pretty run for a first down and as the game ended, Abilene had the ball in mid-field—and so the Eagles won their opening game, 7 to 0.

The Court of Last Resort

THE court of last resort in business is the public. Their decision is final. If the public places its approval on a product, accepts it, and buys it in increasing numbers, there are good reasons for it.

And if this happens in a highly competitive field like the automobile, then there are special reasons for gratification. Durant Motors is experiencing this very thing, and we want the world to know about it.

We started with a modest production in January—the month of motor shows, and with each showing the demand increased, until the country gained the knowledge that the Durant new models were worthy of public interest.

And this is what happened during the year: During the first six months of 1928 the entire automotive industry—motor cars and motor trucks—produced 6.4 per cent more units than in the same period of last year.

During this same period of time Durant Motors produced 49.9 per cent more cars and trucks than in the same period of last year.

The industry as a whole produced 132,906 more cars and trucks during the first six months of 1928 than in the same period of 1927. Durant Motors alone produced 23,000 more cars and trucks during the first six months than

in the same period of last year. Durant Motors alone scored a gain of 17 per cent of the increased production of the entire industry. Returns from the forty-eight states of the Union show that Durant gained 20.5 per cent in registrations during the first six months of 1928 over the same period of last year.

Durant Motors is growing seven times as fast as the automotive industry itself. We appreciate this increased public confidence.

In the next few days we are going to make a newspaper announcement relative to new Durant models. They will appeal to the public strongly for these new cars possess the features the careful buyer wants, and expects in his car today.

The public will be given a new conception of motor car value. Your motor dollar will buy more than ever before in the size of car, in beauty of body design, in power, in appointments, in speed, in durability and accessibility, and all up-to-the-minute features.

And this statement is made with a full appreciation of what is going on in the entire automobile industry.

The name "Durant" will continue to stand for those principles in motor car designing, engineering, building and in the selling of popular priced automobiles to justify an ever-increasing demand from the public.

Former Lobo Stars Return to Camp of Texas Tech Eleven

LUBBOCK, Sept. 25.—Led by Captain "Handsome" Ransom, Walker, 14 lettermen have been heading a squad of 50 husky Matadors for the past week, and this roster of veterans will be enlarged to 16 when "Westy" Westerfeldt of Cisco, with three years at tackle to his credit, and "Red" Smith, also of Cisco, with two at guard, lineup with their old team-

mates. There is already at least one letterman back for each position of the eleven. "Doc" Barfoot and Jess Lockhart, one-year men, and Dennis Vinzant of two, are back to defend their wing positions against Tadlock of Amarillo, Hempel of Temple, Coppage of Hollis, Okla., Charlie Woodriddle of Dallas and Payne of Lubbock. At tackle "Red" Carpenter, a three-year man and former captain, along with "Mule" Fikes, a letterman on Tech's first team, will contest such aspirants as "Sid" Knowles and "Red" Castleberry. Last season's captain, "Ox" Roe from Vernon, "Chubby" DeWitt of Fort Worth, Matadors for three and two years respectively, are

scrapping it out with Jack Durham, Hico, Jack Camp, Pecos, "Tubby" Viles, Colorado, and Barker and Burns. The remainder of Coach Freeland's linemen are Corley, two-year center, and his competitor, Bill McWilliams of San Benito.

In the backfield, Coach Payne finds five men out for quarter. Archibald from Indiana and "Dude" Lassiter of Sherman, are former lettermen aspiring to the generalship job, as are Marr, Stephenville, Smythe, Straw, and "Red" Waller from Pickton, all 1927 squad men. In the Walker brothers, Captain Ransom and "Little" Walker of Levi, two strong halfbacks return, but are finding plenty stiff competition in "Buddy" Brothers, a Lubbock high product, James Dallas, Brownfield, "Lefty" Emison, Brownwood, and J. C. Alexander of Lubbock. At full "Satche" Hill is back to defend his old berth against Clarence Hodges, a freshman letterman of '27 from Tuscola.

It looks now as if the Matadors might well count on a successful fourth season despite a heavy schedule for so young an institution, provided there are not many serious injuries in the early games. Especial attention is being given to training by a trainer, which it is believed will round the Bull Fighters into better condition than ever before.

Chance For Sloughing

The Athletics and the Yankees will have to finish their fight for the American League pennant on the road against the western clubs.

The Yankees had plenty of trouble against the westerners on their previous invasions and the Athletics had little trouble with them.

In fact the Athletics had very little difficulty defeating any of the clubs with the exception of the New Yorks.

Because of the popularity of Connie Mack and the sympathy of the large part of the public for the under dog it has been heard that the western clubs might offer less resistance to the Athletics than to the Yankees.

There were some complaints that Cleveland gave the Athletics a break in one game of the opening western campaign by leaving Shaute in the box to be massacred.

But They Won't Do It

But there isn't any valid reason to believe that any of the western clubs will slough off to the A's and bear down on the Yankees.

The ball players would be afraid to make any overt moves.

And also, the Athletic players are not so popular with the players of the other clubs in the league as the Yankee players are.

In confidential conversation with enough ball players to be representative of the four western clubs it was learned that the majority of the players on the western clubs like the Yankees better than the Athletics.

Athletics Not Popular

With the exception of Durocher all the Yankee players are liked by the other ball players. And the players on the other clubs are more amused than riled by the upstart cockedness of Durocher.

The Athletics collectively are not popular with the players on the other clubs, although some of the individuals are very well liked and respected.

The sharp tongues of Cobb, Dyke, Bush and a few others, and the superior ways of some of the other Philadelphia players soured the players on the other clubs against the team.

They are all for Connie Mack, of course, but none of them want to smack little Miller Huggins on the nose.

And the Yankees make business and help get the dough for the other clubs.

The Records Do Count

By his victory in the American national championship, Henri Cochet, the stocky little French star, cinched the honor of the first ranking tennis player of 1928.

He won the French and American singles championship and was the hero of the Davis cup challenge round.

Rene Dacoste did beat him at Wimbledon, but Cochet beat Lacoste for the French title and Lacoste dropped a match in the Davis cup battles.

There are many critics who think that Cochet is a better player than Lacoste. And he is on the season's record.

Sports Matter

By GEORGE KIRKSEY
United Press Sports Writer

Orchid green collar, cuffs and cap.

These are the racing colors of Earle Sande, owner and trainer. With seven horses, all of them two year old fillies, Sande, who for nearly eleven years has been the kingpin jockey of the United States, made his debut as an owner at Aqueduct, Long Island, recently.

Born in Groton, N. D., and raised on a ranch in Idaho near American Falls, Sande has spent most of his life riding horses. He is 29 now.

He began riding wild pinto ponies and ended up riding race horses. Sande can never get away from the race track. His whole life is wrapped up in it, and if he should fail as a trainer and owner he might be lured back to the track again.

Sande had trouble making the weight during the past few years. He thinks his natural weight ought to be around 125 or 130 pounds and it took a lot out of him to train down to 115 and 120 pounds.

Rode 942 Winners

It was Sande's ambition to ride a 1000 winners. He stopped at 942. Since he began riding on the big time circuit in 1918, he has had 3526 mounts, 942 winners, 692 seconds, 530 thirds. He set an all time record in 1921 when he rode a winner every third time out. He had 340 mounts and 112 winners.

In 1923 Sande reached the peak of his career when he won the Kentucky Derby, the Withers, the Belmont, the Lawrence Realization and many other races on Zev. He also rode Zev to victory over Papyrus, ridden by Steve Donogue, in the big International race. That year Zev won \$272,008 in purses, a record that may stand for all time.

Sande believes Grey Lag was the greatest horse he ever rode.

"He was an honest fellow," Sande said. "And mild as a lamb. He was a greater horse than Zev. I think."

Sande has ridden the winner of every important race except the Futurity at Belmont during the fall season and finished last in a field of twenty-four. Sande couldn't win that race; it had him fixed.

In eleven years Sande has amassed a considerable fortune for

Popular With Crowds

Sande was almost killed in 1924 at Saratoga when he was thrown from Spurt and suffered a badly shattered limb, and a double fracture of the leg left above the knee. It was feared that it would be necessary to amputate the leg, but Admiral Cary Grayson took charge of the case and summoned a noted New York physician. Sande remained in the hospital until January, but he pulled through and returned to the track the next season.

Sande was popular with the crowds, but never too popular with the other jockeys. He was known as a rough-rider.

The little jockey's motto was: "Here comes Sande. Better move over."

He had his jockey's license revoked by the Maryland Racing Board last fall, for rough riding, but was later reinstated. It so happened it wasn't Sande's fault that time, but Chick Lang's.

Among the great horses Sande has ridden besides Zev and Grey Lag, are May Play, Sir Barton, Chance Shot, Cudgel, Flying Ebony and Mad Hatter. He has ridden two Kentucky Derby winners, in 1923 on Zev and 1925 on Flying Ebony.

CHARTERS GRANTED TO NEW TEXAS CORPORATIONS

AUSTIN. Charters were granted by the secretary of state to 207 new corporations last month, establishing a new high record for August, according to—Bervard Nichols, assistant in charge of index numbers in the Bureau of Business Research at the University of Texas.

"This figure compares with 214 issued in July of this year and 109 in August last year," he explained. "Many of the companies were small again, many being capitalized at but \$1,000. Total capitalization of the 207 companies was \$32,084,000 against \$9,085,000 in July and \$35,059,000 in August, 1927.

"One building and loan association was capitalized at \$25,000,000, and a new cement company at \$2,000,000. Thirty-six enterprises increased their capitalization by \$3,156,000, and permits were granted to 41 outside companies.

"Twelve oil companies were chartered, compared to eight in July, and five public service corporations were organized, the same as in the previous month. Banking and financial institutions increased

SPOTS BEFORE EYES

Miner Had Dark Spots Before Eyes. Felt Dull, Tired, Achy. Doesn't Get Down Any More.

Somerset, Ky.—Telling how he had known of the merit of Theford's Black-Draught since he was a boy, Mr. Albert Garland, of this city, recently said:

"I used to work in the mines, but lost quite a bit of time on account of the sick spells I had. I would get to having a bad taste in my mouth, and a very dull, tired feeling and ache. I would have dark spots in front of my eyes, and I would be so dizzy I would stagger like I was drunk.

"I took medicine, but didn't seem to get any better.

"My mother told me to try Black-Draught, which I did, and after a few doses I felt much better. Now I take it as soon as I feel the least bad, and I don't get down. I certainly can say that it has done more for me than any other medicine I have ever taken.

"I never get without Black-Draught. If I go on a visit, I take a package along in my suit-case. My health is better now than it has been in years, and I believe it is the use of Black-Draught that did it."

Black-Draught is prepared from medicinal roots and herbs, of highest quality. Try it. NC-195
