FD Asks Power To Seize Ships

WASHINGTON, April 10 (AP)—President Roosevelt asked congress today for broad statutory authority to take over any "foreign-owned vessels lying idle in our ports."

This authority, he said in a message to the legislators, should be subject to the payment of just compensation.

Although the chief executive had asserted Tuesday that he would recommend legislation to permit the purchase or charter of 39 Danish vessels which have been taken into "protective custody" by the coast guard, the language of his message today was not limited to the Danish ships.

The president cited a provision of the merchant marine act of 1936 which authorizes him to requisition or purchase any American-owned vessels in time of national emergency or when the national defense makes it advisable.

"There does not appear," Mr. Roosevelt asserted, "to be any comparable provision with respect to foreign-owned vessels lying idle in our ports."

"In view of the growing shortage of available tonnage suited to our national needs, I am satisfied, after consultation with the heads of the interested departments and agencies of the government, that we should have statutory authority to take over any such vessels as our needs may require, subject, of course, to the payment of just compensation."

"It is obvious that our ultimate defense will be rendered futile if the growing shortage of shipping facilities is not arrested."

Ships in American ports include two German and 23 Italian vessels which have been taken into custody on grounds of sabotage or attempted sabotage.

Ships in American ports include two German and 23 Italian vessels which have been taken into custody on grounds of sabotage or attempted sabotage.

Whether any steps were planned which might result in the purchase of the axis vessels, the message did not hint. But nowhere in it was there a reference to Denmark alone or to any specific country or its ships.

He will give up his post as state director for the Farm Security Administration. Salary was set at \$7,000 a year.

Smitham was the second city manager to serve in Big Spring under the form of government adopted here in 1926.

He was named by the Dallas council upon recommendation of Anton, who had been seeking to interest Smitham in returning to the field of municipal affairs.

Officially named today to fill out the year as president of Big Spring Kiwanis club was Shirley Robbins, vice president under Dr. Frank Boyle who was recently called to army service.

Rupert Phillips announced that the club's Knot Hole Gang would function again this year.

Photographer Shows Stuff As Twins Appear In Baby Event

Double exposure flitters sized the photographer as twins showed up Thursday for the Personality Child contest being sponsored by the Herald and Kelsey Studio.

Identical twins, June Lorraine Lamar and Jane Angeline Lamar, daughters of Mr. and Mrs. J. S. Lamar, Jr., came all the way from Goldsmith for sittings. The niece of Lorraine-Lamar, Big Spring teacher, presented, to put it mildly, a confusing situation but in the end identification was established—or was it?

Rehearsal for a week on what he was going to say to the photographer, Donald Gene Anderson, year and a half old son of Mr. and Mrs. Donald Anderson, sprung it dramatically. In three words, it was—"Ha! Ha! Ha!"

Linda Lee Nell, year and a half old daughter of Mr. and Mrs. J. B. Nell, Jr., was almost guilty of jobbery when she squeezed the neck of the photographer and confessed, "I love you," Frank Gordon Boyle, one year old son of Dr. Frank Boyle, countered a greeting with "How Des Do!"

And so it went on the line as several others posed. Among them were Londa Carol Coker, two, daughter of Mr. and Mrs. Lonnie Coker; Laura Lee Sipe, 2 1/2, daughter of Mr. and Mrs. Carroll Sipe; Leroy LeFever, 3 1/2, son of Mr. and Mrs. R. C. LeFever; Thomas Edwin Buckner, 1, son of Mr. and Mrs. T. E. Buckner; and Barbara Gay, 2 1/2, daughter of Mr. and Mrs. Morris Gay.

Compromise In Ford-CIO Strike Made

Michigan Governor Calls For Plan Of Settlement

DETROIT, April 10 (AP)—The United Automobile Workers (CIO) accepted today a three-point proposal for settlement of the Ford Motor company strike which Gov. Murray D. Van Wagoner laid before both sides in the controversy.

At Washington, President Roosevelt acted to avert damaging restriction of steel production by calling in heads of the United States Steel Corporation to discuss their differences with the CIO.

Governor Van Wagoner earlier today reported having a "fine talk" with Henry Ford and said he felt there was reason to believe the 8-day Rouge strike was near an end.

"All parties are aiming for a quick settlement of the strike with a singleness of purpose," the governor declared.

Federal Mediator James F. Dewey announced, meanwhile, that direct conferences between company and union representatives have been discontinued for the present.

The CIO United Automobile Workers Union demands a contract, wage increase for hourly workers, and substitution of uniformed protection employees for the Ford service department which union leaders have termed a "company spy system."

"Although details of a proposed new contract between soft coal operators and CIO United Mine Workers were reported unacceptable to some mine owners, Dr. John R. Steelman of the United States conciliation service, declared:

"Sufficient agreement has been reached to assure the country that there will be no danger of a coal shortage."

Testifying before the house military committee in Washington yesterday, Production Chief William S. Knudsen expressed belief that "work stoppages will be fewer or from now on," and recommended that the nation depend on mediation and employer-employee cooperation to prevent defense strikes.

The committee is conducting an investigation of the national defense program.

Jesus exists in the human realm, and has everything in common with his people, said Rev. Robt. E. Bowden Thursday noon, as he delivered another in a series of pro-Easter sermons being conducted this week for all the city by local pastors.

Rev. Bowden spoke of another of Christ's utterances on the cross: "My God, My God, why hast thou forsaken me?"

Fifty-eight persons were in attendance at the service, the largest crowd of the week. Two other noon-time services will be held Friday and Saturday at the Ritz theatre, beginning at 12:15 and concluding at 12:55. The attendance of all the public is urged.

As passed by the senate, the bill would waive penalties but not interest on ad valorem taxes delinquent on or before July 1, 1940.

General scope of the week's activity has been set up by the chamber of commerce civic beautification committee, of which Albert Darby and Edmund Notestine are co-chairmen, and includes myriad duties for practically all organized groups in the city.

Special publicity material has been ordered, including posters, window placards, banners and posters—all designed to make Big Spring "Clean Up minded."

Speakers will be asked to go before all service clubs and women's groups in the city, and a committee to handle this activity has been called to meet at the chamber of commerce at 3 p. m. Friday. Senate Okays Williams For Highway Commission

WASHINGTON, April 10 (AP)—The senate today had a "home town" boy as state highway commissioner.

The senate this afternoon confirmed the nomination of Reuben Williams as a member of the three-man state highway commission. The office carries with it a six-year term.

At the same time the upper chamber rejected the nomination of Edwin Lacy Longview, as a member of the public safety commission and W. O. Yarbrough, Corpus Christi, as a member of the game, fish and oyster commission.

Williams bounded back in being approved for the state highway post, one of the most responsible positions in the state. He had been rejected by the senate as state life insurance commissioner and Governor O'Daniel promptly nominated him for highway commissioner to fill the place of Harry Hines, Wichita Falls, whose term has expired.

Born in San Angelo in 1908, Reuben moved here with his family in 1921, attended grade schools and was graduated from the Big Spring high school in 1926. He attended the University of Texas for five years and in 1933 received his law degree from the University of Missouri.

Returning to Big Spring, he shouldered the responsibility of closing out the dry goods business of his father, A. Williams, who died in June 1934. The following year his mother moved to Fort Worth to live with another son, the late Morris Williams.

Reuben followed later and became associated with Sen. Jesse Martin in law practice there. One of the firm's clients was W. Lee O'Daniel's flour company, and the distributor, destined to shatter gubernatorial election precedents, became interested in him.

On becoming governor, O'Daniel named Williams as his confidential secretary. However, last May Reuben resigned to become state campaign manager for the governor, and again O'Daniel won without a run-off. Soon the governor appointed Williams as casualty insurance commissioner to succeed R. W. Waters, resigned. When Walter Woodward, state life insurance commissioner, succumbed, O'Daniel named Reuben to that place.

Names most frequently heard in talk regarding Senator Sheppard's post were: O'Daniel himself, Attorney General Gerald C. Mann, Lieutenant Governor Coke Stevenson, Carr P. Collins of Dallas, Congressman Martin Dies of Orange, Mrs. Sheppard, J. M. West of Houston, E. B. Germany of Dallas, State Senator Jesse Martin of Fort Worth, former Governors Pat M. Neff, W. F. Hobby and Ross Sterling and various members of congress.

The governor has shed no light on his position.

Istanbul People Move To Safety

Fears of an imminent German attack on Turkey, neutral ally of Great Britain, were seen today in a Turkish government announcement that it had been "found advisable" to remove a considerable part of the population of Istanbul.

The announcement followed only a few hours after the Rome radio broadcast a report that Germany's ace diplomat, Franz von Papen, ambassador to Turkey, had reiterated "the assurance that Germany has no intention of attacking Turkey."

Istanbul lies on the European side of the strategic Bosphorus, link between the Dardanelles and the Black sea. It is less than 100 miles from German-occupied Bulgaria.

Nazi blitzkrieg forces have already slashed down through Thrace and Greece alongside the Turkish frontier.

Greece's own struggle against the Germans took on a slightly brighter aspect as military quarters in Athens declared that her army remained intact "to deal a decisive blow at the German invader with allied support."

A German military spokesman in Berlin asserted that more than 50,000 Greeks had been captured in the sweep through Thrace, and that the final number will be much greater.

The British radio said Balkan war news was reaching London in little more than a trickle, but that it seemed clear the Germans were still making headway.

Battalions of British flame-throwers, tanks and armored cars newly arrived from Africa were reported rushing north today from Piraeus, the port of Athens, for a decisive battle with Adolf Hitler's blitzkrieg legions.

As the 5-day-old battle of the Balkans neared a showdown, unconfirmed rumors circulated in Budapest that Belgrade, the bomb-scarred capital of Yugoslavia, had been entered by Nazi troops.

Advices reaching Bern, Switzerland, one of the few remaining outposts of unoccupied news in war-torn Europe, said British transports and supply ships were bringing fresh reinforcements into southern Greek ports.

German press dispatches indicated the British expeditionary force—estimated at 300,000 men—was massed in the vicinity of Mount Olympus, 60 miles southwest of Salonika, near the Aegean sea coast.

Other reports said the British were completing a new defense line stretching across the Greek peninsula from a point south of Salonika to the Albanian port of Himara, on the Adriatic sea.

The Budapest newspaper 8 Oral Ujseg (literally "8 o'clock News") said Nazi troops racing across Yugoslavia had established contact with Italian forces in Albania.

Countering an official Greek denial, Hitler's high command insisted that Greece's "best army" of the east—trapped by the Germans' lightning thrust down the Vardar river valley to Salonika—was capitulating.

They are of the "America on Guard" issue and are being offered extensively as a part of the defense saving movement.

Earlier in the day, committee members will confer with Wash-burn, King Sides and Johnny Coffey on plans to enlist the power of all school children in the Clean Up, Fix Up campaign. All paint dealers and material men of the city are being asked to meet at the C. of C. at 9 a. m. Friday, to chart their part of the program.

THE RECORD—Facts That Concern You No. 26 of a Series

ARE YOU SEEING ONLY PART OF THE PICTURE?

The great majority of beer retail establishments are clean wholesome places. Yet it is the once-in-a-while exception—the anti-social, law-violating tavern that everybody notices. Such undesirable retailers give beer a bad name it doesn't deserve. Furthermore, by arousing public indignation, retailing abuses endanger your right to enjoy good beer, the beverage of moderation. They also endanger the benefits that beer has brought to Texas—31,165 persons employed since re-legal-

ization, an annual payroll of \$22,076,183 and \$2,273,968.64 taxes paid last year. While it is the brewers' responsibility to brew good beer and the retailers' responsibility to sell it under wholesome conditions, nevertheless the brewing industry wants anti-social retailing eliminated entirely. You can help us by (1) patronizing only the legal and reputable places where beer is sold and (2) by reporting any law violations you may observe to the duly constituted law enforcement authorities.

Annual WTCC Program In Is Outlined

MINERAL WELLS, April 10. — Preliminary program for the annual (23rd) West Texas chamber of commerce convention here has been worked out by a joint committee from the WTCC and the host chamber of commerce.

Convention dates are May 15-16, against three days in past years. The program will be compressed into two days, expressing a desire to concentrate heavily on the business of West Texas. The show will, however, lack nothing of its "bigness, color and entertainment."

Each of the 171 affiliated towns has been asked to send a delegation of 10 representatives to help develop the convention theme of "To Hell With Hitler."

The convention will declare that West Texas is for strengthening and preserving the American democracy through invincible national defense and preparedness for whatever may come.

Opening is set for 2 a. m. on May 15 with registration. Half an hour later the all-important work committee starts grinding out its recommendations. Directors' breakfast is set for the next morning.

Then comes the finals in the "My Home Town" speaking contest, and a public affairs conference.

WTCC directors will be luncheon hosts to newspaper men and local C-C executive. The national defense conference comes off in the afternoon and final event of the convention will be the banquet, at which the convention theme will be developed, with Amos Carter, Fort Worth, as master of ceremonies. Army Likely To Take 80,000 College Years

AUSTIN—American colleges and universities will lose 11 per cent of their male students to the national defense program this summer, a poll by Student Opinion Surveys conducted from Austin indicates.

A cross-section of American colleges and universities revealed that approximately 80,000 youths expect to be drafted or will volunteer for service during the summer. The big rush to the army and navy from campuses will begin about June 1.

College students have been deferred from conscription under the selective service act until the end of the present school term.

Eiland Heads New Stanton School Board

STANTON, April 10 (Spl)—Guy Eiland has been elected president of the new Stanton school board.

New members include Eiland, Edmond Morrow and G. W. Alsop. Alsop was named secretary and Carl Clard vice-president.

HAVEN'T I SEEN YOU BEFORE?—Stiffness and formality were soon forgotten in the national collegiate wrestling matches such as this 121-pound event at Lehigh University in Bethlehem, Pa., in which Calvin H. Melhorn (his are the legs that start at the left) pivots around Merle Jennings, a Michigan State wrestler. Melhorn is from Oklahoma A. & M., which later won its fifth straight national collegiate wrestling championship. However, this Argie lost his match to Jennings, though you can't say who's ahead here.

Mitchell County Starts Farm Bureau Plans

COLORADO CITY, April 9. — Nearly 500 Mitchell county farmers and ranchmen gathered in the district courtroom at Colorado City Wednesday afternoon to hear a talk by Cliff Day, AAA field representative from College Station, and lay the groundwork for organizing a Mitchell county farm bureau.

Temporary organization of the county farm bureau was set up, and a permanent organization will be formed at another meeting set for 2 o'clock next Wednesday afternoon at the district courtroom.

T. R. Haggard, chairman of the county AAA committee, was made temporary chairman of the new organization, with Bill Cook as temporary secretary-treasurer. Fifty-four paid-up memberships were received before the meeting closed.

SPORTS ROUNDUP

By EDDIE BRIEZE

NEW YORK, April 10.—Leo Lindy, famous Broadway restaurateur, says he has been offered one of the Boston ball clubs at a good price. Jimmy Carroll's latest derby future book odds make Dispo undisputed favorite at 3-1, with Whirlaway next at 4-1 and Curious Coin third at 6-1. One of the Texas papers which generally front pages the news when Sammy Baugh breaks his suspenders, ran an obscure eight line item on the market page when Sammy bought a \$50,000 ranch the other day. Nat Fleischer, knock down timekeeper in Louis-Musto bout, was paid \$200 and expenses for counting "one."

Texas U. gave its 71-year-old tennis coach, who has served 24 years sans pay, a "day" last week. A week would have been more like it. Dick Chapman, a member of Craig Wood's club, Winged Foot, bought his pro in the Master's pool for \$600. Wood later took one-sixth of the investment which paid off at \$7,500. Comedian Fred Allen, who once graced the Boston U. campus for all of five weeks, sent the committee for "Friends for Boston U's Athletics" a check for \$25. Baseball men say if Bill Lee signs up those 6-1 odds on the Cubs will be shortened. N.B.C. will televise the Yankee-Dodger collision at Ebbets field tomorrow. Dorothy Kirby Wins Augusta Golf Meet

AUGUSTA, Ga., April 10 (SP)—First place in the women's titleholders tournament goes to Dorothy Kirby of Atlanta.

Miss Kirby came in 16 strokes ahead of the field in the 54-hole play over the Augusta country club course yesterday, turning in second and third rounds of 73 to set a new women's record and obtain a total of 224. Women's par is 75.

Black Bombers Meet Lamesa Eagles Sun.

Big Spring's Black Bombers open their 1941 baseball season here Sunday afternoon in Roberts Field with Lamesa's Black Eagles as their opponents. Robert Moore announced with confidence this week that his lads were ready, rarin' and fit to go at the first drop of the umpire's hand.

Moore, manager and nursemaid of the Black Bombers, has gone into Waxahachie to rust out a bevy of ball players who, in his

estimation, are well-qualified to give the Lamesa boys the trimming of their lives.

Last attempt by Robert to turn out a first-class ball club met with a fair measure of success, with one of the law enforcement agencies of this city cooperating with him in keeping one of his star hurlers in playing condition and easily reached. The Big Spring manager said this week that this same stellar addition to the great American game was still around and he expected to use him to the best advantage.

As in Black Bomber engagements of other years, provisions will be made to take care of white customers. Moore said most of the gate receipts came from their friends among whites and he hoped to see them turn out to support the Big Spring boys.

Cattle Sales Made In Stanton Area

STANTON, April 10 (Spl)—Several sales to a Chicago cattle buyer were made in this area last weekend.

Jim and Edmond Tom sold 29 head of steer calves they have been feeding on the old King ranch at \$80 per head. Gordon Stone got 19 cents per pound for 31 head off his ranch southeast of Stanton in Glasscock county. They averaged 650 pounds.

A "back-to-the-country" movement noted in Pennsylvania seems not to be a "back-to-the-land" trend but rather a "back-to-the-small-towns" movement.

HEINZ BAKED BEANS

Kidney Beans Play Role in Vegetable Combinations

Serve as Quick Top-Stove Entrée or to Accompany Various Meals

By FRANCES PECK
Heinz Home Institute

OVEN-BAKED red kidney beans—mealy and mellow in their delicate sweet sauce—are a grand source of menu variety, for they are delicious with both meat and vegetables. Serve them heated as they are in the role of the starchy food in your menu, and also frequently combine them with other vegetables and flavorings for something different again.

Kidney Beans Goulash: Fry ½ pound sliced bacon until crisp. Remove from pan, then fry 1 green pepper, shredded, in the bacon fat until lightly browned. Add 1 medium (1 1/4-oz.) can oven-baked red kidney beans and 1 medium (16-oz.) can cream of tomato soup. Cover tightly, then simmer gently 30 minutes. Serve on a platter surrounded with the crisp bacon and sprinkled with cheese. Serves 4.

Kidney Bean Stocotch: Combine 1 medium (1 1/4-oz.) can oven-baked red kidney beans and 1 No. 2 (20-oz.) can whole kernel corn; then heat to boiling point. Add tablespoon butter. Season with salt and 1 pepper. Serve piping hot in vegetable dish as a vegetarian dish or as a meat accompaniment.

city will be urged to cooperate in some way in a unified drive to remove fire and health hazards, do some spring planting, clean up alleys, lots and yards, refurbish property and do general repairs and repainting. Committee leaders are confident that city-wide response will mean a successful step in the way of civic beautification.

Members of the Business and Professional Women's club will be asked to contact all grocery, drug and other food handling stores to enlist their support in the clean-up. The clean-up of alleys will be under general direction of American Business club members, while Lions and Kiwanians will join in a drive to get vacant lots made more sightly. Members of the Rotary club will have charge of general publicity, including personal contacts, distribution of posters, etc.

The LULAC group here will be asked to supervise the campaign on the north side, and Boy Scouts will join in the work — a list of scouts probably being made available for add-job work.

The city's new garbage disposal program will be emphasized during the campaign, and cooperation of all householders in providing suitable containers to make the program effective will be urged.

A novelty planned for the week is a "painting contest" between teams representing the four service clubs. Club men will be provided paint and brushes, and will be allotted equal sections of the WPA Nursery school building on the west side. Professional painters will judge the contest, with speed and neatness the determining factors. The "paint contest" is set tentatively for 5 p. m. on Tuesday, April 22.

Wool Market

BOSTON, April 10. (AP) (USDA) Scattered sales were closed today on domestic wools in the Boston market. Sales comprised mostly fine French-combing territory wools in original bags at \$1 to \$1.02, secured basals, and mixed-grade lots of three-eighths and quarter-blood bright fleeces at around 45 cents in the grease, delivered to eastern users. Fair amounts of Australian and South American wools of fine and half-blood grades were selling at steady prices compared with sales last week.

Approximately one-half of the people in the United States attend a movie at least once a month.

Big-Footed Ozark Lad Displays His Claim To Fame Here

Feet as big as the Ozark mountains from whence he comes will be shown by Buster Scott, 28, Snowball, Arkansas, here until Saturday, A. C. Emerson, said today.

Buster, whose claim to fame is pedal extremities of enormous proportions, is to be at Mullinger's department store where those who shh! shh! their own big feet can gain consolation by seeing the Ozark product.

According to the ruler, Buster's feet measure 15 inches in length and eight inches in width, and it requires a size 42 shoe to cover them. He exhibited these marvels of something or other for Ripley at the New York world's fair, and Life magazine carried a picture of them.

None is more enthused about these feet than Emerson, who is a second cousin of Scott. "Why," he said, "he lived in mountains for more than 20 years before anybody heard of these — these big feet." And Emerson is making up for lost time in spreading the news about the phenomenon.

A Special Ham For Easter

Ham as America wants it is a special kind of ham such as you can't get in most other countries, no matter how heavy your purse. But it costs no more than ordinary ham. This ham has all the rich smoke flavor which ham lovers demand, plus all the modern new mildness and tenderness. It has a name as long as your arm, but every word of it means a definite advantage to "she who cooks and he who eats." It is called "Wilson's Certified Tender Extra Mild Smoked Ham." The "tender" means no parboiling and quicker cooking. The "extra mild" means none of that over-salty taste, the "smoked" means a wonderfully rich flavor. And the "Wilson's Certified" signifies the special Secret Process that does it all. Remember, all you have to do with this ham is to allow it to come to room temperature (69 degrees-70 degrees F.). Then place it in an open pan or uncovered roaster in a moderate oven (325 degrees-350 degrees F.) and roast 16 minutes to the pound. Remove ham from oven. Carefully remove the skin. With a sharp knife score the fat into diamonds. Pour over the ham your favorite "glaze." Some prefer a mixture of brown sugar, butter and bread crumbs. Others use syrup or honey. Still others use melted jellies or sweetened fruit juices. Whatever you use, turn the oven up to 400 degrees F. and return the ham to it for 20 minutes to get a lovely rich glaze. And here's how the easy-to-bake ham fits into your Easter menu:

EASTER DINNER
Fruit Cocktail
Cream of Mushroom Soup
Baked Ham glazed with pineapple juice and decorated with pineapple slices
Eggs (cut with vegetable cutter from carrots and potatoes) served in string bean nests
Spring vegetable salad
Raspberry Ice "Lamb" Cake Beverage

The first two courses of this dinner can be achieved with a can opener. The "Lamb" cake is not so difficult as it sounds. It does not even require a Lamb cake mold. Some one in your family will draw a kneeling lamb for you. Cut this out. Make two sheets of layer cake. Use the "lamb" as a pattern and cut out a lamb shape from each sheet of layer cake, exactly as you would cut out material with a paper pattern. Use your favorite boiled icing. After you have set the two layers of the cake together with icing and fed the cake on the outside, cover it thickly with grated coconut. The result is a frisky white woolly lamb cake that even the grown-ups will enjoy.

Easter Sunrise Services Headed For Success

Only two things were needed today to insure success of the Easter sunrise service, scheduled for 6:30 a. m. Sunday in the amphitheatre at the city park—good weather and a good crowd.

Maj. L. W. Canning, chairman of the arrangements committee, said that all details surrounding the ceremonies commemorating the resurrection of the Christ had been completed.

Ray Ogden, who will be in charge of the music for the occasion, added that choir directors of various

churches had been contacted and pledged cooperation in arranging a mass choir for the affair.

Programs for the services have been printed and contain words to the songs to be used. In this way Ogden is hopeful of having the congregation participate along with the combined choirs. Another feature will be a male quartet.

Message of the morning will be delivered by the Rev. J. O. Haynes, pastor of the First Methodist church. Other members of the sponsoring Big Spring Pastors' association have parts on the program.

The amphitheatre, where the services will be held, is a massive stone bowl which will accommodate more than 4,500 people.

Those pea pods from which your canned peas were taken are used as forage for farm animals.

PIPES OF PROGRESS—These seven stacks are Carnegie-Illinois "stoves" which preheat air to be shot into blast furnaces wherein ore, limestone and coke are melted to produce pig iron. When it has reached a heat of 2,500-degrees Fahrenheit, molten pig iron is run off through sand-filled troughs into giant ladles that hold from 60 to 100 tons of the metal.

Tall Men Form Club At Austin

AUSTIN, April 10.—Descendants of Paul Bunyan or Pecos Bill, no doubt, are the members of the new University of Texas club to which only men 6 feet, 3 inches tall, or taller, are eligible.

Jack Proctor, 6 feet 5 1/2, is the Big Spring representative in the club.

Origin of the club, according to 6 foot, 6 inch President L. W. Hendrick, Jr., Dallas, has a vague sort of tie-in with the U. S. defense program.

"About half the fellows have found the year's get in the air corps, or the marines or any of those special services—because they're too tall," Hendrick said. "So we decided to get together and look each other over. Maybe we can form our own outfit."

THE BEGINNING—Rusty-colored iron ore like this hauled from Minnesota mines is basis of steel. Ore is melted into pig iron which, re-heated with scrap to 2,900 degrees Fahrenheit, is molten enough for pouring into precious steel ingots.

Police Force Must Go To Six-Weeks' School

SALT LAKE CITY—Reed Vetterli, the ex-G-man who now heads the Salt Lake City police department, believes a little education won't hurt anybody—not even a policeman.

Vetterli, aware that he can hardly expect patrolmen to measure up to the F.B.I. standard, which calls for every agent to hold a law degree, is doing the next best thing.

He has instituted a six-week course in report writing, patrolling and criminal law. Every officer is required to attend—and to pass the examinations which conclude the class.

Vealmoor Holds Rabbit Drive Fri.

Vealmoor folks Thursday reminded Big Spring hunters of plans for a rabbit drive in their community Friday.

The drive is due to get underway from the Vealmoor community at 9 a. m. There will be ammunition available on the grounds, and the drive will be mostly over pasture country.

At noon there will be a free barbecue. All who have a shotgun were urged to participate.

State Comptroller Gets Query On 'Lawful Money'

ALBANY, N. Y.—An apostle of brevity is gunning for State Comptroller Morris S. Tremaine.

Tremaine advertised a forthcoming state sale of housing bonds, adding the information that interest would be paid in "lawful money" of the United States.

Promptly he received a postal card with the message: "What is this lawful money? Is there any unlawful money? Please put us wise."

Flashes Of Life-

Associated Press
CINCINNATI—You can't please everyone.

When the city hall clock stopped some months ago, so many complaints were received that it was finally repaired.

Then came complaints that it made too much noise striking, so it was silenced.

"And now," Councilman Herbert Bigelow told city council, "requests are coming in to have the clock strike again."

ST. LOUIS — This is a story about a Missouri mule:
It took a tow truck to move him. Only in this case it was matter over mind. The mule became deeply mired in mud and for once he couldn't, rather than wouldn't move.

SAN FRANCISCO—The pigeons of Union square are assured everything but a room and bath.

Workmen digging an underground garage at the square like the cooing of birds so well they are going to supply food for them.

Bellhops from swank St. Francis hotel across the street have agreed to do the feeding.

CHICAGO—Mrs. Esther Reindinger, 35, has a reducing formula but she doesn't recommend it.

She misplaced three rings valued at \$1,500 and spent two days in frantic search before they were found.

Sighed she: "Since those rings were missing I haven't eaten a bite and have lost seven pounds."

WESTBROOK, Minn. — Mrs. Rhea Refsal and family have been eating 1940 apples fresh from their orchard.

A pile of apples, left on the ground last fall, became covered with snow. The snow was removed recently and the fruit was found just as tasty and fresh as when first picked.

Men Knitters "Decorated"
GENEVA, N. Y.—Fifteen male inhabitants of Lakemont are sporting red, blue and tan British decorations—for knitting proficiency. The ornaments are inscribed with the letters "DKC" signifying "distinguished knitting order," and were sent to the men for "meritorious service" in knitting woolen garments for Britain's armed forces.

PUNTA GORDA, Fla.—Dolls and toys are of little interest to three-year-old Michele Rosemary Carney. She would rather read a good book or follow developments of the war in Europe than play.

Described by her parents, Mr. and Mrs. Robert B. Carney of Wheeling, W. Va., as "a child prodigy," Michele has read 300 books, knows the names of all the continents, can tell time by the clock and has memorized several poems by Robert Louis Stevenson.

FRENCHMEN HAIL THEIR FLEET—French naval officers and men salute one gunboat of the Asiatic unit of the French navy as it returns to its base in Saigon, French Indo-China, after a successful engagement with Siamese craft. The Frenchmen in this Far East area are under Vichy orders, have been disputing territorial claims with Siam, which is now called Thailand.

Boxing Gates Show Decided Turn Upward

Louis-Musto Fracas Clicked Turnstiles For \$52,000-Odd

NEW YORK, April 10 (AP)—The latest looking dead thing around at this writing is the business of bashing heads.

They've been saying for years that boxing is dead. Well, with the \$52,000-odd gate for the Joe Louis-Tony Musto fight in St. Louis Tuesday night, the fight game neared the million-and-a-half dollar mark for the nation's major attractions in this indoor season. Which is about as dead as a loaded machine gun.

The thousands the armored car took out of St. Louis arena brought the total for Promoter Mike Jacobs' productions alone this season over the million-dollar mark. This includes his stopovers in Detroit, Boston, Philadelphia, Chicago and St. Louis, as well as in his own back yard, Madison Square Garden, which is having an indoor campaign paved with gold and reminiscent of Tex Rickard's fabulous heyday.

The Garden gross on fights since the sport of scrambling ears came indoors last September has been about \$722,500 for 19 fights, an average of more than \$38,000 a card, and, just to show how much the heavyweight title counts in the picture, Louis appeared on only one program in that time.

What's more, Joe didn't attract the biggest gate or the largest crowd. Fritze Zivic's engagements with both Jimmy Davis and galloping Larry Wolf at last hitting his stride, galloped in with the district championship at Dallas yesterday and qualified some ten athletes for the regional trials next week at Denton.

Wolf, this quarter-mile champion, ran this distance in 49.8. Just eight-tenths of a second over the intercollegiate league record; ripped off the 100-yard dash in 10.1 and anchored a mile relay team that whirled around in 3:30.6.

Bill Hannum, a 12-foot pole vaulter, also won his event and that makes Highland Park an even bet against the field to romp in with another title.

Elsewhere district meets get underway over the state today, to finish out the first round leading toward the state meet at Austin in May.

The Dallas and Fort Worth city districts will name their representatives, Fort Worth this afternoon and Dallas tonight.

Tomorrow and Saturday meets are scheduled at ten other points. Eight regional meets next week will send 400 athletes to Austin for the grand finale.

Lamesa took the first turn in home. Shortstop Lang lined one out to Hayden Greer and a heave to Eddie Stevens killed off the Lamesa at first. Bennett went down and Guynes took the batter's spot. The heavy-hitting Lobo got a single but had a hitch thrown in his run-bound plans when Goodwin went down.

Big Spring's Horace Carmichael started the ball rolling and when the fusa was over in the first inning, the Bombers had taken a pair of runs out of the blue. Hank Poltras and Stevens helped themselves to the gravy before the stanza was finished.

It was in the third that Big Spring got the bit in a death grip and romped across for a quintet of runs. A badly confused Lamesa crew put up a valiant struggle during the remainder of the show and did not let up until the eighth, when Shilling, Greer and Al Zieglerman knocked the cover off Pitcher Walters' offerings.

Willard Ramsdell put in his first appearance before the homefolks and marked up some first-class ball-tossing in doing it. In yesterday's show he gave evidence of a falling that is common to a great many of the budding fraternity—a bit of trouble in getting the proper degree of coordination between his bat and the pitched ball—but that item is not due to hold him back, provided he keeps up the good work displayed. In his first time to enter a matched tilt, Ramsdell struck out four Lamesans and allowed three hits over a six-inning course.

As for the Lobos, their showing Wednesday did not seem too impressive, but most of the Lamesa lads have not had the rather lengthy pre-season training that has been the lot of the majority of yesterday's Bomber roster.

Highland Park Trackmen Drive Toward '41 Title

By the Associated Press
Highland Park's defending state champion schoolboy tracksters are back in the middle of the picture as the big drive toward the 1941 title begins.

The Scotties, with the brilliant Larry Wolf at last hitting his stride, galloped in with the district championship at Dallas yesterday and qualified some ten athletes for the regional trials next week at Denton.

SMU Team Moves Up In Baseball Race

DALLAS, April 10 (AP)—Southern Methodist's hustling Mustangs, conquerors of highly-favored Texas in the Southwest conference baseball race, tangle with the Rice Owls today in the opener of a two-game series.

The Mustangs are tied for third place with Baylor's Bears and could move into the runner-up slot behind Texas by sweeping the series with the Owls.

Rice lost its fourth game of the season yesterday as Texas Christian won its initial start, the Frogs downing the Owls 7-1 behind the five-hit pitching of Preston Thompson.

For five innings Don Kennedy, sophomore Rice hurler, set the Frogs down and Rice was ahead by a run, but T. C. U. tied it up in the sixth and took the lead on Owl errors in the seventh.

Mrs. Elmo Wasson took possession of a pair of honors, marking up 184 pins for highest single round of the evening and rolling 534 over the three-game series.

Trailing Mrs. Wasson with a 433 score, Mrs. Luke LeBlau set up 433 and Mrs. Jimmy Eason took command of the third-place slot with a total of 445 pins over the course.

With 84 engagements hanging on the hook and 15 to go, Texas Club bowlers are leading by a wide margin. Closest competitor, Toby's crew, is 13 games shy of the top-ranker's record.

Guldahl, Robbins To Vie With Akey, Bristow In Golf Exhibition Here

Ralph Guldahl, only person to win the national golf open two years in succession, will be in Big Spring Tuesday, April 15, to make the rounds at the Munny golf course.

Guldahl and Shirley Robbins, coun-learned in golf from close and intelligent observation of swings of the better golfers.

What you see, you will generally believe. Caddies can very nearly imitate any club member's swing. It is their ability to imitate and learn from observation that constantly improves their games. Most professionals have learned golf through a trial-by-error basis; that is, they pick up pointers or tips from better players in a constant effort to improve. And after a try-out they either discard the experiment or incorporate it in their swings.

Several of the high-money winners this winter made their initial starts in last year's tournaments. From that experience, and being constantly on the alert for some way in which to improve their games, these players have built up increasing confidence in their ability. Golfing perfection is what the professionals are seeking today. They are never quite satisfied. Probably, this one factor has much to do with the present low-scoring in most tournaments.

Guldahl will lecture and demonstrate on all the fundamentals, including the correct grip, stance and pivot. At the conclusion of this lesson, he will welcome questions any might want to ask about personal golfing problems.

try club manager, are slated to be matched against Harold Akey, munny pro, and Obie Berold, one of West Texas' top-ranking amateur diveters.

Tickets for the affair are on sale at Cunningham-Phillips drug store. Those who want to get some real pointers in the way of a golf lesson from one of the greatest players the game has yet produced, won't want to miss Guldahl's half-hour show prior to the 18-hole exhibition. The demonstration and lesson will begin promptly at 2 o'clock, with the match getting underway at 2:30.

Since so many of the present-day top-flight professionals and amateurs had their start in golf through caddyng, Guldahl is of the opinion that there is much to be

Cubs Afflicted With Holdouts

CHICAGO, April 10 (AP)—The Chicago Cubs office was tuned in at "holdout" wave length today— for anticipated broadcasts from Pitcher Bill Lee and Outfielder Hank Leiber.

Lee, who is balking at a salary cut, arrived from his Louisiana home yesterday to campaign on a "face-to-face" basis. Jim Gallagher, Cub general manager, said the big right hander's request for an appointment today had been granted.

Leiber, involved in a similar squabble, remained at his Phoenix, Ariz. home, but indicated that he would communicate by telegraph today on his future plans. Any announcement, he said, would have to come from Gallagher, adding, however, that he had not yet signed a contract.

Cities Service, Stag Tangle This Eve

Final practice game before the softball league play gets under way is set for tonight at the city park, when Cities Service and Stag Auto Parts engage in a fracas at 8 p. m.

The Cities Service crew is made up largely of players from last year's Standard Oilers, champion last year and considered one of the best softball aggregations in these parts in years. It conquered most of the stronger clubs in this section of the state.

The Cities Service outfit is expected to be a contender again this year. The lineup will include such stars as Lewis Heuval, all-city shortstop for the past three years; Pepper Martin, infielder; Chock Smith, a stellar operator behind the plate for the past four years; and Bobby Savage and L. D. Cunningham, two of the state's outstanding pitchers.

The complete lineup includes: Chock Smith and Tony Robertson, catchers; L. D. Cunningham and Bobby Savage, pitchers; Johnny Miller, George Neel, B. Asbury, Good Graves and Hal Battle, outfield; and Sam Hefner, Charlie Derden, Elmo Martin, W. D. Berry, Lewis Heuval, Pepper Martin and Rocky Dobbins, infield. Berry is manager of the team.

More Easter Seals Sell

More funds came into the Easter Seal treasury Thursday as leaders in the drive for raising money to rehabilitate crippled children made a fast-minute appeal for support.

Mrs. E. W. Anderson, treasurer, reported that \$76 had been raised to date through the sale of seals.

The campaign, said Mrs. L. E. Jobe, chairman of the activity, is placed on Easter and funds will be close in proper hands to help improve the lot of unfortunately hampered children.

Largest donors include Judge C. C. Collins, V. A. Whittington, Ions Barnett, S. P. Jones, Mrs. Florrie Nell, Edith Hatchett, W. A. Johnson, E. R. Watts, C. L. Bower, W. A. Fowler, Valvin & Strauch, Inc., G. H. Hayward, Mrs. Dora Roberts, Mrs. Lula Hardy and Lewis B. Rix.

US Commissions First Battleship In 18 Years

NEW YORK, April 10. (AP)—The first battleship commissioned by the United States navy in 18 years took its place as a "ship of the line" Wednesday in sober but colorful ceremonies aboard the new 35,000-ton North Carolina at the Brooklyn navy yard.

The commissioning ceremonies on the quarter-deck, attended by 1,500 specially-invited guests headed by Secretary of the Navy Knox, were held under war-time restrictions with special police, marines and sailors on guard.

Big Spring Residents Welcome Reduction In City Water Rates

A thing many never believed would come to pass here has happened. The city basic water rate schedule has been given a 37 per cent reduction...

Inclined to use more water, for the vast bulk of operating expenses are paid out of water and sewer revenues. If consumption did not increase, then the city's financial structure would stand in urgent need of readjustment.

Script Writers Wear Out On Drinking

By ROBBIN COONS HOLLYWOOD--There's nothing like "crossing the bar" to bring out a script writer's ingenuity or expose his lack of it.

"Double Scotch" is given this variation: The hero lays his money down, asks how many drinks it will buy, is told six. "Put 'em all in one glass," he orders. He singles out a huge brandy-basher (comedy prop), and therefrom proceeds to get spifficated.

Speculation On Next Race For Speakership Circulates

AUSTIN, April 10--The wise politician is the one who lays his plans far ahead. And thus far there are at least six wise politicians in the Texas house of representatives, for at least that many are thinking seriously of making the race for speaker in 1943.

Continued From Page 13

The labor leaders must be kept to see that if prices are to be kept within reason, wages must also be maintained at a reasonable level. And a good, hard-headed tax bill must be drawn as a sort of regulator of the economy. If these three requirements are met, there is no one in Washington who will be worried.

The British, faced with an emergency far more acute than ours, have succeeded in maintaining the appearance of the normal economic process under completely abnormal conditions.

Unfortunately, although the treasury seems to be working hard on a properly directed tax bill, and although everyone agrees in principle on the relation of the labor and price problems, no coordinated tax-wage-price policy now seems likely to emerge. Like most other war problems, this one is being let go until it bursts, like an unattended boiler. The bursting point will probably be reached fairly soon for in the pivotal steel industry the marginal producers are already arguing for higher steel prices to meet higher steel wages. And again like a bolt, a problem that has simply been let go until it bursts is always harder to treat in the end.

Story

(Continued From Page 12)

der when they were shaken out of their folds.

"It's just as if we'd stepped between the covers of an eighteenth century novel!" Eve exclaimed. "I do hope some of them fit us."

Gina finally chose a garnet red frock of thick rich satin, and Eve decided on a flowered muslin. They even found little headless slippers with ankle ribbons, that would go on their feet if they handled them with great care, for the materials were fragile with age, and felt as though they might fall apart in their hands.

Like a couple of conspirators the girls, with their bundles under their arms, hurried along the gallery to their rooms.

"Lock your door," said Eve in parting. "Don't let anyone see you until the bell rings for dinner. We'll go down together, after everyone else is in the dining room."

Later, when Mrs. Marbury called upstairs, "Are you all right, children?" they were almost ready. "Never better," sang out Eve. "We're fixing a surprise."

The dinner gong sounded soon afterwards. Eve waited behind her door, listening until the sound of footsteps outside had died away. She turned the key then and opened the door softly, just as another door creaked further around the gallery and Gina tiptoed out. Prepared as they had been for each other's appearance, both girls were, for a second, startled at the complete transformation the beautiful old gowns made.

Gina's fair hair had dried now and was pulled up on top of her head in a top-knot and tied with a ribbon. The skirt of the heavy satin gown was very wide and full and billowed out her slim waist, emphasized by a tight plain bodice that left her white shoulders and arms bare.

Eve had merely run a comb through her cloud of dusky hair, and it tumbled down over the shoulders of the sprigged muslin dress, with its long tight sleeves and square necklines. There were pink ribbon bows at the shoulders and at the narrow waist, and the skirt was ruffled and frilled until it stood out like a ballet dancer's skirts. On tall Eve the hem came only to the top of the satin shoe

ribbons crossed at the ankles and tied in back.

"We're too quaint," said Gina. "Now aren't we?"

They linked arms and went down to the dining room. Side by side they stood in the open doorway. At that moment the door at the opposite end of the room opened and Mrs. Jackson came through from the pantry. She was carrying a silver tureen, and as the door swung shut behind her, she glanced up and saw the two girls.

Everything seemed to happen at once. With a roar, the wind burst open the double French doors opposite the table and the candles went out as suddenly as if snuffed out by one huge extinguisher. At the same instant, the tureen in Mrs. Jackson's hands, crashed to the floor, the cover rattling and clattering across the bare floor, making a metallic accompaniment to a thin, wailing cry that rose high above the uproar.

Gina and Eve stood as if petrified in the doorway, their figures outlined dimly by the hanging lamp in the hall behind them. The group around the table were equally motionless for the space of a heartbeat, then Brett Rodman's voice rang out with steady clearness.

"Here!" he cried. There was a click and as everyone turned to see the sound of his voice, they saw the tiny flame of his cigarette flickering in his hand. Jim Drouillard leaped to his feet and forced the French doors shut, while the others, fumbling for their own lighters, helped relight the candles.

Behind Mrs. Jackson, the pantry door swung open and the gaunt face of her husband peered cautiously in. Mrs. Jackson, hand on her heart, tried twice before she could control her voice.

"Get—get a mop," she commanded her husband, and stooped to retrieve the silver tureen.

"Was it you who howled like that?" Ham demanded. He crossed the room and picked up the tureen lid in the corner.

To be continued.

CAN YOU TIE THIS!—It's knot funny to Linda Johnson, actress, in Los Angeles, as she tries to get her lines and tackle into some kind of order—at least by April 16-19, when she'll reign as queen of Escanaba, Mich., smelt jamboree.

Moore Parent-Teacher Group Plans Goodwill Dinner Details

MOORE, April 10. (Sp.)—The Moore Parent-Teacher association is busy with plans to entertain business men of Big Spring and their guests among local men with a chicken dinner next Tuesday night.

The affair was postponed several weeks ago because of bad weather, but is now the chief topic of interest among residents of this community. Approximately 80 local men have indicated they will be present, and the same number is expected to attend from Big Spring.

The various committees arranging for the affair are comprised of:

Hostesses—Mrs. Verdie Phillips, Mrs. J. H. Sellers, Mrs. W. H. Ward, Mrs. J. Lusk and Mrs. Frank Cook.

Kitchen—Mrs. G. F. King, Mrs. O. D. Engle and Mrs. Henry Long.

Program—Arah Phillips.

The Big Spring chamber of commerce will supply a part of the program and the Moore community will contribute a part, including accordion numbers by Mrs. J. W. Payne of Otsechak, a duet by Ramona Fey and Billy Barber, and music by Doyle Turney and his orchestra.

Talking of the school census has been completed by M. L. Rowland, with a total of 58 scholars listed. This is a slight decrease from last year, but it is thought enough students will transfer into the district to again allow use of four teachers.

Only 15 votes were cast in the school trustees election. E. D. Hull was reelected to the post on the board which he has held the past two terms. Mack Thomas, J. H. Burchett and Jack Daniels held the election.

Mrs. J. C. Groff, who has been at Plainview for the past three weeks with her husband while he underwent and convalesced from major surgery, returned Monday to resume her teaching duties.

Eva Mae Shanks, who underwent an appendectomy several weeks ago is rapidly recovering and will be able to return to school in the near future.

Frank Goodman and Harold Leatherwood, who comprised stock judging team from the Garner vocational agriculture class, made a trip to Alpine last weekend to participate in a district meet. They were accompanied by H. R. Hadley, agriculture teacher.

Mrs. Sam Eason, Mrs. Mike Williamson and Mrs. Ella Nell of Big Spring were recent visitors in the W. H. Ward home.

Mrs. Ella Hammock and Mr. and Mrs. Carl Hammock made a business trip to Roscoe over the weekend.
