

POSTAL OFFICIALS HERE - Nearly 50 postmasters with wives and guests met at the Ramada Inn Friday evening for the quarterly 764 region Postmasters Meeting. The organization is a part of the National Association of Postmasters of the United States. At left is Eastland Postmaster Marcus O'Dell, A.R. Metcalf of Abilene, Postal Inspector, at center, was principal speaker, and at right is Glenn H. Williams, Stephenville postmaster, who is president of the regional organization. (Staff photo by Steve Haines.)

Injured On Motorcycle

Steve Downard, 17, son of Mr. and Mrs. Ben Cagle, is in the Hendrick Memorial Hospital, Intensive Care Unit, being treated for injuries sustained in a motorcycle accident in Eastland Friday afternoon about 4:30.

Injuries reportedly are broken legs, and a fractured collar bone.

He was treated at Eastland Memorial Hospital and transferred to Abilene by Bakker Funeral Home ambulance.

FREYSLAG INSURANCE WEATHER REPORT

Chance Of Showers

TIDBITS

By HVO

A WEEK OF WEATHER: Yes, siree! A '50s vintage sand storm Monday; rainstorm; snowstorm; hailstorm; windstorm; and balmy days. We had 'em all this week in Eastland County. A reported typhoon at Lake Leon is unconfirmed...Moisture much appreciated.

GOOD FISHING news upcoming! City Commission is cooperating with the Parks and Wildlife Dept. in a program which will see a major renovation of Ringling Lake fishing. A kill will be conducted by the Department and restocking handled so that the pretty little lake north of town will be a gem once again. Recent biologist's testing there shows that the balance of fish in the lake is unsatisfactory, and needs corrective measures. Speaking of fishing, you might want to ask Don Martin how the catch was down at Falcon Reservoir where he's been with a fishing party since Thursday.

YOU'LL WANT to mark your calendar so we don't miss honoring Mr. and Mrs. Pat Crawford on their anniversary, scheduled to be observed at the Women's Club on Saturday, March 2, from 4 to 6 p.m. Salutes are also in order we understand, for the Ben Hammers and the Clyde Grissons, who'll be observing golden events.

THERE'S SOME hope, we're told by scouts, that whoever took the planter from out front of Women's Club House will be kind enough to return it. The matching planter looks off balance, and if the other comes back, things will look much nicer.

CIRCUMSTANCES OFTEN force one to miss the very things one would especially like to attend. For example, it's our disgrace that we didn't get out with a camera (due to a flu plagued staff) to help honor Mrs. Marvin Hutto when she celebrated her 25th anniversary at Vassarette. Plant Manager Gene Johnson and Personnel Supervisor Mrs. Margaret DeFord and all the crew there put together a real ODESSA HUTTO DAY we're told, and Mrs. H. was treated with all the royalty she so richly deserves. She's been a long and faithful employee and the Vassarette people do a wonderful of letting their employees know they appreciate them.

FRANCES DRENHOFER of Ranger appears in ECT production "Family Portrait" in the role of Mary Cleophas, sister-in-law of Mary, mother of Jesus. She has not appeared with ECT since her excellent performance in a bill of one acts several years ago.

REHEARSALS FOR "Family Portrait" will be held Monday afternoon instead of Monday evening due to the use of the ECT stage by the Shakespeare Workshop which meets at 7:30 p.m.

An Invitation

Remember the Bean and Ham Dinner. It will be served buffet style by the United Methodist Women in the Fellowship Hall on Feb. 27 from 11:00 a.m. to 1:00 p.m. The

Bean and Ham Dinner is an annual affair. Your patronage is always appreciated. Tickets are available from members of the United Methodist Women or at the door for \$2.00.

Members Sought

In an all-out Spring effort to increase the membership at Lone Cedar Country Club certain application requirements have been temporarily relaxed, according to an announcement by the club's Board of Directors. Beginning March 1 and for a 90 day period, the \$50 initiation fee is suspended and persons may join the club by only paying the \$14.30 monthly membership fee in advance.

The club presently has 168 members and offers a varied program. Boasting one of the finest golf courses in the state of Texas, golfers will find excellent greens and fairways, as the result of a reseeding and sprinkling system.

Mr. Frank Sayre will be in charge of the swimming pool maintenance this year, guaranteeing excellent pool facilities. E.A. Connel of Eastland is social chairman for the club and a special dance with a band is set for March 9, in addition to the regular first Saturday night dance.

Mrs. Winona Culpepper is club manager. Bruce Pipkin is vice president and Veon Howard is treasurer. Persons may contact either of these above or these directors: Tom Dunn, Howard Oliver and Iris Hummel, all of Ranger; R.M. Sneed of Eastland; G.P. Mitchum of Cisco; or Keith Whitt of Gorman.

Sikes Elected Director Of State Bank

WILLIAM E. SIKES
... new director

It was announced Saturday that William E. Sikes was elected director of the South-west State Bank.

Mr. Sikes is a native of Eastland and a graduate of Texas Christian University where he was a member of the football team. He has been associated with the Exxon Co. for 16 years and has been the company's local wholesale co Commission agent 11 years.

He is also a partner in Grissons Dept. Stores of Abilene.

Mr. Sikes and his wife, Zena, have two children - Cindy, a student at Texas Tech University and Bill, a Brownwood High School student. They are members of the Church of the Good Shepherd and live at 2206 Belmeade.

He is the son of Mrs. R.E. Sikes and the late Mr. R.E. Sikes of Eastland.

Cub Banquet Monday

The annual Blue and Gold Cub Scout Banquet will be held Monday night at 7:30 p.m. in the basement of the First Methodist Church.

The speaker will be Eastland Chief of Police Johnny Morren. Cub Master Joe Houssen will be giving Achievement Awards.

All parents and families of Webeloes and Cub Scouts are invited and encouraged to come and bring a covered dish.

City To Get New Trash Haul Truck

A new trash hauling truck for the City of Eastland is in the future as the result of action taken Friday in a special called Commission meeting.

Commissioners agreed to buy a new 18 cubic foot Garwood packer on a bid of \$7,475, with a \$2,750 trade in for the existing and virtually worn out 1965 16 foot rig now in operation.

The new packing - hauling unit will be installed on a new International Harvester truck, bought on bids opened at the Friday meeting from Eastland dealers.

City Garage's bid of \$5,539 was low bid for furnishing the truck on specifications. Total cost to the city for the packer - hauler and truck will be \$10,264.

In the Friday meeting, Commissioners also agreed to send Eastland Firemen to firemen's training in Abilene.

The truck will be sent by I - H to the Garwood Alabama factory for installation of the equipment, and Garwood will deliver the new unit here and pick up the trade in.

Funeral Services For Joe T. Bond Will Be Sunday

Joe T. Bond 78, of Olden passed away at 6:45 a.m. Friday, Feb. 22, in Eastland Manor Nursing Home following an extended illness. Funeral services will be held at 2:30 p.m. Sunday in the Bakker Funeral Home Chapel with Minister Frank Kilbourne of the Olden Church of Christ assisted by Minister Steve Ennis of Abilene.

Mr. Bond was born July 13, 1895, in Fayetteville, Arkansas. He moved to Texas in his early childhood. His family settled in the Mangum Community. He was a veteran of World War I, from 1917 to 1919, serving in France.

He married Ruby J. Clark February 7, 1923, in Eastland. He was production foreman for Magnolia Oil Co. from 1919 until his retirement in 1959. Most of this time was spent in Oklahoma. He was a former resident of Gainesville. He was a member of the Church of Christ of Olden and was a member of the Masonic Lodge of Carbon.

He is survived by his wife, Ruby of Olden; one daughter, LaRue Bond (Hughes) of Altus, Oklahoma; two sisters, Mrs. Maude Evans of Bellflower, California; and Mrs. Jane Tucker of Lakewood, California; two grandsons, and a number of nieces and nephews.

Pallbearers will be June Bond, Frances Bond, John Kidd, Bill Fox, G.A. Fox Jr., and Melvin Holt.

The family requests that any memorials be made to the North Texas Lung Association.

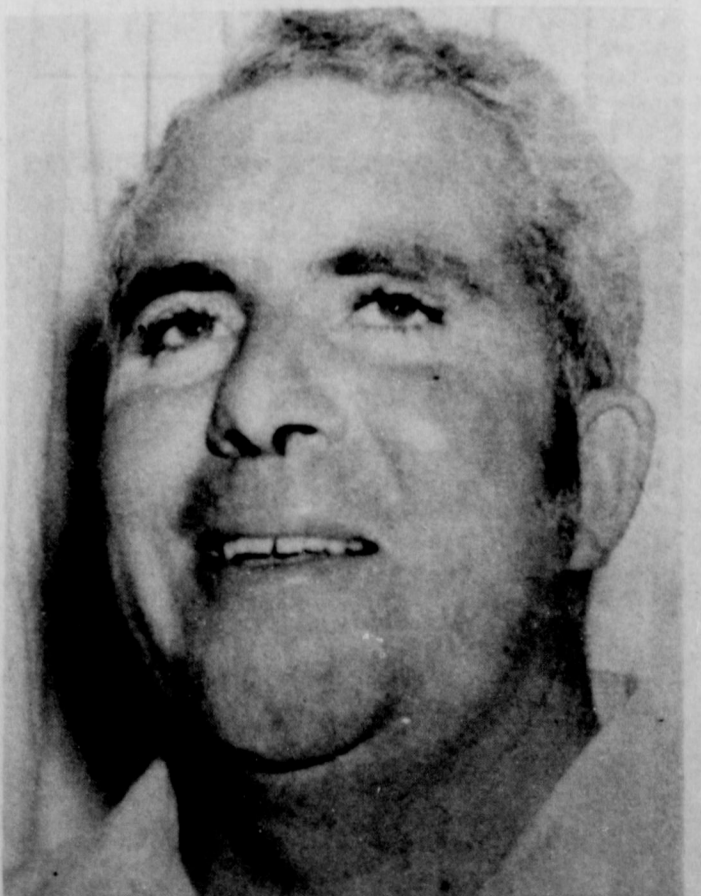

TRIO FROM PORTRAIT

MENZEL, the marriage broker, is played by Don Nicholas, who is with Texas Electric, a past president of Eastland's United Fund and a member of the choir of the First Baptist Church.

MORDECAI, whose farms are located near Nazareth, is played by James Reid, ex - mayor of Eastland, a vice president of Eastland National Bank, and a member of the First Baptist Church.

JOHN NEVILL who is with Southern Television Systems plays the role of Hadrian, a Roman merchant. John is a member of the First Baptist Church and the Lions Club.

Mrs. James Hankins

Miss Vickie Lynn Haley And James Clark Hankins Exchange Nuptial Vows

Miss Vickie Lynn Haley and James Clark Hankins exchanged nuptial vows Thursday, Feb. 14, 1974, at 7 p.m. in the First Baptist Church in Eastland with Rev. Haston Brewer, pastor, officiating. Parents of the couple are Mr. and Mrs. Jack Haley of Clyde and Mr. and Mrs. J.O. Hankins of Rocksprings, Texas.

The double ring ceremony was performed before a candlelight setting. The church was decorated in red and white.

Mrs. James L. Massey of Olden, sister of the bride, was matron of honor. She wore a red and white crepe dress accented with white lace on the sleeves and collar. She carried a Valentine shaped bouquet with a single red rose.

Bridesmaids were Julie Denise Haley of Clyde, sister of

the bride; Deborah Johnson and Shirley Ford, both of Eastland. They were attired in identical red and white dresses with empire waists accented with white lace and carried a Valentine shaped bouquet with one red rose. Each wore a white velvet ribbon with a red velvet Valentine in the center as a headpiece.

Mr. J.O. Hankins, father of the groom, served as best man. Groomsmen were J.L. Hankins of Rocksprings, brother of the groom; Ken Donnel of Graham, nephew of the groom, and Wade Ellis of Rocksprings, nephew of the groom.

Ushers were Jim and Mike Stuts of Eastland, nephews of the bride.

The bride, given in marriage by her father, wore a long gown of lace lined with satin. The

Barbara White Becomes Bride Of Larry Douglas Burns

Barbara Ruth White became the bride of Larry Douglas Burns in a double ring ceremony Friday, Feb. 15, 1974, at 7:30 p.m. at Bethel Baptist Church with Rev. William Betts, pastor, officiating. Parents of the couple are Mr. and Mrs. O.T. White and Mr.

and Mrs. N.D. Burns, all of Eastland.

The church was decorated in a light and dark orchid color scheme.

Mrs. Tommy McCullough of Fort Worth was Matron of Honor. She wore a full length orchid mirrimist gown that featured an empire waistline, puff sleeves, low neckline. She wore a matching velvet ribbon in her hair and carried a bouquet of white orchids and carnations.

Regina Rene Stroud of Grapevine and Lisa Gail Chick of Eastland, nieces of the bride, were flower girls. Both wore orchid mirrimist gowns identical to the matron of honor's. They carried baskets of orchids and other assorted flowers.

Thomas Wayne McCullough of Fort Worth was best man. Royce Gail Burns and Boyce Dale Burns, brothers of the groom, were ushers.

The bride, given in marriage by her father wore a gown of candlelight satin with a full length chapel train. The gown featured a high collar neckline, sleeves of sheer tricot ending with buttoned cuffs. Decorations of seed pearls and rhinestones accented the bodice of the dress. The full length train was accented with motifs of pearls set in lace. She wore a mantilla headpiece of lace and pearls. She carried a bouquet of white orchids and carnations accented with baby's breath.

Mrs. Tommy Clark, organist, played "We've Only Just Begun".

For her daughter's wedding, Mrs. White wore a blue and white long sleeved street length dress of knit material with a matching sleeveless coat with white trim around the collar.

The groom's mother chose an aqua double knit dress with matching long sleeve coat of aqua and white.

A reception was held in the Fellowship Hall of the Church following the wedding. Beverly Burns of Eastland, sister of the groom, and Robin Alexander of Austin served cake. Serving punch were Connie Langlitz of Stephenville and Deborah Johnson of Eastland. Sue White of Eastland, sister of the bride, registered guests.

The bride's table was decorated in orchid and white with crystal and silver. Love birds adorned the top of the three tiered wedding cake.

For travel the bride wore a full length turquoise halter dress with pink and orchid floral designs with a matching long sleeve waistline jacket. The outfit was accented with a beaded necklace and earrings. She wore a corsage of white orchids from her bouquet.

The couple is making their home at 3104 Sappington Place, Apt. 326, Fort Worth.

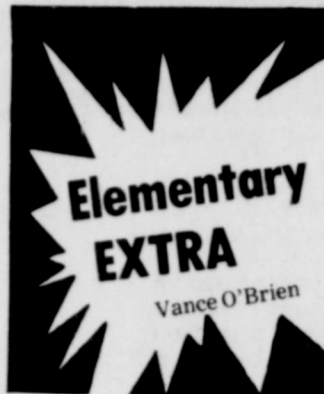

The bride is a 1973 graduate of Eastland High School. She is presently employed by the Fort Worth National Bank.

The groom is a 1966 graduate of Eastland High School. He attended Cisco Junior College.

Mr. and Mrs. Dwayne Bullock of Fort Worth recently visited in the home of Mr. and Mrs. C.F. Brooks of Ranger.

Mrs. Burns

Vance O'Brien

MISS YOUNG

KINDERGARTEN

This week in Kindergarten we began work on our letters. We made our letters out of clay. We painted big ones on paper, and we are practicing printing. This week we worked on A and B and we will start on C Monday. The snow was fun but messy. Sure hope all our friends will hurry and get well. Come back to school. We sure miss Lisa.

Miss Young

MRS. COOPER

FIRST GRADE

Sickness has really hit our class this week. We have had from 7 to 10 out all week. We have been making a George Washington booklet along with our daily work. We sure hope our "sick" ones will be well soon and back with us. Also we are going to miss Jerry Woods. He left our class today to go to Hamlin. We are really going to miss him.

Thursday evening we had a lot of fun watching the show. We had been talking in science about how a snowflake looks and we got to see some "first hand".

MISS SIMMS

FIRST GRADE

All week we have been learning about George Washington. Friday we made a booklet of things we had learned. Last week we studied about Abraham Lincoln.

We have also been learning about the United States flag.

Our class has had good attendance this week. Those who have been sick will be back soon is our hope.

Kirk Siler, Frankie Baldillez, and Paula Boyd all had birthdays this week. Last week Nathan Pennington and Loretta Nelson had birthdays on Valentine's Day.

MRS. ALLMAND

SECOND GRADE

We are all well and back at school. We have a new boy. His name is Mike Medford. Jimmy Woods is moving to Hamlin.

We had our program at PTO. We made boxes to plant seeds for Spring. We moved our desks.

Our teacher read us a book about Lincoln and one about Washington. Our group pictures came in.

We are still learning cursive writing and borrowin in math. We would like to thank Mrs. Coats, Mrs. Dallas, and Mrs. Allmand for the nice program.

Tami Robinson

MRS. TURNER

THIRD GRADE

It is a nice day to day. It was raining last night now it is snowing. Several were absent Monday and Tuesday but we are glad they are back in school today. David Lynch was sick yesterday. Mrs. Turner had to be in Abilene while her husband was in the hospital there. Mrs. Durham and Mrs. Grimes substituted for her. Everybody is present today.

Reporter
Kyle Nixon

MRS. YOUNG

THIRD GRADE

We have finished our reader, Air Pudding and Wind Sauce. Now we are taking a test to see how much we have improved. Our next reader will be Mysterious Wisteria.

We have started division in Math. Some like it, and some don't!

Several of our class are still out with the flu.

MRS. ADAIR

FOURTH GRADE

The lunchroom awards went to Kevin Plowman and Sammie Bowles. We are drawing silhouettes free handed of George Washington.

In social studies we are studying the Andes Mountains. We wrote stories about living in the mountains.

In math we started fractions. We had a very hard science test.

Randy Collins

MRS. GREEN

FOURTH GRADE

We had ten absent Monday and nine Tuesday.

We are getting ready for Visitors Week. We are making booklets for Science, Writing and we've already finished our

Sunday, February 24, 1974

Geography booklet. We are going to make some finger paintings for Visitors Week.

Grandal Garrett

MRS. WELCH

SIXTH GRADE

This week has been busy for the sixth graders. Monday we got a new boy in our room named Ken Stevens, but Wednesday he moved to Cisco. There was a dust storm and we didn't go outside.

Tuesday we took a Math and Social Studies test.

Wednesday we took a Spelling test.

Thursday it snowed and we didn't go outside.

We are finishing up our

Science books this week. We are collecting cans to make book characters for our next book report.

In hand we are practicing for a concert and is coming up soon. That is about all this week.

Your friend

Pam Morren

Tuesday the second grade put a play on for us and PTO. Tuesday the band director was not there, we didn't have band. We got to have another recess. We have taken Math and Social Studies tests this week. We have a few people sick. It snowed today. Jamie Woods is leaving Thursday. Thanks to the room mothers for Valentine party. Your pal, Brian Lund

STATE CAPITAL
Highlights
AND
Sidelights
by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Home insurance rates are going up for most Texans.

New rates to be effective June 1 or July 1 will take into consideration expected rising costs of replacing and repairing damaged buildings.

The rates were adjusted a year ago (Jan. 1, 1973), with reductions in most lines.

Indications are fire coverage for homes will go up this year, but commercial building protection will cost less.

Multi-purpose homeowners policies will increase in price for Seacoast and North-Northwest territories. Although the loss record of the last decade indicates a 5.5 per cent reduction for the Central Inland area, G. L. Jones, State Insurance Board chief property actuary, said inflation may negate the saving.

All three territories are due for an increase on extended coverage, including windstorm and vandalism coverage.

State Board statistics hold promise of a saving on commercial building coverage for the Central Inland territory.

Following past board practices of figuring inflation on price increases over the last six years, an industry representative said the statewide boost for all lines of building insurance would be more than 20 per cent.

However, Texas Insurance Advisory Association suggested a revised inflation factor projected to save \$43.7 million for Texas property owners this year below the board estimates.

CONVENTION PROGRESSES — Debate grew increasingly tedious as the

first round of Constitutional Convention floor debate opened — on the education article of the proposed new state constitution.

Convention President Price Daniel Jr. maintained delegates were sticking with their 90-day completion schedule, however, as they neared completion of action on the article in three half-day working periods.

The education article as approved by the delegates tentatively insures "equal educational opportunities" for all, but permits special local district program enrichment. It also retains for The University of Texas and Texas A&M income from the \$680 million Permanent University Fund.

Permanent and Available school funds are left intact, and the legislature is charged with providing for "first class" higher education.

der and East Texas Fields (86 per cent) and a dozen others set at 80 per cent.

COURTS SPEAK — The Court of Criminal Appeals overturned a marijuana conviction by a Greenville jury following a search without warrant.

The Court also reversed another marijuana conviction in Dallas on similar grounds. It ordered a new trial for a Wichita County man on incest charges after finding his 13 year-old daughter "participated willingly."

A Rockwall County man won a second reversal on robbery-by-assault sentence of 40 years.

The Third Court of Civil Appeals ordered Hays County commissioners to pay \$22,800 as the county's share of adult probation costs in a district shared with Caldwell and Comal counties.

and correct oil and gas royalty payments to the state.

Grants of \$3.6 million were awarded for improving the criminal justice system.

DON'T THINK CONSERVATION DO IT!

Sometimes we tend to feel that "the other guy" should be more careful about wasting energy. But if we're going to make energy conservation work, all of us...large and small energy consumers alike... will have to keep working at it.

We usually stress all the ways that folks living in homes and apartments can save energy. But what about office buildings and industrial plants? Can't they help too?

Sure. And we'd like to suggest some simple steps for reducing energy consumption for businesses and industrial complexes. These suggestions are based on Lone Star's own efforts to reduce energy use by 11% in our own company.

Inside Buildings

1. Alter air temperatures to 68 when heating, and 77 when cooling.
2. Reduce elevator services between the non-peak hours of 9-11:30 a.m. and 2-4 p.m.
3. Reduce light levels in all areas below present levels.
4. Turn off floor lighting completely at 7 p.m., except for cleaning times.
5. When leaving, employees should close blinds and drapes and turn off lights.

Operation of Vehicles

1. Encourage employees to observe the state's maximum speed limit of 55 mph on both personal and company vehicles.
2. Establish employee car pools.
3. Print guidelines to distribute to employees who operate company-owned vehicles or machinery for proper use and care.

Industrial Complexes

Examine warehouses, plants and maintenance shops to find wasteful energy problems. This includes keeping doors closed when there is no traffic, and avoid overheating large plant areas from heating units located near large exits.

We can all contribute! With your help we can make an even larger contribution to America's energy conservation program in the next four months!

- Lone Star Gas**
Clean, efficient energy for years to come.

LAW "DISCOVERED" — The Texas Board of Pardons and Paroles only last November discovered a law requiring it to recommend to the governor whether prisoners should have full citizenship rights restored on completion of sentence.

"Until our present board membership was made aware of this provision very recently, it has been ignored," said Charles G. Shandera, a member of the Board, in a letter to Sen. A. R. Schwartz of Galveston. Schwartz is chairman of the Constitutional Convention Rights and Suffrage Committee.

Shandera said he does not think the oversight has worked any great hardship on ex-convicts deprived of civil rights, because they can make requests for full pardon.

Rights include voting, running for public office, jury service, entry into licensed professions and eligibility for bonding.

ALLOWABLE AT 100 PER CENT AGAIN — The Railroad Commission set the statewide oil allowable at 100 per cent for March — the 24th straight month of such production.

Commissioner Ben Ramsey said crude oil stocks, estimated at 85.8 million barrels, are 3.4 million less than the 1973 level. He said crude stocks for the nation are 24 million barrels below preferred levels and gasoline 50 million barrels below.

Exceptions to the 100 per cent allowable are Kelly-Snyder

AG OPINIONS — A strong anti-discrimination provision in a new state constitution may prevent minority recruitment and bilingual educational programs, Atty. Gen. John Hill held.

Hill also concluded in other recent opinions:

- Children may be placed for adoption by a natural parent, by a relative with other relatives, or by a licensed agency.
- Minors over 14, and under 17 can be prosecuted for driving while intoxicated, although the law is not constitutionally enforceable against those 17 to 18.
- The open records act and its exceptions have no bearing on scope of testimony of a witness taken in a civil proceeding pursuant to a notice and subpoena issued under rules of civil procedure.
- Whether or not the property of a fraternal lodge is exempt from taxation depends on a determination of whether the lodge is a purely public charity and its property is used for purely public charitable purposes.
- If courts and not juries grant probation in felony cases, problem drinkers-drivers involved may be required to pay for the expense of treatment. Ability to pay expenses of treatment may not be a grounds for denying probation and failure to pay the expense of treatment because of financial inability may not be a ground for revocation of probation.
- A Texas Youth Council member is entitled to reimbursement for reasonable expenses incurred in meetings in city where he resides.

APPOINTMENTS — Governor Briscoe appointed Dr. Robert Gordon of Dallas and reappointed Dr. John I. Wheeler Jr. of Houston to the State Board of Examiners of Psychologists.

Briscoe named to Red River Authority Board Harlan E. Hood of Estelline, Tommy D. Carnahan of Hereford, Jim D. Hughes of Vernon and Jim W. Sowell of Quanah.

SHORT SNORTS

Alcoholic Beverage Commission announced it will enforce bans on lewd, immoral or offensive entertainment.

Agriculture Commissioner John White certified Texas Pork Producers Association to hold an election on a proposed program of research, education, promotion, and insect and disease control on pork under the state commodity checkoff law.

No statewide gasoline rationing plan is needed, Governor Briscoe announced after checks by the Department of Public Safety and conferences with gasoline dealers. He found "inconvenience" but no crisis due to gasoline shortages.

The School Land Board approved new regulations for oil production to insure protection of the environment.

The Light Touch

By Clint Bray

They say you can't take it with you, but just try going anyplace without it.

Every once in a while, don't you wish the dinner dishes would just self-destruct?

Sure kids brighten up a home. They never turn off the lights.

Telling the boss what you think of him can be called honesty, integrity and self-assertiveness. It can also be called do-it-yourself recession.

The modern child, when upset, marches into the family room and says, "I'm running away from home. Call me a cab."

Call a cab and come over to BRAY'S in Eastland and Ranger for a look at our spring merchandise.

Gordon Spot

The moisture that came in the form of rain and snow last week was about the best thing that has happened recently. Most of Eastland County seems to have gotten about one to one and a half inches.

With this good moisture people are busy getting the vegetable garden ready. Using a mulch in the home garden will go a long way toward insuring high yields of fresh, nutritious and tasty vegetables.

Mulches can be composed of many materials, including straw, leaves, hay, sawdust, wood shavings, compost, paper and plastic sheeting. If organic mulches such as hay or compost are used, apply the material around the base of growing plants to a depth of two to three inches. Apply mulches such as black plastic of paper

before planting but after fertilizing and watering. Do not use mulches on dry or cold soils, the agent warns.

Properly used mulches have many benefits. They will conserve moisture by reducing the evaporation rate from the soil. They also provide for a more uniform soil temperature which will result in more rapid and healthy plant growth.

One of the most important advantages of mulching is that it helps control most weeds. This reduces the time and labor involved in weeding the garden plot. However, use care to make sure that the mulch material you use is itself weed free.

Another important advantage of mulching is that it will reduce losses caused from fruit rot. A considerable

amount of good food is lost because fruit such as tomatoes and cucumbers are allowed to come in contact with the bare ground.

Materials such as cedar chips and wood chips add to the beauty of the landscape along with serving as a mulch. Mulches also improve the soil by protecting it from compaction. Organic mulches worked into the ground will increase the organic matter content of the soil.

When working organic mulches into the ground for your garden, be sure to apply additional nitrogen fertilizer to aid in the decomposition of the additional organic matter.

Now is the time to inspect woody ornamentals for needed pruning.

Prune only if you can justify removing a limb or branch. Don't prune just because it's the correct season and you need some exercise.

Diseased or insect-injured wood, dead wood and storm or

accident-damaged wood should be removed as soon as possible. Older shrubs can be rejuvenated by removing the older branches at the base.

Pruning can also help develop a desired shape or size as well as aid in producing better flowers and fruit.

When setting out new plants, pruning can help balance the top with the root system, continues the agent. Severe pruning should be avoided if possible. It is better to prune lightly and more often to prevent sunscald to the sensitive inner branches.

Never leave stubs that invite insects and disease. Be sure to paint all cuts over three-quarters of an inch in diameter with a wound dressing. Wound dressings can be obtained from any nursery or garden center. Common orange shellac makes a good temporary dressing when a regular dressing is not available.

Plants that bloom in early spring with the appearance of new leaves should be pruned

after they flower while those blooming later should be pruned during dormancy.

The Mastons new A - 1 Sales Business on the west side of the Square. Dale Maston says "We're just as tickled to do a 3 hour job as a 3 month job."

Dale And Jerry Maston Open New Business

Dale and Jerry Maston have opened a new business on the west side of the Square. The business opened on February 1. It is located between Perry's and Wynell's Treasure Island next to Mode O'Day. Their business includes remodeling houses, anything from leveling to foundations, to putting on the roof. They also underpin trailer houses, build porches and level them. They build kitchen cabinets, gun cabinets and shel and do any minor or major building repairs.

Dale says "We're just as tickled to do a three hour job as well as a three month job!"

Church Of God Becomes A Co-Worker Of 700 Club

Revival Begins

The Church of God, corner of Main and Connellee Streets in Eastland, is happy to announce that it has become a partner in the work of the 700 Club telecast ministry. The 700 Club is a two hour non-denominational religious program appearing twice daily on week days from 12:00 to 2:00 p.m. and from 7:00 to 9:00 p.m. over KXTX channel 39 (channel 2 on local cable TV). The Church of God is working in the follow up ministry known as Operation Discipleship and is dedicated to the very important task of making disciples of those from our area who are converted through the ministry of the 700 Club. The church is also involved in counseling those who call the 700 Club for help.

The Church of God will begin a revival February 26 - March 3 with evangelist James Smith from Weatherford, Texas. Bro. Smith is a young minister mightily anointed of God. Services begin each night at 7:30 p.m. with a special prayer service at 7:00 p.m. There will be special prayer for the sick each evening. Those who desire a greater spiritual power in their lives and the sick are especially encouraged to attend. If you need transportation to church call 629-1055. The public is invited to attend.

I REMEMBER

By Dick O'Brien

I have been in the hospital the past few days with what the doctors called a virus. And it was a virus with a big V. When I got home the latest issue of the Telegram was waiting for me. In it was the picture of the two DeLeon men who are becoming German bankers. Just reading about DeLeon reminded me again of a thirty cent debt that I have owed for more than 60 years. In those days one could ride to DeLeon on the Texas - Central train for fifteen cents and return within the hour. A group of us boys suddenly decided to make the excursion one afternoon except I didn't have the thirty cents for the round trip. A friend offered to loan me the fare, so we got to go. The very next week this friend moved out of our community and I haven't seen him since. Heaven only knows how many times I have thought of that transaction and wished I knew how to pay it off.

The Church of God in Eastland believes that all born again believers can receive a deeper experience from the Lord through the Baptism of the Holy Spirit with the evidence of speaking in other tongues as the Spirit gives the utterance. We also believe that divine healing, signs following believers and the gifts of the Spirit are operational in our day.

Requirements For Fuel

"The essential thing a farmer must do to help assure himself adequate fuel for agricultural production is tell his distributor how much he needs. Unless a local distributor or dealer knows what his farm customer requires", said Robert F. Spreen, State Executive Director of the Texas Agricultural Stabilization and Conservation Service, "that distributor cannot take the necessary steps to get enough fuel for them."

Informing the distributor becomes even more important if a farmer intends to increase his acreage considerably, or if he wants to expand dairy, poultry, or other farm operations. Local dealers will need this information to request additional fuel from their suppliers.

Spreen said, "Agricultural producers who are all to receive priority allocations, will be required to certify an ongoing fuel conservation program on their operations. USDA, in cooperation with the Federal Energy Office and the Environmental Protection Agency, has developed a conservation leaflet. This leaflet, scheduled to be available in early March, includes an energy management certification that there is an ongoing conservation program and the priority fuel will be used for "agricultural production."

China Profile

The study "China Profile" given by Mrs. Joseph M. Perkins to the United Methodist Women was completed Tuesday morning at the church. Mrs. Perkins time line of recorded events in the history of China began when China became an organized nation under the Chow dynasty. This sovereignty dated from 1100 BC to 258 BC. In the sixth century BC Confucius taught the people ancestor worship and devotion to family and friends. Jeremiah was a contemporary of Confucius. After 258 BC several foreign rivals rose and fell as conquerors of China. In the Ming dynasty the country was finally restored to native rulers and peace was enjoyed for several centuries.

Mrs. Perkins reviewed several newspaper clippings about China under modern leaders. The nation continues to be a country of many struggles. Mao - Tse - Tung, the present leader of communism in the Peoples' Republic has succeeded in uniting the people, and his rule is respected and obeyed by the nation.

Mrs. H.J. Bulgerin reported on a news article that was carried by U.S. News and World Report. The article showed relations between China and the United States were pointing toward a better understanding between the two nations.

Mrs. J.F. Francis gave the devotion. She used the book "Flowers That Never Fade" to point out the importance of the Bible, and how it meets the needs of people in all circumstances. She read the poem, "The Road's Last Turn" by Henry Van Dyke. The devotion was concluded by the members praying "The Lord's Prayer".

Leslie Bradley, daughter of Mr. and Mrs. Earl C. Bradley, Jr. has been recently initiated into the Phi Eta Chapter of Delta Delta Delta at Texas Tech University.

Parade Of American Music

Music Study Club met Wednesday, Feb. 20, in the lovely and most interesting home of the Joseph M. Perkins, 1021 South Seaman at 3:30 p.m. President Mrs. Richard Rossander presided. Mrs. C.L. Bigby, leader for the program. Our quotation for the lesson as follows: + + "The Rise of America to first place in the world of music imposes upon the mission of demonstrating the power of music in the shaping of a better world". - Dr. Marion Morrey Richter.

Hymn of the Month - "Rise Up, O Man of God" was sung. T Hostesses Mrs. Perkins, Mrs. Marene Johnson, Johnson, Mrs. C.L. Bigby and Mrs. Marvin Hood served delightful refreshments of hot cider punch, assorted cookies, nuts and mints.

Mr. Steven D. Zell presented the program of American Music on the organ as follows: Prelude in Classic Style - Gordon Young
The Passion Chorale - Pradludium - Leo Sowerby
Prelude on "Brother James Air" - Searle Wright
Schinzo - Healey Willan
Finale Jubilante - Healey Willan

The business meeting followed. One new member, Mrs. Frank N. Sayre, was welcomed back into the club. She is a past president of the Music Club for the year 1957 - 1959.

A wonderful array of books and records of yester year was arranged on a table by Mrs.

Mr. and Mrs. Danny Hobbs of Lampasas visited in the home of Mr. and Mrs. B.W. Hobbs of Carbon over the weekend.

BAKKER Funeral Home

Dear friends,

There are so many negative influences on our children in the magazines, movies, TV, and music of this dollar-conscious era.

More than ever, we should honor and support our teachers, clergymen, scouting, 4-H leaders, and many others who work against heavy odds to teach and inspire our youth in creative living.

Sincerely,
Dale C. Bakker

INSURANCE SHIELD OF SHELTER

ENERGY

Conserve it... Expend it... **Carefully!**

6 Ways Everyone Can Help!

1. USE ELECTRICITY EFFICIENTLY

Guard against waste with adequate wiring . . . even line distribution.

2. SEAL OUT COLD

Storm windows keep cold, drafts out . . . precious heating warmth in. They help cut fuel costs, too!

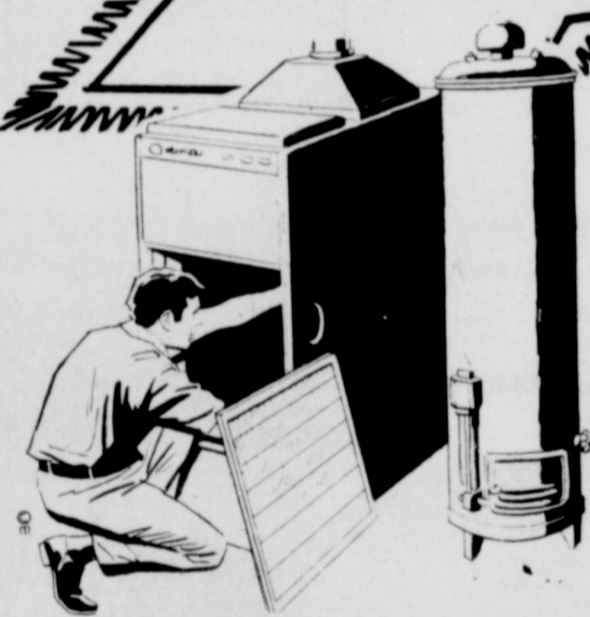

3. SLOW DOWN & SAVE GAS

Ease up on your car's accelerator and ease up on gas bills while cutting high fuel consumption.

5. CHECK YOUR HEATER'S EFFICIENCY

Have fuel tanks serviced and cleaned regularly.

4. SEAL IN HEAT

Save on home heating bills . . . conserve fuel with insulation that keeps warmth inside.

6. TUNE UP FOR BETTER MILEAGE

Tuned-up vehicles perform better . . . deliver more miles per gallon of gas.

EASTLAND TELEGRAM

We're in the throes of a national crisis. There's a shortage of available energy. Unless each of us does his part in conservation there won't be enough fuel and electricity for all of us. Probably you're already doing your share . . . by maintaining lower speed limits, guarding against the waste of heating fuel and electricity. For the role you are playing in seeing us all through this crisis we wish to commend you. And encourage your fine efforts and cooperation.

..LET'S ALL PULL TOGETHER!

SAN ANTONIO EXPOSITION

Pictured from left to right are Lisa Swanson, District 8 Council Chairman, and Clint Tucker, exhibitor of the 2nd place middle weight Charolais steer at the San Antonio Livestock Show.

Crop Saving Snow And Rain

Eastland County Agent DeMarquis Gordon has referred to Wednesday's and Thursday's rain, and two-inch snow fall as "crop saving".

An official .63 of an inch was recorded Wednesday night with an additional .71 inch of moisture from rain and snow recorded by 2 p.m. Thursday, bringing total moisture from the unexpected mid-winter storm to 1.34 inches.

Gordon said the moisture was just in time to save the county's wheat crop. Rye, which is planted as a winter cover crop, also received moisture "just in time", according to Gordon.

"If the dry spell had lasted through the first two weeks in March the grain crops would in all likelihood have been lost," Gordon added.

The last rain of any consequence in Eastland County was on Nov. 24, 1973, when .48 inches was recorded. Prior to the latest rainfall .12 inch was measured in January, bringing the year's total so far to 1.46 inches.

Through the same period of time in 1973 an official 4.43 inches had fallen.

Eastland reported an all time high temperature Wednesday afternoon just ahead of the front when the mercury rose to 83 degrees.

Thursday morning's unexpected heavy snow fall left a blanket of snow two inches deep, however. As the temperature rose from a low of 31 degrees at 11 a.m. to 48 degrees by late Thursday afternoon, the snow had disappeared.

The S.O.S. Club met in the First Methodist Church for a luncheon Friday. There were 32 people present. Bill Hayes, president; Ora Hayes, Sec. - Treasurer; Cleo Greenwood, reporter; Jewella Herweck of Ranger is S.O.S. leader.

FORT WORTH FAT STOCK SHOW

Shown above is Theresa Scott and Neil Scott of Rising Star with Neil's Reserve Champion Limousin Steer at the Fort Worth Fat Stock Show. The steer was shown by Theresa since Neil re-injured a knee while showing a steer at the Abilene Stock Show. Incidentally, it was a Limousin.

steer that was selected as Grand Champion Steer at Fort Worth. So for this school year Eastland County 4 - Hers have shown in nine major stock shows both in and out of state and have fared well. There are two major shows remaining, Houston and San Angelo, in which we have stock entered. Animals going to the Houston Livestock Show are to arrive in Houston Tuesday, Feb. 26 and be there for a week. We have a total of 6 steers, 6 heifers, 2 hogs and 1 lamb. The San Angelo Stock Show will be March 6 through March 10.

AGGIE WEIGHT - LIFTERS - - The Texas A&M University Weight Lifting Team spent Friday night in Eastland at the home of Mr. and Mrs. James K. Wright. They are shown here in the Wright kitchen. Jim Wright, an EHS graduate, second from left, is a member of the team which competed in a major tournament in Stephenville Saturday. (Photo by Steve Haines.)

Editor:
 In line with my efforts to be helpful to the City of Eastland, with regard to your application for sewage plant construction, my latest contact has revealed that plans and specifications sent in by Eastland to the EPA have been reviewed and approved. It is my understanding that forms will now be sent out to Eastland for processing. These are now being prepared to go to Eastland and, after City officials have completed these papers, I am hopeful authorization will be made to advertise for bids.
 There appears to be no problem at the moment and, although you may very well be aware of these developments, I did want to keep you up to date.
 With warm regards, I remain
 Sincerely yours,
 Omar Burleson

Stomach Upset by Gas and Acid?

Di-Gel with Simethicone quickly relieves both acid and gas. This unique discovery breaks up and dissolves trapped gas bubbles. Your relief is more complete because Di-Gel takes the acid and the gas out of acid indigestion. When you eat too well, demand Di-Gel. Tablets, liquid. Product of Plough, Inc.

What TESCO is doing to provide the electricity you'll need:

We're building lignite coal-fired power plants to decrease our dependence on natural gas. But they're costing twice as much.

Texas Electric has traditionally used natural gas as its major fuel to generate electricity, with oil used as a standby fuel. We must depend on these fuels for many years, but because there are growing shortages of natural gas and oil, our long-range plans call for diversifying to other fuels.

Texas Electric, along with two other electric utilities, has acquired supplies of lignite coal in East Texas. Together we have already built a lignite-fired generating plant, and two more are under construction. While these units will help keep our system strong, they cost about twice as much to build as our gas-fired units.

By 1980, the three companies are planning to diversify to still another fuel, by adding a nuclear power plant near Glen Rose. But again, nuclear plants are much more expensive than gas-fired plants — more than three times as costly, in fact.

The point is, if we are going to be able to supply the electricity you need in the years ahead we must diversify our fuels. Expenditures of \$700 million for new construction must be made in the next five years alone.

We're working to supply the electricity you need, but it's costing more to make it all the time.
