EARL CONNER'S RECORD SPEAKS FOR ITSELF

Official Grand Jury Report

MARCH 28, 1964

TO THE HONORABLE T. M. COLLIE, JUDGE OF THE 91ST DISTRICT COURT OF EASTLAND COUNTY, TEXAS:

We, the Grand Jurors for the February Term, A. D. 1963, desire to submit our final report and upon acceptance of the same, we respectfully request that we be discharged for this term.

... When this Grand Jury was convened in early February, we had reason to feel concerned by reason of an article which appeared in the local newspapers on January 17, 1963. We have had occasion to investigate this matter and find that the newspaper article did not give a true picture of the situation, and we feel that the people of this county are entitled to a fair representation of the facts. Not having been advised of the number of cases filed, but only as to those remaining on the docket, we have checked into the matter very thoroughly and beg to report that from January 1, 1958 until today, the following is the record of the docket referred to in said article:

During the period of time from January 1, 1958 until March 28, 1963, 362 cases were placed upon the County Court docket, and they were disposed of as follows: 224 convictions; 57 cases transferred to District Court; 8 dismissals; 11 cases adopted by the Grand Jury, and 2 cases docketed in error, leaving 70 cases pending. In reviewing the cases still undisposed of, in our opinion, a very few of those cases would result in a conviction, if tried. There are a number of reasons why the great majority of the cases remaining on docket cannot be tried. Many involve invalid complaints, some of which are not even signed; many of the cases involve family fights, which were settled between the parties; many involve searches and seizures without a search warrant; in many of the cases no arrests have ever been made for the reason that the defendants have not been located, and many of the cases cannot be tried because of insufficient evidence.

During the period of time covered by our investigation, there has been turned in to the County Treasurer by the District Attorney's Department as fees of office the sum of \$105,845.70, and his report for March, 1963, will bring the total to \$106,937.20. We deem this a very fine record, and commend the District Attorney for his efforts.

The above report has been unanimously adopted by the Grand Jurors of the February Term of the 91st District Court of Eastland County, Texas.

Having completed our deliberations, we respectfully request that we

WHAT IS THE TRUTH ABOUT OUR COUNTY AND DISTRICT COURTS? DO WE HAVE A PART-TIME DISTRICT ATTORNEY? WHO IS FILING THE PRIVATE CASES?

By H. V. O'BRIEN Reprinted From Thurs., Jan. 17, 1963

If you can make bond in Eastland County you've "got it made."

Such would seem to be the case from a check of crimi-

nal cases on file in the county clerk's office.

The ledgers reveal that there are 76 cases, some of which are five years old, which have not been brought to trial. All but 15 of the defendants are under bond.

Under the current setup ,a person who is charged in county court has the option of pleading "guilty," and facing punishment, or pleading "not guilty" and having his case transferred to district court.

Apparently the list of 76 have not been brought for a pleading.

A delegation from Cisco, headed by Police Commissioner Roy M. Benton and Rev. G. W. French Jr., chairman of the ministers' Association, called on County Attorney Earl Conner and County Judge Scott Bailey last week.

Mr .Benton said they discussed the matter of city and county authorities working closer together in efforts to expedite the handling to completion those cases involving violations of liquor statues.

Of the 76 cases are for possession of assorted intoxicants and 12 are for the actual sale of intoxicants. One other is for transporting.

The list of crimes runs the gaunlet from driving while intoxicated (9 counts) to procuring (1 count).

Bonds for the offenses vary from \$100 to \$1,500.

Eighteen of the cases date from 1958; five from 1959; eight from 1960; 26 from 1961; and 19 from 1962.

Asked this week about the backlog of cases, Conner called the list "typical" and said that satisfactory arrangements have been made on many of the cases, and that these should be removed from the files.

Some representative cases include:

A Ranger man was charged on Jan. 2, 1958 with possession of liquor for sale. He made a \$500 bond on the same day and hasn't been tried yet.

Another Ranger man was charged on the last day of January, 1958, with sale of whiskey. He made a \$500 bond four days later. On August 17, 1960, he was charged with possession of intoxicating beverages, and made a \$1,000 bond. He hasn't been tried on either account.

A Cisco woman was booked and charged with aggravated assault on March 3, 1958. The incident allegedly happened in the Cisco post office. She made bond for a \$1,000. No trial yet.

A Stephens County man was charged on March 13, 1961 with attempt to kidnap an Eastland man at gunpoint. The defendant made a \$1,000 bond on the same day.

By types of crime, the 76 cases since 1958, run like

Possession of liquor for sale, 6; driving with license suspended, 2; sale of whiskey, 3; driving while intoxicated, 9; worthless checks, 1; theft under \$50, 1; aggravated assault, 7; swindling, 7; shooting game illegally, 2; malicious prosecution, 1; swindling with worthless checks, 2; failure to surrender driver registration and auto plants, 1; possession of beer for sale,3; possession of intoxicating beverages,2; possession of whiskey for sale, 1; defacing a public building, 1; attempt to kidnap at gunpoint, 2(same person, sale of liquor, 7; sale of alcholic beverages, 3; possession of wine for sale, 1; transoprtation of beer in dry area, 1; assault on a woman, 2; displaying a pistol, 1; carrying a pistol, 2; missuse of dealer's metal plates, 1; child desertion, 1; and procuring for immoral purposes, 1.

Total amount of bonds in the untried cases exceeds 36,-000. None were cash bonds. By H. V. O'BRIEN

The year-old assault-to-murder case scheduled to be tried Monday in 91st District Court will be watched with a great deal of interest.

Not for the case itself, but for an indication of the movement of the wheels of justice in the county.

Only 22 criminal cases were tried last year.

The case set for Monday, which was postponed twice in

1962, is one 114 untried criminal cases pending in the court.

Cases set next week are among the 114 untried criminal

cases pending in the court.

Seven of the 22 were jury tried and 15 were non-jury cases.

Five criminal cases were dismissed last year, as well as

94 civil cases.

Juries heard four civil cases, and 55 were non-jury cas-

A total of 83 of the 114 untried cases stem from grand jury indictments and the remainder come to the court as transfers from justice, county and out-of-county courts, including three from Duvall County, filed in 1955 for misappropriation of public money.

(The Duval cases are still on the local books because prosecuting attorneys from that county and/or the state attorney general's office didn't appear.)

Of the 114 cases, one dates from 1952; one from 1953; one from 1954; three from 1955; 13 from 1956; 14 from 1957; 8 from 1958; 20 from 1959; 20 from 1960; 18 from 1961; and 14 from 1962.

Name a crime and the chances are it will be listed among the 114 cases . . . from wife desertion to operating a semi-trailor without a license.

Burglary is the most prevelent offense among those on file — 22 cases.

Divorces appear to be easy to get in this county — 75 were granted in 1962 and not a single one tried was denied.

Three annulments were also granted.
However, after working all year, the court was still
three divorce cases further behind at the end of the year,

than at the beginning.
On Jan. 1, 1962, 56 divorce cases were pending; 87 new cases were filed during the year; 75 were granted; and nine were dismissed — yeaving a back-log on Dec. 31 of 59 cases.

The court started last year with 70 tax cases pending; tried none and had none added; ending '62 with the same 70.

There were 148 civil cases pending on Jan. 1 last year.

During the year, 124 new ones were filed. Even with the 59 that were tried and the 94 that were dismissed, the court

still ended up with 119 pending at years' end.

The court had 141 criminal cases on file during 1962 —
110 carried over from the preceding year and 31 new ones
filed or transferred in.

Five dismissals and the 22 trials totaled 27 disposals, leaving the 114 still to go.

Statistically, 100 of the criminal cases have been on the books for over a year without trial; 82 for more than two years; and 34 for more than 5.

By offense, here is the way the pending cases tally out. Habious corpus,2; swindling with worthless check, 6; driving while intoxicated, 8; theft, 11; misappropriation of public money, 3 (Duval); removing mortgaged property, 1; wife desertion, 3; false swearing, 1; worthless checks, 1; altering a prescription, 1; exposing private parts to a minor,

1; felony swindling, 1; forgery and passing, 2;
Speeding (first and second offense), 8; theft by false pretense, 1; burglary, 22; operating a semi-trailer illegally, 1; theft over \$50, 3; concealing stolen property,1; forgery, 6; selling alcholic beverages, 2; carrying gun, 1; negligent homicide, 1; disturbing peace, 1; disposing of mortgaged

property, 1; swindling, 2; Removing mortgaged property from county, 3; aggraviated assault, 1; possession of alcholic beverages for sale, 5; passing forged instrument, 1; obtaining money by false

pretense,1;
Cutting-in after passing, 1; assault with intent to rape,
2; parking on roadway, 1; no Texas registration, 1; threat to
kill, 1; drunk in public place, 2; enticing child for immoral
purposes, 1; assault with intent to murder,1; and child desertion, 1

Two sale-of-whiskey cases were transferred to 91st District Court from County Court, Jan. 15, and nine (including four DWI's, 2 possessions and four sales cases were transferred on Jan. 2

ferred on Jan. 3.

A recent check of records in County Court showed 76 untried cases pending there.

One of the cases, an assault with intent to rape, filed in 1960, was brought to trial once and ended in a mistrial because of seperation of the jury — and now awaits trial.

There aren't many attorneys in Eastland County — but the records show that for the most part each one is a mighty busy professional.

A check of civil suits filed in the 91st District Court during the past three years reveals that attorneys in this county have filed 490 "brand new cases" since Jan. 1,

Number per year has dropped but very little. In 1960, 169 new civil suits were filed; 159 in 1961; and 155 in 1962.

These represent cases in which the attorneys have been engaged as lawyers for plaintiffs only and not cases were they accept cases for defense.

Dewey Cox of Ranger and Frank Sparks of Eastland were almost tied for most cases filed, and lead their associates in the county. Cox filed the larger number for the three-year period — 96, followed closely by Sparks with 92.

Cisco Attorney W. B. (Bill) Wright wasn't far behind in third place with 72 cases.

County Attorney Earl Conner, Jr. ranked fourth in the county for the three-year period with 66 civil cases on file.

Veteran Eastland Attorney Allen Dabney had 51 cases; and R. E. Grantham of Cisco, 44. Virgil T. Seaberry, filing under the firm name of Turner and Seaberry of Eastland, had 19. Perry Brown of Rising Star had 14 cases for the past two years, because the records show no cases filed by him in 1960. The Eastland firm of Frost & Frost had 13 cases.

The husband and wife law firm of Mangum and Mangum of Rising Star has 8 cases on file in this court.

L. R. Pearson and Beverly Dudley, both of Ranger, and J. M. Parker, 92 yearold Gorman attorney, each have five cases on file during the past three years.

A district attorney is supposed to be the peoples' advocate in the courtroom. To do his job effectively, he must be honest and qualified. Wouldn't you like that kind of County-District Attorney in Eastland County for a change? There's one available — in PERRY T. BROWN. Honest, exper-

ienced. With sixteen (16) years experience in the practice of law, Mr. Brown has been a peoples' advocate before. For six years he was county attorney in Kent County, and his record there proves that he "knows how to do the job, and does it." He has worked with the best, and this,

MILLAD SHIVERS in contest for Texas Commissioner

THANK YOU, WAYNE GIBBENS

Eastland County is grateful for your successful efforts to keep the 11th Court of Civil Appeals where it belongs-in Eastland County.

We remember the determined way in which you fought and defeated an attempt to move the court from its historic location to another county in 1963. It was an important victory for the entire 63rd Representative District. But it is only one example of your many fine services as our State Representative.

Knowing that there will be future attempts to move the court, we are glad that you will be back in Austin to look after our interests. The people of this district will give you an overwhelming vote of confidence in Saturday's Democratic Primary election.
