THE NEW CAR CAPITAL

EASTLAND, TEXAS, SUNDAY, JUNE 28, 1964

Must be an indication of the advanced times — shorter week. work days, more leisure time, etc. James Wright over at Modern Dry Cleaners reports land's "Magnificant Whistle," he one tha hearlds our comings and goings, will be blown at 5 p. m. rather than 5:30. Perkins. It's blown at 5:30 for many years because that's the time many quit for the day. (It used to blow at 6 p.m. for the same reason). So remember, it'll be the "5 o'clock whistle" beginning Monday.

The local almanac says "stormy" for Sunday. 'Course that may or may not mean anything. We've had 'stormy' weather during May and June and very little moisture to show for it. As we'd reported earlier, the "Progressive Farmer" magazine had predicted we'd have rain in June, and we've only got three days more :including today) to get that rain. Many farmers in our county are undecided what to do about planting. The deadline for peanut planting is drawing near and it's either dryplant or wait for moisture. County Agent J. M. Cooper says July 10 is the latest date some farmers accept as the deadline to plant. Others say they never made much ofter July 4th planting.

About half the farmers in the Rising Star area have planted following "showers" he said, and there are some good stands. However, many say hat it is now too dry to expect to get a stand up in that area. In the Cook Comthe southwest part of the county, several good showers recently fell and an estimated that the southwest part of the county, several good showers recently fell and an estimated that the southwest part of the county, several good showers recently fell and an estimated that the southwest part of the county, several good showers recently fell and an estimated that the southwest part of the county, several good showers recently fell and an estimated that the southwest part of the county, several good showers recently fell and an estimated that the southwest part of the county, several good showers recently fell and an estimated that the southwest part of the county, several good showers recently fell and an estimated that the southwest part of the county several good showers recently fell and an estimated that the southwest part of the county several good showers recently fell and an estimated that the southwest part of the county several good showers recently fell and an estimated that the southwest part of the county several good showers recently fell and an estimated that the southwest part of the county several good showers recently fell and an estimated that the southwest part of the county several good showers recently fell and an estimated that the southwest part of the county several good showers recently fell and an estimated that the southwest part of the so age is planted and up, Cooper

Newest chamber of commerce members are Roy's Repair Shop and Williams Shoe Shop. Welcome and congratulations . . . The Benton family reunion was to have been held Saturday at Eastland's City Park and some 70 people were expected ... A picnic supper at the City Park this week revealed a lot of activity in progress — Mrs. Milton Day's "Y" tennis program had swarms of youngsters trying their new-found skills at the net game, and Curley Maynard and his roque-playing friends were keeping those courts busy and humming. There were a lot of picnickers, strollers and fresh air-enjoy-

Mayor Frank Deaton was given the go-ahead to inaugerate the Tourist of the Monday program for the Chamber of Commerce when the directors met Thursday. The program began last year attracted a lot of interest to our town, and helped spread Eastland's name far and wide. Several have already indicated hew want to participate again so our visitors will be getting the royal treatment when that siin sounds and they re pulled over to be informed that You're our tourist of the Month!! ... Directors also heard reports on the recent chamber, banquet and he tourist attracting meeting.

There's a new, one-piece ladies' bathing suit on display in a downtown window. In the truest sense of the word new and of the description, onepiece. It's red, and proves that Eastland is just as stylist as San Francisco.

#### THE YOUNG AND THE BRAVE

with Rory Calhoun and William Bendix

Behind many "For Sale" signs there is a sad story: A family borrowed more than they could afford to pay for a home, or payments and interest rates were too high; the home had to be sold, often at a loss. This tragedy could often be avoided if the families would seek help from a home loan specialist, such as our Association.

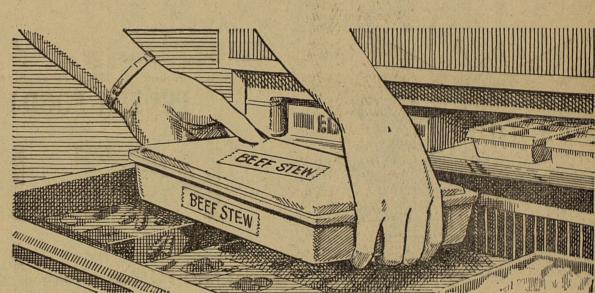

We work with you to arrange for a roan that's as easy to handle as monthly rent.
