Chamber to Assist With Sign Project

The Eastland Chamber of Commerce board of directors gave tentative approval to County Historical Survey Committee Chairman Mike Collins for the chamber's participation in the erection of a historical marker for the city at their regular monthly meeting Thursday.

Collins of Eastland, appeared before the board and requested the chamber's participation in the project which will eventually result in the placement of the all-weather, permanent sign in the city to properly detail the history of the city and serve as a part of the state-wide project of historical markings to lure tourists to this area.

Plans call for the contacting of the City Commission and the local Jaycee Club, Collins said, seeking their assistance in the sign project. Cost of the sign is expected to be a maximum of \$300, he said.

Directors also agreed to have a list prepared of delinquent dues to be reviewed by the chamber's finance committee, headed by Bob Perkins. Vice President James Smith, who presided in the absence of President Don Viergever, explained that currently some \$1,000 is carried on the chamber's books as delinquent. "This includes," he said, "accounts of some firms and individuals who pay annually, semi-annually or otherwise, and therefore is considered collectable."

Ward's Reports Store Break - In Early Saturday

Montgomery Ward & Company's retail store in Ranger was broken into sometime after 2 a.m. Police Chief Ogden reported Saturday.

The entry wasn't discovered, however, until Harold Turnipseed, manager of the firm, arrived about 8:30 a.m. to open the store.

At mid-morning Saturday no merchandise or money appeared to have been taken, the manager said.

Ranger police were joined by Sheriff Lefty Sublett in an investigation of the break-in Saturday morning.

Chief Ogden said he didn't believe the break-in was made by the same person or persons who burglarized the office at Ranger Airport a week ago.

Commissioners Engage Attorney to Help Get Expense Allowances

The Eastland Commissioners Court has engaged an attorney to assist in securing the expense allowance voted by and for commissioners in January. In an order (No. One) passed Monday and entered in the official minutes Wednesday the court took the action. The order reads: "The Eastland County Commissioners Court meeting in regular session, March 22, 1965 in the regular meeting place with all members present conducted among other things the following business: "To employ outside legal counsel to represent Eastland County Commissioners Court in resolving certain questions concerning the failure of Eastland County officials in complying with a lawful Commissioners Court order dated January 11, 1965, wherein Eastland County Commissioners voted to exercise their discretion in using their private vehicles while traveling on official business within the county. Said order to be effective as of January 1, 1965 and members of the Commissioners Court are to receive the sum of \$75.00 per month as is provided by law. All commissioners voting 'aye,' motion declared passed." Asked Thursday, County Judge Scott Bailey said Attorney Earl Conner Jr. of Eastland has been engaged by the court. Copies of the order were made Thursday for the attorney. When asked if the county would pay the attorney's fees in the matter, Judge Bailey said the county attorney would be the one to talk with on that. District - County Attorney Perry Brown said, when asked, "I don't know of any law which would justify the payment of an attorney in this type of situation."

Plans Underway For Fandangle Event At Albany

ALBANY — Reshaping a ranch stock tank, bulldozers are recreating in a pasture just outside Albany's city limits the Clear Fork of the Brazos River as background for Albany's outdoor summer show, the Fort Griffin Fandangle. The 1965 version of the spectacle, originated in 1938 and performed periodically since, is scheduled for production on two weekends in June, 18-19, 24-25-26.

For the first time in its history, the show is to have its own especially designed theater, with an expanse of Shackelford County prairie as its stage setting. The Fandangle, a theatrical recreation of the Old West is a dramatic project which includes in its cast not only 300 Albany actors but herds of longhorn cattle and buffalo.

Terraces cut in a hillside provide audience seating adapted to a natural setting, fulfilling a dream long held by the Fandangle production staff of having a theater exactly suited to the needs of the unique show.

The Fandangle is an all-Albany production, produced, written, directed, and performed exclusively by Albany people. Its new theater has been designed by Albany engineers and is being built by Albany construction firms as a contribution to the community-wide endeavor.

County Historical Survey Board Plans Cisco Meeting
The board of directors of the Eastland County Historical Survey Committee will hold their next meeting in Cisco at 5 p. m. Monday, March 29, at the First National Bank's community conference room, according to an announcement by Chairman Mike Collins.

Mr. Collins said state funds were appropriated by the current legislature to carry on the work. House Bill 64 — which gives authority to county survey committees, to name creeks, roads, hills and other landmarks — was unanimously passed in the legislature and was signed Tuesday by Gov. Connally.

These names will become official when reported to the Department of Interior and will be included on all future maps. Mr. Collins learned that Eastland County is included in Region 3 along with 14 other counties in North Central Texas.

On invitation of Mr. Collins, a Region 3 meeting will be held in Eastland April 10 at 11:30 a. m. in White Elephant Restaurant.

The meeting will be a workshop for county chairmen and committeemen. Appointments of divisional chairmen will be made then. Gov. Connally attended the Austin luncheon Tuesday and spoke to the 240 registered, among whom were some 40 senators and representatives.

Bray Store To Open Soon In Eastland

Bray Department Store is tentatively set to open on the West Side of the square in Eastland April 29, according to an announcement by Clint Bray.

Mr. Bray, manager of the J. C. Penney store in Cisco for the past several years, has resigned that position effective March 31, and will join in partnership with his brother Dayton Bray, formerly of Houston and now of Eastland, in the operation of the new family department store in Eastland.

The Houston brother has been associated with the Sears Co. for many years.

New manager for the Cisco Penney store is expected to be announced momentarily, it was said.

Formal announcements regarding the opening of the new Eastland County firm will be made in this newspaper soon. Location of the new store will be in the building formerly occupied by The Men's Shop, and the adjoining building. Dividing walls have been opened to provide an expanded interior.

maining threads of a loose button on a jacket or coat, if you cannot re-sew it immediately. The tape should hold the threads in place until you can re-sew it.

If your wooden salad bowls are dry and rough from continued washing, here's a simple remedy. Rub a little salad oil into the grain of the wood, repeating until bowls regain some of their glossy finish.

Tired of tossed salads? Try this cucumber salad. Combine sour cream, chopped pecans, grated onion, lemon juice and salt. Mix these well and add to chilled thin slices of cucumber. Arrange on crisp bed of salad greens.

Don't store leather gloves in air-tight plastic containers — for the leather needs to breathe or it will discolor. To keep gloves clean, store them covered with tissue paper rather than in the plastic.

Pills belong in bottles. Definitely not on your sweaters. Yet, the fiber ends of some modern-day fabrics tend to roll into tiny hard balls — or pills — that stick tight to the fabric. This pilling increases during wearing and laundering because the balls catch other surfaces, particularly of the same fabric, to form more pills.

You can reduce pilling by turning the garment inside out when you wash it. For further protection, place the "pilly" item in a mesh bag for laundering.

If your garment already has pills, the job is more difficult. You have to remove them one by one. Pull the cloth firmly over a curved surface (so the pills stand up and away from the fabric), then cut them off carefully with a scissors or razor blade.

When you go to the grocery store, do you buy the biggest eggs you can find so you get the most for your money? If you do, you may be making a mistake.

There's more to an egg than its size. Quality, too, must be considered. Egg graders in the U.S. Department of Agriculture's Agricultural Marketing Service have special ratings for each of these factors.

The quality of a carton of eggs is graded U.S. Grade AA or Fresh Fancy Quality, U.S. Grade A or U.S. Grade B. These quality grades depend upon shell characteristics, spread of the egg when broken, thickness of the white, and firmness and size of the yolk.

Sizes are based on weight alone. They include Jumbo, Extra Large, Large, Medium, Small, and Peewee. Most common are Extra Large eggs which must weigh 27 ounces per dozen; Large eggs, which weigh 24 ounces; Medium, 21 ounces; and Small eggs, 18 ounces.

The next time you reach for a carton of eggs, remember that big eggs are not necessarily top quality nor small eggs of lower quality.

Homemakers who are planning to paper a room this spring may be doing some fancy figuring to determine how much to buy. This information can help persons figure the needs for a given room.

A single roll of wallpaper covers 36 square feet, and a double roll, 72.

Figure the area of each wall — the height times the width — and add these together. Subtract the area of each window and door opening. Multiply by 1.1 — to take care of waste and matching.

You now have the area to be covered. So divide this by 72 or 36, depending on which size roll you wish to buy — single or double.

Ironing will go much faster and the results will look smoother if an ironing board is well-padded. Use two or three thin sheets of cotton padding instead of one, and see how much faster the ironing goes.

Treat a good egg right. Keep it clean, covered and cold. Study the label on the carton before you buy eggs.

A basic rule, whether you're cooking eggs in water, frying pan or oven: Cook them with low to moderate, even heat. Like all protein foods, eggs cooked at too high a heat become tough and leathery.

Natives of the Fiji Islands rejected Christianity in 1875 following a measles epidemic which they considered to be punishment for abandoning their faith.

WCS Meets Tuesday in Respective Circles

Members of the Woman's Society of Christina Service meet next Tuesday in their respective circles. The Women's Circle will meet in the home of Mrs. Frank Deaton, the Davenport Circle in the home of Mrs. L. C. Brown; and the Barcus Circle, with Mrs. H. J. Bulgerin, president, conducted the monthly business meeting last Tuesday. The opening prayer by Frank Crowell, the minutes of previous meetings read by Mrs. Charles Perdue, secretary; and offi-

cers of the society gave their reports. In the absence of Mrs. L. C. Brown, who was to give a discussion on program materials and publications, Mrs. Crowell described the two magazines, "The Methodist Woman," and "The World Outlook." She emphasized the fact that both magazines are exceptionally helpful in program planning and that the "World Outlook" is excellent in portraying happenings in the world and how they relate to the responsibility of the Methodist woman.

Mrs. Herman Hassell reported on the "World Federation of Methodist Women." Many were astonished to learn that there are over six million women in the federation. Numerous new units have recently been added.

Mrs. Turner Collie presented "Missionary Hints" to the group, emphasizing the missionary work in Korea. The missionary effort began in Korea in 1885, sixty years ago, on an Easter Sunday. Because of a death penalty for any native professing a "foreign religion," it was necessary for the missionary effort to begin in the fields of education and hospitals. Slowly the Christian influence grew and by 1910 there were 13,000 Methodists in Korea, in spite of suppression and even martyrdom.

Mrs. Collie read a letter which was sent to Mrs. Crowell from a Korean missionary, Lela Johnston. Miss Johnston works as physical therapist in a hospital in Seoul. In her letter the missionary related that she had been studying the Korean language over two years. She had sent Mrs. Crowell a Christmas card on which was a copy of the painting, "Korean Angelus," by famous Korean artist, Kim Ki Chang.

Attending the meeting were Mrs. H. J. Bulgerin, Deaton, Perdue, Crowell, Harris, Hassell, Collie, Hattie Baker, Roy Lawson, O. O. Mickle, Ina Bean, Rose Day, B. O. Harrell, Tom Haley, Carl Elliot, Milburn Long, Don Vieregger, M. L. Forgye, J. Lester Davenport and R. P. Haun Jr.

The coveted gold trophy was presented to Connie by her homemaking teacher, Miss Loretta Morris. In awarding the Crisco Trophy, Miss Morris congratulated her on the excellence she has shown in her work and said that she felt certain that her achievement in homemaking would be an inspiration to other students.

Daughter of Mr. and Mrs. C. W. Coan of Leon Plant, Connie won the trophy in her freshman year also. She plans to major in home economics in college.

Mrs. Anderson Cited By State ASCS Association

Mrs. Barbara J. Anderson was presented a certificate from the Texas Association of ASCS County Office Employees in recognition of accumulated sick leave in excess of 1,000 hours which she has accrued over a period of nearly sixteen years while employed in the ASCS county office.

Mr. Jesse G. Meredith, County Office Manager of the Eastland County ASCS, made the presentation.

The certificate stated that "this meritorious achievement signifies not only devotion to duty and virtual absence of extended illness, but a basic integrity in using accrued sick leave. By the same token, it symbolizes the rendition of public service of a high order and extraordinary dependability."
