## TO SPEAK ON EAST SIDE COURTHOUSE

George Bush was Midland Texas County Chairman of the Eisenhower-Nixon campaigns in 1952 and 1956. George Bush won three Air Medals and the Distinguished Flying Cross as a Naval Pilot during World

George Bush earned his B. A. degree in Economics in only two and a half years following World War II, qualifying for Phi Beta Kappa Honor Society.

George Bush has had outstanding success in the Oil Business in Texas where he has spent his entire adult life. He chose Texas as the place he wanted to live and raise his family.

George Bush has gained an international reputation in the Zapata Offshore Company, of which he is president. These Oil operations and the reputation George Bush enjoys in world-wide Oil operations provide him with extensive knowledge of his own country and its neighbors throughout the world - a tremendous asset to a prospective Senator.

George Bush believes that Conservative Government at all levels is the best form of government.

## Highway Business . .

Resident Engineer R. P. (Buddy) Haun reports. And from now until 1972, when the Interstate 20 project is to be completed, another \$16,000,000 will have been spent.

And there'll be a lot of oth-2302 er highway construction and rebuilding in the next ten years too, he said, because all the secondary roads are to be redone in the near fu-469 ture.

450 On the planning boards are projects including the mod-817 ernization of Highway 6 from 780 Eastland northward to the 778 'Y"; the complete renovation of 183 from Rising Star to the 199 "Y" north of Cisco and East-193 land; and the improvement of 14 miles of State 16.

The public probably doesn't realize that the Texas Highway Department has 44 employes working at or out of the Eastland headquarters - 24 are in Mr. Haun's Engineering Department, and 20 in Mr. H. L. (Mutt) Lewis' main-

tenance department. Surprisingly too, a check revealed that of the five registered, professional engineers in Eartland, three are Texas Highway Department employes - Mr. Haun. Tommy Magness and Richard Johnson. (The other two are Mac Beazley with Texas Electric Service Co. and Ray Pool of Lone Star Gas Co.)

How many times have you heard a person say, "I just don't have the time to do it.' They are referring to letters to be answered, well over due, a friendly phone call to someone whose spirits could be lifted, a small part in a civil affair, a visit to a shutin. It is true that we are all busy with our own affairs of making a living, a home, raising our families, but it is also true that we all have the same amount of time. God gave to each of us twentyfour hours a day, three hundred and sixty-five days a year. It is up to each of us to utilize that time as to get the most done. Each minute counts in a life and is not to be wasted.

Today is the first day of cal. October. It is a brand new month; one that we can make the most of. ... are all bound up together. The family who keeps adequately insured is not only wise but thrifty since insurance provides protection for the thrifty dollar. If total loss should occur in the household of the uninsured his life's savings may be wiped out. But not so with the insured. To be both thrifty and wise, be insured. And the less one has of this world's goods the more it is a part of wisdom to guard against financial destruction.
