

# Eastland Echoes

By Casey

**THOUGHT FOR TODAY:** "Good manners and good morals are sworn friends and fast allies."—(Bartol).

We were grieved to learn of the passing of our good personal friend Judge R. L. Rust, well-known Eastland attorney, former mayor and former county judge. From the day we came to this fair city a stranger, just a year ago, our contacts with the judge had been most pleasurable, for, although he was a rather quiet man, he always had a good smile and cheery word for those whom he knew.

He had a sociable hobby, too—the singing conventions—and he might well be counted upon to be in one, if it was anywhere near home base, and often at considerable distance. The judge took time out just about every day to be out about the square a bit, for an occasional handshake with a friend and this good citizen will be greatly missed.

"Take your choice: Be an old maid and look for a husband every day or marry and look for him every night."—(Aunt Slug).

The home stretch stage of the poll tax paying is now at hand. For a citizen to qualify himself to vote—in this important year—  
and for this month.

It looks as if we may be in for a murky weather day (we hope) so added care needs to be exercised by all who drive. Watch the road, drive at reasonable rates—and be sure the mechanism of the car, such as brakes, especially, is in good shape.

When Lions and Rotary hold their joint session Feb. 28, it will be for a Brotherhood Week program. The national and international spheres will gain considerable emphasis in this session—and, also, it will be the occasion of providing another season of good fellowship between the two service clubs, as well.

## Man Born In Eastland Laid To Rest, Cisco

Funeral services were held Sunday afternoon at the Cisco First Presbyterian Church for the late Marshall E. Wallace, 47, Eastland native.

Interment followed in Oakwood Cemetery under the direction of Hamner Funeral Home.

Mr. Wallace, almost a lifelong resident of the Cisco area, died unexpectedly while visiting in the home of his brother, Wayne, Cisco.

He suffered a stroke. He was returning to his home from Dallas where he had been under treatment for the past several days. He had been in ill health several months.

He was born June 21, 1908, in Eastland. He married the former Marie Childress in Baird in 1937.

Survivors include his wife, two daughters, Pat and Sue; both of Cisco; one son, Marshall Jr. of Cisco; and one brother, Wayne of Cisco.

Pallbearers will be T. J. Russell, Forza Caldwell, Row Lee Cozart, B. F. Thomas, W. W. Wright and Leslie Turner.

## Gorman and Cross Plains

# Crucial Series For Mavs Starts Tonight At Gym

By NORMAN WRIGHT

The two most crucial basketball games of the season, in which the championship of District 7-A will be won or lost, will be played in the gymnasium this week when Eastland takes on Gorman tonight (Tuesday) and Cross Plains Friday night.

The Mavericks must win them both, or kiss the championship goodbye.

As of right now, Eastland and Gorman are tied for second place, each with 3 wins and one loss. Whoever loses tonight will be out of the picture because it is next to impossible for a team to lose two games in this race and win the title.

If the Mavericks get by Gorman, they've also got to beat Cross Plains to stay alive. The Buffs have won four and lost none. They beat Eastland by one point, scored in the last 12 sec-

## B. Womack and J. M. Lasater To Finish HS

Dr. Freeman Beets, registrar for Hardin-Simmons University has announced a list of seniors, including two Eastlanders, listed as approved for graduation pending successful completion of remaining work as listed on their degree plans. There will be approximately 200 students to receive their degrees from Hardin-Simmons University in May.

Bob Womack of Eastland, Texas is listed to receive his degree in May. Mr. Womack is a member of the varsity football team and P.E. Club. He is the son of Mr. and Mrs. W. C. Womack, Eastland, Texas.

Jerry Max Lasater of Eastland also is listed to receive his degree in May. Mr. Lasater is a member of the Ministerial Council and B.S.U. Greater Council. He is the son of Mr. and Mrs. B. W. Lasater.

## Farm Labor As Regards Soc. Security Told

By R. R. TULEY, JR., District Manager  
Social Security  
In previous articles in this series I pointed out the wage reporting and social security tax remitting responsibility many farm and ranch operators must meet by January 31, 1956. This applies to all of them who paid as much as \$100 cash wages to any one agricultural employee in the calendar year 1955.

Right now I want to define "agricultural labor" as the term applies to social security under the old-age and survivors insurance program. The definition includes services performed on a farm in connection with the raising and harvesting of products and the raising, etc. of livestock, poultry, bees, fur-bearing animals and wildlife; services in the care of the employer's farm and equipment if performed for the most part on a farm; services performed in handling, processing, or packaging agricultural commodities produced in major part by the employer; services in connection with cotton ginning; and domestic service in or about the household of the employer if performed on a farm operated for profit.

If you operate an agricultural enterprise—either as sole owner,

## Theft of 2 Hogs At Risina Star Is Investigated

Sheriff J. B. Williams' department is investigating the theft of two hogs from the G. A. Dunn farm at Rising Star. The hogs were shot and "stuck" and hauled off in a motor vehicle, the investigation has disclosed. They were the property of Clifford White, a former tenant of the Dunn place, who was in process of moving to another farm.

## C. J. Germany Taken By Death; Rites on Wed.

C. J. (Cap) Germany, 70, well-known Eastland citizen, died about 4:15 p.m. Monday at Eastland Memorial Hospital, where he had been under treatment since suffering a heart attack two weeks ago.

Mr. Germany was born near Gainesville July 4, 1885. Eastland had been his home for the past twenty-two years.

For thirty years, Mr. Germany was with Lone Star Gas Company, retiring five years ago.

He was a member of the First Christian Church and the Masonic Lodge.

In 1914, he married Miss Virgil Walker of Whitesboro, who survives. He also leaves two sons, Walker Germany of Houston and Jack Germany of Eastland, and two grandchildren, Jeff and Lisa Germany, children of Mr. and Mrs. Jack Germany.

Also surviving Mr. Germany are a brother, W. E. Germany of Gainesville, and four sisters, Mrs. Albert Wiseman, Albuquerque, N. M.; Mrs. Harry Maddox, Memphis, Tenn.; Mrs. D. M. McCormick, Gainesville, and Mrs. E. Crow, Oklahoma.

Funeral services will be held at 10 a.m. Wednesday at Hamner Funeral Chapel, with the Rev. Roy M. Turner, First Christian Church minister, conducting, assisted by the Rev. Richard R. Smith III, First Methodist Church, and the Rev. Eugene Surface, First Presbyterian Church.  
Burial will follow in Eastland Cemetery.

## Facts About Draft Given By Board 36

Local Draft Board No. 36, Eastland, has been informed by state draft authorities that a total of 65,569 Texans registered at local draft boards in the state during 1955, practically all of whom were 18-year-olds.

This compares with a total of 63,852, in 1954, 66,546 in 1953, 69,023 in 1952, and 59,098 in 1951.

Federal law requires men to register on their 18th birthday, or within five days thereafter, Lt. Col. Morris S. Schwartz, state Selective Service director, pointed out.

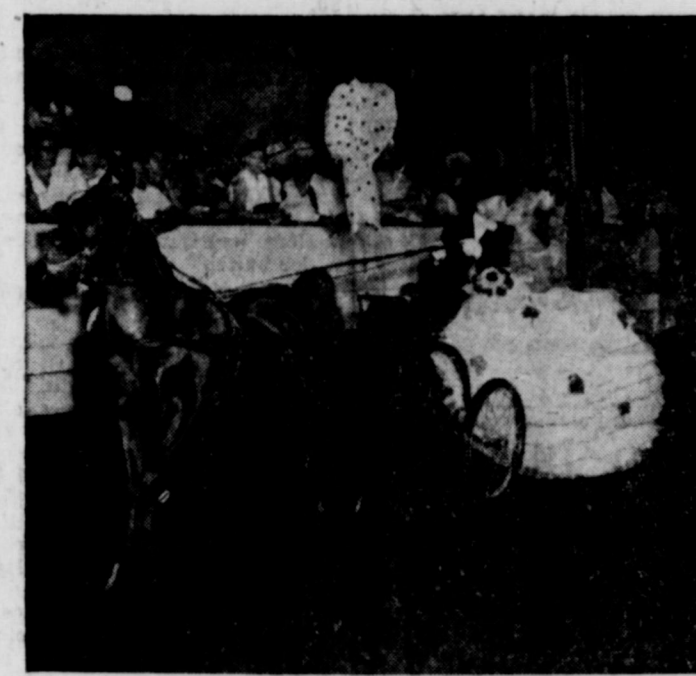

Under present regulations and policies, no one is drafted under age 21 in Texas except volunteers or delinquents. But the law obligates males to register at 18. Since the present law was enacted in 1948, all males born since August 30, 1922, have had and now have legal obligation to register, except those not yet 18.

A man who fails to register as required, upon prosecution and conviction, is subject to fine up to \$10,000, or five years in prison, or both.

"Altering of registration certificates, or the carrying of registration certificates by unauthorized persons is subject to the same punishment," Colonel Schwartz said.

Cases have come to light in the past where boys under 18 had had draft registration certificates in their possession so they can buy beer at public taverns.

# Grain Now Greening Out After Moisture

"OLD SOUTH" LIVES AGAIN—Romance and beauty of long ago will be exemplified in the Shetland pony fancy turnout, a new event of the rodeo and horse show of the Southwestern Exposition and Fat Stock Show, January 27 through February 5. Miniature couples will take part in the colorful feature of the Fort Worth show.

## Regime's Dangerous Proposal On Cotton Flayed By Burleson

### Spirituality Winning, Says Mrs. Holloway

World chaos and confusion are yielding to spiritual growth and progress said Mary C. Holloway of Shreveport, Louisiana in a Christian Science lecture in Eastland recently.

Those who gain a spiritual understanding of God's power and goodness have no reason to fear the atomic age, the lecturer stated.

Mrs. Holloway, a member of the Christian Science board of lectureship, spoke in the church edifice, corner of Plummer and Lamar under the auspices of First Church of Christ, Scientist, Eastland. Her subject was "Christian Science: Man's Divine Destiny Revealed." She was introduced by Mrs. Don Russell, first reader.

"Lasting peace, health, and harmony result from spiritually correct knowledge of the things of God," Mrs. Holloway declared. She defined these "things" as God's loving laws which operate to bring humanity freedom and security.

"They are forever ours, by divine decree, to reflect," she said, adding that "as we do reflect them, we are healed of the deflections, the distractions or delusions, which hold mankind in bondage."

To illustrate the lecturer told about the healing of a little three year old girl who found and ate a quantity of lye. When a Christian Science practitioner answered the parents' frantic call for help, she said, the child's throat was almost closed.

"A short while later she was free and playing happily. No slightest trace of ill remained," the lecturer said.

Commenting on this quick and permanent healing she asked, "What had happened to set aside the dreaded effect of the caustic on the baby's body?"

She explained that the "things of God had been demonstrated as laws of omnipotent Love, and these laws had set aside the belief in destructive material laws of chemistry and so forth. Thus a spiritual understanding of God and His man was in a degree established where before had been a shadow of ignorance and fear."

Despite the material world's denial of the supremacy of God, Spirit, God's power is established, the lecturer maintained.

"Before your eyes," she said, "are all the evidences of physical illness, lack, discouragement, sin, that point to matter as causation. But the God who is Principle, or

Congressman Omar Burleson today, in a news release received by this paper, flays "a dangerous proposal" made by the administration as to the cotton program. He says:

"The administration's recommendation that the base of support on cotton be changed from 7-8 inch to one inch staple is a dangerous proposal. It will have the effect of lowering the support on all cotton. It is very doubtful it would encourage anyone to grow better cotton."

"The present support price of middling 7-8 inch cotton is 31.70 cents per pound. This is at 90 per cent of parity. The support on middling one inch cotton is 34.65 cents. If the proposal should be adopted, one inch cotton will be supported at only 31.70 cents per pound. This would automatically reduce the returns of all cotton growers approximately as much as if the support price of cotton were reduced to 81 or 82 per cent of parity."

"A pretty accurate estimate indicates that it would cost the cotton farmers of this country approximately \$200 million if such a provision were written into law. If this provision had been in operation in 1955, it would have cost the Texas farmers approximately \$12.50 per bale or an average of about 2 1/2 cents per pound."

"If anything else in the administration's supposedly new farm program was to benefit the farmer, this gadget would immediately

(Continued On Page 3)

## 1st Christian Special Event Is Postponed

The First Christian Church today announced postponement of its Valentine supper from Thursday to Jan. 30.

"This arrangement," said the Rev. Roy M. Turner, pastor, "is made to avoid a conflict with the Quarterback Club's football banquet."

## Gentle Rainfall And Snow Blanket Gives Top Benefit To Farm

### G. T. Parrack, Aged 83, Dies At His Home

G. T. Parrack, 83, retired farmer and stockman, died at his home, 407 S. Green, Eastland, at 11:20 a.m. Monday after a twenty months' illness.

Eastland had been Mr. Parrack's home since 1898. He was born June 11, 1872, in Llano County, Tex.

Mr. Parrack first married Miss Nannie Adams of Parker County, who died in 1943. He subsequently married Miss Fannie Clark of Olden, who survives. He also leaves three children, Mrs. Carrie Kearns of Fort Worth, Homer Parrack of Yuma, Ariz., and George Parrack of Eastland, and a number of grandchildren and great-grandchildren. A son, Charles A. Parrack, died 37 years ago Monday and his widow, Mrs. Zetty Parrack, resides in Eastland. Mr. Parrack also leaves two stepchildren, Mrs. Joe Bond, Gainesville, and Mrs. George Fox, Eastland.

Mr. Parrack was a member of the First Baptist Church.

Funeral services were to be held at 2 p.m. Tuesday at Hamner Funeral Chapel, with the Rev. Harvey Kimbler, Baptist pastor, conducting.

Burial was to be in Eastland Cemetery.

### Capt. and Mrs. Murphy Leave For Siam

Capt. and Mrs. H. B. Murphy, who have been visiting his parents, Mr. and Mrs. Pat Murphy, left Sunday for Lubbock to visit her sister and from there they will go to San Francisco Feb. 3.

At San Francisco they will take a plane for Thailand, a Captain Murphy is a diplomat for the Air Force and he and his wife will live in the embassy at Bangkok.

He formerly was stationed in Japan three and a half years and while there was sent to Korea where he was in combat. His wife joined him in Japan. He then served three months in England and from there he was sent to Savannah, Ga., and his most recent post of duty was at Barksdale Air Force Base.

Small winter grain—including a considerable amount of that which was considered dead from the drought—is greening out nicely, in the wake of the recent rain, sleet and snow.

Maximum crop good for the amount of moisture received was accomplished because of the slowness of the rain and by its being followed by sleet and snow.

Here were the precipitations, according to James Dabney, local weather recorder:

Tues., Jan. 17—.94 rain.  
Wed., Jan. 18—.2 (3 in. snow)  
Sat., Jan. 21—.63 rain

### Many Thanks!

Tomorrow is the Caseys' first anniversary. First anniversary of living in Eastland, that is. For tomorrow, Jan. 25, is the date, one year removed, of our arrival in Eastland.

Thanks to all, for being so helpful and kind our first year—giving us news and advertising and encouraging us in many other ways in our work and in various aspects of life.

From the bottom of our hearts we appreciate the help and co-operation, these twelve months.—Floyd and Fay Casebolt.

## 4 Scout Districts May Become Two

Possibility of consolidation of the present four Boy Scout districts into two large districts, in Comanche Trail Council, was disclosed by North Dist. Chairman Dr. J. C. Whittington at a Scouters' round-table and district committee meeting in the First Methodist Church of Ranger Monday night.

He states that the council is giving serious consideration to such a plan, in the interest of easier and more efficient handling by professional Scout workers and with the funds available.

The Ranger meeting drew an attendance of 39 persons. The delicious dinner was served by women of the church. Reports of sessions held by groups, into which the gathering was divided, were made by Dr. J. H. Denton of Cisco, the Rev. Bruce Weaver and Post Arthur Deffebach of Ranger.

Most staffing details were completed by the committee. Dist. Scout Executive Troy Boone urged that boards of review meet prior to Boy Scout Week, in February. Awards were presented.

The invocation was by the Rev. Richard R. Smith III of Eastland and the Ranger Explorer Post gave the closing ceremony. The next meeting will be held in Eastland Feb. 26.

## Judge R. L. Rust, 78, Dies In Eastland, Mon.

Robert Lee Rust, 78, former county judge of Eastland County and former mayor of Eastland, died at his apartment in the Rust Building, in which he maintained law offices, on the Courthouse square at 5 a.m. Monday.

While he had been in failing health since last summer, his serious illness dated back probably only about two weeks.

Judge Rust was born near Joshua, Johnson County, April 9, 1878, son of a well-known farm couple, Mr. and Mrs. Jim Rust, and gained his early education in the schools of Johnson County.

He then taught school and studied for the legal profession, graduating from the University of Texas Law School, Austin. He received his license to practice in 1906.

Judge Rust came immediately to Eastland and thus had practiced his profession here for a half-century. Besides his membership in bar associations, he was a member of the IOOF and Yeoman Lodges, active in the Sons of Confederate Veterans and was an honorary life-president of the TP Sunshine Singing Convention Association of Texas.

Since childhood he had been a member of the Methodist Church. In recent years he had attended the Church of God. He married Miss Olive Briles of Johnson County about 55 years ago.

Judge Rust's hobby was the singing convention movement. He had been actively interested in the sessions and programs of the Eastland County Singing Association for many years and it was a rare thing that he ever missed one of the quarterly conventions in the county.

Judge Rust is survived by three daughters, two sons, eleven grandchildren and three great-grandchildren. His daughters are: Mrs. Gordon Conway, Gordon, and Mrs. A. E. Mann and Mrs. V. L. Glosson, both of Austin; his sons, Clifford and B. J. Rust, both of Fort Worth. He also leaves three brothers—Jim Rust, Anson; John Rust, Weatherford, and George W. Rust, Mentone, Calif., and a sister, Mrs. Betty Craver, Carlsbad, N.M.

Funeral services will be held at 2 p.m. Wednesday at the Eastland Church of God, with the Rev. W. E. Hallenbeck, pastor, conducting. Interment will follow in Colony Cemetery, between Morton Valley and Ranger. His parents are buried there. Hamner Funeral Home is in charge of arrangements.

## Mrs. Johnson To Speak For Rotary Monday

Guest speaker for the Rotary Club at its next Monday meeting will be Mrs. Marene Johnson, acting postmaster of Eastland. Ben Hamner is program chairman for the occasion.

This program was to have been presented at the club's meeting this week, but, according to President Bernard Hanna, it was temporary Connellee Hotel elevator trouble that caused postponement, as the club meets in the Connellee Roof Garden.

The clubmen met in the Connellee Coffee Shop, dined, and adjourned.

Proving There's "something new under the sun," a prospective dad was given a shock shower in Eastland Friday night. Her Carey Hightower, shown here opening his gifts (from employees) in Pipkin's Piggly-Wigley Store of which he is manager. Looking on are (left to right) seated—Home Meeks, Preston Crabtree, Honoree Hightower, Bill Holliday, Tillman Lafayette Fonville; standing—Lawrence Rogers, Mrs. Vera Bolinger, employees, and Mrs. Mary Parkes and Judge Jim Boggus, (who had just sentenced Mr. High-

tower to keep the baby's bottle warm). Gene Green, Mrs. Baird's Bread representative, who also was "in on" the gift, was unable to be present. Quoth the judge, in which Mr. Hightower is examining: "I hereby sentence you, the father, to walk the floor and warm all bottles and supply all food, from date of birth."—Judge James R. Boggus. The honoree is wondering about the significance of the fact that one gift was presented to him in three.

### Only 15 Years Old

## F & R Burglary Suspect Arrested

A 15-year-old youth who used socks on his hands because he "saw it done on television" was lodged in Eastland County jail and was charged Sunday night with the burglary of a house near Morton Valley and the more recent burglary of F & R Oil Company in Ranger.

Constable Ralph Veal and Deputy Sheriff Johnny Boyd, who questioned the youth, expect at least one more arrest in connection with the F & R robbery. Nearly \$70 in cash was taken in the F & R burglary Jan. 11.

Another \$150 in goods was taken from the Lee Wheat home earlier. The ironical part of the patchwork sleuthing was that the youthful burglar, who appears older in years, sold an electric guitar and amplifier taken from the Wheat home to Calvin Ainsworth,

an employee of F & R Oil Co., who first discovered the station robbery. Slightly more than two weeks ago, city police had questioned the same suspect without any success. The sale of the guitar and amplifier was the clue breaking the case.

Veal arrested the youth near midnight Sunday at his home west of Ranger, where he obtained a confession.

Veal and Boyd removed the suspect to county jail shortly after the arrest.

## One-Car Crash Near Ranger Kills Negro

Robert B. Jones, a Negro, was killed instantly about 4 a.m. Monday morning when the car he was driving overturned several times four miles east of Ranger.

Jones, about 44, had been hired in Big Spring to drive the car belonging to W. L. Hart of Fort Worth, to Mineral Wells. Hart was asleep at the time of the accident and sustained bruises from the accident.

Jones had a bus ticket from Mineral Wells back to Big Spring in a coat pocket.

The car veered off the road and overturned possibly three or four times before it came to rest in a deep ditch dug by construction workers rebuilding U. S. Highway 80.

The car, demolished by the impact, slammed into several huge rocks upturned in the new road bed.

Jones, who apparently went to sleep at the wheel of the automobile, was dead on arrival at Ranger General Hospital. His body was taken to Killingsworth Funeral Home and transferred to Odessa for burial.

He is survived by his mother and three sisters.

Hart was lodged in city jail after a check at Ranger General Hospital following the accident. He was charged with drunkenness and released late Monday morning after he paid \$15.50.

Both of the men were still in the car after the accident and ambulance attendants had a difficult time in removing the pair from the automobile that was laying on its top in the ditch.

Hart is an electrical engineer. He was taken to a daughters home in Fort Worth Monday.

HERE FROM FORT WORTH

## Man's Sized Dinner At Grid Banquet Thurs.

A man-sized dinner consisting of Virginia ham, sweet potatoes, red beans, salad and cherry pie with whipped cream, is the fare to be set before diners at the Quarterback Club banquet to be held Thursday night in Fellowship Hall at the First Methodist Church.

Chow time is 7:30. Anticipating a lot more people at the banquet than have bought tickets up to now, Quarterback Club officials have decided to prepare the same amount of food as last year, and tickets will be available at the door right up 'til serving time.

TRADE WITH YOUR HOMETOWN MERCHANTS.

## Rangers Slam Howard Payne, 74-67, Monday

Stan Burnham's Ranger College Rangers who have shown more overall team consistency in their last three outings, picked up their fourth basketball victory of the season Monday night with a 74-67 score over the Howard Payne B team at Brownwood.

Lionnie Wood led his mates with a 16 point barrage over the fouling Howard Payne quintet that committed 32 rules infractions during the contest. Bill McCurry, captain of the team, who saw his last action for Ranger College in the contest meshed six field goals and three gratis tosses for 15 points.

In the scoring columns, the Rangers had five men scoring at least ten points each.

For Howard Payne, James Walls flipped in 22 points.

The Rangers are idle until Jan. 31 when they meet the Tarleton State Plovers at Stephenville, the Pioneer Conference leaders.

## MEAT COOKERY Quiz

Q. What is the name of this cut of meat?  
A. Pork Tenderloin.  
Q. Where does it come from and how is it identified?  
A. It is a long tapering round muscle from the loin section of the hog.  
Q. How is it prepared?  
A. It may be cooked whole by roasting in a 350° F. oven or by braising, allowing approximately 1 hour for cooking, or it may be cut into individual servings and cooked slowly by braising 30 to 45 minutes.

## Please Phone If You Miss Your Paper

TO OUR SUBSCRIBERS: If, for any reason, you fail to receive your Eastland Telegram, by late afternoon, please phone the office (No. 601) by 5:30 p.m. or, afterward, the Casebolt residence (No. 1088) and a copy will be brought to you.

## Political Announcements

This paper is authorized to make the following announcements, subject to the Democratic primary election, July 24, 1956.

For Sheriff  
J. B. Williams

**Cadillac**

He's Looking for a Mountain!

You see, he knows what he has down under that beautiful hood—a great, powerful V-8 engine that's pulsing with life—and he's simply itching to give it the word!

But he is a sane and sensible driver, who stays within the regulations and observes the laws of common sense—and he knows he can't unleash that engine on a normal stretch of highway.

So he's looking for a big, long, steep hill. Maybe he can get the throttle down there for a short thrust—just to see what it's like!

Well, maybe so—but even on a mountain, he won't use full throttle for long. For this car is powered far beyond all normal requirements.

Why, you might ask, is this so?

Well, in the judgment of Cadillac engineers, it's done for a number of vital and important reasons.

First of these is safety. A great reserve of power for the quick escape from an emergency is of the essence of highway safety.

Then there's economy. A big, powerful engine that loafs at normal speeds permits the use of an axle ratio that makes for gasoline economy.

There is long life, too—for the absence of strain adds years and years to the life of any mechanism.

And finally, there is the great riding and driving luxury that comes with extra power... the whisper-silent engine, the instant response to the throttle, the sense of safety and security.

Why not come in soon and see for yourself? We will be most happy to supervise a personal demonstration on the highway.

The car is waiting for you—and any time you find the time would be a good time for a date!

**Don Pierson Olds - Cadillac**

**Nursery Gets Waterproofed**

This attractive nursery above, was decorated with a self-adhesive toy print plastic fabric, latest adjunct to the do-it-yourself trend. Left: Paper backing is pulled away from plastic fabric; then simply applied to wall, chest and chair.

Welcome home, Baby! Your lovely nursery is waiting for you, thanks to your mother's handwork in decorating with a self-adhesive plastic fabric in a colorful new print.

This new product waterproofs the walls behind the bathinette. To keep everything gay, the chest and kitchen stool are decorated with pink and white striped "Con-Tact" to match a scalloped border that extends around the three painted walls.

Do-it-yourselfers give first consideration to the self-adhesive plastic product because it applies easily to plaster, wood or metal without removing varnish or paint. No tools, water or paste are needed. Con-Tact can be lifted and replaced to remove wrinkles and air bubbles. The plastic product is available in 35 vibrant colors and fresh print.

**Regime's -**

(Continued From Page One) take it away from him.

"We are going to try to see that no such provision is made a part of the law.

"It is not often that I have the time to listen to debates in the Senate, but this past week I spent most of two afternoons listening to speeches on the Natural Gas Bill. (Going to the Senate is a little like a bus driver taking a ride on his day off.)

"As everyone will recall, the House of Representatives passed the bill last year removing the production and gathering of natural gas from the jurisdiction of the Federal Power Commission. It came under the FPC's authority by a decision of the Supreme Court.

"The bill is now in the Senate and under heavy attack from many senators from the states where gas is consumed but not produced. They contend it will raise the price to the consumer. As a matter of fact, there is good chance that the price of natural gas to the consumer may be increased regardless of any legislation. But unless the authority of the federal government is removed, and if the federal government regulates and fixes prices at the

well-head, the big cities are going to have less gas and it is certain to eventually increase the price far beyond what it is today. Many members of both the House and the Senate were against us on this proposition who would ordinarily be expected to vote against the federal government's encroaching upon private industry. In other words, there were many conservatives who otherwise would have been expected to vote with us but did not do so for fear that some increase on natural gas would come to the people they represented.

"Under such conditions, they concluded they would be accused of being responsible for the increase.

"Mrs. Burlison and I had the pleasure of visiting with the national board of directors of the Federation of Women's Clubs, meeting here in Washington the past few days. Mrs. L. E. Dudley of Abilene, the Texas state president, and Mrs. Joseph M. Perkins, past president of Eastland, were in attendance, and we enjoyed very much having them here.

"Some of us don't know when we are well off. If we find ourselves free of trouble today, we try to revive yesterday's or borrow tomorrow's."

**Spirituality -**

(Continued from Page One) the perfect cause and Lawgiver, must be the God who is Love. And Love alone is the lawgiver to the children of God."

She added that the perfect man of God's creating reflects God as His image and likeness and possesses freedom, dominion, and strength.

"Under God's law, one is never placed in circumstances where the things of God are not present to meet the need," Mrs. Holloway declared.

Among the Christian Science healings cited by Mrs. Holloway was an accident case involving broken bones and severe head injury.

She told how a broken collarbone and a broken shoulder were perfectly set and healed, with no material assistance of any kind. A week and a half after the accident, she said, the patient was back at work.

Explaining the basis of this complete recovery from the effects of accident, the lecturer said that the healing came by holding fast to the spiritual truth that man is God's perfect child, possessing not "two bodies, one spiritual and one physical, but one only, and that one spiritual."

Turning to world problems, the lecturer said that the material beliefs of time and space are crumbling away so rapidly that human thought cannot keep pace with the change.

"It cries out that disaster is upon us! But," she said, "the inspired thought looks up and out with rejoicing, knowing that the Science of God, good, is at work in humanity's behalf, destroying the most cherished and revered beliefs about the reality and power of matter and evil."

"Peace and salvation may be acquired here and now, she declared, "in the degree that one identifies himself as God's perfect child and demonstrates this true status."

**NEWS FROM DESDEMONA**  
By Anell McMasters

Grandma Williams is no better, to our sorrow.

Attending the funeral of Mr. Underwood of Gorman were quite a number of Desdemona people.

Mrs. Hardy Tidwell and Mrs. Ida White are at the bedside of their sister and daughter, Mrs. Herh McDonnell, who has been quite ill for some time.

Frenda Gayle Roberts has been confined to her home with measles several days.

Mrs. Duce Koonce entered Gorman Hospital Sunday as a patient.

Mr. and Mrs. Walter Greenhaw and Mrs. Lora Greenhaw and Mrs. Huff visited Mrs. Mollie O'Rear in the Ranger hospital. Mrs. O'Rear is improving.

Mr. and Mrs. Daymon Eaton of Ballinger visited Sunday with his mother, Aunt Sally Eaton.

**Family Reunion Here Honors Mrs. S. A. Owens on 85th Birthday**

The home of Mrs. Winnie Griffin was the scene Sunday, Jan. 15, of a family reunion, the occasion honoring Mrs. Griffin's mother, Mrs. S. A. Owens, whose

eighty-fifth birthday anniversary was Monday, Jan. 16.

Mrs. Owens' four daughters and son, some with members of their families, were present, as follows: Mrs. W. E. Dunnam, Hamlin; Mrs. Frank Williams, Post; Mr. and Mrs. C. J. Owens, Moody; Mrs. Zola O. Shurmon, Fort Worth; and Mrs. Griffin, Eastland.

Grandchildren and members of their families present were Mr. and Mrs. Dorman L. Owens and three sons, McGregor; Mr. and Mrs. W. T. Johnson, Fort Worth; Mr. and Mrs. Thurmon Greenwalt and three children, Ogleby, and L. F. Williams, Post.

Lunch was served buffet style. Mrs. Owens has lived with her daughter, Mrs. Griffin, here in Eastland for the past 35 years. Her husband died July 20, 1900, and there hasn't been a death in her family since that time.

This was the first reunion of the entire family in 28 years.

**HERE FROM LOMBARD, ILL.**

Guests of Mr. and Mrs. W. A. Martin, 1103 S. Seaman, are Mr. and Mrs. W. Leonard Humphrey of Lombard, Ill., known as the Lilac City of Illinois. The Humphreys arrived Sunday and were to visit through today.

Edited by FAY CASEBOLT

## Eastland Club Members Hostesses To County Federation Saturday

Members of the federated clubs of Eastland were hostesses when the Eastland County Federation of Women's Clubs met Saturday afternoon at the Woman's Club, Eastland.

Mrs. E. E. Todd of Gorman, president, presided and Mrs. Jack W. Frost served as secretary in the absence of Mrs. Bill Tucker.

Mrs. J. C. Whitley, program chairman, presented the program which included a talk by Mrs. Anna Grace Bumpass, a piano duet, "Fiddle Faddle" (Anderson), by Charlotte Vaught and Kay Culbertson, who took turns playing the piano during the tea hour which followed.

Mrs. Bumpass' subject was "There Is No Unanswered Prayer," which she had given at a recent meeting of Las Leales Club.

"Prayer," she stressed, "is not a supernatural buzzer system but is conversation with God. It is a general interchange of sentiments, which may be thought or spoken.

Only time alone can tell, sometimes, why the answer is no." Mrs. Bumpass explained that the author of the article said people do not know the area of water, all about heat, electricity and many other things but they don't stop using them just because they do not fully understand them.

Neither should they stop using prayer because they do not understand all about it or because they are sometimes disillusioned about the answers. Often their desires may not be right, she said.

A letter was read asking the clubs' presidents and members to write Senators Lyndon Johnson and C. Danial to study the proposed closing of the Veterans Hospital at McKinney with the hope that it might be kept open.

Another letter was read from Eudora Hawkins of Abilene on the great need of making steps for water conservation.

Since the last meeting of the county federation, many clubs have had talks on the "Driver Education" program and several other clubs have planned such programs in the near future.

Mrs. Todd told of the Gorman Progressive Study Club's program on the subject, given by the school superintendent before all three of the Gorman federated clubs. Her daughter, Miss Ernestine Todd, described the course in Driver Education she took in the Gorman school.

A complete training not only for driving a car and traffic rules, but also to understand the various parts of the motor and how they function.

Mrs. Frank Sparks announced the Civic League - sponsored luncheon to be held here Wednesday and invited the women to attend this one and those to follow.

Mrs. Arthur Murrell announced the much - looked - forward - to Civic League - sponsored program, a lecture by Helen Poe of Dallas, world traveler and lecturer of international renown, to be held at Eastland High School auditorium at 7:30 p.m. Tuesday, Feb. 28.

Mrs. Murrell asked Mrs. Todd to be ticket sales chairman for Gorman and invited the women present to attend this lecture and tell their friends about it. Later, Mrs.

Murrell will appoint chairmen for each of the surrounding towns. The next meeting of the county federation will be held at the Home Economics Cottage at Gorman the third Saturday in March, the president announced, and invited the women to attend.

The centerpiece for the serving table, arranged by Mrs. James Horton, was a tropical dried arrangement in a Hawaiian mat basket.

Mrs. Todd presided at the silver tea service, assisted in serving cookies and nuts by the hostesses: Mrs. Dave Fiensy, president of the Alpha Delphian Club; Mrs. Arthur Murrell, president of the Civic League and Garden Club; Mrs. J. C. Whitley, president of Las Leales Club, and Mrs. E. Roy Townsend, vice president of the Thursday Afternoon Club, having been appointed earlier by the president, Mrs. Sparks, to serve in this capacity.

The delegation included: Mmes. Fiensy and L. C. Brown, Alpha Delphian Club; Mmes. Whatley and Bumpass, Las Leales Club; Mmes. Sparks, Townsend and Floyd Casebolt, Thursday Afternoon Club; Mmes. Murrell and Jack Frost, Civic League and Garden Club; Mmes. Todd and Hallmark, Progressive Study Club; Gorman; Miss Ernestine Todd of Gorman and Kay Culbertson and Charlotte Vaught, both of Eastland, program guests.

Mrs. R. L. Carpenter, president of the Eastland Music Study Club, has announced that the called meeting of the club to be held Wednesday afternoon has been postponed until 9:30 a.m. Thursday and will be held at the Woman's Club.

The meeting was postponed because of the death of C. J. Gorman.

CONDITION BETTER

Mrs. A. F. Taylor, who was taken to Eastland Memorial Hospital Saturday, is getting along fine and probably will be discharged today.

HOME FOR BETWEEN  
TERMS VISIT

Miss Frankie McDonald, who is attending TCU and taking nurses training at Harris Hospital, Fort Worth, has completed end of term examinations and came home Monday afternoon for a week's between - semesters visit with her parents, Mr. and Mrs. Otis McDonald, 403 S. Ostrum. Miss McDonald attended Cisco Junior College two years before going to TCU.

## Vacation and Travel the Theme of Dallas Market Week Shows

DALLAS.—Travel will be the pivot around which "Fashion's Summer Orbit" will rotate at the American Fashion Association's Merchandising Clinics to be held in Dallas, Texas, during its Midsummer Market Week, January 22 to 27, 1956. Panama, the Crossroads of the World, will be the vacation setting to be spotlighted by American Fashion, Market Division of the Dallas Chamber of Commerce, in showing summer fashion to the 3,000 stores shopping in the Dallas market.

To give authenticity to the projection of Panama as an investment in education as well as pleasure for the vacationist seeking foreign atmosphere, the AFA production staff spent the week before Christmas in the Republic and the Canal Zone. The staff, including Mrs. Evelyn Lambert, fashion director, Miss Jerry Turner, art and publications director and Mr. Ian Meredith, director of visual merchandising, flew directly from Dallas to Panama City, returning on Christmas Eve, so that the information they give the stores will be as timely as possible.

During their survey of Panama, the AFA staff stayed at the fabulous El Panama Hotel, and the fashions to be presented at the Merchandising Clinics on the evenings of January 23 and 24th, will be keyed to the resort activities offered at El Panama.

In order to project the Panama vacation story still further, the AFA promotional colors for summer will be based on the native colors from Taboga Island, which tourists call the Isle of Flowers.

Since swimming and fishing as well as sightseeing along the Panama Canal and on Garachine Point, the home of primitive Indians, are incorporated in the AFA summer tour, fashions for such activities will be included in wardrobes shown to merchants attending the Clinics.

Among the hundreds of lines to be displayed during the Dallas market is the sportswear line from which two pieces from a coordi-

nated group of four are pictured above. The shorts and sleeveless middy are of cotton bengaline in horizontally worked roman stripes accented by solid white. This costume is designed by one of Dallas' outstanding designers, Joanne Van Amburgh, who won two coveted awards and an honorable mention in the field of fashion in 1955.

She received two "Dallas Alice" stardusts for Coordinated Groups and for Spectorator Sportswear, and a certificate for second place in the Dressy Dresses category.

Apparel in every category and in every price range will be available in the January market for fashion-conscious women to wear in each one's individual "Summer Orbit, 1956".

Apparel in every category and in every price range will be available in the January market for fashion-conscious women to wear in each one's individual "Summer Orbit, 1956".

## Mrs. Seaberry Receives Letter From Henry Ford II In Response To Her Letter of Thanks To Him

Mrs. Virgil T. Seaberry wrote a letter of appreciation to Henry Ford II after reading the recent announcement of the Ford Foundation's grant to privately supported colleges and hospitals. In it she expressed admiration for the Ford family's fine calibre of citizens of high character, despite the handicap of great wealth, and commended him for his and his family's handling of wealth as a trust.

She received in return the following letter, air mail, dated January 18, written on personal stationery of Henry Ford II, with the simple printing at the top and on the back of the envelope: "Henry Ford II" and under that "Dear-born."

The letter follows: "Dear Mrs. Seaberry: "I sincerely appreciate your taking the trouble to write me about the grant to privately supported colleges and hospitals recently announced by the Ford Foundation. Public reception of this grant has been most heartening.

"We believe that grants such as these are in the American tradition of solving our problems through voluntary efforts. We will continue to strive toward this end.

"Thank you again for writing. (Signed) "Henry Ford II"

# For Texans only!

## Dodge presents... "The TEXAN"

Choice of this dashing Lancer Hardtop or the big, rangy 4-Door Sedan

The Texan by Dodge!

Here is a handsome, rugged car that's big as all outdoors, with the surging power of a quarter horse, the sweeping lines of a gull in flight, the relaxed touch of push-button driving!

The Texan is built for Texas driving. It skims swiftly along the big broad highways, it rips over hills like a hungry cougar, it takes the bumpy, rutted, sandiest road and comes back for more. All this combined in the smartest, slickest-looking car that ever rolled down Main Street. You get the same superior engineering and design that made Dodge the greatest gainer in the industry in '55... that's sent Dodge sales soaring in '56.

Plenty of extra-special features, too... such as lovely, specially designed interior trim, special paint combinations and other smart touches. What's more, the Texan's name is proudly blazoned on both rear fenders. And the brave, crossed flags of the Lone Star State are right up front where your fellow-Texans can admire them!

Choose either the dashing Lancer hardtop or the big rangy 4-door sedan, both powered by the mighty engine that busted the AAA record book wide open at Bonneville Salt Flats. Jaunty twin exhaust pipes tell the whole world there's power to spare!

You might expect to pay a pretty price for a great car like this. Not so. The Texan is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious... rivaling cars costing as much as a thousand dollars more!

This is a limited edition, so don't wait! Visit your nearest Dodge Dealer now and drive the Texan!

### Meandering

WITH THE  
**Mavericks**

By **NORMAN WRIGHT**

Player, Team	fg	ft	tp
Slatton, Eastland	32	20	84
Baum, Cr. Plains	30	14	74
Hinds, Ranger	26	6	58
Pierce, Gorman	19	19	57
Cates, Eastland	25	5	55
Allen, Wylie	24	6	54
Davis, Ris. Star	17	19	53
Tankersley, East.	15	15	45
Koenig, Ranger	17	8	42
J. Rogers, Gorman	16	9	41

The above is an up-to-the-minute box score of the ten leading point-makers in District 7-A Basketball. It includes the last games played, last Friday night.

Dale Slatton continues to lead the district, 10 points up in front of his nearest rival.

Max Pierce of Gorman, jumped two notches, from 6th place to 4th, over the ratings of last Tuesday night, January 17.

But the biggest jump of all was taken by Eastland's Benny Cates who leaped five notches from 10th place to 5th, only two points behind Pierce.

The highest number of points made by any one man in any one game this year in district play was registered by Dale Slatton when he racked up 24 against Rising Star. The second highest number was made by Benny Cates against Ranger when he scored 23. Eastland now boasts of three men in the top ten, Slatton, Cates and Tankersley, with a total of 184 points between them. Ranger has two men in the group, Hinds and Koenig, with a total of 100 points. Gorman also has two men, Pierce and Rogers, with a total of 98. Cross Plains, who, at this writing leads the district with 4 wins and no losses, has only one man in the top 10, which would indicate if the Mavs find a way to bottle him up they might succeed in dumping the district leader and

defending championship Buffaloes here next Friday night.

...As of now, Eastland is tied with Gorman for second place, each with a 3-1 record. Eastland MUST beat Gorman Tuesday night in order to face Cross Plains Friday night with only one defeat. Then the Mavs MUST beat Cross Plains to be tied for first place. If all this happens it is most likely that the Mavericks and the Buffaloes will wind up the season in a dead heat, necessitating a playoff. That ought to be something.

But this is no time to be thinking of playoffs. The Mavs haven't beat Gorman yet, and that is quite an assignment. They are again faced with the task of stopping Max Pierce, but it can be done. Ranger held him to 8 points, Wylie held him to 17, Cross Plains held him to 10, but he had a good night against Rising Star, making 22.

Already the daily newspapers are beating the drums for Slatton for All-State. Both the Star Telegram and the Abilene Reporter-News have requested from this writer Slatton's complete box score for all games up to now, including non-conference games. If he maintains his lead as leading scorer in the district, he should have a walk-in. But it is going to be more difficult for him from now on because everybody will be covering him up. Happily for the Mavericks, though, if everybody gets on Slatton, they've still got Cates and Tankersley running loose.

### Three Arrested After Chase At Eastland

Three California men, accused of siphoning gas from parked cars in Eastland, were arrested in Ranger Monday afternoon by city police and Constable Ralph Veal following a wild chase in Eastland and finally on to Ranger.

Employees at Victor Cornelius' in Eastland were amazed Monday afternoon to see a car taking gas from their parked vehicles. Three of the employees gave chase in and around and only one car followed the suspects' car as it left Eastland by U. S. Highway 80 toward Ranger.

One of the Eastland men phoned police after they arrived in Ranger while the other continued the chase. Ralph Veal alerted at Ranger Hill, stopped the car there.

The trio was brought back to Ranger police station and later released to the Eastland police who returned them to jail there.

The car the three were driving was stolen from Seattle, Wash.

The Eastland Police department announced today. The Eastland County Sheriff's office also assisted.

### Farm Labor -

(Continued From Page One) or in a partnership — and you paid any one employee as much as \$100 cash wages to perform agricultural labor in 1955, you have an obligation to meet before the end of January. Specifically, you must fill out Internal Revenue Service Form 943, "Employer's Tax and Information Return for Agricultural Employees," and remit the social security tax. The amount of the tax is 4 per cent;

it applies to each of your agricultural employees to whom you paid cash wages of \$100 or more in the year.

If you paid an employee more than \$4,200 in the year, report only \$4,200 paid to that employee. If you paid wages for any services other than agricultural labor, do not report such wages on Form 943.

Please bear in mind that the regularity of the employee's work for you is not a consideration. You may employ him part time or for a short period of time; you may engage him by the day, week, or month. It is the amount of cash wages paid him during the year that determines whether you have

an obligation to report his wages and pay the social security tax.

In conclusion I want to point out that the cash wages you report on Form 943 are credited to the worker's social security account. The Social Security Administration maintains individual accounts for every person — employed or self-employed — in work that counts toward old-age and survivors insurance. Through the proper reporting of your net earnings to your social security account by April 15, both you and he are building old-age and survivors insurance protection for yourselves and your families for your later years and for your dependents in case of your death.

### Wide Publicity On Poll Paying Committee In

More than a million "Pay Your Poll Tax" fliers have been distributed by State Democratic Executive Committee headquarters, Chairman George W. Sandlin of Austin has written Mrs. Jack Frost, Eastland, a member of the committee, in sending a supply for this section.

"Only the remaining days of this month," the chairman comments, "are left in which a Texan may avail himself of the rights, privileges and power of the ballot. I know you realize paying your poll tax is the only constitutional and legal method by which Texans may qualify to take part in the presidential convention series in May, in the state primaries and convention series July to September and in the general election next November."

# PERFORMANCE made it the Largest Selling "8" in the World...

## the FORD V-8

Just look at these official registration figures for the first 11 months—January through November, 1955

### Here's why!

People just naturally go for 8 cylinders in the FORD package!

And to a world record extent!

Just think, in the first 11 months of 1955 alone, 344,496 more people bought Ford V-8's than the two other low-priced competitive eights combined!

Of course, the reason the Ford V-8 is the largest selling eight-cylinder car in the world is that more people like its

brand of performance—the kind that comes with the car!

These people aren't amateurs in judging engines. Nearly 24 years of building Ford V-8's to supply their demand is convincing proof of that.

And the Ford V-8 of today is the best yet... by a country mile!

Smother and quieter—you can scarcely hear it, even with the hood up!

Sassier—just ask the highway patrol officer who drives one. He knows it takes a Ford to catch a Ford!

And, for the very practical question of durability—ask a Ford cab driver. He knows how Fords take it days on end.

So, if it's performance that you want—and wrapped like a gift—the '56 Ford V-8 is your baby.

Come in... try it today!

	Car Sales	Ford Sales Leadership

### AROUND the TOWN

By Fay

Wonder how many took the time to do what MRS. VIRGIL T. SEABERRY did? It was certainly the thoughtful thing to do. She sat down and wrote a letter to HENRY FORD II, chairman, board of trustees, The Ford Foundation, 477 Madison Avenue, New York 22, N.Y. Almost immediately she received a letter in return. Wouldn't it be wonderful if many other Eastland people wrote to him, as did Mrs. Seaberry, expressing appreciation for his benevolence in making one-time grants to assist voluntary, nonprofit hospitals in the United States, its territories and possessions, in "improving and extending their services to their respective communities."

Of course, T. M. FULLEN, president of Eastland Memorial board, wrote MR. FORD a letter immediately — upon receiving the news — explaining how the hospital was built, the equipment bought and expressing profuse thanks. This letter was published January 12.

Eastland County Federation of Women's Clubs meeting in Eastland Saturday afternoon was well attended considering the inclement weather, though the president, MRS. E. E. TODD of Gorman, her daughter, MISS ERNESTINE TODD (high school student and a sports writer for the Gorman paper), and MRS. T. J. HALL-MARK, representing the Progressive Study Club at Gorman, had to wait until the fog lifted to leave and were a bit late. It was the worst of the days for driving because of the dense fog and MRS. ALICE B. JONES, vice president, and A. LOUISE WEBER, corresponding secretary, both of Bising Star; MRS. BILL TUCKER (of Cheaney and now moving five miles from Gorman) and MRS. C. G. STURBLEFIELD of Carbon, federation counselor, were unable to attend because of the weather conditions. However, there was a sizable representation from the Eastland clubs and an inspiring program, featuring a talk on "There Is No Unanswered Prayer" by MRS. ANNA GRACE BUMPASS.

Many have made reservations for the Civic League - sponsored luncheon tomorrow at the Women's Club. MRS. FRANK SPARKS, chairman, and MRS. HERBERT J. TANNER, reservations chairman, report many reservations.

#### THE HOFFMANN VISIT IN SAN ANTONIO

Mr. and Mrs. C. W. Hoffmann spent the weekend in San Antonio with their son, C. W. Hoffmann Jr., a student at Peacock Military Academy.

OUI — OUI — yes — it's "wee." This tiny English-French dictionary is smaller than a two-franc stamp, shown with it for comparison. It's owned by a retired teacher in Farcinnes, Belgium. Printed in Glasgow, Scotland, some time before the turn of the century, it contains translations for some 5000 words and phrases and a glossary of corrections for earlier dictionaries. It measures 1.7 inches tall, .75 inches wide and .37 inches in thickness.

### SOCIAL CALENDAR

Wednesday, Jan. 25  
9:45 a.m. to 2 p.m. — Covered-dish luncheon for P-TA members and their children (who will visit in the nursery) and a P-TA School of Instruction for members from all over the county will be held at First Baptist Church at Ranger.

Wednesday, Jan. 25  
2 p.m. — County Home Demonstration Agent will conduct leader training meeting at the home of the agent, Mrs. Minnie Mae Hart, 216 E. Valley.

Wednesday, Jan. 25  
12 M — Civic League - sponsored luncheon will be held at the Woman's Club in Eastland and all women of county are invited.
