THE RESIGNATION OF M. H. PERRY

Perry as school board member and president will come as quite a surprise and shock to most in Eastland, and coming as it does only three months before his term expires, it could raise speculation as to whether there might be a rift within the board. Nothing could be further from the truth than what we've learned. Perry "caught in the middle" in a situation which will explain itself before the week's out. He's about to be named to an important post in our town, and ever-conscious of conflict-interest, as he's always been through long years of diligent service and leadership in the school system, Perry did the thing he knew was right. That's pretty well spelled his approach to his o-pay schoolboard job all long. Board members and we can attest that meetings never adjourn until all points have been heard, discussed and decided on even though the hour may be late—late often as 1 or 2 a.m. The school and M. H., sometimes considered synonymous, realized a long hoped for team with the new facilities and Eastland youngsters today and for a long-time to come, can well thank M. H. Perry for his hard-headed negotiating for them—getting the best available with what's available to get it with.

When Perry went on the stand in 1940, Mr. Norris Wilson was board president, and Supt. Wendell Siebert was principal. Pat Miller succeeded Mr. Wilson and Perry, Miller.

Perry's successor, Truitt Gregory says that the advice and counsel of the well-versed schoolman will be welcome and sought in days to come, and they may even vote him a raise in salary. That's one thing Perry's always done—doubled his own and his hard-working board members' salaries every year. "Course when you start with nothing, that don't amount to much."

DID YOU SEE

the picture of three Eastland High schoolers "studying" in the Wednesday morning Reporter-News? Show are Doris Trout, Homer Terry and Rodney McCoy. They do look studious. And there's a reason as parents know: it's semester finals time and time or measuring how much has soaked through during the months of lectures and class-

question on Eastland County streets: "Any word on what the governor's done about the court appointments?" Equally frequent reply: "No". There were some announcements this week of East Texas appointments but nothing concerning the 91st District Court vacant bench.

UNDERSTAND

Comanche county is recording a bumper peanut harvest this year hereby insuring their hold on it. One producing county in the state. Mr. Gilbert Meredith, ASCA manager, will be negotiating Eastland County figures soon and guesses look as though they'll be good too. Deadline for making final payments of estimated and mandated estimated federal income tax on 1964 income is today, a report says. . . . E. R. Arnold Jr., president of First National Bank, reports fourth quarter deposits at \$2,267,721.34 and loans of \$1,190,360.90.

from FW: "When displayed in the middle of the street, the flag of the U.S.A. should be suspended vertically with the union to the north in an east-west street, or to the east in a north-south street."

Old Rip Drawing On Tap Saturday

Old Rip Scrip, negotiable symbol of Eastland's famed frog, will make its second appearance of the month Saturday on the downtown square when \$100 worth of that cool, crisp tender will be given away.

The usual denominations will be given in lots of \$50, \$30 and two \$10s. The figure is fast approaching the \$2,000 mark given away to date, according to sponsoring Chamber of Commerce spokesmen.

The hopper is located at Robertson's TV store on West Commerce Street, and ticket stubs may be deposited there ahead of drawing day.

Time will be 2 p. m. on the south side of the square.

Saturday's \$100 worth of scrip will bring the total to \$1,900 given by the chamber since inception of the program. The Scrip is redeemable and has been regularly redeemed at Eastland stores and firms.

It's a popular attraction for the Eastland and area residents who like to come to Eastland. Friendly merchants distribute the qualifying tickets throughout the weeks and on drawing day the streets are lined with people holding tickets, visiting and enjoying themselves in Eastland.

You're welcome, too.

CALLING ALL L.L. UNIFORMS

Eastland Little League President Walter Maynard has announced that all Little League uniforms still held by players are to be turned in to managers as soon as possible. We need to get them all in and stored, he said, so any player who still has his uniform at home is reminded to deliver them to their managers who will in turn turn them over to Maynard.

M. H. Perry Resigns From School Board

M. H. Perry, Eastland school board member for the past 15 years and president the past 12 years, resigned this week because of the press of personal business.

Mr. Perry submitted his resignation at the regular board meeting Monday evening and it was accepted "with reluctance."

Leading the local schools though perhaps their most difficult years what with integration, a consolidation issue, a recent bond election and gigantic building program, Mr. Perry announced his decision to resign and explained that he could not at this time reveal other details. "It has to do with my business, and will be made public this week," he said. He is Southland Life Insurance representative and a successful local businessman.

The terms of Perry, Willard Griffin and Dr. Bob Alexander expire in April. Mr. Perry had already decided that he would not seek re-election, he said.

He has during this past term realized one of his most cherished dreams, in the completion of the new elementary school building which the "system has needed for many years."

Board Vice-President J. T. Gregory has assumed leadership of the board and is guessed to be picked to continue as president at re-organization time after the April election. Dr. J. O. Jolly is the other member of the board.

Supt. Wendell Siebert issued the following statement: "The resignation of M. H. Perry from the Eastland Independent School District Board of Trustees after having served with this group for the past 15 years, most of which was in the capacity as chairman, has been received with sincere regret. "The guidance he has rendered this group during these years, and especially during the last few years through any number of various school issues which culminated in

the passage of a \$525,000 bond issue, and the construction of new school facilities, has been invaluable.

"His counsel and personal interest in all levels of school affairs will be sorely missed by the Board of Trustees, the Administrative Staff, and members of the faculty.

Mr. Perry was generous with praise for present and past board members, to Supt. Wendell Siebert and to the general public in Eastland for their support and assistance to the school during the years he has served the board.

Supt. Siebert and the board were equally generous in their thanks to Mr. Perry for his leadership. In announcing his resignation Mr. Perry asked specifically that these be recognized for their contributions to the school and its welfare during the past:

The present school board; former members; those who have served on equalization boards; Supt. Siebert; principals; faculty; School Secre-

tary Ima Ruth Taylor; Tax Officer Secretary Nell Hightower; former county commissioner Tip Arther for donation of materials and other help; engineers and personnel of the Texas Highway Department; local attorneys; Eastland National Bank for financial advice and assistance; members of the Quarterback Club; members of the Band Boosters Club; the Eastland Jaycees; the news media; Dusty Rhodes; Texas Electric Service Co.; Lone Star Gas Co.; Southwestern Bell Telephone Co.; members of the Eastland City Commission; the mayor and past mayors; the city manager; city employees; members of the Texas Department of Public Safety; Eastland Police Department and the Eastland Volunteer Fire Department; the school cafeteria supervisor and staff; and to "everyone else who has helped the schools through the years."

"Actually, he said, "I hate to try to list all who deserve to be thanked because every citizen in Eastland has been so cooperative with the board and the school, in every matter. Thanks go to all."

"Our goal has always been to provide the best education possible for our children and children to come," Perry said in his resignation.

The text of his resignation is as follows:

"I wish to submit my resignation as a member of the Eastland Independent School Board as of Jan. 11, 1965. It has been an honor and a privilege to serve with each of you and I want to thank you for your dedicated work and your wonderful cooperation through the years.

"I want to express my appreciation to Wendell Siebert for his untiring efforts and devotion to school affairs.

"May God bless, keep and guide you in the months and years to come.

"Sincerely, M. H. Perry."

Rangers Arrest 69 Men On Chicken Fight Charges

Texas Rangers and agents of the Texas Liquor Control Board, accompanied by Eastland County Sheriff Lefty Sublett and Deputy Loy Williams, conducted a surprise raid on the site of "possible" chicken fights Sunday at mid-morning.

Rangers Earl Stewart and John Wood arrested 69 men on charge of "being concerned with a chicken fight."

Mrs. Cheatham's Rites Monday; Rosary Sunday

Funeral services for Mrs. Agnes Cheatham, 85, were held Monday, 4 p.m., at the St. Francis Catholic Church, with interment in the Eastland Cemetery. Rosary was said at 7 p.m. Sunday at the Arrington Hamner Chapel.

Mrs. Cheatham died Sunday morning in Eastland Memorial Hospital after an illness of three months. Born Jan. 29, 1879 in Dalton, Ga., she was a resident of Eastland since 1918, moving here from Fort Worth, and was a member of St. Francis Catholic Church.

Survivors include three sons, James H. Cheatham of Houston, C. Aubrey Cheatham of Beaumont and William B. Cheatham of Midland; seven grandchildren; and 17 great-grandchildren. She was preceded in death by her husband, James H. Cheatham, in 1936.

Texan Drive In Opens Saturday

The Texan Drive-In, now under the management of Mr. and Mrs. O. L. Elrod, will have open house Saturday, Jan. 16, from 11 a.m. to 2 p.m. There will be plenty of free doughnuts and coffee and the public is invited.

Located at 1000 West Main St., The Texan will be open from 11 a.m. to 10 p.m., beginning Saturday, and will be open an hour later, until 11 p.m., during the summer months. It will feature fish and chicken, short orders and curb service.

Mr. and Mrs. Elrod formerly managed another drive-in restaurant on West Main St.

Three other men at the scene were charged by LCB agents with "consuming alcohol during prohibitive hours."

Earlier it was reported that LCB agents also filed charges on a Ranger liquor dealer, one of those present, Lloyd Owens, supervisor of the Abilene office of the Liquor Control Board, stated Wednesday afternoon, however, that no charges were filed.

Petty Thievery Tops Crime List In County

With raids the past two Sundays resulting in the arrest of nearly 100 people for dice shooting and chicken fighting in the county, one naturally begins to ask "What exactly is the crime situation here?"

A raid Sunday a week ago near Cisco turned up eight arrests for dice shooting and a raid this past Sunday charged 72 people with "being concerned with a chicken fight." One can hardly wait for the next installment.

Going to the top law enforcement officer in the county, County Sheriff L. E. (Lefty) Sublett, you learn "There's plenty of crime all the time." Keeping him and his department "plenty busy," Sublett was sworn in Jan. 1.

What's the biggest problem right now? "The most serious and most frequent is petty thefts," the sheriff said, "with such crimes most often reported. Some 95 per cent are night-time thefts."

Bootlegging? "Not to much right now," he said, "judging from the few complaints we're getting so far."

Gambling? "Well, these two raids pretty well take care of that," he said, "and they were the first cases since I was sworn in."

Check swindling? Also very prevalent and probably second only to petty theft in frequency, he said. "There's lots of it."

Prostitution? Not too much right now from what we've learned, he said.

Civil Rights problems? "None."

Dope? No complaints or cases since the first of the year, he said, but of course, "There's always problems with barbituates and benies." (Continued on Page 2.)

Air Traffic Is Program For Local Lions Club

The Federal Aviation Agency, which has 45,000 employees and a \$750,000,000 annual budget, has become the largest of the 60 independent federal agencies for two reasons, K. K. Jones, FAA executive of Fort Worth, told Eastland Lions Tuesday.

Guest of Dr. Bob Alexander, program chairman, Mr. resident and nephew of the late Frank A. Jones, one-time Eastland post master and newspaper publisher, cited the growth of general aviation and the advent of the jet aircraft as reasons for the need for a large aviation control unit.

Defining the three types of aviation, Jones pointed out that there are 85-87,000 craft in the general category which are private and industrially owned; 25,000 military; and 2,100 airliners.

"The FAA was organized in 1958 from the federal aviation act following several tragic mid-air collisions of jet aircraft," Jones said.

Some 40 per cent (18,000) FAA employees are directly connected with air traffic control—the supervision of take-offs, routes and landings, he said.

He also showed a film entitled "Air Traveler Meets Air Traffic Control." President Leon Musgrove meeting and announced that the club had arranged for a pair of glasses to be provided for a needy Eastland youngster, and that the District Mid-Winter conference will be held in Graham Jan. 23.

Mavs Host DeLeon Here Friday Night

The league-leading Eastland Mavericks take on the league-trailing De Leon Bears at the local gym Friday night—and with the No. Two Baird Bears district-wide this week, the Mavs have the opportunity of upping their hold on the District 10-A records.

The Mavettes, who won themselves a first-place trophy in the Gorman Tournament last weekend, will open the Friday night bill against the De Leon girls (whom they beat in the semi-finals of the Gorman joust) beginning at 5:30 p.m.

De Leon has had four losses and one win, and the Mavs are boosting a powerful four win-no loss district record, under Coach Denson Moody's management. The baskets have sung for the Mavericks to the tune of 261 points while whistling 197 for their opponents.

The record-nipping Bears have a four win-no loss record, handed them before the holidays by Eastland.

Even though area sports-writers had picked the Ranger Bulldogs for Top Dog in the district, the neighbors to the east are carrying a two-two, having been set down handily by the Mavs last week, 62-43.

The new Maverick gym is expected to be packed Friday night as action gets underway, and homefolks are reminded to park on high school hill, use the sidewalk down to the gym and leave gym-side parking open for visitors.

Funeral For Mrs. Ida Box, 87, Held Tuesday

Funeral services for Mrs. Ida Belle Box, 87, were held Tuesday, 2 p.m., in Arrington Hamner Funeral Chapel with Milton Underwood of the Church of Christ, officiating.

Burial was in Stephenville's West End Cemetery. Mrs. Box passed away Monday at 10:20 a.m. in the Eastland hospital, where she had been a patient four and a half months. She was preceded in death by her husband, William Preston Box, whom she married July 4, 1897 in Erath County.

She moved to Eastland from Stephenville in 1945 after the death of her husband. Survivors include a son, Roy of Jackboro; two daughters, Mrs. Bascom Robertson and Miss Bertha Box, both of Eastland; a brother, Swan Richardson of Stephenville; two grandchildren and four great-grandchildren.

Critical, Unconscious

Edwin Aaron is still in critical condition and remains unconscious in a Wichita Falls hospital Wednesday. He is the son of Mr. and Mrs. Johnny Aaron of Eastland and is suffering from injuries received in a one-car accident Monday, Jan. 4, near his home in Wichita Falls.

His parents remain at his bedside.

Modern Ag Shop Due Completion In 6 Weeks

Contract has been let and construction has begun on the vocational agricultural shop for Eastland High School. The shop job will conclude the district's major facilities developments which have included a new elementary school and a new gymnasium.

Contract was signed Monday evening at the regular school board meeting with H. E. Abbott and Sons Construction Co. of San Angelo, which is also building the addition at the Hollywood-Vassarette plant.

Cost of the ag shop will be \$17,830. Supt. Wendell Siebert has announced. Design will be of concrete block and structural steel with a steel roof, he said. Original low bid was \$20,000, and plans were altered without sacrificing quality to effect the added savings, it was said. The building will be 300 feet by 30 feet, located on the

High School Hill, directly south of the tennis courts. Construction is expected to be complete in five or six weeks. The entrance will face south to facilitate parking and there will be a large double door in the shop end of the building to permit vehicles to be driven inside.

The building will contain a 28 by 24 foot classroom, offices, tool storage area, rest rooms and a 60 by 28 foot shop area. The school already owns a complete assortment of power tools equipment and the building will be furnished immediately, making it one of the most modern and efficient vocational shops in this area. The Dub Sims is vocational teacher and there are approximately 40 students.

Electric installation will be by Roy Gans and Roy Lee Smith has the plumbing contract.

Rangerite Says He Would Install and Operate New Water System For Olden

An Eastland County business man would build residents of Olden a water system with readily available private financing, this newspaper learned Tuesday afternoon from an authoritative source.

The man, a resident of Ranger who requested that he not be identified at this time, said the system could be installed and efficiently operated. All

that would be required, he added, would be contracts for such water service signed by Olden residents with the understanding that if and when the community became an incorporated municipality he would be given a formal

An Honor For Our Area

(An Editorial)

How many of us have set goals for ourselves, two years from now? And if we have, how many have done anything definite toward accomplishing those goals?

A young Texan — an Eastland County neighbor — not only had his goal set, but had gone to work to accomplish it.

Then when opportunity presented itself, State Sen. Ben Barnes of DeLeon was ready, and accomplished his goal of becoming Speaker of the Texas House of Representatives two years ahead of schedule.

The 26-year-old Barnes is typical of the new breed of representatives in the state legislative halls.

Another example — of a man whose ties are closer to this county — is State Sen. Tom Creighton of Mineral Wells. Only 36 years old, Sen. Creighton has just been elected President Pro-Tempore of this session, which puts him in line behind the lieutenant governor as successor to the governorship. Eastland County is in Sen. Creighton's district.

Rep. Barnes left law school last September to begin campaigning for the 1967 speakership. When Speaker Byron Tunnell resigned recently to accept an appointment, the young lawmaker was front-runner, with groundwork laid, for the Speaker's gavel.

State Rep. Wayne Gibbons of Breckenridge, whose district also includes this county, is a close friend of both a hard worker who has earned himself numerous committee appointments in the past. Rep. Gibbons assisted Rep. Barnes in his bid for the Speakership, entered a rules change resolution which carried the new speaker broad appointment power.

Working together this new breed of young lawmakers has a "get things done" quality which serves the people well.

This newspaper congratulates them on their ambition and accomplishments and offers to assist them in any way possible in the future.

CHICKEN FIGHT

(Continued from Page One)

Tuesday during a conference between the Ranger man and LCB officials.

The officers made the raid on the old Parrish place about six miles south of Ranger on Farm-to-Market Highway 571.

Complaints were filed at the downtown office of Ranger Justice of Peace M. D. Underwood.

By Wednesday at 5 p. m., 24 of the men charged had paid fines of \$25.00, plus costs, which totaled \$40.50 each. In addition 16 others had posted appearance bonds of \$200 each. A group of Abilene men, Justice of Peace Underwood said, posted bonds through a legal counsel and declared intentions to 'fight' their cases.

About half a dozen of those arrested were from Ranger. Practically every community in the county was represented and also present were men from New Mexico, Oklahoma, Baytown, Houston and Abilene.

The Sunday morning raid was one of several conducted recently by the Texas Rangers in this section of the state. Chicken fighting is illegal in Texas. It is lawful, however, in Oklahoma and New Mexico, although betting on the fighting cocks is an offense in those states.

An officer said it was his "understanding" that chicken fights were scheduled to get underway Sunday afternoon at 2 p. m.

In addition to the men picked up at the rural site, it was also reported that there were several dozen others in Ranger Sunday morning and allegedly were "planning" to attend the afternoon fights.

As evidence the Rangers picked up many sets of gaffs and also took a picture of the pit which they say was to be used for the fights.

Constable Ralph Veal said Tuesday that about a year ago he warned a Ranger man against staging chicken fights at the same location. The Ranger heeded the warning. Veal said, and hurriedly cancelled the event.

Only one of the men arrested was jailed. He was held in the city jail in Ranger only a few hours.

"You can't put me in jail unless my roosters go with me," the man said.

Chief of Police Bill Orden, acting on Rangers' orders, locked the man in a cell along with three roosters in coops.

"It was the first time," Chief Orden said, "that we ever locked up any chickens in the city jail."

After a few hours the Abilene man was released after paying a \$40.50 fine to Justice of Peace Underwood.

TOP CRIME

(Continued from Page One)

Vandalism? Quite a bit, Sublett says. Particularly to rural houses and to road equipment on highway construction jobs. There's been quite a bit of damage done to tractors and equipment on the job south of Cisco. "Wouldn't be surprised if we don't start spending some nights patrolling out there."

Cattle theft? "Yes, we have our problems there. We've made about five trips out of the county checking on the some 150 head of goats stolen near Rising Star recently, but haven't turned up anything definite yet."

There's a certain amount of brazenness about the jobs being done, he said.

Last week two rural houses, separated by a carport, were broken into — while an elderly woman was at home in one of the houses. The incident happened about seven miles south of Ranger on the Chayne Road. The woman heard someone in the other house, occupied by her son and family, who were away at the time, but thought that it was just someone helping themselves to gasoline from her pickup to get into town and therefore didn't disturb them. They jostled around for about an hour, took quite a bit of clothing, and finally topped their raid by breaking into her lighted room.

She screamed then and called for help.

Drowning Death Ruled Accidental

An official ruling in the recent drowning death of Earl R. Platter has been issued as being death by accidental drowning by Justice of the Peace Wells Dalton, at midweek.

Platter, a 42-year-old carpenter, was found dead Saturday, Jan. 2 by Sheriff L. E. Sublett and Police Chief Ray Lancy who had been tipped by another man.

The same man was cleared of any connection with Platter's death following photograph (lie detection) tests which he had requested and which were made in Waco Monday.

The body of Platter was found in about four feet of water in Leon Creek after he had been missing about 48 hours.

Safeway Realigns Operations In Division Expansion Plan

Carl C. Foster, Division Manager of Safeway's Dallas operations, announced today the reorganization of its Merchandising Department and named two Dallas District Managers resulting from the changes.

Some forty new or extensively remodeled stores opened in 1964, or to be opened in 1965, require that we streamline our backstage operations, Foster said.

Mr. Foster is a former Eastland resident, a graduate

of Eastland High School, and his late wife was the daughter of Mr. and Mrs. Guy Quinn of Eastland.

Ken Roberts who has managed the company's South Dallas and Ellis County stores for the last four and a half years, has been assigned the North Dallas area. The District includes stores in North Dallas County, Denton, and Gainesville.

Milton Lynn from the company's Seattle, Washington, Division has been selected to

fill the post of South Dallas District Manager. Mr. Lynn has had an extensive career in store management and in recent years has held the assignment of Materials Handling Coordinator at Seattle. Recently he attended the company's Executive Development Training Program in Oakland, California.

Bob Griffiths, a second newcomer to Safeway Dallas Division has been named Non-Foods Merchandiser. He held a similar position in the company's San Diego, California, Division. Griffiths will direct the non-foods operation at retail level and will be a member of the buying committee for non-foods.

T. M. Temple, Eastland store manager, reported that there are no changes anticipated for the local store at this time.

Harold T. Johnson, veteran Supply Manager for Safeway's Dallas operations has been assigned the position of Non-Foods and Grocery Supply Manager and will co-ordinate all activities in the procurement of items. He will report directly to the Division Manager.

Andy Couch, formerly Grocery Supply Manager, has been assigned the post of Perishable Foods Merchandising Manager. He is responsible for procurement of all supplies in this field and reports to the Division Manager.

Ray Dowell, who has managed the North Dallas District for past year, has been named Sales Promotion Manager with responsibility of coordinating the selection of advertising and sales promotion programs for the Grocery Department. He will also coordinate the activities of the Price Reporting Office, and will assist other Merchandisers and the Advertising Manager in the over-all Merchandising program. Mr. Dowell reports to the Division Manager.

Arnold Sembers, Meat Supply Manager; Henry Squires, Produce Supply Manager; Ron Giglio, Advertising Manager; and "S" Brand Merchandiser Bob Myers remain in their present positions and report to the Division Manager.

Bill Compton, formerly Non-Foods Supply Manager,

'Thank You, Folks'

HADEN LEE JOHNSON
Eastland County March of Dimes 1965 Campaign Boy, has issued the following "Thank You" to persons who have donated to him and the MOD drive which this year is emphasizing an attack on birth defects:

"I am Haden Lee Johnson (son of Mr. and Mrs. James Johnson of Lake Leon) and I am now three and a half months old. I am doing real good for now. My mother and daddy and I want to thank all of our friends for their prayers and donations. Your contributions have paid about one-fourth of my hospital bill. (Haden Lee recently had extensive surgery). My big brother Leslie (2 years old) wants to thank you for his Christmas presents too. We are all very grateful to you."

(Haden Lee will be taken for further tests and examinations in about six months, his parents report).

Mrs. S. H. Nance Buried Monday

Final rites for Mrs. S. H. Nance, 78, prominent Ciscoan who died at 2:15 p.m. Saturday in Hendrick Memorial Hospital in Abilene, were held at 2 p.m. Monday in First Methodist Church of Cisco with the Rev. Morris Bailey, pastor, officiating, assisted by the Rev. G. W. French, and Rev. Wallace Dunson, both of Waco, Rev. E. H. Lightfoot of Fort Worth, and District Supt. Wayne Reynolds of Cisco. Burial was in Oakwood Cemetery with Rust Funeral Home in charge.

Mrs. Nance had been ill for over two months. She had lived in Cisco 34 years, moving in 1931 from Winters.

Born in Oxford, Miss., March 21, 1886, she married Stephen H. Nance Dec. 28, 1905, in De Leon. She was preceded in death by one son, G. R. (Pete) Nance, who died four years ago, and one grandson, Garland R. Nance, Jr., who died 27 years ago.

Mrs. Nance had been a member of the Methodist Church since childhood. Well known as an active church and civic worker for many years, she was past president of the Industrial Arts Club and a charter member and past president of the WSCS of the First Methodist Church.

Survivors are her husband; three daughters, Mrs. John W. Speir of Cisco, Mrs. Charles H. McCall and Mrs. H. Ford Taylor, both of Midland; one sister, Mrs. Elmer St. Clair of Burleson; three grandchildren, Patsy Nance of Cisco, Nancy McCall of Dallas, and Charles H. McCall, Jr., of Midland.

Pallbearers were C. W. Graham, R. W. Merket, Leo Clinton, Richard Moore, Nick Miller, Sam King, and Dr. Paul M. Woods, all of Cisco, and C. W. Whitfield of Fort Worth.

Named as honorary pallbearers were members of the Official Board of First Methodist Church, O. L. Stamey and Goodfellows Class of First Methodist Church, and James McCracken, Roy Huffmyer, R. L. Ponsler, Sam Kimmel, Dick Lauderdale, Dr. E. E. Addy, Jr., Oz Gerrard, Bob Elliott, and George Boyd.

becomes the Retail Non-Foods Merchandiser and reports to John Whathan, Retail Operations Manager.

Bill Glasscock serves as Grocery Buyer and reports directly to Harold Johnson.

Foster stated that a Non-Food section was added to the Company's Garl and Distribution Center in 1964. Some twenty new retail units have been added to the Texas operations in 1964 and a like number are scheduled for 1965 opening. This is in line with the company's continuing plan with the growing economy of the Southwest.

Shepard Rites Held Tuesday At Gunsight

Funeral services for Jack M. Shepard, 85, who died Sunday, were held Tuesday at Gunsight Methodist Church with the Rev. John Lightfoot of Breckenridge officiating. Burial was in Gunsight Cemetery with Rust Funeral Home in charge.

A retired farmer, Mr. Shepard died in Graham Hospital Sunday after an illness of three weeks. He lived in Gunsight most of his life and had lived in Cisco for the past ten years. He was born May 3, 1897, in Bastrop County and was a veteran of the Spanish American War and a member of Gunsight Methodist Church. His wife preceded him in death in 1925.

Survivors are one son, Mack Shepard, of Baytown; one daughter, Mrs. Gray Vinding of Anaheim, Calif.; one sister, Mrs. O. R. Turner of Cisco; two grandchildren and two great-grandchildren.

A guest in the home of Mr. and Mrs. George Sallee this past week has been Mrs. R. B. McFall of Lubbock.

Visiting in the home of Mrs. Beulah Higgins this past week has been her son, Buford Young of Miricle Valley, Ariz.

Memorials Announced At Public Library

By A. E. CUSHMAN
 Fourteen new memorial books have been given to the Eastland Public Library, announces the Library Committee of the Thursday Afternoon Club.
 "The Romance of the Davis Mountains" is an autographed copy from Carlisle Rant who is a pioneer and historian of the Big Bend country. The book is given in memory of Mr. Arthur Hamilton Johnson by Mr. and Mrs. Joseph M. Perkins.

"The Cavalcade of Europe" is edited by Lowell Thomas and is a handbook of information and background reading on past and present Europe. This book was given in memory of Mr. C. W. Hoffman by Mr. and Mrs. Perkins.

"Excursions in Old Glass" by Flora Rupe Mills, who has spent more than 25 years searching for and collecting antique glass. Mrs. Mills has become truly an authority on the subject and presents her information in an unusually interesting and informative style. This book was given in memory of Mr. Charles Heck by Mrs. Art Johnson and her sister, Mrs. Satterwhite. They also gave the six-volume set of "Religions of the Modern World" in memory of Mr. Heck.

Mr. and Mrs. Jos. M. Perkins chose two Texas books to be presented as memorials for Judge Turner Collier. "The Mier Expedition" because of its relation to Eastland County and The Spanish Missions of Texas" by McCaleb.

"Thoughts Afield" - Kohn, a book of meditations throughout the seasons, was given in memory of Mr. Collier by Mrs. G. C. Kimbrell and Mrs. A. E. Cushman.

Mr. and Mrs. Frank Sparks gave the book, "My Darling Clementine" in memory of Mr. C. W. Hoffmann. Sr. This book is a dual portrait of Winston and Lady Churchill—Winston as seen through his wife's eyes.

Dag Hammarskjöld's "Markings" was presented to the Library in memory of Ben Little on the second anniversary of his death, by his grandparents, Mr. and Mrs. C. L. Little. Many will read this book primarily as a unique historical document; many will find in its meditations an unusual devotional book. But above all, almost every reader is bound to feel that he has had "the privilege of being in contact with a great, good, and lovable man."

Visiting in the home of Mr. and Mrs. Don Simmons last weekend were her brother and family, Mr. and Mrs. Donald Brooks of Abilene.

VISITS PARENTS
 Guests of Mr. and Mrs. O. L. McDonald are their daughter, Mrs. Vance Stephens and children of Grosbeck.

Bethel WMU Studies Cuba

The Women's Missionary Union of Bethel Baptist Church will meet Jan. 26 and a stewardship program will be given by Mrs. Gene Falk, stewardship chairman. All ladies of the church are urged to attend, visitors are welcome, and the nursery will be open.

WMU met last Tuesday at 9:30 a.m. in the educational building for a very interesting program, "Christ for the Cubans," planned by Program Chairman Mrs. L. C. Brown. The song, "Leaning on the Everlasting Arms," opened the meeting, with Mrs. Tom Clark, secretary, at the piano; Mr. H. B. Terry, prayer chairman, gave the opening prayer and read the calendar for the missionaries; and the introduction was given by Mrs. L. C. Brown.

"Historian's View" was presented by Mrs. H. S. Curtis; "Missionaries View," Mrs. Clark; "Cuban's Baptist View," Mrs. James Glenn president; "Refugee's View," chairman; and "Our View" by Mrs. Brown.

Closing meditation was given by Mrs. Terry, which was prayer, Mrs. Terry stressed that God is our refuge and our strength.

Present were Meses. Stella Rodrick, Glenn, Clark, Curtis, Brown, Allison and Terry.

Community Missions was planned for January and February by Missionary Chairman Mrs. Curtis.

Recent visitors in the home of Mr. and Mrs. Otto Morren were his sister and family, Mr. and Mrs. Bill McMillan of Cross Plains.

Visiting recently in the home of Mr. and Mrs. J. E. Franklin were their son, E. C. Franklin and children of Odessa.

Leon Briefs

By MRS. O. D. QUARLES

Crappie must take the black seat and let Lake Leon's big black bass take the bows this week.

Arriving Friday night, along with our coldest spell of weather in several weeks, were Mr. and Mrs. Bill Estes of Crane. Even with a stiff north wind and 26 degree temperature, daylight caught Bill out in the reeds and cattails in his waders and tube. He caught a seven pound, a six pound and a four pound bass. Bill is a teacher in the Crane schools.

Also taking two nice bass late one afternoon was Bruce Reeve of Cisco.

Recent visitors to Lake Leon were Mr. and Mrs. Larry Ware and Mr. and Mrs. Dennis Schulze of Amarillo; also Charlie Schafer and Ira Crowner of Odessa.

Z. O. MeHaffey and O. D. Quarles took several nice channel cat off their trotlines this week. Weights were from two pounds up to four and one half pounds.

Visiting in the MeHaffey home last Saturday were the Mobley sisters of Putnam, Ruth, Mable and Betty. They enjoyed a catfish lunch and home movies.

This reporter recently took a hard fall out the back door, which will get you sympathy, lots of telephone calls and a skinned back. And it's not worth it.

FFA Chapter Makes Plans At Meeting

A regular meeting of the Eastland Chapter of Future Farmers of America was held Monday evening, Jan. 11, in the agriculture department of Eastland High School, with President Mike Lewis presiding.

The chapter voted to form a recreation committee, electing David Hazard as chairman, with the idea in mind of having some type of social function after mid-term exams and the public relations committee was instructed to begin work on a Father and Son Banquet to be held sometime in April.

Chapter Sponsor W. L. Sims announced plans for the chapter to attend the Southwestern Exposition and Fat Stock Show in Fort Worth on Jan. 30. Hayden Wilson moved that only members who have paid their dues be allowed on this trip. The motion carried.

WATER SYSTEM

(Continued from Page 1.)

franchise to supply the community's needs.

In a meeting late in December, an Abilene engineer presented a preliminary report on the proposed project which embodied two possible plans.

One of the plans outlined construction of a distribution system at an estimated cost of \$59,820, and another plan includes distribution and pumping station, air gap and 50,000-gallon capacity elevated water storage tank at an estimated cost of \$68,000.

At the same time Mayor Frank Deaton and City Manager Lewis Tiner of Eastland met with a group of Olden citizens to discuss possible purchase of water for the proposed FHA system from Eastland.

Last week a group of Olden citizens met with Mayor Morris Newnham and members of the Ranger City Commission to discuss the possibility of purchasing water from Eastland.

The group was headed by Pat Moseley, chairman, and Leon Deck, consulting engineer of Abilene, who told the Ranger group that Olden's needs would be around 2½ million gallons of water per month. They also stated that to meet FHA regulations they would require a 40-year contract for such a supply.

Mayor Newnham said Monday that Ranger's supply of water from Eastland County Water Supply District is not sufficient to allow sale of gallonage required by Olden.

The city's 40-year contract with ECWSD, executed July 12, 1952 expires in 1992 — about 27 years hence.

The contract calls for 1,800,000 gallons of water daily, Mayor Newnham said. The Ranger city head also stated that on several occasions last summer, the city's water consumption was only little less than that maximum figure.

In order for Ranger to supply Olden with water, he explained, it would be necessary for a new contract to be executed with the ECWSD which would extend the time period to the year 2004. Also, the daily gallonage allowed would have to be increased.

The mayor said Ranger "would be glad to assist if arrangements can be made. "We consider the citizens of Olden our good friends and neighbors," Newnham added, "and we feel sure that the same feeling exists between Eastland and Olden.

"We feel sure that there is a solution to this problem, especially since there is an abundance of water in this area.

"The citizens of Olden can rest assured," the mayor concluded, "that we will do everything possible to assist our friends in making their water system a reality."

Health Is Program For Civic League

"I dare you to be healthy" was the theme for the program when the Civic League and Garden Club members met Wednesday for a luncheon and business meeting.

Ms. Austin Flint of Cisco presented the program, "Early Detection of Cancer," and hostesses were Mmes. Jim Parks, Leon Musgrove, John Ernst, T. M. Fullen, Troy Turner, Charles Terrell and Cyrus Barcus.

Mr. and Mrs. I. E. Talley of Olden attended the funeral of his cousin's wife, Mrs. H. H. Talley, in Stephenville Monday afternoon.

BOBBY LEE, left and his steer Bo-zo and Lynn Pippen and her steer Richard are shown in the above picture.

TWO CISCO CLUB STUDENTS SHOW TOP PRIZE WINNERS

Two Cisco 4-H Club members scored big for Eastland County last Thursday, Jan. 7, in the Sand Hills Hereford and Quarterhorse show in Odessa.

Lynn Pippen, daughter of Mr. and Mrs. Irvin Pippen of Route 1, showed her big Hereford steer "Richard" to fifth place in a class of 60 heavyweight steers from all over Texas. Bobby Lee, son of Mr. and Mrs. Jimmy Lee of Route 1, placed his steer "Bozo" fifth in a class of 60 lightweight steers. The big credit to Cisco and helped youngsters sold their prize-winning animals in the premium sale in which only the top

ten steers of each class were eligible to sell.

Assistant County Agent Bill McCutcheon expressed pride in the showmanship of the two youngsters and in the quality of the steers. The Odessa Show has been regarded to be the top Hereford show in Texas, and placing that high in classes with that number of steers was quite an accomplishment for the local entrants, Mr. McCutcheon reported.

"These youngsters were a big credit to Cisco and helped put it on the map for a lot of people at the Odessa Show," the agent added.

**AREA GIRL TO PARTICIPATE
IN NATIONAL BEAUTY EVENT**

WASHINGTON, D.C., Jan. 7 — A 19-year-old Texas girl will be among the beauty contestants seeking a \$2,500 college scholarship award later this month in Miami Beach, Fla.

Miss Charlotte Garrett of Cisco will participate in the 1965 "Miss Rural Electrification" beauty pageant, January 27, in Convention Hall during the 23rd Annual Meeting of the National Rural Electric Cooperative Association (NRECA).

Second and third place scholarship awards worth \$1,000 and \$700 respectively will also be presented. All scholarships are donated by the General Electric Company and NRECA.

Miss Garrett won the right to represent her state after winning the title of "Miss Texas Rural Electrification." At that time, she was an entrant of the Comanche County Electric Cooperative in Comanche.

Presently attending Tarleton State College in Stephenville, she plans on continuing her education at the University of Texas. She is the daughter of Mr. and Mrs. Jesse L. Garrett, who are well known

MISS GARRETT

Angus cattle ranchers east of Cisco.

Miss Garrett and other beauty contestants will arrive at the Fontainebleau Hotel on January 24, and will be entertained there until the meeting concludes on January 28. "Miss Rural Electrification" will receive her crown jointly from the president of NRECA, Albert C. Hauffe of South Dakota, and the 1964 beauty queen, Bonnie Bell of Georgia.

More than 3,000 rural citizens, representing nearly 1,000 rural electric systems in 46 states, are expected to participate in the five-day event.

The National Rural Electric Cooperative Association is the national service organization for these systems — serving approximately 20 million people on a non-profit, cooperative basis.

**State Park Work
Progressing; Big
Year In Prospect**

AUSTIN — Authorized state park improvements are well ahead of schedule, according to J. Weldon Watson, executive director of the Parks and Wildlife Department. He said indications point to 1965 as the greatest park year in history.

The executive director said during the year substantial new facilities were completed at Bastrop State Park, Goose Island State Park, Tyler State Park, Buesher State Park and Port Lavaca Causeway State Park.

But the major emphasis, said Watson, was in creating a new park at Dam "B" near Woodville, and the development marked creation of a "The LBJ State Park" near Johnson City, in honor of Texas' own, President Lyndon B. Johnson.

In addition, said Watson, the park field staff was busy serving an increase of more than a half million guests during the year. The 1964 attendance was 7,900,000, compared with 7,200,000 in 1963.

"We consider the attendance noteworthy," said Watson, "because the near record heat of the early summer curtailed visitations. Then there were prolonged drought spells in some areas that definitely curbed patronage."

Watson said the 1.2 million dollar development program has advanced so well that it is anticipated every contract will be encumbered, as of December 29. The last deal was for a new concession building at Falcon State Park.

Falcon State Park has been open for partial use with screened shelters, a large boat ramp and the airplane landing strip completed since early fall. Subject to weather conditions and other undetermined factors, Watson said the other two parks, also on large reservoirs already noted for their fishing, will be ready for the summer season.

Sure.
You might find another car as new as the Delta 88.

But not this year.
This is Oldsmobile's Delta 88. It's unique. Unique because it's new. New clear through.
Styling is new. So new, not a line or a highlight was borrowed from last year.
Power plant is new. Super Rocket V-8 is the biggest in Olds history: 425-cubic-inches big, up to 370-horse strong.
Transmission is new, too. Turbo Hydra-Matic, available on any Delta 88, provides up to 40% more torque from a standing start, superlative performance at all speeds.
New styling. New engine. New transmission. This year, only Delta 88 lets you have all three, all new. Other cars have a lot of catching up to do.

"As It Looks From Here"
DMAR BURLESON
Congressman
17th District

17th District, Texas
WASHINGTON, D. C.—Perhaps it was ever thus, but it seems increasingly difficult to debate issues before the American public and in the Halls of Congress without imputing to those of differing views, either the thickest stupidity or the darkest of motives.
As a result, every issue, whether of principle or practice, tends to become an all-or-nothing proposition. Policies or programs are treated as if they must be accepted in their entirety or totally rejected. The ancient distinction of wise men, the effort to distinguish between what may be a bad policy and what may be a policy badly abused, becomes all too easily lost.
In the few days of the 89th Congress there appears to be less grey between black and white than at any time in recent years. The self-styled terms of liberal and conservative take on more definite identity but remain under anyone's definition.

This situation, if viewed correctly, is doubtless a hang-over from the elections of last November. The cleavage in the Republican Party manifested itself early last year and came into full bloom at their Convention. Democrats did not find it necessary to really debate many issues. It was enough to deal in generalities and pretty much let nature take its course.
Now the Republicans, who seemingly feel that, since their principal representative was rejected, this makes it in the other direction in order to establish a new image and to catch the popular fancy of the voters.
As example of the trend, a sizeable number of Republicans joined Democrats last week in approving the most

each legislative proposal as a tub to sit on its own bottom — as to what is best for our Nation, our State and our immediate area of interest — but it is still America and American.
Time may tell and time may bring encouragement — It is a pity if it does not.
Rebekah Lodge Has Installation Friday
Eastland Rebekah Lodge Number 177 will have its installation ceremony Friday, Jan. 15, at 7:30 p.m. at the Lodge Hall, 309 North Lamar, it has been announced.
It will be a candle light service and the public is welcome to attend.

From all indications, opposition to any single measure will be no more than tolerated. If one does not subscribe to and support the whole bag full, he is opposed to it all in its entirety. If he advocates modifications and proposes to amend, his motive is to sabotage and destroy. To support one measure or parts of any one or all is not enough and will be forgotten—only opposition is well remembered.
Perhaps it is too much to expect objectivity — to view

is a veteran of military service.

Miss Shirley Weaver, daughter of Mr. and Mrs. E. E. Weaver of Cottonwood, and Monty Max Byrd, son of Mr. and Mrs. B. V. Byrd of Fort Worth are living in Houston, following their marriage in White Oak Baptist Church. The Rev. R. L. Hollems, pastor, read the double-ring ceremony.

Mr. and Mrs. Gene Bush are at home in Abilene following their wedding in the home of the bride's parents, Mr. and Mrs. H. C. Freeman, Jr. of Cross Plains. The Rev. Ed Otwell, cousin of the bride, officiated at the candlelight ceremony.

Both are graduates of Cross Plains High School. Mickie was a 1964 graduate, a member of the Buffalo Band, Stage Band, Band Sweetheart and Betty Crocker Homemaker of her school, president of the FHA Chapter and leader in many student activities of her school.

Gene graduated in 1954, was a stellar athlete, played half-back on the football team and

Farmers Union Elects Officers, New Directors

Eastland County Farmers Union met Thursday, Dec. 7, and elected new officers to the Board of Directors. Claude Fuller of Gorman was elected president; Mrs. G. A. Dunn, secretary; and D. B. Warren, Ernest Weaver, Wayne Eaves, G. A. Dunn, Edgar B. Harding, Oral Davis, Mrs. Wayne Eaves and Mrs. D. B. Warren, directors.

All of Eastland County Farmers Unions resolutions were passed by the State Board or Directors at the State Convention which was held in November, according to President Claude Fuller.

Some of these resolutions are:

1. The Union is opposed to making any changes in the peanut program which would cause marketing quotas to be stated in terms of pounds and

or bushels.

2. The Union recommends that a research program between the USDA, State Experiment Station, and growers be initiated, which will emphasize efforts to remedy serious peanut production diseases and to improve peanut harvesting methods.

3. Recommendations that the Agricultural research Service, USDA, State Department of Agriculture and the State Experiment Station work cooperatively toward more uniform methods of testing seed germination, and that more effective ways of supervising and controlling these tests be established.
