EASTLAND, TEXAS, TUESDAY, MAY 1, 1956

NUMBER 154

Four Inch Plus Rain Brightens Outlook

Lake Leon May Catch Full Capacity Today

A four-inch rain Monday night and early Tuesday morning left happy faces here and possibilities of filling up Lake Leon for the first time.

The rain, ushered in by thunder and lightning, was comparatively gradual, and apparently little damage resulted in the area.

The entire watershed leading to Lake Leon received heavy rain fall and Tuesday morning the south fork of the Leon River was out of its banks. The north fork was running almost brim full and flood gates at the Power Plant Lake had been opened.

The flood gates at the Power Plant Lake, which is situated just above Lake Leon, were letting through 300 acre feet of water an hour at noon today. The gates were opened at 1:40 this morning and by 10:30 1800 acre feet of water had poured through.

Water level at the Lake Leon dam was just inches above 70 feet, indicating a five to six foot rise. The lake already had reached an all time new high. Capacity of the lake is 28,000 acre feet or 75 feet at the dam. At noon the water level was standing at 70 feet and six inches.

Lake Leon was full of floating logs and rubbish this morning. Boat docks all around the lake were cut off from the shore by an estimated 12 to 15 feet of water, but most were not damaged. Boats around the lake were generally full of water.

In Eastland the official measurement at 7 a.m. was 4.04 and by 10 a.m. more than five inches had fallen. At noon today rain was still falling and the weatherman predicted even more moisture.

All highways leading into Eastland were still open, although the Eastland-Gorman highway had been under water at one time during the night. The bridge on the highway may go under water again today or tonight, officials warned, as water rippled at the edge of the bridge.

The Bassett Street bridge in Eastland was completely underwater. Damages to the north section of the city, which was hard hit during last year's heavy rain, were light so far. Water was standing in many places however.

The rain was slow falling, which saved this immediate area from serious damages. The hungry farm and ranch land was soaking in the rain, but much water was still running off.

County Agricultural Agent J. M. Cooper termed the rainfall as "wonderful." It apparently is just what the doctor ordered for peanut growers, who were in need of more moisture before planting.

The Eastland - Ranger area apparently was on the edge of the

thunderstorm area, which centered over Dublin and Stephenville. Schools in Dublin were closed Tuesday, both all Eastland County Schools were still holding classes.

At Eastland Lake water began going over the dam early today, according to City Patrolman M. N. Seaborn. Stock tanks in the area were also filled to capacity.

Unofficial rain gauge reports in the area had the rainfall by noon today as high as 7 1/2 inches.

Only person reported injured in the area late today was Mrs. Howard Gilbert. Mrs. Gilbert was not seriously injured. Lightning struck the telephone line at her home, four miles east of Carbon, when she was using the instrument, and she was knocked down.

Some hail was reported near Gorman and a number of chickens were said to be killed.

In Ranger rainfall totaled 4.20 inches. Skies were clearing about 1 p.m. over the entire area however.

Running water seeped into some houses in Ranger, but overall, property damage was not expected to be great.

Highway traffic on U.S. 80 east of Ranger was slowed con-

siderably after midnight this morning. Rucker Creek overflowed its banks and backed up water for two miles. The water ran along the highway for about a mile and Collins Construction Co. workers had to work all night to dig out dirt under the new highway bridge to free the water. Finally traffic was switched over to the new highway despite the fact that it is still not completed.

Cisco also reported heavy rainfall, as did every town in the county. The rainfall was heaviest in the south part of the county.

Probably the biggest debate in

years in the county was going on. The discussion centered around how much if any of the unusual rainfall could be contributed to the efforts of the Fort Worth rainmaker.

Local hotels and motels did a booming business for a while during the rain. Warning signals were put out by Highway Department and motorists were stepping to spend the night.

There was no evacuation necessary here as there was in Stephenville, however. There the Bosque River rose out of its banks and about 400 persons had to flee from their homes.

The weatherman still predicted cloudy to partly cloudy weather for this afternoon, with fair and warmer weather due Wednesday.

Two Enter Pleas Of Guilty In District Court

Two guilty pleas were heard Monday in Ninety-First District Court in Eastland.

C. B. Sims of Gorman entered a plea of guilty to a charge of burglary and was given a three year sentence. Sims was placed on adult probation by Judge Turner Collier. He was charged with taking clothing from an automobile parked on the square in Eastland. The other case was against Rupert Wayne Jennings. Jennings pleaded guilty to driving while intoxicated and was assessed a \$50 fine and cost of court and given a three day jail sentence. His driver's license was automatically suspended for six months.

Moore... ABOUT Eastland

By Virgil E. Moore

Don't let anyone tell you there is not a lot of money in and around Eastland. We found out for sure that there is at least a lot of old money. There was a spirited contest between coin collector's around town to see who had the oldest United States money. Everytime we thought we had found the oldest coin, someone else brought in a still older one.

We saw some coins that we didn't even know existed. Lots of them are worth quite a bit of money. If then you want to know who has the oldest, so here is a run down.

Carl Johnson is king of the old money collector. Carl brought in a 1799 silver dollar that ranks six years older than any other brought in. In fact, the dollar lacked only six years being as old as any U.S. coin ever minted. It wasn't until 1793 that the first United States money came into existence. The dollar, which was slightly larger than most silver dollars, featured 13 stars — one for every state in the union at that time. Johnson also brought in an 1817 50 cent piece, an 1826 50 cent piece and an 1875 20 cent piece.

Probably one of the most complete collections in town is owned by Doc Brinkley, who finished second. Brinkley's oldest coin was an 1805 half dollar, which featured writing on the edge, spelling out "fifty cents." He also had three pennies which were the size of a half dollar dated 1841, 1843 and 1844. An 1865 two cent piece, an 1854 half dime and an 1835 quarter were among Doc's older coins. He also showed an 1857 flying eagle cent.

Mrs. Jane Throne brought in four old coins, including a rare 1807 50 cent piece, which is almost the size of today's silver dollar. She also had an 1866 two cent piece, which is about the size of a quarter, an 1892 quarter, an 1889 nickel and an 1852 dime.

Victor Gradovsky ranked fourth. He produced an 1817 half dollar. Also among his collection is an 1848 big penny and an 1862 Indian head penny.

David B. Vermillion came in with an 1818 big penny. He also had an 1893 Columbian Exposition half dollar, an 1860 half dollar, an 1866 nickel, an 1866 Indian head penny, an 1848 big penny and an 1857 flying eagle penny.

Mrs. Truman Bean of Carbon brought in eight Indian head pennies and an 1883 dime. The pennies were dated 1865, 1879, 1882, 1883, 1887, 1896, 1897 and two 1898.

Another Carbon woman, Mrs. Tom Greer, had three half dimes. They were dated 1840, 1853 and 1854. She also had an 1851 three cent piece.

Mrs. C. W. Boles' oldest coin is an 1852 20 cent dime. She also has an 1855 quarter, an 1898 dime, two 1866 Indian head pennies and an 1878 Indian head.

Mrs. A. W. Cogburn brought in pennies dated 1864, 1880 and 1890.

A three cent piece dated 1873 was turned in by Jim Golden. Golden also had an 1862 half dime, an 1891 sitting liberty dime and an 1867 nickel.

Mrs. Lee Hogan has an 1879 silver dollar, a 1901 Indian head penny, an 1883 "V" nickel and an 1880 big penny.

Three coins were submitted by Mrs. Howard Brock. They included an 1853 quarter, an 1854 fifty cent piece and a 1900 penny.

Elon Reaves brought in an 1853 one dollar gold piece. It is treasured by Elon in that it is dated the day of his father's birth. The 103 year old coin is about two-thirds the size of a dime.

Others who submitted coins included: Ruby Jalene Ragen, 1842 two cent piece; F. M. Spurlan, a \$5 gold piece dated 1836 and an 1834 half dollar; John Nix, 1857 half dime; Leo Stambough, 1854 eagle back half dollar; J. D. Pitman, 1863 and 1888 Indian head pennies and an 1868 two cent piece; C. M. Murphy, 1845 and (Continued on Page 6)

NEW SAFEWAY BUILDING—Pictured above is the architect's drawing of the new Safeway store which will be built here. Official announcement of plans to build the building were announced this week by Ira C. Kiker, Jr., public relations manager for Safeway Stores, Inc. The building will be located at the corner of East Main and Halbryan streets.

Safeway Announces Plans For Building

Official announcement has been made by Ira C. Kiker Jr., public relations manager of Safeway Stores, Inc., that bids will be opened in their Dallas office May 18 for construction of the new Safeway store in Eastland at the corner of East Main and Halbryan streets.

Kiker said that shortly after this date, Safeway would be able to announce the successful con-

tractor and the completion date of the new building, which he estimated to be within about six months of the time construction began.

In releasing the architect's drawing of the new building, Kiker said the store would contain some 7,500 square feet of floor space with a huge off-the-street lot for customer parking.

"The interior will contain all

the latest developments for the retail distribution of foods and allied products. It will be completely air-conditioned and will be decorated in the gay, pastel colors that we are using in our present developments," Kiker said.

The Safeway building lot is located immediately west of Pullman Supply Company, and across the street from Jim Horton Tire Service.

Sure 'Nuff, We Are 27 Today

The Telegram today begins its twenty-seventh year of publication.

Established in 1923, The Telegram was published until during the beginning of World War II when it was discontinued and its companion paper, The Chronicle was published. In May of 1947 it was re-established by O. H. Dick, publisher.

The Chronicle, which was consolidated by The Telegram, was established in 1887. The Telegram - Chronicle of today is actually the oldest publication in the county. The Eastland County Record was also consolidated with The Telegram in 1951.

Today The Telegram is one of the few tri-weeklies in the state in a city of less than 10,000 population.

SUPPORT PRICES ON PEANUTS CUT; ACREAGE ABOUT USUAL

Eastland County peanut growers were told this week that support prices on peanuts have been reduced by the Department of Agriculture.

T. C. Wylie, owner of the Ranger Peanut Co., said that farmers in the Eastland area could expect only 86 percent of the peanut price as of March 16, which was \$260 per ton, during the coming year. Actually, parity will be \$223.60 per ton.

Support price last year was 90 percent parity based on a \$265 ton price.

Wylie said however, that the support price on peanuts this year would not be under that figure but that the price would increase on a graduated scale if price of the peanuts increase by July 15.

If the price increases, the support price will increase accordingly by the parity percentage.

The price was taken on a national average of all types of peanuts. In this area however, where the Southwest Spanish type nut is planted almost exclusively, the price will be about \$4 a ton less.

Wylie indicated that a good supply of qualified seed is available on local markets. He said that the better quality seed was selling at \$24 for 100 pounds.

There is now very little activity

crops, Wylie surmised. He said that a few crops had been planted in a few areas that had had more rainfall but that most peanut ground had not been planted. Biggest planting season in this area takes place from about May 1 to July 1.

Some farmers have begun to put fertilizer in the ground where moisture is sufficient to plow, but need more rain before the planting area can be completed.

The heavy three day rain should put enough moisture in the ground to assure "excellent" planting conditions.

Wylie said most of the 33,000 acre allotment in the county this year would be planted. He said that the acreage this year would be about the same as last year except for the 7 1/2 percent allotment in regards to planting the 1956 (Continued on Page 6)

Wayne Motors Has New Home

Wayne Motors, Eastland's authorized Lincoln - Mercury dealer, has a new home.

Wayne Hudson, owner, announced this week that the firm has moved from 306 East Main to 1066 West Main.

"We feel that we are now in better position than ever to give top-notch service," Hudson said in announcing the move.

Associated with the company is Bill Bledsoe, salesman, and Delbert Taylor, head mechanic. Taylor has more than 20 years experience as mechanic and Hudson said he considered him one of the best mechanics in the entire state.

Kinnaird Moves Insurance Office

Donald Kinnaird announced this week that he has moved his offices from second floor of the Exchange National Bank building to the ground floor.

The Kinnaird Insurance Agency is now located on the south part of the Exchange building.

Pecan Field Day Plans Changed Slightly by Rain

The Eastland - Brown counties Pecan Field Day was scheduled to go off almost as planned Tuesday despite heavy rainfall in the entire area, County Agent J. M. Cooper said Tuesday morning.

Cooper said that most events would probably be held in the American Legion Hall in Rising Star instead of at the George Goss orchard, 3 1/2 miles south of Rising Star.

All speakers are expected to be present, however, he said. They include B. G. Hancock, horticulturist with the Texas A&M Extension Service; L. G. Romberg, of the U. S. Pecan Field Station at Brownwood; J. W. Foster, entomologist from Weatherford; and J. R. Rainey of Richland Springs, a pecan grower and nurseryman.

An orchard trip at the Goss place will be held weather permitting. Activities get underway at 10 a.m. and continue throughout the afternoon.

To their future... your gift of a U. S. Savings Bond

What a wonderful start for their life together! A wedding gift that becomes more valuable, more appreciated with time. Because that Bond is more than an ordinary gift... it is a symbol of their future hopes and plans. And a reminder of your thoughtfulness for years to come.

For any really important person or occasion, give the present with a future—U. S. Savings Bonds. So easy to give... no sizes or patterns to worry about. So nice to receive... because it increases in value with the years, as much as 80% more than the original price.

Why Not Give Yourself a Present, Too?

Start today on a systematic, sure way of saving for the things you want most! It's easy—with the Payroll Savings Plan. Here's how it works:

Go to your company's pay office, choose the amount you want to save—a couple of dollars a payday, or as much as you wish. That money will be set aside for you before you even draw your pay. And automatically invested in U. S. Series E Savings Bonds which are turned over to you.

If you can save \$3.75 a week, in 9 years 8 months you will have \$2,137.30. If you can save \$18.75 a week, 9 years 8 months will bring you \$10,700!

Eight million working people are building their security with the Payroll Savings Plan. For your sake and your family's, how about signing up today? If self-employed, ask your banker about the Bond-A-Month Plan.

Beta Sigma Phi Sororities Hold Annual Founder's Day Banquet In Connellee Roof Garden Saturday

Mrs. Bill Hoffmann, president of Xi Alpha Zeta chapter, and Mrs. Bill Arther president of Zeta Pi chapter were named outstanding Beta Sigma Phi's of the year at the annual Founders Day Banquet Saturday night in the Connellee Hotel Roof Garden.

"Keys to Happiness," the theme of the banquet, was carried out in the decorations. The room was decorated with pastel colored crepe paper streamers with balloons hanging from them. A large silver ring with silver keys on it hung in the middle of the room.

The banquet tables were centered with red roses in silver key rings with streamers and silver keys extending from them. A large white and silver key filled with

yellow and pink roses was the centerpiece for the main table.

The place card at each plate was a program shaped as a door and locked with a miniature lock and key.

Mrs. Hoffmann was toastmistress and Mrs. Frank Sayre gave the invocation. The Founders Day message from Walter W. Ross, founder of the sorority, was read by Mrs. Bob King. The five Keys to Happiness, Self Sacrifice, Discouragement, Tenacity and ingenuity were defined by the following Xi Alpha Zeta members, Mesdames Bill Leslie, Bill Walters Jr., Fehrman Lund and Bill Brown. Twelve members of the Zeta Pi chapter defined the Twelve Golden Keys.

Gold president gavels were presented to the two presidents by the vice presidents of each chapter. Mrs. Joe Sparks is vice president of Zeta Pi and Mrs. Frank Sayre is vice president of Xi Alpha Zeta.

Mrs. Art Johnson, sponsor and director of the two chapters, presented the Girl of the Year Awards. Mrs. Hoffmann and Mrs.

Arther were each given a gift for their husband.

"The husbands deserve some award for the help they have shown this year by baby sitting and seeing that their wife attended each meeting," Mrs. Johnson said. She also gave each member a Silver Anniversary star. Mrs. Sparks was recognized for having ushered in twelve new members this year.

The menu for the banquet consisted of baked turkey and dressing, cranberry sauce, baked potato, green beans, congealed peach salad, rolls, ice tea, cake and ice cream.

Out-of-town guests were Mrs. Luther Wilson of Cleburne, Mrs. Bill White of Houston and Mrs. Harry Blackwell of Ft. Worth.

Following the banquet, gifts were exchanged by secret pals.

Status of Women Is Talk Made By Rev. W. Corse

The Rev. Wilma Corse of Graham spoke on "Status of Women" at a meeting of the WSCS of the First Methodist Church Monday at 2:30 p.m. in the church.

Rev. Mrs. Corse told of the problems and trials she had been through as a preacher and that it took her 12 years to be fully ordained. She is one of the two ordained Methodist women preachers in the Central Texas Conference of Methodist Churches.

Mrs. W. T. Leslie was in charge of the program and Mrs. Richard Smith gave the devotional.

Following the meeting, refreshments were served by Mesdames Turner Collie, Cecil Collings and Tom Haley.

CARD OF THANKS

I wish to take this means of expressing my sincere appreciation to my friends and the First Christian Church for the beautiful flowers, cards, and their visits during my illness.

W. S. George

First Baptist Membership Contest Ends

A new member contest was ended with the 15 and 16 year olds of the Intermediate Training Union of the First Baptist Church honoring the 13 and 14 year olds with a hayride Friday night. The department enrolling the most members in training union were treated by the losing department.

The group met at the church at 7:30 o'clock where they loaded the hay-filled truck and rode to Lake Leon for a picnic supper. After eating the group rode around town on the truck.

Mrs. Gayle Boren is director of the department and Mrs. W. D. Dukes and Mrs. Alvin Pierce are leaders.

Gordon Wadley
1310 South Green

This season's newest note for suits — jackets as concise as possible — is struck by Miller-Cupaioli of Dallas in this suit of chambray. Four smoked pearl buttons and sleeve bows trim the finely fitted jacket. The circular skirt is permanently pleated.

SOCIAL CALENDAR

Tuesday, May 1
8 p.m. — Eastland Chapter No. 280 of the Order of Eastern Star will meet in the Masonic Hall.

Gain time on busy days and serve good meals on schedule with an Electric Food Freezer

When minutes count, when you're extra busy or want an afternoon away from home, it's reassuring to know that you can serve a well-planned, nutritious meal in just minutes from your Electric Food Freezer. From the moment you begin to enjoy modern "freezer living" you begin to save time. You can cut your shopping time in half or more and enjoy a new-found freedom from many daily chores of meal preparation. You can double or triple recipes and freeze the extra portions, so

you'll have bonus servings on hand that actually cost you very little in extra time and work. You can also save time by freezing and storing a large supply of sandwiches for school lunches, extra desserts and baked goods for delightful surprises or for unexpected guests. Electric Food Freezers are available in either chest or upright models, in a size that's just right for your kitchen space and food storage requirements... see them at your favorite appliance dealer's.

Hanson Paces Loop Track Meet Field

J. D. Hanson, ace Ranger Junior College hurdler, broke records in both the high and low hurdles at the Pioneer Conference track meet at Tarleton State College in Stephenville Saturday as he led the Rangers to a third place victory in the meet.

Hanson's records overshadowed the end to Tarleton's four year reign as the conference's leading track team, as Arlington State pulled out with a first place victory in the last event of the meet.

A product of Eastland High School, Hanson clocked the high hurdles at 14.7 and paced the low hurdles in 23.3. The Rangers scored 26 points.

There were five new records set, three in the morning preliminaries, and one other mark was equalled.

Hanson's 14 3/4 points qualified him as first place individual in the meet with Robert Fischel of

Arlington second with 12 1/2.

Fischel tied the 100-yard dash record in the morning with a 9.6 showing, and set a new 220-dash mark with a 21.2 in the prelims. He equalled his own time in the finals and ran anchor on the Arlington mile relay which set a new record of 3:27.2.

Billy Huffman, San Angelo College, set a shot put record of 47 feet, 1/2 inch in the finals.

The mile relay, final event of the afternoon, was the determining factor in the meet. Going into this, Arlington led Tarleton by a mere point, 50-49, but a good second leg by Arlington's Neal Wilcox helped tremendously, a n d they were never headed on the anchor. Fischel beat Tarleton's Rob Groves by five yards.

Hanson was second in the 100-yard dash behind Fischel a n d fourth in the shot put. Helping Hanson pick up points in the 120-yard high hurdles was Dan Mitchell of Ranger with a third.

Ronald Darnell of Ranger took a third in the 220-yard dash. Weldon Curbo, Ranger, came in second in the high jump, and Phillip Stovall shared a three-way tie for second in the pole vault.

Ranger was second in the 440-yard relay. Mitchell also came in fourth in the low hurdles, won by Hanson, and Ranger took a fourth in the mile relay.

Bible Comment: Faith That Jesus Lives Upholds Us

WE will soon see how the joy and hosannas of the triumphal entry of Jesus into Jerusalem changes quickly into the scenes of darkness and tragedy as Jesus is arrested, brought before Pilate and then driven forth to crucifixion.

Jesus had warned the disciples in words that, after the event, seemed unmistakably plain that He was about to suffer and die. But the disciples were so filled with the idea of an earthly kingdom, and they were so busy disputing about who should have the preferred places, almost to the very moment of the crucifixion, that they failed to take His words seriously.

But, in the very hour of dark despair, comes the joyous news of the empty tomb and the risen Christ.

Hope and faith revive, and the disciples go forth to their task of world conquest.

What less than that conviction that Jesus has risen and revealed Himself to them could send them forth in a new-found faith, prepared if need be to die for the glory of spiritually carrying on the work and ministry of their King?

Would God that we, also, experience and know the Risen Christ at this coming Easteride as they knew Him. Would that we find the power that these humble men found through the Resurrection!

To the extent that we experience this upsurge of faith will our Easter be joyous.

PERSONALS

Mr. and Mrs. Troy Turner of Odessa were in Eastland this week end to be with his mother Mrs. Lillie Turner who is a patient in the Eastland Memorial Hospital. They also visited with his sisters Mrs. D. R. Aston and Mrs. Hollis Jones and his brother Clyde Turner.

Miss Edith Allison of Abilene returned home Saturday after a week's visit with her parents Mr. and Mrs. J. C. Allison and her sister Miss Vern Allison.

Mr. and Mrs. D. E. Gann and daughter Nancy of Odessa visited in Eastland this week-end with their mothers Mrs. Pearl Young and Mrs. Robert Gann and other relatives.

Mrs. J. A. Brown had her son Joe Brown of Odessa as her week-end guest.

Mr. and Mrs. Bill White and children of Houston are visiting in the home of Mr. and Mrs. Frank Crowell over the week-end. Mrs. White is the daughter of Mr. and Mrs. Crowell.

Dr. and Mrs. R. C. Ferguson left last week end to visit their son Bob Ferguson and family in Dalhart. Bob engages in law practise there. They plan to visit in Portales, New Mexico with Mr. and Mrs. Henry Taylor. Mrs. Taylor is Mrs. Ferguson's sister. They will return by way of Lubbock where they will visit other friends and relatives, and expect to return home late this week.

Mrs. Ruth Campbell of Dumas and H. B. Hale of Oakwood visited last week in the homes of their

brother Fred D. Hale and their sister Mrs. J. R. Boggus and other relatives. Sunday they visited with another sister, Mrs. J. W. Minnick and her family near Gordon. Mr. Hale returned to Oakwood Monday, and Mrs. Campbell will return to Dumas Thursday.

Cadillac

Spring Tonic That Lasts All Year!

His heart is light and his eyes are bright this morning—for he's greeting the spring at the wheel of a 1956 Cadillac.

Springtime comes and springtime goes, of course—but the thrill of his Cadillac will go on and on—month after month and year after year.

And what a thrill it is!

First, there's the sheer satisfaction of owning the "Standard of the World"—the undisputed leader in all that makes a motor car a joy to possess and a pleasure to utilize.

Then there's the thrill of driving it—with its smooth, powerful engine—its easy, positive steering—and its big, soft, authoritative brakes.

There is the contentment that comes with Cadillac's amazing economy.

The first cost of a Cadillac is surprisingly modest—upkeep, over the years, is unbelievably low—and operating costs rival those of any car.

And now, in all modesty, may we speak of one other satisfaction he enjoys as a Cadillac owner?

We believe that, throughout the years of his ownership, he will be as pleased with us, as his dealer, as he is with the wonderful car itself. It is our constant endeavor to treat our customers as they are entitled to be treated as owners of the world's most distinguished car.

Why not come in some day quite soon—take a demonstration drive at the wheel—and arrange to greet the spring in a Cadillac of your own?

We think you'll be surprised and delighted to learn how much your present car is worth in trade—and to find how quickly you can obtain delivery on the Cadillac of your choice.

Three Improving Following Car-Truck Collision

Three persons, two from Cisco and another from Mexico, were injured when a truck struck their car from behind on the Colony Creek Bridge about four miles West of Ranger on U. S. Highway 80 Saturday afternoon.
The three, travelling with five others in the car, were reported to be in a satisfactory and improving condition at West Texas Clinic and Hospital today.
Injured were Mrs. Frank Hernandez, about 30, her four year old son, Frank Hernandez, Jr., and Mrs. Marcela Ayala, about 53, who had been in Abilene on business matters pertaining to the accidental death of her son.
Mrs. Hernandez suffered a fractured neck; the youth received a fractured collarbone and Mrs. Ayala is recuperating from fractured ribs.
Others in the car did not require treatment at the hospital where they were brought following the accident.

 —ve—
 We have certainly enjoyed seeing all of these old coins, and just wish all of you could have shared them. Someday we think it would be a good idea to have some sort of historical display in which old coins and other such things could be displayed. It would be easy to teach a history course just using those old coins. Your monogrammed stationery is on the way, Carl.

 And speaking of money, we have worked out a deal with Aubrey VanHoy which will make a real really worth a dime again.

You know, in the newspaper game the rules say that a writer is not supposed to use the full of a person in a story over once. By that we mean that the first time you call a fellow's name you say John Doe and after that you just say Doe. Well, just to keep us honest, we are going to start giving away a ticket to the Majestic Theatre everytime we mention some's full name twice in Moore About Eastland. For instance, if we were to print Victor Gradowsky's name twice in today's column he would get a ticket to the movie if he called us in 24 hours. All it would cost him to go to the show would be a 10 cents service charge.
 Just in case we can't give away any tickets that way, let's go another route too. Each day we will print four names and addresses on

the same page that the movie ad is located. We are gonna hide the names so you will have to hunt for 'em. But if yours shows up and you call The Telegram office in 24 hours you get one of those 10 cent movie tickets. That fair enough?
 —ve—
 Well, we gotta go get another free cup of coffee off of Henry. See you Thursday.

(Continued From Page One)
Support -
 increase granted during the planting season.
 Last year's crops in the area harvested heavier and graded better than most crops during the past four years, with the exception of a few tracts of irrigated land.
 The area, still in the midst of a severe drouth, however, was looking forward to a bigger year when winter rains and snow furnished the best seasoning in several years.
 March winds and sandstorms drew most of the moisture from the earth and now more is needed before planting can be completed.

Rangers Take Ninth Win From McMurry Netmen

Ranger Junior College was an ungracious host this week as they hosted the McMurry College tennis team from Abilene in four straight tennis sets.
 It was the ninth consecutive victory over McMurry this year for the Rangers.
 In singles play, Carl Hall won 6-2, 6-0; Lonnie Wood trimmed his opponent, 6-0, 6-1 and Jack Allen had little more difficulty in winning, 6-2, 6-4.
 Hall and Wood teamed in doubles play to win 6-0, 6-3.
 The victory gave the Rangers 20 victories from 27 matches. McMurry has yet to win a match from the Rangers.
 The Rangers journey to San Angelo Saturday for a crack at the Pioneer Conference crown. The group will be accompanied by R. L. Willis, coach.

R. L. Willis Elevated In Pioneer Loop

R. L. Willis, dean of students at Ranger Junior College, was elected vice-president of the Pioneer Athletic Conference during the officers spring meeting Saturday at Tarleton State College in Stephenville.
 Heine Weir, of Schreiner Institute at Kerrville was chosen president.
 Joe Gabriel, of San Angelo Junior College, was elected secretary - treasurer. Duncan Robinson, of Arlington State College, was picked as publicity director again for the next year.
 Willis, before his elevation to the vice-presidency, served as the group's secretary - treasurer for the past two years.
 Mr. and Mrs. Joe Stephen spent last week-end in Austin visiting their son, J. Stan, at the University of Texas. Mrs. Stephen attended the festivities of the Minerva Club, mothers of the Sigma Alpha Epsilon Fraternity boys, this being her fifth year to attend these meetings. Stan will graduate from Law School in Austin June 2nd. Mrs. Elizabeth Vaught accompanied the Stephens to Austin and visited with her son, Bob, and family. Bob is also a student at the university, majoring in radio and television.

Nobody Hurt, But—

... both cars were smashed! No matter how good a driver you may be, there is no telling when the other fellow is going to smash you up and be responsible for the accident. Continue to be as safe a driver as you know how to be but protect yourself against financial loss with plenty of insurance. We write every kind of insurance you will ever need and some kinds you will never need. Call us today.

EARL BENDER & COMPANY
 Eastland (Insurance since 1924) Texas

CHIROPRACTIC
Services Are Included

People who are employed by companies carrying Workmen's Compensation Insurance are entitled to Chiropractic services, if injured while working.
 This means that any workman injured while on the job can have a Chiropractor if he desires.
 Back injuries are the most common among workmen. In such cases, Chiropractic is definitely the logical means of correction.
