brought death to his first son.

ELY DEFENDS STERLING AND HIGHWAY BODY

> "If Ferguson's charges were true and there was anything wrong in the highway department, Jimmy Allred would be on our backs like a chicken after a June bug," said Judge W. R. Ely to a crowd that filled the 91st district court room to hear him speak Tuesday afternoon in behalf of the candidacy of Ross Sterling for governor.

"I'm not here to defend myself. was appointed by Governor Moody and my term will not expire for about two years yet. I'm not afraid of my job and I'm not afraid of Jim's threats," Ely said.

"I don't think there's a jibbering idiot in Texas who believes that Jim can prove this highway department has gotten away with a dime of the public funds," he con-

"Jimmy Allred is young and ambitious. There is no special bonds of friendship existing between him and any member of the highway commission. Allred is running for office. If there were any grounds for Jim's contention of dishonesty in the highway department, Jimmy Allred would certainly ferret it out and expose it and prosecute us,'

Eastland and various parts of the county had assembled to hear him. After a brief introduction by Forrest Wright of Cisco, Ely launched into his talk.

The Eastland Telegram-Southland Greyhound Lines Vacation Trip contest closed Tuesday evening at exactly 6 o'clock.

Mrs. Bernice Stephen took first place in the count by casting the greatest number of votes. The action in the oil situation that he Mrs. Bernice Stephen took the place in the count by casting the greatest number of votes. The action in the oil situation that he is a friend to the independent pro-

By MARY KNIGHT, PARIS.—Jean Patou weaves or

gandie into the hat of the moment here. Navy blue and white makes one of the most striking combinations and is trimmed in front with a double row of four little circles of white against a band of blue. The shape is sailorish with a tip-tilt toward the stars on the left side back of the ear. It is worn with a dress woven in exactly the same pattern as the hat and trimmed in a lain white organdie collar

Gloves grow more interesting daily with the variety obtainable in fabrics, design, composition of of the hand. Golf gloves that but-ton straight up the back of the hand from the knuckles almost, are becoming still more varied than when they first appeared, for the combinations of colors and the contrast in the material for the inner and outer sides of the hand never allow ingenuity to lag.

The stitching on the hand has begun to be replaced by fine lines of fur for fall and winter. Gaunt-let cuffs with scroll design in corresponding fur are new touches while purses adopt the same me-
