RELIEF WORK SUGGESTIONS ARE RECEIVED

tentative suggestions for im
vements and repairs neede
at the city of Ranger have
received by the reconstru
a finance corporation work r
committee of Ranger, all of
ch have been listed and tak
er advisement and will be d
ed upon at the next meeting
committee, which will be held
first of the week, as soon as
January relief check has been
eived.

Among the suggestions that
have been received and listed are
ing and draining Hill avenue,
riffin road; additional work
the churches and schools of the
which was started in Decem
repairing the street leading to
City-County hospital and re
ring shoulders on the street so
it will not wash away; chat
the cemetery road so that it
be passable in all weather;
ditching the cemetery; ditching
set from the Myers home to the
ff Henry service station as a
d control measure, building a
retaining wall around the
school grounds to prevent
ing; planting trees and shrub
in the cemetery as a beauti
ation project; chatting the alley
between Rusk and Commerce,
of Main street; chatting the
between Rusk and Commerce
of Main street; graving the
that leads by the Hinman and
ontgomery places; ditching work
lans in East Austin street and filling
chokes and grading the
ntry club road.

The cemetery draining project
has been mentioned by a number
of people as one of the important
projects at this time because of
the fact that freshly dug graves
with water so badly that it is
impossible to conduct serv
at the grave of the departed,
draining the cemetery, putting
with tile or native stone
base, the entire cemetery can be
med so that this condition can
be remedied.

The other projects have been
mentioned by those who have been
to co-operate with the commi
tee in finding the most appro
ach projects and all will be
last consideration in order
that the most necessary can be
eeted.

astland Masons
Hold A Meeting

The Eastland Masonic lodge met
Friday night, with 24 present
and all the officers.

A regular business meeting
was conducted by O. L. Duckett,
president. Acknowledgments were
received from the Shrine Hospital
Masonic Home, of the dona
tions sent them by the Eastland
Masons at Christmas.

Plans were made for the
22 program as the lodge is
considering advisability of putting
such a program.
Mr. Vessel, who has recently
returned to Eastland, and is asso
ciated with the Jarecki Manufac
turing company and whose mem
bership is in Merkel, was a visitor.
Adjournment was taken to the
next meeting on Feb. 9.

John D. Gholson
Gives Wheat For
Needy of Ranger

John D. Gholson of Ranger has
donated 100 bushels of wheat,
to the Gholson farm near
Eastland, to the needy families of
Ranger.

As this wheat cannot be used by
families, and as there is still a
quantity of Red Cross flour on
hand for distribution, the wheat
has been purchased by A. J. Rat
cliff, at slightly above the market
price, and the money has been do
nated to the Child Welfare club of
Ranger, where it will go into the
general fund, used for supplying
the needs of some of the families
in this section.

Fights for War Debt Payment

A bitter foe of revival of the war
debt situation is Senator Hiram
Johnson of California, shown
above in his most recent posed
photo. He threatens to call up a
pending bill which would prohibit
the United States from loaning
money to any nation which had de
faulted in war debt payments. His
senate attack was aimed mainly at
France.

BRICK CHURCH TO BE BUILT IN RANGER

Work was begun today on tearing
down the Church of Christ
building in Ranger, preparatory to
building a modern brick structure
on the site, it was announced this
morning by D. W. Nichol, pastor of
the church.

As soon as the work of tearing
down the old church is finished the
construction of the new building
will be begun. With good working
weather it is anticipated that the
occupancy within 45 to 50 work
ing days.

The new building, which will be
erected on the corner of Mesquite
and Rusk streets, where the old
church now stands, will be a brick
structure throughout, the building
being 40 by 74 feet, with a sub
story beneath the main auditor
ium. This sub-story will not be a
basement, but will be only slight
ly lower than the street level and
the lot will be terraced up around
the church building.

The main auditorium will have
a seating capacity of 457, with
provisions made for a balcony that
will seat another 150, which can
be added later if the demand
arises.

Six classrooms will be completed
for the Sunday school department,
with additional space available for
10 other classrooms in the future
if they are needed.

A minister's study, mothers
room, rest rooms, raised ballroom,
partly constructed of glass, a work
room 14 by 40 feet, to be used by
the ladies of the church for their
work from time to time in sewing,
canning and for other purposes
and a complete heating system will
complete the details of the new
structure.

The church building will be modern
in every respect and will be
one of the most convenient as
well as one of the prettiest churches
in Ranger when completed.

At first it was decided to build
a brick veneer building, but later
it was found that a brick building
could be built at very little addi
tional cost so the final plans were
made accordingly.

Contrary to the usual building
practice, the whole-hearted coopera
tion of the entire membership has
made it possible for the church to
be built at this time, without a
cent of debt to be made up in
later years by the members of the
congregation.

RFC CHECK FOR JANUARY IS NOW READY

By United Press.
FORT WORTH, Jan. 13.—Eight
of 40 counties scheduled to re
ceive R. F. C. relief loans from
the West Texas Chamber of Com
merce, had entered their claims by
noon.

Checks will be turned over to
counties throughout the day. One
third of the \$753,709 allotted to
West Texas will be given out to
day, according to Manager D. A.
Bandeau.

The largest check given this
morning was to J. E. Spencer of
Eastland county for \$32,000.

The Ranger work relief com
mittee, composed of W. D. Conway,
A. J. Ratliff, Roy Gilbreath and
W. C. Hickey left this morning for
Fort Worth to attend a conference
called by D. A. Bandeau, secretary
of the West Texas Chamber of
Commerce and to receive the Jan
uary checks for Ranger work.

Which is being supplied by the re
construction finance corporation.
The call for the conference was
urged as many of the committe
men as possible attend the confer
ence in order that they might be
told the details in connection with
the distribution of the work. Mr.
Bandeau has just returned from
Washington, where he received in
structions from the reconstruction
finance corporation and will pass
these instructions along to the
various local committees.

W. C. Hickey, secretary of the
Ranger work committee, stated
before leaving for Fort Worth that
the committee expected to have
names posted on the window of
the Chamber of Commerce by
Monday for those who are to re
port for work on Tuesday morn
ing, when it is expected that the
work will be resumed.

It was mentioned by the com
mittee secretary that there were
about 400 men who had worked
from two to four days, and that
these names had been listed and
would be the first to be placed on
the list. Due to the nature of some
of the work done during December
it was necessary to give some men
more work than others, because
the men were particularly fitted
for the work being done, but that
they would not be called on in
January until those who have re
ceived less work had been taken
care of and the entire list equal
ized so that all have received
about the same amount of work
and the list brought up to date
so that every man has secured
as much work as the others on the
list, size of families and number
of dependents considered.

As soon as the list has been
equalized in this manner work will
be allotted in such a way as to se
cure equal work for all on the list,
as nearly as this is possible.

Collier Bill Is Re-Written By the Senate Committee

By United Press.
WASHINGTON, Jan. 13.—A
senate judiciary sub-committee to
day rewrote the house beer bill
and substituted for it an amend
ment of the Volstead act to legal
ize 3.05 per cent beer, ale, porter
and wine.

The new alcoholic content ap
proved by the senate group slight
ly reduces the standard of the 3.2
per cent fixed by the house in the
Collier bill.

It was explained that as the
house bill was drawn it stated as
a fact that 3.2 percent beer was
not intoxicating. Under such a
law a court merely would be re
quired to find to the contrary to
make the law unconstitutional.

Hoover Vetoes Philippine Bill

By United Press.
WASHINGTON, Jan. 13.—The
House voted this afternoon to
override President Hoover's veto
of the Philippine independence
bill. The vote was 274 to 94.

Explains Fighting in North China

The Japanese explanation of the
present fighting between Japanese
and Chinese forces in North China
was given to Secretary of State
Stimson by Japanese Ambassador
Katsuji Debuchi, who is shown
above in the state department after
the conference.

Two persons were injured seri
ously and between 25 and 30 oth
ers were bruised when "The Texan,"
west-bound Texas & Pacific pas
senger train from St. Louis, de
railed two miles west of here be
fore dawn today.

The most seriously injured
were:
Mrs. Alexander H. Robinson of
St. Louis;
Harry Silverman of New York
city.

Gladewater physicians, nurses
and ambulance crews were dis
patched to the scene of the wreck
and aided the injured, who were
placed aboard another train to
continue their trip westward.

Seven cars left the rails at an
isolated point between two sta
tions. Two of the coaches rolled
over. The others were resting on
their sides.

Passengers escaped through car
windows. The dining car struck
the signal blocks as it careened off
the rails, slicing off its end and
splitting the car. The train crew
removed the injured and carried
them to the right-of-way, where
fires were built to keep them
warm.

By United Press.
FORT WORTH, Jan. 13.—A
sudden cold wave that caused a
rail to crack was blamed today by
Texas & Pacific railway officials
here for derailment of "The Tex
an" near Gladewater.

A brief visit of winter early to
day brought freezing temperatures
to Texas as far south as Austin
and Del Rio. Amarillo reported
28 degrees for the lowest tem
perature in the state. El Paso and
Abilene each had 30-degree weath
er.

To Inspect Sites For Eastland's New Post Office

Postmaster A. H. Johnson of
Eastland has received word that
a postal inspector will be in East
land on Tuesday, January 17 for
the purpose of inspecting the sites
submitted for the new post office
building.

The inspector will arrive in
Eastland sometime Tuesday and
will visit each of the sites sugges
ted and will make his recommenda
tion to the department, based on
his inspections.

CLOTHING FOR NEEDY TO BE DISTRIBUTED

Red Cross clothing, made from
federal farm board cotton, has
been received in Eastland county
and is being distributed among
the needy of Eastland and Ranger.

The amount of clothing allotted
to Ranger includes 6 1/2 dozen suits
of children's underwear, 4 1/2 dozen
boys' union suits, 14 dozen men's
union suits, 13 dozen pairs women's
bloomers, 2 1/2 dozen women's
union suits, 7 1/2 dozen men's high
back overalls, two dozen men's
jumpers, two dozen boys' overalls,
2 1/2 dozen boys' knickers, 1 1/2 doz
en young men's corduroy trousers,
11 1/2 dozen men's work socks, 11
dozen men's black hose, 23 1/2
dozen women's hose and 16 dozen
children's hose.

As this amount will take care
of only about 100 to 150 families,
it was pointed out that those who
who had not received aid in the
way of Red Cross cotton goods and
Child Welfare clothing would be
given first consideration in the dis
tribution would be limited to those
who had not received any previous
aid, except in rare cases.

Those who wish to receive some
of this clothing should apply to
the Ranger Chamber of Commerce,
where a requisition will be signed
in bank. The requisition will then
be taken to the Red Cross head
quarters, which will be under the
supervision of Mrs. W. D. Conway
and Mrs. H. C. Anderson, who will
question the applicant and deter
mine the amount of clothing he is
to receive. Requisitions will be
filled at the Red Cross headquar
ters from 9 o'clock Saturday morn
ing until 5 o'clock that afternoon.

As there were approximately
500 people who received cloth
and flour it will be impossible to make
the ready-made garments cover the
needs of all these families and only
the most deserving and those who
have not received aid in any other
form can be accommodated, it was
pointed out today and the two
ladies in charge of the distribution
will do all in their power to see
that as many families as possible
are provided with clothing.

Texan Would Do Away With Most Of Texas Courts

By United Press.
AUSTIN, Jan. 13.—House mem
bers of the 43rd legislature today
decided to employ two attorneys
for the first 30 days of their ses
sion to assist in drafting bills.

While the pay of members will
be still as undecided, the senate,
which had voted \$8 a day, turned
down a proposal from the house
that senators get \$8 and house
members \$10.

Ten dollars all around seems
likely.
Economy plans for state gov
ernment began to take definite
shape today when Rep. T. H. Mc
Gregor presented a proposal to
abolish the 11 courts of appeals
and the 125 district courts of the
state, at the same time making
the supreme court one of nine
members and the court of criminal
appeals one of five members. Now
they have three members each
with commissions to assist them,
McGregor estimated the re-ar
rangement will cut court expense
\$1,700,000 a year.

McGregor proposed also the
repeal of the automobile liability
law. He declared non-enforcement
makes it valueless and that it cost
automobile owners \$300,000 a
year.

Reduction of the state poll tax
from \$1.50 to \$1 was another re
form measure offered.

"UNLOADED" GUN VICTIM

ing "Indian."

Forty-Third Legislature Of Texas Furnishes Cross Section Of State More Than Exer Before

By GORDON K. SHEARER,
United Press Staff Correspondent.
AUSTIN.—Membership of the
43rd legislature furnishes a cross
section of the state, perhaps more
nearly complete than ever before.

As usual lawyers predominate.
There are 66 in the house and in
the senate 20 of the 31 members
are lawyers.

Mrs. Ruth Snow Phinney of Dal
las, for many years chief clerk of
the house of representatives, has
compiled a list giving occupations
of members.

Farmers come next to the law
yers numerically. A farm bloc of
24, composed only of those with
farming as their chief vocation
could be assembled in the house.
Two of the senators include farm
ing with other occupations.

George C. Hester, professor of
government at Southwestern uni
versity, Georgetown, and writer of
government topics, is a member of
the house which has also 11 teach
ers on the roll. Senator Julian
Greer of Elkhart is a teacher by
profession.

House membership includes 10
merchants; six students, five of
them taking law; five insurance
men; four real estate men; four
salesmen; three editors and pub
lishers; three oil men; three drugg
ists; two ranchmen; two bankers;
two ministers; a printer; a musi
cian; a medic dealer; a dentist;
a lease broker; an abstractor; an
advertising man; a decorator; a fu
neral director; a railroad engineer;
and two men who have retired from
business.

Besides the 20 lawyers and a
teacher, two senators list farming
and three "business" as their vo
cations. Other members give their
vocations as: physician, cattle and
loans, cotton buyer, banker, edit
or and publisher, and life insur
ance.

Several members list more than
one vocation so the totals are
seemingly at variance with the to
tal membership.

Rep. O. F. Chastain of Eastland
offers one of the double business
announcers. He lists no occupa
tion. Blanks are left also for Ben
Cathey of Quitman and E. B. Bar
rett of Leonard.

There are but two women legis
lators. One is Representative
Sarah T. Hughes of Dallas and the
other Senator Margie Neal of
Carthage.

Other statistics disclosed by
Chief Clerk Finney's compilation
show Frank C. Weinert of Seguin
is the oldest house member. He
and Representative T. H. Mc
Gregor have both served in the
state senate, reversing the rule by
which House members frequently
go to the senate.

R. B. Anderson of Godley and
Dewey Cowley of Hillsboro will
have to compare birth months to
determine who is the baby member
of the house. Each is 22. Ander
son is a lawyer and Cowley a stu
dent.

GIRL SLAIN IN PARK TRYST

Jealousy was considered a possible
motive for the slaying of Rose Mc

had gone there to meet Dennis
Boyle, who was found in a semi
conscious condition from a beat
ing about an hour after the girl's

GOOD CROWD IS PRESENT AT CONNELLEE

A banquet honoring the East
land Mavericks of 1932 and 33
was held on the roof garden of
the Connellee hotel last night
when about 40 of the professional
and business men of Eastland
gathered there to entertain the
football squad. Arrangements for
the banquet had been made by Dr.
C. H. Carter, Sid Pitzer and
others. One calf and two goats
had been barbecued and this form
ed the basis of the splendid feed
served to the 70 men and boys
present.

A quartet composed of John
Knox, A. E. Herring, M. L. Keas

with songs as the crowd was gather

Short addresses of appreciation

Babe Banishes Weight In Preparing For Busy Year Of Home Run Smashing

Pilot Plans a 50,000-Mile Trip

SPRINGFIELD, Ill.—A 50,000 mile trip around the world by air in 600 flying hours is the plan of Walter Kertz Beetle, Jr., aviator. Beetle, whose plane now is being built, plans to take off from Clear Lake, near here, on Feb. 12, that day being the birthday of Abraham Lincoln, whose body is entombed here. Beetle will call his plane the "City of Springfield—Home of Abraham Lincoln."

Fifty-one countries will be visited by Beetle, who says he will fly the 600 hours in 90 days. He has figured he will travel 51,710 miles.

Beetle, who is 27, has been flying since 1922. He has put in 700 flying hours and was formerly connected with the United States Department of Commerce and War Department as a plane tester.

His longest flight to date, he said, was from Battle Pass, Mich., to Flagstaff, Ariz., where he "cracked up" en route to Los Angeles, Cal. He was born in Haddon Heights, N. J.

Beetle said he expected to make his first stop at Memphis, Tenn., a distance of 350 miles from more than 200 cities.

After Memphis he will proceed to New Orleans, La., and Brownsville, Tex., in that order.

The first country he will visit will be Mexico, where he will make a landing at Vera Cruz.

He then plans to fly to Guatemala City, after which he will go to San Jose, Costa Rica.

Countries which he will visit are Panama, Colombia, Venezuela, the British and French Guineas, Africa, Spain, France, England, Russia, Poland, Germany, Netherlands, Greece, Bulgaria, India and Australia. He plans to return to Springfield by way of southwest.

He expects to finance the trip through the sale of postal cards, which he will mail on his tour. He hopes to sell 1,200 of these cards for a dollar each.

Some men complain they can't tell what a woman driver intends to do when she holds out her hand. But more men protest they don't know what she's going to do whether she holds out her hand or not.

Kellogg Products Demonstration To Be Held In Ranger

A special demonstration of Kellogg products, particularly Kellogg's Whole Wheat Flakes, is to be conducted at the "M" System Grocery in Ranger on Saturday of this week.

While the factory representative is in charge of the demonstration a special sale is also to be conducted, at which time two packages will be sold at a bargain price and one free package donated to each purchase of the product.

This special is being offered the public in addition to the regular weekly specials on staple items offered by the "M" System.

Texas Electric Has Special Offers On Electrical Goods

The Texas Electric Service company, with offices in Eastland and Ranger, is making a special offer on General Electric lamp bulbs for a short time and at the same time is offering the people electric ranges, electric food mixers and other electrical appliances at prices much cheaper than the same items bought a while back.

Earl Woody, manager of the Eastland office and A. N. Larson, manager of the Ranger office, will be glad to demonstrate to prospective customers these and many other electric labor saving devices the company has for the convenience of electric consumers.

Weekly Sunday School Lesson

JESUS AT WORK

Text: Mark 1:21-35.
International Uniform Sunday School Lesson for Jan. 15.

WM. E. GILROY, D. D., of the Congregationalist community of well established churches, with priests and official holders of responsible positions, and many of them trained in the task, someone in the community, outside of this official and on his own responsibility, should suddenly come forth as a teacher of religion, speaking in his own way and with much regard for the constitutional authorities of ordinary and national standards? Should we think it somewhat strange, and we should probably of the newcomer with at least a measure of questioning. If he had to have some specific truth to offer, if there was something in his personality or methods that impressed us with his sincerity and earnest and unselfish character, should we probably listen to him with open minds and make some use of his teaching.

When he would teach the people concerning the fatherhood of God he met them on the ground of human fatherhood, and pointed out to them that if there was any good thing in themselves they could be sure that it was in God only to a greater and supreme degree. So it was that he brought such matters as mercy and forgiveness right into the realm of human thought and human relationships.

In his very illustrations he met the people upon their own ground. He chose his object lessons from the lilies of the field, from land, and sea, and sky, and from daily occupations and questions—the fisherman, the merchant seeking goodly pearls, the housewife sweeping her house and hunting for the silver that she had lost, and a hundred and one other incidents close to the lives and experiences of the people.

His power and influence were manifest in physical transformations, such as have usually accompanied remarkable spiritual manifestations—the healing of the sick, the strengthening and blessing of the weak. And all this only helping to emphasize the strange power of this man who had arisen among men. As they marveled at his teaching, they marveled no less at his wonderful works.

Fireman Calls On Firemen For Help

By United Press.
COLORADO SPRINGS, Colo.—Fireman, call a fireman!
The fireman on a Denver & Rio Grande Western railroad switch engine took one look at his engine and did just that. The engine was on fire.
The fire department rushed to the scene, but got the fire under control only after it had burned all the woodwork out of the engine cab.

A BIBLE THOUGHT FOR TODAY

A CONSTANT PRAYER: Withhold not thou thy tender mercies from me, O Lord: let thy loving kindness and thy truth continually preserve me. —Psalm 40: 11.

BANK SUSPENSIONS FOR A DEAD YEAR

Another cheerful little earful. Just pass it along. The American Banker magazine reports a sharp decrease in 1932 bank suspensions compared with 1931. Indeed, the year's suspensions were 38 per cent less in number and 58 per cent less in volume of deposits affected. Comparisons are certainly astounding. This American world of ours had 10,000 bank failures in a very limited number of years. Great Britain, speaking of England and the isles, had two bank failures. Canada had one. President Hoover's message to the lame duck congress called for banking regulation of the drastic type and laws which would protect the depositors who are the thrifty as well as the little cobblers of humanity responsible for the bedrock security of social order. It was a very wise and timely recommendation on the part of the outgoing president. There is legislation on the way of the protective sort. If John Bull, speaking through his lawmakers and his leaders, is able to establish a record of sound banking under laws of a protective nature, then why not those who speak the tongue of the English speaking family on this side of the Atlantic. If Canadian lawmakers and leaders of public thought, as well as guardians of finance, are able to make the record the Canadian bankers have made, why not the leaders and lawmakers of and in this great republic?

SECRETARY CHAPIN AS AN OPTIMIST

Secretary Chapin of the federal commerce department reads in the heavens signs of encouragement in the economic situation during the new year. After surveying the surface of the earth as well as the skies, he returns the verdict "the country is better equipped for building up the earning and buying power of the domestic market. "Farthermore," there is a heartening factor in the existence of tremendous latent or potential demand for commodities." All of which is a reminder that there is a great deal of industrial equipment obsolete and must be replaced, while stocks of goods in retail stores and in hands of consumers have been reduced to very low levels. His prophecy: "This condition cannot continue indefinitely. Buying power will have to increase. Hysterical, panicky pessimism, wherever it may have existed among our people, has been replaced by the more American attitude and the dominant mood today is vastly calmer and more rational. Quiet determination rules." Make the right start. Take the advice of the early pioneers, "Trust in the Lord but hustle like the devil." Pioneers were compelled to hustle. Their immediate wants were few but their courage and pluck and frugality and vision led to the building of empires and in time the greatest republic ever created by the minds and the hands of conquerors of the wilderness.

TOM BLANTON AND HIS PROPHECY

Rep. Thomas Lynn Blanton of Texas advised his congressional colleagues to whisper in the ear of President-elect Roosevelt that there is no necessity whatever for a special session; that it would be detrimental to the interests of the people of the United States; that the people don't want to be put to the unnecessary expense; and lastly, that it was "an expensive special legislature that destroyed the Hoover administration." If the lame ducks, and Blanton is not a lame duck, fail to enact relief legislation, then a special session will be necessary regardless of cost. In addition to all this the Texans is in error. The policies of the engineer president administration defeated and destroyed the Hoover house of sand and not the cost of the special session as indicated by the gentleman from the "Abilene country."

THAT no matter what your wants may be, you can find merchandise in your own home city that will fully meet your every requirement. Buy at home! Your business men are live and up-to-date. Their stores are fully stocked with up-to-the-minute, seasonable merchandise of quality and at prices that can't be beat. Buy at home! You want to see what you are buying when you pay for the money. Buy at home! The merchants of your city value their reputations. Buy at home! It would be impossible for them to maintain their reputations of high grade merchandise at reasonable prices without actually delivering the goods. Buy at home! They have the good-will and confidence of the majority of the citizens of the home city. Every one should buy from local merchants. Buy at home!

Bombing, Killings Bring Troops to Mine Area

Vilence that has cost two lives, listed 14 wounded, and brought National Guard troops to the Taylorville, Ill., mine area, was heightened by bombing of the home of John Corbo, union miner. Wreckage of the Corbo home is shown above. The family, who were in the home at the time, narrowly escaped injury. Snipers' shots killed a woman and a man before Illinois troops reached the area.

Noted Visitor in Eastland.

Mrs. May Hatcher James of Dallas, president Rebekah assembly of Texas, and a recent visitor at the Connellee hotel, arrived in Eastland Tuesday afternoon and through a meeting of the Eastland Rebekah lodge, called by the noble grand, held a school of instruction in I. O. O. F. hall Wednesday night, which was attended by 18 members representing Progressive Lodge No. 244 of Ranger, and Ranger Lodge No. 140, and 12 members of the Eastland lodge.

The assembly degree was conferred on all past noble grand officers of the Eastland and Ranger lodges, 18 in all receiving this degree.

Mrs. James was the luncheon guest of the Eastland lodge deputy, Mrs. Cossie Pearson, on Wednesday. Thursday night, the noted visitor, accompanied by Mrs. W. C. Marlow, warden, and Mrs. Blanche Nicols, noble grand, of the Eastland lodge, visited the Cisco lodge, where an important session was held.

At close of the called meeting, held in the I. O. O. F. hall in Eastland, refreshments were served of sandwiches, pickles, potato flakes, coffee and cocoa.

The local meeting announced for Thursday night was cancelled, in order that the members might attend the meeting held in Cisco.

Officers Home Makers Class Make Many Plans.

The recent meeting of the officers of the Home Makers class of the Baptist church planned several important matters, many of which will be submitted to the Home Makers class Sunday school meeting for confirmation or approval.

The session was conducted by Mrs. W. T. Morgan, first vice president, in the absence of their president, Mrs. L. V. Simmonds.

Group captains presented reports of attendance at the Sunday morning Sunday school class meeting. These showed a recovery of the sick and a good attendance of members.

Plans for interesting prospective members were discussed and special arrangements made for the class social, the first since before the holidays, to be held at a home to be announced later, but set for Tuesday, Jan. 24.

Mrs. S. D. Phillips was named general chairman for the social.

There was almost a full attendance of officers, who voted to hereafter hold the officers' cabinet meeting, once each month and set for the first Tuesday, at 2 p. m.

Officers present, Mrs. W. T. Morgan, first vice president; Mrs. Artie Liles, second vice president; Mrs. Claud Maynard, third vice president; Mrs. C. T. Jones, secretary; Mrs. S. D. Phillips, group captain; Mrs. Robert Webb, group captain 2; Mrs. H. A. Condey, group captain 3; Mrs. Morgan Myers, home department

motif, went to Mrs. C. T. Lucas.

At 5 o'clock the hostess resurfaced the tables with cross-stitch embroidered luncheon cloths, for the tea plate of tuna fish salad in pimento cups, toasted wafers; and second course of fruit cake with whipped cream topping and coffee.

From now on the club will swing into regular meetings and Mrs. Eubanks was announced as hostess to the club on Thursday afternoon, Jan. 19, at her residence.

Those present, Mmes. J. A. Stover, M. C. Myers, Valsen Jones, Claud Maynard, C. T. Lucas, D. S. Eubanks, J. D. Blankenship, and D. E. Carter, hostess.

SILVER-HOOFED DEER SLAIN

HARRISBURG, Pa.—A buck deer with a "silver hoof" was killed during the Pennsylvania hunting season. The State Game commission investigated the kill made in McKean county. It was learned the top of an aluminum thermos bottle had become imbedded in the buck's foot.

12 Great leader in 18th century

An enterprising Kansas editor invites his readers to use his advertising columns to publish "obituaries" of townsmen who still are alive and kicking "so that they can see all the good things that are said about them before they are dead." What a jolt for truth in advertising.

hence a Milder Cigarette

"WHEN I work hard, I usually smoke more; and when I smoke more, I usually work harder—and that's why I want a cigarette that's milder."

We use in Chesterfield Cigarettes mild, ripe Domestic and Turkish tobaccos which have been aged and re-aged

These good tobaccos in Chesterfield are used in the right proportions—that's a very important matter.

These good tobaccos in Chesterfield are blended and cross-blended—welded together; that, too, helps to make a milder cigarette with better taste.

New Era Club Art Exhibit Lends Color To Week's Social Calendar.

A colorful panorama of artists' splendor was realistically presented Thursday afternoon from 3 until 5 o'clock in the attractive home of Mrs. O. E. Samms, when the New Era Club, of the sixth district entertained with a select and

lovely art exhibit for the special entertainment of club members and friends, art lovers and other honorary guests, composing a calling personnel of some fifty guests during the delightful afternoon.

The group of twenty paintings were effectively arranged about the living-room, dining-room and bedroom of the Samms home. The color hues of the array of scenes were brought out to a degree of perfection through lighted rays afforded by softly colored bulbs.

Guests were requested to list first, second and third choice of the paintings, when assembled formed the following personal

Missing Girl

Elizabeth Dubois, 19-year-old society girl of Worcester, Mass., became the object of a widespread search when she, with another girl and two college students, disappeared after attending a dance.

opinions. Greatest number of first choices was that of the "Water Holes" on Prairie Ranch, in the Davis Mountains, painted by Louise Wood Teel, of El Paso.

Second, "Morning Mist," painted by Mrs. A. M. Carpenter, of Abilene, dean of Women at Simmons University.

Third, "Texas Blue Bonnets," a pretty production made by Emaleta Newton Masur, also of Abilene.

The beauty of the dining-room was further accentuated through the dining table's appointments laid with red satin and lace. The center piece was fashioned from a graceful cluster of red carnations, entwined with runners of lily fern. Tea was poured from this table by Mrs. C. G. King, whose brunett loveliness was enhanced through a beautiful model of red crepe, cut in the new lines for Spring, which transform models into those for afternoon and evening wear.

The function is declared to be one of the most perfect happenings to have been given this season and made decidedly pleasant through the hospitality of the popular hostess.

Sunday School Class Entertained at Hicks' Home.

Mrs. F. D. Hicks and daughter, Miss Louise Davis, entertained the Queen Esther Class of Central Baptist church Thursday evening at their home on Mesquite street. A number of games filled the well-planned evening under the direction of Miss Davis and Miss Maline Goldberg. Special music was rendered by Miss Elta Marie Choate. Closing this enjoyable affair, a plate of sandwiches, potato chips, olives, cake and hot chocolate were served to the 45 members and guests by the hostess and co-hostess, who are also teachers of this active class of girls.

Ivy Leaf Study Club Elects Officers.

The Ivy Leaf Study Club met in an all-day meeting at the Masonic Hall Thursday. A beautifully appointed luncheon was enjoyed during the noon hour, after which there was a business session. The following officers were elected for the coming year: Mrs. A. J. Bartrug, president; Mrs. V. G. T. Williams, vice president; Mrs. R. J. Taylor, secretary; Mrs. F. D. Hicks, reporter.

National Thrift Week Observed At Study Association.

National Thrift Week has proven a great advantage, and has been well observed at all study associations this week. Thursday afternoon members of Child study association No. 2 met with Mrs. Saule Perlestein at her home, 717 Cypress street. "Character and Education," was discussed from a well prepared paper, read by Mrs. Elmer Rogers, followed with a paper on the outstanding topic, "Thrift," by Mrs. C. A. Hummel.

The program of study was drawn to a close when Mrs. W. R. Avant gave the subject taken from the assignment "Safety in the Home." During the business session plans for the district conference to be held the first week in April were discussed. It was agreed by the members that their quota of the expenses would be satisfactorily taken care of from the present plans outlined.

The hostess served a delicious refreshment plate at tea time. After adjournment of the meeting members motored in a body to the home of Mrs. O. E. Samms, where the New Era Club was entertaining with a colorful art exhibit enjoyed by some fifty guests during the open house hours.

Association members enjoying the afternoon of study and visit were Mmes. Odell Cole, Onis Littlefield, Max Orr, C. A. Hummel, W. R. Avant, Elmer Rogers, J. E. Jacobs and Saule Perlestein.

Dance Offers Entertainment For Friday 13th.

Clayton Hunt and his Greater 8-piece orchestra, have found that Friday, 13th does not prove in keeping with the old superstition, so they are playing for a dance to be given at the American Legion

Pioneer Citizen of Ranger Dies Today

Mrs. T. R. Colburn, 78, a pioneer citizen of Ranger, died at her home on Pershing street this morning at 11:30. Funeral arrangements had not been completed today, but it was stated that she would be buried in Merriam cemetery Saturday afternoon.

The deceased had lived in Ranger for many years and was well known among the old residents. She is survived by three children, Tom Colburn of Gladewater, Wilie Colburn of Ranger and Mrs. Oma Vaden; three brothers, J. Clark, Joe Clark and Jim Clark; one sister, Mrs. F. J. Pone; seven grandchildren and four great-grandchildren.

Divorce Seekers Are 'Going Reno'

RENO, Nev.—Divorce seekers here who devote their waking hours to speakeasies and gambling halls are said to have "gone Reno" by local residents. And, strangely enough, being labeled as "going Reno" by a native is anything but flattering. Nevertheless, many prominent persons from eastern states "go Reno" with a bang for which bar-men are thankful, regardless of the town's general viewpoint.

Two Passenger Trains Collide

KNOXVILLE, Iowa, Jan. 13.—Two passenger trains collided head-on and burst into flames on a trestle near here late last night. Five persons were killed and 28 injured. The body of the fifth victim was taken from the burned wreckage today.
