

Eastland Echoes

By Casey

THOUGHT FOR TODAY: "Never rise to speak until you have something to say." — (Witherspoon).

Now that we've sold our newspaper property, here's the question the Caseys receive pretty often these days: "What are you going to do?" ... And it's a good question. Frankly, as of right now, we're not sure. If there's a business opportunity we might "luck into" here in Eastland — one in which we could earn a good living — we'd be pleased to remain right in this fair and friendly city. Doubtless just about everyone knows we love Eastland and its people. It's a great little town. Its people have been mighty fine to us in every way and we'll always cherish this cordial and encouraging treatment. God bless you.

KID STORY: A teacher had been giving her class a description of different kinds of railroad cars and she paused to ask if any one knew what cars that carried cattle were called. A moment of silence, and one of the youngsters came up with, "I know, they are Cattlecars!" — L&N Magazine

SCIUROID RODENT—Stop looking, Woody. That's the nicest thing you're going to be called after what happened on Groundhog Day. You saw your shadow and that means six more weeks of winter, according to legend. You're also known as "hardvark," "groundhog" and "woodchuck." Don't look 'em up. The dictionary is upside-down.

New Edition of Hwy. Travel Map Now Available

The new 1956 edition of the Official Highway Travel Map is now available. D. C. Greer, State Highway Engineer, announced in Austin today.

The map has many new features and contains a wealth of information on Texas, Greer said. Most of the topographical relief was removed from the map last year so that more essential information can be read easily and quickly. The growth of the Texas Highway System at the rate of about 3,000 miles a year has made it necessary to gradually remove some of the less important information to make room for the increased mileage, he said.

In addition to the highways and the mileages between various points, the Travel Map shows state parks with recreational facilities, historical state parks, roadside parks, altitudes, and the Highway Travel Information Bureaus. The pictorial side of the map features scenes of general interest both to Texans and out-of-state tourists with every section of the state represented.

The Austin office of the Highway Department, the 25 district offices, and the seven Travel Information Bureaus near the state's borders all have maps available for distribution. Special map cards for requesting a map may be obtained at the tax collector's office when license plates are purchased.

HEFTY CATCH — Fishermen Johnny Rogers of Olney and Laurice Martin of Plum, engaged in highway work in this section, recently caught the whopper they're shown with above. It's a 10-pound yellow cat they took from the Power Plant Lake on the Leon River, whence they yanked a 38-pounder back in January.

"Fathers" Needed For Father-Son Banquet Friday

The First Methodist Church has the names and addresses of about 15 boys that want to go to the annual Father-Son Banquet at 7 p.m. Friday at the church.

Men who will take these boys are asked to phone Ed Willman at No. 984-J. If no one contacts the boys, they are asked to be at the church at 7 o'clock and the committee will see that they have "fathers."

MOMENT IN TIME—Momentous fly-past by British Gloster Meteor F.R.-9 jets fails to disturb the monumental calm of Egypt's ages-old pyramids. Jets' fleeting shadow across the timeless desert marks the departure of Britain's last operational jet squadron to leave Egypt under terms of the Anglo-Egyptian Suez Canal Zone Bases Agreement. Squadron is now based at Malta.

Eastland's rip-roaring Lions, incensed at reports that Eastland Rotarians had been taking a lap around Lake Leon each morning before breakfast in training for the up-coming Lions-Rotary basketball game to be held on Thursday night, April 5, this week decided to do something about it.

A number of the older Lions who were considered to be in the worst physical condition, took off Sunday morning behind Coach Carroll Shelton and dog-trotted to Possum Kingdom and back before Sunday School.

Shelton said he was well satisfied with the work of the older element in the club. All of the younger Lions have been ready to go from the start and have gone through only light training such as cutting cordwood for next winter.

Word from the rocking chair Rotarians is to the effect that they expect complete victory in the contest and will depend so much on strength and brawn as upon stealth and cunning. They are said to be re-writing the rules of basketball to allow them to play a new version of the game, and that they have a number of secret plays up their sleeves.

The game is being sponsored by the Beta Sigma Phi fraternity in a fund raising campaign for the Little League Baseball Association.

Fiddling Champ Is To Entertain Lions Next Tues.

Bryant Houston of Eastland, who is rapidly becoming known as one of the outstanding country fiddle players of the Nation, will entertain members of the Lions Club at their weekly meeting next Tuesday.

Houston is entered in a nationwide Fiddlers Contest to be held at Truth or Consequences, N.M. during the Ralph Edwards Fiesta April 6-8, and which will be broadcast over nationwide television and radio hoop-ups.

Houston said his appearance before the Lions Club would be a sort of warm-up for the New Mexico event, and he will play some of the tunes he expects to use in the competition.

Houston will be accompanied here by his nephew, San Houston, who plays guitar, and by his niece, Christine Houston, who sings. There will also be several other musicians on his Lions program.

Throng Expected For Singing Convention In Eastland April 8th

"We're expecting a great throng to turn out for the Eastland County Singing Convention here in Eastland Sunday, April 8," said Judge Jim Boggs, general chairman of the convention arrangements, today.

He explained: "You see, there's always a big crowd. But this year, we've dated the occasion on a day that will not conflict with Easter; being held on Easter last year resulted in some folks not being present, as they attended the churches of their choice on that special religious occasion."

Committee chairmen are busy arranging the various phases of the convention.

Henry Carter of Okra, president of the convention association, said: "Everyone should understand that a cordial invitation to attend this great singing occasion is extended to all."

County Dairy Farmer Given Bull As Prize

Grand prize of a registered Holstein bull was awarded recently to Marston Surles, Cisco dairyman, as top producer of the area in a contest sponsored by an Abilene milk plant.

The bull, from the Texas A&M College herd, was delivered to Surles' farm west of Cisco by John Jenkins, field man of the milk company.

Surles' score, determined on the basis of the quality of milk, flavor, bacteria count, temperature and other factors figured in grading both by the health department and the receiving plant, was 570 out of a possible 600 for the six months that records were kept on the producers' work. He was the only dairyman in the contest who maintained a score of 90 or more for every month of the contest.

Mr. and Mrs. Sid Arther, Jr., have announced the opening of their new business establishment, Hillcrest Food Market, on Highway 80 West, near the "Y." The new store will be open for business Saturday, although it will not have its formal opening until sometime in April, according to the owners.

Hillcrest Food Market will handle a complete line of groceries, meats and dairy products, and will be open nights, Sundays and holidays. It is in a brand new building with new fixtures, and has provided a big drive-in parking lot.

Dedication of Nimrod Club's New Home Held

The Nimrod Neighbors Progressive Club has accomplished more in one year than its leaders hoped to do in five years, according to speakers at the open house and dedication of their new community center club house. A capacity crowd turned out for the event.

County Agent J. M. Cooper, as the program speaker, told Nimrod residents they had all of the requirements for a progressive community. He praised their spirit of cooperation and pointed to the results of the renewed interest in home improvements as evidence of the club's value.

"Unselfish people who have a love for their fellow man are those who accomplish most in community programs," Mr. Cooper said.

"Freedom from jealousy, envy and greed are the three 'musts' for a community of people to accomplish great things," he said. "Nimrod has demonstrated that it has these things."

He listed cooperativeness, good leadership and willingness to accept responsibility as prime necessities in community building. The new club house is only one of Nimrod's accomplishments during the past year, Mr. Cooper pointed out.

The Rev. Charlie Myrick of the Nimrod Baptist Church gave the prayer of dedication. President Bill Pope of the Nimrod club served as master of ceremonies. Several visitors spoke briefly.

Scientist Speaker On Stocking Fish Ponds For Sabanna Session

Leonard Lamb, aquatic biologist, of the State Fish and Game Commission, was the principal speaker at a meeting of the Sabanna Valley Game Preserve Association at the Center Point School House.

Mr. Lamb was introduced by County Agent J. M. Cooper, who is an honorary member of the association, as is also Game Warden M. S. Dry, another interested person in attendance.

The stocking and management of farm fish ponds was the subject of Mr. Lamb's talk, which was instructive as to procedure. It was pointed out that farm ponds, when properly managed, can be a valuable source of food supply as well as a provider of fine recreation.

Evidence of interest in members have in fish farming was shown by the numerous questions asked of Mr. Lamb, at the close of his address. To most of the questions, Mr. Lamb gave direct answers, but frankly admitted that some of the questions pertaining to fish propagation and culture are those for which scientists are still seeking the answers.

The annual Quarterback Club membership drive is still making rapid progress under direction of Hubert Westfall, and indications are that the new 1956 membership will far exceed that of 1955.

Some twenty or twenty-five workers are still making solicitations, and Westfall said they hoped to wind things up by next Monday.

"If we miss seeing anybody it is certainly not done intentionally," Westfall said.

He urged that those desiring membership cards call him in case they have not been seen, and they will be called on immediately.

Family Nights At Movie Prove Popular Events

"Family Nights" at the Majestic Theatre are becoming popular affairs with movie fans in Eastland who are taking advantage of the bargain rates to see a good show, according to Aubrey Van Hoy, theatre manager.

"Family Nights" are held each Tuesday and the price of admission from "two to a dozen" is 50c, so long as everybody is a member of one family, that is, the mamma and the pappas and the kids. Cousins, aunts and in-laws don't count unless, of course, a fellow happens to be stuck with his mother-in-law and there might be an exception in his case.

The only time when Family Night is not held on Tuesday at the Majestic is when the show happens to be running a super-duper on a three-day engagement covering Sunday, Monday and Tuesday. In that event, Family Night is postponed.

Van Hoy invites his patrons to take advantage of Family Night entertainment, when there is always a good show, suitable for a family group, old and young alike.

Ranger Junior 'Clef' Quartet Sings To Lions
"The Clefs," a male quartet from Ranger Junior College, entertained the Eastland Lions at their weekly luncheon Tuesday at the First Methodist Church.
The quartet, composed of Tommy Stark, Bub Canuteson, Daniel Mitchell and Bobby Martins, sang a number of popular songs including "Babylon's Calling," "Pecos Bill," "Ewe, Ewe, Ewe," a take-off on the song, "You, You, You," "Sixty Minutes," and "You're So Rare," a take-off on the Crew Cuts.
The Clefs also out-Martined Dean Martin in a rendition of the nation's No. 1 hit tune "Memories Are Made of This." The musicians were accompanied here by Al Lopschick, band director of Ranger Junior College.
Lion Clyde Young brought the program over from Ranger. Lion President Harold Reese presided at the meeting.

More U. S. 80 Highway Traffic Program Pledged
Representatives of more than a dozen Texas cities voted at Big Spring Saturday to intensify their campaign for more traffic on U.S. Highway 80 through a more free use of road signs and strip maps.
The delegates to the Central Division meeting of the U.S. Highway 80 Association voted to install a minimum of 15 highway signs west of El Paso and east of Weatherford, to purchase strip maps showing U.S. 80 from Savannah, Ga. to San Diego, Calif., and to push the formation of U.S. 80 clubs in all towns along the route.
Membership fees for the local clubs were set at \$10, with the money to be used in putting up signs calling attention to advantages of travel on U.S. 80 and purchasing the maps.
The group adopted a resolution commending the Texas Highway Department and its district engineers for development of U.S. 80 in Texas.

The peppery little player much prefers the role of a boy, declaring that girls' dress is "stupid."

Light Work for Lovely Hands!

It's a pretty tight spot—no question about that! But it's no work for this lovely lady. For she's at the wheel of a 1956 Cadillac—and here is the world's gentlest resting place for feminine hands.

In fact, even the most difficult of driving maneuvers seldom require anything beyond the merest gesture of a hand on the wheel . . . and the lightest touch of a toe on the accelerator.

And not only is she always at her ease—but at her loveliest as well.

Seldom, indeed, is a woman seen under more flattering circumstances than she is in the "car of cars"—calm, serene and rested . . . and surrounded by Cadillac's great luxury and beauty.

* And how proud and happy she is! For imagine, if you can, the priceless joy of owning and driv-

ing a motor car recognized everywhere as the "Standard of the World!"

To any lady reading this advertisement, we offer this simple suggestion. Come in soon . . . and see for yourself.

And to any gentleman who might be listening in—well, perhaps there is a lady-whom you would like to see always at her ease—and at her loveliest—and at her proudest.

The magic formula is waiting for you in our showroom—and we'll be delighted to assist in the transformation at any time.

P.S.: We have some special news about cost and delivery that you will find difficult to resist. Better come in while the facts are so favorable.

New Plastic Panties Are Tops in Baby Wear

BY EDNA MILES
BIGGEST drawback to plastic panties for babies so far has been, as all mothers know, a tendency to develop cracks, hard spots and peeled places after a few washings.
But now, one manufacturer has this problem licked. He's brought out panties in a new, silky-feeling vinyl plastic that's shadow checked for chic and full cut for unlimited activity.
Mothers will find that after many washings, these new, waterproof panties will stay soft, will not irritate baby's skin. To eliminate chafing and binding, a fine, elasticized ruching has been used to edge waist and legs. And they can be washed either by hand or by machine.
These come in white only and are budget-priced. They're also sized by your baby's weight, starting at small and going all the way up to extra-large.
A whole wardrobe of these panties makes life easier for mother. That is, buy three: one to wash, one to wear and one for the drawer. This is applying the same common-sense rule you use for your own lingerie supply.

Perfect garb for baby are machine-washable plastic panties. They're said to stay soft through many launderings.

Fashion Draws a Sheath Line

BY EDNA MILES

THE sheath line, in some variation, is the important line for spring and summer.

Spiced by sleeve interest or little jackets or neckline interest, it's very different from the narrow tube of the past.

It's narrow, all right, but it fits the body with curves. It isn't reminiscent of the flapper. It's feminine and it can be either sophisticated or young.

For summer, it will vie with the fuller skirts. Many women feel that the wider skirt is cooler. On the other hand, many women feel that nothing is as cool and slick as the sheath on a hot day.

Sheaths are cut, this year, in every fabric imaginable. But the two that most American women will buy are linen and cotton. Both look and feel cool; both are perennial favorites.

While the linen often will be cut from a solid color, it may also be combined with a pretty print or embroidered figure this year. Then shoes or gloves (but not both) can be chosen to pick up and repeat one of the colors in the print.

Summer sheath in white mox-gashel linen features tiny blue heart print and solid blue top. It's fashioned by Will Saunders in Junior sizes.

AROUND the TOWN

By Fay

The Easter decoration in the lobby of the Majestic Theatre is worth a trip to see . . . because it is rather special and imposing, against a background of wallpaper splashed with bunnies.

The center front boasts a styrofoam Easter egg about 4x6 feet decked with glittered red and green styrofoam ducks and rabbits whose tails are tied with red ribbons . . . wall brackets on each side hold large ink glittered rabbits and arrangements of pink roses . . . all artistically designed by the J. C. Poes . . .

Which reminds us, Easter is just around the corner and that should make business good for the Poes and Mmes. Parker and Brasher—to say nothing of the clothing stores and other businesses in our midst . . . and wouldn't it be wonderful if all Eastland folk bought their Easter outfits right here at home, so it would have a chance to come back to them, circulating here instead of somewhere else? Who was it said a dollar spent away from home is gone; a dollar spent at home will find its way back—or something to that effect . . . Anyway, it is a fact. Also, our local merchants have a surprising amount of choice merchandise from the best makers in a wide variety of offer, for a town of this size . . . At least, look here first would be a good advice.

Orchids and loads and loads of them to The City of Eastland for its progressive spirit and its prompt action in getting septic tanks installed in the colored section of town, the only part of town that sewage has not been made available . . . Orchids to Mayor George Davenport and City Manager A. E. Taylor for their wonderful work in getting this job underway . . . My, my when the Civic League met March 14, Mr. Taylor was so busy signing up the people over there for their septic tanks, directing the workmen who had begun the installation of one of them, etc., that he couldn't even turn loose long enough to come and explain the work to the women . . . But he came out good on that score because his praises were sung all over the place for the work he and others of the City were doing in getting this worthy civic task underway.

Orchids to A. T. Squires, who lives north of Eastland, for donating and hauling two large loads of dirt for the Eastland Memorial Hospital flower beds.

Orchids to the citizens of the colored section of town for wanting to participate in the annual spring clean-up campaign, sponsored by the Civic League . . . Mrs. Ed Freyschlag is chairman of the campaign, assisted by Mrs. Virgil T. Seaberry, Mrs. M. H. Perry and Mrs. Billy C. Frost . . . Orchids to Mrs. James Horton, chairman of the street marking and house numbering committee.

Eastland County Federation of Women's Clubs Meets at Gorman

The Eastland County Federation of Women's Clubs met at the Home Economics Cottage in Gorman Saturday.

Presidents of the Gorman Study Club, the Carbon Study Club and the Desdemona Study Club were hostesses and stood in the receiving line.

Mrs. E. E. Todd of Gorman, president, presided and introduced Mrs. Albert Hendricks, program chairman. A sextet of 10-year-old girls sang two numbers. The sextet was made up of Sylvia Hendricks, Marvina Pennington, Linda Whitlock, Mary Shell, Carolyn Cowan and Patricia Harrison. Each of the girls was awarded a gift.

As one of its projects this year, the Federation will purchase electric fans for the City-County Hospital at Ranger, using some of the funds left from the project in 1955.

The annual convention of Sixth District, Texas Federation of Women's Clubs, calendared for March 26-27 at San Angelo, was announced. Mrs. Todd and Mrs. Bill Tucker were elected delegate and alternate.

Mrs. A. Louise Weber of Rising Star, treasurer, gave her report and also told of recent plans to organize a county unit of the American Cancer Society.

The Ranger federated clubs will host the May meeting of the County Federation, the president announced.

The tea table was artistically appointed with an assortment of cookies and salted nuts in silver containers. Mrs. Albert Hendricks ladled lime punch from a crystal bowl. Spring bouquets were noted

throughout the assembly rooms.

During the tea hour Mrs. Tucker sang her song, "The Anthem of Freedom," which won first place in the recent song contest sponsored by the Texas Home Demonstration Association and will be the Texas entry in the National Home Demonstration Council contest.

Mr. and Mrs. Billy Guy Patterson are at home in Corpus Christi following their wedding trip. Before their marriage at 5 p.m. Sunday, March 17, in the parlor of First Methodist Church in Corpus Christi, the bride was Mrs. Evelyn Wilcox. Dr. Norman Evans was the officiating minister. Only members of the immediate families attended.

Given in marriage by her father, Carl A. Johnson, the bride wore a sky blue soft-wooden suit with seed pearl trim. Her accessories were white and she wore a white orchid.

Mrs. Hazel Scott of Corpus Christi attended the bride as matron of honor. She wore a grey-blue frock fashioned with empire waist and a corsage of pink carnations.

W. G. Jennings of Corpus Christi was Mr. Patterson's best man.

series and a corsage of white ranunculuses. Mrs. Guy Patterson of Eastland, mother of the bridegroom, chose a metallic taffeta in charcoal color, pink hat and gloves and her corsage also was of white ranunculuses.

At the reception held at the home of the bride's parents, 169 Gibson Lane, Corpus Christi, the bride's table was laid with a white cutwork cloth and centered with white carnations, candytuft and bells of Ireland. The three-tiered cake decked with a miniature bride and bridegroom, was decorated in pastel pink roses and white wedding bells and mounted on pink tulle on a reflector. The white napkins were embossed in gold — "Evelyn and Pat." Fruit punch and coffee were served

with the wedding cake to about 50 relatives.

Wedding gifts were on display in the living room.

The bride is secretary to Corpus Christi Foundation Company and her husband is field salesman for the Continental Supply Company of Corpus Christi.

Most supply stores and wearing apparel stores carry all types of sports wear, whether it be fishing boots or golfer sweaters.

For those planning spring parties — Now is the time to get ready for various entertainment with your friends, whether it be an outdoor barbecue with your neighbors or a spring formal. Check your barbecue pit to see if any of your cooking utensils have become misplaced during the winter. All hardware and supply stores, and some grocery stores, carry many items for outdoor cooking. Many new lines in outdoor furniture have been added this year by your favorite furniture store. You may want to buy this year the outdoor set of furniture you have been putting off buying for so long.

Any automobile supply store or service station will be glad to help you pick out replacements. Don't forget to stop at the drug store and pick up suntan lotion, sun glasses, camera equipment and insect repellent if you are making a long trip. A car

ice box is a handy item. Many of the stores will have them.

For the home outdoor man — It is not too early to plant many types of vegetables. Seed can be found at many feed stores and most hardware and grocery stores. Invitations Received To The Bourland-Hollowell Wedding

Awards Provided In 4-H Frozen Food Program

An increased number of incentives are being offered for the 100,000 4-H Club members participating in the 1956 National 4-H Frozen Foods Program.

A new addition to the Honor Roll of National Donors of 4-H Awards, the Whirlpool - Seeger Corporation of St. Joseph, Mich., is providing medals for four county winners this year, double the number previously offered. State winners in the program will receive all-expense trips to the National 4-H Club Congress in Chicago, in place of a \$50 U.S. Savings Bond. At the Congress, six national winners will be named and each presented a \$300 college scholarship.

The National Frozen Foods Awards Program has become increasingly popular among 4-H members since its inception in 1945. Through the program, club members learn to use freezing equipment advantageously and economically, discover the local foods best adapted to freezing, and develop skill in preparing, packaging and freezing meats, poultry, eggs, fish, fruits and vegetables.

The program is conducted by the Cooperative Extension Service, and the awards arranged by the National Committee on Boys and Girls Club Work, Chicago. Full information is available from county extension offices.

Invitations to the wedding and reception have been received by friends of Miss Margaret Ann Bourland and her fiancé, Robert Glenn Hollowell, both of Abilene.

The wedding will take place at 3 p.m. Sunday, April 15, at Central Presbyterian Church, Abilene, followed by a reception at Abilene Garden Center.

The bride-elect's parents are Mr. and Mrs. Solon Leonotis Bourland of Eastland and her fiancé is the son of Mrs. Glenn Hollowell of Abilene and the late Mr. Hollowell.

Mrs. Pat Crawford, Baptist State Training Union approved worker, fell at her home on the door step Saturday and suffered a sprained ligament to her right leg. She will resume her work tomorrow at which time she will go to Port Arthur by way of A&M where she will visit relatives, en route.

These bacteria act with greatest efficiency when the cow's feed supplies the nutrients for maximum activity. These needed types of nutrients are: a quick source of energy, a slow source of energy, vitamins, proper proteins and minerals. The best quick source of energy is molasses. The best slow source of energy is cracked or rolled grains. RED CHAIN feeds furnish these, plus the vitamins, proper proteins and minerals.

Las Leales Club Views Film On Mozart; Hears Talk On Folklore

"Follow the Lure" was the theme of Las Leales Club's program Monday night at the Woman's Club.
On this subject, a film, "Mozart's Wonderland," was shown in resplendent colors, the almost fairy-tale birthplace of Mozart and scenes of his boyhood were projected as his compositions were played in the background on a sound film.
Mrs. Eldress Gattis gave a talk on "America's Folkways" (Duncan Enrich). She gave the definition of folklore and the origins of the various traditions, beliefs and superstitions of American folklore.
Mrs. J. C. Whatley, president, presided at the business session and Mrs. Wayne Caton, secretary, read the minutes and roll call. Response to roll call was "Prized Possessions."
Two new members, Mrs. Myrtle Anderson and Mrs. Versie Bell,

were introduced and welcomed in to the club.
Cokes, sandwiches, nuts and cookies were served.
Hostesses were Mrs. H. L. Hassell, Miss Verna Johnson, Mrs. Wendell Siebert and Miss Jessie Lee Ligon. Others present were Meses. Gattis, Whatley, Caton, Ella Birmingham, Anna Grace Bumpass, Onal Cross, D. E. Frazer, E. E. McAlister, Don Parker, Guy Patterson, Thura Taylor, Hubert Westfall, Joe Anderson and the two new members, Mrs. Myrtle Anderson and Mrs. Versie Bell.
You Can Do Wonders With A Small House
If you live in a house that is so small, use space - stretching decorating ideas to help hide the size of the small rooms.
Color, furniture arrangement, accessories, furnishings, and lighting are the most important ideas in making a small home live big, according to an article in the April issue of Better Homes & Gardens magazine.
Correct use of color is vital to a decorating scheme. A basic color principle is that dark colors advance, light colors recede. Use closely related colors to avoid "chopping-up" backgrounds that make rooms appear smaller than they really are.
Furniture arrangement that defines traffic lanes keeps a room from looking like a bargain basement on sale day. The article advises being open minded, not sentimental, about furniture. A good furniture arrangement may mean eliminating a piece of furniture. Or, for instance, doing away with a large, bulky sofa in favor of two well-scaled loveseats for more seating in less space.
A few large, and useful, accessories are better than a hodgepodge of small, meaningless objects, the magazine says.
Furnishings that serve dual purposes, like sofa beds and sectional pieces, are good choices. Comfortable seating pieces do not have to be bulky.
Lighting that draws attention to tall draperies or puts a dark, unused corner to work will surprise you with the space it can add to small rooms, the article says.
