

More Germans Stricken With Arsenic Poison

Thousands Ill From Treated Bread Ser In Prison Camp

NUERNBERG, April 22 (AP)—US Army authorities said tonight that more German prisoners of war had been stricken with arsenic poisoning in a mysterious attempt to kill 15,000 Nazis S.S. men.

The new cases raised the total of victims taken ill at Stalag 13, seven miles from Nuernberg, since last Monday to 2,283. No deaths have as yet been reported, however, and Army authorities said none were expected.

The illness of 1,900 prisoners were announced Friday. Four full bottles of arsenic and two empty arsenic bottles were found under the floor of the local German bakery which supplied arsenic-dusted bread to a regiment of prisoners last Monday.

US Army headquarters at Frankfurt commented Friday, in announcing the mass poisoning, that the bread had been secured for the camp by contract "in accordance with normal procedures."

Col. Samuel T. Williams, commanding officer of the 28th Infantry Division which guards the 15,000-man prisoner of war camp, said no arrests had been made. He said an investigation of all employees of the bakers, including Germans who were discharged from the plant on April 13 and 14—one and two days before the delivery of the loaves—was under way.

The victims were in varying degrees of sickness. Seriously ill and in hospitals were 207. Affected the worst were those who ate most of their bread ration at one sitting last week.

Denies Guilt In Espionage Case

SEATTLE, April 22 (AP)—Nicolai Gregorovich Redin, 29-year-old Russian naval lieutenant, pleaded innocent today when arraigned in federal district court to a five-count indictment charging him with espionage against this country. He was specifically charged with procuring plans for the new United States destroyer tender Yellowstone.

Natty and handsome in his uniform, Lieutenant Redin stood at the bar, flanked by Defense Attorneys Irvin Goodman, Portland, Ore., and Tracy E. Griffin, Seattle. They waived the reading of the indictment.

Redin, in this country as a member of the Soviet purchasing commission, answered in a loud, clear voice, "Not Guilty" when District Judge John C. Bowen asked his plea.

TAX MEETING

The tax committee of the chamber of commerce has been called to a meeting by Dave Duncan, chairman, tonight at 7:30 in the Settles Hotel. Several organizational matters will be discussed at the session.

Byrnes To Paris For Crucial Peace Talks

WASHINGTON, April 22 (AP)—Secretary of State Byrnes sets out for Paris tomorrow and another day at world peace-making, gravely aware by his own account of the possibilities of failure. The secretary stated to reach Paris in ample time to begin on Thursday a series of critical conferences with foreign ministers Molotov of Russia, Bevin of Britain and Bidault of France.

Some of Byrnes' closest associates and advisers are talking of this meeting as a possible turning point in the history of World War II. They suggest that actually it could mark the end of efforts by Britain, Russia and the United States to work harmoniously to set up European peace settlements and to build the United Nations into a powerful agency for maintaining the peace once it is created.

Should this happen, and Byrnes himself is reported to have indicated the possibility of a meeting of the Senate Foreign Relations Committee last Friday, it probably would result in open and unlimited creation of spheres of influence something the United States thus far has opposed wherever possible. Also it would link America and Britain even more tightly than they now are.

In fact, even if these extremes do not develop, the Paris conference may see the United States making one of its strongest moves in defense of Britain's empire interests.

There are increasing evidences—among them grave American concern over Russia's position in Iran until the Red Army began to get out—that American officials currently regard the British empire system as one of the bulwarks of world order which the United States cannot afford to have weakened at any strategic point.

Government reports from Manchuria said that Chinese Communist troops "are gathered like clouds" in the Kungchulin district east of Changchun where the government's First Army apparently made slow progress in its effort to reach the fallen capital.

Kungchulin is 36 miles from Changchun, captured by the Communists last week. Li Gen Chao Chia-Hsiang, acting commander of government armies in the northeast, was scheduled to fly from Mukden to the Changchun area today to report on the military situation there.

The New Life (Peiping Daily) correspondent said five United States newsmen, including Associated Press correspondent Tom Masterson, were safe in Changchun but without freedom of action. Approximately 100 government officials there also were detained.

The capture of Changchun was reflected in increasingly jittery feeling among government quarters in Mukden and North China. Defenses were tightened at Peiping and Tientsin.

WASHINGTON, April 22 (AP)—Senator Vandenberg (R-Mich.) called for unrestricted Senate approval of the \$3,750,000,000 British loan "for the sake of American welfare in a peaceful world."

Vandenberg told his colleagues that "he had struck his balance" in a "reluctant" decision that "the bill should pass for the sake of America."

The Michigan senator said he had been more perplexed by the issue than any he had faced previously in 18 years as a senator. "To pass the bill is a gigantic speculation. Whether we like it or not, destiny may be in these scales today."

TEHRAN, April 22 (AP)—Premier Ahmed Qavam announced today a seven-point program under which Azerbaijan Province might return to the Iranian national government and said that his cabinet had "decided to permit the people of the province to have their ideals realized as far as the constitution and laws of the country permit."

He said that no action would be taken against leaders of the "democratic party" in Azerbaijan, and that the party would be free to operate.

LONDON, April 22 (AP)—Lord Keynes, 62-year-old international financier who was one of the principal negotiators for Britain's proposed \$4,400,000,000 loan from the US, now pending in Washington, died yesterday after a heart attack at his home in Sussex.

The noted British economist who has been credited by some observers with having an important influence on President Roosevelt's financial policies, returned two weeks ago from the international monetary conference at Savannah, Ga., where colleagues said he was under a considerable strain. He had been ordered by his physician to take a complete rest.

Marshall Demands That Chinese Reds Back Up Charges

CHUNGKING, April 22 (AP)—General Marshall formally demanded today that the Chinese Communists either publicly retract or furnish details of their unsupported charge that American planes attacked Communist forces in Manchuria and that one was shot down.

Marshall, special American envoy seeking to establish peace between the warring Chinese factions, held an inconclusive three-hour meeting with Gen. Chou En-Lai, chief Communist negotiator, and a separate session with Generalissimo Chiang Kai-Shek.

Chou said he was radioing field commanders for information on the reported air attacks, which allegedly occurred near embattled Szeepingkai last week.

Government reports from Manchuria said that Chinese Communist troops "are gathered like clouds" in the Kungchulin district east of Changchun where the government's First Army apparently made slow progress in its effort to reach the fallen capital.

Tokyo Premier And Cabinet Step Down

Shidehara Policies Under Pressure From All Sides

TOKYO, April 22 (AP)—Premier Kijuro Shidehara and his cabinet resigned in a group tonight under pressure from the leading political parties, who were expected to join the deposed prime minister in forming a new cabinet.

All ministers agreed to the resignation after Shidehara and Cabinet Secretary Wataru Narashi explained to them that this action was "necessary to stabilize the political situation," Narashi said in announcing the decision.

Shidehara became premier six months ago after a series of political shakeups which followed Japan's surrender.

The action, predicted since no party succeeded in gaining a majority in the April 12 election, came after a series of political maneuvers so complex that they dazed the ordinary Japanese and left the makeup of the next government obscure.

The 74-year-old premier took his resignation to the imperial palace shortly after 7 p. m. (Tokyo time) 6 a. m. EST. Emperor Hirohito accepted it in a one-hour audience but followed with the traditional practice of asking Shidehara to remain in office until his successor could be appointed.

Foreign Minister Shigeru Yoshida conveyed the resignation decision to General MacArthur previously through one of Supreme Headquarters staff officers.

This first full-time occupation cabinet, appointed soon after the surrender, ended its six months reign under fire from all but one political party, all Tokyo newspapers, most trade unions and other organizations.

Every Citizen Asked To Help In Food Drive

WASHINGTON, April 22 (AP)—Every person in the United States will be asked to help in a direct part in helping feed people in starving lands under a nation-wide food contribution plan outlined today.

The drive will be conducted as a private campaign but will work closely with the government's famine emergency committee. No deductions will be made for administrative or operating expenses.

Local chapters in the recent clothing collection in 19,597 cities and towns will be asked to serve in the food drive.

Secretary of Commerce Henry Wallace will serve as chairman of the "emergency food collection" campaign, which begins May 12 "with every community mobilized."

The country's people will be requested to contribute "either food canned in tin or money to buy food," Wallace said in a statement accepting the chairmanship.

The proceeds will be distributed through the United Nations Relief and Rehabilitation Administration on a basis of greatest need.

The drive will be conducted as a private campaign but will work closely with the government's famine emergency committee. No deductions will be made for administrative or operating expenses.

24 Violent Deaths Over Weekend

By The Associated Press. Twenty-four persons met violent deaths in Texas accidents over the Easter weekend, and 29 others were injured, four seriously.

Twelve of the fatalities resulted from traffic accidents, two apparently from drowning, two from gunshot wounds, one from a fall from a horse, and one from an airplane crash.

The majority of the injuries were from burns, with 21 of the victims suffering from fire accidents, and 7 from traffic mishaps. The other person injured was hurt in a plane crash.

Overseas Exemption May Be Put In Draft

REMEMBERS "IKE" AS A BABY—Gen. Dwight D. Eisenhower, chief of staff of the US Army, was greeted in Denison by Miss Jennie Jackson (right), retired school teacher, who remembers dancing General "Ike" on her knee. The visit by the general was in observance of Eisenhower Day in Texas, proclaimed by Gov. Stevenson, during which the citizens of Denison, the general's birthplace, presented an all day entertainment program. WASHINGTON, April 22 (AP)—A possible compromise under which teen age draftees would be exempt from overseas occupation duty is under consideration by senators hopeful of retaining selective service.

Meanwhile, the War Department was reported by members of the House Military committee to have asked that action on universal military training be postponed until next year lest the issue become involved in the forthcoming congressional elections.

Senator Knowland (R-Calif.), a former Army officer, said he is studying the possibility of offering the draft extension bill in the belief its adoption might erase one likely point of controversy between the House and Senate. The present draft act is due to expire May 15.

The House voted a nine-month extension but eliminated 18 and 19 year olds from draft liability and prohibited all inductions between May 15 and October 15. They could be resumed then only on a finding by the President that voluntary enlistments were insufficient.

The Californian said he thought it might be possible for the Army to shift older men, now serving in this country to overseas posts and fill their places with younger inductees.

In discussing the reported Army request for a delay in consideration of universal training legislation, military committee members told reporters it was made at a recent conference attended by Secretary of War Patterson, General Dwight D. Eisenhower, Chairman May (D-Ky) of the committee and others.

On still another phase of congressional military matters, the Senate expected to receive today a counter proposal by Senator Bridges (R-NH) to a pending bill to merge the Army and Navy into a single department of common defense.

Under Bridges' measure the defense council, including the Secretaries of State, Army, Navy and Air operating under a presidential deputy as coordinator, would supervise agencies to conduct unified research, intelligence, munitions and resources control for the three branches of the armed forces.

SHANGHAI, April 22 (AP)—Glum-faced Maj. Gen. Masataka Kaburagi, former chief of staff of the Imperial Japanese 34th army, and four of his subordinates died on the gallows at Ward Road jail this morning for their part in the torture parade and strangulation of three American fliers at Hankow in December, 1944.

This was the first execution of war criminals by Americans in the China theater.

The prisoners, their hands bound, were led one at a time into the tiny execution chamber at 45 minute intervals. The charges upon which they were convicted were read to them, their heads were encased in black hoods and they were hanged.

Kaburagi fell first at 8:17 a. m. The others executed, in sequence, were Warrant Officer Tsutomu Fujii, Sgt. Major Shozezo Masui, Sgt. Koichi Masuda, and Lance Corp. Yosaburo Shirakawa.

Jury Is Selected In Damage Suit

A jury was being selected in district court this morning to hear testimony in the damage suit filed by Myrtle Shouita against Nona Belle Saunders.

The plaintiff is asking damages on the grounds that Mrs. Saunders served eviction notice against her without proper authority.

No Pledge To Fight Required Of Alien, High Court Rules

WASHINGTON, April 22 (AP)—The Supreme Court ruled today that an alien does not have to promise to fight to become a citizen.

It overturned a decision refusing citizenship to a Canadian who said he was willing to perform noncombatant military service for the United States but was unwilling to bear arms.

President Out To View Navy War Games

WITH THE EIGHTH FLEET AT SEA, April 22 (AP)—President Truman boarded the aircraft carrier Franklin D. Roosevelt today to view a display of naval air might in large-scale Atlantic maneuvers.

The president joined Adm. Marc A. Mitscher, commander of the new Eighth Fleet, aboard the 45,000 ton carrier at 8:10 a. m. With in half an hour Mitscher's big flagship was under way, bound for maneuvers off the Virginia Capes.

Mr. Truman and his White House staff arrived from Washington earlier in the day aboard the presidential yacht Williamsburg. They will return to that vessel Tuesday afternoon to cruise for the rest of the week in the Chesapeake Bay area.

Mr. Truman and his party, which included secret service men and news correspondents, transferred from the Williamsburg to the carrier in small boats.

He was accorded the presidential salute of 21 guns when he boarded the warship.

The new Eighth Fleet began its extensive maneuvers last weekend following a rendezvous southeast of the Virginia Capes.

A total of 29 ships will operate during the maneuvers, lasting through May 27, as a task force made up of striking, bombardment, screening and support groups.

Train Wreck Fatal To Two

BOSTON, April 22 (AP)—Two engineers were dead today, a third was in critical condition and approximately 300 persons reported injuries after two New Haven railroad passenger trains collided head-on last night in the Readville section.

The dead were: Norman Goodwin, 37, a fireman, and Engineer William E. Bean, 59, who were crushed in the cab of their Hartford to Boston locomotive as it crashed into a nine-car Boston to Providence, R. I. train.

Railroad officials said one of the trains had run past stop signals and that an investigation was under way.

UN Must Make Decisions On Iran, Spain

NEW YORK, April 22 (AP)—The United Nations Security Council has two major questions confronting it this week. One is whether to drop the Russian-Iranian case now; the other is Franco Spain.

That is the order the cases as related to come up. The council will end a long, Easter weekend recess tomorrow at 2 p. m. CST, with its program calling for immediate consideration of the Russian-Iranian case.

Upon a solution of that problem, at least for the time being, the eleven-delegate world peace agency will plunge once more into a Spanish situation.

The problem, in brief, is whether the council will accede to a vigorous demand by Russia that it drop Iran forthwith from its agenda. The Iranians have formally withdrawn the complaint against Russia which they lodged in London last January 18. The Russians have reported an agreement with Iran and have demanded that the council cease making Iran its business.

But the council apparently will sustain its action of April 4, which time it expects a report whether Russia has completely evacuated Iran as Russia promised.

Upon disposition of the latest angle of the Iranian case, the council next has on its docket the charges by Poland that Franco Spain is a menace to world peace and is harboring Nazi scientists devising new weapons of war.

Debates on that issue last week developed the virtual certainty that Poland's request that the United Nations sever diplomatic relations with Spain would be beaten.

Lord Keynes, Famed British Financier, Victim Of Attack

LONDON, April 22 (AP)—Lord Keynes, 62-year-old international financier who was one of the principal negotiators for Britain's proposed \$4,400,000,000 loan from the US, now pending in Washington, died yesterday after a heart attack at his home in Sussex.

Estimated 5,000 At Easter Rites

Easter services drew large crowds in Big Spring churches Sunday with more than 5,000 estimated to have participated in morning functions.

Although a complete check was not available, it was conservatively estimated that more than 3,500 persons were in the various church schools.

In every instance attendance of morning worship services were much higher. Many churches reported capacity crowds to hear the story of the Resurrection proclaimed in song and sermon.

The day's ceremonies got off to a good start with 2,000 to 2,500 people turning out for the Easter Sunrise services at the city park amphitheatre despite overcast skies. Here the hundreds sat in rapt silence while a cast of high school Bible students presented a play aimed on the first anniversary of Easter. Muted tones of a trumpet solo, "The Old Rugged Cross" opened the program and high school girls, reading in unison, gave the Scripture reading. The high school Girl Chorus furnished interlude music. Rev. W. L. Porterfield, president of the sponsoring Big Spring pastors' association, Rev. J. E. Moore, First Presbyterian minister, and Rev. F. D. O'Brien, First Baptist pastor, led the prayers.

Physician Called For Chief Justice

WASHINGTON, April 22 (AP)—Chief Justice Stone became ill and was escorted from the Supreme Court bench today. Officials later said he had suffered an attack of indigestion.

Stone was supported under the arms by Justices Black and Reed. The court abruptly recessed shortly before 2 p. m.

A court attaché said at 1:50 p. m. that a doctor had been summoned. The interruption came just after Justice Reed had completed delivery of an opinion.

Pyeatt Victim Of Highway Mishap

R. C. (Bob) Pyeatt, 52, operator of a children's apparel shop here, died in a Roscoe hospital at 7:30 a. m. today of injuries suffered when he was struck by a passing automobile two miles west of Roscoe at 3 a. m. Sunday.

He was enroute to Dallas to meet Mrs. Pyeatt when his automobile stalled. Officers at Roscoe said that he had walked a distance down the road when a car driven by a Mr. Daniels of Monahan's approached. The driver reported to officers that he veered his car, but Pyeatt apparently misjudged and was caught in its path.

Daniels gave first aid and rushed him to the Roscoe hospital. Reports from Roscoe said Pyeatt never rallied from extensive injuries and did not regain consciousness.

Funeral arrangements, in charge of Eberley-Curry, are incomplete pending word from immediate relatives.

Pyeatt came here in 1928 as representative for Wilson Packing Company and subsequently the Handy Andy Grocery store for a time. In 1935 he worked temporarily out of Corpus Christi. For several years he was traveling representative for the Easkay company of San Antonio, but headquartered here until he and Mrs. Pyeatt founded the Kids' Shop here in January of 1943.

A member of the Lions club, he had served briefly as head of the organization in 1932 in filling out an unexpired term. He held Masonic membership. Pyeatt also was a member of the First Baptist church. After their return here the Pyeatts had purchased a home at 506 Dallas.

Born Aug. 2, 1893 in Eastern Oklahoma, Pyeatt moved with his parents to Custer county, Oklahoma, when but a year old. Following service during World War I, he migrated to Texas.

He is survived by his wife, Mrs. Eva Pyeatt; three brothers, Harold Pyeatt, Oklahoma City; Lemuel Pyeatt, Custer, Okla.; and Fred Pyeatt, Los Angeles, Calif.; three sisters, Mrs. Mary Gilliland, Luling, Mrs. Nora Bell Adkins, Norman, Okla., and Mrs. Della Hall, Los Angeles.

Toscanini Returns To His Native Italy

NEW YORK, April 22 (AP)—Arturo Toscanini, 79, one of the world's greatest symphony conductors, was on his way back today to his native Italy—where in 1932 he was beaten by Fascists because he refused to play their hymn.

Toscanini, who left yesterday by plane, will reopen the La Scala opera house in Milan.

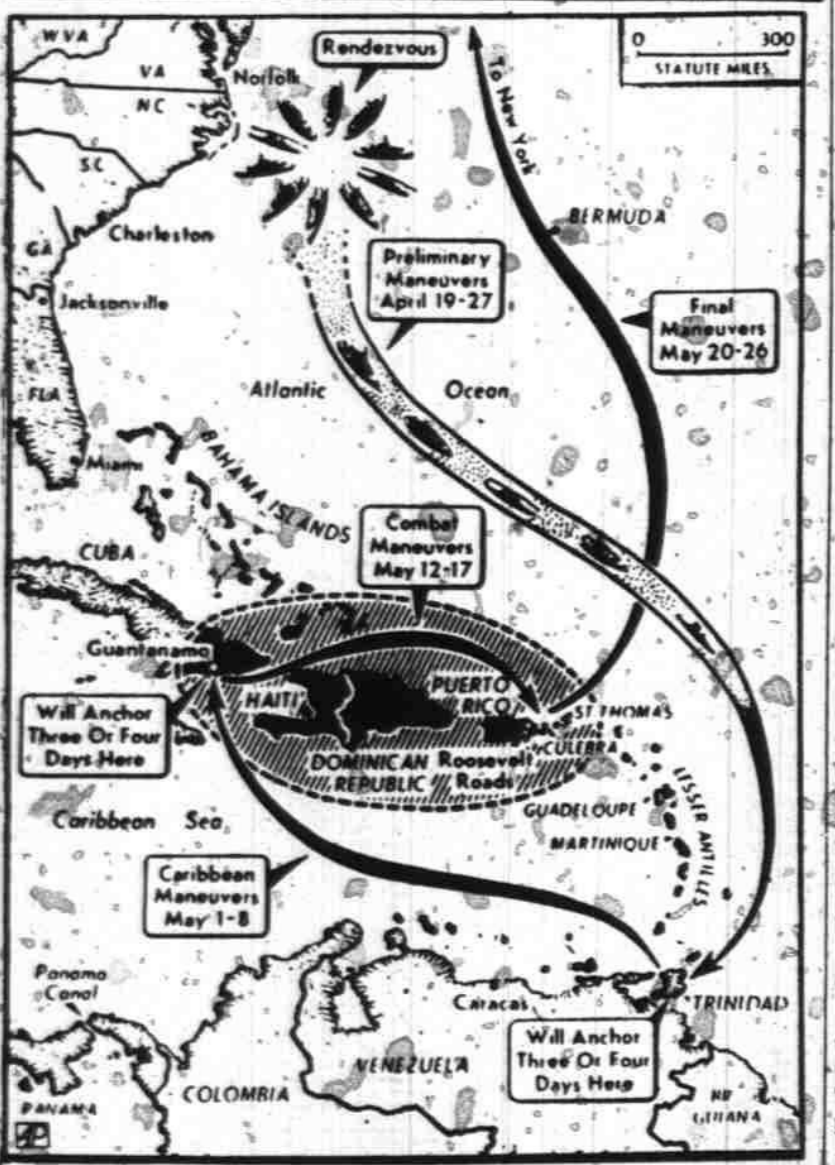

"I am very glad to go back after so many years," he said.

Jakucki Hurls Win Over Ships

By the Associated Press
The hitters aren't finding the pickings very good in the Texas league. At least there have been no slugfests as the circuit rattle out the first week of play with tight pitching performances the dominant feature.

Some more good hurling jobs were turned in yesterday as San Antonio and Tulsa remained in a tie for the lead. The Missions beat Beaumont 6-2 with the veteran Sig Jakucki turning in a four-hit stint and Tulsa downed Fort Worth 5-1 with Max Stewart holding the cats to a like number of blows.

Dallas-trimmed Oklahoma City 5-2 behind the six-hit pitching of Walter Wilson.
Shreveport and Houston split a double header, the Sports winning the opener 9-7 and Houston taking the nightcap 8-3. Other than eleven blows gained by Shreveport in the first game, each team did no better than average with the stick.

Today's Schedule
Oklahoma City at Dallas (night)
Tulsa at Fort Worth (night)
Houston at Shreveport (night)
San Antonio at Beaumont.

Lamesa Poloists Win Round Robin

Paced by Gus White, Jr., who only recently has donned the sports togs after a long Navy hitch, Lamesa's poloists came out with a resounding win over Abilene and Lubbock teams in matches at Lamesa Sunday afternoon.

It was a round robin affair, each team playing three chukkers with each of the others. The Lamesas tallied 13 points while Abilene had 6 and Lubbock 4.
Gus White accounted for four points, Spencer Barron for three, and Gus White, Sr., M. H. Bennett and E. E. Barron for two apiece.

McGrew Appears To Be Standout In Two Events

By The Associated Press
Lamar of Houston with its versatile Vern McGrew and Austin's balanced squad should enter the state schoolboy track and field meet at Austin next week co-favorites for the championship.
McGrew might well win it by himself. Not only does he appear to be by far the best high jumper in the state and likely to break the record but he is one of the top high hurdlers. Last week he beat Paul Leming, Beaumont's star, in 14.9 in the regional meet. Only Lee Miller of Burbank (San Antonio) boasts a better time than that this season. Miller has done 14.8.

Lamar's sprint relay team has turned in the fastest time, 44 flat, and with Abilene's fine team weakened by loss of H. D. Terry under the age rule, the Houston quartet should be the favorite.

Austin is point-worthy in the relays, shot put, pole vault, high jump and 220-yard dash.
Jeff Davis (Houston) with brilliant sprinter Allan Millheim; Thomas Jefferson (San Antonio), strong in the weights and pole vault; Brackenridge (San Antonio), with Allan Means one of the best pole vaulters and low hurdlers in the state; Woodrow Wilson (Dallas), good in the 440-yard dash, discus throw and mile and El Paso, with broad-jumping, hurdling, Bob Squires, are other top contenders.

Some 42 boys will be in Austin for the state meet with preliminaries scheduled in all events except the mile on the morning of May 2, semi-finals in the hurdles and dashes in the afternoon and finals the afternoon of May 3.

A number of state's brightest stars will be eligible to compete under the rule which prohibits participation if a boy has reached or passed 18 years May 1. However, where such boys qualified in the regional meets they may be substituted for in the state meet, says R. J. Kidd, athletic director of the Interscholastic League.

Included in the group of boys ineligible for the state meet under this rule are A. J. Fritz of Galveston, the top quarter-miler and one of the best 220-yard dash men; J. R. Tucker, Adamson (Dallas) all-around star; Hector Rocha, Laredo half-mile stand-out; Carroll Baird, ace Paschal (Fort Worth) sprinter; Bob Allen, great miler and half-miler for John Reagan (Houston), and Terry Abilene's top sprinter.
All entries for the state meet, night, Kidd said. Boys winning first, second and third in the regional meets are eligible.

Baylor, Farmers In Weekend Mix

By the Associated Press
Second-place battles between Baylor and Texas A. and M. offer major interest this week in the Southwest conference baseball race with the University of Texas certain to retain its leadership no matter what happens.

Texas, unbeaten in six starts and two games ahead of A. and M., has only one engagement, meeting Southern Methodist at Austin Wednesday.
Thursday Rice goes to North Texas to play Texas Christian at Fort Worth in a series, then Saturday hops over to Dallas to tackle Southern Methodist.

Baylor and A. and M. get together at College Station Friday and Saturday.
Last week found Texas Christian and Rice topping the hitherto unbeaten Aggies, the Christians winning 4-1 and Rice edging A. and M. 6-5. Baylor won three games, clipping Rice 12-5 and Southern Methodist 12-9 and 10-6.
Texas won two games over Texas Christian—14-1 and 1-0. A. and M. defeated Rice 11-10 in the second game of their series.

Record Number Of Hosses May Run In Derby

NEW YORK, April 22 (AP)—The field for the richest Kentucky Derby of them all rapidly has been rounding into shape lately, and it begins to look as if about 20 gee-gees will bounce out when the starter gives them that "come on now" at the Downs May 4.
The starting field depends on how the oat-burners click in two preps still to come: (1) The Chesapeake at Havre de Grace Saturday where S. W. Labrott's Hamlet look to be the only real Derby possibility, provided he stops getting that "tired feeling" in the stretch, and (2) the blue grass at Keeneland Thursday, where there is a very good chance something no one ever has heard of might pop up.
As the jig-saw pieces begin to fit together, the whisper of lay fall has become a loud voice—the forecast that the west would hold the big hand when they sit down, to that \$100,000 pot this year. Of the 20 more or less probable starters only eight hang their heads around the Atlantic seaboard and one is a Canadian. The west is sporting three from Kentucky, two each Louisiana, Illinois and Michigan, and one each from Ohio and Texas.

Robbins Plans Ringer Tourney

A ringer tournament gets underway at the Big Spring country club Sunday and, take the word of Pro Shirley Robbins for it, the prizes in the offing are worth shooting for.
The meeting, in which each entry plays against his own score, runs throughout the month of May.
Robbins is also making big plans for a flag tournament July 4. The country club skipper is hopeful of getting most of the organization's membership to the tee for that one.

A quartet for the Sweetwater country club showed up here Sunday for regular foursome play with a local team but no aggregate score was kept.
The Sweetwater representation was headed by E. B. Lovvorn, Charley Watson, Champ Rainwater, J. R. Farmer and Jimmy Moon comprised the local lineup.

LOOKING 'EM OVER

After experiencing a coma that extended throughout the war years, local interest in sports is booming as it never has before.

More softball teams are functioning here than at any time in the village's history. The Latin-Americans across the way have a crackerjack baseball team that's meeting all comers and have gone out and cleared themselves a diamond. The Negro boys have donned baseball livery and are challenging the world.

Track, thanks to some admirable work by Coach Herschel Stockton, has attained a new significance in the local picture. Mule takes six boys with him to the state track and field meet in Austin next month, the most Big Spring has qualified in many years.

At least two wrestling promoters are trying to set up shop in our precincts. And the Big Spring Athletic Association is looking forward to promoting some amateur fights later on in the summer.
Eighty boys turn out for spring football drills at the high school, a record number. The golf courses are jammed on weekends and the rush to the links has only started. Business at the bowling alley is unprecedented. The swimming pool opens its door next month and officials are expecting record throngs to take to the water sports all season.

Moss Lake will be open for fishing, boating and whatnot June 1 and indications are that the traffic will be heavy in that direction from that time on.
Dr. M. H. Bennett is wanting to renovate the polo field west of town and throw some of the better matches our way.

Interesting thing about the whole revolution is that our citizens are getting into the swim more and more all the time. Everyone, it seems, has so much nervous energy to burn and seeks to do it in athletic endeavor.

A long home run by Big Spring's own Bobby "Pepper" Martin edged the Lamesa baseball Lobos to edge the Lubbock Hubbers, 11-10, in an exhibition game at Lamesa last Wednesday. Martin's circuit play came in the ninth inning.

Robin will be patrolling center field for George Sturdivant's gang when they open the season at home against Albuquerque next Friday.

Lamesa's high school football team is going to pack its share of weight next fall.
Smallest man in Jim Neill's forward wall will weigh in the neighborhood of 160 pounds. Fellows like Homer Rippey, 185, center; Bill Fortenberry, 195, tackle; Buddy Eudy, 195, another tackle; and Jim Patterson, 190 plus, yet another tackle, give the Tornados authority. Neill will miss Orville Nelman, the speedy back who made the Lamesas a threat last fall, but has three lettermen returning to the fold. They are Jim Kowboham, Arthur Bissell and T. J. Corbett.

Neill will reconvert the Tornados from the T-Formation they used under Choc Sanders to a single wing, which was his old system as a star back at Texas Tech.

Six months ago, young Freddy Shott of Peterson, N. J., was regarded as the leading "white hope" in the heavyweight boxing ranks. He was being brought along carefully and boxed just that way to build up an impressive record.
He was okay when he was in there with the bums, but once he left kid row he couldn't make the left.

Last Monday night in Tampa, Florida, a raging bull by the name of Tommy Gomez sent him back into oblivion by knocking him silly in the first round.

Two Muny Loop Tests Tonight

Manhattan's Clubbers, who kept their hand in the game with a practice double-header Sunday, start playing for keeps in Muny softball league play again tonight when they tangle with Eddie Hammond's gang in the 7:30 bout at the city park.
Hammond's gang is conceded little chance of winning, though the manager has been trying to strengthen his aggregation after its disastrous start last week.
Tonight's second setto sends Big Spring Motor into action against Big Spring Hardware.
The edge, if any, goes to the Fordmen. They haven't been sensational to date but have shown promise and may develop into one of the strongest aggregations in the 12-team league.
Glen Bredeimer is expected to assume pitching duties for the Motorists.

Red Sockers Break Even With A's

Tigers Rout Bogie-Men; Sharpen Claws For Run On Second Flag

By JOE REICHLER
Associated Press Sports Writer
Detroit's snarling Tigers were licking their chops today and shouting defiance at the baseball experts who had predicted the war-time world champions would not repeat.

Prior to this season the Tigers had (1) lost their last eight opening games; (2) beat Pitcher Steve Gromek of Cleveland only once in seven tries; (3) taken the measure of Bob Feller but twice in his last nine starts; against them.
This year, in only five days, Detroit's darlings have (1) shattered

their opening day no-oo by beating the St. Louis Browns in the season's inaugural; (2) whipped Gromek 7-0 in his own Ballpark; (3) triumphed over Feller.

The net result is that the Tigers are breathing hotly on the necks of first place Boston's also once beaten Red Sox.

Detroit had to travel into overtime yesterday to break the Feller jinx. The Tigers accomplished it in the 10th inning, 3-2.

The Red Sox had to be satisfied with an even break against Philadelphia's Athletics. After George Metkovich's three-run homer clipped

maxed a ninth inning onslaught, Ted Williams won the opener in the 10th with bases-loaded single 12-11.

The A's captured the second game 3-0.

The New York Yankees, pre-season favorites for the American League flag, kept pace with the Red Sox and Tigers by tripping Washington's Senators 6-1.

The revenge-minded St. Louis Cardinals fought back from a three run sixth inning deficit to defeat the National League champion Chicago Cubs 7-6. Victory sent the Cards into a tie for first place with Brooklyn.

Brooklyn defeated the New York Giants for the third straight time 2-1.

The Cincinnati Reds ended a victory famine by submerging the Pittsburgh Braves 8-2 and 4-3.

Boston's Braves and Philadelphia's Phils divided a twin bill, the Braves winning the opener in the 11th 3-2 and the Phils, taking the nightcap 2-1.

Despite two four-hit jobs by Chicago White Sox pitchers, the St. Louis Browns took both games 2-1 and 4-2.

Manhattan Splits Two In Softball Double-Header At Muny Diamond

Manhattan Club absorbed an 8-1 shellacking from Doc Wilkinson's Redcaps but returned in the second game of a Sunday afternoon doubleheader to tame Big Spring Hardware, 7-3.

The bouts, played at Muny park diamond, were exhibitions and do not count in city league standings.

Norm Newton and Jack Tubbs teamed up to pitch the Redcaps to victory in the opener while Skeg Davidson, with a triple and single, was the big noise at the plate.

Manhattan got its only tally in the initial round.

A two-run outbreak in the third stanza sent Doc's contingent to the fore and the Stationmen put the decision on ice in the follow-up round by scoring five times.

The Manhattan had their big inning in the leadoff round of the aftermath, getting to Toby Cunningham for four tallies. That was the ball game but they added runs in the second and fourth for insurance.

Bruce Robertson handled the hill chores for the winners and pitched creditably, shackling the Spartans with three hits.

Bill Mimes hit two home runs for the winners—the feature blows of a six-hit assault.

Fort Worth Bowler Sets New Standard

DALLAS, April 22 (AP)—V. Gallagher of Fort Worth bowled 643 in class C singles last night to set the only new record in four weekends of competition in the 15th Annual Texas State Bowling Association tournament.

Dr. J. McReynolds of Dallas had held the record of 631 since 1941.

The class A doubles crown went to Will Craig and Eddie Banks, Fort Worth. Charles Lyles Amadio, won the singles title with his 847. W. Graner, San Antonio, topped All-Events Keglers at 1832.

Class B doubles honors went to F. Sullivan and C. Bass San Antonio, at 1181; singles to Ben Norcross, Fort Worth, at 618, and all-events to C. Gilliam, Fort Worth, at 1711.

Eagles Favored In League Meet

DENTON, April 22. (AP)—North Texas State will be favored to win its tenth championship in thirteen years today when the Lone Star conference track and field meet is resumed after a wartime lapse.

All six member schools—North Texas, Southwest Texas State, East Texas State, Sam Houston State, University of Houston and Stephen F. Austin—have entered teams with more than 70 athletes due to contest.

Preliminaries were run off this morning and finals will start at 2:15 p. m.

Lodge Seeks Old Senate Seat

BOSTON, April 22 (AP)—Henry Cabot Lodge, Jr., who resigned in the second year of his second term as U. S. senator to enter the Army in 1944, has announced his candidacy for that seat in this year's election.

The 43-year-old grandson of a 30-year U. S. senator said last night that he was running for the public office because it is "the binding duty of all who have had special training in our kind of government to offer their services in peace."

With the announcement, one of the most sensational senatorial battles in Massachusetts' political history was assured for the former Army lieutenant-colonel will be running against Senator David I. Walsh (D), 73-year-old veteran chairman of the Senate Naval Affairs Committee who will seek his fifth term.

If elected, Walsh will equal the record length of service as senator from Massachusetts of his opponent's grandfather, Henry Cabot Lodge—named by the late President Woodrow Wilson during debate on U. S. entry into the League of Nations as among the opposition group of "wild men."

Missionary Will Give Talks Here

Alma Doering, representative of the Unevangelized Tribes Missions and herself a missionary to Africa, will speak twice during a brief visit here.

At 8 p. m. today and Tuesday in the First Presbyterian basement, Miss Doering will speak on the challenge of mission work and will project slides to illustrate her remarks. The public is invited to hear her.

Enroute to the West Coast, Miss Doering is the house guest of Mrs. Lillian Bivings while stopping here.

Mrs. Frank Tate Named President Of Forsan P-TA

FORSAN, April 22 (Sp)—Mrs. Frank Tate was elected president of the Forsan P-TA to succeed Mrs. Harry Miller. Election was held at the meeting of that organization last week in the gymnasium.

Mrs. G. H. Gamble was named vice-president, and Mrs. J. D. Leonard was re-elected to her office as treasurer, and Mrs. Earl Hughes was renamed to act as secretary.

A tea and installation ceremonies for officers was planned to be held on May 7 in the gymnasium.

Mrs. Ida Robbins Observes Birthday

Government and Controls

Among the current tempests is that which is raging around OPA. Staunch supporters of the war-born agency are crying that the organization has been emasculated by house action in limiting its functions and in granting it only a nine-months extension. On the other hand, vigorous opponents claim that it should have been beheaded, but that the action as it now stands is a broad step in the right direction.

There are so many angles to this question that it is difficult, if not impossible, to know what is right or wrong. Producers, processors, distributors and merchandisers are in the vanguard of those pushing the fight for extinction. At the other extreme is the laborer who sells only his services.

Confusion, abuse and strife are the result. There is little hope of any equitable remedy. The issue is not resolved, for the senate has yet to come out with its version, and then will follow the compromise conference report before a final measure may be submitted to the president, who may be placed in the position of having to sign something he does not want as the alternate to seeing OPA expire.

There is a danger that too drastic curtailment of the agency would completely lower the barriers against inflation. We face the prospect of seeing how real is that danger. Meanwhile, one lesson is becoming more apparent: As a permanent function of government, control should be directed primarily in the direction of monopolies, wherever they may be—not production and price control.

The Nation Today—James Marlow

Argument Against Price Control.

WASHINGTON, April 22. (AP)—The House vote on OPA would knock price controls into a cocked hat.

(This won't become a fact unless the Senate agrees with the House action and the President approves.)

But why does the House want to get rid of price controls so fast, since the administration wanted a strong OPA continued another year?

Here are some of the arguments offered by those who want an end to price controls quickly:

1. The wartime rise of costs and the OPA lid on prices have squeezed profits until it's tough or impossible to do business.
2. There's a huge demand for goods of all kinds but the supply of those things is not great enough to meet the demand.
3. The supply is being held down because manufacturers can't produce and still make a profit because of OPA ceilings.
4. If the ceilings were taken off, business could make a profit which would encourage production.
5. With production soaring, supplies would soar and supply would come closer to meeting demand.

Gus D. Chesney, Colorado City, has been waging a campaign through letters to San Angelo and Lubbock papers for the paving of a 50-mile gap from Colorado City to Robert Lee in Coke county.

This would, he points, shorten the distance between Lubbock and San Angelo by 14 miles, and hence shorten the distance for travelers from the Northwest going to Mexico by the same amount. One student of mileage has pointed out that if it's a question of distance, then a route almost directly south from Dalhart (which would miss both Amarillo and Lubbock) would save 34 miles over present distance along US 87.

However, this may be beside the point. The Colorado City-Robert Lee project would be desirable. If people traveling north and south elected to go that route, that is with in their province. If they wish to stay on 87, that is their right also.

Which brings us around to recalling that on May 10 the Texas division of the US 87 Highway association will have its meeting here, looking toward improvement of the route and toward the national meeting in Denver June 14. Because we are on 87, we are interested in these meetings and the affairs of the associations. It offers the advantage of one continuous, well-improved route. The tourist can "Stay on 87 all the way" and in assurance of a good journey with ample facilities to make travelling a pleasure.

But if prices soar, will they say there? This is where those in favor of removing price controls step in and say:

Prices may go up at first, while goods are still not sufficiently plentiful to meet the demand, but once this is met—

Then prices will start falling because that is how our economy works.

But—how far down? No one can honestly answer that question now.

But in the meantime something else might happen to compel prices to stay higher than they are now.

If prices go up—which means, if living costs go up—labor unions certainly will demand higher wages.

If wages go up. The cost of producing the needed goods will necessarily increase.

That necessarily will mean high prices to make up for the increased production costs.

If price controls go off, the government can't attempt to keep any effective wage controls.

But if price ceilings are removed, won't prices go up? Sure. Very few people would try to deny this. But how high up? No one knows exactly. There are only guesses.

Broadway—Jack O'Brien

JUST WHAT, SON, IS A JOKE?

NEW YORK, April 22. (AP)—The gentleman named C. C. Richardson in Huron, S. D., who bequeathed an estimated \$50,000 to anyone best defining the word "joke," has managed to arouse the greatest head-scratching bewilderment among Broadway comedians in the history of that street's addition to the defunct "works of Joe Miller."

I took up his search for an explanation among some of the comedians.

I fell happily upon the delicate neck of Rags Ragland, whose funnyman background includes 52nd Street night clubs dedicated to the glories of the amusing insult; more recent movies with M-G-M vaudeville; a good many years in burlesque and a recent stay in Doctor's hospital, where he was held over for an extra week and two extra transfusions.

"A joke—sure, that's easy," said Rags. "Ah—er—now let's see—well, you take someone with baggy pants and a big nose. No! Let's take a man walking along a street."

MACHINE AGE MESSING UP CAPRI

CAPRI, April 22. (AP)—Cirro Galasso and his two sons have reached a crisis that comes to all true craftsmen everywhere—what to do about this machine age springing up around them.

They can't ignore it and they don't want to embrace it.

For many years Cirro has kept the family spaghetti bowl full by rowing tourists from the landing beach at Grande Masina around the rocky little isle to Grotto (Azzurra—its famous Blue Grotto).

To keep passengers from getting bored during the half hour journey Cirro and other fishermen learned to row close to the rocky cliffs and point out sea caves of fantastic shapes to each of which they gave fanciful titles.

"Into every hole in the rock we push a name," said 20-year-old Pietro Galasso, who with his older brother, Antonio, has taken over most of the rowing duties from Papa Galasso.

"We have the Spring Water cave and Nose cave, the Mount Vesuvio cave and the Heart cave, the Donkey Ears cave and the cave that looks like a skull, the Eyeglasses cave and the Champagne cave."

"When we row past Little Champagne cave the waves come bubbling back just like bottle champagne. Listen, yo' heart."

In the old days Cirro rowed tourists out alone and he would lift his deep bass in old Italian folk songs as his tireless arms moved powerfully and without strain. Now, although his tanned face is still young, Cirro has white hair and he goes less often in his small boat Amilia to that miracle cavern where reflected sun rays turn the water into a wonderland of living blue fire.

Two sons swing the oars old Cirro used to bend alone. The oars that enabled him to raise three sons and three daughters. They point to the caves their father helped name and sing the same songs he sang before them.

But other men have come in bigger boats with motors and put Capri's tourist trade on a mass production basis. Two men can row only three round trips to the Blue Grotto in a single day but the new motorboats can make many trips. Their "put-put" echoes steadily as they speed past leisurely rowboats.

This new competition worries the Galassos and other rowboat guides who think it lowers their calling.

"We got money to buy a motor boat," said Pietro "but you no can be everything if yo' motor boat. You no see the champagne cave or the Donkey Ears cave. Anybody who rides motor boat has motor in his head. He don't want see nothings. Just fast—that's all. Every American he wants go fast. What's all hurry for?"

To Award Contracts May 8 For Knott School Building With some revisions in plans and alternates, trustees of the Knott Independent School district will seek to let contracts for a new school plant on May 8.

The district has floated a \$110,000 bond issue for the project, which would replace frame structures now in use. However, rising material costs have complicated matters.

Julius Caesar conceived the idea of one-way streets as traffic aids. There are about 4,000,000 stamp collectors in the United States.

Cabinet Wives Conserving Food

WASHINGTON—Ladies of the cabinet are really practicing what their husbands preach regarding the saving of food for Europe. Ever since President Truman urged that the American people eat the equivalent of a European ration two days a week, cabinet wives have been studying menus.

Mrs. Clinton Anderson, whose secretary-of-agriculture husband is one of the hardest-working of the food conservers, has given permission to publish one of her menus. It provides 1,450 calories—the equivalent of a European ration—as compared with the normal American diet of 3,600 calories.

Here it is, with the number of calories listed after each item of food:

- Breakfast—glass of orange juice (75); bowl of cereal (100); milk for cereal (85); half-pint of milk or cocoa (170)—total, 430.
- Lunch—half-cup of thick soup or chowder (150); vegetable salad without oil in dressing (75); muffin (75) baked custard (100); half-pint of milk (170)—total, 570.
- Dinner—poultry, fish or meat (150); potato (large serving) (150); green vegetable (peas, beans, greens or broccoli) (40); raw vegetable strips (carrots, celery, tomato, cabbage) (50); half-cup of fruit (150) or milk for children—total 560.

either purported to affect this position or how they could legally effect it if they had purported to do so.

"Neither of these declarations can be interpreted as justifying direct interference by Security Council in international affairs of Spain, or contention that continuance of present Spanish regime constitutes threat to international security. If by international law a matter is one of domestic jurisdiction, then no declaration of three powers or even assembly resolution of UNO can cause it to cease to be so.

"If form of Spanish government is legally a Spanish domestic matter (as we think it surely is) and if purpose of this declaration or assembly resolution had been (which we say it is not) to say the Spanish regime could be dealt with under chapter 6 of charter, then declaration and resolution would have been contrary to charter and void. No such declaration or resolution could possibly over-ride a basic principle of the charter (see article 2 and article 103).

Bar Spain From Agenda

"For all foregoing reasons, vote should be cast against any proposal to place Spanish question on agenda on lines suggested by French government. It should, of course, be made abundantly clear that United Kingdom government are as anxious as anyone to see end of present Spanish regime, and ready to join in any action which they feel is really calculated to bring about its peaceful replacement by more suitable government.

"If, nevertheless, the council decided by majority vote to place the matter on agenda, question would presumably be considered a 'situation'. In that event and even on widest interpretation, most council could claim to do would be to investigate situation under article 34, in order to determine whether there was threat to international security, and under article 36, to recommend appropriate procedures or methods of government. Faith In B'Spring Keeps Westex Oil Offices Here

Because the management believes in Big Spring, headquarters for Westex Oil company, one of the largest distributing concerns

for petroleum products in this section, are maintained here, furnishing a sizeable payroll to the local area and employment opportunities to local personnel.

"We could move our headquarters to one of several other West Texas towns which would be nearer the center of our territory," Ted O. Groebel, proprietor, said. "But our faith in Big Spring's people and industrial stability outweighs geographical advantages." The Westex Oil company distributes Shell products throughout the great Permian Basin area. Bulk plants are located in Big Spring, Denver, City, Lamesa, Monahans, McCamey and Odessa, Texas, and in Hobbs, New Mexico.

In addition to Groebel, other departments in the headquarters here are directed by Cecil Stodgrass, salesmanager, and Nell Ryan, office and credit manager. A majority of the employees are hired and trained in Big Spring, and as they become proficient in their various departments they are afforded opportunities to take leading positions either at the local agency or at other points. Consequently, key men at all points served by the Westex Oil company are either former Big Spring or Howard county residents.

The firm gives promotions on a seniority and proficiency basis, which has proved popular with employees, as evidenced by the record of returned servicemen. All former Westex Oil company workers who have been discharged have returned to their jobs. All personnel added to the staff since VE Day are veterans. On the local payroll now are some 35 to 40 workers, as compared to a low of eight during the war.

INVITED TO TEXAS

CHAMPAIGN, Ill., April 22 (AP) Coach Ray Elliot of the University of Illinois said today he had been invited to direct the North team against a South eleven in a Texas all-star high school game at Corpus Christi, Texas, August 9. Lana X. Bible of the University of Texas will coach the South team.

BIG SPRING IRON & METAL CO. WELDING, PIPE THREADING AND MACHINE SHOP. I. WEINER

STILL A "LIFE-SAVER"—During the war Big Spring Iron and Metal company, 1413 W. 3rd, proved to be a "life-saver" in many instances because it had supplies of pipe, etc. which made it possible to repair or install urgently needed projects. Today, with the steel situation still off-stride, the company is continuing to fill needs of many desperate customers. In addition, I. Weiner, owner, is able to offer machine shop service along with welding, pipe-threading, etc. (Jack M. Haynes Photo).

Hot Weather Calls For New Beauty Treatments

Summer weather is already here, and summer itself will be coming before too long, so in preparation, the Settles Beauty shop advised that ladies prepare themselves with sun-toned make-up and easily kept hairstyles.

After a winter of closed windows and dry artificial heat, Mrs. Ina McGowan reminded that the skin will likely be roughened and pale in color. Since the bright summer sun brings out the flaws both in color and texture, beauty conscious ladies should get to work immediately with creams and lotions to get into condition for the light summer make-up.

The Settles shop has complete lines of Contours and dermatics creams and lotions for a beautiful complexion. For the "pink" of condition, there is a lotion which makes the skin blush, operating on the theory that when the blood is brought to the surface of the skin,

the epidermis is stimulated and impurities are washed away. Until that summer tan has been acquired there are supplemental make-up shades in Revlon and Chen-Yu. When the skin has been attractively tanned there are other shades to make it even more attractive. Revlon's newest shade is "Bachelor's Carnation," and in Chen Yu there is "Firefly."

To make soft summer wardrobes more attractive the Settles has just received a shipment of lovely costume jewelry with chateaux, pendants, chokers, pins and earrings set with flashing stones. An attractive item just received is a compact with a space for loose powder, with a pat of rouge set in the back. A tube of lipstick forms a short handle. The set can be obtained in an ivory plastic with a rose molded in the top, ivory with the rose in handpainted tints, or in black with an edging of rhinestones.

The selection of week-end and make-up kits is ideal for summer travel. The best in hairstyling and dressing is always available at the Settles, and whether it is to be the ever-popular long bob, or the talked-about short hair style, the beauticians can give the best possible work.

Thornton's Store Offers 'One-Stop' Service In Food

Summer weather enhances, rather than diminishes, the advantages of Thornton's Food Store at 1105 Eleventh Place as a popular shopping place.

Located on the main thoroughfare in the southeastern part of the city, Thornton Food has 145 feet

of parking space which completely solves this shopping problem.

Now that the summer season is at hand with picnic weather, customers will find that they may make a quick stop to supply their outing needs. For one thing, Thornton Foods has a good supply of ice cream and ice cream novelties; cold drinks, potato-chips; salad material, cookies and other nick-nacks. Besides, the vegetable case has a fresh supply of lettuce, tomatoes, etc.

Cold cuts in assorted varieties together with cheese or choice meats for broiling and barbecuing are available. Other picnic supplies, such as plates, cups, etc. are on hand.

This is merely an extra advantage, pointed out Jess Thornton, for the new, modern store always has catered to trade in quality merchandise. Complete lines are stocked in staple and fancy foods of proven quality. The meat department, under direction of A. S. Alexander, specializes in AA grade meat in addition to fresh poultry, and assorted other items. A special box cares for dairy supplies and another for frozen foods.

Handy to customers is the magazine department where 53 of the 65 leading magazines of the country are available.

For the convenience of those who are not passing that way Thornton Food has delivery service for its customers.

Three Texans Killed As Jeep Overturns

DES MOINES, N. M., April 22 (AP)—Three Texans were seriously injured Saturday night when a jeep in which they were riding near here overturned in soft dirt.

The dead: Mrs. T. W. Timmerman, 50, of Perico (Dallas county) Texas; Peggy O'Dell Presley, 7, Dalhart, Texas; and Ray Hidge-way, 32, Borger, Texas.

Mrs. Fred Presley and her small son, both of Dalhart, were seriously hurt and were taken to a hospital at Raton, N. M.

Escapes Captured

HOUSTON, April 22 (AP)—Twelve prisoners escaped from Harlem Prison Farm No. 2 near Sugarland yesterday but were recaptured within a few hours. Officers caught four of the convicts near the farm and eight others near Claude, Tex., in Harris county.

KILLED IN MISHAP BEAUMONT, April 22 (AP)—Fred Sexton, 23, of DeRider, La., was killed yesterday when his automobile overturned in the Beaumont area. A companion, Calvin Arnold Curry of Beaumont, was slightly injured.

Girl Television Director Leads Hectic, But Gay Life; Seldom Has Dull Time

Frances Rums, Television Director, and one of her assistants, directing a show.

By ADELAIDE KERR
AP Newsfeatures Writer
Let's look in on Frances Rums, one of the few women television directors. She is seated in the control room directing a show—a job that might lightly be likened to playing "Kitten on the Keys" cross-handed.

Frances is flanked on one side by an assistant director and an audio engineer; on the other side by a video engineer. Her microphone is connected to the head phones of two television operators (camera men) and to the floor manager, who is coordinating all activities for a CBS televised dramatic show.

Television One takes long shots of all or part of a scene; Television Two takes close-ups of part of a scene. Their pictures are flashed on separate screens on the board before Frances. It's her job to direct the cameras where she wants them, watch the screens, choose instantaneously the shots she wants broadcast, cue them to the actor's speeches, cue the music and sound effects and get a smooth performance on the television screen.

"Take One," she says to the video engineer. He presses a button and Television One goes on the air. "Take Two." He presses another button and Television Two is broadcast. After that "cross-handed playing" for half an hour—"You're a nervous wreck," says Frances. "I don't come down to earth for a couple of hours. I think in a few years several people will be doing what the director does now."

Frances scoffs at any thought that television may not make the grade. "It's true that we have all the problems of radio, the theater and the movies," she says, "and that we have a lot of things to iron out yet. But I am sure we

have just scratched the surface. We are trying all the time to produce entertainment that belongs exclusively to television—to television dramas that are not like the theater and pictures that are different from the films.

"Of course I can't speak for company policy, but I think dramatic programs won't be the mainstay of the television schedule. They are too expensive. We are trying to develop a type which won't be so costly."

This young addition to the long list of American women pioneers has a face that is expressionless 90 percent of the time. It is the face of a person schooled under the stern checkrein of absolute self-control. Her plain, but pretty clothes, her words and manner reflect the same restraint. When she does smile, with a sudden wide friendly grin, the beholder is astonished.

Frances started toward television from her birthplace, St. Louis, via the little theater route, came to New York, failed to land a job and was just about to start back home in 1941 to take a business course, when she got a vacation relief job as receptionist in CBS' television studio. She stayed, moving from one job to another until the company curtailed operations because of the war in 1942. Then she went to work for a commercial picture company, where she finally directed a picture. With that experience under her belt she returned to CBS when it resumed television operation in 1944 and was made an assistant director.

She never will forget the first televised show she directed—a studio boxing show. The first match ended in a knock-out in the first round. And for five ghastly minutes (while the announcer ad-libbed) one contestant in the second match failed to appear. He was marooned in his dressing room! Couldn't find his trunks.

Will there be any shortage... ten years from now?

It's very unlikely that there'll be a scarcity of things to buy in 1956. But you might be faced with a much more distressing shortage—a shortage of MONEY TO BUY THINGS WITH!

Fortunately, this is a shortage that a persistent and foresighted man can avoid. It's one you, personally, can do something about.

How? By the simple and painless process of buying U. S. Savings Bonds regularly... through a Payroll Savings Plan.

If you've been buying bonds that way—KEEP IT UP! If you haven't, start buying them now and—KEEP IT UP. And, above all, hold on to the bonds you've bought.

Result: In 10 years, you'll get back \$4 for every \$3 you've invested! And you'll get it back in nice lump sums as your Bonds come due.

You're not short of cash now. Why take a chance on being short in the future? Keep buyin' Bonds.

SAVE THE EASY WAY... BUY YOUR BONDS THROUGH PAYROLL SAVINGS

Large Field Due At Wichita Falls

WICHITA FALLS, April 22 (AP)—The All-Southwest Pro-Amateur Golf Tournament which opens Thursday at Wichita Falls Country Club is expected to attract more than 200 golfers who will compete for \$2,000 in prizes and awards.
Golf professionals representing Texas, Oklahoma, and Arkansas were among the 13 pro entries in the field. Raymond Gafford of Fort Worth and Jimmy Gaunt, Oklahoma City, champion and runner-up respectively, in the 1945 tournament, will return this year.
Johnny Whitten, Little Rock, Ark., golfer who won the amateur division last year, will be back to defend his title.
In the women's division, Mrs. Joan Barr Tracy of Dallas will be opposed by Miss Polly Riley of Fort Worth. Among pros who will take part are Harry Todd of Dallas; Gene Root, Amarillo; Frank Baker, Pampa; Fred Bedford, Fort Worth; Red Best, Abilene; Warren Cantrell, former Abilene pro; Shorty Hornbuckle of Odessa and Todd Hauk of Little Rock.

School Work To Be Resumed Wednesday

Big Spring schools will resume classes Tuesday morning after an Easter holiday period, which began Thursday afternoon.
Next major event on the extra-curricular calendar is the Senior play, "Heart Throb", which will be presented on the night of April 30. Ticket sales already have been launched by a delegation from the class.

What Can YOU DO To Get More Soap?

YOU CAN DREAM about the oceans of the soap and soap powders you need so badly... and let the facts that help make them dribble down the drain. Some day, sure, you'll get more soap. But when?
Not until the country's industrial fat supply has been built up tremendously. Right now, it is at a record low.
Suppose, though, you want soap to come back to the counter sooner... what can you do?

YOU CAN SAVE your used fats just as carefully as during the war. There's more meat now... fat to save... so it's lots easier. You American housewives are already turning in a healthy share of our present industrial fat supply. If you slacken up, naturally there'll be less fat. And less fat means less soap, less of all peacetime products.
So keep saving. You get # for every pound... and every pound makes about two pounds of the soap you need!
Where there's fat - there's soap

WASHINGTON TO NY, 29 MINUTES

WASHINGTON, April 22 (AP)—The Army marked Washington down today as just another suburb of New York—less than a half hour's ride by jet plane.
A 48-50 Shooting Star covered the distance between LaGuardia Field and National Airport yesterday in 29 minutes, and 15 seconds for an average speed of approximately 456 miles an hour or 1.6 miles a minute.
Capt. Martin L. Smith of Kidder, Mo., pilot of the kerosene-burning jet, halved the previous New York-to-Washington record of 58 minutes and 38 seconds established in 1938 by a Cessna de Seversky. Commercial time for the 226 air-line miles ranges from something under 60 to 80 minutes.
Smith said he did not mind the tail winds he expected.

Beef In Storage For Scout Feed

Enough beef to provide barbecue for more than 1,000 Boy Scouts already has been secured and placed in storage by A. Kjaappe, in preparation for the annual scout round-up which opens in Big Spring Thursday and continues through Saturday night.
The meat was purchased Wednesday, and contributions from merchants and business men of the city will be used to defray expenses. Elton Taylor is in charge of the fund raising.
Other plans for the event are rapidly taking shape, under direction of Carl Blomshield, general round-up chairman. All points embraced by the Buffalo Trail Council are expected to send large delegations of scouts to the round-up this year.

Ike Lauds A&M Contribution To Victory

COLLEGE STATION, April 22 (AP)—General Dwight D. Eisenhower told 10,000 Texas A&M Exes and visitors here at the Aggie's Easter memorial muster that a more profitable employment should be made of the reserve officers training corps than mere success in battle.
"Must we admit that only the compulsion of a common, deadly fear can produce the teamwork that is as necessary to the peaceful concert of peoples as it is to batter and crush a stubborn foe?" He asked.
He cited the "magnificent contribution" of A&M toward the Allied victory in 1945. The college furnished more than 7,000 officers, more than any other college in the nation. He solemnly paid tribute to Aggie war dead—696 in the last war and 52 in World War I.
"I can feel only lasting admiration for the Texas A&M R.O.T.C.," he said. "This admiration extends to the individual as well as to the institution that produced you."
In closing he said the R.O.T.C. graduate "is one of the great hopes of this nation—of civilization itself."
The memorial muster was a solemn climax to the Aggie three-day victory homecoming.

Weekend Brings Rush To Police Court

Some of the more boisterous Easter celebrants provided a rush for Big Spring police over the weekend, and when final settlement of more than half a dozen cases was made in city court this morning some \$425 in fines swelled the till.
Three assessments of \$50 each were doled out by City Judge Don Pross to "old offenders," and another count worth \$35 to the city helped build up the total.
Most charges were for drunkenness and affray, but also included were a few traffic violators and two small Latin-American youths picked up Sunday afternoon for destroying property in City Park. Officers apprehended the two lads as they were breaking windows in public buildings.

U. S. MILITARY CEMETERY—Dedication ceremonies are held at an American military cemetery near Athens, Greece. U. S. airmen are among those buried here.

Pleads Guilty In Liquor Case

Clarence Martin entered a plea of guilty to the charge of transporting liquor without a license in county court proceedings this morning and was fined \$100 and costs.
He was apprehended with a quantity of intoxicants north of the city Saturday by local members of the Texas Liquor Control Board.
Local TLCB authorities received word this morning that Tom Fisher, negro, who they picked up in Seminola last week on the charge of transporting liquor in a dry area, was fined \$200 and costs in Gaines county court Saturday.
Inspectors served notice on Walter C. Boon, operator of "Buck's Drive In," that his beer and wine sale permit had been suspended for 15 days for selling beer after legal hours.
Boon was fined \$100 and costs on that charge in county court last week.

Here 'n There

Capt. Wayne Hall, formerly assigned to the US Army recruiting station here and now of Abilene, was a weekend visitor.
Dr. Malcolm Black of Sterling City, who was scheduled to appear here Sunday but had to cancel his engagement, is one of the three surviving members of the "class of 1879," first graduating body of the College Station school.
Mr. and Mrs. George L. Neel arrived Saturday from California to visit with his mother, Mrs. H. M. Neel.
Bill Beeson, local state highway patrolman, now on a visit to East Texas, leaves Sunday to undergo a week's refresher course at the Department of Public Safety's school in Austin.
Bob Flowers returned from a visit to Los Angeles Saturday.
James Weaver, son of Mr. and Mrs. M. Weaver, is confined to a local hospital with a throat infection.
Mrs. Frances L. Tucker has succeeded Miss Jean Dement as a stenographer in the Farm Security Administration office here. Miss Dement returned to Dallas to take up residence.
Wesley Deats is leaving for Dallas after spending Easter holidays with his parents, Dr. and Mrs. G. W. Deats. He is a student at SMU in Dallas.
It has been announced by the Separation Center at Fort Bliss, that T-5 Samuel Bloom of 1402 Runnels Street has been honorably discharged from the Army.
F. L. Dudy was called to Dallas on business Sunday. Mrs. Dudy accompanied him as far as Fort Worth, where she is visiting in the home of her brother, Joe Bly.
Connie Ray Bly of Arizona is visiting his father, grandmother and other relatives in Big Spring.
Mrs. Prentiss Bass returned from Fort Worth Sunday night, after spending the Easter holidays there visiting friends and relatives.
Rattlesnakes were reported crawling in increasing numbers over the weekend. Henry Norris, boy scout executive, killed one this morning in the road at the entrance to the round-up grounds, and heard others sounding their traditional warning but didn't take time to ferret them out.

ASK PHYSICIAN

In spite of the fact that iodized salt can help prevent simple goiter, the American Medical Association warns that "persons over 30 years of age with any swelling of the throat that might indicate goiter should not use iodized salt unless they do so under the direction of a physician."

JC's Offered All C. of C. Facilities

Big Spring's junior chamber of commerce was invited to use all facilities of the senior chamber by J. H. Greene, manager of the senior organization, who spoke at a luncheon meeting held by the junior group Monday at the Settles hotel.
There is a definite need for a junior chamber organized to work for the betterment of Big Spring, Greene told the group.
Hoyd Wooten was named chairman of the membership committee, and a drive will get underway immediately. Announcement was made concerning the state junior chamber convention to be held in San Angelo April 25-26-27.
