

Governor Urges Legislature to Balance Budget

What reminds me...
President Roosevelt started the Tuesday in his message to the legislature asking for an immediate disposal of war provision accounts. This procedure was unprecedented and its purpose is not clear.

CIVIC LEAGUE GARDENS ARE DOING NICELY

Mrs. W. P. Leslie, chairman of the public garden project fostered by the Civic League, states that the gardens are thriving and are being well taken care of by those who are working them, and who will receive the benefit from them.

Bonus Vets Unite as "Red" Resigns

"Conservatives" of the new bonus army capitulated and joined 1100 "right wing" veterans accepting U. S. hospitality in Fort Hunt, Va., near the capital, when the latter group was relieved of some of its "red" complexion by the resignation of its leaders, Emmanuel Levin and Harold Hickerson, avowed Communists. Here is Levin offering his resignation.

RELIEF PLAN IS OUTLINED BY ROOSEVELT

WASHINGTON, May 17.—President Roosevelt sent to congress today a two-fold unemployment relief program operating through a \$3,300,000,000 public works plan and a "great co-operative movement throughout all industry in order to obtain wide employment."

Slated to Be Oil 'Dictator'

John D. Clark, above, is reported to be the Roosevelt administration's choice for federal oil "dictator." Mr. Clark, former vice president of the Standard Oil Co. of Indiana, resigned in 1928 and now is a professor of economics at Denver University.

ROOSEVELT TO URGE REPEAL BY THE STATES

WASHINGTON, May 17.—President Roosevelt is considering appealing to the states to speed repeal of prohibition, it was reported today.

Strikers Dump Wisconsin Milk

The proposed national strike of farmers has been called off, but Wisconsin dairy farmers are going right ahead with their blockade to force higher prices. Here's a picture of a milk truck being dumped by strikers.

NEW ESTIMATE OF DEFICITS IS GIVEN SOLONS

Urges New Taxes Be Raised To Meet Demands of State Before Adjournment.

Washington naturally has been on the pulse of world news for all time past. She is the inside first. Possibly, if a procedure had been done to the beginning of the war, it could have been. But what ruler over a nation has the nerve to try it. Since a not done, certain stations used to carry on their plans something at the first opportunity. They did.

The case of the State of Texas vs. Virgil Miller was called for trial in the 88th district court Wednesday morning. Miller is charged in the indictment with the theft of an automobile on April 16, belonging to Marvin Hood.

County Demonstrator Is a Busy Woman

MEXIA, Tex.—If ever you catch Miss Cora Kirkman yawning, you may be certain it isn't the result of boredom or lack of anything to do.

DISARMAMENT HOPES SLIM OVER EUROPE

PARIS.—American hopes for reduction of naval armaments before 1936, when existing agreements expire, appeared futile today in view of naval building activity throughout the world.

Fort Worth Man Held On Bond As Escaped Convict

FORT WORTH, May 17.—Ralph V. Mallory, 33, for ten years a skilled electrician, respected citizen here, today awaited the arrival of an Alabama penitentiary warden to return him to the prison from which he escaped 12 years ago.

Johnson Freed Of Theft Charge

Not guilty was the verdict of the jury in the case of the State of Texas vs. Tony Johnson, tried Tuesday in the 88th district court. Johnson was charged with the theft of an automobile from Adolph Brandon of Putnam on last April 8.

HITLER NOW IN ACCORD ON DISARMING

BERLIN, Germany, May 17.—Germany has disarmed in accordance with the Versailles treaty and now, if the other nations refuse to carry out their part of the treaty, and disarm too, then Germany is entitled to demand re-armament, Chancellor Hitler told his parliament today.

Damages Given To A. E. Rampy

A jury in the 91st district court returned a verdict Wednesday morning in favor of the plaintiff in the case of A. E. Rampy vs. Texas & Pacific Railway company, allowing Rampy damages in the sum of \$4,958.44. The plaintiff had sued for damages on alleged personal injuries received in handling bridge timbers while employed as section foreman at Rangle.

Car Theft Case On Trial In 88th

The case of the State of Texas vs. Virgil Miller was called for trial in the 88th district court Wednesday morning. Miller is charged in the indictment with the theft of an automobile on April 16, belonging to Marvin Hood.

Joe Ferguson Is Held in Burglary

Joe Ferguson was taken into custody Tuesday on a charge of burglary and theft, the complaint alleging that he had entered the repair shop belonging to E. C. Short, located on North Ross-Wood street, Eastland, a set of dies and other tools were reported stolen from the shop.

EASTLAND AND RANGER LIONS T.E.S. GUESTS

The Lions clubs of Ranger and Eastland were the ensemble guests of the Texas Electric Service company through the courtesy of J. E. Lewis and Leslie Gray for noon luncheon Tuesday at the Leon lake power plant. The long table was set on the spacious lawn and arranged to accommodate 55 people.

Uvalde Ships Six Carloads of Wool

UVALDE.—Six cars of wool aggregating 154,500 pounds were shipped from Uvalde, Catarina and Encinal during the week ending May 11.

Old Settlers Plan Meet At Victoria

VICTORIA.—The Indianola Old Settlers' association will hold its fourth annual convention here May 21, under President M. M. McFarland of Austin. The organization is made up of former residents of the once-thriving port of Indianola in Calhoun county. The port was partially destroyed by hurricane in 1875 and was finally abandoned after the hurricane of 1886.

Little Hope Held For Mrs. J. G. Hibben

PRINCETON, N. J., May 17.—Brain specialists held only slight hope today for the recovery of Mrs. John Grier Hibben, wife of the president emeritus of Princeton University, who was dangerously injured yesterday in the automobile collision which caused her husband's death.

Two Rotary Clubs Hold Joint Meet

Members of the Eastland and Ranger Rotary clubs, headed by President Jim Horton of Eastland and Dr. P. M. Kuykendall, president of the Ranger club, held a joint meeting at the Olden Power plant of the Texas Electric Service company at noon today. This was the second of these meetings, the first being a joint meeting of the Lions clubs of the two towns, held yesterday.

Steel Output Is Again On Increase

NEW YORK, May 17.—The steel industry in the United States now is operating at 35 per cent of capacity, the highest rate since the week ending June 23, 1931, estimates showed today.

Death Ends Career of Honey Exporter

UVALDE, Tex.—James Whitecotton, 85-year-old Uvalde county pioneer and fellow citizen of Vice President John Nance Garner, was buried recently in Montell cemetery, closing a career that made him known all over the United States as the chief exporter of Uvalde honey.

Denison Is Denied Highway Salary

AUSTIN, May 17.—The state supreme court today overruled a petition by Frank L. Denison of Temple, claimant to membership on the state highway commission for leave to file an action to collect the salary claimed due him for the highway post.

Abilene School Paper Gets Recognition

ABILENE.—The Abilene high school Battery has received notice from the National Scholastic Press association, University of Minnesota, that it was awarded the all-American rating among high school publications in the United States for 1932-1933.

Horse Race Bill Is Before House

AUSTIN, May 17.—Action by the Texas House of Representatives on legalized horse race betting was due this afternoon when a conference report on an appropriation bill, which carries the racing provision, will be presented.

TO PRUNE TOMATOES

CUERO, Tex.—DeWitt county tomato growers have been urged by J. P. Resborough, Texas A. & M. Extension horticulturist, to stake and prune their crop this year. County agents will demonstrate the proper methods, Resborough said.

FLOOD DAMAGES COTTON

MEMPHIS, Tenn., May 17.—Cotton planting suffered another setback in the mid-south as tributaries of the Mississippi river flooded thousands of acres of land today.

COMPLAINTS FILED

Six complaints in which criminal charges were made have been filed in Justice of the Peace Milton Newman's court in Eastland. These consisted of one for operating unregistered automobile, one for aggravated assault, two for possession of liquor and one for reckless driving.

A BIBLE THOUGHT FOR TODAY

ROAD TO SUCCESS: Commit thy way unto the Lord; trust also in him; and he shall bring it to pass . . . Rest in the Lord, and wait patiently for him.—Psalm 37: 5, 7.

BILLIONS OF GOLD IN CALIFORNIA

For years and years California has been advertising sunshine. Now the publicity agents of the Golden Coast state are advertising gold—gold said to be under the surface of the earth. State Mineralogist Walter Bradley is the big ace of the publicity men. He is telling it to the world that more gold remains hidden in the earth of California today than has been mined in the state since gold mining began in 1849. Indeed, Colonel Bradley is telling it to the world that most engineers believe that at least two billion dollars worth of gold—half the amount of gold held in United States banks—remains in California soil awaiting lucky miners.

Is this a hint that the California tourist crop of 1933 is expected to hit a new high level?

It appears that President Roosevelt made a great mistake when he put over his tree planting plan to furnish labor to an army of the unemployed. He should have turned the recruits loose in the placer fields of the Golden Coast state and made it possible to increase the gold reserves of the nation by an additional two billion dollars.

Sen. Williams Gibbs McAdoo should have kept his ear closer to the California earth surface. McAdoo is a very wise man. He never sleeps at the switch, but he missed the two billions said to be under the thin surface of his adopted state. Now a wild cry will issue from the throats of thousands—"California, here I come."

SEN. HOPKINS' STATE BANK BILL ON THE WAY

Texas lawmakers are to be congratulated. The senate bill sponsored by Sen. W. K. Hopkins to allow the state banking commissioner to liquidate hard-pressed state banks without pressing them into receivership was passed Thursday by the house of representatives.

Representative Emmett Morse of Harris county looked after the passage of the bill. It tracks the Roosevelt regulation for the liquidation of hard-pressed national banks the nation over without placing them into receiverships or bankruptcy, thus having hundreds of thousands of dollars for the depositors who are most concerned. In other words, the Hopkins bill was designed to reduce the cost of closing out state banks and to increase the yield from assets.

It is an enactment worth while and the lawmakers should be given the thanks of all the people.

In spite of the fact of what some people say about prisons being comfortable places, the number of people who try to break out of prison is still larger than the number who try to break in.

The span of life seems to increase with each generation and there is less and less cause to worry about dying young.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

GAULT MACGOWAN, managing editor of the Trinidad Guardian, Port of Spain (B. W. I.), says:

"If the Pilgrim Fathers were to land anew in America, they would have no difficulty in prescribing a cure for the present depression.

"Accustomed as they were to refer to the Bible for direction in all their problems, they would not have had to look further than the twenty-third chapter of Exodus where the Children of Israel were enjoined to cease production every seven years. Fields and orchards were to be left to lie fallow, and the cattle to roam wild.

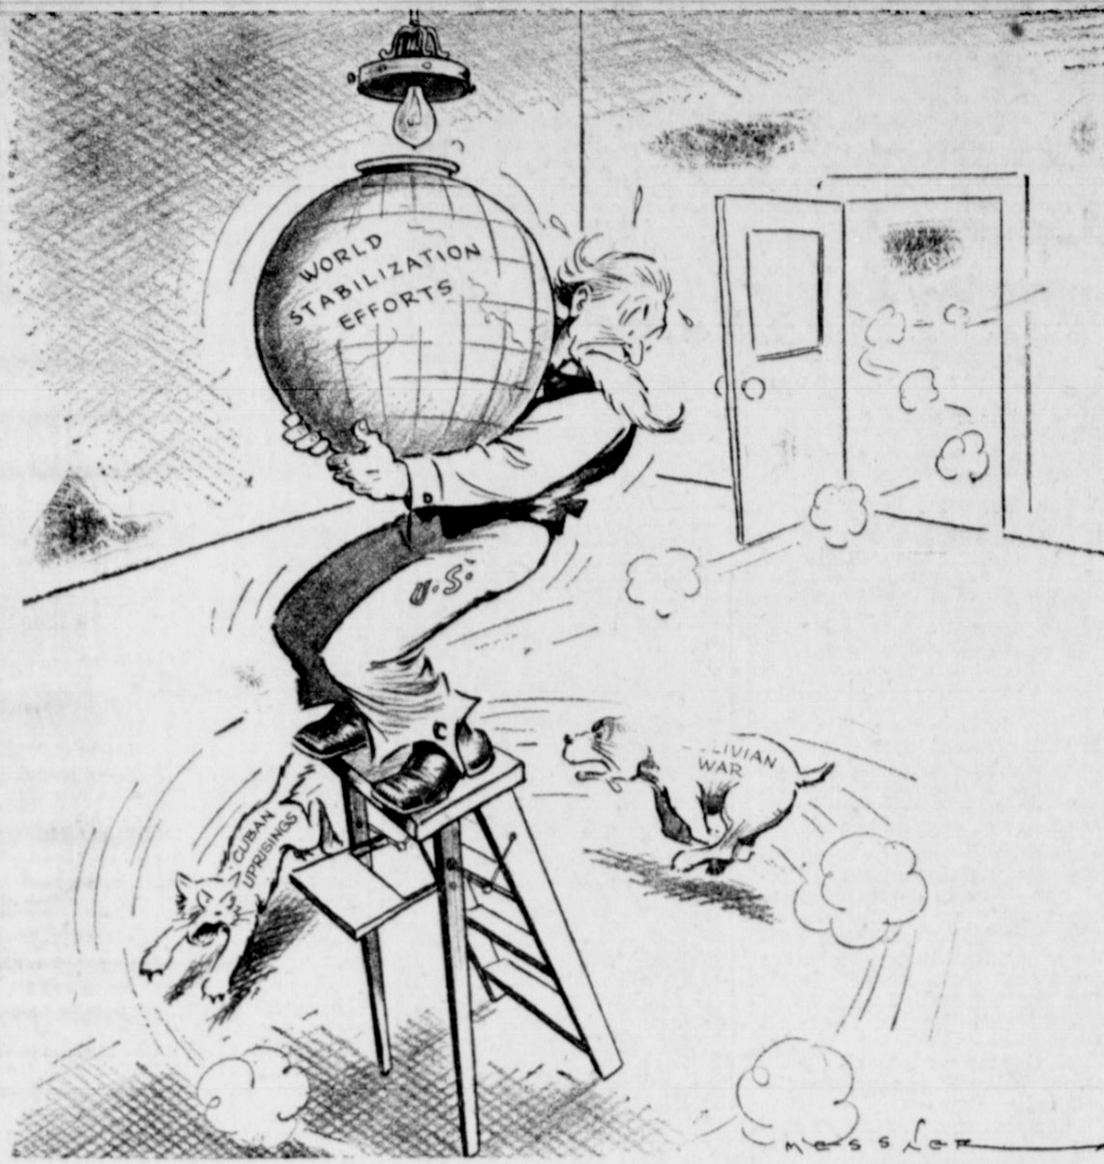

"Even Mr. Howard Scott, the technocrat, could scarcely quarrel with this procedure. If, as the technocrats suggest, we cut the present working day in half—that is to say worked only four hours a day instead of eight—it would be exactly the same thing as taking 12 months holiday every seventh year.

"Of the two courses, any director of industry would infinitely prefer the Israelitish solution, since it is a waste of effort to start work and then abandon it. The best way is to work hard on a job and then finish it.

"If we all knew that we were in for a holiday every seven years—apart, of course, from essential services—there would be no talk of the menace of the machine or any other department of public enterprise. Calculating from the Biblical date of the creation of the world 4004 B. C., it is an odd coincidence that 1932 should have been a holiday year, the 848th cycle of seven years.

"It was in 1932 that economists were crying out all over the world to cut production as a solution of human problems. I wonder how many of them knew that the problem had been settled for them in 1491 B. C. when the regulations were laid down for cultivation of the promised land."

BEHIND THE SCENES IN WASHINGTON

WITH RODNEY DUTCHER

WASHINGTON.—A big boost for agriculture and a hard sock for the oil industry and all users of automobiles is bound up in the proposal to compel the blending of alcohol with gasoline as a method of farm relief.

There has been no end of a whoop-t-doo over this plan, which appears to have captivated large sections of the grain belt through its promise of a market for millions of bushels of corn and other crops.

For a while the movement, represented by bills in Congress, seemed sure to be buried by a flood of propaganda from oil industry lobbies. But now the Department of Agriculture, following a request from the Senate to investigate, has come forth with such a rosy picture of the results that the campaign has regained momentum.

There are about 2 1/2 gallons of alcohol in every bushel of corn, 2.8 per bushel of wheat, two gallons per bushel of barley and lesser quantities in other starch-laden products. Farmers and farm organizations want the government to force a market so they can turn large surpluses into alcohol. Proposed legislation calls for blending of from 2 to 10 per cent of ethyl alcohol with gasoline, to be achieved by imposing penalty taxes on unbled motor fuels.

The economists, chemists and farm engineers of Secretary Wallace's department find that use of 2 per cent alcohol would utilize about 12,000,000 bushels of corn

Commission To Finish Hearings On Gas Charges

FORT WORTH.—The fight of Texas cities for lower gas rates will near an end here May 29 when the Texas Railroad commission meets in what may be the last session of its inquiry into the fairness of gas rates charged by the Lone Star Gas company.

While attorneys for the utility and state studied volumes of testimony, the United States Supreme Court unexpectedly announced a decision that may have far-reaching consequences for the household who burns gas in his home next winter.

The high court approved the California railroad commission's ruling which cut \$30,000,000 from the Los Angeles Gas and Electric Corporation's rate base.

The rate base reductions ordered and those sought by the Texas commission are strikingly similar. The California commission cut off charges of \$9,228,667 for "going concern value" of development business; \$2,500,000 for promoters' remuneration; and \$5,921,470 for financing by a holding company.

In an effort to secure lower gas rates for the bricklayer and banker, and all other consumers, Texas

Constable Rec Fine of Three

SPOKANE, Wash.—John Simons was fined three dollars and costs here recently, but stable Rooney, and not the constable, was the recipient of the pig's complaint of "cretel hogs." Rooney said he had \$15 for feed for the pigs to them from starving while the Simmons room. It was that it would do no good if Simons in jail, so he was ordered to turn over the pig to make up for the humane constable's feed bill.

Readers Luncheon Club

Mrs. James Horton entertained the Readers Luncheon club in a delightful fashion, at the handsome Horton residence, Tuesday.

A color motif of pink and yellow was carried out in the appointments of the luncheon tables, laid in maderia and centered individually with a bowl of pink snapdragons, flanked by pink lighted tapers in silver holders, and a plateau of nasturtiums, with yellow lighted candles, obtaining for the other table.

Places were marked by attractive cards, in yellow tyme, quaint design, matching colors.

The delicious menu brought a salad course, and the luncheon plate of individual chicken pie, browned new potatoes, asparagus, hot rolls, iced tea with mint and lemon, and last course of angel pie.

The round table on "Current Events," was led by Mrs. M. L. Keasler.

Guests not members were Mrs. Raleigh Springer of Aspermont, who is visiting Mrs. Carl Springer; Mrs. Pettit of Dallas, guest of her daughter, Mrs. J. E. Hickman, and Mrs. Lex Reese of Lubbock, visiting her sister, Mrs. T. J. Haley.

Club members present were Mmes. Joseph M. Perkins, Grace Pipkin, M. L. Keasler, B. M. Collier, Leslie Gray, Wayne Jones, Horace Conley, Art H. Johnson, Carl Springer, J. E. Hickman, T. J. Haley and hostess, Mrs. Horton.

Mrs. Hickman will be hostess at the next meeting of the club, date announced later.

Clever Leaf Club

Mrs. Carl Garner entertained the Clever Leaf club Tuesday afternoon in an atmosphere of garden flowers and roses, and with attractive rose and black bridge table appointments, in harmonizing motif.

Four tables were arranged for auction, and occupied by guests, Mmes. Roy L. Allen, Veon Howard, Jimmie King, Lester Crossley, Galand Poe, James Harkrider, John Burke and Miss Faye Crossley, and club members Mmes. M. C. Hayes, W. E. Brashier, Carl Johnson, Joe Coffman, Collins, V. A. Thomas, E. R. Johnston, and Hissman Hankins.

At close of a delightful game, high score favors were awarded Mrs. Johnston, who received two guest towels, and Mrs. Veon Howard, awarded a pair of silhouette medallions.

The cut-for-all favor, similar medallions, went to Miss Crossley.

At five o'clock a dainty tea plate was served on lettuce with mayonnaise topping, toasted wafers, pickles, iced tea with mint and lemon, and mousse with whipped cream topping.

The club will meet May 30, with Mrs. M. C. Hayes.

Busy Bee Sewing Club Meets

The Busy Bee Sewing club met for the first time Thursday, May 11, at the home of Mrs. Clifton A. Horn, 112 New street, from 3 to 5:30 p. m.

Those attending were: Mmes. Jimmie Beale, Clyde McBee, Olive Stover, Argie Fehl, Earnest Daniels, Guy Dunham, Floyd McBee, and C. A. Horn, hostess.

Refreshments of strawberry short-cake, whipped cream topping, minted fresh fruit punch, was served. Plate favors, nose-gays of sweetpeas and fern.

On May 25 the club will meet at the home of Mrs. Jimmie Beale.

Barquet For Seniors

At a recent committee meeting, called by Mrs. J. LeRoy Arnold, chairman, the plant of the committee in charge of the banquet and party for the senior class of the Eastland high school, was developed in detail, and the seniors will be tendered a banquet at 7 o'clock next Monday evening at the home of Mr. and Mrs. C. A. Martin, 1301 South Mulberry street, corner Burkett boulevard.

Following the banquet which is hosted by the parent-teacher association and the mothers of the seniors, the young people will be entertained at the Connellee theatre as guests of Mr. and Mrs. George W. Belcher.

Members of the committee, who attended the meeting were Mmes. Arnold, Clyde A. Martin, J. A. Stover, R. L. Perkins, Ross Moorhead, Frank Lovett, W. C. Marlow, and S. W. Kitley.

PERSONAL

Gilbert Clark is confined at the home of his parents, the Walter I. Clarks, with the measles.

Miss Jessie Lee Ligon, Miss Nina Whitfield, and Miss Merle Tucker were Dallas victors from Sunday to Monday night.

Joseph M. Perkins has returned from a several weeks absence during which he visited in Massachusetts, and Washington, D. C.

Mrs. Carrie Slaughter of Dallas was the week-end guest of her daughter, Mrs. Virgil T. Seaberry.

Mr. and Mrs. Raleigh Springer and small son James Lewis, of Aspermont, were the guests Monday and Tuesday of Mr. and Mrs. Carl Springer. The men are brothers.

Hoover drove the bonus boys out of Washington with bayonets and gas. Roosevelt plans to drive them out by offering them work.

SISTER MARY'S KITCHEN

BY SISTER MARY NEA Service Writer

ABOUT this time of year our thoughts begin to turn to cold desserts and naturally, ice cream comes first to mind. Nourishing and popular with both children and grown-ups, it satisfactorily solves the sweet problem for many hot weather meals.

A very easy way to produce different flavors and varieties of ice cream is to use candy. All the hard varieties of candies, chocolate coated or plain, can be used without additional sugar. Some of the "cream" candies may require a little additional sugar added to the foundation mixture.

Many Candies Suitable

One-half pound of candy is enough to sweeten and flavor one quart of custard or other foundation mixture. There is a wide variety from which to choose. The stick candies, fruit lozenges, the hard "stuffed" candies, the chocolate coated and platin marshmallows, the nut brittle and so on through the list offer flavors for delicious desserts.

Of course, any favorite recipe can be used for the foundation dessert. Junket, custard, mousses, parfait, ice and sherbet can be flavored and sweetened with the candies.

If the candy is crushed and allowed to dissolve in the foundation cream before freezing, an even color is produced. An attractive mottled effect is obtained if the candy is coarsely crushed and added to the cream mixture just before freezing.

Candy Ice Cream

One pound stick candy, 6 cups

standard or "coffee" cream, 1/2 teaspoon salt.

Scald cream in double boiler. Remove from heat and add salt, and finely crushed candy. Cool and turn into freezer cold. Pack in six quarts ice to one part ice cream salt and let stand three or four hours. Serve with hot chocolate sauce or plain, as preferred. You can use any kind of hard

Tomorrow's Menu

BREAKFAST: Pineapple juice, cereal cooked with dates, cream, crisp toast, milk, coffee.

LUNCHEON: Pan broiled liver sausage, creamed potatoes, new onions, fig cookies, milk tea.

DINNER: Onion soup with cheese, vegetable plate, banana and crisp salad, rhubarb Betty, milk, coffee.

Legal Beer Adds To Highway Junk

TYLER—Legal beer in Louisiana is contributing to the junk on East Texas highways in the opinion of Pat Ellard, who operates one of the state's electro-magnetic highway scavengers.

In recent weeks, the magnet has picked up many a bottle cap along Texas highways leading from Louisiana.

The quantity of tin cans, bolts, snuff boxes, automobile springs and nails the scavenger machine picks up in a mile varies from highway to highway, but Ellard estimates the average around 50 pounds a mile.

In East Texas, particularly around old Jefferson, once a marketing and shipping center, the highway scavenger has picked up scores of square nails, relics of ox-cart days. Most of them, believes Ellard, were dropped from the wagons of generations ago and washed up by rains.

The state's scavenger machine is a truck carrying a low-slung metal bar over six feet long and 18 inches wide. It is made magnetic by a small power plant at the rear of the truck.

"I never had perfect vision," says Billy Evans, former big league umpire, commenting on having some of his Cleveland players' eyes examined recently. So far Billy is the only umpire to admit it.

That Reminds Me

(Continued from page one)

the nation preparing for commencement exercises. Thousands of students will receive their admonition and a sheeps skin. What of their future? All communities must solve the problem. The graduates must have something to do. It's time to think about it, and think hard, and then give youth the chance it deserves. They must carry on in the future. The "crop" of graduates from last year was large. Many of them are hitchhiking from one end of the country to the other. Others are remaining within the bounds of their home communities. Count them and see how many of them are in some kind of constructive labor. If the schools have prepared them, the reaction should reward them for their efforts. A good citizen is busy; a good citizen sees that the youth keeps busy. All of us are responsible. Help them to win the battle of life. It's up to YOU.

Don't forget to drop up a line, if you like the Eastland Telegram. We want to make it the kind of paper you would like to have. It belongs to you. Why shouldn't we do as you say about it? We're for Eastland, first, last, and all the time.

Congressman has proposed a constitutional amendment that no one shall have more than a million dollars. Wrong idea, congressman. What we need is a constitutional amendment that no one shall have less than a million.

PENNEY'S COTTON CARNIVAL

Sheer Cool Wash Frocks at a mere cool \$1.00 for 3

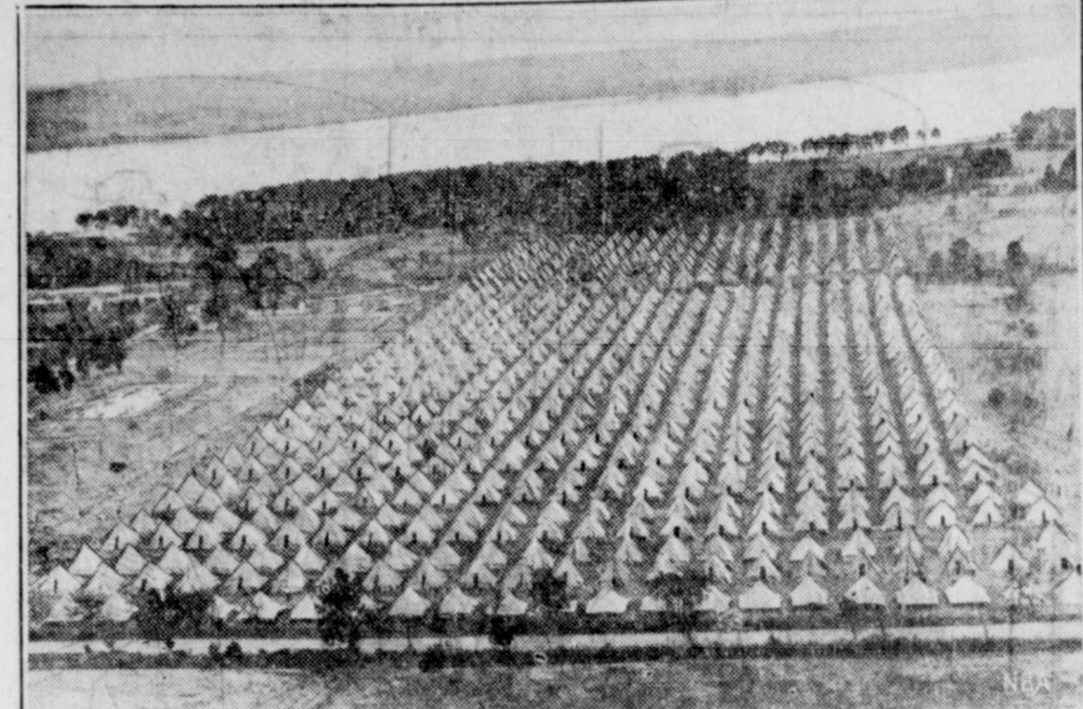

Try to Match Them for Value!

Your dollar pays good dividends in coolness and attractiveness when it's invested in three of these charming and colorful wash frocks! In sheer plaids, florals and dots! Women's and Misses' sizes.

'Tenting Tonight'—On the Old Bonus Front

Here is the tent camp at Fort Hunt, Va., across the Potomac from Washington, that the government has erected to house members of the new bonus army. It has facilities for 6600 cash bonus seekers.

Fireside Games of '80's Still Popular

CHICAGO.—The fireside games of 1883 still are the parlor—and basement—games of 1933.

Hundreds of displays at the American toy fair recently held here showed that the modern family still plays at ring toss and checkers, anagrams and tiddlywinks—all popular indoor sports of the early '80s. Manufacturers have added only, perhaps, a little more chance-taking to the games.

Construction of gaming rooms in cellars has led to a revival of pop-gun and bee-bee gun games for adult players, exhibitors pointed out.

Jig-saw puzzles still hold sway and their makers claim the hundreds of new designs in the brain teasers will keep fans fitting pieces together for the next decade.

A 1933 boom in roller skates for adults prompted a variety of new models in that division, exhibitors claiming greater speed and balance.

CITY IS AIRMINDED

PASCO, Wash.—This city is air-minded, and a severe dust storm isn't enough to keep the home folks from turning out when a new model airplane visits the local airport.

Nearly everyone from the mayor down saw the new model all-metal, low-wing, twin-motor, two-pilot Boeing transport planes put into service between here and Boise by United Airlines.

Brothers Had Close Calls Same Time

KINGSTREE, S. C.—Mrs. Tom Epps' two sons, both in the navy, suffered narrow escapes from death at almost the same time, though they were nearly 3,000 miles apart.

Wessie Epps, her younger son, was put into port at Long Beach, Calif., just one hour before the recent earthquake. The shock rocked the boat and the building into which the sailors were to be released was totally destroyed, causing one death. Epps suffered an injured hand and was given a month's furlough, but he spent the night walking about the city dodging falling missiles.

Isaac Epps, the other son, was on shore leave in Connecticut. He was going to New London in a newspaper truck which was wrecked and four of the six men riding on it were killed.

Splash Day to Open Corpus Christi Season

CORPUS CHRISTI, Tex.—Huge crowds of out-of-town visitors are expected here May 26 when the summer season will be opened with Splash Day. Extensive plans are being made to attract tourists, the city's "biggest asset," according to Oscar C. B. Nau, chairman of the plans committee.

Lions Registering For Convention at Lubbock May 21

LUBBOCK.—With a steady flood of reservations coming in daily from all parts of Texas, attendance estimates for the annual convention of the Lions clubs of Texas, which is to be held here May 21, 22 and 23, is placed well over the thousand mark. State officials expect the convention here to set a new attendance record.

With 246 clubs in Texas, total Lions membership 7,000 almost guarantees over 1,000 delegates to the state convention here. Ben Condray, president of the Lubbock club, said today.

Chas. H. Halton, Wichita, Kans., president of Lions International; Juan C. Hyer, Fort Worth, immediate past president, and other prominent Lions of the five countries affiliated with Lions International, the United States, Canada, China, Cuba and Mexico, will be here for the convention.

Under the direction of C. B. "Brownie" Akers, chairman of the entertainment committee, an array of local functions including a big chuck wagon barbecue, banquets, breakfasts, dances, golf, and other entertainment has been arranged. Post convention trip to the famous Carlsbad Caverns in New Mexico has been planned.

Reports and discussion of underprivileged child work for the past year and discussion of a program for the next year will be prominent in the convention business session.

Turkeys Improved By Special Diet

By United Press
GUERO, Tex.—The turkey-poult-mortality rate in the Guero county demonstration flock held to 20 per cent by feeding birds a mash mixed with certain minerals. An average of 15.6 per cent of birds marketed had crooked breastbones.

Improvement keeps up. One of these days we're going to open our door just a crack, stick our nose out and say "Scat!" to the wolf.

Modernize YOUR KITCHEN WITH the NEW HAMILTON BEACH FOOD MIXER

Old-fashioned kitchens with tiresome, slow hand-operated mixers and beaters are out of the picture where modern homemakers are concerned. The new Hamilton Beach Electric Mixer has speeded up meal-preparation until whatever you do—mix, beat, grind, stir, whip or slice—only requires a fraction of the time and effort it formerly did. Add the power unit that is now available and potato peeling, shredding or chopping can be done just as easily.

Ask to see the new model Hamilton Beach—you'll take one home with you.
