United States Urges Universal Disarmament

What reminds me...
Another good rain covered most of the county Sunday morning. It adds more zest to the possibilities of a good harvest. With factories opening up... the demand for products increasing... we should advance to let the farmer show a little profit for several years... That means more business and more happiness means a happier standing in this good old city of Eastland.

Business men can reflect on a day when they seem to have a weight on their shoulder. When they groan... out of tune... and important. This kind of concern reacts towards the detriment of those who are putting their hands to the wheel and trying to show the people the best place to come and buy their needs.

Politics is also a bad thing to discuss during business hours. It is a waste of time and energy. It is a waste of time and energy. It is a waste of time and energy.

Every single business institution in business as a public service. It deals with the public masses, if you please... they always prospective customers whether they trade with a merchant now or not... they should be dealt with every courtesy... the rules of personal opinions.

Each individual runs his or her business. Upon the way and how it is run... depends entirely on the results as will be shown on the profit and loss sheet. Any man that is losing money... the time to get out of it... the time to get out of it... the time to get out of it.

Eastland needs now is a... Then the several thousand... that is leaving town... annually every week will... here... and go through the... of the local business cash... to be put back in the... and keep circulating in East... Surely there is some man... group of men big enough in... mind to see that we do have a...

Eastland County Federation Meet

Reports of officers and committee chairman featured the closing meeting of the Eastland County Federation meeting, Saturday, in the Methodist church, Flatwoods. The morning session, presided over by the retiring president, Mrs. Joseph M. Perkins, opened at eleven. Mrs. M. H. Haggman, Ranger, Chairman of Art, reported the continued use of the County Federation Travelling Art Exhibit. An interesting sidelight on the influence of the pictures on the schools was presented by Mrs. W. H. Mullings, Eastland. Who stated that several schools have purchased pictures for their own use and that two original pictures, drawn by school children, have been given to the office of the County Superintendent, to be framed, as an appreciation for the exhibit. Mrs. W. A. Martin, Eastland, as Library Chairman, called on representatives of the Rural Club to present on the use of the County Circulating Library in their communities. Flatwoods, Bass Lake, Grapevine and Ranger presented the books and asked for additional volumes. Children's books and poetry are especially desired. Officers reports were presented for the year.

Miss Sallie F. Hill, District Agent from College Station, made the address of the morning. She has attended three Eastland county Federation meetings during the past year and is always a most welcome speaker. She expressed appreciation for the appropriations made in past years to send representatives to Short Course at A. & M. Twenty-five dollars was appropriated by the organization to pay the expenses of a man and woman to A. & M. in July. For ten years the County Federation has sent from one to three delegates each year.

Reports of the school for Home Demonstration members, held in the court house, Eastland, last week by Mrs. Minnie Fisher Cunningham, College Station, were made by Mrs. Bert McGlamery, a visitor at the school and by Mrs. Lois Pitcock.

One of the projects of the president has been Rural Recreation and the noon hour was a demonstration of this. Long tables were spread in the shelter of a large arbor and the hostesses of the day, Flatwoods Home Demonstration Club, dressed in white uniforms, served a bountiful dinner to club members and guests.

Mrs. J. E. Hickman, Eastland, directed recreational games and singing before the formal opening of the afternoon session. Mrs. Louis Pitcock, delegate to the convention recently held in Midland, continued her report, part of which had been given in the morning. Judge Clyde L. Garrett greeted the representatives of the towns of the county and asked the cooperation of the County Federation in properly caring for the court house property. He stressed the need of a part time matron, especially on Saturdays and trade days. In response to his request a committee, consisting of Mrs. M. H. Haggman, Mrs. J. E. Hickman, Mrs. D. L. Childers, drew up resolutions to be presented to the Commissioner's Court and to the County Board.

MAN SHOT IN ALLEGED PLOT OF BURGLARY

RANGER, Texas, May 22.—A young man who gave his name as Robert Neal Thompson and his home as Coleman, was shot Sunday night about 9:30 as he was trying to break into the Leveille-Maher Motor company, Ranger, according to Ranger police.

A window in the building was broken, which aroused one of the employees of the company, who was sleeping in the building, and he got out a shotgun that was kept handy for such an emergency. One shot was fired, the lodging striking Thompson in the right chest and around the neck and face.

He was taken to the City-County hospital, where physicians said his condition was not considered serious. He was expected to be able to leave the hospital tonight or tomorrow.

Arrangements were being made this morning for bond in the case, which was to be signed by a grandmother who lives at Baird, officers said.

PHILLIPS IS NAMED CHAMP OF TOURNEY

RANGER, Texas, May 22.—James Phillips, West Texas proff champion, added to his collection of championships Sunday afternoon, when he defeated Gid Faircloth in the first flight finals to win the third annual invitation tournament. Faircloth was 1-up on Phillips at the turn only to have the West Texas champion come from behind to take the match on the last nine by a score of 3-2.

In battling his way to the championship, Phillips defeated D. A. Harkrider, who was crowned champion last year, H. H. Vaughn, city champion before he met Gid Faircloth, medalist of the tournament.

D. Tulley of Eastland defeated Less Swofford of Ranger in a 19-hole match to take the second flight honors.

Don Bearden of Ranger defeated L. H. Creager of Mineral Wells 5-4 to take the third flight honors, while Nick Nickleson defeated D. M. McMahon of Cisco in the fourth flight.

Public Works Fund Sought For Roads

WASHINGTON.—The fight to get a substantial part of the president's public works program allotted for highway improvements can be won if motorists will help, but the money will be spent mainly in those states which value good roads sufficiently to spend their own money on them, as well as the government's.

This was the substance of an interview with Col. Ike Ashburn, executive manager of Texas Good Roads association, who is at the national capital in the interest of getting federal public works money for Texas highways.

"Two things should be impressed on all Texans," Colonel Ashburn said. "First, all citizens who know the value of good roads should wire, or urge some organization to wire, their representatives, especially Congressmen Patman and Sanders, urging allotment of public works money in Texas to roads."

"Second, they should impress upon their state legislators the vital need of retaining all present state road-money for roads. It becomes increasingly plain here that the attitude of each state toward its own highways will be the yardstick by which federal money will be apportioned.

BEER WARFARE FLAMES ANEW IN THE CITIES

Warfare spread rapidly today on the Texas beer front.

In Amarillo officers again raided the C. L. Gathright cafe and confiscated a quantity of 3.2 beer. Gathright who was sampling a bottle when county and city officers entered, made bond of \$750.

In Dallas the sheriff and his deputies went into action when Judge Noland G. Williams charged the county grand jury to investigate reported sale of 3.2 beer in violation of the Texas Dean law.

In his charge, Judge Williams said, "You all know the federal government permits the sale of liquor of 3.2 per cent alcoholic content in states which have laws of their own prohibiting sale."

"The Dean law in our state prohibits the sale of any intoxicating liquor containing more than one-half of 1 per cent alcohol. I want you to investigate. If you find the alcohol contains more than the legal amount of alcohol, it is your duty to indict those persons guilty of violating the law."

Attorney General May Advise On Federal Oil Bill

AUSTIN, May 22.—A resolution was introduced in the Texas Senate today to send Attorney General James V. Allred to Washington in an advisory capacity on the congressional measure for federal control of the oil industry.

Senator Grady Woodruff of Decatur, introduced the resolution. It is a protest against federal encroachment in a situation which the state can handle, Woodruff said.

Building Permits Show An Increase

AUSTIN.—Building permits in Texas, according to reports to the Bureau of Business Research of the University of Texas, from 36 chambers of Commerce throughout the state, showed an increase of 19 per cent as compared with April, a gain substantially larger than the normal seasonal increase of 1.2 per cent indicated by records from 1927 to the present.

The total of \$1,488,276 in building permits for the state is pitifully low and is less than half the total of \$3,216,631 for April last year. Fourteen cities reported increases in building permits for April as compared with the preceding month—Austin, Corpus Christi, Dallas, Fort Worth, Houston, Laredo, McAllen, Plainview, San Angelo, Sherman, Temple, Tyler, Waco, and Wichita Falls. Five cities awarded permits over \$100,000—Fort Worth, with a total of \$388,000, the state leader with second with \$270,916; Dallas permits totaled \$188,759; Houston had \$182,678, and Austin was the last of the cities having permits of over \$100,000, with \$123,025.

The governor suggested that only slight corrections be made to insure the validity of the bill.

Funerals Today For Victims of Auto Accident

Funeral services were being conducted today for O. L. Tidwell, 38, and Clyde J. Broyles, 20. The men were victims of a car accident on the Cisco-Breckenridge road a short distance north of Cisco late Saturday night. Both autos were demolished. Tidwell, married, was killed instantly. Broyles, single, died a few hours later in a Cisco hospital.

Miss Juanita Day, 25, of Cisco, who was with Tidwell returning to Cisco from a dance; and a man named McCann, of Desdemona, who was with Broyles, were slightly injured when the two cars collided.

Relief Workers Start Paving An Alley

The Eastland relief forces started work Monday morning surfacing the alley in the rear of the Texas Electric Service Company building. Another crew began work at the same time putting out grass on the lawn in front of the High school building.

Jury Cases Called In County Court

A jury panel of 24 men reported for duty in the County Court Monday morning and Judge C. L. Garrett went into the trial of jury cases. The first case called for trial was that of the Graham Mill & Elevator Company vs. R. R. Hardwick, which involved a note and an open account.

Damage Suit Ends With Agreement

The case of A. J. Johnson vs. the Texas & Pacific Railway Co. was called for trial in the 88th District Court Monday morning, with a jury panel waiting. However, the attorneys announced that they had reached an agreement allowing Johnson \$1500 in his suit for damages. As there was no other case set for Monday the jury was excused until Wednesday morning at 9 o'clock, when the case of R. G. Burnett vs. the Texas Employers Insurance Association will be called for trial.

Suit Is Filed On Phillips Oil Co.

AUSTIN, May 22.—Suit was filed today in district court here by Attorney General James V. Allred against the Phillips Petroleum company, claiming \$33,227 due the state permanent school fund on oil and gas leases on public school land.

THE BOIL COMES TO A HEAD

A few days ago the State Bankers' Convention was held at Mineral Wells. One of the principal speakers was State Banking Commissioner, James Shaw. Among other things Mr. Shaw said: "Since the early fall of 1929, we have been in this thing we call the depression and the banking department has certainly been a very active place."

"The recent bank holiday seemed to bring things to a head. It just seemed to operate something like the lancing of a boil, for since that time I have never seen a more confident spirit in men than in bankers with whom I have come in contact. The atmosphere of uncertainty and fear that was evident on every hand seems to have left since that memorable Sunday night speech of President Roosevelt and since the opening of the banks Wednesday, March the fifteenth."

"On the day the holiday began we had 528 state banks in operation. On the day the authorization came all but 45 state institutions were allowed to open on a full time basis, and since that time those that were on a restricted basis have been reduced from 45 to 21. Only a very small percentage of the assets of the state banks of Texas were affected in the restriction. In fact, out of the total of approximately 150,000,000 deposits in all the state banks as of March 1, 1933, there is under restriction at this time only 3,500,000 deposits in the 21 banks and these represent only two and one-half per cent of the total of the state banking department."

In concluding the commissioner gave this advice: "My friends, this is the time for every man, woman and child to take stock of himself and re-affirm his confidence in the greatest country on the globe, the United States of America, to face the future with confidence and to do some constructive thing every day to help restore our equilibrium to the end that happiness and sound general prosperity will return to us. Our future is just as surely assured as is our glorious past."

A GOVERNOR'S CHARITABLE ACT

A convict in the Alabama penitentiary was a "trustee." He was doing time on a conviction for automobile theft with only a few months of a two year's sentence served. One day he walked away. For 12 years nothing was heard from him by the prison authorities.

Monday, a young man at Fort Worth was taken into custody on a minor charge. Officers discovered that he was the same man that, as a youth, walked away from the Alabama prison 12 years ago. In the meantime he had acquired a wife and three children, had worked for the same company there during most of the 12 years as an electrician, had gained the confidence of his employer and his neighbors. The employer was willing to keep him regardless of his former incarceration. The wife was deeply grived, but expressed her faith in him, determined to carry on as best she could until he should again be free. Word came to him that the prison warden was on his way to take him back.

Then the governor of Alabama wired the authorities at Fort Worth that his state did not wish to return the man to prison, saying: "He has proven himself a useful citizen and to bring him back to prison would serve no good purpose." This is an expression of wisdom from a man of power. But still further wisdom was shown by the governor. He did not pardon the man, neither did he grant a parole. He just decreed that as long as the man remained a good citizen he would not be molested. Doubtlessly, R. V. Mallory will continue a good citizen as long as he shall live.

During the kite flying season thoughtless youngsters can be seen on the streets engrossed in this pastime to the imminent danger of their necks, to say nothing of the anxiety they cause the motorists. Kite flying on public streets in most cities is not permitted, but what does healthy boyhood care for such laws? In the interest of public safety, however, it is the duty of parents to enjoin the youngsters to refrain from using the streets as a base for such operations.

The Brazilian American, in speaking of Brazil, says it has an area larger than the whole of the United States and two-thirds of Alaska combined, over 40 million people, an inexhaustible supply of practically every natural resource known to man, a coast line of over 4,000 miles, and every kind of climate there is. Some country!

It seems to have become a habit with those engaged in compiling statistics to periodically assure the public that there are signs of improvement somewhere. People read and in some cases are heartened.

Written at the Oklahoma Biltmore hotel in Oklahoma City—History teaches that nations have become great or have deteriorated in accordance with the quality of leadership they were able to command during crises.

Variety is the spice of life. It is also the spice of business. Those who acknowledge that fact are the ones who are the leaders today.

The Mayoralty Race in New York

ON LEAVING SCHOOL

By O. FORD

Remember how you felt when you finished high school? I do. I felt like old man Atlas, with the weight of the world on my shoulders. The world was waiting in darkness for my class to save it. We were the torch bearers. It was a large order.

I don't know when I woke up and discovered that instead of finishing school, I was really only starting. I took a course in a university but that wasn't anything to the course I've been taking ever since in the university of the world. I am taking post graduate work now in the university of hard knocks. That all comes in a lifetime. The art is learning how to BOUNCE after we are thrown for a fall.

I remember the shocks I experienced when I stepped out in life, from the dreamy, inspired atmosphere of a large high school. It was no end of a surprise to me that somehow I couldn't find anything very much wrong with the world in general when at last I came to view it as close inspection. The sun was rising in the east and setting in the west as it should. Men were running banks, stores, farms, offices, and everything was running smoothly. Women were managing homes, children, or working in offices or schools, as their individual life had placed them, and they looked very efficient to me.

That very summer though, an old Indian gave me a lift in the right direction when I had ridden by the ranch to show him my new saddle I had made in Sheridan Wyoming, and of which I was extremely proud. I stood aside gazing at it fondly, and waiting for his approbation. None came. I asked, "Adam don't you like it?" "No," he grunted. "Why not?" I asked in some show of anger. "TOO NEW" was his short reply. Then he proceeded to tell me in his faulty English that I too was "Too New." That in order to deserve any notice, I should DO something. TRY SOMETHING. He liked OLD IDEALS, OLD FRIENDS, OLD TIMERS. He told me that folks like me and my kind were just the "MAKINS." "All you do is RIDE around, RIDE around," he finished with a shrug. I admit that it made me mad. I felt like asking that old Indian who he thought he was to be so high and mighty, but I REMEMBERED it.

Later, on camping trips, I found I was a flop. I was about the world's worst cook and fisherman. I found I was pretty much of a flop at most anything useful. I had supposed that I would be able to work out my problems by Algebra, Geometry, or Trig, but I found that even Calculus won't solve life's problems. They are not set down in books with the answer in the back. Sometimes I did get the right answer to them but most of the time I have had to be satisfied with being partly right and many times I've been wholly wrong.

Each year, I realize more how MUCH I do not know and how much I can never hope to know. I really WISH I knew HALF as much as I THOUGHT I knew when I was fifteen. The world would have been my oyster. But after all just every day living is a joy and we get so much satisfaction out of doing the simple daily tasks and trying to be of some service to those we love that life is very pleasant, even though we know so little.

I thing the BEST and most livable plan upon which we can build our lives is Elbert Hubbard's "Wish." I wish to be simple, honest, frank, natural, clean in body and mind, unaffected—ready to say, "I do not know," if it be so, to meet all men on an absolute equality—to face any critic and meet every difficulty unashamed and unafraid—to enjoy

hospitable mind and the receptive heart. Here's a little verse a jotted down once when the going was pretty rough. It has helped me. I hope it will help you graduates. I dedicate it to you:

"Life's just a game of poker and the rules of the game decree That you play the hand fate deals you, whatever the cards may be. And you play them with calm and with courage, nor signal by smile or frown. The kind of cards you are holding—the kind you are laying down. And when the session is finished and all the playing is done,

it is of no particular moment, whether you've lost or won, If you've played the hands fate gave you in a manner befitting a man, For all that life asks of each of us, is to do the BEST that we can."

Houston Youth Gets Scholarship Valued at \$4,500

AUSTIN, May 20.—Garfield H. Horn, a 13-year-old Houston boy, is the winner of the Texas scholarship in Culver Military academy, it was announced Saturday by Dr. Fred C. Ayer, of the University of Texas, chairman of the committee of educators which made the award. Robert Gilcrease, 14, of Corsicana, was selected as first alternate and Sam D. Levenson, 13, of El Paso, second alternate. They are required to stand exacting mental and physical tests and Horn's triumph marks him as a scholar of high superiority.

The scholarship entitles Horn, or an alternate in event Horn cannot go to the Indiana school, to three years in the noted preparatory school with practically all expenses paid. It is valued at \$4,500 and is one of the most generous awards in the United States. It is a benefaction of the board of trustees of the Indiana academy in memory of the wife of the founder of the school. The award is one of the last four of 12 such grants. In addition to Texas awards were made this year in Tennessee, Wisconsin and Iowa.

Horn, the son of the Rev. and Mrs. Alvin L. Horn, 5109 Harrisburg boulevard, Houston, is in the ninth grade of Sam Houston high school. Gilcrease, son of Mr. and Mrs. E. L. Gilcrease, 715 North 23rd street, Corsicana, is in the high eighth grade of Corsicana junior high school. Levenson, son of Max Levenson, 521 Blanchard street, El Paso, is in the high eighth grade at El Paso high school.

The winner and two alternates were selected from a field of more than 70 who qualified in the first tests. Ten of the boys were given

DARLING FOOL

BEGIN HERE TODAY

MONNIE O'DARE LOVES DAN O'DARE, a wealthy and handsome man, who is out west with a party of friends, including the sister, SANDRA. When she sees Sandra, pretending to be Monnie's friend, wanting Dan for herself, she pretends to be his enemy. Sandra and look down on Monnie because the O'Dares are poor. Monnie's friends are poor. MISS ANSTICE CORY, long a friend of the family, inherits \$50,000 and asks Monnie to go to Europe with her. The girl insists, hoping for more from Dan. At last a letter comes but it is disappointment. Dan's love seems to have cooled. Monnie, please, accepts Miss Cory's invitation. The day they leave Belvedere Dan returns.

NOW GO ON WITH THE STORY

CHAPTER XXX

IT had been raining when Dan reached Chicago. Hard, cold, unfeeling rain, beating down on streets like black glass, making dazzling reflections in all the puddles. He sat moodily in the taxi which was hurling him across town from one station to another. He'd been a fool to write that letter to Monnie, he told himself, when he was in that black mood two weeks ago. His mother had been "working on him" as she often did, whispering that he was to keep up the good work, devoting himself to Sandra because on Mr. Lawrence's approval depended all their future. After the talk with his father Dan was inclined to take her word for it. Dan knew as well as the next fellow how precarious business conditions were. He felt a sucker anyhow, off there enjoying himself while his father sweated at home over the bills.

Well, it hadn't been his own idea. He'd done it to please the family. Then, all hot and bothered, discouraged too, he had written to Monnie, telling her he thought they'd better not plan to be married in January. It was just a mood and moods pass. Person oughtn't to write letters when he felt that way. Curious that she hadn't answered. Dan would have sworn that Monnie would give you a comeback on a letter like that. Once she would have. He wondered what could have happened. Deep down he had a sneaking suspicion that one reason he'd written it was to get Monnie's anger, hurt, loving, assuring him she'd wait, asking what the trouble was. Didn't he care any more?

But he hadn't had a line—not a word. Dan hated to write letters, himself. Somehow he never knew quite what to say—but he'd been sure she would write him often. All this fortnight he had watched for mail, expecting every day to have a line from her. Then when the month had been up and she had not got Monnie's answer, he hurt, loving, assuring him she'd wait, asking what the trouble was. Didn't he care any more?

He talked a lot to old Nate, partly because he wanted to hear his own voice after the long trip alone, partly because he liked the old fellow.

Yes, the west was great, Dan said. Fine country—wonderful people—but it was good to get home. He grinned at old Nate as if sharing a secret. Maybe Nate would be driving his—Dan's—children some day, he reflected. Little girls with bronze curls blowing and sturdy little boys with blue eyes. Nate

When the train slowed into Belvedere the rain had stopped. There were quite a few people getting off. A football team coming to play the "Belvedere Stars." The up train was just pulling out. The tail end of it was visible, rounding the curve. Dan didn't even look to see if he knew any one on the platform, but ran for old Nate Billip's taxi and hurried his bag into it.

Cotton Mills Have Increased Sales and New Orders

Special Correspondent.

AUSTIN, May 20.—A spectacular increase in both sales and unfilled orders characterize activity at the 27 Texas cotton mills, according to the Bureau of Business Research of the University of Texas.

Unfilled orders at the close of April totaled 14,842,000 yards, or more than three times as great as the 4,086,000 yards reported at the close of April last year. Whereas the normal seasonal increase in unfilled orders between March and April on the basis of experience back to 1927 is only 11 per cent, this year unfilled orders at the close of April were 52 per cent greater than those at the close of the preceding month. At the present rate of production, unfilled orders are enough for three months run, the best showing since May, 1929. One mill superintendent, in speaking of the large increase in unfilled orders, stated that the gain was not due to "large" orders, but to a great many small orders.

Sales increased from 5,228,000 yards in March to 7,987,000 yards in April, a gain of 53 per cent; last year in April, sales amounted to only 2,743,000 yards. Sales not only made a substantial percentage increase over those for the preceding month, but the relation of production to sales was much better—sales in April were practically 70 per cent greater than output whereas the preceding month sales were greater than production by only 10 per cent.

Production totaled 4,757,000 yards, a net gain of 47 per cent as compared with production in April last year, but down 2 per cent from that for March. Bales of cotton used rose from 4,752 in March to 5,121 bales in April, or 7.8 per cent; last year in April, only 3,125 bales were used.

Federal Judge James A. Lowell, of Massachusetts, told a jury that when a witness wipes his hands it is almost a certain indication that he is lying. Well, every man should come into court with clean hands.

TWIN'S BIRTHDAYS ARE DIFFERENT

Charming Home Wedding Unites Uddell Duval and Pauline Randolph
Uddell Duval and Miss Pauline Randolph were united in marriage, Sunday afternoon at 2 o'clock at the home of the bride's parents, Mr. and Mrs. O. E. Randolph, 1111 South Seaman street, in the presence of a gathering of friends and relatives.

The beautiful ring ceremony was used by Rev. G. W. Thomas, pastor of the Baptist church of Ranger. The bride was gowned in dark blue crepe with white accessories and carried a lovely bride's bouquet of roses. She was attended by Miss Myrtle Lucille Mills of Ranger, maid of honor, in lovely afternoon confection. The groom was attended by Bayne Harrell of Ranger, his best man.

To the beautiful strains of Lohengrin's wedding march, the bridal party met before the improvised altar in the flower adorned and softly lighted living-room, and took their vows against the background of palms, ferns, and baskets of beautiful gladioluses, that formed a banked altar before them.

The pink and white color motif obtained throughout the home in the fragrant bouquets of sweet-peas, artistically employed.

The wedding cake, white iced, edged with sweetpeas, centered the lace laid dining table lighted with pink tapers in rose holders.

A beautiful wreath of sweetpeas and ferns encircled the cake, cut by the bride and partaken with theiced punch, served by the bride's small sisters.

Miss Ella Mae Hamilton presided over the punch bowl, arranged on a side table, with bowl set in a lower of sweetpeas and ferns. Miss Hamilton was gowned in white crepe with corsage of sweetpeas.

The entire home was darkened and softly lighted with pink tapers and rose tinted floor lamps.

In a shower of rice and good wishes the happy couple left in their car for Tulsa, Okla., where they will spend two weeks home, moon before locating in their new home, 430 Pine street, Ranger.

The bride's going-away frock of white spot, linen, had shoes, hat and other accessories to match.

Mr. and Mrs. Randolph and their family have lived here about a year coming from Ranger, and have formed a large circle of Eastland friends.

The bride was a graduate of Ranger high school, also the school from which the groom graduated.

Mr. Duval's parents, Mr. and Mrs. W. C. Bankston, have resided in Ranger since early days.

The bride is a popular member of the Eastland social set, and has been a great addition to those engaged in the work among young people in the Eastland Baptist church.

An array of beautiful bridal gifts attested the love and friendship felt for these charming young people.

Those present: Harold Randolph of Big Spring, brother of bride; Miss Jimmy Lou Gohmy of Cross Plains; Miss Betty Dunlap and Miss Trilby McGee of Stephenville; Miss Winnie Wragg, Miss Bobby Lee Flynn, and L. M. Chastain of Breckenridge, and Mr. and Mrs. Hugh Russell, Mr. and Mrs. F. P. Brasher, Mr. and Mrs. R. E. Johnson, Mr. and Mrs. George Murphy, Mr. and Mrs. Walter Reimund, Mr. and Mrs. E. H. Mills, Mr. and Mrs. E. P. Mills, Mr. and Mrs. G. W. Thomas, Mr. and Mrs. W. C. Bankston; Mrs. Frank Knight, Mrs. Charles Isabell, Mrs. Bonds Martin, Mrs. D. A. Reese, Misses Ella Mae Hamilton, Blanche Perciful, Evis Landers, Bayne Harrell of Ranger, and the members of the bride's family.

Mrs. F. O. Hunter's Recital Tonight
Mrs. F. O. Hunter will present her studio pupils in piano recital tonight, at Eastland high school, at 8 o'clock.

The public is cordially invited to attend this complimentary entertainment.

Guests at Ranger Bridge Tournament

Eastland women who attended the handsomely appointed bridge tournament at the Ranger Country club Saturday afternoon in addition to those already mentioned in Sunday's Eastland Telegram were Misses J. O. Earnest, Sam Gamble, Francis M. Jones, J. R. McLaughlin, Milburn McCarty, John Ernst, and Mrs. J. C. Stephens, the latter awarded the out-of-town high score favor in game, series of a handsome vacation trip bag.

There were 12 tables in the tournament and the visitors report a very delightful afternoon.

Mrs. Hickman Entertains Guests

Mrs. J. E. Hickman was hostess to a very pleasant little picnic supper Saturday evening at Leon Lake, given in honor of her house guests, Miss Floy Brannum and Miss Vina Craddock of Breckenridge, who were with her over the week-end.

Other guests were Miss Rosalie Leslie, Miss Aline Walker, Miss Lesbia Word, Miss Lillian Thompson, Miss Ruth Ramsey.

After a charming evening at the lake the party returned to the hospitable Hickman home and had a series of enjoyable recreational games.

Booster Class Meeting

The booster class of the Methodist church Sunday school heard a splendid lesson Sunday morning, given by Judge W. P. Leslie, who spoke on "Christ and the Money Changers."

The class was opened by the president, Mrs. W. W. Kelly, "The Footprints of Jesus," hymn, led by Mrs. Kelly, was sung ensemble, and Miss Lillian Thompson, sang very beautifully, "Somebody Knows."

Visitors to the class were Miss Rosalie Leslie of Eastland and Misses Craddock, and Brannum of Breckenridge.

Member present, Mr. and Mrs. M. H. Kelly, Mr. and Mrs. W. W. Kelly, Misses W. W. Phillips, Nell A. Moore, Frank Hightower, Misses Lillian Thompson, Aline Walker, Jessie Lee Ligon, Ed Willman, and Judge W. P. Leslie.

Beautiful Entertainment

Members of the Life Service band of Weatherford college composed of boys and girls, students, and the sponsor from the faculty were guests of the mothers of Eastland Weatherford college students, Sunday evening, upon their arrival at 5 o'clock, and reception by Mrs. T. M. Johnson, Mrs. Frank Judkins, Mrs. Bert McGlamery and Mrs. Sue Spencer.

The purpose of the visit was the presentation of a pageant given later in the evening.

Hospitality was offered them by their hostesses in a supper served at 6 o'clock, about the four tables prettily arranged. The cafeteria service provided a meat plate, with vegetables, fruited salad, sandwiches, pickles, cake and iced tea, in the dining hall of Methodist church.

The play or pageant, presented in the lower assembly room of the church brought the problems of the missionary when financial help from America fails them.

The pageant entitled, "Ba Thane" had parts, Gordon Worth, the missionary, played by Stanley Williams; Virginia, his wife, played by Maurine Cherry; Joan, the Worth's daughter, by Sybil Harper; Ordway, a New York newspaper man, by Howard Grimes, and Joe Fox, an oil man, by William Robertson; Ba Thane, native of Burma, played by Lafayette Wellington, and Ma-May, his sister, by Louise Banks.

The stage setting depicted the missionary's home in Burma, at a hour in the afternoon, when the one-act scene takes place.

Property man for the production was L. H. Farmer Jr. The object of the pageant or play lay in bringing missionary spirit into the churches, and as propaganda for Weatherford college.

Prior to the play, the program opened with a series of hymns, ensemble; Scripture, read by Rev. Sam G. Thompson, pastor of the Methodist church, and prayer by Rev. Justin Anderson, sponsor of the band, and teacher of Bible at Weatherford college.

The pageant was directed by Alonzo Bryan.

Those present from Eastland, Mr. and Mrs. T. M. Johnson, Mr. and Mrs. Bert McGlamery, Mrs. Sue Spencer, Mrs. Frank Judkins, Rev. Sam G. Thompson, Miss Bernice Johnson, Miss Beth Judkins, Miss Marjorie Spencer, Mildred and Dorothy McGlamery, Rob Roy Sparr, and Robert McGlamery.

Beautiful Program Still Spoken Of

The wonderful program by the visiting artists, Cora Mick King of Temple, Texas, soloist, and Betty Lesley of Abilene, pianist, is the topic of conversation among musical circles in Eastland.

The selection presented by the artists embraced American composers, French, Russian and English, and included schools of magnificent order and high technique.

The alpha Delphian chapter contributed largely to the musical spirit of Eastland in the presentation of these artists on their beautifully appointed reception, ten, given Thursday afternoon in community clubhouse before an audience of 130 clubwomen.

Cora Mick Long has a charming voice, with a wide range, and flexibility of the highest order.

DINNER: Stuffed baked calves' hearts, mashed potatoes, best greens, cottage cheese with chives on lettuce, rhubarb tarts, milk, coffee.

It is not economy to try to use last year's rubbers. Buy the best rubbers on the market and plan to have a new rubber for each jar to suit or vegetable to be canned.

When a can is to be half-sealed for processing turn the top as far as possible with the thumb and little finger. To seal completely after removing from oven, hot-water bath or "waterless cooker" screw the top down as tightly as possible.

Submerge in the Water

Remember that the water must cover the tops of the cans by at least two inches when you are using the hot-water bath canner or the "waterless cooker."

If you are using an ordinary steamer the steam rises from below the jars, circulates around them and sterilizes the fruit. Of course there is no pressure in this kind of a steamer.

The steam pressure cooker sterilizes fruits, vegetables and meats by means of living steam in a kettle from which all air has been driven.

Sterilize the Cans

There are certain steps which are the same for the canning of all fruits and vegetables and lids must be thoroughly sterilized before being packed with any product. Wash them in hot soapy water. Then put the lids into a big dish pan or the boiler of the hot-water bath canner. Put the cans on their sides, letting them rest on the lids and add cold water to cover. Bring to the boiling point and boil ten minutes. Add rubbers for just a minute.

Her interpretation is dramatic in instinct and in the more tender selections, shows a depth of feeling that reaches the musician's understanding.

Miss Lesley was delightful in her execution and simply past criticism in technique. Perhaps the most beautiful number on her program lay in the encore to her work, which was warmly accepted by the audience, the exquisite "Night Winds," by Griffes.

Seldom has Eastland heard such a wonderful program, as that presented by these artists on this occasion.

Thursday Season Soon Closes

The Thursday Afternoon Study club has closed their work for this season, and will now have their play days, as a fitting culmination of a year's of effort, discharged of duties, and accomplishment.

Sixteen programs in all have been given without an assigned number missing, the club membership stands full, and the library for Eastland benefit maintained by the club through their dues, has flourished, added scores of new books, to its store, and secured an increased patronage from the hearing public.

Mrs. E. M. Collier, the president who retires at this next meeting, a purely social one, has served with distinction and success, as have the other officers of the board: Mmes. Carl Springer, E. Roy Townsend, Grady Pipkin, M. C. Hayes, W. A. Martin, J. R. McLaughlin and those of the appointive board: Mmes. F. M. Ketny, W. E. Jackson, W. H. Mullings, D. L. Childress, and W. P. Leslie, many of whom will greet you in their new elective roles the coming club season.

An all day picnic party at Bass Lake, this week will close this season for the club.

All members are to assemble at Community clubhouse at 10 a. m. on Thursday, and go from there in a body to their destination.

Each is asked to carry a picnic basket, by the committee in charge, Mmes. W. A. Martin, J. E. Hickman and E. Roy Townsend.

In case those going have no cars, they are asked to notify this committee and cars will be awaiting them at the clubhouse.

PERSONALS

Mrs. T. H. Green of Galveston arrived Sunday to spend two or three weeks with her sister, Mrs. W. D. R. Owen.

Gain in Passenger Travel Reported

BUTTE, Mont.—A 26 per cent gain in passenger travel and proportionate increase in all departments for the first three months of 1933 has been reported by National Parks Airways. The company serves Salt Lake City, Utah; Idaho points, and Butte, Helena, and Great Falls in Montana.

Company officials said outgoing air mail had increased despite higher mail rates, and express shipments were far in excess of those for the same period of 1932.

PHILADELPHIA.—An international exhibition of sculpture is opened on the terraces and in the Great Stair Hall of the Pennsylvania Museum of Art on the Parkway.

Not only the outstanding figures in American sculpture, but leaders in the art from Russia, Germany, Britain, Spain and Roumania have contributed to what is expected to be one of the most significant shows of the year in the east.

Bronze, stone and plaster work in the traditional mood and creations in the "advanced" school are shown with absolute equality.

The show is under the direction of the Fairmount Park Art association which is co-operating with the Philadelphia Art Alliance and the Pennsylvania Museum.

Sculptural pieces executed for New York's Radio City; for the Century of Progress exhibition in Chicago; for the Folger Shakespearean Library in Washington; and for the Roger Kennedy Memorial at Worcester, Mass., are included in the display.

WHAT CONSTITUTES A HOMESTEAD

The following communication from State Comptroller of Public Accounts, George H. Sheppard, to Tom Haley, tax assessor of Eastland county, explains what property in Texas may constitute a homestead.

"What Property May Constitute a Homestead: A rural homestead may consist of one or more parcels of land not to exceed 200 acres, all of which must be used as a home. Article 3333 of the Revised Civil Statutes of 1925. An urban homestead may consist of one or more lots in a city, town or village, all of which must be occupied and used as a home. See reference above.

When segregated tracts of land are claimed as a homestead only such tracts as are actually for homestead purposes are exempt.

Where city lots are claimed as a homestead only such lots as are actually used for homestead purposes are exempt.

Persons Who Are Entitled to Homestead Exemption—Husband, wife and heirs. Husband as head of family can designate homestead. Where homestead rights are once acquired by husband and wife they are never lost except by the voluntary act of the person acquiring such rights. Single persons, as a general rule, are not entitled to homestead rights, but there are exceptions to the rule. Where a single man or woman is supporting some member of his or her family, who is dependent on him for support, then such persons are entitled to a homestead exemption. While a divorced husband can not acquire a homestead right acquired during married life as head of the family. An unmarried daughter has a homestead right in the homestead of her deceased parents.

A homestead right is not impaired by using premises as an hotel, rooming house, or apartment.

Parties are not entitled to homestead exemption on property they have never occupied and used as a home. Neither can they claim two homesteads. A homestead may consist of undivided interests.

Thinking that the above citations would be of assistance to you and the commissioners' court in determining just how the homestead exemption should be applied, I am submitting them to you for your convenience and consideration."

Sculpture Art Is Put On Display

PHILADELPHIA.—An international exhibition of sculpture is opened on the terraces and in the Great Stair Hall of the Pennsylvania Museum of Art on the Parkway.

Not only the outstanding figures in American sculpture, but leaders in the art from Russia, Germany, Britain, Spain and Roumania have contributed to what is expected to be one of the most significant shows of the year in the east.

Bronze, stone and plaster work in the traditional mood and creations in the "advanced" school are shown with absolute equality.

The show is under the direction of the Fairmount Park Art association which is co-operating with the Philadelphia Art Alliance and the Pennsylvania Museum.

Sculptural pieces executed for New York's Radio City; for the Century of Progress exhibition in Chicago; for the Folger Shakespearean Library in Washington; and for the Roger Kennedy Memorial at Worcester, Mass., are included in the display.

humanity. God knows where they are going... somewhere of course... but the fact remains that there are so many of them... we have seen no less than several hundred on flat cars... top of box cars... on oil tanks... what in the world would the railroad company do if they didn't want them to ride... they would find it necessary to call out the national guard... but they don't do it... they let them ride... and free... and the railroad is taking all chances with them... if a wreck happens... then it would be possible for the railroad to come in for some unjustifiable lawsuits... It all goes to show that the railroads are a good thing to nurse along... and patronize...

Hitler and Mussolini have grabbed a few minutes off to confab... Womier what that means. Both have publicly uttered a statement... of encouragement... Why the sudden confab... It remains to be seen...

WHAT CONSTITUTES A HOMESTEAD

The following communication from State Comptroller of Public Accounts, George H. Sheppard, to Tom Haley, tax assessor of Eastland county, explains what property in Texas may constitute a homestead.

"What Property May Constitute a Homestead: A rural homestead may consist of one or more parcels of land not to exceed 200 acres, all of which must be used as a home. Article 3333 of the Revised Civil Statutes of 1925. An urban homestead may consist of one or more lots in a city, town or village, all of which must be occupied and used as a home. See reference above.

BEHIND THE SCENES IN WASHINGTON

BY RODNEY DUTCHER NEA Service Writer

WASHINGTON.—There will be no recognition of Soviet Russia until President Roosevelt has cleared up the major part of his long-range domestic program or until he observes signs of a strong popular demand.

The president emphatically doesn't want the fact that he sent his disarmament message to Russia as well as fifty-odd other countries to be construed as having the slightest bearing on recognition.

The emphasis may be attributed to the fact that he has been impressed by a strong vocal opposition to recognition which arose in the wake of reports that he was favorable. The D. A. R., the American Legion and the American Federation of Labor—which represent millions—led the chorus of protest.

Roosevelt is sympathetic to the idea of recognition and some of his professional advisers strongly favor it. But the president doesn't regard it as a matter of great immediate importance and has no intention of creating a distracting national controversy while vital problems are being worked out.

FRIENDS OF recognition will soon launch a national campaign to bring popular pressure on the White House. An effort will be made to collect a couple of million signatures to a petition and speakers will tour the country to arouse sentiment.

CABINET notes: Postmaster James A. Farley—Proved that the popularity of a patronage boss is more powerful than any other popularity when 3300 persons turned out at a \$6 a plate testimonial dinner for him in New York the other night and 1800 others had to be turned away. It was one of the biggest dinners anywhere, ever.

Secretary of Labor Frances Perkins—Became so tired of reading about her "black triangle hat" that she now wears a black leonard but except for its narrow trim, broad crown and large silver metallic feathers along the crown's base.

She is growing tired of being addressed as "Madame Secretary." To a group recently she said: "Call me Miss Perkins. I'd just as soon and it seems more natural."

One of the "all day" dresses that knows what it means to be popular in the Paris manner, is numbered 51 in the current collection. It is an unconventional print—probably the best example of the new "Craies," or chaz print, emerging from this house—and has a bold zig-zag chalked on a background of eel gray.

PARIS STYLES

By MARY KNIGHT
PARIS.—Women who love labels will long for that No. 24 in Schiaparelli's 1933 collection which Mrs. Frank Wooster—who was the Baroness Paul de Springe, and who owns the lovely Chateau de Royan, near Chantilly—has just purchased.

No. 24 is built along very straight, slim lines with an amusing tie of triangular shaped scarves that start from the back of the neck and work forward. The sleeves are cut on the bias and twist around the arms, and there is a leather belt.
