### YELLOW MOUND GREET'S GROUP FROM EASTLAND

The largest crowd yet to greet the Eastland delegation on one of its good will tours being sponsored by the Eastland Retail Merchants' association was present last night at Yellow Mound to hear the third program of the series. There was also a larger number of Eastland people present than has attended any of the other programs.

Thomas S. Lamont, above, young Morgan partner, will be questioned about "an income tax matter" in the Senate hearings. He is the son of Thomas W. Lamont also a Morgan partner.

### BOYS-GIRLS TO HOLD 10TH ANNUAL MEET

Eastland will host Friday and Saturday to the 10th annual boys and girls 4-H club encampment. The program will open at 10 o'clock Friday morning at the City Park where all sessions will be held. The morning of opening day will be given over largely to registrations and assembling of camp outfits. Each boy and girl will bring their own bedding and food and will camp at the City Park. Miss Ruth Ramey, County Agent J. C. Patterson and the 10 adult leaders of the clubs will be present at all times at the park. Between 150 and 200 of the 300 members of the clubs of the county are expected.

Friday afternoon will be devoted to the various contests in which the club members are competing. In the case of the girls these will be principally records on the various projects that they are working on. Grain judging will be the work of the boys.

Prizes will be awarded the winners in these contests where the clubs have provided funds for this purpose. The main object of the contestants is to win a free trip to the A. & M. short course at College Station.

Friday night the program will consist mostly of stunts in which the boys and girls will take part. Saturday morning the program will be made up of recreational games. At 2 o'clock Saturday afternoon the program closes and preparations for the trip home will be begun.

### 65 Horses Were Entered at Rodeo Here On Monday

More than 65 horses were entered in the various events on the rodeo program presented in Eastland Monday on the occasion of First Monday Trades Day. The program was pronounced one of the best yet given in Eastland. There was one of the largest crowds present that has been in Eastland in some time. In fact it was the largest crowd to attend a First Monday program with the exception of that on the first Monday in May.

### Illinois Joins In "Wet Parade"

CHICAGO, June 6.—Illinois, voting approximately 3 1/2 to 1 in favor of a state of 50 delegates, pledged to repeal federal prohibition, joined with eight other states today to ratify repeal of the 18th amendment on the basis of returns from approximately 9 of the state precincts.

Returns from 6,416 precincts out of a total of 7,248 precincts gave: For repeal 1,110,533, against repeal, 290,891.

### Oil Trials Set For October 2

AUSTIN, June 6.—Trial of the \$17,850,000 anti-trust penalty and the Texas suits against major oil companies today was set for Oct. 2 by Judge J. D. Moore in district court here.

### Veterans Schedule Hiked by President

WASHINGTON, June 6.—An executive order for a new and higher compensation level for service connected cases growing out of the World war and Spanish-American war was signed today by President Roosevelt.

### Road Commission Member Named

AUSTIN, June 6.—John Wood of Timpson was today appointed as a member of the state highway commission by Gov. Miriam A. Ferguson. As the legislature is not in session, the appointment will not need the approval of the senate.

### Mrs. Roosevelt to Reach Coast Tonight

LOS ANGELES, June 6.—Mrs. Franklin D. Roosevelt was scheduled to complete the first trans-continental airplane trip ever made by a president's wife when she arrives here tonight.

### OIL FIELD ACCIDENT GAVE POST FUNDS FIRST AIRPLANE

OKLAHOMA CITY, Okla.—An oil field accident that caused the loss of one eye furnished Wiley Post, round-the-world flier, with the money to buy his first plane. The oil company for which he was working paid him \$2,000.

Post, then in his twenties and the son of a farmer living near Maysville, Okla., bought an old "crate" and began barnstorming. He already was adept at parachute-jumping, despite determined efforts of his father, W. F. Post, to keep him out of the air.

Once the father hid the parachute a few hours before Wiley Post was scheduled to make a jump. The boy demanded the chute, but as the father recalls it, that was one jump Wiley didn't make.

Went to Mechanical School. The father had sent Post to a mechanical school, despairing of his developing an interest in farming. The mechanical training led Post to oil field work, in which he was engaged when he began making parachute jumps in 1925. Obtaining his fill at barnstorming, he asked F. C. Hall, millionaire oil operator of Oklahoma City, for a job as private pilot. Hall hired him. In 1930 Post won an air race

### TWO COUPLES RELEASED IN KIDNAPING

Mr. and Mrs. L. R. Gilbert and Mr. and Mrs. Windell Johnson, of Oklahoma, arrested in Amarillo on charges of being implicated in the kidnaping of Miss Mary McElroy, who were released in Kansas City today after they proved they had no part in the kidnaping. They were furnished transportation to their homes in Oklahoma City and Fargo, Okla., after their release.

### MITCHELL SAYS HE WAS ALMOST BROKE IN 1931

NEW YORK, June 6.—Charles E. Mitchell was practically broke in November, 1931, he declared today in continuing his defense against charges of income tax evasion.

Mitchell concluded his direct testimony with a broad, general and vehement denie he had ever committed an unrighteous action to avoid payment of his income taxes.

Addressing a federal court jury at his trial, the former chairman of the National City bank again reviewed the panic of 1929, which forced him to borrow heavily from J. P. Morgan & Co.

By November, 1931, he had delivered to the Morgan bank practically all his securities, he said, in response to demands for more collateral on an outstanding indebtedness of \$5,000,000.

"I had only a few odds and ends left in my box," Mitchell said, "and I might add that the Morgans knew what those odds and ends were."

### Singers To Hold 10th Annual Meet

Singers of this section are reminded of the approaching date of the Sunshine district singing convention which convenes in Abilene June 10 and 11 for the ninth annual session.

Judge R. Rust of Eastland, president of the convention, states that from every indication there will be a large attendance with perhaps one of the largest number of outside singers ever to attend a convention of this kind.

"I am getting letters every day from noted singers over the country advising me of their intention to attend the Abilene convention," Judge Rust said today.

from California to Chicago. It then was suggested that he make an attempt to set a record for a round-the-world flight. Hall furnished the money—\$50,000 or more—and bought a plane which was named the Winnie Mae in honor of Hall's daughter, Mrs. Winnie Mae Fain.

Gatty Was Navigator. B. Harold Gatty, Los Angeles, was Post's navigator. They left Roosevelt Field, New York, June 23, 1931, and returned in eight days, 15 hours and 5 minutes. They flew approximately 16,000 miles, touching at Harbor Grace, Berlin, Moscow, Irkutsk, Nome, Edmonton and several intermediate points.

Post later came back to Oklahoma, where he resumed flying as a private pilot. He began experimenting in 1933 with the "robot pilot" device developed by the Sperry Gyroscope Co., New York. With this installed in the Winnie Mae, he flew to Mexico City and back, finding it possible to leave the controls to the robot a large part of the time. A few weeks later in mid-May he announced completion of plans for a solo attempt to break the round-the-world record he and Gatty had set. He plans to leave Roosevelt Field about July 1.

### Reported Snub Is Denied By The Fergusons

AUSTIN, June 6.—Reports that the first lady of the land had snubbed the first lady of Texas at a Dallas airport yesterday were described as an "exaggerated lie" by former Gov. James E. Ferguson today.

Gov. Miriam A. Ferguson said Mrs. Franklin D. Roosevelt, whom she welcomed to Texas yesterday, was "very charming," their meeting very pleasant.

Both Governor Ferguson and her husband considered their introduction to Mrs. Roosevelt by Amos G. Carter a little humorous because of the political enmity with the Fort Worth publisher.

Carter's failure to invite the Fergusons to the breakfast honoring Mrs. Roosevelt was considered of no particular significance by Mrs. Ferguson.

### Eastland Loses To Thurber Club

Fred W. Blatt, manager of the Eastland Golf and Country Club was laid up with a bad hand last Sunday. The Eastland-Thurber match was scheduled to come off that day at Thurber, so Manager Blatt marshalled in W. E. Storey, Sinclair-Prairie man to take charge. The following is Storey's report on the game:

From: "Lefty" Storey, Corporal. To: General Blatt, Commanding Officer, AWOL. Subject: Raid in Jungles of Palo Pinto Mountains, vicinity of Thurber, Texas.

Regret have to report failure of raid made by SMALL party of Eastlanders most patriotic divot diggers, which was made between the hours of 2 and 6 p. m., Sunday, June 5th. We met our enemies of the Thurber Golf Club in the jungles overlooking the City of Thurber and after a very hard-fought skirmish, most of the time looking for our balls in the heavily timbered fairways, were driven from the battle field defeated but not WHIPPED, by overwhelming odds of heavy artillery. Our Division could easily have carried the field and sacked the city, if we had had at least two more batteries of 16 inch guns.

The following is report of casualties: L. Gibson lost to Dug Jones 6 and 5. Lee Davis lost to B. Tully 2 and 1. J. C. Davis won from Red Jones 4 and 3. "Toots" Botts lost to W. E. Storey 5 and 4. Paulowsky won from J. Harlander 8 and 7. Ready won from J. Stephens 2 and 1. H. Hill won from A. H. Johnson 2 and 6 (no extra holes). McKinnison won from R. A. P. Pool 4 and 2. H. L. Foster lost to J. B. Johnson 3 and 2.

The corporal recommends that in future raids be given reinforcements or at least enough heavy artillery to keep up a constant barrage to protect the charging dough boys and allow them to at least use their bayonets in mopping up.

W. E. Storey, Corporal in Charge.

### Brother-In-Law Of Tom Haley Dies

C. E. Statham of Arlington, brother-in-law of T. J. Haley of Eastland, passed away at his home Monday afternoon at 4:00 o'clock following a lingering illness. Funeral services will be held this afternoon at 5:30 o'clock in Arlington, for which place Mr. and Mrs. Haley left early today.

### COMMITTEE TO ASK POWER TO WIDEN PROBE

WASHINGTON, June 6.—The senate banking and currency committee decided today to seek broader powers so that the investigation of J. P. Morgan & Co. may include evidence connecting sales of securities with payments of income taxes.

The inquiry was resumed at 12:10 p. m., after the committee had discussed procedure in an executive session.

O. P. Van Sweringen, Cleveland railroad magnate, was called to resume his testimony about financing the vast network of Van Sweringen's railroads.

The committee's decision to seek more complete power came after John W. Davis, chief Morgan counsel, challenged the committee's authority to inquire into income tax payment of Morgan partners. Results will be that the inquiry will proceed with other phases of the investigation.

### Four Are Freed of Kidnap Charge

KANSAS CITY, Mo., June 6.—Two Oklahoma couples, arrested at Amarillo, in connection with the abduction of Miss Mary McElroy, were freed today.

Mr. and Mrs. L. R. Gilbert were given car fare back to their farm home near Fargo, Okla., and Mr. and Mrs. Windell Johnson furnished transportation to Oklahoma City.

They proved to the satisfaction of authorities they had no part in the kidnaping.

### Drys of Senatorial District to Meet

DALLAS, June 6.—Plans have just been completed for two regional conferences on organization work for the dry forces in the 24th senatorial district, one to be held at Breckenridge on June 12 and one at Abilene on June 13. The mornings will be given over to a discussion of methods of organization, material to be used, and where to find it, under the direction of Dr. Atticus Webb. The afternoons will be given to organization work under the direction of the district chairman, Judge Otis Miller, and the vice chairman, Hon. Jesse R. Smith of Breckenridge, Hon. Thos. E. Hayden of Abilene, Hon. Warren Dodson of Snyder, and Judge John Lee Smith of Ehrckromont.

A great mass meeting will be held at night at both Breckenridge and Abilene. Dr. J. W. Hunt will be the chief speaker for the Abilene meeting. The speaker for the Breckenridge meeting has not been selected.

"We are facing," said Dr. Webb here today, "the greatest battle for moral righteousness that we have faced in a generation. There is within our reach the greatest victory if we prepare properly, or the most disastrous defeat, if we fail to get ready."

"The situation is so complex and the people are so confused that we cannot win this fight with old-time methods. We must organize our forces to reach voters who do not attend our mass meetings, and we must reach them with an intelligently planned campaign material."

"It is to accomplish these purposes that this conference is called. We are in serious danger of going into this battle with only a 'paper' organization. It has been 10 years since we have had such a campaign. We have lost the technique of prohibition campaigns. Those who used to lead these fights are now mostly too old to do so. The responsibility rests upon our younger men. We must prepare."

"Those attending will be drilled and thoroughly grounded in these matters so that they can go back home to become effective workers in the fight. Our purpose will be to take the 'paper' organization and whip it into a fighting army."

Letters are going out from headquarters of the Anti-Saloon League today asking all dry friends upon whom rests the task of saving our dry laws, and who live in the 24th senatorial district to attend one or both of these meetings. Those living in Taylor, Nolan, Fisher, Jones, Mitchell and Scurry counties are asked to attend the Abilene meeting; those living in Haskell, Throckmorton, Shackelford, Stephens, Eastland and Callahan counties to attend the Breckenridge meeting.

About 30 such regional conferences will be held in the next few weeks in which it is hoped to reach every county in Texas.

### HARDEST PART OF HIS TRIP LIES AHEAD

Makes Stop at Omsk to Rest Which May Delay His Schedule.

OMSK, Siberia, June 6.—James J. Mattern of Texas, flying alone around the world, decided to spend the night here tonight before continuing his journey across Siberia.

His plane was in good shape but he decided he needed a night's rest. His pause will lose him time advantage he held over Post and Gatty and probably will bring him in Krasnoyarsk, his next scheduled stop, well behind their flying time from New York.

OMSK, Siberia, June 6.—James J. Mattern, on a solo flight around the world from New York, arrived from Moscow at 1:35 p. m. (3:55 a. m. EDT), still ahead of the Post-Gatty record to this point.

Mattern halted here, however, while Post and Gatty did not. The Texas flier made the 1300 mile trip from Moscow in 9 hours and 15 minutes, compared with 8 hours and 5 minutes by Post and Gatty when they passed this point.

When Mattern arrived, his elapsed time from New York was 70 hours and 14 minutes, compared with 74 hours and 9 minutes for Post and Gatty to this point.

The time he spent here for resting will cut down his margin. He was not definite as to his plans for the next stage of his flight to Krasnoyarsk.

He was reported to be planning to rest several hours but may merely take a short nap and leave after that.

### Three Are Victims Of Heat Wave

FORT WORTH, June 6.—The man who chartered Jimmy Mattern's route around the world for his solo flight believed the Texas flier faces the most hazardous part of his journey.

"The hop from Khabarovsk, in Eastern Siberia, to Alaska is perhaps the most dangerous part of the flight," H. F. Jones, Fort Worth oil dealer and sportsman flier, said today. Jones aided Mattern in planning his trip and arranging his itinerary.

"From Khabarovsk to Nome is 1435 miles, Jones explained. There is only one other refueling place in Alaska, at Fairbanks, 500 miles additional. If Mattern negotiated that leg of his flight the rest should be easy sailing."

### Japanese Approve Recent Peace Move

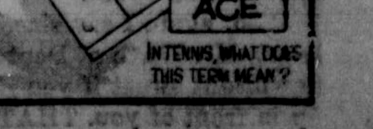

KANSAS CITY, Mo., June 6.—A third successive day of blistering heat in the southwest brought reports of three deaths and a number of prostrations today.

The life toll was added to excessive crop damage and widespread suffering.

The deaths were those of Robert Conklin, 14, who drowned near Wichita, Kan., another boy who drowned near Omaha, Neb., and an elderly negro found dead at Omaha.

Pleasant gulf breezes cooled the extreme south with indications they would bring relief to Kansas tonight.

COSTIGAN OF COLORADO CALLS FOR A SHOWDOWN

Sen. Costigan is a Colorado democrat. He was high in the councils of Woodrow Wilson. The senate adopted a resolution introduced by the Colorado liberal calling on various government agencies for report showing the salaries of officers and directors of banks, public utility corporations and other corporations having capital or assets of more than a million dollars in value whose securities are listed on the New York stock or curb exchanges. As introduced by Costigan and adopted by the senate the resolution requested the federal reserve board, reconstruction corporation, federal power commission, and federal trade commission, to furnish the information.

Chairman Fletcher has stated that the president wants all the Morgan facts, that he approves the investigation and desires that it "go through to the limit." For all the latest developments in your local paper.

This gospel of the New Deal calls for straight facts and figures, the rehabilitation of all industries and the return of purchasing power of farmers and wage workers as well as the white collar contingent of the American social order. Ferdinand Pecora is directing the big American show under the dome at Washington. President Roosevelt and his advisers are pulling the wires for the two international shows—the first to take place in the city of London and the second at Geneva, where the so-called master minds of nations civilized or half civilized are going to foregather to dislodge Mars from his throne and Mammon from his lofty perch as the golden guide of the universe. Gigantic jobs, to says the lease.

MAIL SUBSIDY POWER GIVEN THE PRESIDENT

President Roosevelt is to be a busy man during the dog day period of the year. In a double blow at federal aid and ocean mail subsidies, the senate voted to give him discretionary powers to annul existing mail contracts and to fix the salary limitation on companies holding such contracts. It authorizes the cancellation of any mail contract if the holder paid individual salaries to officers exceeding \$17,500 dollars.

Price fixing of wages must be on the way. Senator Hugo Black of Louisiana who led the successful fight cited many instances in which mail carrying contractors "received enormous grants from the government and at the same time paid exorbitant salaries." It is getting so when a gentleman thinks he has a good thing he hits a banana peel and it is all off.

HOUSES FOR THE OWNERS OF SMALL INCOMES

Place it in the record of the legislature that it approved a bill for the organization of corporations to build houses for rental to persons of small income; that corporations formed for this purpose would be permitted to borrow from the federal government. Is there a pressing need for the corporations proposed? On the markets in the major and minor cities of Texas are thousands of small homes at the lowest price levels since the gay '90's and terms to suit the purchaser.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

T. A. GREHAN, advertisement manager of the Dublin (Ireland) Independent Newspapers, Ltd., says:

"On behalf of those who, like myself, had an easy time because business came in easy when times were good, I wish to thank Mr. Wave of Depression from the bottom of my heart. He has proved a relentless task-master, but the tasks he sets us, though hard are good for us. Instead of sitting back in our office chairs and telling the clients we will do our best to try and get their advertisements space for the next day's paper, we don't sit back. We simply don't sit at all. We are up, we are out, we are doing! Early and late we have to be on the trail for our bread and butter. If not, then there's going to be no bread and butter.

"Oh, it's hard work, boys but we are used to it. Do you know why we are getting used to it? Well, if we didn't, there would be no bread and there would be no butter. So we go on out into the highways and byways, seeking, searching, scraping, digging and delving. It's a new life and, believe me it's all right. It's the life that makes living well worth while.

"At first I didn't like it at all. You didn't like it. None of us of the sit-back-in-the-office-chair section of the community liked it. Now we hardly know what an office chair is and I am going to tell you I personally don't ever want to sit in one again except to write and thank all those grand fellows who have responded to our digging and delving by passing us the little bits of business they can conveniently spare.

"So, again I say sincerely and from the bottom of my heart, Mr. Wave of Depression, I thank you. Adversity is downright sweet if you rise to the problem it sticks right up in front of you. THAT'S THE BIG THING!"

THURBER

By URAINE IRVING. THURBER, Texas, June 6.—Miss Cornelia Campbell is now in Tulsa, Okla., spending the summer with her aunt. Mrs. J. H. McElroy of Roosevelt, Okla., who has been visiting her sister, Mrs. Cicero Harris, is now visiting in Caddo and Breckenridge. Friday morning at about 9 o'clock the First Baptist church of this city was destroyed by fire. A revival meeting was going on. However, the loss of the building did not stop the meeting from continuing. The services were held in the opera house. The church was believed to have caught fire from sparks from trash, which men were burning around the lake. The piano, a carpet, and two instruments were saved. The revival meeting closed Sunday night. Several were taken into the church. Rev. J. Bradford of Dublin had charge of the services. The Baptists people of this city wish to thank everyone for their kindness shown in their behalf in the loss of their building and appreciate their kindness very much. Miss Frances Whitworth, who has been attending N. T. S. T. C. at Denton, has returned home to spend the summer. Miss Boots Rutherford has returned home after a visit in Dallas. Mr. and Mrs. L. E. Forrest spent the week-end in Denton, where their daughter, Geraldine, graduated from C. I. A. Mrs. George Studlard was a Gordon visitor Saturday. Leo Miller is now in Fort Worth.

## OUT OUR WAY

## That Reminds Me

(Continued from page 1)

H. C. Davis, hustling secretary of the Retail Merchants association, states that we will have the premier show of this entire section. Information for the big event will be furnished from time to time through the columns of this paper. Everybody get ready to stay at home on July 4. You will miss something if you don't, and we don't mean maybe. All for Eastland--that's the slogan from now until July 4.

Judging from the spirit of practically every business industry in Eastland we have gotten out of the "hoping" class and gone to work. Thank goodness for that. Things will begin to take shape now. Watch and see if they don't. Anybody that doesn't get right into the spirit of the occasion now just can't see the point of co-operation. There is nothing to stop Eastland with the kind of people we have here. People after all

## Professor Warned Of Kissing Bug

By United Press

BERKELEY, Calif. -- Simultaneous with the arrival of the month of June brides, students of the University of California were warned by Dr. Charles A. Kofoid, professor of zoology, of the kissing bug.

When you walk down the street and you see a fellow with a great big long drawn face . . . who won't even say good morning . . . or if he does . . . does so with a grunt . . . he simply isn't in the spirit of the occasion . . . and frankly he is out of tune . . . That's the fellow that we want to set straight and get lined a little job of good fellowship and up . . . he may have indigestion . . . an injection of the tonic of what a great thing it is to live in a jiffy should cure him up in a jiffy . . . if it doesn't . . . then there is no hope . . . just pass him by . . . there are plenty of others that will take the medicine . . . and like it.

Human trypanosomiasis occurs in acute form principally in children. The infection becomes chronic in older persons.

Dr. Kofoid has inoculated house rats, possums and monkeys with the germ to study the disease.

## Professor Warned Of Kissing Bug

Dr. Kofoid revealed that the kissing bug, which is a carrier of South American trypanosomiasis, is running loose again. Trypanosomiasis is commonly known as sleeping sickness. The infection is passed from the kissing bug to mammals, but it is not harmful unless it gets into the blood stream.

Once more woman snatches a profession from the dripping hands of man. She has taken over the life guard game of one of Chicago's bathing beaches . . . and now the fair is swimming around the weaker sex . . .

And employment for men goes lower . . . and lower . . . and it seems to be a sinking proposition.

My, what love will do. Imagine
