

GOVERNMENT MOBILIZES AGAINST ALL KIDNAPERS

\$90,000 TO BE PAID OUT FOR HIGHWAY WORK

SUDDEN WAVE OF CRIME TO BE RUN DOWN

Work on four highway projects in Eastland county at an expenditure of \$90,000 appears to be the results of the visit of the Eastland county delegation, composed of County Judge C. L. Garrett of Eastland, J. E. Spencer of Cisco and O. A. Kountze of Desdemona, to Austin the first of the week.

Justice Department Puts Best Men On Job Stamping Out Abduction.

The federal government mobilized its gigantic police powers for a war on kidnaping today, as racketeers displayed their contempt by releasing one of their victims on a main street and tell him how to reach the nearest police station.

Melvin Purvis, official of the bureau of investigation of the Department of Justice said the government would soon launch an unprecedented attack against 'gangdom.'

John (Jake, the Barber) Factor was freed in Lagrange, Ill. He had been tortured and starved by his captors who had held him since July 1. He told the United Press he paid \$50,000 ransom. It was learned, however, the \$50,000 was only the first payment on the ransom demands and that more must be paid later.

In Albany, N. Y., the powerful bosses of the O'Connell democratic machine shooed away police depended upon underworld contacts to free their heir to their clan, John J. O'Connell, Jr., 24.

In Alton, Ill., the family of August Luer, 77-year-old millionaire banker, feared he might die while in the hands of his abductors. Many believed contact had been established with the kidnapers and a ransom was about to be paid.

Two secret service men have been assigned to guard the three grandchildren of President Roosevelt, it was learned today at the White House where it was said the recent epidemic of kidnaping caused the guard to be ordered.

Public Works Plan Voted By British

LONDON, July 13.—Great Britain today smashed the United States dream of an internationally co-ordinated public works program to raise employment.

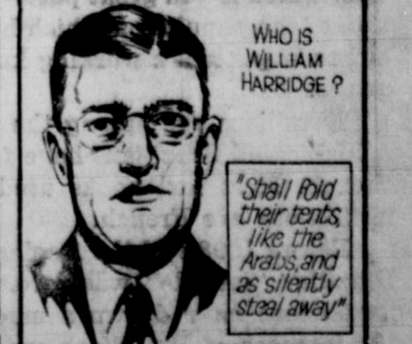

In a declaration to the economic commission of the world economic conference, Walter Runciman, president of the board of trade, informed the delegates that England could not and would not join in any further experiments of this nature.

The proposal, following some lines of President Roosevelt's price raising campaign, was shattered today when the commission approved a suggestion to postpone consideration of this phase of an international program.

Aviator to Land Mattern in Alaska

WASHINGTON, July 13.—Permission for a Soviet aviator to land in Alaska with James Mattern, stranded around-the-world American flier, was given today by the governor of Alaska.

THREE GUESSES

NAME A RIVER SPELLED WITH TWO LETTERS, WHICH IS ONE OF THE WORLDS THREE GREATEST.

Unlimited Coinage Is Not Seen As A Menace To the Nation

DENVER, July 13.—Will time-talism, the free and unlimited coinage of gold and silver at our present legal ratio, result in flooding this country with silver and deprive the government of gold? That is a question usually answered in the affirmative with no proof, no argument, and no knowledge—by the majority of single gold standard advocates.

Suppose the impossible contingency that the nations of the world should rake every storehouse and bring five billion ounces of silver to the United States for coinage. And suppose the metal should be minted into our dollars and delivered to the owners. What would they do with the dollars? They could not present them at the treasury and take

TEMPERATURES SET RECORDS OVER STATE

Sweltering temperatures prevailed over Texas today, sending the mercury to new heat records.

Three persons, two men in Dallas and a Mexican laborer in Austin, have succumbed during the past 48 hours from heat prostrations.

Indications today were the local point of the hot weather wave would be in the western extremes of the state. At 10 a. m. today at Abilene the mercury had soared to 96 degrees as compared to 94 at the same time yesterday. The maximum of 106 degrees registered at Abilene yesterday set a season record.

Spanish American War Veterans to Meet Friday Night

R. H. Hansford of Ranger, commander of the 12th district, Spanish-American War Veterans, announced today that a district meeting would be held at the Burch hotel, Breckenridge, Friday night at 8 o'clock.

All veterans of the Spanish-American war are urged to be present at the meeting, at which time law No. 2 will be discussed and its provisions explained.

Veterans from Palo Pinto, Stephens and Eastland counties are urged to be present at the meeting, as their attendance will aid materially in promoting the cause of the veterans.

Closing Hour Urged By Two Associations

The Retail Merchants association of Cisco and Eastland have urged the co-operation of the Ranger Retail Merchants association in sponsoring closing of all stores in the three towns at 6 o'clock. This co-operation was offered today by the Ranger association, the members of which have been closing at the stated hour for several years. It was pointed out in the requests for co-operation that if the Ranger merchants adhered to the closing regulation the merchants of both Eastland and Cisco would likely follow the practice.

Italian Armada Again On Way

NEW YORK, July 13.—The Italian squadron of 24 planes en route to Chicago resumed its flight toward New Brunswick today, Mackay Radio announced.

The squadron, under command of General Balbo, which yesterday completed the difficult 1,500-mile leg of its flight across the ocean from Iceland, paused in Labrador for a night's rest and started this morning on its 800-mile flight to New Brunswick.

OFFICERS MOVE TO PREPARE MURDER CASE

FORT WORTH, July 13.—Officers moved swiftly today to prepare an "air tight" case against four men held in the sensational triple murder case here and predicted a confession from one of the number within a short time.

District Attorney Martin undoubtedly will ask that they be sent to the electric chair. Martin and Sheriff J. R. Wright worked all night on the case after the bullet riddled bodies of the three victims, who officers are confident were shot in a dispute over a \$70,000 postal robbery loot, were found last night in the Trinity river at the edge of this city.

When pictures of the slain men were flashed on the quartet charged with murder they appeared deeply disturbed but remained silent.

Officers questioned one of the suspects, W. T. Howard. The others charged are O. D. Stevens, described by police as the master mind of the robbery, the director of a narcotic ring and of the slayings; M. D. Howard and W. D. May, Stevens' neighbor.

The slain men were quickly identified as Jack Sturdivant of Eula, J. B. Rutherford of Dallas and his brother, Harry Rutherford of Abilene, who disappeared Saturday after they left Dallas on a mission that evidently led to their deaths.

Last Rites For Thomas Ben Lund Said Wednesday

Funeral services were held at the Eastland cemetery at 3:30 o'clock Wednesday afternoon for Thomas Ben Lund, aged 70 years, who died in Dallas at the Baylor Hospital at 5:30 p. m., Tuesday, following an operation.

Ben Hamner of Hamner Undertaking company, was sent to Dallas for the body, and arranged the services for the bereaved family.

The decedent was the father of Mrs. F. W. Hoffman, of 1110 South Seaman street, Eastland. Rev. O. B. Darby, pastor of the Baptist church, conducted the services at the grave in Eastland cemetery.

Pall bearers were Messrs. G. Benson, Walter Hart, E. M. Hunt, Dick Price, Louie Lemmert and Herrington. The deceased left a wife and five children: Mrs. F. W. Hoffman of Eastland; Catherine Lund, Mrs. John Thoms and Ken Lund, all of Nebraska; Misses June Lund and Jeanne Lund who with their mother, make their home with Mr. and Mrs. Hoffman.

Federal Labor Union Organized

As the result of mass meetings held at Eastland county courthouse last Saturday night and Wednesday night, which were attended each time by more than 100 laboring men of various crafts a Federal Labor Union is to be organized under the auspices of the American Federation of Labor.

The first meeting was called for last Saturday night by J. Y. Jordan after he had written the American Federation of Labor headquarters for and received authority to call a meeting for the purpose of organizing the Federal Labor Union. At that meeting temporary officers were elected and an organizing committee of six was named. This committee made its report at the meeting Wednesday night.

At the Wednesday night meeting the temporary organization was made permanent with the following officers: W. H. Hassen, chairman; J. B. Hillburn, vice-chairman; J. E. Williams, recording secretary; J. S. Burkhead, financial secretary. Trustees: J. R. Boggs, W. W. Terry and V. O. Thomas. Application is being made to the American Federation of Labor for a charter with the above named officers and such others as have met the requirements as charter members.

Judge Allen D. Dabney, by request, delivered an address before the meeting Wednesday night. He briefly outlined the provisions and purposes of the National Recovery Act and presented a resume of the achievements of organized labor. He praised President Roosevelt, saying that he is the Moses to lead us out of the wilderness.

Another Calles Rises in Mexico

A group of Mexican congressmen have organized to support Rodolfo Elias Calles, 33, son of former President Plutarco Elias Calles, for the presidency of the dominant National Revolutionary party. His selection would put him in line for the presidency of the republic.

Eastland Hopes For Allotment of N. I. R. A. Funds

That the city of Eastland might receive some of the funds made available by the National Recovery act seems very probable according to Mayor Donald L. Kinnaid and City Manager Guy Parker, who returned from Austin Wednesday where they had been to present the claims of Eastland to the state highway department. Knowing that some of these funds would be available for use in cities Messrs. Kinnaid and Parker made the trip to Austin to place certain projects before the commission for consideration.

Taking into consideration that there are so many men unemployed in Eastland at this time and that the crop outlook for this section is not every favorable just now on account of the dry weather, the city officials decided to present to the Highway commission all the projects that they thought might come within the requirements for handling these funds and thus attempt to secure as much for Eastland as possible with a view of relieving the unemployment situation.

The projects presented included the repairing and resurfacing of South Seaman street, no certain class of pavement was mentioned; the widening of the bridge on the Bankhead Highway just east of the city limits; the construction of the Bankhead highway straight through Eastland on West Main street, cutting into the present road in the west part of the city and widening of the present highway by five feet on each side west on Commerce street to the city limits and east on Main street from the pavement to the bridge.

Mr. Parker stated that the commission seemed to be very favorably impressed with the projects and announced that they would send an engineer to Eastland within the next few days make a survey of the projects and estimate the cost of them. Both the mayor and the city manager are confident that they will be successful in securing for the financing of at least a part of the projects and thereby procure more labor for the unemployed of Eastland.

Eastland Man On Visit to Parents

Dr. Gene Martin, son of Mr. and Mrs. J. P. Martin, pioneer citizens of Eastland county, paid them a visit here this week.

Dr. Martin, who was born on a farm near Eastland, was reared in Eastland and has many friends here, including many childhood and school day associates. He is a dentist and said to be one of the best in the profession.

After having served in the medical corps of the United States Navy Dr. Martin developed tuberculosis. The federal government sent him first to Carlbad for treatment. He spent many months there and then was sent to Legion, Texas, where he remained for some time. Later he went to Walter Reed hospital where he underwent an operation, one of the latest treatments for tuberculosis. When he was in Eastland first of the week he was enroute to Chicago where he is again to undergo an operation.

O. O. Mickle left this morning for Memphis for a day's visit. He will be accompanied home by his wife, his daughter, Nan, and his son, Billy, who have been visiting relatives there for the past week.

A BIBLE THOUGHT FOR TODAY

GOD'S GOOD GIFTS: The Lord will give grace and glory: no good thing will be withheld from them that walk uprightly.—Psalm 84: 11.

MILK PRODUCERS MAKE THEIR APPEAL TO

Secretary Henry A. Wallace, known as the czar of agriculture, is a very busy man. Representatives of the dairy industry, which produces about one-fourth of American farm income, voted to ask the secretary to employ his drastic licensing power to enforce dairy trade agreements. More than 200 representatives of milk producers, processors, and distributors, including officers of both cooperative and private concerns, joined in the request. They were told that Secretary Wallace was prepared to use the licensing power "but that administrators first desire to give minorities the chance to play fair." Of course, if the minorities decline to play fair the secretary will crack down and show the road to fair play.

There are thousands of milk producers in Texas. There are hundreds of butter making establishments. There are cheese factories. There are dry milk and ice cream makers. Yes, combined, it is a great industry, and the figures show it produces about one-fourth of American farm income.

NEW MEXICO INDIANS GIVEN JOBS

John Collier is the federal Indian commissioner. Thousands of Indians in the New Mexico area will be put to work without delay and \$3,500,000 will be spent in the Southwestern Indian projects. More than four thousand, one-half drawn from reservations in the Southwest, will be given jobs building fences for the Indian ranges and land as proposed for the Pueblo district. Considerable erosion control work will be done on the reservations. A reminder that 12 million dollars will be chopped off the Indian Bureau budget, making strict economy necessary, but Commissioner Collier is of the opinion that the area will suffer less than others, and that while some reductions may be made in personnel no radical changes are contemplated. For the first time in many years the reservation Indians have a commissioner, named by President Roosevelt, who not only understands the Indian problem but is a real humanitarian as well as a public official.

HENRY FORD IS A SPLENDID LOSER

Henry Ford is carrying on as usual, more determined and more hopeful of the future of business than in "the happy days of yore." He dropped \$75,000,000 last year but laughed and took it on the chin. A fighter never knows when he is up against the wall. He just squares his jaws, takes another hitch in his belt and battles for a front place in the passing show of builders and developers.

The new roads which are to be built should be wide roads; wide enough to meet all likely needs for many years to come.

A city is the creation of all its inhabitants. Its growth, prosperity and betterment are in direct proportion to their cooperation, energy and loyalty.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

G. L. LANDSBERG, managing director of the Rio de Janeiro Brazilian American, says:

THAT Brazil is potentially a great market for good standard brands of American exports, \$30,000,000 worth are already imported.

The population totals 40,000,000 and its birth-rate is one of the highest in the world.

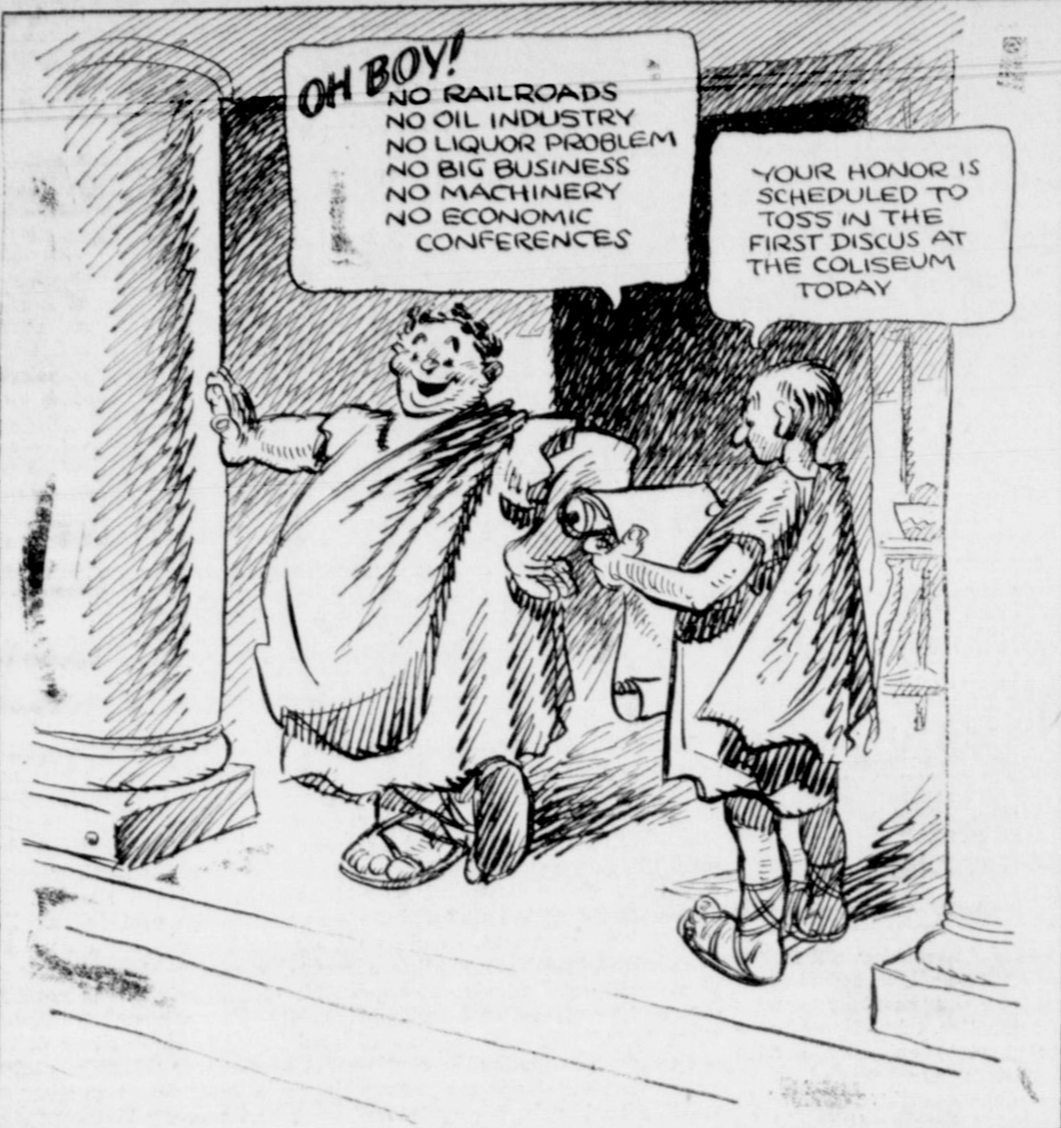

From the American point of view, the average standard of living is extremely low, but there exists a growing prosperous middle class, appreciative of—and what is more important, capable of paying for—quality goods. It is useless for foreign goods to try to compete in the cheapest grades of merchandise which are amply supplied by local manufacturers.

Advertising fails to reach the great mass of the population, which is—in great part—illiterate. However, the portion of the population which has the requisite buying power has in general a working knowledge of the English language.

Brazilians are among the best linguists in the world. All educated Brazilians have for many generations spoken French. Most text books used in the higher educational institutions are French.

Before 1898 and the freeing of the slaves, the educated Brazilian "intrude" was rare. Since that date the liberal professions have drawn a much smaller percentage, and the increase of Brazilians speaking English, "the World's Commercial Language," has been very rapid. This is shown by the Brazilian-American, the only American weekly in the country, which now has four Brazilian readers for each foreign reader.

\$90,000 to Be

Continued from page 1) county line, a distance of 11 miles; the rebuilding, including the widening of the base and retopping, of State Highway No. 23 from one mile north of Romney into Cisco, a distance of nine miles; the rebuilding, including the widening of the base and retopping, of Highway No. 23 from Rising Star west towards Pioneer for a distance of four miles, connecting with similar improvements recently made on that road; the rebuilding, including the widening of the base and retopping of Highway No. 87 from Cisco North east to Highway No. 67; also, the rebuilding of a road from Ranger north to the Stephens county line to connect up with a similar project in that county from Caddo south to the county line.

Judge Garrett stated that the commission agreed to recommend to the Federal Bureau of Roads that the above work be done in Eastland county with the understanding that the total expense should not exceed \$90,000, which would mean that our county would be allotted about \$7,000 more than the pro rata indicated by our population. He expressed the opinion that it would be possible to complete the above projects for something near the fund mentioned but that, in the event it should require a small amount more, the commission would supplement the allotment with enough to complete the work.

Upon inquiry as to how soon we might expect this work to begin the Judge was informed that it was impossible for the commission to determine the date at this time in as much as it was necessary for them to create a revolving fund of two or three million dollars to take care of the first estimates as the State must do the

Tells How She Lost 15 Lbs. of FAT

Rheumatism Gone Too Here is a woman who was rapidly putting on weight and who was troubled with rheumatism too. Read her letter: "I started taking Kruschen Salts because of the good it had done for a friend of mine who had been crippled with rheumatism. At the end of the second bottle I was weighed and find I am now only 148 pounds (original weight 163 lbs.), at which I am so pleased. But I have also felt my rheumatism much less, which has been so troublesome in my knees. I must say I think Kruschen as splendid weight reducer." (Miss) E. L. P. Overweight and rheumatic poisoning often got together. The six salts in Kruschen assist the internal organs to perform their functions properly—little by little that ugly fat goes; slowly, yes—but surely. You feel wonderfully healthy, youthful and energetic—more so than ever before in your life! Kruschen Salts is obtainable at all drug stores—a jar lasts four weeks and costs not more than 85c.

Unlimited Coinage

Continued from page 1) legal tender in the United States and would buy a dollar of goods in this country it would be a 100 cent dollar everywhere in the world.

And being a 100 cent dollar, it would lift the price of staple commodities to a rightful level with itself, in our country particularly; for it is proved beyond question that the price of silver has an intimate relation and we believe a controlling effect with and upon the prices of farm products; and these prices in turn have their effect in stabilizing or demoralizing all other prices.

Any effort to establish a sufficiency of money and money credit by any increase of bonded debt, or by the saving of large institutions from real or seeming loss of assets is unavailing. The United States should issue non-interest bearing treasury notes in the proportion of two-and-a-half to one of metal reserve. There should be only the two kinds of money in this country, and it should be plentiful—and only plentiful for the needs of industry and commerce. These monies should be the reserve of metal in the treasury and the government note. If government bond, bearing interest, is good, then a treasury note of the same government, not bearing interest, is better. The issue of money is a sovereign right of government, and it should be guarded by the government and wisely used.

Boys and Girls World Club

Mrs. Fred L. Drago has returned from Virginia and Wednesday morning again assumed active charge of the Boys and Girls World club which has been conducted during her absence by Mrs. J. U. Johnson, in a most successful and interesting way.

The meeting Wednesday morning was given to shaping the work for the next quarter's study of the Indian, work in line with their inter-relationship plan of program.

A new study book has been received for the next quarter's work, and this will be commenced at next Wednesday morning's meeting.

A story of the Indians was told by Mrs. J. U. Johnson, and a group of songs that taught friendly relations with other nations, closed the informal session.

The regular program will be presented next Wednesday morning. All children are invited to attend.

Intermediate R. A. and G. A. Resumes

The regular meetings of the Royal Ambassadors and Girls Auxiliary, a division of the junior missionary society of the Baptist church, have been resumed each Friday afternoon at 4:15 o'clock, with Mrs. L. A. Rogers in charge as director.

This office was formerly filled by Mrs. Terrell, nee Opal Hunt. The organization will meet tomorrow afternoon in their classroom in the Baptist church.

A picnic will be given for the Intermediate G. A. and R. A. tomorrow night at 7:30 o'clock.

Special attention is called to the hour, as the outing was previously announced for 5:30 p. m. The change was made Wednesday.

All members are requested to assemble at the Baptist church at 7:20 p. m., sharp, for the start to the country. The destination will not be made known in advance.

Informal Evening

Mr. and Mrs. F. V. Williams entertained Mr. and Mrs. Carl Springer Tuesday evening for their daughter and son-in-law, Mr. and Mrs. W. L. Brown of McKinney, the little party of six enjoying a delightful evening.

The hostess served light refreshments at its close.

Mr. and Mrs. Brown accompanied by Mrs. Williams left for McKinney this Thursday morning, where Mrs. Williams will make a week or ten days visit.

Pretty Birthday Party

Mr. and Mrs. J. W. Harris celebrated the ninth birthday of their son James in a pretty birthday party from 4 to 6 o'clock, Saturday evening at their home in the Gulf camp.

The entire home was prettily decorated with flowers for the event, and games on the lawn were led by the lad's sister, Bettie Mae Harris.

A beautifully arranged table, lace laid, and decked with roses, was centered with the birthday cake, in alternate rainbow hues, iced in yellow, and topped with nine yellow lighted tapers.

The cake was cut by James, and

the children enjoyed the dainty offering with ice cream.

The lad received many nice gifts from his friends, Fredda Michael, Juanita, Catherine Craven, Marzelle Wright, Barbara Patterson, Roberta Hall, Marjorie Harper, Betty Mae Harris, Rose Marie Martin, Margaret Harris; Buddy Craven, Wilber Honea, Charles Van Geem, A. W. Wright, Ray Honea, James Wright, Billy Guy Patterson, Jack Hall, Jud Hall, the honor guest James Harris, and mothers, Mrs. Guy Patterson, Mrs. L. C. Hall, and hostesses, Mrs. J. W. Harris, and Grandmother Harris.

Honors Birthday Of Friends

One of the novel and delightful entertainments of this week, was the supper hosted by Mrs. Robert Sanford, and Mrs. K. S. Harris, Tuesday evening at 7:00 o'clock at the home of Mrs. Sanford on Foch street, honoring those friends whose birthdays came in the month of July: Mrs. Fred Hayes of Cisco; Mr. and Mrs. John Miller; Mrs. Effie Crow; R. S. Harris Jr., and Randolph Railey.

The little party gathered on the lawn where the long table, linen covered, was centered with a gorgeous bouquet of sunflowers, and place cards indicated covers of the guests.

A toothsome menu of baked chicken with dressing was served and fried chicken with gravy, salmon, potatoes, fruit salad on lettuce, pickles, relishes, iced tea with lemon, and cake, to Mr. and Mrs. John Miller, Mr. and Mrs. Robert Sanford, Mr. and Mrs. R. S. Harris, Mrs. Effie Crow, Mr. and Mrs. Fred Hayes of Cisco; Misses Corinne Harris, Thea Lea Roper, Elizabeth Jacobs, Little Stella Sue Miller and Miss Naomi Crowder of Quanah, Texas; Messrs. W. A. Elliott, E. S. Pritchard, A. J. Elliott, Randolph Railey, R. S. Harris Jr., Joe Buckee and Halsey Butler.

Little Card Club Named

The Little card club recently organized among the younger group of girls was formally christened at the meeting held with Miss Aubrey Brawner, Wednesday afternoon, when the two tables employed in bridge were charmingly dressed in orchid and green covers, with modernistic bridge appointments to match, and all carrying out the shades in the flowers used in decoration, the beautiful wild hibiscus of Texas.

Radio music throughout the afternoon added its charm. High score favor in game, handsome correspondence cards, was awarded Miss Ellen Francis, and consolation, a hand embroidered kerchief, went to Miss Norma Reagan.

At five o'clock the young hostess served a dainty tea plate of sandwiches, small cakes and iced lemonade.

The club will meet next Wednesday afternoon with Miss Norma Reagan.

The club has been formally named, "Booby Bridge Bunch."

Those present: Misses Eloise Ligon, Lurline Brawner, Louise Day, Ruth Harris, Pauline Bida, Ellen Francis, Norma Reagan and Audrey Brawner.

Rebekah Lodge To Hold Installation

The Rebekah lodge announces the formal installation of officers at their meeting tonight, in I. O. O. F. hall.

The session will be opened by their noble grand, Mrs. Blanche Nicols, and installation conducted by the lodge deputy, Mrs. Robert Pearson. All members are urged to attend.

J. M. Perkins Home Again and Gone Again

Joseph M. Perkins returned home Tuesday night from a three weeks intensive trip over South Texas, and after a brief visit with his family left Thursday morning for Albuquerque, N. M., to be gone several days.

Just to show Mr. Perkins that this was a real greeting, several friends were invited to spend the evening with them on their lawn Wednesday night when two tables were arranged for bridge and oc-

Injured Cowboy Film Star and New "Girl Friend"

Two wrecks, it seems, have occurred recently in the career of Hoot Gibson, cowboy film star—one when he smashed his airplane during a race at Los Angeles and the other when his marriage to Sally Eilers, movie actress, went on the rocks. Anyway, here is Gibson, recovering in a Los Angeles hospital from injuries received in the plane smash-up, as he shows a picture of the wreckage to his new girl friend, June Gale, 21-year-old San Francisco actress, with whom he admits he is "madly in love." Gibson announced that he and Miss Eilers, now in Europe, plan a divorce.

plied by Mr. and Mrs. Art H. Johnson, Mr. and Mrs. B. M. Collier, Mr. and Mrs. James Horton, Mr. and Mrs. Virgil T. Seaberry and Judge and Mrs. Joe H. Jones, to whom light refreshments were served by Mrs. Perkins at close of a delightful evening.

No Choir Practice

Wilda Drago, director of the choir of the Methodist church, announces that choir practice has been discontinued through the period of the excessively hot months. Regular practice will be resumed with the coming of cooler weather.

LYRIC NOW PLAYING

Richard Barthelmess as Tom Holmes, ex-soldier buffeted by fate at every turn, brings to the screen one of the most intense performances ever seen! The film is "Heroes for Sale" which graphically describes the soul searing struggles of thousands of war time heroes, now merely human derelicts. Among the important supporting cast in the picture are Loretta Young, Aline MacMahon and Robert Barrat.

Herons Must Diet To Escape Death

BILLINGS, Mont.—Blue herons are scheduled to go on a lighter diet of game fish if they wish to escape a death sentence, according to Col. C. L. Lutkins, Kansas sportsman now in Montana.

Col. Lutkins declared the birds, protected by treaty between the United States and Canada, eat more fish in four months than sportsmen can catch in five years.

He said he was completing a survey of the quantity of fish consumed by the birds to present to the United States government in event an open season on the herons is sought.

STAFF NEWS

STAFF, July 13.—We are still in need of rain. All crops have been cut short on account of the drought.

Rev. Shaw of Brownwood preached at the Baptist Church last Sunday morning. Rev. Shaw is a very able man and delivered a fine sermon.

GOLD WATCHFOB TURNED IN PORTERVILLE, Calif.—A citizen walked into the bank here and handed his watchfob over to the teller saying, "they can't class me as a hoarder." The charm was a five dollar gold piece surrounded by a metal band.

COMING! CONNELLEE THEATRE

Sunday—Monday—Tuesday "HELL BELOW" Featuring Robert Montgomery, Jimmy Durante, Madge Evans, and — THEN SOME!

SISTER MARY'S KITCHEN

BY SISTER MARY, NEA Service Writer

CURRENTS are perhaps the most perfect fruit available for jelly. Astrakhan apples and later in the season crab-apples, jelly naturally, but they do not have the color and flavor found in currant jelly.

Roast lamb and mutton are served with currant jelly as properly and often as they are with mint jelly or caper sauces. Many a dessert can be garnished attractively with a cube of this sparkling jelly. Both dessert and meat sauces gain piquancy by the addition of a few tablespoonfuls of currant jelly.

Rich in that peculiar jelly-making factor, pectin, currants make a perfect jelly without the use of commercial pectin. Currant jelly is sure to "jell" and the fruit is excellent to use in combination with non-acid fruits lacking in pectin. Nevertheless, currants will make a finer jelly when they are slightly under-ripe rather than over-ripe.

Plain Currant Jelly

Wash currants and pick over, pulling them from the main stem. Put just enough water into a smooth, wide preserving kettle to prevent sticking before the juice begins to flow from the fruit. Add currants, cover kettle and bring quickly to the boiling point. Reduce heat and crush with a wooden potato masher. Simmer until currants look white. Turn into a jelly bag and allow the juice to

Tomorrow's Menu

BREAKFAST: Fresh pink plums, cereal, cream, scrambled eggs with dried beef, crisp toast, milk, coffee.

LUNCHEON: Steam ed clams, tomato and pineapple salad, graham bread toast, lemonade.

DINNER: Lamb and barley stew, new spinach with a thin layer of paraffin. Dutch sauce, deep dish apricot pie, milk, coffee.

drip through. Do not squeeze for this first extraction of juice. Measure juice. For each cup of juice use three-fourths cup sugar. Heat sugar in a warm oven. Put juice into a wide sauce pan and bring quickly to the boiling point. Boil five minutes and sift in sugar. Do not let the boiling stop while adding the sugar. Boil rapidly until the syrup "sheets" from the spoon. If a very little water was used to cook the fruit it will take a very few minutes to cook the jelly. Remove from the fire, skim if necessary and pour into hot sterilized glasses. Cover with a thin layer of paraffin. When cold cover with a second layer of paraffin.

Second and third extractions of juice should be made by cooking the currants in water to half cover for ten minutes. This jelly will not be as light colored and clear as that made from the first extraction but it will be well-flavored.

That Reminds Me

(Continued from page 1)

Business in Eastland is not at a standstill and the many expressions we hear on all sides adds a compliment to the forethoughtfulness of the business interests of Eastland in making their regular weekly trade trips over the territory. Many faces are seen in the stores, and people are beginning to realize that Eastland is a major trading point. In fact Eastland is the one logical place to trade and Eastland merchants show their appreciation by rendering a worthwhile service.

Eastland of course needs a bank badly, but that is a matter to be settled yet, perhaps even now, those that really appreciate Eastland as their own have their minds working to bring it about. This column would appreciate letters from our readers on the subject. They will be gladly printed. Perhaps some reader of the Telegram has a good idea of how to go about it. Let's have it. The thing is, tell us in your letter just how badly Eastland needs a bank and things that have happened during the time that we have not had one that has caused Eastland to suffer as a consequence. Sit down tonight and write that letter.

Eastland Personals

Misses Mamie Shoopman and Bernice Clarke of Pumpkin Center have returned from a visit to friends in Fort Worth.

Mr. and Mrs. Art H. Johnson motored to Fort Worth Tuesday.

Mrs. Catherine Turner King is visiting her aunt in Chicago and will be there several days.

Mrs. Fred L. Drago has returned from Virginia, and resumed the boys and girls word club meetings.

STATE BOOSTER DIED

BOISE, Idaho.—Idaho—the land of "The Sawtooth Mountains"—has lost one of its best boosters in the recent death of Robert W. Lambert, one of the best "trick shot men" in the world, toured the nation for years in exhibiting his skill with a pistol on the stage, and always, during his act, chattered about "home, the land of the deep canyons, lofty peaks and sawtooth mountains." Heart trouble caused his death en route from Omaha to Boise.
