A CURE FOR WORRY: Be careful for nothing; but in every thing by prayer and supplication with thanksgiving let your requests be made known unto God.

WHY NOT AN ECONOMY?

If aged women in the Texas Confederate Woman's home got a thrill out of being in politics, when the governor exercised her veto power and rejected the present superintendent, in favor of a good Ferguson woman they should have realized the home was built in politics, and has been maintained in politics ever since.

For instance, last year and this, when it was shown that entire hospital and dormitory facilities at the Confederate home-an institution built for 2,000 people and now housing 130 veterans-are occupied only by a few women, wives of veterans in the men's home, politics prevented placing the Confederate widows there. Friends of Mrs. Thomas, whose reappointment has just been vetoed by the governor, raised such a protest that neither the board of control nor the legislature would consider the saving of many thousands of dollars a year. Also, the better facilities and ampler hospital space would better havt cared for the old ladies. Numbers of Confederate wives aready are at the home, so that it would have been no innovation for the widows to have been placed at that home.

Now the woman governor has dictated the selection of a woman superintendent of the woman's home acceptable to her.

The legisature ought, in September, to merge the two homes, and apply the many thousands of dollars a year savings to pay the attendants a living wage, instead of cut- An ting the pay of \$40 to \$60 per month workers 10 per cent, and then forcing them to discount their warrants another 5 to 10 per cent.

That would take a little of the politics out of it.

PAYING THE TEXAS RELIEF BILL

It is reasonably clear now what will be one of the chief questions before the September special session of the legislature.

That issue will be paying the state's share of direct aller . relief costs.

The state now has the choice of paying the whole bill as it goes, or of spreading the payments out over about FI 15 years. That choice will be decided in the Aug. 26 elec- Fo tion, in the passage or failure of the amendment authorizing a \$20,000,000 public works bond issue.

If the bond issue carries-if voters decide they don't want to pay the whole relief bill during the lean depression year-then the legislature in September will author- Gt ize issuance of part of the bonds. The lawmakers at the H same time will provide a way to pay off the bonds as they Int mature. The bonds must be met otherwise than by a prop- Jol erty tax.

That means, if the bonds carry, a small, limited sales Ma tax on final sales only, with foodstuffs exempted, to pay off the bonds.

If the bond issue is voted down, the only alternative is a larger sales tax to carry on direct relief on a pay-asvou-go basis. * 287 - 18 Mars

The Cisco Baptist association executive board met this week in Eastland Baptist church, at the call of Mrs. G. W. Thomas of Ranger, wife of the pastor of the First Baptist church of that city.

The meeting was called to plan the program for "Woman's Day," in the associational meeting, to be be held Tuesday, Sept. 5, in Eastland Baptist church. Those attending the board meet-

ing were Mmes. Thomas and S. S. Ogg of Ranger, Mmes. Ullam and Brunette of Cisco, and Mmes. Frank Lovett and W. D. R. Ower of Eastland. . .

Officers Recently Elected Local Baptist Church

The Baptist church is going through its usual annual routine in the order of election of officers, superintendents and teachers, the process requiring three months in its completion. All officers will take their

places the first Sunday and Monday in October. In July a general nominating

committee was appointed by Rev. O. B. Darby, pastor of the church, the personnel being Mrs. Hannah Lindsey, Mr. Joe Neal, and Mrs. J. B. Bishop, who in turn nominated the Sunday school superintendent, the director for the Baptist training school, and the president of the Women's Missionary society

At a later meeting the church elected these officers, presented by the nominating committee.

In this election the church board was enlarged to six members, who, in turn, chose the department superintendents, elected this month (August). This committee will select the

teachers for the Sunday school, at the business meeting to be held the last Wednesday night of this month.

The staff at present includes J. R. Carlisle, Sunday school superintendent; Mrs. Frank Lovett, president, W. M. S.; Terrell Coleman, Baptist training school.

The superintendents of the Sunday school departments, elected in August: Mrs. E. E. Lavton, for cradle roll department; Mrs. Paul McFarland, beginners' department; Mrs. H. M. Hart, primary; Mrs. A. J. Campbell, superintend-

"Best of Enemies" **Opening Here Today**

With Buddy Rogers and Marian Nixon in the leading roles, "Best of Enemies," the new Fox comedy romance, begins a two-day engage ment at the Lyric theatre today. It is described as a novel romance depicted against as up-to-the-minute a background as has ever been seen

The story traces the development of a youthful love through the vagaries of events surrounding two youths. Differences between their families are brought out by things over which they have no control, and barriers are set in their way. The central background being the passage and the return of beer, the situations accompanying the romance are said to he highly amusing.

The story moves in locale from a city in the middle west, inhabited by a great number of German-Americans who cannot give up habits of centuries, to Germany itself, where the young man of the romantic pair goes to study. The film has a distinctive musical accompaniment directed by Arthur Lange and dance sequences ar ranged by Sammy Lee.
