Methodists Continue In First Place in Prosperity Contest

. Interest in the Horn o' Gold Prosperity contest is beginning to take on the friendly spirit of its intent. The Methodist while still holding their lead has found the going a little more competitive. The Church of Christ which held a small trail to the Baptists has forged ahead and are crowding the Methodists in their hurry for first place. One new contestant arrived on the scene in the second count which include the Olden Baptist Church. The firms that are giving the prosperity votes are as follows: Piggly Wiggly Store, The Fashion, Connellee Coffee Shop, Perry Bros. Variety Store, Eastland Telegram, Drs. Brewer & Brewer, Lyric Theatre, Butter-Nut Bead, Texas Electric Service company, Texas Public Utilities corporation, Fierce Beauty Shop, Toombs & Richardson, Eastland Furniture Exchange and Hotel Garage. A BIBLE THOUGHT FOR TODAY

THE PRINCE OF PEACE: Unto us a child is born, unto us a son is given: and the government shall be upon his shoulder: and his name shall be called Wonderful, Counsellor, The mighty God. The everlasting Father, The PRINCE OF PEACE .--- Isaiah 9: 6.

This Matter of Twenty Millions in Bonds

If we don't do it, what are we going to do?

All other things being equal, The Telegram would no more advocate the passage of a bond issue in Eastland county or Texas at the present time than this newspaper would give editorial support to a proposed war with China. Here we are, in the midst of the worst and, at the same time, the most peculiar crisis civilization ever conceived could take place in a modern era . . . here we are, in the midst of an economic depression faced with the request that on top of all the bond's and other forms of expense with which we have burdened ourselves into this seemingly unscalable hole, will we vote bonds in amount of 20 million dollars more?

But . .

If we don't do it, what are we going to do?

It has cost Eastland county several hundred dollars a month to take care of the destitute and unemployed, a sum which up until now has been supplied by the federal government out of an appropriation of over a million dollars huge broom into sand dunes along Her Memory Hears per month to the state as a whole.

Comes now the federal government and says that if the State of Texas, which includes Eastland county, fails to show a disposition to share the burden of this relief. there will be no more federal money.

The Telegram accords itself a pretty accurate knowledge of the character of this community. It is superflous to mention that this community's character is of the type which always shall dictate an adherence to the principle, "I am my brother's keeper." That adherence has sent no man, woman or child hungry or destitute beyond the city limits.

Without federal funds, then, to perpetuate our record of continous human salvation, we would need to raise in twis 2,200 farmers, more than half ty's 2,200 farmers, more than half this county next year thousands of dollars. now are

As word swept over the embattled city of Havana that the tyrannical regime of President Gerardo Machado was at an end, thousands of joyful celebrants swept into the presidential palace to loot and destroy. The result of the mob's frenzy is strikingly pictured above. Windows and doors were smashed; rich furnishings pulled down and carried away; state papers and records tossed into the court in a littered mass. Here you see members of the mob searching the debris, and others carrying loot from the palace.

Some opposition already has been voiced in this community to the bond issue. The Telegram accords anybody the right to their opinion. It accords anybody the right to support their opinion with what they deem are reliable facts. Such opposition as has been spoken emphasizes that the national recovery program now under way will have gathered such strength and created such results within two or three months as to dissipate demand for relief such as now exists hereabouts and in Texas at large.

The statement has just been made that The Telegram accords everybody the right to support their opinion with what they deem are reliable facts. But the suggestion that Fireman's Mascot the recovery program will dissipate need of this relief is an'argument not supported by fact. If a fact at all, it falls in the category of an anticipatory fact. It is a guess as to the future.

BILLY AND BETTY

Billy and Betty have been saving their "Prosperity Club" votes for their church the past week. Now, Billy has been to the picture show one time, has had four ice cream cones at the drug store and some candy at the grocery store, so altogether he has saved thirty-five votes for his church. Now, little Betty, has also been to the show,

had ice cream cones and run some errands for mother, so she has eighty-six votes saved, and they are going to give their votes, to their Sunday school teacher this morning for their church. One thing about Billy and Betty, they never forget to ask for their Prosperity Votes-Why don't you practice that habit?

YOUR CHURCH

There are many places your church would be able to use the \$75.00 that the merchants sponsoring the "Prosperity Club" are offering. There are many ways that you individually may help your church share in these generous cash gift awards-the particular one, ask your mer-chant if he gives "Prosperity Votes." then write the name of your church on the back of them and drop them in the ballot box.

Son Was Away So Father Had to Stav In County Jail

By United Press

EDINBURG, Tex .-- W. K. Long of Donna, recently was released from the Hidalgo county jail after he had served 19 days of an indeterminate sentence for contempt of court. He was sent to jail on July 20 for failing to produce his small son in court.

The circumstances surrounding Long's case are among the most unusual ever recorded in Hidalgo county.

Several years ago, Long and his first wife were divorced and the custody of the child was given Long. Both he and his first wife married a second time. Long married early in July this year. His first wife's attorneys secured a court order for Long to produce his son. Long's sister cared for the child, now a 10-year-old boy. Before Long appeared in court his sister took the boy to Mississ-When Long failed to proippi. duce his son, he was sent to jail until the boy was brought into coult

Long's attorneys went to Mississippi and sought to force the return of the boy to Texas. The Mississippi courts refused the order on the grounds the child was in good custody. In the meantime, the father was held in the Hidalgo county jail with no alternative save to produce his boy in court.

Long posted \$1,000 bond for his appearance at the September term of court and departed for Mississippi in an effort to obtain his son from his sister.
