PROGRAM WILL BE BEGUN BY NOVEMBER 5

Designed To Prevent Future Overproduction And To Provide Supplies.

WASHINGTON, Oct. 18.—The Agricultural Adjustment administration embarked on its long-term plan to balance corn and products with demand, the most extensive project it has yet undertaken. The program will cost \$350,000,000 to be raised by processing taxes. It is intended to relieve financial distress in the corn belt, prevent future overproduction and provide supplies for the destitute. This program follows an emergency hog purchasing program carried on at a cost of \$35,000,000. Under the new program 20 per cent of the corn acreage is to be taken out of production for three years and the hog crop reduced by 25 per cent in two years. Hog raisers who cooperate will be paid \$5 a head in installments over a two year period on 75 per cent of their average production. The processing tax on hogs will start Nov. 5, with a levy of 50 cents a 100 pounds on live animals. It will be scaled up to a maximum of \$2 a 100 pounds by Feb. 1, 1934.

GERMANY TO TAKE NO PART IN THE LEAGUE

BERLIN, Oct. 18.—Germany will attend no conferences, join no alliances, adhere to no conventions, sign nothing until she is granted equality with other nations, Chancellor Adolf Hitler said in a speech, published today, to a group of his followers.

The speech was made to storm troopers and sub-leaders of Nazi party propaganda headquarters. "The mistake of previous German governments," Hitler said, "was that they were over-optimistic regarding the League of Nations and its institutions. 'The government's decision on Saturday to withdraw from the League of Nations and the world disarmament conference, ushered in a phase of our fight for equality.'"

PETITION AND ANSWER: This poor man cried, and the Lord heard him, and saved him out of all his troubles.—Psalm 34: 6.

RELIEF MUST COME, INFLATION OR NO

There is precious little sense in worrying about the demand for inflation unless we also are willing to worry about the things that caused the demand.

That we are going to have something like a final, definite showdown in inflation this winter is becoming obvious. The pressure for inflation that has been put on the White House in the last month or so is only the first convens.

breath of a gale that will break loose when Congress And to read some of the indignant outcries being raised these days is to get the impression that demanding inflation is a crime against nature. We are reminded over and over again of the doleful things that happened to Russia and Germany when they sent their paper up in the windstorm.

Stick a pin through your newspaper at random and you are likely to impale an interview with some economist or other full of dark prophecies and dire forebodings.

All this pessimism may be entirely justified. That, at the moment, is hardly the point. The important thing is to realize that the clamor for inflation does not arise from sheer human perversity and wrongheadedness, but that it proceeds from the contemplation of wrongs which a great many people have decided they are not going to endure any longer.

If you borrow a dollar which is worth one bushel of wheat and find when you come to pay it back, that it is worth three bushels, you have been gypped, and no fine talk about the sanctity of sound money is going to make you feel any better about it.

It is precisely that which has happened to millions of Americans in the last few years. Debt has turned into a self-increasing snowball, and it has become a load which is just about too heavy to be carried any farther.

Paying for a dead horse is never much fun; when the corpse goes on rising in value before you can get all your payments in, you hardly can be blamed if you decide that the rules of the game ought to be changed a little.

Inflation may be the height of folly. But an even loftier peak would be to fight against inflation without offering any remedy for the wrongs which have made inflation look desirable.

If we are not going to have inflation we must have something that will whittle our debts down to the size they were when we contracted them.

Missionary Program

Baptist Church

A good attendance was registered at all church society sessions on Monday, the snappy, cool day, calling out many who had not been present during the hot weather.

The Women's Missionary society of the Baptist church presented a program on missions, led by Mrs. Carl Springer.

The session was opened by their president, Mrs. Frank Lovett. Following the doxology, and then prayer by Mrs. L. J. Lambert, Mrs. Springer presented a preface to the general subject, "Missions in South America," followed by the parable of the "Ten Virgins," given by Mrs. Tom Amis.

Prayer by Mrs. Lovett, and hymn, sung in unison, "Send the Light," introduced the topic.

That Reminds Me

(Continued from page 1)

Both of the bustling owners of a valuable business in Eastland are tooth and toe-nail for everything worth while for Eastland and its people. They don't stand back on anything when it comes to helping in the progress of the town. You can always bank on them. That is a wonderful spirit and it is no wonder that they sell Chevrolet automobiles—a good automobile combined with personal service that is unchallenged will make a business go a long way toward the goal of success. With this background it's no wonder that we see new Chevrolets running around the streets like a bunch of ants getting ready for winter.

Frank Roberson, owner of one of West Texas' finest garages and service stations is up to his usual tricks of giving better service backed by personality and experience. He has acquired the services of Mr. Gene Tucker who will be in complete charge of the Battery Department. Mr. Tucker is well known in Eastland for his ability and Frank says that he knows his batteries. This indicates that business is good down Frank's way and that greater demands for greater service needs to be attended to. The Superior Garage usually attends to the best that is needed and the automobile owner profits by having such services available.

Wilbourne Collie, State Senator from this district, returned this week after a strenuous grind at the special called session of the legislature. That he can work night and day and take it, and come out looking fresh after the battle is a good indication that we've got a good Senator to look out after our affairs. Monday's Breckenridge American carried a high endorsement from the Breckenridge Petroleum Club for his fine work while in Austin. This comment is well deserved and we feel sure that our Eastland people are grateful to The Club for acknowledging one of our outstanding citizens.

Methodist Church

The Women's Missionary society of the Methodist church enjoyed a very fine and novel program that prefaced the study of the new book undertaken by the society, "Christianity and Industry in America," written by Alva W. Taylor, professor of social ethics, of Vanderbilt university.

The meeting was opened by Mrs. Lola Mitchell, vice president, with the hymn, ensemble, "My Faith Looks Up to Thee." The minutes by Mrs. M. H. Kelly, secretary, were presented.

A special prayer was offered for their pastor, Rev. Sam G. Thompson, whom the society had been advised by wire, that afternoon, was in a failing condition.

The devotional from the 13th chapter of Matthew, was brought in the theme, "Christ and the World Work," by Mrs. Milton Newman.

Hymn, "The Kingdom is Coming," prefaced the novel playlet, "The Whistle Blows," most interestingly put on by members of the Outlook circle, who represented men, and were dressed in the greasy clothing of the factory worker.

The playlet developed the labor question, and revealed the attitude of the laborer.

Those taking part were Mmes. M. B. Griffin, Jack Vaughn, James Harkrider, W. T. Davenport, and Creamer, directed by Mrs. Wayne Jones, who will conduct the new study, each session, until the book is completed.

After the playlet Mrs. Jones used a ladder to illustrate the rate of progress and industry, each rung representing a step up, in the discussion.

The subject, "Development of Labor," was presented by Mrs. Ed F. Willman, and a round-table discussion was held on the subject of "Labor as known to the public, through reading of newspapers and magazines."

A continuation of this program will form the topic for next Monday's session to be held in the church.

Those present: Mmes. E. C. Saeterwhite, D. L. Houle, W. W. Kelly, Wayne Jones, Ed F. Willman,
