Minors To Be Barred From Tuesday Trial

Young people, 16 years of age and younger, will be barred from the courtroom when a trio of Eastland County men are tried for statutory rape in 91st District Court Tuesday, presiding Judge J. Frank Sparks has announced.

The three are charged with the assault of a 14-year-old girl. The Abilene firm of Scarborough, Black and Tarpley will represent the defendants, with J. R. Black expected to lead in the defense.

District Attorney Perry T. Brown will be assisted by Eastland Attorney Bill B. Hart in the prosecution of the case, it was reported.

A jury panel of 100 names has been called from which a jury will be selected. The "double" list was called, Judge Sparks said, because under the new criminal code, each of the defendants will be allowed six challenges, as will the prosecution.

The trio will be tried together the judge said. DA Brown was out of town Friday and unavailable for comment. The death penalty is not being asked, the judge said.

The 91st District Court grand jury is to reconvene Sept. 12.

Among the cases to be tried in September will be E. M. Rosson, Rogers suing for the amount of \$105,141.39 in damages and for injuries which he received on Feb. 27, 1965, when the automobile driven by Rosson struck Rogers as he was directing traffic on Highway 80, east of Ranger.

Roger, who was at that time a highway patrolman in Eastland County, was directing traffic around vehicles involved in an accident and was without warning, struck by the car driven by Rosson. He received injuries to his knee joint, his right ankle, a fracture of his left hand and multiple abrasions and laceration.

Rogers was confined to the hospital until May 15, 1965. He alleges that Rosson failed to keep a proper lookout, drove his car at a greater speed than permitted by law, drove his automobile at an excessive rate of speed under circumstances existing, failed to drive his car to the south around the highway patrolman and failed to stop the car before reaching Rogers.

Mr. Rogers recently transferred to Midland where he is employed as a Highway Patrolman.

The trial is set for Sept. 12, also on which date the case of J. G. Evans vs. Lloyd Mann et al, will be tried.

Other cases set are the following:

Sept. 6: The State of Texas vs. Ronnie Reynolds; The State of Texas vs. Mike Alford; The State of Texas vs. Allen Senterfit.

Sept. 19: The State of Texas v. Claud Edwards; The State of Texas vs. Billy Joe Dolberry.

Sept. 25 — T. L. Fonville v

T. P. Rry Co.; Jerry Don Hamilton v. T. P. Rry Co.; Adrain Swindle v. Pollack Pa per Co.

Out of the Bowling Bag

By RALPH SITLER
First on our list today-- Don't forget that the Fiesta Bowl will be closed from Sept. 6th through Sept. 10th. But opening on Sept. 10th at 6 p. m. the Fiesta Bowl will be open all day on Labor Day. So have your fun all day on Labor day.

The Monday night men's League held their winter bowling meeting Monday the 29th of Aug. and are all ready to begin their fall season of

throwing that ole ball down those lanes and trying to get that nice Desk Set trophy we are giving out for a 250 game Sid Harton were in a close. Our new and able Eastland County Association Secretary Gene Boney got the meeting under way and Mr. Raymond Beck from Hoffmond Well service was elected League president and presided over the full session. Leo Gann and race for Vice President with Sid nosing out Leo by a nose. Elected league secretary was Bill Matthews of Ranger. Bill was also Secretary of the summer Men's Scratch League and did a fine job.

The League voted for something different for this season. All sponsors will get a real nice trophy. All monies will be distributed to all the teams in accordance to games won and lost. That way each player will win back part of what he has paid during the season. Sounds like a good deal to me as this way everyone wins.

The Tuesday Night Ladies played their last game for the summer this week and "Gosh all bowling pins" it ended up in a tie with the play-off between the White Elephant and the Donkeys, which was scheduled to be played off Thursday the 1st of Sept.

The 3rd place awards were presented after the Tuesday night finals and won by the "Gees", with Jackie Humphries, Eleanor Sittler, Charlotte Allen, and Efma McBride.

The achievement award was won by Barbara Guydes of Strawn.

Barbara has been one of our most ardent bowlers, but she says she will be unable to bowl this winter due to the fact a certain young flyer is due back from Viet Nam in a few weeks and my guess is wedding bells will be in order.

The high game was earned by Peggy Swafford, Ranger, bowling for the Hoot Owls. She had a nice game of 203. But close behind and also a pretty good bowler was Oleta Forde, bowling for Stuckey's, east of Ranger, with an even 200.

The Junior summer bowlers finished last Sat. There will be notice in a week or two for the meeting of our new

A. J. B. C. winter league meeting. So all you young bowlers think about getting ready for lots of Ice Cream and Pepsi Cola at the meeting because it will be all "free."

County Farm Revenue Reported Up \$355,000

Eastland County farmers improved their financial position somewhat in the past year, according to a nationwide farm survey.

With greater yields per acre than in other years and with prices for crops and livestock stronger than before, most were able to close out their books well in the black. Despite the smaller amount of land at their disposal, because of the government's re-entrenchment programs, their production climbed to a new

high. What made it possible was an assist from Mother Nature in the form of better weather conditions, plus the increased use of chemical fertilizers, pesticides, and weed killers and the employment of more mechanical equipment.

The survey, conducted by the Standard Rate and Data Service, presents data on farm income and farm population for every section of the country.

In Eastland County, it shows, total farm revenue for the year came to \$7,394,000. It compares with \$7,039,600 in 1964.

This represents total receipts, before deductions for operating expenses and taxes.

Prospects appear even brighter for 1966, the authorities say, what with abundant rain.

No one particularly complained about the rain early this week, but County Agent J. M. Cooper admitted that it "wasn't exactly" needed by the peanut farmers. "Actually, they need some dry weather from now until mid or late October, he said.

He cited some 47 acres of peanuts belonging to John

Love in the Chaney community, which are about 90 days old. They need from 120 to 135 days, the agent said. It's another first irrigation project.

The report figure takes into account the cash proceeds from the sale of livestock and crops as well as government payments and "income in kind," which is the value of home-grown items used on the farm.

The bulk of it was from the marketing of farm products. Approximately 30 percent of this income was from the sale of crops and 70 percent from the sale of livestock, poultry and dairy products. The breakdown is based on Department of Agriculture statistics.

In terms of the local farm population, the gross income was equivalent to \$2,550 for each person living on the land. It was 12.3 percent above the 1964 average of \$2,271.

This compares with a 11.3 percent rise in the State of Texas.

In many parts of the country, notwithstanding increased output and rising prices, the farmer's net income improved very little. The reason—bigger operating expenses.

This year may be a better one. The government predicts an increase of \$1.5 billion in net farm income, based on higher price levels and on its policy change that calls for expanded production of certain crops through an easing of acreage controls.

THE TREADWELL TENNIS TRIO

... Terry ... Marsha ... Randall

Treadwells Enjoy 'Tennis' Summer

The Treadwell children, Terry, Marsha, and Randall, have had a very busy tennis summer competing in a total of ten tournaments.

From school tennis where Marsha was a state singles finalist, Randall a district-junior high champion, and Terry a 15-9 record in his matches for Hardin-Simmons University, they started their round of tournaments in Abilene with Terry and Dr. Treadwell winning the Father-Son doubles title for the third straight year.

They then went to Austin for the Texas Open, where Terry and his partner lost in the semi-finals of the men's doubles. The father-son team lost in the semi-finals to the Eastern of Dallas, the number one ranked team in the state and the tournament winners.

The three children ventured to Texas A&M University to attend the annual Texas Tennis Camp. There Marsha won the girls singles title and was the doubles finalist. She was then chosen as the girl to come back next year as a junior counselor. Randall was defeated in the semi-finals by the eventual tournament winner. Brother Terry was a counselor at the camp this year.

The trio traveled to Odessa and then Midland with their rackets. In Midland, Marsha

and Randall were both doubles finalists, and Terry was the men's singles finalist beating Joe Williams, the Class 4A State Champion, and Ronnie Khan, the number one ranked player in the Southwest, before losing to Van Hill of the University of New Mexico.

In San Angelo Marsha and her partner won the girls 18 doubles title as well as the women's doubles title. Terry was again men's singles finalist. From here they traveled back to Abilene where Marsha and Terry won the mixed doubles title for the second straight year.

Randall had his best tournament at the State Jaycee event, where he and Marsha won the local Jaycee event, they competed in Lubbock with Randall beating Sweetwater's Mike Tucker, the number three seed in the tournament. He lost in the semi-finals to Dan Nelson of Austin, the eventual winner.

After competing in Tyler and winning the regional tournament in Abilene, the trio returned to do battle in the State TAAF tournament in Austin. Randall and Marsha both lost in the quarter-finals to the eventual tournament winners of their age groups. Terry defeated John Phelps, the Number 2 man on Baylor University's tennis team, and Leo LeBorde, the

SOME CALL IT MASS MURDER

... while others described it as 'death on the highway'. Whatever it is the Department of Public Safety officials predict that more persons will lose lives in traffic accidents in Texas this year than any previous year on record. More and more crowded highways spell out trouble for the driver who use them. What should be done in the face of this warning? For one thing we can all drive fully and be adequately insured.

BROWN-RICHARDSON WEDDING IN LUBBOCK

Miss Cynthia Mae Brown and James Troy Richardson exchanged wedding vows at the Southcrest Baptist Church in Lubbock Friday night, September 2, with the Rev. J. B. Fowler officiating.

The bride is the daughter of Mr. and Mrs. Perry T. Brown of Rising Star and the groom's parents are Mr. and Mrs. L. V. Richardson of Lubbock.

The double-ring ceremony was performed before a gothic and decorated with white gladioli and ivy and flanked on either side by urns of white gladioli and cathedral tapers.

The organist, Mrs. Doug Roper of Lubbock, played Family Life Hymns preceding the lighting of the candles by Suerri Williams, niece of the groom, and Brent Adams, More

Miss Carol Redford of Fort

Worth sang "Oh Perfect Love" and "Love That Will Not Let Me Go". Traditional wedding music was played as the bridal party entered.

Julie Herrin, cousin of the bride, was flower girl.

The bride, given in marriage by her father, wore a floor-length gown of peau de soie. Designed and made by the bride, the gown featured a sweetheart neckline and panels of Chantilly lace in the front and back. The gathered skirt fell in two tiers in the back, each bordered in lace. Satin buttons closed the back of the dress and the long sleeves which came to a point below the wrist.

She carried a cascade bouquet of white roses, stephanotis, and white phalaenopsis orchids trimmed in white velvet and seed pearls. The bouquet was attached to a metal covered Bible carried by her father in World War 11. The Bible was covered with satin and lace from her dress material.

The three-tier ballerina length veil of bridal illusion was attached to a tiara of lace, pearls, and crystals.

Miss Caroline Brown of Rising Star, sister of the bride, was maid of honor. Miss Emily Brown of Fabens, also a sister of the bride, was the bridesmaid and Miss Marilyn Roberts of Lubbock was junior bridesmaid. The maid of honor wore a medium blue street length dress of peau de soie, fashioned with a princess line in front and a full skirt to accent the bride's dress. The other attendants' dresses were fashioned the same, but were of royal blue peau de soie. Each attendant carried nosegay bouquets of white carnations. Their headresses were short blue veils attached to blue satin bows.

Don E. Richardson of Lubbock served as best man for his brother. Groomsman were Dwayne Kay and Barry McNeil, both of Lubbock. Ushers were Mike Malaik of Lubbock; Roland Headge of Dallas; James Redford of Fort Worth; and Gary Speer

Mr. Richardson graduated from Monterey High School in Lubbock and received a Bachelor of Science and a Masters degree from Texas Tech. The past year, he was instructor in the sociology department there. He was awarded a fellowship grand to begin work on a Ph.D. degree in sociology in the Washington State University and has received a number of honors at Texas Tech, both as a student and as an instructor.

The bride was honored with two bridal showers in Rising Star before the wedding. A large miscellaneous shower was held in the home of Mrs. Benjamin C. Cick, Jr., and Mrs. Ira Hudler, YWA sponsor and Mrs. B. B. Morris hosted a lingerie shower.

Mr. and Mrs. Weldon Adams of Lubbock hosted a shower and reception, which was attended by both husbands and wives.

ASCS Ballots To Be Returned By September 7

Community committee election ballots are to be returned to the Agricultural Stabilization and Conservation Service office in Eastland by Sept. 7, according to Jesse G. Meredith, office manager.

Mr. Meredith said the ballots were mailed to all known eligible voters. Ballots will be tabulated Sept. 8-9. The County Convention will be held at 1:30 p.m. Sept. 21.

In the ASCS August newsletter, Mr. Meredith reminded producers with overplanted peanuts to avoid penalty by disposing of the excess in an acceptable manner before the harvest.

Sheep and goat raisers were reminded to submit wool and mohair receipts to the Eastland office so that application for payment can be prepared. Wool growers will be sent a ballot within the next few days to vote on the wool and lamb development program.

Requests for cost-share or winter legumes and rye cover crop practices will be accepted beginning Sept. 15. Cost-share rate for rye cover crop, which is limited to land devoted to peanuts in 1966, is \$1.40 per acre. The rate for vetch and peas is \$2.75 per acre.

Final payments on 1966 feed grain began Sept. 1.

Mr. Meredith reminded farmers that grazing cannot be on diverted acres before Nov. 1. Diverted acres can not be harvested.

County Tax Values Are Down \$22,000

The 1966 Eastland County tax rolls have been completed and reflect the continued decrease in valuations — but not quite as far down from 1965 and from 1964. County Tax Assessor-Collector Edgar Altom has reported.

Total values being reported by his office are \$21,961,700. Total value in 1965 was \$21,983,600, and \$22,164,040 in 1964. Total taxes in 1966 is \$290,560.30.

Values for state (which are less because of removal of home steads) for 1966 is \$176,148.30, and the state tax is \$82,794.38, he said. The county tax will be \$175,693.60, and school tax will be \$32,072.32. (The county assesses and collects for Olden, two county line district and two old districts near Lake Leon.)

which goes to Olden. The reduction in total values amounts to \$22,100.

An increase of five cents, up from 42 cents in the states' share helps account for up-paige in taxes. The county share is 80 cents for a total rate of \$1.27.

Gains are being made on the tax rolls in new homes and construction — but not enough to offset the increasing losses of oil interest, Mr. Altom said.

The 1965 breakdown was: \$17,670,500, value for state; \$74,214.32, tax for state; \$175,374.40, county's tax; \$31,453.25, school; and \$281,537.97, total tax.

In 1964: \$17,705,290, state values; \$74,360.67, state tax; \$177,312.32, county tax; \$31,152.13, school tax; and \$282,525.12, total tax.

Labor Day -- '66

Well, it's here, this Labor Day. Whatever it is. A day in honor of the working class? Oh, come on. In a country which prides itself on its total lack of class distinction? When did you hear anyone refer to the "working class of people"? The jet set, the executive, the man in the driver's seat, the housewife with the cleanest wash, we hear of these. But "working class"?

Still the encyclopedia says Labor Day was declared a legal holiday in honor of the working class. Maybe we should think about and talk about it.

Work. Plain old work. There's a saying that love makes the world go round. Cynics add; but it's money that greases the wheels. Nobody mentions work.

And yet it was work—that working class of people—who made possible all that we enjoy today. This is our heritage. This is what we must pass on to those who are younger. Simply that man was made to labor; that work is honorable.

It matters not what kind of work you do, if you do your job well... if you are unwilling to take payment for work you didn't do... if you expect to have nothing except what you have earned... then you have a place in the working class of people and this is your day.

Enjoy Labor Day. You've earned it. And as long as there are enough like you, the country will be all right, in spite of the "something-for-nothing" class and the "I-refuse-to-do-my-share" class.

PROPER STUDY LIGHT IS GOOD PROTECTION, TOO

Thanks to an ever alert safety patrol, school-bound youngsters are protected from harm as they cross busy streets. At home, proper study light is good protection against eyestrain and fatigue. For best light from a table lamp, use at least 150-watt illumination in a lamp that's tall enough to spread light evenly over the work area. It should be properly shaded to shield the light source from the eyes. And a diffusing bowl is recommended to soften the light and prevent glare. Check your children's study light now. Better sight can mean better grades.

PUNT, PASS KICK CONTEST SET BY KING MOTOR CO.

Eastland area boys from 8 through 13 can put their football skills against thousands of other boys throughout the nation in the fifth annual Punt, Pass Kick competition which will culminate with a trip to Washington, D. C., and an appearance at the annual National Football League Play-Off game for the top 12 winners.

Sponsored nationally by the Ford Dealers of America and the National Football League, the Punt, Pass and Kick competition — or PPK — will be staged in Eastland by Hood King Motor Co. with Eastland Jaycees as local co-sponsor.

Eastland boys will be tested for their ability to punt, pass and place-kick a football for distance and accuracy. First-, second-, and third-place winners will receive distinctive Medal of Achievement awards, velvet ribbons. Top award has a blue motif, second-place award is red, third award is white. There will be 18 medal awards in all. Scores throughout the country then will be compared to determine the six top winners in each of the 360 Ford zones — a total of 2 zone winners.

Zone winners will meet in 37 Ford District competitions at which 228 district champions will win trophies. The 228 runners-up will receive certificate awards. All 228 district champions will compete for area championships to be held in 15 NFL-city areas.

The 42 western NFL-area champions will compete in Baltimore, Maryland, on Saturday, December 10, to determine the six western division champions (one for each age group). The 48 eastern NFL-area champions will compete in Dallas, Texas, on Sunday, December 11, to decide the six eastern division champions (one for each age group).

The six eastern NFL division champions, and the six western division champions, accompanied by their mothers and fathers, will go on a "Tour of Champions" to Washington, D. C. They will

no charge for entering and no special equipment is needed. "Registration will be open from September 1 through October 7," he said, "with
