EASTLAND, TEXAS, SUNDAY, SEPTEMBER 16, 1956

NUMBER 60

Mavs Stampede Over Dublin Lions, 39-0

Easy Victory Is Recorded

A stampeding herd of Mavericks ran roughshod over the hapless Dublin Lions Friday night, scoring four touchdowns in the first quarter and then coasting to an easy 39-0 victory over their Class AA opponents.

For the Class 10-A Mavs, the victory was probably the easiest ever recorded over Dublin. Coach Carroll Shelton, for whom the Mavs wrapped up the game early and tied bright red and black ribbons around the package as a birthday present, benched most of his starters in the second quarter and left them there for the remainder of the game.

This time it was Jim Martin who left the Eastland fans gasping for breath. Martin raced for three touchdowns, outrunning heralded Tommy Hooks on two of them, to pace the Maverick eleven. But it was a rugged defense — something the Mavs didn't have a week ago at Cisco — that actually won the game. Dublin didn't run but 44 plays all night, and they had the ball knocked loose from them on fumbles six times and lost the ball via pass interceptions on two others. Then to top it off they lost yardage of seven other plays.

The game wasn't but one minute and 19 seconds deep when J. C. Jarrett started things rolling for Eastland by intercepting Philip Granberry's pass on the 25 and racing over for a score. Jarrett failed on his extra point try.

Dublin fumbled on the kickoff and Eastland recovered on their 28. Three plays later the Mavs had scored, this time with Martin racing wide around right end for the final seven yards. Saul Pullman had eaten up 20 yards on the first play of the series. Harvey Lewis' extra point try was no good, and the score stood 12-0, less than four minutes deep in the game.

Eastland drove to the eight on the next series of downs, but this time the Lions held for downs. Two plays later Duard Turner jumped on a Dublin fumble on the 17, and Lewis passed to End Dale Slatten four plays later from that point, after a 15 yard penalty had slowed down the locals. This time Bill Upchurch converted. The score: Eastland 19, Dublin 0.

Still in the first quarter, Eastland took over on their own 42 after Dublin was forced to punt. Pullman lugged the ball 13 yards to the Lion 45, Upchurch carried to the 43 and then Martin, on the identical play he scored earlier on, went around the right side of his line for the tally. Upchurch again converted.

Shelton sent in his reserves early in the second quarter, and neither team managed to score, with the game standing 26-0 in favor of Eastland at halftime.

Eastland didn't waste any time scoring in the third quarter, however. With the first team back in again, they took the kickoff on their own 41 and marched it over in six plays, with Martin racing 42 yards, again on the same play he scored on earlier, for the tally. Upchurch hit his third extra point try in a row to make it 33-0.

The reserves came back in again, and forced Dublin to punt. Then Clint Humphreys passed to End John McMahon in the end zone from eight yards out for the score. The drive carried 48 yards, and was set up by a sensational run by Humphreys, who evaded the entire Lion team time and time again to go over into the end zone. A lot of the yardage was nullified by a 15 yard personal foul penalty, however.

The Mavericks were followed to Dublin by the largest number of Eastland fans to watch an out of town game in years. The Dublin band, seated on the Eastland side of the field in the first half, finally moved to their own side of the field in the last half to give the overflow Eastland crowd a place to sit down.

Eastland apparently escaped serious injury in the game, and will now start drilling for DeLeon, 14-13 victor over Albany, the team Eastland must beat to win district honors.

Dublin, who scouted Eastland.

1	Fumbles Lost	6

Charles Davidson Is Now Stationed At Alaska Fort

FORT RICHARDSON, ALASKA — Sgt. Charles E. Davidson, 24, son of Mrs. L. J. Sutherland, Rising Star, Tex., recently arrived in Alaska from Fort Lewis, Wash., as part of Operation Gyroscope, the Army's unit rotation plan.

He is a member of the 2d Infantry Division, which is changing stations with the 71st Infantry Division.

Sergeant Davidson, who entered the Army in 1951, is assigned to the division's Military Police Company. His wife, Ida Maureen, is with him in Alaska.

The Combat Infantryman's Badge is among the sergeant's decorations.

18-Year-Olds Reminded They Must Register

A number of 18-year-old boys have failed to register with the Selective Service Board on schedule, Mrs. Jewell Reaves, clerk, disclosed Saturday.

Draft board registration over the state is lagging under official expectations, she said.

"If registration follows the trend of the past several years, it should increase in 1956 over 1955," Mrs. Reaves said. "By this time of the year, we had expected registration would be between a thousand and 2,000 above that of 1955."

She said this expectation was based on increase in the number of live male births each year during the late 1930s and early 1940s and the growth of Texas population caused by people's coming into the state.

Either 18-year-olds are leaving the state, or they are failing to register, Colonel Morris Schwartz, state Selective Service director, said. He said that perhaps some 18-year-old males are delaying to comply with the law.

The draft law requires young men to register with the nearest draft board the day they are 18, or within five days thereafter. Since the present law was enacted in 1948, all males born since August 30, 1922, have had and now have a legal obligation to register, except those not yet 18.

Those who fail to register as required, upon prosecution and conviction, are subject to fine up to \$10,000, or five years in prison, or both. No one is drafted under age 22, except volunteers and delinquents, but the law obligates all males to register at 18.

AT CITY COMMISSION MEETING

Airport and Phone Rate Increase Are Discussed

Eastland city commissioners had a quiet, uneventful meeting Thursday night, discussed Southwestern Bell Telephone Co.'s bid for a rate increase, renewed a lease of property around Ringling and Eastland lakes, heard a plea for an ordinance which would require scrap iron dealers to keep records of purchases and discussed the airport situation once more.

A representative of Bell Telephone Co. was expected at the meeting, but he talked earlier in the day with City Manager Jimmy Young and revealed that he would

not be here until next month. A special called meeting is to be held then to discuss the proposed increase in rates here.

Len Mathews re-leased land around the two lakes for grazing purposes.

The plea for an ordinance that would require scrap iron dealers to keep records of all of their purchases and keep scrap on hand for five days before re-selling it, was presented by representatives of the West Texas Ranchers Association.

A. Yeager, special investigator,

told commissioners that area farmers were losing batteries out of their tractors, and law enforcement officers couldn't recover them because no records were kept. He said 16 batteries had been stolen in the past few weeks.

Commissioners accepted a sample ordinance to study, and promised to give their decision at the next meeting of the group.

Young told commissioners that the City's request that the hanger at the airport be cleaned up had been unanswered by the president of the Eastland County Livestock Growers Association. He said City workers had cleaned up the airport themselves.

Commissioner Horace Horton again asked that the permanent stalls placed down the middle of the hanger be removed. He said he thought it only fair that the stalls be fixed so that they could be removed and set up only during the annual Stock Show. He said more and more flyers were making use of the airport, and felt that the city should take advantage of the situation and start charging owners of planes for use of the hanger.

"But we can't do it now, because you can't even get a plane in the hanger," he asserted.

All members of the commission were present except Cyrus Frost.

School Patrols Organized By Patrolman Nash

Milton Nash, local policeman, has announced that a school patrol will be organized at both South Ward and West Ward.

Nash will organize the South Ward patrol Friday and West Ward next week. Four patrolmen will be named for each school and will rotate among the boys.

Whistles, belts, flags and badges will be ordered for the boys, signs will be put out and the walks will be marked.

"The speed zone near a school is twenty miles an hour," Nash reminds everyone.

Cheaney Club Gets Name At Meeting

The Progressive Club of Cheaney, Alameda, Salem and surrounding communities held its regular meeting Monday night, Sept. 10. The meeting opened with a community singing led by several different members.

The committee appointed for the contest in which a name for the club was to be selected, opened the entries.

E. E. Blackwell, chairman, welcomed the 37 members and visitors present.

In the naming contest, Mrs. Kay Hart reported that 25 names were submitted. Mrs. Sophie Freeman was named the winner. Her entry suggested "Manaker lake site Progressive club." The winner was presented the prize of \$6.

The next meeting of the club will be Sept. 24, 7:30 p.m. at the old Alameda Church of Christ.

Partly cloudy Sunday and Monday. Warmer Monday. High Sunday 85-90. Low 78. High Monday 95-100. Low Monday night 75. Lake Leon level was 70.70 at week's end.

Shad Bad, Fishermen Mad, Solution Had

Are shad ruining fishing at Lake Leon? That's a question that is being tossed around a lot these days, and one which can get you an assortment of answers.

Some fishermen are claiming permission should be granted to seine shad out of the lake. Others say no. Those who want to seine say the shad could be used as bait. They propose that only shad seined out of Lake Leon be used. Opponents say that if you allow Lake Leon shad to be used as bait, it will be impossible to determine where the shad were secured, and some fishermen may seine them from other water and use them as bait at Lake Leon. That, they argue, would cause more and more of the fish in the lake.

The State Game Commission says, "Gizzard shad are the principal item in the diet of gamefish, and thus the overabundance of them in a lake makes it extremely easy for gamefish of desirable fishing size to satisfy their hunger. Since

gamefish are seldom hungry, they are not readily caught with live or artificial baits. This accounts for the fact that few large gamefish are taken by fishermen."

"Young gizzard shad are voracious and thus they compete directly with young gamefish for food. This type of competition is responsible for a lowering of the survival rate of young game fish at the critical fry state of development and the end result is a smaller population of gamefish of desirable size for the fishermen to catch."

"The growth rate of shad is so rapid that yearling shad soon grow too large to be utilized as food by any except the largest of the gamefish in the lake. This leads to overcrowding of the lake by gizzard shad and this condition is magnified by the rapid rate at which gizzard shad multiply."

Everyone agrees that Lake Leon is still a good fishing place, but, as one fisherman said, "We want to keep it that way."

The Texas Game and Fish Commission has worked out one system.

Commission technicians have developed a formula whereby rough fish, such as gizzard shad, may be exterminated through use of rotenone in the water, with a minimum of harm to game species. Several huge areas have been successfully treated, the largest of which was Buffalo Lake in the Panhandle. After the shad were thinned down by treatment last spring, game fishing immediately improved and has been on the upgrade ever since, according to field reports.

Navy to Train Local Men As Jet Pilots

In a statement released today by U.S. Naval air station, Dallas, the Telegram has been informed that a team from that station will visit Ranger junior college on Wednesday, Oct. 3, to conduct interviews and administer aptitude tests in a move designed to select several local young men for training as jet pilots. The Navy also flies many additional types of aircraft and training as pilots of these other types will be offered to men who can demonstrate their qualifications.

Jet pilot training in the Navy consists of approximately 18 months of intensive training, leading to a commission and the famed "Navy Wings of Gold." This is followed by about 30 months of active duty with the fleet. The basic requirement for acceptance into the program is a minimum of two years of college. The Navy also offers pilot training to college graduates on a slightly different basis with added advantage.

HUBERT AUSTIN to lead Olden revival

Olden Baptist Church Revival Dates Announced

OLDEN — Revival services at the Olden Baptist Church will begin Sept. 28 and continue through Oct. 7, Rev. Carrol Herring, pastor, announced Saturday.

Rev. Hubert Austin of Fort Worth will conduct the revival, with Reger Butler, pastor of the Carbon Baptist Church, leading the singing.

Rev. Herring said that new seats are now being installed in the Olden church, and would be ready in time for the revival.

Further plans for the revival will be announced later.

Milk Sales Are Up During Last Month In Area

During August Central West Texas handlers, including those in Eastland county, sold 11,312,552 pounds of Class I milk.

Approximately 23 percent of these sales were made in areas outside the Central West Texas marketing area. The August daily Class I sales by approved plants were 5.54 percent above the July daily sales and 6.32 percent over the daily sales during August 1955.

Daily receipts of milk from producers decreased from 427,713 pounds in July to 419,852 in August, or a decrease of 1.84 percent. However, daily receipts during August this year were 16.45 percent above the August 1955 daily receipts. Producers receipts were 115.05 percent of Class I sales during August compared to percentages of 123.71 for July 1956 and 105.05 for August 1955.

The minimum uniform price to be paid for 4.0 percent milk received by Central West Texas handlers from producers during August will be \$5.72 per hundredweight according to an announcement by Rylford W. Bain, market administrator. This price is subject to the following location and butterfat differentials. For milk which is received at Lamesa and Midland, the producers of such milk will receive a price 15 cents higher, while those delivering their milk to plants located at Brownwood and Mineral Wells will receive prices 20 and 25 cents lower, respectively. For each point (0.1 percent) that the average butterfat content of producer milk varies from 4.0 percent a butterfat differential of 7.1 cents applies.

The above price was computed from reports filed from 10 regulated handlers under Order No. 82 during August.

Carbon Downed 42-18 In First Game of Season

CARBON — Carbon's Robert Norris scored on the second play of the game here Thursday to set up the pattern for a high scoring six man football game with Iredell. The Wolverines were unable to match scores with the visitors, however, but went down fighting, 42-18.

Norris' score came on a beautiful pass from the quarterback.

THELMA EDWARDS

Thelma Edwards Head Cheerleader

Thelma Edwards, a Phi Theta Kappa and a popular campus figure, will be head cheerleader for the Ranger Junior college Rangers this year.

Miss Edwards attended RIC last year and won many honors. Among these were freshman favorite, football sweetheart, reporter and historian of the Masquers, and one of the two business managers of the Ranger staff. She was also a member of the Rangeans, a girl's organization which is rapidly growing in skill and popularity.

A 1955 graduate of Olden high school, she lettered in basketball, was class officer two years and graduated with a high average.

An elementary education major, she plans to finish her degree work at North Texas State college in Denton.

Although Thelma is kept very busy with various activities, she still reserves time for duties in the First Methodist church.

The student body and faculty members are indeed proud that Thelma Edwards has qualities which assure her success and will make her a model ex of RIC.

Moore... ABOUT Eastland

By Virgil E. Moore

"I love Elvis and he don't know it."

That's what Eastland's teenagers are saying about Elvis Presley, the latest singing star, following our request that they let us know what to look for. A number have asked us for his address, but we must admit we haven't gone to the bother of checking down the information. Remember girls, we didn't promise any dates with Elvis, all we are giving away is 14 lousy recordings he has made.

If you didn't get the first version of our story, we will run it through again for you. To the girl, boy, woman, man or child who writes in the best reasons he or she likes Mr. Sideburns, we will give 14 of Presley's "hits."

PS—No, girls, we don't have any hairs out of Elvis' sideburns to give away. But if the price gets high enough, we will check around the local barber shops and we are sure that at least one of Eastland's outstanding barbers will swear he once worked on Presley.

Janie Arther and Lanny Lee celebrate their birthdays Sunday and Monday G. C. Boney, Stacy Blair, Stephen Blair, Charles Freyschlag and Gary Upchurch will all be a year older.

Dr. Fehrman Land and Pop Garrett are still mulling to themselves about driving over to Ranger Thursday night for nothing. The two local Lions Club officers received a post card from Ranger saying a zone meeting would be held there Thursday. When Doc and Pop got there they learned that the meeting isn't until next Thursday.

Don't worry boys, we'll get even with 'em Oct. 5.

One thing you can say about The Abilene Reporter—News, they give complete descriptions under their pictures. Thursday the regional paper ran a picture of the "tiniest bull and the biggest bull in the dairy division of the West Texas Fair." It was pretty obvious which was the big bull and which was the little bull, but so that there could be no misunderstanding the Reporter-News-s pointed out that the little bull was the one "nearest the camera." We think it's just a bunch of bull, yourself.

Speaking of the Abilene paper, it might be pointed out that sports writer Fred Sanner picked Eastland to down Dublin 19-14.

Sanner isn't having too good a year at predicting though. Last week he got only 13 out of 23 right, with two ties. That was good for only 609. Taking the same games Sanner guessed at, we used our more sure system and got all 23 right, including the ties. Our system? Don't guess 'em until Saturday morning.

L. P. Stambaugh, the Railway Express agent, says that they are just shipping heavier boxes than they use to. "And the truck bed is higher up than it was, too," he complained.

Back when it rained, a salesman got held up in Eastland for several days. On the fourth day it was still raining, and he went in the White Elephant Cafe to get a cup of coffee.

"This looks like the flood," he observed to the waitress.

"The what?" she asked.

"The flood," he repeated. "You know the flood, when Noah saved the animals on the ark. You must have read about that."

The waitress assured him gravely, "Mister, on account of all this rain, I ain't seen a paper in four days."

See you Tuesday.

Hands 'n' Vixie's
FIX-UP TIPS
For the Home

Look: A Small Workbench
EVEN a simple table can be made into a workbench. If there's limited space, a small table, of the right height, will serve, or build a table just the size you want. It isn't difficult with framing lumber, shiplap boards for a top and a working surface of Masonite 1/2" Tempered Presdwood.
Any way you look at it, the bulky workbenches of yesteryear have given way to a more compact variety. Many are less than two feet wide, for example, and some aren't over three feet long. Lots of good home workshop projects can be carried out just as successfully on a small workbench, or table fixed up like one.

One ingredient most of them have in common—a tough, durable working surface, usually Masonite Tempered Presdwood, which is popular for this use because it's been found so satisfactory in industrial workbenches. If and when it wears out, just remove it and attach another sheet of the material, available at most lumber yards.

Even an apartment can have a workbench of the type illustrated. A portable one, which fits over a kitchen table when needed, is made by framing a panel of Tempered Presdwood with 1 by 2-inch lumber (on edge), so it will slip over the table. For padding, use an old blanket. Store the portable workbench top in a closet or utility room when it's not being used.

Members Dig Sand At Art Club Meet

Heave! Heave! That was the sound that could be heard at the Thursday Art Club Thursday at the new country home of Mrs. H. B. MacMoy.
Mrs. W. W. Walters provided quite a program for the members of the club when she got her car stuck in some sand. The group spent most of the afternoon digging the sand from around the car in order for Mrs. Walters to drive it back home.
After the car was freed, the group spent the remainder of the time painting and in a business session, presided over by the president, Mrs. MacMoy.
Refreshments of cheese sandwiches, olives, pecan cookies, potato chips, Cokes and coffee were served to those present.
Attending were Mmes. Homer White, Francis Urban, Bill Lawson, Mary Benson, W. W. Walters, Ott Hearn and the hostess.

South America Slides Shown At Methodist Supper

A fellowship supper, sponsored by the Women's Society of Christian Service was held Monday night in the Fellowship Hall of the First Methodist Church.

Mrs. James Horton showed slides she had taken while touring South America. She made special emphasis on the missionary work that was being done there.

A covered dish was served to the approximately 100 who attended.

Homemakers Have Sing Song And Luncheon

A sing-song, accompanied by Mrs. Donald Kinnaird on the Hammond organ, was the highlight of the meeting of the Homemakers Sunday school class of the First Baptist Church Tuesday evening in the home of Mrs. Kinnaird.

The meeting was opened with the group singing the class song "Bless Be The Tie" accompanied by Mrs. Kinnaird.

Officers elected to serve this year were Mrs. H. M. Hart, chairman and Mrs. Carl Timmons and Mrs. Earl Stephens.

A covered dish luncheon was served the group.

Those attending were Meses. Ione Bownds, Ed Layton, T. L. Amis, A. E. Hallford, Albert Cartledge, Ruth Daniel, Ida R. Parrish, Clarence Hastings, Carl Jones, Roy Young, Teacher, Marvin Hood, Frances Daniel, Carl Timmons and a guest, Roberta Grisham.

New Cedar Chests For the Living Room

Cedar chests are the new Cinderellas of the furniture world... and the newest designs will grace any room in the home while protecting woollens, bedding and many miscellaneous items.

Today's cedar chests echo the furniture styles, and look like furniture, consoles, television cabinets, commodes and just about every other furniture piece except the old-fashioned "hope chest".

Newest of all are the occasional tables that offer cedar storage space. Especially ideal for small apartments with sofa-bed arrangements, the chest-tables, offered in several cocktail, step and end-table styles, provide daytime storage for pillows and bedding.

Every furniture style is offered, so these many-purpose chests can be selected to complement existing furniture. The use of fine hardwoods, which have a natural ability to blend different woods and styles, makes it simple to add these chests to a room.

Some of the new models supplement the cedar-lined areas with silverware drawers and compartments for storing beverages, and serving accessories.

It's hard to believe the two handsome furniture designs shown here are cedar chests. The striking "Cavalier" lined oak console chest would blend with almost any modern blonde furniture. The left side of the top raises to reveal a deep storage bin for bulky items. Below this is a handy drawer, and behind the door at right are three slide-out cedar trays for storing smaller woolen items.

In keeping with the furniture trend to the "fine hardwoods" look, the new chests feature beautifully grained and figured genuine hardwoods, and often even such custom details as simple inlay or parquet treatments. The walnut "Patrician" chest by Lane, in a popular modern Danish design, has doors enriched with an elegant diamond parquet pattern of contrasting figured and quartered walnut.

In parquet patterns such as this, note how the light striking the real wood grain, which is set at right angles in alternate diamonds, creates interesting light and dark contrasts. This is one of the beauty marks of genuine hardwoods. Imitation woods have a flat, lifeless look, being unable to duplicate, on a printed surface, the depth of figure and ever-changing play of light and shadow found in real woods.

Since cedar chests are lifetime investments, the use of fine hardwood cases promises lasting beauty and durability. Most cedar chest cabinets are made of sturdy bonded hardwood plywood for a strong, air-tight construction, and lined with cedar.

To assure you of this sturdy quality hardwood construction, leading cedar chest, furniture and TV manufacturers in every price range are using the new exclusive "sterling" on silver.

Mrs. Bill Leslie Is Hostess To Xi Alpha Zetas

Mrs. Bill Leslie was hostess to the Xi Alpha Zeta chapter of Beta Sigma Phi Monday night in her home, 306 North Ammerman, for the first meeting of the sorority year.

Frank Sayre president, presided over the business session, at which time the style show, to be held October 11, was discussed.

A letter from the Beta Sigma Phi International office was read. It stated that "\$47,288 had been contributed for humanitarian projects, by BSP's."

"Living" was the topic of the speech given by Mrs. Fehrman Lund.

Refreshments of homemade ice cream were served to Meses. Truman Brown, F. W. Graham, Bill Hoffman, Marene Johnson, Leslie, Lund, M. H. Perry, Frank Sayre and Bill Walters.

SCOT is Named State Affiliate

WASHINGTON, D.C.—Sportsmen's Clubs of Texas, Inc. — SCOT for short — has been recognized as the Lone Star state affiliate of the National Wildlife Federation, according to an announcement by Ernest Swift, executive director of the national organization. Swift said an application submitted by the Texas group was approved by the federation's board of directors last weekend.

SCOT has been organized during the past year and was incorporated only last March. It is presently composed of more than 50 local conservation clubs and fish and game associations and represents a membership of about 15,000 persons. Its officers follow:

President, Harry Jersig, San Antonio; vice - presidents, Ed Harper of San Antonio, Charles Haas of Corpus Christi and Herbert Cole of Beaumont; secretary, Ken Foree, Dallas; treasurer, Charles Tabor, Hillsboro.

The Texas Wildlife federation, former affiliate of the national organization, had become inactive and was formally dissolved last year.

SCOT plans to announce appointment of an executive secretary in the near future. It has adopted a program that includes encouragement of wildlife research, greater emphasis on conservation education at both youth and adult levels, exploration of the possibilities of expanding the state forest and park systems, and establishment of new public hunting areas.

Women's Activities

Morton Valley HD Club Elects New Officers

Officers were elected at the meeting of the Morton Valley Home Demonstration Club Thursday in the Morton Valley Club house, with Mrs. D. J. West as hostess.

Mrs. West was re-elected president, Mrs. L. W. Leach, vice president, D. W. Benson, secretary-treasurer; Mrs. Robert Kincaid, reporter and Mrs. Floyd White, council delegate.

The fair to be held at Rising Star September 27 was discussed, and plans were made for the club to enter an exhibit. A meeting will be held at the home of Mrs. Robert Kincaid Thursday to work on the exhibit.

In the future, the club will meet in the members' homes instead of in the club house.

Bill Upchurch Is President of Senior Class

Officers were elected for the Senior Class of Eastland High School Wednesday.

Those elected were Bill Upchurch, vice president; Mattye Jo Bentley, secretary; Jo Ann Hollis, secretary-treasurer; Dixie Day, assistant secretary-treasurer; Betty Westfall and Ellen Whatley, reporters and Wayne Durham and Jimmy Martin, fire boys.

Sponsors for the class are Miss Verna Johnson, Mrs. Evelyn Whatley and Charles Harris.

Baptist Class Holds Monthly Luncheon Mon

The Friendship class of the First Baptist Church met with Mrs. J. F. Golson for their monthly meeting with a covered dish luncheon. Invocation was given by Mrs. Crosby, mother of Mrs. Golson.

A business meeting was held after lunch at which time Mrs. Clara Bisbee brought the devotional. The meeting was dismissed with prayer led by Mrs. Mary Copeland.

Those present were Meses. Golson, Bisbee, Copeland, S. H. Peel, Jim Drake, Ruby Cavanaugh, Otto Kernell, Mamie Scott, Frank Martin, Solora Gilkey, Enid Wither, H. D. Warren, A. H. Brown, Paul McFarland, L. V. Red and two visitors, Mrs. Nita Marx and Mrs. Crosby.

Presbyterian Church Services Are Announced

Morning worship at the First Presbyterian Church will include a sermon on the subject, "The Grandstand and the Game," by Rev. Eugene H. Surface, minister. The time is 11 o'clock.

Sunday church school convenes at 10 o'clock.

On Tuesday, practically all of the church school teachers will attend a training school in the Central Presbyterian Church, Abilene, from 9:30 to 4:30 o'clock.

The Women's Association will meet Thursday afternoon at 3:30 o'clock, at the church.

LOOK WHO'S NEW

Mr. and Mrs. A. G. Sanders are the parents of a six pound daughter, born September 11 in the Graham Hospital at Graham. She is the granddaughter of Mr. and Mrs. Glen Sanders of Weatherford and Mrs. Floyd Hunt and the late Ocie Hunt.

Rev. and Mrs. Bob Collie of Lockport, Louisiana, are the parents of a baby daughter, born in New Orleans September 10. She has been named Christi Faye. Her grandparents are Judge and Mrs. T. M. Collie and Henry Coleman of Jackson, Tennessee. Mrs. Collie has been in Lockport the past ten days awaiting the arrival of the grand baby.

A daughter was born to Mr. and Mrs. Noble Squiers September 10 in the West Texas Clinic in Ranger. She was born at 6:20 p.m. ounces.

**Music Emphasis Week is Observed
At Eastland First Baptist Church**

Church Music Emphasis Week has been observed at First Baptist Church this week with five choirs being organized under the direction of John Dickey, music and educational director of the church.
The Celestial (ages 4-5), Cherub (ages 6-8), and Carol (ages 9-12) choirs will meet each Sunday at 6 p.m. beginning Sunday. The Youth Choir will meet each Monday at 8 p.m. beginning Sept. 24. The Church Choir will continue to

meet Wednesday evenings after prayer service.

In observance of Church Music Week, Dickey directed a sermon in song Wednesday evening entitled "The Heavenly Home" with the pastor, Harvey Kimbler, reading the scriptures.

Activities scheduled for the week are as follows: Sunday — Sunday school, 9:45; morning worship, 11 a.m.; Elementary Choirs, 6 p.m.; Training Union, 7 p.m. and evening worship at 8 p.m.

Christian Science

How spiritual understanding of the real nature of man and the universe brings harmony in human experience will be brought out at Christian Science services this Sunday.

The lesson - sermon entitled "Reality" will include the following selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (335:27-29): "Reality is spiritual, harmonious, immutable, immortal, divine, eternal. Nothing unspiritual can be real, harmonious, or eternal."

Among the passages to be read from the King James Version of the Bible are the following (Psalms 33:1, 4, 5): "Rejoice in the Lord, O ye righteous: for praise is comely for the upright."

... For the word of the Lord is right; and all his works are done in truth. He loveth righteousness and judgment: the earth is full of the goodness of the Lord."

Monday — The annual association of the WMU meeting will be held at Second Church, Ranger, beginning at 10 a.m. The annual session of the Cisco Baptist association will begin at the First Church, Ranger, at 7 p.m. Monday and continue through the day Tuesday.

Tuesday — WMU Bible study at 9:30 a.m. with Mrs. I. C. Inzer teaching; Brotherhood at 7:30 p.m. with Bryan Bradbury of Abilene, speaker.

Wednesday — youth organizations, 7 p.m.; teachers and officers meeting, 7 p.m.; prayer service, 8 p.m.; church choir, 8:45 p.m.
