KEEL QUESTIONED IN ARMORY ROBBERY

Wrestler's Wife Held in Killing

Charged with murder, Mrs. Jack Reynolds, wife of the welter-weight wrestling champion, is shown here after her arrest in Cincinnati. She was seen with a gun in her hand after the slaying of Philip Citron, alleged handbook operator, and James Meyers, politician, in a Cincinnati cafe, witnesses said.

Slavisky May Have Been Slain After Banking Collapse

PARIS, France, March 20.—The first evidence that Alexandre Slavisky, banker, whose \$30,000,000 schemes collapsed and led to one of the gravest scandals France has ever known, did not commit suicide, but was slain by secret police to close his lips, was offered today.

Members of the parliamentary commission, investigating the scandal, demanded a new autopsy of his body after viewing films taken immediately after his death in a villa where he was trapped by police.

The films, shown for the first time because they had been barred by the censor, revealed blood streaming from his nostrils and mouth and also apparently from his chest.

Playground-Volley Ball Finals Were Played Saturday

The Eastland County Interscholastic League playground ball and volley ball contests were held last week.

Amelia Earhart Is Before Air Hearing

WASHINGTON, March 20.—Amelia Earhart Putnam, first woman to fly the Atlantic alone, appeared to a senate committee today not 400 miles from her chance to grow.

AUTO STRIKE THREATENS TO HALT UPTREND

(Copyright 1934 by United Press) The automobile industry today apparently was moving toward a strike that may tie up the entire industry, spread to other fields and constitute a serious threat to the entire recovery program.

President Roosevelt, alarmed at the increasing threat of a disastrous strike, was understood to be ready to intervene if necessary.

The hope for compromise went glimmering in the face of a new set of compliments exchanged by the National Automobile Chamber of Commerce and William Green, president of the American Federation of Labor.

Funeral For Dr. E. D. Townsend to Be 2:30 P. M. Wed.

Dr. Edwin D. Townsend, 73, pioneer Eastland county physician, died at his Eastland home this morning following a lingering illness of some weeks' duration.

Funeral services have been announced for 2:30 p. m., Wednesday, March 21, at the First Methodist church with the pastor, Rev. E. R. Stanford, in charge.

Abyssinia Closed To Samuel Insull

ADDIS ABABA, Abyssinia, March 20.—One of Samuel Insull's hopes as a place of refuge seemed allusive when local authorities told the United Press he had not obtained a passport visa and would be refused one if he asked for it.

Mother Speeding to Bedside of Jockey

HOUSTON, March 20.—Somewhere between New York and Houston is an airplane bringing a little Canadian mother to her 17-year-old jockey son, Tommie Blanchard, who is gravely wounded at a hospital here.

Daring Saves 187 as Gunboat Burns

While flames swept the U. S. gunboat Fulton, above, 50 miles from Hongkong in the South China sea, 187 officers and members of the crew were saved by the daring seamanship of the commander of the British destroyer Wishart.

Senator Woodull Is A Candidate For Lieut. Governor

HOUSTON, March 21.—Senator Walter Woodull of Houston has formally announced his candidacy for the office of lieutenant governor, saying:

"I aspire to the honor of being lieutenant governor of this state. I was born in Texas and educated in her schools, including the university. I volunteered to serve in her national guard on the border in 1916 and served in the World war. I have been privileged to represent the people of Texas in both houses of the legislature and I believe I know the problems of the state.

Crutchfield Jury Is Being Picked

AMARILLO, March 20.—Selection of a jury was under way here today for the trial of Frank Crutchfield, 27, White Deer, Texas, charged with murder in the slaying of P. G. Burnam, veteran peace officer and one-time employe of Will Rogers, famed cowboy humorist.

Eastland Not to Have CWA School

Because of the previous allotments of teachers and money to the counties which make up the quota allowed for the state, said a letter from George Fern, director of the emergency education program in Texas, it is impossible for the inauguration of the adult evening school project sponsored by P. B. Bittle, superintendent of Eastland schools, recently.

Heidingsfelder Is Again Before Court

GEORGETOWN, Texas, March 20.—Selection of jurors began today for the second trial here of C. E. Heidingsfelder, Houston attorney, charged with embezzling \$34,500 from Mrs. Adele Pipkin of New York.

County Meet Be Held Mar. 23-24

Final preparations are being made for the interscholastic league meet to be held in Eastland March 23 and 24. It is estimated that over 1,500 will attend the meet.

RAILWAY MEN ARE WARNED BY PRESIDENT

WASHINGTON, March 20.—President Roosevelt today warned railway management and labor that unless they reached agreement in their wage controversy, it may be necessary for him to act to protect the public interests.

Mr. Roosevelt's position was set forth in letters to the chairman of the conference committee of managers and the chairman of the railway labor executive association.

Railroad labor has rejected the President's proposal for temporary continuance of the present 10 per cent wage cut. The railroads had agreed to this plan and withdrawn their plan for a further cut.

But labor today countered with a demand for a 20 per cent increase and shortly thereafter the President dispatched these letters.

State Shoot to Be Held at Austin In June of This Year

AUSTIN, Tex.—Experts with firearms soon will be blasting away with practice shots for the annual pistol matches of the Texas State Rifle Association here June 9 and 10.

Charles Askins Jr., of the U. S. Border Patrol, will defend his 1933 title at the police pistol range in Zilker Park here. Askins won the championship last year by scoring 274 targets out of a possible 300.

The border patrolman's marksmanship was even more remarkable for the fact he is left-handed.

Runner-up last year was R. Wilzewski, a private at Fort Bliss, El Paso, who scored 273. Don Nissen, San Antonio, was third with 272.

The big bore rifle tournament, usually held at Camp Mabry here, will be staged at Camp Bullis in San Antonio Sept. 13-16.

County Meet Be Held Mar. 23-24

Final preparations are being made for the interscholastic league meet to be held in Eastland March 23 and 24. It is estimated that over 1,500 will attend the meet.

It has been six years since a similar meet was held in Eastland.

Wax May Solve Death Mystery

Science seeks the key to the mystery of the death of Paul W. Kittelman, Milwaukee policeman, and serious injury of Mrs. Lillian Ehlebracht, police matron, shown here, found in wreckage of an auto near Waukegan, Ill. Kittelman died of a bullet wound. Hands of both were coated with paraffin to ascertain if they contain nitrate specks, always present after a pistol is fired, scientists say, to determine who fired the fatal shot.

Four Bandits Rob Texas Bank And Escape With \$900

ROTAN, March 20.—Four bandits, equipped with machine guns, today robbed the First National Bank of Rotan and escaped with approximately \$900 in silver.

The robbery was staged after the bandits entered the American Legion hall, captured night watchman Nathan Kelly and five young, bound all six with chains, then took them to the bank.

One of the youths, Jerry Shepard, put up a fight. He was subdued by a blow from the butt of a pistol. Physicians said he suffered a severe scalp wound.

Weapons were pointed at the prisoners while the bandits burned holes through the vault. All telephone cables were cut before the robbery.

After spending about an hour in the bank, the bandits fled toward Sweetwater, 30 miles south of here, in an automobile.

Body of Athlete Is Found After Search

FORT WORTH, March 20.—W. F. (Ted) Potter, 43, hailed during his college days as one of the fleetest hurdlers at Yale, was found dead here today.

His body, a broken rope around the neck was found under a tree near the White Settlement road north of the Rivercrest Country club. Death, officers believed, had occurred a week ago.

Committee Favors New Air Mail Bill

WASHINGTON, March 20.—A new airmail bill which would place the service on the same basis as railway mail was before the senate post office committee today with informal sentiment indicating it would be approved.

An informal United Press poll of committee members showed 11 of 19 ready to support the measure, presented by Senator O'Mahoney, democrat, Wyoming, rather than the controversial Black-McKellar bill.

THEFT OF FOUR MACHINE GUNS BEING PROBED

Labor Agitator Is Picked Up For Questioning By Texas Rangers.

Texas Rangers were in Eastland this morning investigating clues in connection with the robbery of the National Guard armory in Ranger a few days ago at which time four machine guns, 13 army type pistols and a large quantity of ammunition were taken by burglars who pried the lock off the front door of the building to gain entrance.

It was the general belief among officers at the time of the robbery that it was committed by agents of some outlaw bands.

Clues the officers are now working on, however, have more or less local connections. L. C. Keel of Ranger, who was taken into custody by Eastland officers in Eastland some weeks ago and held a short time in connection with some alleged disturbances about the Eastland CWA headquarters, was under investigation by the Rangers in connection with the Ranger National Guard armory burglary.

Keel had before his former arrest been engaged in an attempt to organize CWA workers in this and adjoining counties.

Officers are said to have information that organizers, or would-be organizers of workers in this section, have been holding secret meetings which have been attended by agitators. It is not known whether or not Keel has been present at any of these meetings.

Keel, who has been under the surveillance of department of justice agents, Texas Rangers, and local officers for some time, even before his arrest at Eastland a few weeks ago, told officers when he was released at Eastland that he would cease his activities as an organizer.

What, if any evidence the authorities had against Keel, was not revealed by the officers working on the case.

Eastland To Be Represented In Speaking Contest

W. P. Palm, principal of Eastland high school, is in receipt of a letter from C. M. Caldwell, chairman of the "My Home Town Speaking Contest," an annual contest sponsored by the West Texas Chamber of Commerce which occurs this year at the meeting of the body in San Angelo May 14, 15 and 16.

The letter stated that Eastland was invited to enter a contestant, making mention of the prizes which will be offered to those who win.

A representative of Eastland will be chosen after routine elimination of the less outstanding contestants. In previous years Eastland has participated in the contest and it is thought that many will avail themselves of the opportunity to win prizes that are offered, which are more lucrative than in former years.

New Yorker Held As a French Spy

PARIS, France, March 20.—Robert G. Switz, young New Yorker, was revealed by his own confession today as the Paris chief of the international spy gang which they said operated on behalf of Soviet Russia and Germany to learn secrets of France, Great Britain and the United States.

With Switz is held his wife, the former Marjorie Tilley, Vassar girl. After a merciless cross-examination lasting far into the night, Switz made admissions which led to five arrests in addition to 20 already made. American and British secret agents were said to have co-operated in uncovering the ring.

The young Switz succeeded to leadership of the conspiracy a year ago, police said, after the original chief had been nearly trapped and fled from France.

ORGANIZED LABOR AND THE DEMANDS OF ITS SPOKESMEN

Rep. William Connery of Massachusetts is a democrat. He is chairman of the house committee on labor. He is responsible for a compulsory universal 30-hour work week measure reported favorably by his committee. Indeed, it had the unanimous support of the committee. It would prohibit any decrease in wages. It establishes a 30-hour week in all industries "but provides for exemptions in emergency cases." It prohibits a worker from being employed on side jobs which would increase his income.

The Connery bill has aroused strenuous opposition. Indeed, the program presented by the President met vigorous opposition and reaction at the conference of 2000 code authority delegates. A Chicago manufacturer made vigorous criticism of the President's program. This is what he asked: "What are we going to use for money if we pay the same wage for less work?"

Henry Ford is the employer of an army of workers. He reviewed in a statement to the press the recovery program and commented on the President's advice to industry. This was the point he stressed: "The only way to hire more men is to create more markets. The men with new jobs will furnish new markets. The difficulty as far as industry is concerned is finding a place to employ the men before the market exists to make their employment profitable." In conclusion his words were significant: "More men will manufacture more goods and industry must find a market for their products or the jobs will eat up the industry."

There is another bill pending in the house of representatives. It is known as the Black bill for a six-hour day for railroad workers. There is bitter opposition to the measure on the part of the Association of Railroad Executives. Their spokesman declared that the enactment of the measure into law would increase rail operating expenses by \$600,000,000. This is the text of his argument: "If the six-hour day with eight hours pay had been in effect in 1932 the result would have been that the railroads amounts to earn their actual expenses without any regard for interest charges or other return on investments. It would have curtailed railroad purchasing and the railroads are ordinarily the largest purchasers from the heavy industries in which the unemployment situation is most acute." Indeed, the voice of the Association of Railway Executives predicted that a six-hour day without any reduction in wages would threaten many of the larger lines with bankruptcy.

On the heels of this came the announcement from New York that the creators of the Van Sweringen rail system, one of the largest in America, had defaulted interest payments on a \$40,000,000 loan advanced by the J. P. Morgan banking company and that the bankers were in practical control of the vast rail property. All the economic

Delinquent Taxes One-Third of All Tax Values of 1885

AUSTIN, March 23.—A startling sidelight of the present state-wide delinquent tax education campaign sponsored by the Texas Junior Chamber of Commerce was revealed today through a cursory examination of the tax records of 50 years ago now filed in the archives at the state capital here. The amount of delinquent taxes now on the tax rolls over Texas amounts to approximately \$120,000,000 and is one-third of the entire assessed value of all Texas

property 50 years ago according to the records. The total value of all property assessed in 1885 was only \$603,000,000.

Fifty years ago, according to Victor Bouldin of Mineral Wells, chairman of the Junior Chamber tax educational committee, Texas property owners were already beginning to let the payment of their taxes lag at that time being behind in their payments the comparatively small sum of \$30,000. And strange to say up to this good day that same \$30,000 is still owed the state.

"These records reveal a strange condition of the human mind. Once a man gets behind he stays there unless pushed by the tax collectors. As the years rolled by the delinquent tax rolls grew, slowly at first but rapidly and frenziedly during the last few years, piling up millions upon millions of unpaid debts to the state by property owners from every section of Texas. And today Texas property owners are past due their state in the payment of \$120,000,000 in property taxes and some \$80,000,000 to other governmental branches."

The campaign of delinquent tax education was inaugurated by the Texas Junior Chamber of Commerce with the idea of encouraging those who can pay up old taxes. This, the campaign committee pointed out, would make it easier on the person who pays his taxes regularly and have the effect of stopping future additional levies by the legislature. "Unless a good portion of the delinquent taxes are paid up soon it appears inevitable that the legislature will saddle us with greater burdens in the attempt to make up the deficit," Mr. Bouldin said. "This will do nothing but make it still harder on the citizens who believe in our state and local government sufficiently to pay their just share of the operating costs."

Reports from various parts of the state show that a number of tax collectors have started advertising campaigns in the daily and weekly newspapers to tie in with the state-wide program of the Junior Chamber. Radio talks, luncheon club speeches, and widespread newspaper publicity form the other mediums through which the public is being urged to pay delinquent taxes.

5 — about Cigarettes

Practically untouched by human hands

WE'D like you to see Chesterfields made. We know you'd be impressed by the absolute cleanliness of our factories.

The tobaccos are the best that money can buy.

Expert chemists test for cleanliness and purity all materials used in any way in the manufacture of Chesterfield cigarettes.

The factories are modern throughout. Even the air is changed every 4 1/2 minutes.

When you smoke a Chesterfield you can be sure that there isn't a purer cigarette made.

In a letter to us an eminent scientist says: "Chesterfields are just as pure as the water you drink."

Inspectors examine Chesterfields as they come from the cigarette making machines and throw out any imperfect cigarettes.

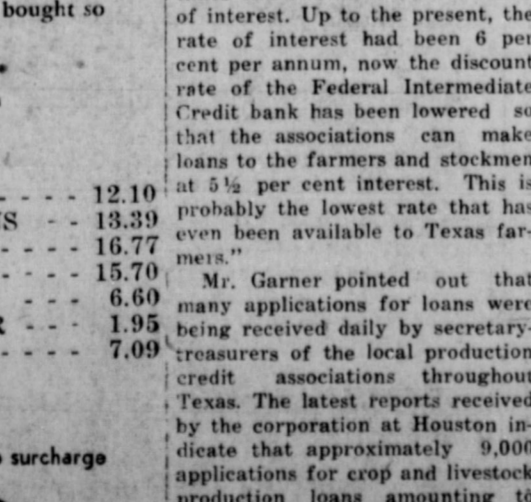

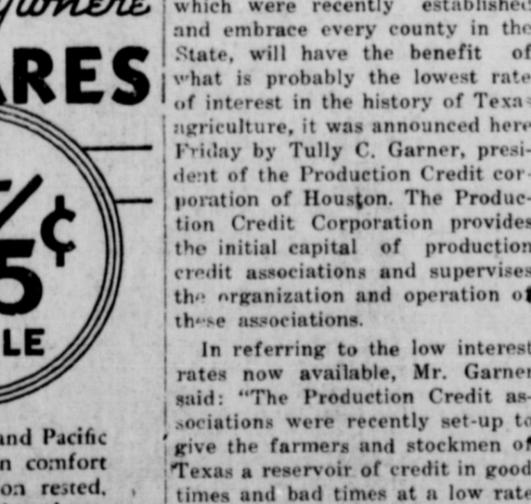

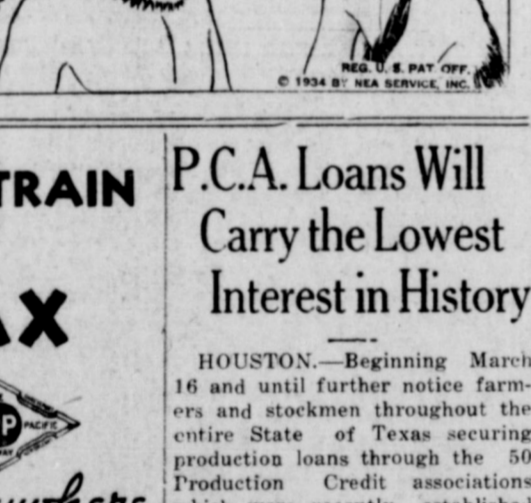

Chesterfield

the cigarette that's MILDER

MAYOR LAGUARDIA AND HIS JOB INSURANCE PLAN

Mayor F. H. LaGuardia of Greater New York must be a human dynamo. He is always in the public prints. He is always in the public prints. He is always for a mysterious individual he classifies "the underdog." He is ever shouting at the top of his voice that municipal governments are honeycombed with graft and waste and now he has evolved a plan for the establishment of a permanent program of unemployment insurance throughout the country to be financed by the employment tax. He outlined his proposal coincident with an announcement that he had been informed the federal civil works administration in New York was to be turned back to the New York City administration on April 1. He admitted that the federal administration cannot continue indefinitely to allocate \$60,000,000 to \$70,000,000 a week but declared the allowances "simply must continue until a new method has been placed into operation."

He submitted interesting as well as startling figures—that 250,000 families are being cared for in New York City at a monthly cost of \$15,000,000 to \$17,000,000, hence his belief that the country is in for a very serious struggle next winter unless a national plan is adopted that could be financed along the following lines: A tax to be placed on every employer, without restriction and without any exemption whatsoever. He insists that part of the fund should be raised by a small tax of a few cents weekly from every person employed, regardless of the nature of employment or by whom employed. He advises that federal tax collected by federal agents should be turned over entirely to the localities or states where collections are made for the administration of the unemployment insurance system. Is the malady known as "mental pauperism" to become a condition of the mind of millions of Americans.

GORDON SHEARER PICKS DAVIS AND HUSSIAN

Gordon Shearer, a veteran correspondent, is said to possess the spirit of prophecy. He has picked John Davis, former state senator, as the successor of Col. Jed Adams as national committeeman and Edward Hussian of Houston as the successor of Maury Hughes as chairman of the state committee. John Davis was a state senator from Dallas county for years. He had a political run-in with the Ku Klux Klan. He retired as a lawmaker. He has been active in the politics of Dallas for many years. Years ago he was a candidate for the primary nomination of United States senator. He is a lawyer. In recent years he has been close to the Fergusons and represented the former governor and the governor in a land mortgage suit, winning a verdict for the defendants. District Judge W. M. Taylor of Dallas handed down the decision considered most important by wise lawyers and litigants as paving the way for a final ruling by the supreme court of the United States on moratorium laws of recent enactment.

All the political gossips the state over are coming to life again. The latest is that Sen. Margie Neal will not be a candidate for re-election but will be named the successor of Mrs. Hal Sevier as national committeewoman for Texas. Sarah T. Hughes of Dallas may go to the senate from Dallas county. Judge J. Collins, a young lawyer and democrat, has announced for her place as representative and pledges enthusiastic support to Mrs. Hughes should she go before the people of Dallas county as a candidate for the post now held by George Purl.

Edward Hussian is the head of a big printing establishment, secretary to the senate committee, member of the state committee and a never-say-die follower of James E. Ferguson. Of course, "even in politics there is many a slip betwixt the cup and the lip."

OKLAHOMA OIL WORKERS CALL FOR 40 PER CENT WAGE INCREASE

Oklahoma union oil workers are threatening to call a 48 hour holiday unless their demands are granted. These include a wage increase of approximately 40 per cent, based on the California wage scale in effect in 1929 and on which a strike in California was settled. Wage demands range in amount from \$12.95 a day for drillers to \$5.95 for common laborers. Gen. Hugh S. Johnson in his famous code address calling for a greater number of jobs for jobless without reduction in wages predicted that in the coming months of May and June there would be labor strikes "too numerous to mention." This may be true but the expected does not happen all the time.

HAWKEYE LAWMAKERS DEFEAT NRA MEASURES

Now for a second time the Iowa senate has defeated a state NRA compliance bill by a vote of 2 to 23. Twenty-six votes would have been necessary for enactment. Twenty-three democrats and two republicans voted for the measure. The bill previously had passed the Iowa house and was defeated once before in the senate. Then the senate reconsidered its vote, had another showdown and the republican senators with the exception of two sent the bill to the grave. This is election year and the Iowa republicans are crawling out of the graveyard of 1932 to make another desperate stand for the party of the elephant in November of this year.

Along With the Knitting

Find Colleges Are An Aid to Religion

LINCOLN, Neb.—Higher education at the University of Nebraska is not conducive to irreligion, a survey made here by Dr. Stephen M. Corey has revealed. Representative groups of seniors and freshmen were asked to agree, or disagree, with religious propositions outlined in a standardized questionnaire submitted by Dr. Corey. The reactions were definitely on the side of religion.

In tabulating the results of the survey, the professor noted that crystallization of thought, that follows development of more mature thinking processes among seniors, has resulted in the older men possessing a more clear conception of a Deity than freshmen. A suggestion that the "church is losing grounds" was definitely rejected by both groups submitting

to the questionnaire. Dr. Corey pointed out, however, the idea was more definitely discarded by seniors than by freshmen. Such also was the case in reaction to a proposition that "the church is trying to adjust itself to a scientific world and therefore deserves support." On the other hand, freshmen were a little more certain than seniors that a superior Deity always must be expected to support the right and condemn the wrong

and were more tolerant of demonstrations and church theology than older men.

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

BY RODNEY DUTCHER, NEA Service Staff Correspondent. WASHINGTON—Administration reluctance to have an NRA test case, which sometimes seems almost pathological, may end up with a legal attack on the National Labor Board by industry. So many crises have arisen, only to be stalled off, that you might think the conflict over the board's authority to settle collective bargaining disputes was due to go on indefinitely without conclusion.

The ROMANTIC RUNAWAY

BEGIN HERE TODAY PABLO, a handsome youth, becomes a fugitive when he flees from Florida to Cuba with BEA and LOTTIE, two thieves, following a masquerade party at the home of a rich man. BEA has killed TUD JEFFRIES, one of Field's guests, and stolen the jewelry. Pablo does not know this, or that he himself is accused of the crime. He believes, incorrectly, that a blow from his fist has killed a man and that this fact calls him forever from ESTELLE FIELD whom he loves and who loves him.

Football Star Is Given Letter After A 43-Year Delay

By United Press
AUSTIN.—W. H. Richardson, a
guard on the first University of
Texas football team in 1891 and
now a hardware merchant here,
has finally received his varsity let-
ter.
The Texas "T" was awarded
him recently by the University
Board of Regents, 43 years late.
Richardson's football prowess was
recalled at a dinner given the
Longhorn 1933 gridiron squad.
In 1891 cows grazed on the
campus, and the University of
Texas was housed in old Main
Building. Two brothers who en-
tered here as transfer students
from Columbia, New York, told of
a new game called football.
A team was organized without
the sanction of the university.
Equipment and trips for games
were paid for out of the players'
own pockets.
Richardson recalled that foot-
ball pants were made of white
duck in those days. Players wore
hard clog shoes, but shoulder pads
and headgear were unknown. The
flying wedge was the most com-
mon formation, there were no pen-
alties, and passing was unheard of.
T. U. Taylor, dean of the Col-
lege of Engineering, was the first
member of the University faculty
to urge football as a collegiate
sport, according to "Letterman"
Richardson.

FAVORITE ALARM BOX
BOSTON.—The favorite fire
box of Boston's false alarm fire-
fighters is No. 2253, at Lambert street
and Lambert avenue, Roxbury. No
less than 175 times during the past
year this box has been sounded
when there was no fire.

FOUR VILLAGES SOLD
ISTANBUL.—A rich Jew of
Palestine is reported to have pur-
chased four villages in the Djebel-
Drus zone of Syria for \$65,000.
The villages are to be excavated
within six months to make way for
the installation of Jewish immi-
grants.

Klein Is Intriguing Windy City Fans

By FRED BAILEY
United Press Staff Correspondent
CHICAGO.—The batting rivalry
between Chuck Klein and Al Sim-
mons, begun in Philadelphia, will
be resumed shortly in Chicago. Al-
ready partisan fans are arguing
the issue.
Simmons once was the idol of
Shibe Parkers, while Klein was the
hero of Baker Bowl. Simmons al-
ready has established himself as a
favorite of Comiskey Park, while
Klein will be a chief attraction at
Wrigley Field.
Simmons came to the White
Sox from the Athletics before the
start of the 1933 season. Klein
was purchased by the Cubs from
the Phillies during the winter.
Both are established outfield stars.
On the basis of 1933 averages,
Klein has a decided edge over
Simmons. He won the National
league batting title with an aver-
age of .368, while Simmons drop-
ped to .331.
Simmons' all-time American
league average for a nine-year
period was .354, five points less
than that of his illustrious rival's
five-year record in Baker Bowl.

Many Die In Texas From Lock Jaw a Health Report Shows

AUSTIN.—Every year there are
about 150 deaths in Texas from
lockjaw, according to Dr. John W.
Brown, state health officer. Most
of these deaths have resulted from
the most trivial or minor wounds
or injury. Only recently a small
child died from a small wound
caused by a splinter being stuck
in the toe.
Lockjaw or tetanus patients die
an agonizing death following fre-
quent convulsions, which are set
forth by the slightest stimulation
to the central nervous system. The
slamming of a door or the slight-
est noise may cause a patient to
have violent convulsions. Stiffen-
ing of the muscles in the jaw is
one of the first symptoms, and it
is from this fact that the disease
gets its name of lockjaw.
Puncture wounds, such as those
resulting from sticking a nail or
thorn in the foot or hand, are the
most dangerous. The reason for
this is that tetanus germs can
thrive only in a wound that is
closed or in the presence of other
germs that use up the air present.
Tetanus germs do not thrive in the
open air.
The prevention of lockjaw de-
pends upon the proper care of all
minor injuries. Closed wounds
should be made open wounds and
kept thoroughly clean. Anti-tetanus
serum should be given after a
puncture wound; gun powder
wounds are also frequently follow-
ed by lockjaw. The period of time
for the disease to develop in man
is usually from six to 14 days, ac-
cording to the amount of infection.
In man, with a short period
of incubation, six days or less, the
disease is almost always fatal.
With a longer period, the disease
is usually milder and the chances
for recovery greater.

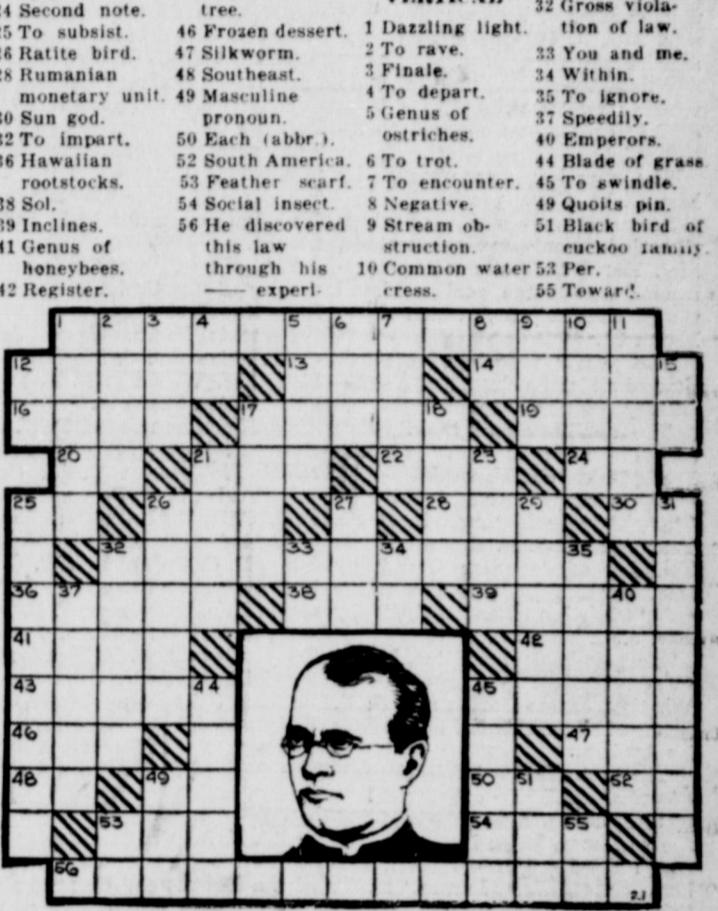

has but little chance of overtaking
his rival, who started last season
with a one-point advantage.
Simmons has been at bat 5,625
times in his big league career and
has rapped out 1,996 base hits. He
expects to pass the 2,000 mark
during the first week of the sea-
son.

**FIRE DEPARTMENT
170 YEARS OLD**
By United Press
HADDONFIELD, N. J.—The
local volunteer fire department
celebrates its 170th birthday this
month. It was organized here in
March, 1764. It still possesses
fire equipment more than 100
years old. Today, however, it uses
modern motorized equipment.

MOSQUE TOTAL CUT
By United Press
ISTANBUL.—Owing to the de-
cline in religious practices in Tur-
key, the number of mosques open
for devotion will be reduced. Out
of 500 temples, it is expected that
180 will be closed by next June.
The clergy, muezzin and servers
of the closed mosques will be split
up among the ones remaining open.

LACASA

Special Correspondent
Our meeting began at the New
Hope Baptist church Sunday,
March 18. Everyone is invited
and urged to attend.
Mr. and Mrs. J. C. Barseley
celebrated their golden wedding
anniversary last Thursday, March
15. Several relatives and friends
of this community and from dif-
ferent parts of Texas attended the
celebration. Everyone there en-
joyed the day. We all wish Mr.
and Mrs. Barseley many more hap-
py anniversaries.
Several people of this commu-
nity attended the barn dance given
for the football boys of Caddo
Friday night.
Mrs. H. L. Caraway visited in
the home of Mrs. N. P. Raney
Monday.
Miss Nolie Raney spent the
week-end with her brother-in-law
and sister, Mr. and Mrs. D. W.
Mitchell of near Ellisville.
Mr. and Mrs. Cletis Newnam
of Necessity spent Saturday night
with Mr. and Mrs. H. L. Caraway
of the White Flat community.

BIG MONEY AT AUCTIONS
By United Press
RICE LAKE, Wis.—A deluge of
old type large sized greenbacks
has flooded this vicinity at recent
auction sales. More than \$38,000
in the old currency was turned
over to a bank after a sale at
Chetek, near here.

COME AND REST

Do you ever want to get away from
the hurry-and-skurry of every-day life
for a little while... for just a few weeks
... or even a few days... to go to some
place where you can relax and rest...
and go back home with renewed vigor...
feeling like a new person? There is such
a place!... only a few hours away from
you... by train or over paved highways...
... where you can find relaxation...
... where you can "find yourself" again. It's
the

CRAZY WATER HOTEL

In this modern hotel, for as low
as \$20 a week, you can get a
comfortable, well-furnished, out-
side room... all meals... a
complete course of stimulating,
refreshing baths under trained
masseurs... all the Crazy Min-
eral Water you can drink...
and a welcome that makes you
feel like you're just "one of the
folks."
