## Relations With Finland Broken

WASHINGTON, June 30 (AP)—The United States today broke relations with Finland because of the close alliance between the government of that nation and Nazi Germany.

The action was announced with the release of a note from Secretary of State Hull to Alexander Theleff, charge d'affaires of the Finnish legation here.

The breaks mark the end of many efforts over a period of more than two years by the United States government to make peace between Finland and Russia.

Hull's note reflected the long and persistent attitude of friendship on the part of the United States toward Finland, and emphasized that the military operations of Finland "have a direct bearing on the success of the Allied effort" to defeat Germany.

The note opened with a quotation of the announcement made by the Finnish government last Tuesday in which it was stated that German Foreign Minister von Ribbentrop had been in Helsinki and had given assurance of full military aid to Finland and that complete agreement had been reached between the Finnish government and the German government.

This is regarded in diplomatic quarters as probably the last diplomatic break that the United States will make as a result of the international stresses of World War Two.

Despite the fact that Finland had been at war with Russia since June 25, 1941, and with Great Britain since December 6, 1941, the United States had maintained relations through several crises with the Finnish government because President Roosevelt particularly had hoped that friendly attitude on the part of this country might get the Finns to make peace.

## Tokyo Radio Pictures Flaming Battle For Hengyang At Climax

By J. B. KRUEGER  
Associated Press War Editor

Tokyo radio today pictured the flaming battle for Hengyang as at its climax and claimed that another important Chinese city near the China coast had been overpowered in a hitherto unmentioned campaign.

The China campaign with its

## FDR Signs Bill Continuing OPA

WASHINGTON, June 30 (AP)—President Roosevelt signed today the bill continuing the price and wage stabilization act for another year, to June 30, 1945.

Given final senate and house passage June 21 after a long legislative wrangle over various phases of price control policy, the new law makes several major changes in present pricing, regulatory and enforcement procedures.

One of the principal changes directs OPA to adjust ceilings on "major" textile items to reflect a parity price for raw cotton. Other revisions call for rent ceiling adjustments to offset substantially increased operating costs or taxes, abolition of OPA's "highest price line" limitation as it now applies to retail stores, and a reduction of present penalties for price ceiling violations where defendants can show the violations are not "willful."

Under the highest price line limitation, OPA has sought to discourage shifts by business from low priced merchandise to higher price lines. The OPA can continue to enforce the policy as to manufacturers and wholesale distributors.

While congress reduced penalties against non-willful price law violators, OPA's enforcement powers were broadened to permit the agency to purchase evidence needed in prosecutions, and also to initiate suits for damages against price law violators, if consumers fail to act.

## Palty Lands Glider Behind Nazi Lines

After landing a glider back of the enemy lines in the invasion into France, F/O Edward S. Palty made his way back through the lines and now is in a hospital in England, friends here have learned.

He suffered a broken rib. He wrote to his wife, who is at Odessa, he would remain in the hospital about two weeks.

Palty was associated with the Commercial Credit corporation in Big Spring before his induction into the army prior to Pearl Harbor.

He was pilot of the glider landing back of the lines with supplies and men.

Palty has been overseas since January.

## General Identified

NEW YORK, June 30 (AP)—A British broadcast heard by NBC today identified the German general reported to have been killed in a plane crash over Finnish Lapland as Gen. Ferdinand Jodl, brother of Gen. Alfred Jodl, Hitler's personal military adviser.

The reported crash, in which Gen. Eduard Dietl was also said to have perished, has not been confirmed by German or other sources.

WOUNDED FROM SAIPAN—First American wounded Marines, brought to Honolulu Naval Air Station from Saipan, in the Marianas, by Coronado flying boats are transferred to waiting navy ambulances. Many of the wounded were "walking cases." (AP Wirephoto from Navy).

## Reds Direct Murderous Drive On City Of Minsk

LONDON, June 30 (AP)—Moscow dispatches said today the Red army had begun a direct assault on the White Russian capital of Minsk, moving up in a semi-circle east of the city in the climax to a week-long offensive that snared

thousands of Nazi troops in swift encircling movements, then ground them to bits.

Premier Stalin, announcing the fall of Bobruisk, last German stronghold on the "fatherland line," said five German

divisions were liquidated there, with 16,000 killed and 18,000 captured.

Russian authorities in London estimated one-third of White Russia had been retaken by the Red army, and that, apart from the enemy-held Baltic republics, the enemy now had a foothold in only about one-fourth of the Ukraine, and small areas around Poskov in Russia proper and in Karelia.

Soviet planes, Moscow dispatches said, were hammering the retreating Germans with one of the greatest aerial assaults on land forces "in history."

The Russian armies advanced simultaneously on three sides of Minsk yesterday, with gains as much as 22 miles, Moscow said.

More than 500 localities were occupied west of Mogilev by the Second White Russian army of Gen. Z. F. Zakharov. This drive swept across the Dnub river in several sectors and captured Belychich, 25 miles west of Mogilev.

The communique said 3,000 Finns were killed in one sector of the northern front, and Soviet troops liberated 30,000 civilians held in Finnish concentration camps.

Moscow dispatches pictured the Finns as being routed all along the Ananus isthmus between Lakes Ladoga and Onegskoe (Onega).

## Cabinet Members Wait Turn In Dining Car

AUSTIN, June 30 (AP)—Even cabinet members wait their turn in dining car lines these days as Secretary of Agriculture Claude Wickard can testify.

State Agriculture Commissioner J. E. McDonald yesterday received a telegram from Wickard, who with an official party was en route to Mexico.

The telegram, received at 4 p. m., was a request for lunch, specifically, 12 sandwiches, six pints of milk and six bottles of soda pop.

McDonald delivered the food personally when the train reached Austin. The Wickard party had been unable to reach the dining car for lunch.

"This is our second meal in 24 hours," declared Mrs. Wickard.

## Dam To Be Dedicated

DENISON, June 30 (AP)—Dedication ceremonies for the \$54,000,000 Denison dam will begin tomorrow at 9:30 a. m. (CWT) and the principal address will be made by Speaker Sam Rayburn of Texas as noon, army engineers said today.

The mayors of at least seven cities in Texas and Oklahoma, a number of district army engineers and state officials from the two states will be among those attending.

## Bombers Darken French Skies

LONDON, June 30 (AP)—American bombers from Italy were reported by Berlin to be striking the Vienna area for the second time in 12 hours today while task forces of heavy and medium bombers from Britain darkened French skies with attacks supporting the invasion.

Fortresses from Britain, press-

ing the campaign which has driven the German air force back 100 miles from the French front since D-Day, attacked three air bases in northern France and another in Belgium.

The night raiders flew from Italian bases and struck an airfield at Feuersbrunn, 30 miles northwest of Vienna.

The German radio asserted that fierce air battles developed over Vienna's suburbs this morning between the U.S. raiders—presumably also operating from Italy—and Nazi fighters.

German rocketbomb attacks on southern England nevertheless continued throughout the night, carrying the robot offensive into its third week.

British-based American Ninth Air Force Thunderbolts topped off an active day yesterday, considering the weather, by attacking the Germans' reinforcement lines between Rouen and the Normandy battle front.

## Oh Lawd! Look Who Done Come Here

Police Chief J. B. Bruton eased up behind the lookout for a red-hot crap camp at the Dreamland hotel, negro hot spot and gently giggled him in the ribs.

"Lookout now," said the sentry, spinning around with upraised hand to whack someone. Then he froze.

"Oh Lawd," he moaned. "Look who done come here."

Fourteen other negroes shared his low spirits over the new arrival to the tune of \$15 each after entering pleas of guilty in city court to charges of gaming.

This ran the number of fines imposed during June for the offense to 39. There were four others, juveniles, who were warned and released. Virtually all of the offenders during the past month, one of the worst on record for gaming offenses according to police records, were negroes and Latin-Americans.

## PARLEY CLOSED

LITTLE ROCK, Ark., June 30 (AP)—The American Association of Instructors of the Blind closed its biennial convention here today after electing W. G. Scarborough of Columbus, O., president. He succeeds Robert W. Woolston, Jacksonville, Ill.

## Youngsters--Not Germans--Found In Hayloft

A German prisoner scare in Howard county ended Thursday afternoon with the location of two boys playing peacefully in a hayloft.

Members of the sheriff's department, police department and highway patrol, joined by residents of northeast of Knott, had participated in the search for prisoners, and two jeeps loaded with 12 soldiers with sawed-off shotguns were on way to the scene when the boys were located.

The search opened after a Mexican woman sent notice to Denver, chief deputy of the sheriff's department. Late Wednesday a suspicious character had hidden in the mesquite brush after climbing on her windmill tower to drink from a tank. Dunn went to the scene three miles northeast of Knott and members of the highway patrol and police joined him in a fruitless search that night.

Thursday afternoon, a soldier rushed into Dunn's office to deliver a message that C. O. Jones, a farmer of Knott community, said two persons had been seen hiding in a thicket. Dunn, E. L. Wolf, deputy, J. T. Hindman, deputy constable, and G. L. Fox, policeman, and the soldier went to the scene, prepared to "comb" every inch of a brush-covered area about three-fourths of a mile wide and four miles long in which the two were believed hid-

## Rommel Rushes In Fresh Reserves

SUPREME HEADQUARTERS, Allied Expeditionary Force, June 30 (AP)—Marshal Erwin Rommel has brought entirely fresh reserves into Normandy but the Allies have hammered a "considerable salient" into enemy lines southwest of Caen, supreme headquarters announced tonight.

Advance elements of Lt. Gen. Miles C. Dempsey's British Second Army, thrusting on both sides of Caen, were reported within 11 miles of drawing a circle about that port, the seventh most important in France.

## Nazi Resistance Fails To Halt Allied Drive

ROME, June 30 (AP)—German troops on Italy's west coast, breaking off contact, fled northward yesterday and the Americans, in swift pursuit, reached the vicinity of Ceclina, only 20 airline miles south of the port of Livorno (Leghorn). Allied headquarters said today.

American armored forces farther inland stabbed to within seven miles of the historic city of Siena, 31 miles below Florence, and French troops on their right were only 10 miles from the same target.

At the same time strong enemy resistance began, cracking under heavy Eighth army attacks and British forces, streaming northward, captured the picturesque Lake Trasimeno town of Castiglione Del Lago, which had been a Nazi seaplane base as well as a stronghold.

Infantry found the little town of Bibbona, five miles south-east of Ceclina, cleared of the enemy, and by yesterday afternoon they swept on to within 1,500 yards of Ceclina.

In a general advance west of Lake Trasimeno, the Eighth army swept through the villages of Nardella and Pozzuolo. Without opposition it captured Laviano and mopped up Cassanaggiore.

German efforts to re-equip battered armies in Italy suffered a major blow yesterday when light and fighter bombers destroyed the bulk of a shipment of about 500 motor vehicles, numerous tanks and supplies of gasoline.

## Tubes To Be Taken From Ration List

WASHINGTON, June 30 (AP)—The Office of Price Administration today ordered the removal from rationing of all tire inner tubes, effective tomorrow.

It also announced that a total of 3,900,000 new passenger car tires have been allocated for rationing in July and August, an increase of 50,000 tires in both months over the June quota.

Inner tube inventories are now sufficiently large to supply the needs of all motorists, OPA said in eliminating the requirement for rationing certificates.

The agency also disclosed that an additional allocation of 800,000 new passenger car tires was provided by the Office of the Rubber Director in June bringing the total to 1,900,000 tires. For each July and August the allocation is 1,950,000 tires.

## Federal Tax Stamps Sell Like Hot Cakes

Federal tax use stamps were "selling like hotcakes" Friday, on the final day before the stamps are required on all motor vehicles in use.

A total of 740 stamps had been sold since Thursday noon, increasing the number sold at Big Spring postoffice to approximately 2,190.

Federal regulations require that every automobile, commercial vehicle or other motor vehicle have a stamp Saturday, if in use.

## Brownell Named Chairman GOP Nat'l Committee

Dewey Declares Republicans Will Remain United

CHICAGO, June 30 (AP)—Herbert Brownell, Jr., 40-year-old New York lawyer, was unanimously elected chairman of the republican national committee today to direct the presidential campaign of Gov. Thomas E. Dewey.

Prior to the election, Dewey addressed the committee informally and declared the republican party would remain united despite what he called "decisive efforts" on the part of the present national administration.

Brownell succeeds Harrison E. Spangler of Cedar Rapids, Ia., who was named chairman in December, 1942, after the resignation of Rep. Joseph W. Martin, Jr., of Massachusetts.

Subsequently, Brownell announced the appointment of Spangler, the retiring chairman, as general counsel for the committee. Spangler succeeds Henry Fletcher.

The new chairman has been associated with Dewey in politics for 14 years.

A former New York state legislator, he has a reputation for his ability to organize political campaigns.

Brownell was the choice of Governor Dewey and had the endorsement also of Governor John W. Bricker of Ohio, Dewey's running mate.

Other national committee officers elected included three new vice chairmen: Werner W. Schroeder of Illinois; Mrs. Horace A. Sayre of Oklahoma and Mrs. Katharine K. Brown of Ohio. Re-elected vice chairman was Ezra R. Whitla of Idaho.

Harold W. Mason of Vermont was re-elected secretary and J. Ross Todd of Kentucky, was named treasurer to succeed Sinclair Weeks of Massachusetts.

## Slight Decrease Noted In Census

A slight decrease in the scholastic census for 1944-45 from that for 1943-44 was shown in Howard county census figures announced Friday morning by the office of Walker Bailey, county superintendent.

The grand total for common schools and Coahoma, Knott and Big Spring independent districts is 5,151 to date, or 178 less than last year. The figures are complete, except for a supplemental list to be filed by Big Spring public schools.

The figures include 1,035 for all common school districts in the county, as compared to 1,048 last year; 338 for Coahoma, as compared to 347 last year; 321 for Knott, a decrease of 55 from last year, and 3,457 for Big Spring, as compared to 3,558 last year.

The figures for last year were those approved by the state department of education. Those for this year are subject to approval and some duplications and over ages usually are removed from the rolls.

Schools receive \$25 per capita on basis of the approved census rolls.

## Minesweeper Sunk

BOSTON, June 30 (AP)—A coastal minesweeper was sunk in collision with a destroyer escort vessel off Cuttyhunk last night and two officers and five crew members of the former are missing, the navy announced today.

First naval district headquarters said that the commanding officer and six enlisted men of the minesweeper were picked up by naval and coast guard rescue craft.

The navy said the destroyer escort suffered no apparent damage. Names of the missing were not disclosed.

## ANDERSON NAMED

DALLAS, June 30 (AP)—George H. Anderson of Dallas will succeed Ben J. Harlan as plant manager at the Lone Star steel plant at Daingerfield, company officials said here today.

Harlan died early this week. A former engineer with the Dupont company, he had been with the Lone Star Steel company since 1941.

## RAYBURN HOME

BONHAM, June 30 (AP)—Speaker of the House Sam Rayburn came back home to open his campaign for re-election to congress and told his audience on the courthouse square that he intended to vote for every democrat nominee on the ballot.

# Churches Doing Something About Solving Leisure-Time Problems

By EBO DILTZ  
Churches in Big Spring are adopting programs of action to meet the leisure time and religious needs of their children during vacation periods, a record of 1,741 boys and girls in vacation Bible schools and church youth camps here indicates.

**RADIO SERVICES over KBST Each Afternoon 1:15 o'clock**

### PUBLIC INVITED

Methodist, 40. Some of the schools opened as early as May 29 and the last session for another was held today. Other churches may hold their schools in August.

The closing of the Bible school at the First Christian church does not mark the ending of the Bible study for the summer. However, for a weekly study will be held each Friday morning from 9 to 10:30 o'clock for the remainder of the summer months.

With the total attendance of 865 young people for the Baptist camp and an unusually large number of professors of faith, this was a record breaking meeting. Leaders said a fine spirit existed among the children and were indeed surprised at the attendance since there was no swimming this year due to the current water shortage here. During the camp meeting a recapitulation of the boys' encampment showed 52 conversions and 60 rededications. For the girls, there were 25 professions of faith and 10 rededicated lives.

This pattern, together with a needlework pattern of useful and decorative motifs for linens and garments. **TWENTY CENTS.**

### GSO Hostesses And Enlisted Personnel Given Dance Tonight

Entertainment for enlisted men and GSO hostesses will be a pre-4th formal dance this evening at 9 o'clock in the garden at the USO.

Music will be furnished by the post orchestra under the direction of T/Sgt. Winslow Chamberlain.

All GSO girls are invited to attend.

Bob Dickerson, son of Mr. and Mrs. C. W. Dickerson, is home for a short visit preceding his return to Southern Methodist University for the summer semester.

Until the German invasion in 1940, Norway had remained at peace for 125 years.

A candlelight ceremony June 11 in the All Saints Episcopal Chapel united Miss Doris Elizabeth Taylor, daughter of Dr. and Mrs. Edward Taylor, of Austin, and Lt. James Louis Webb, Jr., son of Mr. and Mrs. J. L. Webb, Sr. of Big Spring.

### Picnic Given For Class At Reagan Ranch

Mr. and Mrs. B. Reagan entertained members of the Ruth Class of the First Baptist church and their guests in their ranch home Thursday with a picnic supper.

Games were played, and a business meeting, presided over by Dr. Ora Johnson, was held. Mrs. S. M. Smith gave the secretary's report. The meeting was closed with a session of prayer, and the group went to the table for the picnic supper.

Mrs. A. T. Underhill gave the devotional, "The Good Earth."

Those present were Dr. Ora Johnson, Dr. Eva Schultz of Odessa, Mrs. Charlene Key, Mrs. Boone Horn, Mrs. A. A. Watson, Mrs. Mrs. Wayne Matthews, Mrs. W. C. Blankenbush and Ann, Buddy and Sue, Mrs. C. G. Varnell, Mrs. Joe Clere, Mrs. Ernest Hock and Barbara.

Mrs. Dick O'Brien, Mrs. Robert E. Lee, Mrs. George Melear, Mrs. A. C. Kloven and Al, Mrs. S. M. Smith, Mrs. Eugene Gross, Mrs. Horace Reagan and Judy and Frances, Mrs. J. A. Coffey and Glenna, Mrs. M. E. Anderson and Janice, and Fritz and Carolyn Smith.

### A German Writes His Girl — "My Above All, Beloved Sweet"

By ROGER D. GREENE  
(Substituting for Hal Boyle)  
WITH THE BRITISH FORCES IN FRANCE, June 21 (Delayed)— "My above all, beloved sweet," the letter begins, typewritten in German.

"I am filled with deep uneasiness which has continued for several days. I know you, too, have the same uneasiness. I will thank God when all this is over at last."

In this gloomy mood the letter goes on to tell of the writer's dark forebodings and how desperately he longs for the war to end.

He thanks her for a parcel of tobacco with "you've no idea how devilishly I yearned for a cigarette."

"The little comforter you sent was knitted so nicely of fine wool," the letter continued.

He envisages the day when he will return to "main upper allies geliebte." And then, ruthlessly, in the last paragraph all softness and sadness is brushed aside.

"Darling," he says, "I have been able to conquer all uneasiness and all my mental sickness, and I hope you have done the same—for thus must we Germans overwhelm our nerves with our heroism."

The letter was dated June 5, the day before the Allied invasion. It was found in an ancient castle in Normandy which had been used as a Nazi headquarters. The Nazis had fled without firing a shot.

ePAs and tomatoes go back on the ration chart at five points for popular sized cans, while asparagus will require 10 points.

The only other changes on the processed foods chart are a one-point hike, from four to five, for a 45-ounce container of vegetable juice combinations, a three-point cut for tomato sauce, and a one-point reduction for spaghetti sauce.

Topic Is Announced For Christian Scientists  
Services Sunday at the Christian Science reading room, 217 1/2 Main, will have the topic of "God."

# Survey Indicates Couples Seeking Marriage Licenses Not All Youngsters

By OPAL DIXON  
Numerous young women and men marrying in Howard county are looking afar to find their brides or bridegrooms, but they aren't such youngsters as some of the reports of marriages over the nation might indicate although some are minors.

Those were among facts indicated by a survey of the marriage licenses issued within the last month by the Howard county clerk's office.

### Big Turnout For Bond Premiere

A large number of persons attended the State Theater bond premiere show, "Louisiana Hayride," Thursday and in addition to bonds already purchased throughout the week, the theater sold \$243 in E bonds during the day, it was reported Friday.

Check of the issuing agencies Friday morning showed a grand total of \$1,251,842 with \$266,754 in E bonds. The executive committee reported that large firms are still coming through with big purchases but it is the individual bond buyer who is needed. Lacking in E bonds is \$168,246 and it will take a lot of \$18.75 bonds to make up this difference.

Those who made bond pledges at the Wednesday rally are urged again to pick up their pledges at bond headquarters since these purchases cannot be counted toward the total until the funds are received.

Also, those who were unable to make pledges at the rally are asked to stop at any of the issuing agencies to make bond purchases. Only thirteen days remain for Howard county citizens to "come through."

Latest bond pledge to be announced by an out-of-town firm is \$44,500 in Big Spring and \$4,000 in Coahoma, pledged by Texas Electric Service company.

### SPIRITUAL LIFE MEETINGS HELD

Spiritual life meetings of the Wesley Memorial Methodist church were held in groups Thursday afternoon.

Groups two and three met in the home of Mrs. Arthur Pickle and the devotional on prayer and faith was given by Mrs. Pickle.

Business was discussed and the meeting was closed with sentence prayers.

Refreshments were served and those present were Mrs. Tommy Lovelace, Mrs. J. B. King, Mrs. J. T. Morgan, Mrs. W. D. Lovelace.

Group one met in the home of Mrs. W. W. Coleman. The devotional was given by Mrs. Coleman.

The next meeting will be held at the church July 27 and will be the combined three groups.

Those attending were Mrs. Cecil Nabors, Mrs. Tommy Lovelace and Mrs. W. D. Lovelace.

### Activities at the USO

**FRIDAY**  
Volunteer desk hostesses.  
8:00 - 11:15 - Formal dance in garden with post orchestra. All GSO girls invited.

**SATURDAY**  
8:00 - 9:00 - Canteen open, free cookies and ice tea furnished.  
9:00 - Recording hour in recording room.

prospective bridegroom and bride-to-be were from different states.

Texas girls' married boys from Massachusetts, Illinois, Kentucky, Alabama, Ohio, Missouri, North Carolina and Kansas. A Kansas boy married his girl friend from Minnesota, one from Pennsylvania wedded a girl from Illinois and several married a girl from their home town in another state. In ten of the marriages, both parties listed their residence in Big Spring or Howard county.

Men listing their ages on license applications averaged 24.37 and girls, 20.66 years, well over the legal age required for marriage without parents' consent.

In four marriages, however, both parties were below legal ages of 21 for men and 18 for girls and required parents' consent, and in five, one of the two was below age. Also, the ages here were younger than during a month's average in nearby Mid-

land county, where the average age of the Midland bride was 23 and of the bridegroom, 28.

The averages from ages listed here were undoubtedly slightly lower than the actual averages, since four men and five women failed to give ages since they obviously were older than the minimums.

Number of marriages almost doubled the total in the corresponding period in 1941, May 29 through June 28, when 23 marriage licenses were issued. Since nine men and 10 women listed 21-plus or 18-plus as ages or failed to give any age, comparison was difficult. The 14 men listing ages average 22.57 and 13 women, 19.93 years.

Not a single person who obtained a license during the month checked in 1941 was from any state other than Texas.

# Yesterday and Today

"Use it up; make it do; wear it out; see it through" — These are familiar words in these days of shortages and of the rationing of critical materials. We are trying to make our clothes, our cars, and many other articles we now possess last a little longer not only to save man-hours of labor but to help make it possible for everyone to have his share.

Yet there is one commodity more vital than all of these and it is not rationed. It is Christianity. Your Church and Christian worship is one "critical material" that's not rationed. There is a congregation in every section of the city and should your gasoline allowance be cut so low that you cannot reach the Church of your choice you still may have fellowship with God's people in your neighborhood.

Someone has said, "Christianity is the only commodity which the more you use it and the more you give away the more you have for yourself." Of no other article is there such an abundance available for those who will receive it. Let no one think lightly of it because of its abundance. God has provided generously of the elements most vital to us, for example, salt. It is found in great abundance yet none of us could live long without it. Neither can we live long without Christianity. Avail yourselves of Christ.

## BIG SPRING PASTOR'S ASSOCIATION

### PIN-WORMS GO! New Treatment Gets Real Results

Anyone who has ever had Pin-Worms knows how tormenting and embarrassing this affliction can be, and how hard it is to eliminate the ugly crawling creatures once they get a foothold inside the body. Millions of people—rich and poor, children and grown-ups—have suffered in silence with the misery of Pin-Worms, and doctors have tried for years to find a way to deal with this pest. Old-fashioned worm "cures" usually don't work on Pin-Worms. Today, thanks to an important scientific discovery (a remarkable drug known as piperazine), a new and highly effective treatment has been hailed by doctors. This drug is the vital element in P-W, the new Pin-Worm tablets developed by the laboratories of Dr. D. Jayne & Son, America's leading specialists in worm medicines. P-W makes it easy to deal with Pin-Worms. The small, convenient P-W tablets act in a special way to destroy the creatures. Don't take chances with Pin-Worms! Just ask your druggist for P-W, and be sure to follow the directions. P-W means Pin-Worm relief!

Morrison, Glynn N. Parnley and Leland S. Camp. 4-F—"W. F." Lester, Jr., R. E. Peacock, D. W. Richardson and

Dramatic Story Of Last Mission Of San Angelo Hero Is Disclosed

A. U. S. FIGHTER BASE IN ENGLAND, June 30 (AP) — The dramatic story of the last mission of Lt. Col. Donald K. Bennett, leading exponent of daredevil "strafe-bombing," was disclosed today along with the official confirmation that he died while continuing to strafe a Nazi locomotive although his fighter-bomber was on fire. After shooting up three locomotives, Bennett, 29-year-old Thunderbolt group commander from San Angelo, Tex., was going after another during the greatest American fighter sweep of the war

LT. COL. DONALD K. BENNETT

May 21, when the destruction of 303 locomotives, 35 military supply trains and other Nazi equipment paved the way for the invasion of Normandy. German flak along the French coast brought down his already smoking P-47, forcing him to land in the channel. Filers who saw him get out of his plane into a dinghy refueled their ships and searched fruitlessly for hours. Hope that he might have reached shore held out until his body was recovered from the channel. Fellow officers who attended his military funeral in an American cemetery in Britain said he died of exposure.

Forrest Waldrop To Lead Meeting

The Church of Christ, in Coshoma, will conduct a series of Gospel Meetings beginning this evening, June 30th, to continue through July 9th, with services twice daily at 10 a. m. and 9:00 p. m. and with a daily radio program each afternoon at 1:15. The man who will do the preaching in the meeting is Evangelist Forrest R. Waldrop, who for two years was minister for the Church of Christ in Big Spring, beginning in 1935. Waldrop is a graduate of Abilene Christian College, and for the past four years has lived in California, where he was engaged as minister in Los Angeles and later in Riverside, California. The speaker was in a meeting at Coshoma in July, 1938, and is eager to renew acquaintances which he made then, as well as during his stay in the City of Big Spring, he said.

# Champs Seek 7th Straight Win

By JACK HAND  
Associated Press Sports Writer

Reports of the New York Yankees' death appear to have been greatly exaggerated!

The world champions today seek their seventh straight and a clean sweep of the series from the leading St. Louis Browns.

Only half a step from the American League's last-place graveyard two weeks ago, the New Yorkers have pulled out of their tailspin and captured eight of their last nine with a six-game win streak that includes two in a row over their 1944 "cousins" from Missouri whom they have topped seven times in nine tries.

Wait "Monk" Dubiel hurled the McCarthy clan to within two and a half games of the top yesterday with a brilliant two-hit shutout made possible by Rollie Hemsey's line single to center scoring Bud Metheny. There were two out in the last of the ninth and two strikes on the batter when the veteran catcher patted Sig Jakucki's "Sunday" pitch to earn a 1-0 New York edge.

Shutout pitching was the order of the day, with Allie Reynolds of Cleveland hanging a 6-0 whitewash on Philadelphia; Detroit's Hal Newhouser stopping Washington, 4-0, for his 11th victory, and Bill Lee tossing the Phillies to a 1-0 nod over George Mungler of the St. Louis Cardinals on a 10th inning single by Jimmy Wasdell.

Tex Hughson collected his 11th decision as the Boston Red Sox shamed Chicago, 5-4, but Francis "Red" Barrett had to turn in a fancy four-inning relief chore to save the game.

The New York-Pittsburgh game in the National ended in a 1-1 tie, with Bill Vosselle opposing Nick Strincevich, called at the end of the fifth due to rain. Brooklyn, Boston, Chicago and Cincinnati were not scheduled in the National.

Reynolds chipped in with two doubles and a single in downing Russ Christopher of the A's.

Pete Fox drove in two of Boston's runs after Manager Joe Cronin had touched off a 4-run first inning apart with his fourth homer of the year as Hughson decimated Ed Lopat. Rudy York smashed his eighth homer as Detroit raked Early Wynn for eight blows, while Newhouser struck out nine, didn't issue a walk and yielded only two singles.

## Kovacs To Play In Benefit Tournament

NEW YORK, June 30 (AP)—Pvt. Frank Kovacs, national indoor tennis champion in 1941, arrived by plane from San Francisco today to participate in victory drive Red Cross tennis matches starting Sunday at Forest Hills.

"I feel in such perfect shape I could play 10 men," he declared. "I don't expect to lose a single match, and if I do, I'll be surprised. I'm being my usually modest self."

HOMER  
WACC, June 30 (AP)—Buster Mills blasted a home run over left field wall last night in the last half of the tenth inning to give Waco Army Airfield Wolves a 3-2 victory over Karlen Brothers of Dallas.

**OLD TIMERS AID IN BASEBALL BOND SALES**—Baseball heroes of former years line up in a dugout at the New York Polo Grounds June 26. They participated in activities preceding the first three-way game in baseball history which featured a war bond benefit program. Left to right are Zack Wheat, Dodgers; Moose McCormick, Giants; Herb Pennock, Yankees; National League Umpire Chief Bill Klem; Roger Bresnahan, Giants; Hooks Wiltse, Giants; Wally Schang, Yankees; Nap Rucker, Dodgers; and Otto Miller, Dodgers. ## Ball To Defend Singles Crown

AUSTIN, June 30 (AP)—With title holders already having been decided in four divisions, George Ball of El Paso defends his men's singles crown today against Sam Match of Los Angeles and Bergstrom Field, Austin, in the finals of the Texas Tennis association tournament.

Ball gained the finals yesterday by defeating Clyde Heppenstiel, Bergstrom Field, 6-1, 6-1. Match downed Leo Laborde, Beaumont, 6-1, 6-3, in their semi-finals contest.

Vying for the junior boys title today will be Bobby Goldfarb of El Paso and Kenneth Crawford, Dallas. The El Pasoan downed Franklin McCarter, Galveston, 6-1, 4-0, 6-2, while Crawford trounced Jack Williams of Denton, 6-4, 6-2.

In the men's doubles, Ball and Goldfarb play Heppenstiel and Match for the title.

Little Patty Nixon of San Antonio copped the junior girls championship yesterday by defeating Mary Cunningham of El Paso, 6-4, 6-2.

Leman Baker of Texas City defeated J. J. Pettus of Austin, 6-0, 6-6, to win the veterans title.

Patty Nixon and Mary Cunningham won the junior girls doubles by defeating Suzanne Clemens of Sinton and Laura Taylor of Corpus Christi.

## Golfers Seeking Crown Choose A Tough Chore

RYE, N. Y., June 30 (AP)—Senior golfers seeking to snatch the crown held by Ellis Knowles of Rye had a tough chore today. He had finished his 36-hole round with 145, and only three of the field of about 250 had a chance to catch him. With one round still to play, those with an outside chance were Charles P. Burgess of Baltusrol, N. J., 74; William C. Hunt, Houston, Tex., 75; and Fred L. Riffin, Black River, Mich., 75.

Radium costs nearly \$30,000 a gram.

## SPORTS ROUNDUP

NEW YORK, June 30 (AP)—Overseas sports roundup: Fleet Postoffice

Francis E. Buckley, who was last heard of when he quarterbacked the all-Navy team in Bermuda's Lily Bowl football classic last January, sends word from the central Pacific that the Seabees out there would like some football uniforms. . . . "The Seabee Athletic association is in its infancy, but in competition with other service teams has made an excellent record," Buckley writes.

"Last week the boxing team defeated the Army Air Force; the track team placed third in an eleven-team A.A.U. meet, May 29th. Plans are under way to place a football team in competition this fall. The only drawback is the lack of uniforms. I'd appreciate any ideas you might give us in respect to schools that have abandoned football." . . . Well, Princeton dropped out and from what we saw last fall the Tigers had very little besides uniforms.

## North Africa

Two letters recently received at the St. Louis Browns office from doughboys of an infantry outfit in North Africa—perhaps indicating some association between the temperature there and that of Sportsman's Park: . . . "Dear Gang: Go get 'em. This is the Brownies' year and how! We're so sure that you'll keep on hustling in there that we are going to hustle it up over here to get back in time to see you play and win the series. To perpetuate this, we have organized the following named club: Browns Boosters Club, Doughfoot Division, North African Theater." . . . This bore 110 signatures, and 112 members of another company in the same division wrote: "Go get that pennant! This is to inform you that the undersigned GI's have formed another Browns overseas boosters club, called the Tired Foot Division. Our slogan in this club is: Berlin for us; world's series for the Browns."

## Fliers And Rescue Party Near Safety

GRAND CANYON, Ariz., June 30 (AP)—Three army parachutists were crawling up the precipitous north wall of Grand Canyon headed for civilization today after nine days' entrapment on rock-and-water-locked Tonto plateau, deep in the misty recesses of the gorge.

Park service officials and army officers, leveling binoculars across the canyon from the far south rim, were expecting momentarily to see the men and their two volunteer rescuers

## Edgewater Golf Competition Is Back To Normal

CHICAGO, June 30 (AP)—Golf competition returned to normal at the Edgewater course today as 57 pros and amateurs—all limbered up mentally and physically after trying to figure out who did what and why in the last two days of confused team play—began the first round of a good, old-fashioned 72-hole tournament for the Chicago victory national championship.

Threatening golf's "big four"—Jug McSpaden, Byron Nelson, Sammy Byrd and Craig Wood—were such guests as Johnny Revolta, Ky Laffoon, Fvt. Chick Herbert and Lieut. Ben Hogan. On the basis of what they did during the team matches, they rank as favorites. The top amateurs in the field were Chuck Kocsis and Ed Furgol of Detroit, Wilford Wehris of Racine, Wis., Steve Kovach, the Pittsburgh, Pa., steel worker and Bob Cochrane, St. Louis newspaper man.

The McSpaden-Nelson-Byrd-Wood combine so far has accumulated \$33,973 in winnings and has a chance to increase this immeasurably throughout the summer by shooting for a jackpot of about \$100,000 in at least six more tournaments. The stake in the victory meet is \$3,000.

Bantam Ben Hogan may be the man to cut the corner that "big four" has on titles. Despite a recess from tournament golf for almost two years while he was winning a lieutenantcy in the army air forces, little Ben banged 67-70 during the last two days to serve notice of contention.

Little Ben is on a 15 days furlough from his Fort Worth, Tex., base.

Laffoon and Kovach won the pro-amateur title with a combined 36-hole score of 222, while Wood and Kocsis finished second with 284 and Byrd-Cochrane third with 285.

## Cowboy Reunion Looms Bigger

STAMFORD, July 2.—The Texas Cowboy Reunion, probably the world's largest round-up of cowboys, both old and young, will get underway Monday, July 3, at 11 a. m., with a gigantic War Bond parade, and two thrill-cramped days await visitors in Stamford then.

Record breaking entries are assured, and committee chairmen are making hurried last-minute arrangements to take care of the overflow.

More entries in rodeo events have already been tabulated than ever before at this date, according to A. M. G. Swenson, chairman, and the official American Quarter Horse entry list is now much heavier than at any previous show. The ticket committee has been doing a rushing business, and while reserve seats are available, all box seats were sold two weeks ago.

The Monday War Bond parade has mushroomed into one of the most spectacular features of the entire two-day program. Headed by its own 60-piece band, the 12th Armored Division, Camp Barkley, will parade a display of military equipment in the interests of the Fifth War Loan drive.

Included in the big military display will be five General Sherman tanks, light tanks and other heavy armored pieces.

Among first entries in the sponsors' contest is Louise Ann Bennett, daughter of Dr. and Mrs. M. H. Bennett, Big Spring.

Paramount News is to take pictures of the highlights of the reunion program.

er has raised 13 children—five boys and eight girls. Two of the boys are in service.

The title was conferred upon her by the United Home Finding Service, which places some 4,000 children in foster homes annually.

## Dewey Spends 60 Hours Working On An Average Speech To Be Delivered

By JAMES MARLOW  
CHICAGO, June 30 (AP)—Thomas E. Dewey will not make any carefully prepared speeches in his campaign for president.

His lieutenants say he spends 60 hours working out an average speech. He likes short, clipped sentences. They're easy to absorb and listen to.

When he makes a point, he gives time for it to sink in before going on to the next one. His speeches are short. None of this is accidental.

He went out and got instructions in speaking when he started talking in the political bigtime back in 1938.

Lowell Thomas, radio commentator, is a close friend. He has helped Dewey in radio delivery. Often Dewey tries out speeches on his wife.

Sometimes he has recordings of a speech made—before publicly delivering it—and plays it over to learn how he sounds.

Then he makes corrections in words and accents. The speech as finally delivered may be much different from the recorded version.

Some of Dewey's closest lieutenants—former New York newspapermen whom he met and hired after becoming governor—credit Dewey with a natural talent for speech-writing. They say he speaks in short sentences anyway. So it is easy for him to do it in speeches. In addition, he has benefitted from listening to radio techniques where good ones specialize in terseness.

In American public life this studied preparation is not too common.

Men who have spent a lifetime building toward some special goal very often fumble it by failing to think of small details—like the effort that must be put into choosing words for public utterances.

Poor phrasing or ambiguity can be turned against a speaker or distorted. A career can depend upon shaping a sentence. And Dewey knows it.

## Segura Favored To Beat Tech's Willett

EVANSTON, Ill., June 30 (AP)—Francisco (Pancho) Segura, Ecuador's gift to college tennis, was heavily favored to beat Georgia Tech's Frank Willett today and go on to defend his championship tomorrow in the finals of the N.C.A.A. tennis tournament at Northwestern University.

The South American, representing the University of Miami (Fla.) advanced to this afternoon's semi-final match by whipping unseeded Stan Clark of California Tech on Wednesday, 6-1, 6-3.

Willett, seeded sixth, came through the quarter-finals the same day with a 6-4, 6-3 triumph over fourth-seeded Johnny Hickman of Texas University. Today's doubles semi-finals find Charles Samson and Jerry Evert of Notre Dame tackling defending champions Jack Hickman and Felix Kelley of Texas University.

## Texans Meet In Finals Today

PHILADELPHIA, June 30 (AP)—Two Texas youngsters who are old rivals on the tennis courts—Ed Ray of Sinton and Bernard Bartzen of San Angelo—meet today in the finals of the national intercollegiate tennis championships at the Merion Croquet club.

Their match will mark the first all-Texas final in the history of the 53-year-old event.

Yesterday the duo needed but 45 minutes apiece to defeat their semi-final opponents from the east and far west, respectively.

Ray showed fine all-court tennis in downing 15-year-old MacDonald Mathew of Princeton, N. J., and Deerfield, Mass. Academy, 6-1, 6-2.

Southpaw Bartzen, who had eliminated the defending champion, Charles Oliver of Perth Amboy, N. J., took it easy in disposing of Glenn Bassett, Santa Monica, Calif., 6-1, 6-1.

It Might Work Here

Although it worked in a town somewhat smaller than Big Spring, a means of handling various drives without overworking one group and of losing enthusiasm might have some merit here.

In this particular instance, the various service clubs and civic organizations got together. Each one "adopted" a certain project or fund raising campaign such as Red Cross, Boy Scouts, bond drives, War Chest, etc.

A few years back we made a step in this direction when instead of drawing from the usual circle of solicitors, we had service clubs make the scout campaign. As a result the money was raised quickly and with a great deal of enthusiasm.

Protection Of Brand Names

During July advertisements will appear in every paper in America announcing the return of Castoria to the market. This calls to mind the intense campaign of advertising launched by this product a year ago when it was discovered that some of the well known remedy induced nausea and vomiting.

Capital Comment—

Horse Doesn't Win Because Of Bet

By GEORGE STIMPSON WASHINGTON (Sp)—The CIO Political Action Committee has taken a leaf out of the book of the old Anti-Saloon League. It is trying to make itself the balance of power in both major parties and in every district of the country.

In many districts the CIO will actually be the balance of power; in many where it is not it will claim to be, which is also clever strategy and smart politics.

So it will be with the CIO in this year's election. There probably are comparatively few districts where the CIO vote and political activity will be decisive.

The Big Spring Herald

The War Today

By PRESTON GROVER (Chief Of Associated Press Coverage of the China-Burma-India Theater, Substituting Today for Dewitt Mackenzie)

Japanese forces in China have turned a double trick in their drive to Hengyang. They have half the railway from Hankow to Canton and Hongkong and have closed one and landed on the doorstep of other American air bases from which we have been harassing Japanese shipping.

Loss of the rail junction also will increase the Chinese demand for more supplies. Thus two important fronts are linked together, although it is more than 1,300 miles from Hengyang to Myitkyina, scene of the battle for the China supply route.

To get Hengyang in mind, take Shanghai as New York, Hankow as Chicago and Hongkong as New Orleans. Hengyang then becomes St. Louis. From Hankow a railroad used to run through Hengyang to Hongkong. Chinese forces tore up the rails, but the Japanese have been rebuilding it. It will give them a complete north-south line through China which may prove invaluable for the American fleet.

The loss of the American air field at Hengyang and probable loss of several others nearby brings up another important problem. The Japanese can use these fields against the bigger American base at Kuming, 600 miles west of Kweilin, which is the China end of the "hump" airline as well as the Burma road, which General Stilwell is trying to re-open.

Somewhere, sometime Allied forces from the Pacific must attempt a landing in China. There would be a lot fewer casualties then if the part of China now being cut off could be kept in Allied hands.

A designer says any girl can be beautiful if she has the right clothes. And vice versa!

Bridge

Hollywood—Wonder Land Of Odd Combinations

By ROBBIN COONS

HOLLYWOOD.—You have to be in Hollywood to see the relation between chicken feathers, old sequins and the rock sound of Maine. And nowhere else could you see grease-paint and shoe polish translated into storm clouds threatening to drown a bunch of actors.

Even here, you don't get these things every day. It's generally when Lee Zavitz, a "special effects" wizard, is working on a picture like "Guest in the House."

Lee, who has spent half his 40 years in pictures, spends most of his time running his business, which is renting lightning-makers and such to studios. But now and then he takes on a movie personally, preferring the independent producers like Hunt Stromberg to the major studios.

"Guest in the House," from the Dale Eunson-Hager Wilde play, is set in a coastal hill village. There's a very nice house for Anne Baxter, Ralph Bellamy, Ruth Warrick and the other actors to play in. A magnificent "view" of hills, water, rocks, actually is cramped into the limited space of a crowded stage.

Zavitz apparently is of the "effects" school which like to utilize homely things. He has his hills and sea on backdrops which are enlarged photographs of appropriate Maine scenery.

Zavitz's clouds are a triumph of simplicity. He streaks grease paint and white shoe polish on framed glass, sets a hot bright light behind it.

He makes plenty of rain for this picture—even a quiet rain (from an ordinary garden sprinkler) which beats gustily against window panes. He burned Atlanta for "Gone With the Wind." But he also likes to make a tea-kettle steam. For this he simply drops a smouldering cigarette inside, clamps on the lid, and moves away.

"It's realistic," he says, "and a cigarette is always handy."

Washington—There's A Number Of Doubtful States

By JACK STINNETT

WASHINGTON.—With the November elections practically on our doorstep, and the national conventions already inside the front door, the amazing thing about the country is the number of "doubtful" states which seem really to be doubtful.

This conclusion comes from scores of political leaders. Even in normally Republican states like Nebraska, the GOP leaders aren't so positive that events to come won't have more effect on the November national vote than any recent polls would lead one to believe.

Illinois is being listed by some in the Republican columns, especially if the nominees are Gov. Thomas E. Dewey of New York and President Roosevelt for a fourth term. But in Illinois, you won't find anything like the confidence you find in Republicans outside the state.

California, and for that matter the entire Pacific coast, is a question mark. Political observers there say local issues could prove much more important than national ones. Party lines in California are as indefinite as an uncharted coast.

Colorado is being listed by some people in the GOP lustrous column, but not among unbiased political observers there. Similarly, Pennsylvania is being given an edge for the Democrats, but not by the doubtfuls in either party.

Missouri is another interesting "pivotal" state. Local issues there are much more likely to have a bearing on the way the state will go nationally than in the amount of steam that can be got up for any presidential nominee named. In Missouri there was a pre-primary split in the state Democratic

Old Guard In Control, But Fate Of GOP Hinges On Gov. Thomas Dewey

By WALTER LIPPMANN

The war news is not the only reason why the Republican convention is arousing so little popular interest. Nor is it the fact that Governor Dewey's nomination has not been in doubt since the Wisconsin primary. It is that the men who organized the convention and are managing it and will write the platform, are not the Republicans who could win the election.

It would be rash, however, to jump to the conclusion that the Republican party is as lifeless as the convention suggests. The party is in a position where the old guard from the Senate and the House still hold the keys to the doors on which the new guard, led by the Governors, are knocking.

The principal business of the convention is to have the old guard, who are pre-New Deal and pre-Pearl Harbor, yield gracefully and with all the necessary face-saving the management of the party, and the leadership which they are admittedly incapable of exercising. This is extremely important, but in itself it is not a matter of absorbing interest.

The main business of the convention being to liquidate the recent Republican past, it will not be possible to judge the results until we see whether in fact the new guard take over the management of the party, and what Governor Dewey makes of his opportunity. No one could have forecast the New Deal from the proceedings of the Chicago convention which nominated Franklin D. Roosevelt in 1932.

They found their place in the Democratic party, not because of the alleged doctrinal and ideological reasons of which so absurdly much has been written, but because in the early '30s under Roosevelt's leadership careers were open to talent and there was a general willingness to recognize the problems of the country, and to

Dewey to exercise leadership on the great issues, and whether it is sufficiently sincere to insure him the support of the older regular Republicans, particularly in the Senate and in the House.

The preliminary performance, though not inspiring, has not been unpromising. On the conduct of the war and of foreign relations, the task of liquidating the Republican past has been entrusted to one of the foremost leaders of the old guard. Senator Vandenberg has been given the mission of leading the party out of the impasse into which he did so much to lead it. That is a good omen, and the Senator is performing a service to his party and to his country.

For the unity of the nation on the great question of its place in the world demands that all of us be manly enough to change our position when it is no longer tenable. So Senator Vandenberg is proving an invaluable point: that it is not necessarily always true that the old guard dies but never surrenders.

The great difficulty of the Republican party, and the cause of its disasters, has been that in between the two wars the party managers and the entrenched officeholders had no adequate knowledge of the realities with which they were dealing. Their failure to achieve a settlement of the first world war, or to accomplish reconstruction, their misjudgment of the great depression which began in 1929, and their persistent misunderstanding of the accumulating perils of the '30s, stemmed from the fact that the new, the post-war generation—the young, the alert, the informed, and the vigorous—were never welcome in the councils of the party.

For the reasons the main point about the platform is whether it permits Governor

try, however crudely, and often foolishly, to solve them.

The long period of Republican supremacy which lasted from the Civil War to the end of Theodore Roosevelt's administration had rested on the fact that the party had been right on the great issues of the epoch, and that it recruited the best ability of the nation. The period of supremacy ended when, beginning with Taft's administration, the entrenched and unenlightened stand-patters preferred to rule the party machine rather than let the new Republicans, who followed Theodore Roosevelt, govern the country.

In Roosevelt's third term the Democratic party shows many of the symptoms of this same hardening and deterioration. The Republican party shows many of the signs of a rejuvenation just where the rejuvenation of a party must begin—that is to say, in the states.

For the most antique part of any party is always its irreducible assortment of Senators and Representatives who come from such utterly safe constituencies that they do not have to pay attention to what is going on in the world. These men do not win elections. But by virtue of their seniority, they generally run conventions.

Paralysis Victim Happy To Be Back In Iron Lung After 2 Hectic Hours
GROESBECK, June 30 (AP)—Troy Lewis, 18-year-old paralysis victim, was back in his iron lung today—and "glad to be back," after a hectic two hours and 37 minutes out of the respirator last night.
The apparatus, which had not been functioning properly for two weeks, broke down yesterday. A call for help was made to Parkland Hospital, Dallas, 100 miles away, and Russell Nye, hospital superintendent, dispatched Technician Cecil Wren and Nurse Mildred White to the scene in a state patrol car.
Near Corsicana a casing on the speeding machine blew out, but the 100-mile run was made in less than two hours. Wren discovered five holes at creases in the bellows. Garageman Joe Lee was rushed to the Lewis home where he did "the fastest job I ever did" after Lewis, who feared he would live only a few hours out of the respirator, said "I hope you hurry."

Blondie
"OH, LET IT GO UNTIL AFTER LUNCH," SAID CLUB MEMBER CARL LEHMAN. "SOME WOMEN EXPECT YOU TO JUMP AT THE DROP OF A HAT."
When he returned to his office, he had a telephone call from Mrs. Lehman. "Where have you been?" she demanded. "I called the plumber but he didn't show up. Our water pipes have broken, and the basement is flooded."

### County Library Opens Saturday

The first Howard county library will become a reality Saturday, when the long-awaited opening will take place.

Judge James T. Brooks announced Friday morning the library would open. There will be no formal opening—only the issuance of library cards and of books.

### Resolution Adopted By Bar Association

FORT WORTH, June 30 (AP) — A resolution adopted by the State Bar of Texas in convention says the U. S. supreme court has "rendered it impossible for the practicing lawyer to advise his client as to what the law is today, or even to offer a guess as to what it will be tomorrow."

Persons wishing to secure cards will fill out blanks giving their names, residence address, telephone number, occupation, business address and one reference. Those under 14 must obtain parent's signature before receiving a card.

The library will be the Howard County Free Library. It is located in the red brick building at Third street and Scurry. Entrance is on the north side.

Although not the first public library here, the library is the first sponsored by the county and is the result of long waiting and efforts. A club-sponsored library formerly was operated here.

### Invasion Weapons

155 MM HOWITZER

**AP Features**  
The 155mm howitzer, which proved itself in Africa, Sicily and Italy, is a short barreled weapon, firing a 95-pound high explosive or chemical projectile at a rate of three per minute. Its effective range is ten miles. Its relatively moderate weight, six tons, makes it easy to maneuver.

Fired from a three-point support. It can be set up in five minutes. The wheels are raised off the ground and the folding carriage is supported on a jack. An 11-man crew operates it.

In the triangular division, one battalion of 155mm howitzers reinforces the fire of infantry cannon companies and light (105mm howitzer) field artillery batteries. There are 1 guns in a battalion, distributed among three firing batteries.

**MIDLAND BOY MISSING**  
WASHINGTON, June 30 (AP) — The war department has made public the names of 907 United States soldiers missing in action, including 2nd Lt. Weldon H. Harris; Mrs. Birdie B. Harris, mother, Midland.

### Livestock

FORT WORTH, June 30 (AP) — Cattle 1800; calves 500; weak; medium to good steers and yearlings 11.00-13.50; beef cows mostly 6.50-9.00; fat calves 7.25-12.50; stockers in extremely narrow demand with prices nominally steady on few sales reported.

Hogs 1000; steady to 10 cents lower; good and choice 180-270 lb. butcher hogs 13.55; good and choice 150-175 lb. averages 10.00-12.75.

Sheep 14,500; spring lambs steady to strong; other offerings steady; common to good spring lambs 9.00-11.25; common to medium shorn lambs 8.50-10.00; common to medium shorn ewes 3.50-5.00.

Honduras's greatest potential wealth lies in its rich mineral deposits.

**HOME-TOWN REACTION**—Top picture shows some of nearly 2,000 natives of Owosso, Mich., the home-town of Gov. Thomas E. Dewey, who gathered in the downtown section to celebrate his nomination as G.O.P. president of the United States. They are shown cheering and waving posters during the celebration. Ten others who turned out for the occasion, are shown in the lower picture as they hoisted a 12-foot banner before the GOP presidential nominee's birthplace, now an appliance store, proclaiming support of the CIO and organized labor for a fourth term for Franklin D. Roosevelt. (AP Wirephotos).

**HOME-PLATE COLLISION**—Jim Taber, Red Sox third baseman, is out at home plate after colliding with Catcher Mike Tresh (left) in the fourth inning of the game with the White Sox at Boston June 28. Taber came in from third on a bunt by Sayer Newsom, Boston shortstop. Tresh injured his leg on this play and had to leave the game. (AP Wirephoto).

### Today's Pattern

**MARIAN MARTIN**  
Pattern 9240 comes in sizes: 10, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44. Size 16. 3 1-3 yds. 33-in. Blouse or pantie-blouse optional.

### Officers Installed At AB Club Meeting

Officers were installed by the outgoing president, Harvey Wooten, when the American Business Club met Friday for its weekly luncheon in the Settles.

V. A. Whittington was installed as the new president and J. D. Jones as vice-president. Lee Harris will be sergeant-at-arms and the board of governors will be Leon Lederman, A. H. Ryle, Walker Bailey and Eugene Thomas.

Bo Williams was introduced as a new member and three guests present were S/Sgt. Jimmy Myers, Perry Johnson and James Tidwell.

Sgt. Joe Kling sang two selections accompanied at the piano by Helen Duley and Cpl. Bill Mavromatis played and sang a medley of songs on his accordion. Miss Duley and Betty Bob Diltz were in charge of the program.

S/Sgt. Myers spoke of the feelings of the boys overseas.

J. T. Morgan was temporarily

appointed as secretary-treasurer. Program chairman for next week will be Doug Orme and A. H. Ryle.

Mr. and Mrs. Avery Falkner are the parents of a son born Wednesday at the Malone & Hogan Clinic Hospital. He weighed seven pounds and six ounces at birth and has been named John Leroy. Mother and son are doing well.

### Absentee Ballots To Be Issued Saturday

Issuance of absentee ballots for the first democratic primary will open Saturday and a file of applications already has been received, Lee Porter, county clerk, said Friday.

No check had been made of number applying or of number eligible to receive ballots among those who have applied.

Ballots may be cast until July 18, three days before the primary, by voters other than soldiers. Absentee ballots will be accepted from soldiers until 7 p. m. the night of the election, July 22.

### In Uniform

Officers in this area were instructed Friday to be on the watch for a white man wanted in connection with a criminal assault on a 10-year-old Elton girl. The suspect was described as being about five feet and eight inches, 150-55 pounds, red complexioned and as wearing khaki trousers.

Lt. Eugene Kinal, 605 E. 4th, has been presented the Air Medal by Col. John H. Gibson, commanding officer of a veteran Liberator bomber station somewhere in England. Lt. Kinal participated in raids on Tutow, Brunswick and Hamm.

To give our employees a double holiday, this store will be closed both Monday and Tuesday, July 3rd and 4th.

Plan to do your shopping Saturday for the holiday weekend . . . a glorious Fourth to all in this land of Freedom.
